Schedule of Contributions (Miscellaneous Plan)	100
Schedule of Changes in the Net Pension Liability and Related Ratios (Safety – Fire Plan).....	102
Schedule of Contributions (Safety – Fire Plan).....	104
Schedule of Changes in the Net Pension Liability and Related Ratios (Safety – Police Plan)	106
Schedule of Contributions (Safety – Police Plan)	108

FINANCIAL SECTION (Continued):

Required Supplemental Information (Continued):

Schedule of Changes in the Net OPEB Liability and Related Ratios 110
Schedule of Contributions – Other Postemployment Benefits..... 111
Schedule of Revenues, Expenditures and Changes in Fund Balances - Budget and Actual -
General Fund and Major Special Revenue Funds:
 General Fund 114
 Federal Grants Special Revenue Fund 115
 American Rescue Plan Act Special Revenue Fund..... 116

Supplemental Information:

Schedules of Revenues, Expenditures and Changes in Fund Balances - Budget and Actual
Major Capital Projects Funds:
 Housing Authority Capital Project Fund 118
 General Capital Projects Capital Project Fund 119
Combining Balance Sheets – General Fund 122
Combining Schedules of Revenues, Expenditures and Changes in Fund Balance –
 General Fund..... 123
Non-major Governmental Funds:
 Combining Balance Sheets..... 128
 Combining Statements of Revenues, Expenditures, and Changes
 in Fund Balances 134
 Combining Schedules of Revenues, Expenditures, and Changes
 in Fund Balances-Budget and Actual 140
Non-major Enterprise Funds
 Combining Statements of Net Position 150
 Combining Statements of Revenues, Expenses and Changes in Fund Net Position 151
 Combining Statements of Cash Flows 152
Internal Service Funds:
 Combining Statements of Net Position 154
 Combining Statements of Revenues, Expenses and Changes in Fund Net Position 156
 Combining Statements of Cash Flow 158
Fiduciary Funds:
 Combining Statement of Fiduciary Net Position - Custodial Funds..... 162
 Combining Statement of Changes in Fiduciary Net Position – Custodial Funds..... 163

STATISTICAL SECTION (Unaudited)

Net Position by Component – Last Ten Fiscal Years 169
Changes in Net Position – Last Ten Fiscal Years 170
Fund Balances of Governmental Funds – Last Ten Fiscal Years 174
Changes in Fund Balance of Governmental Funds – Last Ten Fiscal Years 176
Assessed and Estimated Actual Value of Taxable Property – Last Ten Fiscal Years 178
Property Tax Rates - All Overlapping Governments – Last Ten Fiscal Years..... 179
Principal Property Taxpayers – Current Year and Ten Years Ago..... 180
Property Tax Levies and Collections – Last Ten Fiscal Years 181
Ratio of Outstanding Debt by Type– Last Ten Fiscal Years 182
Computation of Direct and Overlapping Debt 183
Computation of Legal Bonded Debt Margin – Last Ten Fiscal Years 184
Revenue Bond Coverage Wastewater Revenue Bonds – Last Ten Fiscal Years 185

STATISTICAL SECTION (Unaudited) (Continued)

Bonded Debt Pledged Revenue Coverage, Tax Allocation Bonds- Last Ten Fiscal Years	186

March 16, 2023

Honorable Mayor, Members of the City Council, and Residents of the City of Hayward, California:

It is my pleasure to submit the Annual Comprehensive Financial Report (ACFR) of the City of Hayward for the fiscal year ended June 30, 2022. Responsibility for the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the City. In the opinion of management, the data is accurate in all material respects, is presented in a manner designed to fairly set forth the financial position and results of operations of the City, and contains all disclosures necessary to enable the reader to understand the City's financial affairs. The financial statements are prepared in accordance with Generally Accepted Accounting Principles (GAAP) as promulgated by the Government Accounting Standards Board (GASB).

FINANCIAL STATEMENT PRESENTATION

This report consists of management's representations concerning the finances of the City of Hayward, California. Consequently, management assumes full responsibility for the completeness and reliability of the information presented in this report. To provide a reasonable basis for making these representations, management of the City has established a comprehensive internal control framework that is designed both to protect the City's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City's financial statements in conformity with GAAP.

The City's financial statements have been audited by Maze and Associates, a public accounting firm fully licensed and qualified to perform audits of local governments within the State of California. The goal of the independent auditor is to provide reasonable assurance that the financial statements of the City for the fiscal year ended June 30, 2022, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the City of Hayward, California's financial statements for the year ended June 30, 2022, are fairly presented in conformity with GAAP. The Independent Auditors' Report is presented as the first component of the financial section of this Report.

The independent audit of the financial statements of the City was part of a broader, federally mandated “Single Audit” designed to meet the special needs of Federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government’s internal controls and compliance with legal requirements, with special emphasis related to and involving the administration of Federal Awards. These reports are available in the City’s separately issued Single Audit Report (to be issued in March 2023).

This ACFR is presented in three sections: introductory, financial, and statistical. The introductory section includes this transmittal letter, the City’s organizational chart, and a list of principal officials. The financial section includes the basic financial statements and the combined financial statements and schedules, the independent auditor’s report on these financial statements and schedules, and management’s discussion and analysis (MD&A). The statistical section includes selected financial and demographic information, generally presented on a multiyear basis.

The independent auditor’s report is presented as the first component of the financial section of the ACFR, followed by the MD&A, which provides a narrative introduction, overview, and analysis to accompany the basic financial statements. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it.

CITY PROFILE & SERVICES

With a population currently estimated at 160,591, Hayward is the sixth largest city in the San Francisco Bay Area and the third largest city in Alameda County. Hayward is located fourteen miles south of Oakland in the San Francisco Bay Area. The City area includes sixty-one square miles lying between the eastern shore of the San Francisco Bay and the southern Oakland-Berkeley Hills. Hayward serves as a major transportation hub and a center of commercial and industrial activity, with immediate access to major interstate freeways, rail lines, and public transit routes such as Bay Area Rapid Transit (BART). The community has more than 50,000 homes and residences of all types; and considerable commercial and industrial development. Major institutional facilities include California State University-East Bay, Chabot Community College, one major hospital, a variety of private and vocational educational institutions; and state and county offices.

City Structure

The City was incorporated in 1876. Under the City Charter adopted in 1956, the City government is organized in the Council-Manager form. The Mayor is directly elected to a four-year term of office and serves as a voting member and the presiding officer of the City Council. The City Council includes six other members, each of whom is elected at-large to overlapping four-year terms. The Mayor and City Council serve as the legislative and policy-making body of the City government and appoint a City Manager, a City Clerk, and a City Attorney. The City Manager is the City's chief executive officer and appoints all other City staff. The City Manager is responsible for the daily administration of the City government and provides overall direction to all City departments.

City Services

Hayward provides a full range of services to its residents including: law enforcement; fire prevention and protection; paramedic services; housing and economic development; land use development services and regulations; community planning; street construction and maintenance; landscape maintenance services; transportation planning; and contracted curbside recycling and refuse collection. In addition, the City operates and maintains facilities for water distribution, storm water, and sanitary sewer collection and disposal. The City also operates a general aviation executive airport, downtown parking facilities, a main and branch library, and a civic center. Park and recreation services are provided through partnership with the regional Hayward Area Recreational District (HARD), headquartered in the City. This partnership includes one public golf course under operational lease to HARD. After school homework and tutoring programs and literacy classes are provided through the City Library system and are located in the Library and on school campuses in partnership with Hayward Unified School District (HUSD).

Component Units

The City Council is also financially accountable for the Successor Agency of the Hayward Redevelopment Agency, the Hayward Public Financing Authority, the Hayward Housing Authority, and the Hayward Business Improvement District; therefore, these component unit activities are included in the accompanying basic financial statements. Furthermore, the City participates in a number of joint ventures and authorities, which exist due to joint exercise of power agreements. An equity interest is reported for the East Bay Dischargers Authority (www.ebda.org/). The complete financial activities have not been included for this entity, as the City Council is not financially accountable for them. Other entities, which have been excluded, that do not meet the established criteria for inclusion in the reporting entity are the Hayward Area Recreation and Park District (www.haywardrec.org/) and Hayward Unified School District (www.husd.k12.ca.us/).

ECONOMIC CONDITION AND OUTLOOK

The information presented in the financial statements is best understood when it is considered within the broader perspective of the specific environment in the City of Hayward.

Local Economy

Hayward is a diverse city with a diverse economy – comprised of a well-established and growing business community that represents a balance of retail, industrial, and advanced technologies. In fiscal year 2022, the City of Hayward economy continued experiencing healthy recovery from the impacts of the pandemic.

The Employment Development Department data reflects that the unemployment rate in Alameda County as of November 2022 was 3.1%, which is down from 6.1% in 2021.

Hayward has seen a year over year increase of 3.0% in its assessed valuation in 2022. The median residential home value is about \$884,351 in December 2022 versus \$876,343 a year ago.

The total Assessed Valuation for Hayward has grown from \$15.2 billion in FY 2012 to \$26 billion in FY 2022, as real estate values that have been restored to pre-Great Recession levels, higher sales prices, and new developments. The City's property tax revenues increased by 4% in FY 2022 as compared to FY 2021.

From 2008-2012 the City saw a cumulative loss of \$12.4 million in sales tax revenue, due in large part to lagging automobile sales, along with decreases in business-to-business, construction, and other retail sectors. While the City has seen an erosion in some business segments, this revenue source has been fully restored to pre-recession levels. The City's Measure C District tax revenues as approved by the voters in 2014, (\$20.6 million in FY 2022) dramatically increased total Sales Tax revenues. However, these revenues are targeted for specific activities as outlined in the documents to place the measure on the ballot in 2014; therefore, to get the true story of the City's Sales Tax, these revenues should be considered separately.

On May 19, 2009, the voters of the City of Hayward approved Measure A allowing for the collection of a 5.5% utility users tax to maintain key essential services and prevent further reductions to basic City services. The tax was extended to FY 2039 after the voters approved Measure D in 2016. The utility users' tax revenue for fiscal year 2022 was \$17.3 million.

The City's transfers tax revenue went up by \$4.1 million or 24% in fiscal year 2022 compared to fiscal year 2021 due to growing demand.

While the City tries to remain optimistic, management has mixed views regarding the outlook for the future due to the continued growth of expenditures related to employee benefits and deferred infrastructure improvements. Controlling expenditures has been a key element in responding to the City's fiscal challenges. Management and employee groups have successfully partnered to implement significant structural savings and cost-sharing that will assist the City in achieving long-term fiscal sustainability shown by the fact that all but one of the City's employee groups agreed to offer concessions as the City struggled to offset the impacts on revenues.

Factors Affecting the City's Financial Condition

The City faces similar challenges to other local jurisdictions in California. In addition to rising operating and capital costs, the City has lost over \$100 million in local revenues to the State since 1994. The State's ability to take local government revenues, the loss of the City's redevelopment agency being a prime example, has significantly hampered the future plans of local governments for years to come. In addition, the State's continued policy to push services down to the local level without reallocating revenue to support the service delivery is a continued challenge.

Long-term Perspective

The City has been prudent with its financial resources and has contained costs by implementing both structural and one-time budget savings. While the City has consistently worked to balance its budget, Hayward must continue this effort and make additional adjustments to its General Fund expenditures to address and resolve an ongoing structural deficit largely driven by rising employee benefit costs.

The City employs long-term planning as the framework for its fiscal decisions and updates its forecasting model to provide a comprehensive and agile tool projecting the City's finances for a ten-future fiscal year period for the General Fund as well as other key operating funds. While the General Fund structural budget gap has been greatly reduced as compared to years past, the City continues its efforts to eliminate structural gaps and achieve a more stable fiscal outlook on a long-term basis.

While Hayward's underlying economy is viewed as stable and positive in the long-term, today's economic challenges, notably to the City's General Fund, must be dealt with immediately to ensure long-term economic stability. The other enormous challenge is continuing to provide an ever-increasing high level of service to the community with limited resources and rising employee benefit costs – while ensuring long-term economic stability.

MAJOR INITIATIVES & ACCOMPLISHMENTS

In Spring 2022, the Hayward City Council adopted an update to the City's "Strategic Roadmap," which included six revised priority areas: Preserve, Protect & Produce Housing for All; Grow the Economy; Confront Climate Crisis & Champion Environmental Justice; Invest in Infrastructure; Strengthen Organizational Health; and Enhance Community Safety & Quality of Life. Through the budget planning process, and with City Council direction, the management team has aligned its program priorities and service delivery objectives with these Strategic Priorities. Some of the accomplishments and ongoing efforts in these Priority areas are discussed below.

Capital Improvement Program

One way through which the City implements the Strategic Priorities is through the Capital Improvement Program (CIP), which guides all of the capital infrastructure replacement and improvement efforts throughout the City. The capital budget for FY22 totaled about \$157 million, with approximately \$562 million tentatively programmed for the entire ten-year period from FY22 through FY31. While the City's CIP Projects touch the Confront Climate Crisis & Champion Environmental Justice, Enhance Community Safety & Quality of Life, and Strengthen Organizational Health Priorities, they predominantly support the Invest in Infrastructure Priority.

