AGENDA ITEM 2
WORK SESSION ITEM _____

TO: Mayor and City Council

FROM: Director of Public Works

SUBJECT: Mission Boulevard at Industrial Parkway Spot Widening Project: Approval of Addenda and Award of Contract

RECOMMENDATION:

It is recommended that the City Council approve the attached resolutions that:

1. Approve Addenda 1 and 2, which extend the advertisement period and provide minor modifications to the plans and specifications; and
2. Award the contract to O. C. Jones and Sons, Inc., of Berkeley, in the amount of $2,185,445.50.

BACKGROUND:

This Measure B funded project will widen Mission Boulevard approximately 700 feet north and 2000 feet south of Industrial Parkway (see Exhibit A). This widening will provide a new, third, southbound through-lane north and south on Mission Boulevard near the intersection; a new, shared, through right-turn lane for Industrial Parkway at the intersection; realigned and landscaped median islands (see Exhibit B); and a new traffic signal on Mission Boulevard at Garin Avenue.

On March 20, 2001, the City Council: (1) authorized the City Manager to execute an amendment to the existing agreement with Alameda County Transportation Authority, to provide that the City will manage the project, and to execute a cooperative agreement with Caltrans, since the majority of work is on a state highway; (2) acknowledged that the Negative Declaration and Initial Study for the project had been approved by ACTA; and (3) approved the plans and specifications for the project and called for bids to be received on April 24, 2001.

During the bidding period, Addendum No. 1 was issued to add minor revisions and to extend the bid opening date to May 17, 2001, to avoid conflict with several other major project bid openings at other public agencies. Addendum No. 2 was issued to inform bidders on the progress of utility relocations necessary to clear the site for construction.

Since this is a City-advertised project, our Disadvantaged Business Enterprise (DBE) and Women Business Enterprise (WBE) program applies. The established goals for this project are 15 percent for DBE and 7 percent for WBE participation. The low bid from O. C. Jones and Sons included 4.6 percent DBE participation and 21.5 percent WBE participation, which exceed the goals' total. Staff recommends that the City Council award the contract to O. C. Jones and Sons, Inc.

PROJECT COSTS:

The estimated costs for the project are as follows:

Demolition	99,554
Construction Management	223,000
Construction Cost (This Action)	2,185,446
Inspection and Survey	34,000
Total	2,542,000

FUNDING:

The proposed 2001/02 Capital Improvement Program Budget includes $2,575,000 for this project. ACTA will reimburse all costs beyond $447,000, which is the City's share based on the City/ACTA Local Match Agreement.

SCHEDULE:

Award	June 12, 2001
Begin Construction	July 16, 2001
End Construction	March 25, 2002
Complete Plant Establishment	March 10, 2003