Invest in Infrastructure Priority

Mission Blvd Phases 3: Phase 3 of the Mission Boulevard Corridor Improvement Project, from A Street to the northern City limit at Rose Street, is the last phase of the three-phase Mission Blvd Corridor Improvement Project. Improvements will include undergrounding overhead utilities, electrical service conversions of private properties, construction of a bicycle cycle track, sidewalk, curb and gutter, rehabilitation of pavement, installation of traffic signals and streetlights, installation of traffic striping, pavement marking and signage, improvements to storm drains systems, installation of irrigation system and landscaping, as well as City of Hayward monument signs. The construction bids received in 2021 to implement this project were significantly higher than expected and subsequently rejected, delaying the project timeline. Staff also applied for grant opportunities to help close the funding gap. The call for bids was reinitiated in January 2023 and construction is anticipated to start in early Summer 2023.

Linear Park Project: In April 2022, construction began on the approximately one-mile stretch of Linear Park along the eastern side of Mission Blvd, roughly from Blanche Street to Fairway Street. The project included reshaping flat landscape areas to echo the East Bay Hills, planting trees and native plants, using recycled concrete to expand pathways, adding seating using reclaimed wood and upcycled materials, and adding artwork to crosswalks, among a number of other improvements. Construction was substantially completed in Fall 2022.

Construct Fire Station No. 6 & Fire Training Center: Located on West Winton Avenue, adjacent to the Hayward Executive Airport, the New Fire Station 6 and Fire Training Center Project involves the replacement of the existing Fire Station 6 and Fire Training Center with nine new buildings and structures. New buildings will include Fire Station 6/Classroom Building, Apparatus Building, Training Tower, Burn Building, Storage Building, Hangar Building, USAR/BART Training Structure, Outdoor Classroom, Entry Canopy, and a parking lot. The project will also include the installation of Bay-friendly landscaping, storm water treatment devices, LED lighting, and solar PV panels. The new facilities are planned to achieve LEED Silver, and the habitable buildings are being designed to achieve Net Zero Energy. Construction started in August 2020 and is anticipated to be complete in Spring 2023.

Complete Initial Phase of Recycled Water Project: To improve overall water supply reliability and conserve drinking water supplies, the City constructed a recycled water system to deliver tertiary-treated recycled water to sites near the WPCF for landscape irrigation and industrial uses. Construction of the storage tank, pump station, and distribution pipeline system was completed in FY 2020. Construction of the treatment facility and customer connections to the recycled water system were also completed in, and recycled water deliveries to the first phase of customers began in Spring FY2022. The Phase I customer sites include four parks, six schools, one college, nineteen private businesses, and City street landscaping.

Design & Construct Capital Improvements to Airport Hangars: Routine maintenance of Airport-owned hangars is provided by staff and contractors, but due to the age of the structures, a consultant was hired in FY19 to provide a comprehensive hangar condition assessment that was completed in mid-FY20. A 10-year maintenance schedule was subsequently developed, and repair and replacement work began in FY20, including the installation of LED lighting and extensive roof improvements. Work has continued through FY 2022, during which improvements were completed on Hangar Buildings “B,” “C,” “D,” and “E.”

Safe Routes to School Program: The Alameda County Transportation Commission (ACTC) recently conducted School Safety Assessments for all fourteen public schools in Hayward, resulting in a set of infrastructure recommendations to make it easier for students to bike and walk to school. Hayward's new Safe Routes to School (SR2S) Program has been created to implement these recommendations. In collaboration with partners including Hayward Unified School District, ACTC, and various community organizations, the Program will combine engineering tools with safety education and other activities to encourage students to choose alternate modes of transportation on their way to school.

The City's first SR2S project began in FY 2022 near Cesar Chavez Middle School, and includes installation of curb and median extensions, advanced stop and yield marking, yellow high-visibility crosswalks, rectangular rapid flashing beacons (RRFB), and more. Fifty percent of the project budget is being funded by an ACTC SR2S grant.

Safe Routes for Seniors Program: The City of Hayward's Safe Routes for Seniors (SR4S) Program is a collaborative effort between the City and local senior housing facilities, senior centers, and community-based organizations. Through these partnerships, the City is working to identify areas in Hayward at which to focus accessibility and walkability improvements. In FY 2022, the City's first SR4S effort was implemented, which involved the improvement of four downtown Hayward intersections, including Foothill Blvd/Hazel Ave-City Center Dr, Montgomery Ave/A St, Montgomery Ave/B St, and Watkins Ave/D St. Improvements included increased pedestrian crossing times, installation of high-visibility ADA ramps, repositioning of cross walks and pedestrian push buttons to align with ADA improvements, and widening medians for pedestrian refuge, among many others. The SR4S Program receives annual support from dedicated Measure BB (Paratransit) funding.

Confront Climate Crisis & Champion Environmental Justice Priority

Reduce Carbon Emissions – Transition 15% of Total City Fleet to EV/Hybrid Models: The City maintains a fleet of approximately 450 vehicles and equipment units, and the useful life of these fleet units is maximized and managed via the 10 Year Fleet Capital Replacement Plan. The plan identifies replacement timelines based on age, mileage, maintenance, and safety. When it comes time to retire a unit, carbon emissions are a key consideration.

After a successful hybrid patrol vehicle pilot in FY 2021, Fleet Management updated the standard specifications for Hayward Police patrol vehicles, and all new patrol cars will be hybrid-powered models. In FY 2022, a total of ten patrol cars were ordered to replace vehicles that have reached the end of their useful life, and all vehicles ordered were hybrids. Once received and placed into service, the fleet vehicle matrix will consist of 16% EV/hybrid units.

Staff are also working to invest in EVs where possible and within current replacement cycles and budget parameters. While staff is working aggressively to meet this goal, global supply chain and production issues have delayed the timely delivery of all fleet vehicles.

Enhance Community Safety & Quality of Life Priority

South Hayward Youth & Family Center: Since 2013, the City of Hayward, Alameda County (County), and Hayward Area Recreation and Parks District (HARD) have worked towards a shared vision of constructing and operating a new center at the corner of Tennyson and Ruus Roads called the South Hayward Youth and Family Center (SHYFC) -- also known as "The Stack Center." The project site is on City-owned property and located at 680 West Tennyson Road. The City now has the funding to build Phase I of the campus, including contributions from the State and Federal governments. Staff continue to fundraise to close the funding gap for Phase II of the campus.

Complete LaVista Park: In partnership with Hayward Area Recreation and Parks District (HARD), La Vista Park is a 50-acre destination park located a quarter-mile east of the intersection of Tennyson Road and Mission Boulevard in South Hayward. La Vista Park is planned to include a soccer field, bike terrain park, basketball courts, an amphitheater, dog park, zip-line, playgrounds, picnic areas, walking/hiking trails, science garden, water play area, observation points, and open areas. In FY 2022, the California Environmental Quality Act (CEQA) report was updated to include the park expansion area, and staff are currently working with consultants to finalize the design. Construction bid documents are anticipated to be completed by Spring 2023, and construction is planned to commence in late Spring or early Summer 2023.

Complete Tennyson & Jackson Corridor Landscape Beautification: In FY 2018, as part of the City Council's Tennyson Corridor Strategic Initiative, staff began renovating the medians along Tennyson Corridor in an effort to transform this busy corridor into a visually appealing community gateway. The three-year project involved new trees, plants, bark chips, pavers, and more, was completed in FY 2022.

Similar median beautification efforts are planned for the Jackson Corridor, another key arterial road within the City. Also a three year-long project, this effort commenced in FY23.

Municipal Parking Lot Improvements: As part of the City's ongoing effort to improve its municipal parking lots and maximize accessibility in Downtown Hayward, Municipal Lot 1 received significant improvements in FY22 including an upgraded parking configuration, new sidewalk, and ADA-compliant parking spaces. The pavement in the lot was also rehabilitated, additional landscaping and irrigation was installed, LED lighting and parking stall conditions were upgraded, and infrastructure necessary for future vehicle charging stalls were constructed.

FINANCIAL INFORMATION

Organizational Health and Fiscal Stability

Long Range Financial Planning: The City continues to refine its long-range financial planning tools as part of managing the annual budget for the General Fund, other key revenue funds such as internal service and enterprise funds, and the Capital Improvement Program. Utilizing a ten-year approach has helped the City identify and plan accordingly to manage potential future structural deficits.

Long-term Debt Ratings: The City maintains excellent ratings on all of its debt issuances. In recent fiscal years, the City has received very high ratings from the various rating agencies, including an AA rating from both Fitch and Standard & Poor's of the 2015 Certificates of Participation and an AA+ rating by Standard & Poor's for the 2013 Water Bonds. The City also has an implied general obligation rating of AA+ with a stable outlook from both rating agencies. Standard & Poor's Ratings Services recently reviewed the rating of the 2004 and 2006 TABS and upgraded its rating from A- to A and affirmed a stable outlook. In September 2021, Fitch affirmed the City's AA+ Issuer Default Rating and maintained the City's outlook as stated. This opinion is likely to improve given recent changes to the City's fiscal outlook. A critical component of the rating agency review is the City's financial management status - i.e., appropriate reserve levels, plans to reduce liabilities, fiscal policies, etc. If the City fails to maintain these areas of fiscal control, the City could see a reduction in future ratings.

Internal Controls: The City's management is responsible for establishing and maintaining an internal control structure designed to ensure that adequate accounting data is compiled to prepare the City's financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the calculation of costs and benefits requires estimates and judgments by management.

Budgetary Controls & Financial Policies

The City Council adopts financial policies that provide guidance to critical areas such as budget administration and long-term planning, debt and cash management, fund balance/reserve levels, and risk management.

Budget Control: Budgetary controls ensure compliance with legal provisions embodied in the annual budget approved by the City Council. Per the City Charter, the City Council is required to adopt an annual budget resolution prior to July 1 of each fiscal year. Activities of all funds, except agency funds, are included in the Annual Budget. The City also adopts a ten-year capital improvement program, appropriating the current year's expenditures in the annual budget. The level of control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is established at the fund level. The City Manager may authorize transfers of appropriations in the adopted budget within funds; however, any revisions which alter the total expenditures of any fund must be approved by the City Council.

Long-term Planning: One of the financial policies noted above outlines the City's goals related to long-range financial forecasting. As recommended by the policy, the City annually prepares and adopts a ten-year financial plan for the General Fund as part of the operating budget.

In addition, the City maintains long-range forecasting models for other key operating funds, including a capital improvement program plan. The City adopts a ten-year Capital Improvement Program annually, that includes planned capital projects in the areas of transportation, low to moderate income housing, pedestrian access, utilities, airport, and internal services capital replacements. All these investments in the various areas reflect the City Council's commitment to maintain or improve the City of Hayward and provide the citizens with the highest possible service and level of infrastructure possible given constrained funding.

Debt Administration: Even as a charter city, Hayward has adopted a comprehensive debt management policy that guides the issuance and management of City debt. The policy includes establishing the legal debt limits (per State law this equates to 15% of assessed value of all real and personal property of the city); identifying the types of debt that can be issued and purposes for which debt proceeds can be used; establishing financial limits affecting debt issuance; and identifying guidelines regarding the structuring of debt (such as term). At the end of fiscal year 2022, the City had total debt outstanding of \$112.12 million, which complies with, and is significantly under, the current policy limits. This is further detailed in the accompanying Management Discussion and Analysis (MD&A) section of this document.

Cash Management: The City's investment policy is conservative and is supported by the annual adoption by the City Council of a Statement of Investment Policy that defines the objectives and priorities of the investment program, which stresses the safety and liquidity of funds as the highest priority. The final priority is to achieve the maximum yield possible within the constraints and limits stated in the policy. The City hired a third-party investment manager in July 2012 to assist in managing and balancing the City's pooled cash portfolio, and improving the overall yield within policy guidelines.

Reserve Policies: In complying with the provisions of GASB Statement 54 (fund balance reporting and fund type definitions), some of the current reserve designations have changed. For FY 2022, the policy states that General Fund reserves for economic uncertainty and liquidity should be no less than two months of city operating costs or at least 20% of budgeted General Fund operating expenditures.

While further delineated in the accompanying MD&A, at the end of fiscal year 2022, the unassigned fund balance of the General Fund was \$34.2 million, while the total fund balance was \$57.9 million (includes non-cash outstanding receivables of over \$3.6 million and \$20 million in Measure C District Tax cash balance). The unassigned fund balance represents 15.2% of total General Fund expenditures of \$224.5 million (including Transfers Out).

AWARDS AND ACKNOWLEDGEMENTS

Award Recognition

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a *Certificate of Achievement for Excellence in Financial Reporting* to the City of Hayward for its Annual Comprehensive Financial Report for the fiscal year ended June 30, 2021. This was the thirty seventh consecutive year that the City of Hayward has received this prestigious national award. In order to be awarded a Certificate of Achievement, the City must publish an easily readable and efficiently organized ACFR. This Report must also satisfy both GAAP and applicable legal requirements.

ACFR
March 16, 2023

A *Certificate of Achievement for Excellence in Financial Reporting* from the GFOA is valid for a period of one year. We believe that our current annual comprehensive financial report continues to meet the Certificate of Achievement requirements and staff will submit it to the GFOA to determine eligibility for another certificate.

Acknowledgements

The preparation of this report would not have been possible without the dedicated efforts of the entire Finance Department staff, as well as the audit firm of Maze & Associates. All those who contributed to the preparation of this report deserve commendation for their dedication and hard work. I would like to express special appreciation to Marichu Maramba, Accounting Manager; Michelle Polintan, Senior Accountant; Denise Robles, Accountant; Michele Tan, Accountant; and the entire Accounting Division staff.

I also wish to recognize the commitment of the City Manager, the Mayor, and the City Council to the high standards embodied in this report and express appreciation to them and each City department for their cooperation and support in conducting the fiscal operations of the City.

Respectfully Submitted,

A handwritten signature in blue ink, appearing to read "Nicole Gonzales".

City of Hayward

CITYWIDE ORGANIZATION

ELECTED OFFICIALS

The Mayor and six Council members represent Hayward residents, adopt public policy, and approve resource allocations consistent with community priorities. The City Council generally meets the first, third, and fourth Tuesday of each month at 7:00 p.m. in Council Chambers, 2nd Floor of 777 B Street, Hayward, CA 94541. The public is invited and encouraged to attend Council meetings.

INDEPENDENT AUDITOR'S OPINION

To the Honorable Members of the City Council
City of Hayward, California

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Hayward (City), California, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the Table of Contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City as of June 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the East Bay Dischargers Authority, which represent 1.90%, 2.48% and 9.36%, respectively, of the assets, net position and revenues of the business-type activities. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the East Bay Dischargers Authority, is based solely on the report of the other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirement relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Change in Accounting Principles

Management adopted the provisions of Governmental Accounting Standards Board Statement No. 87, *Leases*, which became effective during the year ended June 30, 2022 and required the restatement of certain lease-related balances as discussed in Note 1 and Note 4 to the financial statements.

The emphasis of this matter does not constitute a modification to our opinions.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and other required supplementary information as listed in the Table of Contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying Supplementary Information, as listed in the Table of Contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Supplementary Information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the Introductory Section and Statistical Section listed in the Table of Contents, but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 16, 2023, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

A handwritten signature in black ink that reads "Maze & Associates". The signature is written in a cursive, flowing style.

CITY OF HAYWARD, CALIFORNIA Management's Discussion and Analysis

As management of the City of Hayward (City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2022. We encourage readers to consider the information presented here in conjunction with additional information furnished in the Letter of Transmittal, which can be found in the preceding introductory section of this report, and with the City's basic financial statements and accompanying notes to those financial statements.

Financial Highlights

- ❑ At the close of the most recent fiscal year, the City's asset and deferred outflows of resources exceeded its liabilities and deferred inflows of resources by \$543.6 million (*total net position*). Excluding the \$347.1 million net pension liability, \$237.4 million of unrestricted net position is available to meet the City's ongoing obligations to residents and creditors.
- ❑ The City's total net position increased by \$68.7 million over fiscal year 2021. Governmental activities, including the General Fund, increased by \$57.2 million and Business-type activities increased by \$11.5 million.
- ❑ As of June 30, 2022, the City's governmental funds reported combined fund balances of \$190.1 million, a decrease of \$8.2 million from the prior year.
- ❑ At the end of fiscal year 2022, total fund balance for the General Fund, including Measure C, is \$57.9 million, a decrease of \$8.3 million over fiscal year 2021. Of the total, the General Fund ending fund balance is \$37.9 million, and Measure C ending fund balance is \$20.0. The total fund balance is comprised of \$3.6 million in non-spendable (illiquid reserves), \$20.0 million in assigned (liquid reserves designated for specific purposes), and \$34.3 million in spendable fund balance designated for contingencies, economic uncertainty, emergencies, and liquidity by City Council. The \$34.2 million in unassigned fund balance represents 15.2% of total General Fund expenditures including Transfers Out. The \$3.6 million in non-spendable reserves offsets a long-term loan receivable (General Fund loan to the Redevelopment Successor Agency).
- ❑ Fiscal year 2022 ended with a net increase to the General Fund, General Purpose Fund Reserve of \$1.7 million (net of Measure C district sales tax revenues).
- ❑ As of June 30, 2022, the City's enterprise funds (Sewer, Water, Stormwater and Airport) reported a combined ending net position of \$380.1 million; an increase of \$11.5 million from the previous year.

Overview of the Basic Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. In addition to the basic financial statements, this report also contains required supplementary budget vs. actual information and other statistical supplementary information.

Government-wide Financial Statements. (pages 19-21) The *government-wide financial statements* are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The *statement of net position* (see Table 1 below on page 8) presents information on all of the City's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating. It should be noted that net position includes liquid and illiquid assets (cash and non-cash).

The *statement of activities and change in net position* (see Table 2 below on page 10) presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flow impacts in future fiscal periods (e.g. uncollected taxes and earned but unused vacation leave).

Both of the *government-wide financial statements* distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities). The governmental activities of the City include: general government; public safety; public works and transportation; library and community services; planning and building; maintenance services; and interest on long-term debt. The business-type activities of the City include: sewer and water services; storm water runoff management; and the Hayward Executive Airport.

Fund Financial Statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds; proprietary funds; and fiduciary funds.

Governmental Funds. (pages 24-30) Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the City's near-term financial requirements.

Because the focus of governmental funds are more narrow than that of the government-wide financial statements, it is useful to compare the information presented for *government funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the City's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental fund and governmental activities.

The City maintains twenty-three individual government funds for financial reporting. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balance for the General Fund, Federal Grants, Housing Authority, Route 238 Corridor Improvement Fund and General Capital Projects Fund all of which are considered to be major funds. Data from the other eighteen governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of *combining statements* in the *Non-major Governmental Funds* section of this Report. *Combining statements* present and summarize all the details of the non-major funds.

The City adopts an annual appropriated budget for all its governmental funds. A budgetary comparison statement is provided for all governmental funds with annually adopted budgets. The budget comparison statements for the General Fund, Federal Grants Special Revenue Fund, Housing Authority Capital Project Fund, the Route 238 Corridor Improvement Capital Project Fund and General Capital Projects Fund are located in the financial statements starting on page 118 of this report. All other major and non-major funds with legally adopted annual budgets are located in the supplementary information section.

Proprietary Funds. (pages 32-34) The City maintains two different types of *proprietary funds*, the Enterprise Funds and the Internal Service Funds. The *Enterprise funds* are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its sewer, water, storm water runoff, and airport operations. The *Internal Service funds* are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for its Workers Compensation, General Liability, Fleet Management, Facilities, Information Technology, and Employee Benefits Funds. Because these services predominately benefit governmental rather than business-type functions, they have been included within *governmental activities* in the government-wide financial statements.

Proprietary fund statements provide the same type of information as the *government-wide financial statements*, only in more detail. The proprietary fund financial statements provide separate information for the Sewer and Water Funds which are considered to be major funds. Conversely, the Airport Fund and internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of *combining statements* in the *Internal Service Funds* section of this Report.

Fiduciary Funds. (pages 36-37) Fiduciary funds are used to account for resources held for the benefit of parties outside the City. Fiduciary funds are *not* reflected in the government-wide financial statements because the resources of those funds are *not* available to support the City's own programs.

Notes to the Basic Financial Statements. (pages 39-95) The notes provide additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements.

Other Information. In addition to the basic financial statements and accompanying notes, supplementary information on major and non-major governmental funds and internal service funds are presented in this report. Combining and individual fund statements and schedules can be found beginning on page 122 of this Report.

Government-wide Financial Analysis

The *statement of net position* and the *statement of activities* of the City's governmental activities and business-type activities are presented below in Tables 1 and 2.

Statement of Net Position. As noted earlier, net position may serve as a useful indicator of a government's financial position over time. In the case of the City, total assets exceeded total liabilities by \$543.6 million at the close of the current fiscal year, an increase from the prior year of \$68.7 million. The change in the combined net position includes an increase of \$57.2 million in Governmental Activities, and an increase of \$11.5 million in Business-type Activities.

Table 1 – City of Hayward Statement of Net Position (in millions)

	Governmental		Business-type		Total	
	Activities		Activities			
	2022	2021	2022	2021	2022	2021
Assets						
Current and other assets	\$309.3	\$297.9	\$311.9	\$272.6	\$621.3	\$570.5
Capital assets	456.9	433.2	184.3	188.0	641.2	621.2
Total assets	766.3	731.1	496.2	460.6	1,262.5	1,191.7
Deferred outflows	64.2	62.7	5.6	4.1	69.8	66.7
Liabilities						
Long term debt outstanding	73.6	79.4	38.5	42.6	112.1	122.0
Other liabilities	480.1	575.7	45.5	47.9	525.5	623.6
Total liabilities	553.7	655.1	84.0	90.5	637.6	745.6
Deferred inflows	113.2	32.3	37.8	5.5	151.0	37.9
Net position:						
Net investments in capital assets	385.8	357.5	145.8	145.3	531.6	502.8
Restricted	121.7	117.7	0.0	0.0	121.7	117.7
Unrestricted*	(344.0)	(368.8)	234.3	223.2	(109.7)	(145.6)
Total net position	\$163.5	\$106.4	\$380.1	\$368.6	\$543.6	\$474.9

* Unrestricted net position for June 30, 2022, included the City's \$347.1 million net pension liability, which is not a claim on current financial assets.

The largest portion of the fiscal year 2022 City's net position, \$531.6 million, reflects its investment in capital assets (e.g. land; buildings; street infrastructure; sewer and water pipelines; machinery and equipment) less any related debt used to acquire those assets that are still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay debt must be provided from other sources (future revenue), since the capital assets themselves cannot be used to liquidate these liabilities.

In fiscal year 2022, the City's net position included \$69.8 million in deferred outflows of resources. Of this amount, \$51.5 million is related to pensions. This includes \$43.8 million related to pension contributions after the measurement date, as well as \$7.7 million attributable to changes in calculation assumptions and differences between expected and actual trust fund performance. \$17.8 million of the deferred outflows are related to other post-employment benefits (OPEB). \$9.2 million of these OPEB related deferred outflows is related to employer contributions after the measurement date and \$8.6 million is related to changes in assumptions and trust performance. Finally, \$0.5 million in outflows is related to 2016 refunding of certificates of participation, resulting in a deferred loss.

The City's long-term debt of \$112.1 million includes \$10.5 million due within one year, as well as an additional \$101.6 million due in future years.

The largest share of the City's other liabilities is comprised of \$347.1 million in net pension liabilities and \$69.8 million in OPEB liabilities, as detailed in Note 13 and Note 15, respectively. Other major liabilities include \$29.8 million in accrued liabilities, \$32.8 in unearned revenue, \$25.1 million in accounts payable, \$11.2 million in total compensated absences, and \$8.8 million in refundable deposits.

Deferred inflows of resources totaled \$151.0 million in fiscal year 2022, \$26.3 million related to leases, \$92.8 million related to pensions and \$31.9 million related to OPEB. Pension-related deferred inflows are comprised of \$4.1 million in differences between actual and expected experience; \$0.3 million in changes to calculation assumptions; and \$88.5 million in net difference between projected and actual earnings on investments. OPEB-related deferred inflows consist of \$27.3 million in changes to calculation assumptions, \$2.2 million in difference between projected and actual earnings and \$2.5 million difference between expected and actual experience.

A portion of the City's net position, \$121.7 million, represents the resources that are subject to external restrictions on how they may be used. Almost all of the restricted net position is related to City's special revenue and capital projects funds. Excluding the \$347.1 million net pension liability, \$237.4 million of unrestricted net position is available to meet the City's ongoing obligations to residents and creditors.

Statement of Activities. The Statement of Activities provides information about all the City's revenues and expenses, with an emphasis on measuring net revenues or expenses of each of the City's programs and explains in detail the change in Net Position for the year. The City's governmental activities net position increased by a net total of \$57.2 million.

Table 2 – City of Hayward Statement of Activities and Change in Net Position *(in millions)*

	Governmental Activities		Business-type Activities		Total

Ending Net Position (June 30)	\$163.6	\$106.4	\$380.1	\$368.6	\$543.5	\$475.0

Governmental Activities Revenues

Governmental revenues are categorized as Program Revenues and General Revenues. Program revenue includes charges for services such as traffic safety fines, licenses, permits, plan check fees, building inspection and other construction related fees. Contributions and grants include amounts contributed by developers and grants from state and federal government, of which the majority is public works capital grants. General Revenues includes general taxes (property, sales, etc). Major changes in government-wide revenues include the following:

- ❑ Operating Contributions and Grants increased by \$5.1 million compared to prior year due primarily from ARPA funding that the City recognized in FY2022.
- ❑ Capital contributions and grants decreased slightly by \$1.8 million over the prior year due to reduction of completed projects.
- ❑ Property Taxes increased by \$2.7 million over the prior year, due to continued growth in residential use property values.
- ❑ Sales Taxes increased by \$6.0 million over the prior year, due to continued strength of online sales and increased collections.
- ❑ Real Property Transfer Tax increased by \$4.1 million over 2021, due to increase in real estate transactions as home values increased.
- ❑ A Gain on Sale of Land for Resale resulting from the sale of additional City property along Route 238 increased one-time revenues in 2021 by \$3.4 million, with a corresponding decrease in 2022.
- ❑ Miscellaneous Revenue decreased by \$9.2 million compared to 2021, due to reimbursement received from community college school district for Fire Station Training Center.

Chart 1 – Revenues by Source – Governmental Activities for Fiscal Year 2022

Governmental Activities Expenses

The governmental expenses (excluding transfers) decreased by \$21.1 million to \$209.4 million. Operational cost reductions of \$5.5 million in general government expenditures were offset by decreased of \$19.3 million in public safety costs, \$0.9 million in public works costs, and a net increase of \$4.6 million across other governmental activities expenditures. A significant portion of the decrease in expenditures is due to public works costs associated with the ongoing construction of the new Fire Station 6 and Regional Fire Training Center. Chart 2, *Expenses by Function* summarizes governmental expenses by category.

Chart 2 – Expenses by Function – Governmental Activities for Fiscal Year 2022

Business-Type Activities. The net position of business-type activities was \$380.1 million at June 30, 2022, an increase of \$11.50 million from last fiscal year. Program revenues totaled \$95.7 million, while program expenses totaled \$79.1 million.

As the *Revenue by Source* chart indicates, charges for utility services account for 105.1% of the revenue for the City’s enterprise funds. Most of the revenues are generated by the Water and Sewer enterprises.

Chart 3 – Revenues by Source – Business-type Activities

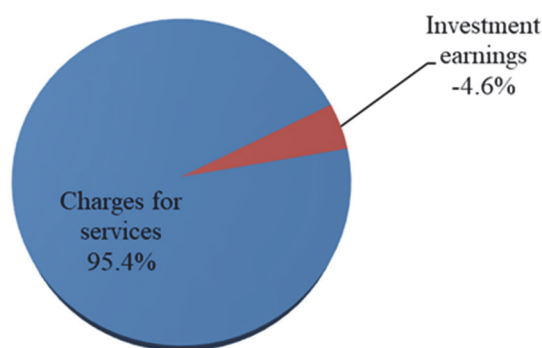

Chart 4 – Expenses and Program Revenues – Business-type Activities

The *Expenses and Program Revenues* chart above illustrates both expenditures and revenues for operations and capital improvements for the City’s business-type activities.

Water, Sewer and Stormwater Funds increased their net position. Sewer saw an increase of \$1.2 million, water increased by \$8.7 million, and Stormwater increased by \$2.4 million. Given future capital expenses to be borne by these funds and increased water usage, this is an appropriate level of revenue growth. The Airport Fund experienced a slight decrease in net position of \$0.2 million.

Financial Analysis of the Government’s Funds

Governmental Funds. The purpose of the City’s governmental fund statements is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City’s funding requirements. In particular, unassigned fund balance may serve as a useful measure of a government’s net resources available for spending at the end of the year. It should be noted that unassigned amounts are designated by City Council for specific purposes.

At the end of fiscal year 2022, the City’s governmental funds reported combined ending fund balances of \$190.1 million, a decrease of \$8.2 million over prior year. Of this amount, 82.0% (\$155.9 million) represents Non-Spendable, Restricted, and Assigned fund balances; and 18.0% is Unassigned and is available for spending at the City’s discretion pursuant internal and statutory restrictions, this amount represents the General Fund Reserve balance.

General Fund. The General Fund, by definition, is a major governmental fund and represents all funds not required to be accounted for or presented as other funds. The General Fund accounted for 77.6% of the total governmental revenues and 68.5% of the total governmental expenditures. Several primary City services are accounted for in the General Fund, including public safety (police and fire services), general government, development services, maintenance services, and library and community services.

At the end of fiscal year 2022, the General Fund’s Unassigned fund balance was \$34.2 million (exclusive of Measure C), an increase of \$2.8 million over the prior year. The total fund balance, inclusive of Non-spendable and Assigned balances, was \$57.9 million, a net decrease of \$8.3 million from the prior fiscal year. General Fund increased by \$1.7 million related to significant increase in real property transfer tax, property, and sales tax revenues. The decrease of \$10.0 million in fund balance in the Measure C District Sales Tax fund is primarily due to a change in transfers out to Measure C capital improvement fund to cover expenses related to New Fire Training Center project.

As a measure of the General Fund’s liquidity, it may be useful to compare the unassigned fund balance to total fund expenditures. The unassigned fund balance represents 15.3% of total General Fund expenditures of \$224.5 million (including Transfers Out).

General Fund Budgetary Highlights. Fiscal year 2022 ended with a Net Change in Fund Balance of -\$8.3 million (GAAP Basis).

Table 3 – Fiscal Year 2022 General Fund Budget Summary *(in thousands)*

<i>(reflected in thousands)</i>	A 2022 Adopted	B 2022 Adjusted	C 2022 Actual	Variance (C-B)	Variance %
Revenues	\$193,548	\$198,348	\$205,880	\$ 7,532	3.3%
Expenditures	(175,016)	(179,991)	(181,882)	(1,891)	1.1%
Transfers In/(Out)	(38,290)	(30,689)	(32,299)	(1,610)	5.2%
Net Change in Fund Balance (Budget Basis)	\$(19,758)	\$(12,332)	\$(8,301)	\$4,031	

The net change in fund balance for fiscal year 2022 based on actual performance (column C) is negative \$8.3 million. The net change in fund balance is primarily attributed to federal pandemic response funding. This fund balance summary on page 30 reflects the Net Change in Fund Balance on a budget basis. Generally accepted accounting principles (GAAP Basis) require that all funds not required to be accounted for in other funds be included in the General Fund, resulting in several general ledger funds being combined and reported as the General Fund in the financial statements. These adjustments represent the GAAP Basis Fund balance and form a Net Change in Fund Balance of negative \$8.3 over prior year.

Other Major Governmental Funds. In addition to the General Fund, there are four other governmental funds considered to be major due to significant balances or activities in the current year and warrant a separate discussion in the management discussion and analysis: Federal Grants, American Rescue Plan Act, Housing Authority Capital Projects Fund and General Capital Projects Fund.

Federal Grants Fund accounts for various federal grants received by the City, with each grant segregated within the fund to account for specific grant allocations and expenditures for specific purpose, activity or program.

The Housing Authority Fund Capital Projects Fund maintains loans for affordable housing projects.

The General Capital Projects Fund Accounts for General Fund and special revenue fund acquisition and construction of general-purpose public facilities, street resurfacing and improvements. At the end of fiscal year 2022, the fund balance decreased by \$3.9 million due to project costs related to Fire Station Training Center project.

American Rescue Plan Act Fund Accounts for revenues and expenditures related to American rescue plan act of 2021.

Proprietary Funds. The City’s proprietary-enterprise funds provide the same type of information found in the government-wide financial statements, but in more detail. At the end of fiscal year 2022, the unrestricted net position of the Sewer and Water Funds amounted to \$109.9 and \$112.7 million, respectively. Sewer net position increased by \$1.2 million and Water net position increased to \$8.7 million. This increase in net position for Sewer is significantly less than in fiscal year 2021, in which Sewer and Water net position increased \$10.1 million and \$11.6 million respectively.

Fiduciary Funds. The Successor Agency to the Redevelopment Agency Private Purpose Trust Fund provides information about the City’s former Redevelopment Agency. In fiscal year 2022 the fund ended with a net position of \$10 million, an increase of \$2.1 million over prior fiscal year. The Successor Agency Fund is supported by property taxes, investment income, and rental income. These revenues exceeded the funds expenses in both the current and prior fiscal years.

Capital Asset and Debt Administration

Capital Assets. As of June 30, 2022, the City’s investments in capital assets for its governmental and business-type activities are \$641.2 million (net of accumulated depreciation) as presented below in Table 4. The investment in capital assets includes land, buildings, land improvements, machinery and equipment, vehicles, and street infrastructure such as roads, bridges, streetlights, traffic signals, airport hangers, sewer, and water pipelines. The City’s investment in capital assets for the current fiscal year increased by 3.2%, with several projects moving from being classified as Construction in Progress to classified as completed Improvements and Buildings.

Table 4 – City of Hayward Capital Assets (in millions)

	Governmental Activities		Business-type Activities		Total	
	2022	2021	2022	2021	2022	2021

Water infrastructure	-	-	27.0	28.8	27.0	28.8
Airport infrastructure	-	-	7.2	7.9	7.2	7.9
Total	\$456.9	\$433.2	\$184.3	\$188.0	\$641.2	\$621.2

Additional information on the City’s capital assets can be found in Note 6 to the basic financial statements.

Debt Administration. At the end of fiscal year 2022, the City had total bonded debt outstanding of \$112.1 million as presented in Table 5. This represents a decrease of \$9.9 million versus the prior year. Of the total outstanding bond debt, \$59.5 million represents certificates of participation debt for Civic Center Project (City Hall) and 21st Century Library; \$9.7 million for private placement certificates of participation for Fire Station and Wellness Center; \$0.6 million represents capital leases for a solar power generator, fleet vehicles, computer, and telephone equipment; \$34 million represents State Water Board financing for a water pollution control facility; \$2.0 million private placement lease; \$2.6 million loan represents loan from State Energy Resources Conservation and Development Commission.

With the dissolution of the City’s Redevelopment Agency, tax allocation bonds for redevelopment projects are no longer reflected in the City’s financial statements as this debt is now part of the Successor Agency to the Hayward Redevelopment Agency.

Table 5 – City of Hayward Outstanding Debt (in millions)

	Governmental Activities		Business-type		Total	
	2022	2021	2022	2021	2022	2021

Total Long-Term Debt	\$73.6	\$79.4	\$38.5	\$42.6	\$112.1	\$122.0

Local Improvement Districts (LIDS) in different parts of the City and a Community Facilities District #1 (Eden Shores) have also issued debt to finance infrastructure and facilities construction in their respective districts. As described in Note 9 to the financial statements, the City has sponsored special assessment debt issues, but has no legal liability for repayment. Therefore, these are not included in the City’s governmental debt. As of June 30, 2022, a total of \$4.6 million in special assessment district debt was outstanding by four special assessment districts. (Further detail regarding the City debt can be found in Note 9 to the financial statements.)

Economic Outlook and Major Initiatives

The economy of the City and major initiatives are discussed in the Transmittal Letter located in the Introductory Section of the ACFR.

Contacting the City’s Financial Management

This report is designed to provide a general overview of the City’s finances for all those with an interest in the government’s finances. Additional financial information is available on our website at: www.hayward-ca.gov . Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the City of Hayward Finance Department, 777 B Street, Hayward, California 94541-5007.

CITY OF HAYWARD, CALIFORNIA

STATEMENT OF NET POSITION AND STATEMENT OF ACTIVITIES

The Statement of Net Position and the Statement of Activities summarize the entire City's financial activities and financial position. They are prepared on the same basis as is used by most businesses, which means they include all the City's assets and deferred outflows and all its liabilities and deferred inflows, as well as all its revenues and expenses. This is known as the full accrual basis—the effect of all the City's transactions is taken into account, regardless of whether or when cash changes hands, but all material internal transactions between City funds have been eliminated.

The Statement of Net Position reports the difference between the City's total assets and deferred outflows of resources and the City's total liabilities and deferred inflows of resources, including all the City's capital assets and all its long-term debt. The Statement of Net Position focuses the reader on the composition of the City's Net Position, by subtracting total liabilities and deferred inflow of resources from total assets and deferred outflow of resources.

The Statement of Net Position summarizes the financial position of the entire City's Governmental Activities in a single column, and the financial position of the entire City's Business-Type Activities in a single column; these columns are followed by a total column that presents the financial position of the entire City.

The City's Governmental Activities include the activities of its General Fund, along with all its Special Revenue, Capital Projects, and Debt Service Funds. Since the City's Internal Service Funds service these Funds, their activities are consolidated with Governmental Activities, after eliminating inter-fund transactions and balances. The City's Business-Type Activities include all its Enterprise Fund activities.

The Statement of Activities reports increases and decreases in the City's Net Position. It is also prepared using the full accrual basis of accounting, which means it includes all the City's revenues and all its expenses, regardless of when cash changes hands. This differs from the “modified accrual” basis used in the Fund financial statements, which reflect only current assets, current liabilities, available revenues, and measurable expenditures.

The format of the Statement of Activities presents the City's expenses first, listed by program, and follows these with the expenses of its business-type activities. Program revenues—that is, revenues which are generated directly by these programs—are then deducted from program expenses to arrive at the net expense of each governmental and business-type program. The City's general revenues are then listed in the Governmental Activities or Business-type Activities column, as appropriate, and the Change in Net Position is computed and reconciled with the Statement of Net Position.

Both these Statements include the financial activities of the City, the Hayward Public Financing Authority, the Hayward Business Improvement District, and the Hayward Housing Authority, which are legally separate but are component units of the City because they are controlled by the City, which is financially accountable for activities.

These financial statements along with the fund financial statements and footnotes are called *Basic Financial Statements*.

CITY OF HAYWARD, CALIFORNIA

FUND FINANCIAL STATEMENTS

The Fund financial statements include only individual major funds are presented, while non-major funds are combined in a single column. Major funds are defined generally as having significant activities or balances in the current year.

MAJOR GOVERNMENTAL FUNDS

The funds described below were determined to be major funds by the City in fiscal year 2022. Individual non-major funds are reported in the Supplemental Section.

General Fund is used for all the general revenues of the City not specifically levied or collected for other City funds and the related expenditures. The general fund accounts for all financial resources, which are not accounted for in another fund.

Federal Grants accounts for various federal grants received by the City, with each grant segregated within the fund to account for specific grant allocations and expenditures for specific purpose, activity, or program.

American Rescue Plan Act – Accounts for the American Rescue Plan Act (ARPA) federal stimulus package grants received by the City for internal and external needs of the City associated with the COVID-19 crisis.

Housing Authority – Under a cooperation agreement with the former Redevelopment Agency, the Housing Authority will use resources for purposes consistent with the California Health and Safety Code. The fund accounts for the activities financed by grants of the tax increment revenue from the former Redevelopment agency.

General Capital Projects Fund – Accounts for General Fund and special revenue fund acquisition and construction of general purpose public facilities, street surfacing and improvements.

CITY OF HAYWARD
GOVERNMENTAL FUNDS
BALANCE SHEET - RECONCILIATION OF GOVERNMENTAL
FUND BALANCES TO NET POSITION OF GOVERNMENTAL ACTIVITIES
JUNE 30, 2022

Total Fund Balances reported on the governmental funds balance sheet \$190,119,947

Amounts reported for Governmental Activities in the Statement of Net Position are different from those reported in the Governmental Funds above because of the following:

CAPITAL ASSETS - GOVERNMENTAL ACTIVITIES

Capital assets used in Governmental Activities are not current assets or financial resources and therefore are not reported in the Governmental Funds.

Land	18,873,737
Construction in progress	61,522,485
Depreciable capital assets, net	353,858,723

ALLOCATION OF INTERNAL SERVICE FUND NET POSITION

Internal service funds are not governmental funds. However, they are used by management to charge the costs of certain activities, such as insurance and central services and maintenance to individual governmental funds. The net current assets of the Internal Service Funds are therefore included in Governmental Activities in the following line items in the Statement of Net Position.

Cash and investments	57,819,249
Accounts receivable	559,624
Due from other governments	4,554
Long-term loans to the Private Purpose Trust Fund	27,021
Deposits, parts, supplies and other	276,855
Land	372,748
Construction in progress	612,690
Depreciable capital assets, net	21,667,070
Accounts payable	(2,539,244)
Accrued interest	(3,631)
Accrued liabilities	(21,584,562)
Unearned revenue	(24,196)
Refundable deposits	(5,937)
Compensated absences	(696,976)
Net pension liabilities and pension-related deferred outflows and inflows of resources	(8,403,428)
Net OPEB liabilities and OPEB-related deferred outflows and inflows of resources	(4,962,955)
Long-term debt	(606,339)

ACCRUAL OF NON-CURRENT REVENUES AND EXPENSES

Revenues that are not currently available are shown as deferred on the Fund Balance Sheets are recognized as revenue on the Statement of Activities.

Unavailable revenue	189,982
---------------------	---------

LONG-TERM ASSETS AND LIABILITIES

The assets and liabilities below are not due and payable in the current period and therefore are not reported in the Fund financial statements:

Long-term debt	(72,991,159)
Deferred outflow for deferred loss on refunding	468,608
Interest payable	(414,131)
Compensated absences	(8,984,629)
Net pension liabilities and pension-related deferred outflows and inflows of resources	(356,576,135)
Net OPEB liabilities and OPEB-related deferred outflows and inflows of resources	(65,037,341)

NET POSITION OF GOVERNMENTAL ACTIVITIES

\$163,542,630

CITY OF HAYWARD
RECONCILIATION OF THE
NET CHANGE IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS
WITH THE
STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2022

The schedule below reconciles the Net Changes in Fund Balances reported on the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balance, which measures only changes in current assets and current liabilities on the modified accrual basis, with the Change in Net Position of Governmental Activities reported in the Statement of Activities, which is prepared on the full accrual basis.

NET CHANGE IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS (\$8,190,950)

Amounts reported for governmental activities in the Statement of Activities are different because of the following:

CAPITAL ASSETS TRANSACTIONS

Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is capitalized and allocated over their estimated useful lives and reported as depreciation expense.

Capital outlay expenditures are therefore added back to fund balance	53,296,125
Non-capitalized capital outlay expenditures and net retirements were reclassified to various governmental activities	(14,564,462)
Depreciation expense is deducted from fund balance	
(Depreciation expense is net of internal service fund depreciation of \$3,026,296 which has already been allocated to service funds)	(15,040,881)

LONG-TERM DEBT PROCEEDS AND PAYMENTS

Bond proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Position. Repayment of principal is an expenditure in governmental funds, but in the Statement of Net Position the repayment reduces long-term liabilities.

Proceeds from capital leases are deducted from fund balance	(1,063,021)
Repayment of debt principal and amortization of bond premiums and deferred loss are added back to fund balance	6,636,675
Amortization of deferred loss on refunding is deducted from fund balance	(93,721)
Interest payable is added back to fund balance	31,065

ACCRUAL OF NON-CURRENT ITEMS

The amounts below included in the Statement of Activities do not provide or (require) the use of current financial resources and therefore are not reported as revenue or expenditures in governmental funds (net change):

Unavailable revenue	(1,529,786)
Compensated absences	366,921
Net pension liabilities and pension-related deferred outflows/inflows of resources	22,286,724
Net OPEB liabilities and OPEB-related deferred outflows/inflows of resources	10,433,375

ALLOCATION OF INTERNAL SERVICE FUND ACTIVITY

Internal Service Funds are used by management to charge the costs of certain activities, such as equipment acquisition, maintenance, and insurance to individual funds. The portion of the net revenue (expense) of these Internal Service Funds arising out of their transactions with governmental funds is reported with governmental activities, because they service those activities.

Change in Net Position - All Internal Service Funds	4,619,622
---	-----------

CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES	\$57,187,686
---	--------------

See accompanying notes to basic financial statements

CITY OF HAYWARD, CALIFORNIA

MAJOR PROPRIETARY FUNDS

Proprietary funds account for City operations financed and operated in a manner similar to a private business enterprise. The intent of the City is that the cost of providing goods and services be financed primarily through user charges.

The City has identified the funds below as major proprietary funds in fiscal year 2022. These statements include balances for both operating and capital funds.

The disclosure of budget versus actual comparisons is not required for proprietary funds.

Sewer Fund – Accounts for activities associated with sewage transmission and treatment.

Water Fund – Accounts for activities associated with distribution and transmission of potable water to users.

Airport Fund – Accounts for the operation, development and maintenance of the Hayward Air Terminal.

CITY OF HAYWARD, CALIFORNIA

FIDUCIARY FUND FINANCIAL STATEMENTS

The Fiduciary funds account for resources received and are held by the City in a fiduciary capacity. Disbursements are made in accordance with the trust agreement, applicable legislative enactment, or custodial agreement for each fund.

Successor Agency to the Redevelopment Agency Private Purpose Trust Fund – This fund was established to account for the activities of the Successor Agency to the former Redevelopment Agency of the City of Hayward.

Custodial Funds account for assets held by the City as custodian for individuals, other governmental entities, and non-public organizations.

CITY OF HAYWARD, CALIFORNIA
NOTES TO BASIC FINANCIAL STATEMENTS
For the Year Ended June 30, 2022

1. SIGNIFICANT ACCOUNTING POLICIES

Description of Reporting Entity – The City of Hayward, California (the “City”) was originally incorporated as the Town of Hayward in 1876. On March 7, 1956, the people of the City adopted a City Charter under which the City currently operates. The City maintains a Council-Manager form of government and is governed by an independently elected seven-member City Council. The City provides the following services as authorized by its charter: public safety (police, fire, and building inspection), highways and streets, sanitation, water, airport, social services, public improvements, planning, library and zoning, and general administrative services.

Reporting Entity – The accompanying basic financial statements present the financial activity of the City, which is the primary government presented, along with the financial activities of its component units, which are entities for which the City is financially accountable. The City Council sits in a different capacity as the governing boards of the following entities. Although they are separate legal entities, *blended* component units are in substance part of the City’s operations and are reported as an integral part of the City’s financial statements. Also, there is either a financial benefit or burden relationship between the City and the component units below or the City has operational responsibility for them. The City’s component units which are described below are all blended.

- *Hayward Public Financing Authority* (the “Authority”) – In May 1989, the City and the former Redevelopment Agency entered into a joint powers agreement under the Joint Exercise of Powers Law of the State of California, thereby forming the Authority for the purpose of financing certain capital improvements within the City. These capital improvements are leased to the City for rental payments, which, together with restricted assets of the Authority, will be sufficient to meet the debt service obligations of the Authority. At the termination of the individual leases, title to the related improvements will pass to the City. Operating activities of the Authority are reflected in both the Governmental and Business-type funds of the City.
- *The Hayward Business Improvement District* (the “District”) was established in 1984 to collect certain charges imposed on businesses within the downtown business improvement district and to expend such monies on activities, which enhance the district as a shopping and business center. Operating activities of the District are included as a special revenue fund of the City.
- *The Hayward Housing Authority* (“*Housing Authority*”) was originally established in 1946. The Housing Authority is only a conduit to issue housing mortgage revenue bonds for developers, whereby such developers are entirely responsible for meeting the related debt obligations and where the funds raised through such housing mortgage revenue bond issues are used to finance multifamily rental housing developments. A certain percentage of housing units being financed must be for low and moderate income purposes. The Housing Authority is paid a fee by the benefited developers for issuing the bonds and for monitoring the occupancy of these housing developments. This activity is recorded as a capital projects fund of the City.

CITY OF HAYWARD, CALIFORNIA
NOTES TO BASIC FINANCIAL STATEMENTS
For the Year Ended June 30, 2022

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

The City participates in a joint venture, the East Bay Dischargers Authority (“EBDA”), which is not included in the accompanying basic financial statements as it is administered by a board separate from and independent of the City. EBDA is also fiscally independent of the City (see Note 17).

Complete financial statements of the individual component units and the joint venture can be obtained from:

City of Hayward
Finance Department, 3rd Floor
777 B Street
Hayward, California 94541

Basis of Presentation – The City’s Basic Financial Statements are prepared in conformity with accounting principles generally accepted in the United States of America. The Government Accounting Standards Board is the acknowledged standard setting body for establishing accounting and financial reporting standards followed by governmental entities in the U.S.A.

Government-wide Statements: The Statement of Net Position and the Statement of Activities display information about the primary government (the City) and its component units. These statements include the financial activities of the overall City government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the *governmental* and *business-type activities* of the City. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The Statement of Activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the City and for each function of the City’s governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) charges paid by the recipients of goods or services offered by the programs, (b) grants and contributions that are restricted to meeting the operational needs of a particular program and (c) fees, grants and contributions that are restricted to financing the acquisition or construction of capital assets. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements: The fund financial statements provide information about the City's funds, including fiduciary funds and blended component units. Separate statements for each fund category—*governmental*, *proprietary*, and *fiduciary*—are presented. The emphasis of fund financial statements is on major individual governmental and enterprise funds, each of which is displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as non-major funds.

CITY OF HAYWARD, CALIFORNIA
NOTES TO BASIC FINANCIAL STATEMENTS
For the Year Ended June 30, 2022

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Proprietary fund *operating* revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. *Nonoperating* revenues, such as subsidies and investment earnings, result from nonexchange transactions or ancillary activities.

Major Funds – The Governmental Accounting Standards Board requires that the City’s major governmental and business-type funds be identified and presented separately in the fund financial statements. All other funds, called non-major funds, are combined, and reported in a single column, regardless of their fund-type.

Major funds are defined as funds that have either assets, liabilities, revenues, or expenditures/expenses equal to ten percent of their fund-type total and five percent of the grand total. The General Fund is always a major fund. The City may also select other funds it believes should be presented as major funds.

The City reported the following major governmental funds in the accompanying financial statements:

General Fund is used for all the general revenues of the City not specifically levied or collected for other City funds and the related expenditures. The general fund accounts for all financial resources, which are not accounted for in another fund.

Federal Grants Fund – Accounts for various federal grants received by the City, with each grant segregated within the fund to account for specific grant allocations and expenditures for specific purpose, activity, or program.

American Rescue Plan Act – Accounts for the American Rescue Plan Act (ARPA) federal stimulus package grants received by the City for internal and external needs of the City associated with the COVID-19 crisis.

Housing Authority Fund – Under a cooperation agreement with the former Redevelopment Agency, the Housing Authority will use resources for purposes consistent with the California Health and Safety Code. The fund accounts for the activities financed by grants of the tax increment revenue from the former Redevelopment agency.

General Capital Projects Fund – Accounts for general fund or special revenue fund transfers expended for acquisition and construction of general purpose public facilities, street surfacing and improvements.

The City reported the following proprietary-enterprise funds as major funds in the accompanying financial statements:

Sewer Fund – Accounts for activities associated with sewage transmission and treatment.

Water Fund – Accounts for activities associated with distribution and transmission of potable water to users.

Airport Fund – Accounts for the operation, development and maintenance of the Hayward Air Terminal.

CITY OF HAYWARD, CALIFORNIA
NOTES TO BASIC FINANCIAL STATEMENTS
For the Year Ended June 30, 2022

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

The City also reports the following fund types:

Internal Service funds

These funds account for workers' compensation reimbursable costs, risk management expenses, self-insurance costs, other post-employment benefits; operation, maintenance and replacement of City-owned buildings, vehicles and mobile radio units and City information technology; all of which are provided to other departments on a cost-reimbursement basis.

Fiduciary funds

These funds account for assets held by the City in trust or as an agent for various assessment and community facilities districts, other governmental entities, and non-profits. The financial activities of these funds are excluded from the Government-wide financial statements, but are presented in separate Fiduciary Fund financial statements. The Successor Agency to the Former Redevelopment Agency of the City of Hayward Private Purpose Trust Fund is used to account for the activities of the Redevelopment Agency of the City of Hayward Successor Agency. Custodial Funds report resources, not in a trust, that are held by the City for other parties outside of the City's reporting entity. The financial activities of these funds are excluded from the City-wide financial statements, but are presented in separate Fiduciary Fund financial statements.

Basis of Accounting – The government-wide, proprietary, and fiduciary fund financial statements are reported using the *economic resources measurement focus* and the full *accrual basis* of accounting. Revenues are recorded when *earned* and expenses are recorded at the time liabilities are *incurred*, regardless of when the related cash flows take place.

Governmental funds are reported using the *current financial resources* measurement focus and the *modified accrual* basis of accounting. Under this method, revenues are recognized when *measurable and available*. The City considers all revenues reported in the governmental funds to be available if the revenues are collected within forty-five days after fiscal year-end. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt and leases, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as *expenditures* in governmental funds. Proceeds of general long-term debt and acquisitions under leases are reported as *other financing sources*.

Non-exchange transactions, in which the City gives or receives value without directly receiving or giving equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Other revenues susceptible to accrual include other taxes, intergovernmental revenues, interest, and charges for services.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies and investment earnings, result from nonexchange transactions or ancillary activities. Operating expenses are those expenses that are essential to the primary operations of the fund. All other expenses are reported as non-operating expenses.

CITY OF HAYWARD, CALIFORNIA
NOTES TO BASIC FINANCIAL STATEMENTS
For the Year Ended June 30, 2022

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Under the terms of grant agreements, the City may fund certain programs with a combination of cost-reimbursement grants, categorical block grants, and general revenues. Thus, both restricted and unrestricted Net Position may be made available to finance program expenditures. The City's policy is to first apply restricted grant resources to such programs, followed by general revenues if necessary.

Certain indirect costs are included in program expenses reported for individual functions and activities.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the government's business-type activities and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Deferred Outflows/Inflows of Resources – In addition to assets, the statement of net position or balance sheet reports a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net assets that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of net position or balance sheet reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net assets that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time.

Budgets and Budgetary Accounting – The City adopts an annual operating budget on or before June 30 for the ensuing fiscal year for all Funds, except for the Donation Special Revenue Fund and the Performance Deposits Capital Projects Fund. From the effective date of the budget, the amounts stated therein as proposed expenditures become appropriations to the various governmental fund types. The level of budgetary control within all governmental fund types is at the fund level. The City Council may amend the budget by resolution during the fiscal year. The City Manager may transfer appropriations from one program, activity, or object to another within the same fund without the approval of the City Council. All appropriations lapse at the end of the fiscal year to the extent they have not been expended or encumbered.

For the fiscal year ended June 30, 2022, the General Fund's expenditures exceeded the budgeted appropriations by \$1,890,999, due largely to excess overtime costs related to the Fire department employees assisting with the wildfires and COVID 19- related expenditures. Also, the Narcotics Asset Seizure Special Revenue Fund's expenditures exceeded the budgeted appropriations by \$371,540 and the Rental Housing Program Special Revenue Fund's expenditures exceeded the budgeted appropriations by \$17,252 due to higher personnel costs than anticipated.

CITY OF HAYWARD, CALIFORNIA
NOTES TO BASIC FINANCIAL STATEMENTS
For the Year Ended June 30, 2022

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

All governmental fund type annual operating budgets are presented on a basis consistent with generally accepted accounting principles (“GAAP”) except as follows:

- The City has several unrestricted subfunds it accounts for separately in its general ledger that are combined and included in General Fund amounts reported in the accompanying financial statements. However, for budgetary presentation purposes, the City only reports its main operating fund. Other subfunds not included in the budgetary presentation are reported as perspective differences.
- The sole Special Revenue fund the City does not budget for is the Donation Special Revenue Fund. The City is unable to forecast the amount of donations received in a given year, and the amount of donations it will spend in the fiscal year.

Parts and Supplies of the governmental funds consist of expendable supplies held for consumption and are valued at cost (first-in, first-out). The cost is recorded as expenditure in the governmental funds at the time individual items are consumed. Reported supplies are offset by nonspendable or restricted fund balances indicating that they do not constitute “available spendable resources” even though they are a component of net current assets. Supplies of enterprise funds are valued at the lower of cost (first-in, first-out) or market. Supplies of the enterprise funds consist principally of materials and supplies for utility operations and are expensed or capitalized as such supplies are consumed.

Land held for Resale of \$6,838,652 at June 30, 2022 was stated at the lowest of historical cost, net realizable value, or agreed-upon sales price if a disposition agreement has been made with a developer performing projects in accordance with the Redevelopment Plan of the former Redevelopment Agency of the City of Hayward.

Property taxes – Alameda County assesses properties and bills for and collects property taxes as follows:

	Secured	Unsecured
Valuation dates	March 1	March 1
Lien/levy dates	January 1	January 1
Due dates	50% on November 1 50% on February 1	July 1
Delinquent as of	December 10 (for November) April 10 (for February)	August 31

The term “unsecured” refers to taxes on personal property other than land and buildings. These taxes are secured by liens on the property being taxed.

Property taxes levied are recorded as revenue and receivables, net of estimated uncollectibles, in the fiscal year of levy.

CITY OF HAYWARD, CALIFORNIA
NOTES TO BASIC FINANCIAL STATEMENTS
For the Year Ended June 30, 2022

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Compensated Absences – The long-term portion of the liability for vested vacation, time off in lieu of overtime and sick pay for governmental fund type operations is recorded as compensated absences in the government-wide financial statements. The portion expected to be permanently liquidated (matured due to termination) is recorded in the governmental funds. Vested vacation and sick pay of proprietary fund type operations is recorded in the respective proprietary fund type. Compensated absences attributable to governmental funds are typically liquidated by the General Fund. Compensated Absences are presented below as of June 30, 2022:

	Governmental Activities	Business-type Activities	Total
Beginning Balance	\$10,073,208	\$1,649,223	\$11,722,431
Additions	7,774,798	1,102,944	8,877,742
Payments	(8,166,401)	(1,221,072)	(9,387,473)
Ending Balance	\$9,681,605	\$1,531,095	\$11,212,700
Current Portion	\$7,848,927	\$1,133,611	\$8,982,538

Special Assessment Debt – The City is considered to be “obligated in some manner,” as defined by Governmental Accounting Standards Board Statement No. 6, *Accounting and Financial Reporting for Special Assessments*, for certain special assessment district debt. The City is obligated for the special assessment debt if the City is required to purchase properties on which owners have failed to pay installments of assessments as they fall due or is obligated to honor deficiencies to the extent that lien foreclosures proceeds are insufficient. Those special assessment debt would be included in the government-wide financial statements (see Note 7), and special assessment transactions would be included in the debt service funds to reflect the individual special assessment funds’ activities. There are other special assessment districts for which the City has no commitment to repay the debt (see Note 9). Activities for these districts are reported in Custodial Funds.

Debt Defeasance And Refundings – In an advance refunding, new debt (termed refunding debt) is issued to provide the cash needed to refund old debt (termed refunded debt). Proceeds from the refunding debt are used to purchase U.S. government securities which are placed in an irrevocable trust with an escrow agent to provide for all future debt service on the refunded debt. As a result, the refunded debt is considered defeased and is removed from the City’s financial statements. The City is amortizing the loss on debt defeasance over the life of refunding debt.

CITY OF HAYWARD, CALIFORNIA
NOTES TO BASIC FINANCIAL STATEMENTS
For the Year Ended June 30, 2022

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurements – Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The fair value hierarchy categorizes the inputs to valuation techniques used to measure fair value into three levels based on the extent to which inputs used in measuring fair value are observable in the market.

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 inputs are inputs – other than quoted prices included within level 1 – that are observable for an asset or liability, either directly or indirectly.

Level 3 inputs are unobservable inputs for an asset or liability.

If the fair value of an asset or liability is measured using inputs from more than one level of the fair value hierarchy, the measurement is considered to be based on the lowest priority level input that is significant to the entire measurement.

Estimates and Assumptions – The preparation of financial statements in conformity with generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Policies – The City invests in individual investments and investment pools. Individual investments are evidenced by specific identifiable pieces of paper called *securities instruments*, or by an electronic entry registering the owner in the records of the institution issuing the security, called the *book entry* system. In order to maximize security, the City employs the Trust Department of a bank as the custodian of all City managed investments, regardless of their form.

Leases – A lease is defined as a contract that conveys control of the right to use another entity's nonfinancial asset (the underlying asset) as specified in the contract for a period of time in an exchange or exchange-like transaction. Examples of nonfinancial assets include buildings, land, vehicles, and equipment.

Lessor – The City is a lessor for a noncancellable leases of land. The City recognizes a lease receivable and a deferred inflow of resources in the government-wide and governmental fund financial statements for the leases, with the exception of short-term and regulated leases.

At the commencement of a lease, the City initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term.

CITY OF HAYWARD, CALIFORNIA
NOTES TO BASIC FINANCIAL STATEMENTS
For the Year Ended June 30, 2022

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Key estimates and judgments include how the City determines (1) the discount rate it uses to discount the expected lease receipts to present value, (2) lease term, and (3) lease receipts as follows:

- The City uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease.
- Lease receipts included in the measurement of the lease receivable is composed of fixed payments from the lessee.

The City monitors changes in circumstances that would require a remeasurement of its lease, and will remeasure the lease receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the lease receivable.

New Governmental Accounting Standards Board Statement Pronouncements –

GASB 87 – Leases – In June 2017, GASB issued Statement No. 87, *Leases*. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement requires recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The provisions of this Statement were implemented during fiscal year 2022. As part of the implementation of this Statement, the City has accounted for certain lessor transactions, which required the restatement of the business-type lease-related balances as discussed in Note 4.

CITY OF HAYWARD, CALIFORNIA
NOTES TO BASIC FINANCIAL STATEMENTS
For the Year Ended June 30, 2022

2. CASH, CASH EQUIVALENTS AND INVESTMENTS

The City’s dependence on property tax receipts, which are received semi-annually, requires it to maintain significant cash reserves to finance operations during the remainder of the year. The City pools cash from all sources and all funds except cash with fiscal agent so that it can be invested at the maximum yield, consistent with the principles of safety and liquidity. Individual funds can make expenditures at any time.

The City’s investments are carried at fair value, as required by generally accepted accounting principles. The City adjusts the carrying value of its investments to reflect their fair value at each fiscal year end, and it includes the effects of these adjustments in income for that fiscal year. In the City’s case, fair value equals market value since all of the City’s investments are readily marketable.

California Law requires banks and savings and loan institutions to pledge government securities with a market value of 110% of the City’s cash on deposit or first trust deed mortgage notes with a value of 150% of the City’s cash on deposit as collateral for these deposits. Under California Law, this collateral is held in an investment pool by an independent financial institution in the City’s name and places the City ahead of general creditors of the institution pledging the collateral. As of June 30, 2022, the City held no uncollateralized deposits under escrow agreements with construction contractors. Such deposits are permitted to be uncollateralized under the government code.

The City maintains a cash management pool that is available for use by all funds. Each fund type’s portion of the pool is shown on the combined balance sheet as “Cash, cash equivalents, and investments” or “Due to other funds” (for cash overdrafts), as appropriate.

Classification – As of June 30, 2022, cash and investments were classified in the financial statements as shown below, based on whether or not their use is restricted under the terms of City debt instruments or Fiduciary agreements.

Statement of Net Position

Cash, cash equivalents, and investments	\$481,576,443
Cash, cash equivalents, and investments with fiscal agents	7,690,834

Private Purpose Trust Fund

Cash and investments	2,670,191
Cash and investments with fiscal agents	26

Custodial Funds

Cash and investments	4,856,861
Cash and investments with fiscal agents	353,913

Total Cash and Investments	\$497,148,268
----------------------------	---------------

CITY OF HAYWARD, CALIFORNIA
NOTES TO BASIC FINANCIAL STATEMENTS
For the Year Ended June 30, 2022

2. CASH, CASH EQUIVALENTS AND INVESTMENTS (Continued)

Cash and investments as of June 30, 2022 consisted of the following:

Cash in bank	\$171,617,934
Cash on hand (Petty Cash)	3,175
Investments	<u>325,527,159</u>
Total Cash and Investments	<u><u>\$497,148,268</u></u>

Cash and investments are used in preparing Proprietary Fund statements of cash flows because these assets are highly liquid and are expended to liquidate liabilities arising during the year.

Investments Authorized by the California Government Code and the City's Investment Policy – The City's Investment Policy and the California Government Code allow the City to invest in the following, provided the credit ratings of the issuers are acceptable to the City; and approved percentages and maturities are not exceeded. The table below also identifies certain provisions of the California Government Code or the City's Investment Policy where it is more restrictive:

Authorized Investment Type	Maximum Maturity	Minimum Credit Quality *	Maximum Percentage of Portfolio	Maximum Investment in One Issuer
U.S. Treasury Notes/Bills	5 years	None	100%	100%
U.S. Agency Securities (fully backed)	5 years	None	100%	40%
U.S. Agency Securities (mortgage-backed)	5 years	None	20%	20%
Banker's Acceptance	180 days	A-1	40%	5%
Commercial Paper	270 days	A-1	40%	5%

2. CASH, CASH EQUIVALENTS AND INVESTMENTS (Continued)

Investments Authorized by Debt Agreements – The City must maintain required amounts of cash and investments with trustees or fiscal agents under the terms of certain debt issues. These funds are unexpended bond proceeds or are pledged reserves to be used if the City fails to meet its obligations under these debt issues. The California Government Code requires these funds to be invested in accordance with City resolutions, bond indentures or State statutes. The table below identifies the investment types that are authorized for investments held by fiscal agents. The bond indentures contain no limitations for the maximum investment in any one issuer or the maximum percentage of the portfolio that may be invested in any one investment type. The table also identifies certain provisions of these debt agreements:

Authorized Investment Type	Maximum Maturity	Minimum Credit Quality
U.S. Treasury Notes/Bills	No Limit	No Limit
U.S. Agency Securities (fully backed)	No Limit	No Limit
U.S. Agency Securities (mortgage-backed)	No Limit	None to AAA
Money Market Mutual Funds	No Limit	AAm to AAAm-G
Collateralized Certificates of Deposits	None to 1 year	None to A-1+
FDIC Insured Deposits	No Limit	No Limit
Investment Agreements	No Limit	None to two Highest Categories
Commercial Paper	None to 270 days	A-1 to A-1+
State General Obligations	No Limit	A/A2 to Two Highest Categories
Municipal Obligations	No Limit	AAA to Two Highest Categories
Federal Funds or Bankers Acceptances	180 days to 1 year	A-1 to A-1+
Repurchase Agreements	None to 30 days	None to A
Pre-funded Municipal Bonds	No Limit	AAA
California Local Agency Investment Fund	No Limit	No Limit

For the Year Ended June 30, 2022

2. CASH, CASH EQUIVALENTS AND INVESTMENTS (Continued)

Fair Value Hierarchy – The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure fair value of the assets. Level 1 inputs are quoted prices in an active market for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

The following is a summary of the fair value hierarchy of the fair value of investments of the City as of June 30, 2022:

Investment Type	Level 1	Level 2	Total
Investments by Fair Value:			
U.S. Treasury Notes	\$106,855,684		\$106,855,684
U.S. Agency Securities		\$16,202,112	16,202,112
Medium-Term Notes		36,313,073	36,313,073
Municipal Bonds		7,902,914	7,902,914
Supranationals		2,524,708	2,524,708
Asset-Backed Securities		6,076,378	6,076,378
	<u>\$106,855,684</u>	<u>\$69,019,185</u>	175,874,869
Investments Measured at Amortized Cost:			
Money Market Mutual Funds			8,044,748
California Local Agency Investment Fund			140,028,260
Certificates of Deposit			<u>1,579,282</u>
			<u>\$325,527,159</u>

U.S. Treasury Notes classified in Level 1 of the fair value hierarchy are valued using quoted prices in active markets. U.S. Agency Securities, Medium-Term Notes, Municipal Bonds, Supranationals and Asset-Backed Securities, classified in Level 2 of the fair value hierarchy, are valued using pricing techniques of matrix pricing or market corroborated pricing, with inputs such as yield curves or indices. These prices are obtained from various pricing sources by our custodian bank. Fair value is defined as the quoted market value on the last trading day of the period.

Interest Rate Risk – Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Normally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The City generally manages its interest rate risk by holding investments to maturity.

CITY OF HAYWARD, CALIFORNIA
NOTES TO BASIC FINANCIAL STATEMENTS
For the Year Ended June 30, 2022

2. CASH, CASH EQUIVALENTS AND INVESTMENTS (Continued)

Information about the sensitivity of the fair values of the City's investments (including investments held by bond trustees) to market interest rate fluctuations is provided by the following table that shows the distribution of the City's investments by maturity or earliest call date:

Investment Type	12 Months or less	13 Months to 24 Months	25 Months to 60 Months	Total
U.S. Treasury Notes		\$27,092,353	\$79,763,331	\$106,855,684
U.S. Agency Securities	\$3,279,577	12,922,535		16,202,112
Money Market Mutual Funds	8,044,748			8,044,748
California Local Agency Investment Fund	140,028,260			140,028,260
Medium-Term Notes	300,246	2,656,151	33,356,676	36,313,073
Municipal Bonds	1,532,456	5,007,672	1,362,786	7,902,914
Supranationals		1,324,078	1,200,630	2,524,708
Certificates of Deposit	1,579,282			1,579,282
Asset-Backed Securities		1,370,715	4,705,663	6,076,378
Total Investments	<u>\$154,764,569</u>	<u>\$50,373,504</u>	<u>\$120,389,086</u>	<u>325,527,159</u>
Cash in Banks				171,617,934
Cash on Hand (Petty Cash)				<u>3,175</u>
Total Cash				<u>171,621,109</u>
Total Cash and Investments				<u><u>\$497,148,268</u></u>

The City is a participant in the Local Agency Investment Fund (LAIF) that is regulated by California Government Code Section 16429 under the oversight of the Treasurer of the State of California. The City reports its investment in LAIF at the fair value amount provided by LAIF, which is the same as the value of the pool share. The balance is available for withdrawal on demand, and is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis. Included in LAIF's investment portfolio are collateralized mortgage obligations, mortgage-backed securities, other asset-backed securities, loans to certain state funds, and floating rate securities issued by federal agencies, government-sponsored enterprises, United States Treasury Notes and Bills, and corporations. At June 30, 2022, these investments had an average maturity of 311 days.

Money market funds are available for withdrawal on demand and at June 30, 2022, had an average maturity of 1 day.

CITY OF HAYWARD, CALIFORNIA
NOTES TO BASIC FINANCIAL STATEMENTS
For the Year Ended June 30, 2022

2. CASH, CASH EQUIVALENTS AND INVESTMENTS (Continued)

Credit Risk – Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the minimum rating required by (where applicable) the California Government Code, the City’s investment policy, or debt agreements, and the actual rating as of June 30, 2022 for each investment type as provided by Moody’s investment rating system (as of date of purchase):

Investment Type	AAAm/AAA	AA1 - AA3	A1 - A 3	P-1	Not Rated	Total
U.S. Treasury Notes	\$106,855,684					\$106,855,684
U.S. Agency Securities	16,202,112					16,202,112
Money Market Mutual Funds	8,044,748					8,044,748
California Local Agency Investment Fund					\$140,028,260	140,028,260
Medium-Term Notes	440,125	\$6,362,993	\$29,509,955			36,313,073
Municipal Bonds	934,249	4,942,592			2,026,073	7,902,914
Supranationals	2,524,708					2,524,708
Certificates of Deposit				\$1,579,282		1,579,282
Asset-Backed Securities	3,520,663				2,555,715	6,076,378
Total Investments	<u>\$138,522,289</u>	<u>\$11,305,585</u>	<u>\$29,509,955</u>	<u>\$1,579,282</u>	<u>\$144,610,048</u>	<u>\$325,527,159</u>

Custodial Credit Risk – Investments – For an investment, this is the risk that, in the event of the failure of the counterparty, the government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Significant investments in the securities of any individual issuers, other than U. S. Treasury securities or mutual funds would be subjected to this risk. As of June 30, 2022, no investments were subjected to custodial credit risk on the entity-wide level.

3. LOANS RECEIVABLES

In order to carry out low-and-moderate housing programs, the Housing Authority Capital Project Fund loaned to homebuyers and third-party contractors for the purposes of promoting home ownership in the City and developing low and moderate income housing.

The City also pools certain funds received from the U.S. Department of Housing and Urban Development and the State of California Department of Housing and Community Development, and administrative fees received from owners of multifamily projects funded by mortgage revenues bonds sponsored by the City. These monies are loaned to businesses, nonprofit and for-profit housing developers and to qualified first-time homebuyers for the above purposes.

CITY OF HAYWARD, CALIFORNIA
NOTES TO BASIC FINANCIAL STATEMENTS
For the Year Ended June 30, 2022

4. LEASES RECEIVABLE

Lessor - The City from time to time engages in lease arrangements allowing the right for others to use various owned land and buildings for the public benefit. The borrowing rate for the leases are implicit in the lease agreements and therefore, the City has applied the incremental borrowing rate of the City for all leases of 3%. Leases where the City acts as the lessor are recorded as a lease receivable offset with a deferred inflow of resources.

As of June 30, 2022, these leases receivable and related deferred inflows of resources consisted of the following:

Lessor	Original Lease Date	Expiration Date Including Options	Annual Revenue as of June 30, 2022	Lease Receivable Balance at June 30, 2022	Deferred Inflow of Resources at June 30, 2022
<i>Proprietary Funds - Airport Fund</i>					
Home Depot USA, Inc.	12/12/2000	12/31/2045	\$526,175	\$9,104,270	\$9,007,134
Mahabal Hospitality, LLC	12/1/2017	11/30/2067	269,393	5,243,453	5,222,479
Ramesta Hospitality, LLC	12/1/2017	11/30/2067	269,393	5,243,453	5,222,479
Velo Two, LLC	11/1/2018	10/31/2068	154,673	3,070,104	3,018,643
BDC Sueirro LP	3/1/2006	2/29/2056	154,208	2,629,816	2,603,667
Hayward Airport Plaza, LLC	11/1/2019	10/31/2029	58,951	403,072	371,120
Pacific Roller Die Company, Inc.	12/1/2020	11/30/2025	84,216	273,140	269,823
GTE Mobilnet	10/1/2006	9/30/2031	31,315	237,624	232,188
Watt Industries, Inc.	7/2/1984	10/10/2038	18,518	205,838	204,556
Paul Mazza	1/1/2005	12/31/2054	6,546	108,310	108,608
John Manzella, Inc.	2/1/1973	1/31/2023	8,884	10,470	10,341
			<u>\$1,582,272</u>	<u>\$26,529,550</u>	<u>\$26,271,038</u>

In fiscal year 2022, the City implemented the provisions of GASB Statement No. 87, *Leases*, which required the restatement of leases receivable and related deferred inflows of resources. As a result, initial leases receivable and related deferred inflows of resources were recorded in the amount of \$27,094,852, for business-type activities as of July 1, 2021, and had no effect on net position.

Regulated Leases - In accordance with GASB Statement No. 87, the City does not recognize a lease receivable and a deferred inflow of resources for regulated leases. Regulated leases are certain leases that are subject to external laws, regulations, or legal rulings, e.g., the U.S. Department of Transportation and the Federal Aviation Administration regulated aviation leases between airports, air carriers and other aeronautical users. Regulated leases include airline leases, as well as contracts with Fixed Based Operators (FBOs), and Specialized Aviation Service Operators (SASO).

CITY OF HAYWARD, CALIFORNIA
NOTES TO BASIC FINANCIAL STATEMENTS
For the Year Ended June 30, 2022

4. LEASES RECEIVABLE (Continued)

By definition, the following lease agreements are considered to be regulated leases and therefore, the City does not recognize a receivable and corresponding deferred inflow of resources for the following leases. As of June 30, 2022, the annual lease revenue and terms of the leases were as follows:

Lessor	Original Lease Date	Expiration Date Including Options	Annual Revenue as of June 30, 2022
<i>Proprietary Funds - Airport Fund</i>			
Meridian Aviation, Inc.	1/1/2014	12/31/2063	\$133,658
Watt Industries, Inc.	10/11/1988	12/1/2045	116,706
Pape Properties, Inc	7/1/1998	12/31/2048	76,344
Avcon, Inc.	3/1/2012	2/28/2027	73,132

	Non-Major Governmental Funds	15,000 A
	Sewer Enterprise Fund	794,608 A
	Internal Service Funds	117,137 D
Internal Service Funds	Non-Major Governmental Funds	7,000 A
	Internal Service Funds	516,702 B
		<u>\$60,589,642</u>

- A To fund capital projects.
- B To fund debt service, capital projects and administrative overhead.
- C To fund allocation of administrative overhead.
- D To fund General Liability Internal Service Fund for insurance.

CITY OF HAYWARD, CALIFORNIA
NOTES TO BASIC FINANCIAL STATEMENTS
For the Year Ended June 30, 2022

5. INTERFUND TRANSACTIONS (Continued)

Current Interfund Balances

Current interfund balances arise in the normal course of business and are expected to be repaid shortly after end of the fiscal year. At June 30, 2022 interfund balances were as follows:

Due from Other Funds	Due To Other Funds	Amount
General Fund	Non-Major Governmental Funds	\$1,091,840
Sewer Enterprise Fund	Non-Major Enterprise Funds	329,813
		\$1,421,653

Long-Term Interfund Advances – At June 30, 2022, the funds below had made advances that were not expected to be repaid within the next year.

	Long-Term Interfund Receivable	Long-Term Interfund Payable
General Fund		\$2,937,681
Water Enterprise Fund	\$2,937,681	
Total	\$2,937,681	\$2,937,681

In fiscal year 2014, the Water Enterprise Fund loaned \$3,420,000 to the General Fund for costs related to a new fire station and firehouse clinic. This loan bears 2% interest and repayments are made semiannually every December 1st and June 1st. As of June 30, 2022, the outstanding loan balance was \$2,937,681.

Internal Balances – Internal balances are presented only in the Government-wide financial statements. They represent the net interfund receivable and payables remaining after the elimination of all such balances within governmental and business-type activities.

6. CAPITAL ASSETS

Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are reported at acquisition value. All other capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. The City’s policy is to capitalize all assets with costs exceeding \$5,000 and with useful lives exceeding two years.

GASB Statement 34 requires that all capital assets with limited useful lives be depreciated over their estimated useful lives. The purpose of depreciation is to spread the cost of capital assets equitably among all users over the life of the assets. The amount charged to depreciation expense each year represents that year’s pro rata share of the cost of capital assets.

CITY OF HAYWARD, CALIFORNIA
NOTES TO BASIC FINANCIAL STATEMENTS
For the Year Ended June 30, 2022

6. CAPITAL ASSETS (Continued)

Depreciation is provided using the straight line method which means the cost of the asset is divided by its expected useful life in years and the result is charged to expense each year until the asset is fully depreciated. The City begins depreciation on July 1st of the year following acquisition. The City has assigned the useful lives listed below to capital assets.

Buildings and improvements	10 – 50 years
Improvements other than Buildings	25 years
Machinery and equipment	7 – 50 years
Streets	25 – 40 years
Traffic Signals	20 years
Medians	25 – 40 years
Conduits	20 years
Drains	20 years

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase is reflected in the capitalized value of the asset constructed, net of interest earned on the invested proceeds over the same period.

Capital Asset Additions and Retirements – Capital assets at June 30 comprise:

	Balance June 30, 2021	Additions	Retirements	Transfers	Balance June 30, 2022

6. CAPITAL ASSETS (Continued)

A summary of enterprise fund construction in progress at June 30, 2022 follows:

	Project Budget	Expended to June 30, 2022	Committed
Sewer Enterprise Fund	\$24,924,425	\$9,809,312	\$15,115,113
Water Enterprise Fund	28,442,277	14,105,784	14,336,493
Airport Enterprise Fund	7,464,000	960,211	6,503,789
Total	<u>\$60,830,702</u>	<u>\$24,875,307</u>	<u>\$35,955,395</u>

Sewer facilities constructed for the sole use of the City by EBDA, including construction in progress, are included in capital assets at their full construction cost.

Construction Commitments – The government has active construction projects as of June 30, 2022. The projects include construction in areas for newly developed housing and the library. At year end, the government’s commitments for these projects are as follows:

Project	Spent-to-Date	Remaining Commitment
South Hayward Youth and Family Center	\$2,524,209	\$2,575,791
Fire Station 6 and Training Center Project	45,128,821	7,771,179
Mission Boulevard Improvement Phase 2	1,018,343	1,794,657

Capital Asset Contributions – Some capital assets may be acquired using Federal and State grant funds, or they may be contributed by developers or other governments. GAAP requires that these contributions be accounted for as revenues at the time the capital assets are contributed.

Depreciation Allocation – Depreciation expense was charged to functions and programs based on their usage of the related assets. The amounts allocated to each function or program were as follows:

Governmental Activities

General Government	\$1,360,458
Public Safety	10,339,445
Public Works and Transportation	1,408,794
Library and Community Services	770,837

Debt service payments are generally made from the following sources:

- (a) Revenues recorded in the General Fund.
- (b) Operating revenues recorded in the Internal Service Funds.
- (c) Operating Revenues from the Water Enterprise Fund and Airport Enterprise Fund.
- (d) Operating revenues recorded in the Sewer Enterprise Fund.

Even as a charter city, Hayward has adopted a comprehensive debt management policy that guides the issuance and management of City debt. The policy includes establishing the legal debt limits (per State law this equates to 15% of assessed value of all real and personal property of the City); identifying the types of debt that can be issued and purposes for which debt proceeds can be used; establishing financial limits affecting debt issuance; and identifying guidelines regarding the structuring of debt (such as term). At the end of fiscal year 2022, the City had total debt outstanding of \$112 million, which complies with, and is significantly under, the current policy limits.

Certificates of Participation (COPs)

2015 Certificates of Participation – On October 1, 2015, the City issued \$67,535,000 in Certificates of Participation (2015 COPs) to acquire and construct a number of capital improvements, including a new library and community learning center, improvements to existing fire stations, and street rehabilitation and repairs. The 2015 COPs bear interest at 3% to 5% and are due serially each November 1. Interest payments are due semi-annually on May 1 and November 1, through maturity in 2034.

CITY OF HAYWARD, CALIFORNIA
NOTES TO BASIC FINANCIAL STATEMENTS
For the Year Ended June 30, 2022

7. LONG-TERM DEBT (Continued)

2016 Refunding Certificates of Participation (Private Placement) – On June 1, 2016, the Hayward Public Financing Authority issued Certificates of Participation (2016 COPs) in the amount of \$19,813,775. The proceeds of the lease obligation were used to refund the 2007 Certificates of Participation. As a result, the refunded bonds are considered to be defeased and the liability has been removed from the Statement of Net Position.

The lease obligation is payable each November from 2016 to 2026, in amounts ranging from \$850,000 to \$2,021,009 and bear interest at rates ranging from 2.6% to 2.76%. Interest is payable semiannually on May 1 and November 1.

The bond covenants of the Certificates of Participation contain events of default that require the revenue of the City to be applied by the Trustee as specified in the terms of the agreement if any of the following conditions occur: default on debt service payments; the failure of the City to observe or perform the conditions, covenants, or agreement terms of the debt; bankruptcy filing by the City; or if any court or competent jurisdiction shall assume custody or control of the City.

Energy Efficiency Loan

In fiscal year 2014, the City issued a \$2,488,880 loan for the Energy Conservation Assistance Program, funded by the California Infrastructure and Economic Development Bank. The loan will finance an Energy Savings Project that consists of streetlight retrofitting. The loan bears interest at 1% and payments are to be made bi-annually on June 22 and December 22 of each year until 2023.

2014 Fire Station #7 and Wellness Center Private Placement Loan

The City entered into a loan agreement with Umpqua Bank in the amount of \$5,500,000 on August 1, 2014. Loan proceeds will be used to fund the design and construction of a Firehouse Wellness Clinic at Fire Station # 7. This loan bears interest of 2.84%. Principal and interest payments are payable semiannually on February 1 and August 1, commencing February 1, 2015 through maturity on August 1, 2029.

The loan agreement contains events of default that require the revenue of the City to be applied by the Trustee as specified in the terms of the agreement if any of the following conditions occur: default on debt service payments; the failure of the City to observe or perform the conditions, covenants, or agreement terms of the debt; bankruptcy filing by the City; or if any court or competent jurisdiction shall assume custody or control of the City.

Capital Lease Obligations

The City has entered into various capital lease agreements to acquire property, miscellaneous computer mainframe equipment, and various City vehicles. All of the lease agreements require annual payments.

CITY OF HAYWARD, CALIFORNIA
NOTES TO BASIC FINANCIAL STATEMENTS
For the Year Ended June 30, 2022

7. LONG-TERM DEBT (Continued)

2013 Water Revenue Refunding Private Placement Loan

The City issued Water Revenue Refunding Bonds of \$7,245,000 on August 13, 2013, to defease the City's outstanding Public Financing Authority 1996 Revenue Bonds, and to refund 2001 Water System Improvement Project Certificates of Participation and 2004 Water System Improvement Project Certificates of Participation. As a result, the refunded bonds are considered to be defeased and the liability has been removed from the statement of Net Position. The 2013 Water Revenue Refunding Bonds are secured by a pledge of net revenues of the water system. The Bonds bear interest at a rate per annum at 2.76%. Principal payments are payable May 1. Interest payments are payable semiannually on May 1 and November 1, commencing May 1, 2014 through maturity on May 1, 2025.

The pledge of future Water Fund Revenues ends upon repayment of the \$2.11 million in remaining debt service on the bonds which is scheduled to occur in fiscal year 2025. For fiscal year 2022, Water Fund Revenues including operating revenues, non-operating interest earnings and transfers in amounted to \$60.1 million and operating costs including operating expenses, but not interest, depreciation or amortizations amounted to \$46.4 million. Net Revenues available for debt service amounted to \$13.76 million, which represented coverage of 19.6 times over the \$702,588 in debt service.

The loan agreement contains events of default that require the revenue of the City to be applied by the Trustee as specified in the terms of the agreement if any of the following conditions occur: default on debt service payments; the failure of the City to observe or perform the conditions, covenants, or agreement terms of the debt; bankruptcy filing by the City; or if any court or competent jurisdiction shall assume custody or control of the City. The covenant also contains a subjective acceleration clause that allows the trustees or holders, who hold the majority of the aggregate principal amount of the notes, to accelerate payment of the entire principal amount outstanding and interest accrued to become immediately due if they determine that a material adverse change occurs.

Energy Efficiency Loan

In fiscal year 2011, the City was issued a \$2,450,000 loan from the Energy Conservation Assistance Program, issued by the California Infrastructure and Economic Development Bank. The loan will finance an Energy Savings Project that consists of 1 MW Tracking Photovoltaic System on the City's Water Pollution Control Facility. The loan bears interest at 3% and payments are to be made bi-annually on June 22 and December 22 of each year until 2025.

Energy Efficiency Loan

In fiscal year 2020, the City was issued a \$2,150,955 loan from the Energy Conservation Assistance Program, issued by the California Infrastructure and Economic Development Bank. The loan will finance an Energy Savings Project that consists of the Ground Mounted Photovoltaic System installed on City owned property. The loan bears interest at 1% and payments are to be made bi-annually on June 22 and December 22 of each year until 2038.

7. LONG-TERM DEBT (Continued)

State Water Resources Control Board Loans

In June 2006, the City entered into a loan agreement with the State of California's State Water Resources Control Board for the purpose of financing the Wastewater System Improvement Project. Under the terms of the contract, the City agreed to repay \$54,550,018 to the State in exchange for receiving \$45,458,167 in proceeds used to fund the Project. The difference between the repayment obligation and proceeds amounts to \$9,091,852 upon issue and represents in-substance interest on the outstanding balance. As of June 30, 2022, the City's gross repayment obligation totaled \$19,094,613. The repayments of the loan are due annually on September 30 of each year commencing 2009 until 2029.

In October 2018, the City entered into a loan agreement with the State of California's State Water Resources Control Board for the purpose of financing the Recycled Water Project. Under the terms of the contract, the City agreed to repay \$21,227,086 plus interest to the State in exchange for receiving \$27,058,436 in proceeds used to fund the project. The difference between the repayment obligation and proceeds represents a grant from the State on the outstanding balance. As of June 30, 2022, the City has drawn down \$15,669,071. As of June 30, 2022, the City's estimated gross repayment obligation totaled \$14,872,117. The loan bears interest at 1% and payments are due annually on January 31 of each year commencing in 2021 until 2050.

Defeased Bonds

As of June 30, 2022, outstanding balances for defeased debt were \$815,000 for the 2001 Water System Improvement Project Certificates of Participation and \$9,825,000 for the 2007 Refunding Certificates of Participation.

CITY OF HAYWARD, CALIFORNIA
NOTES TO BASIC FINANCIAL STATEMENTS
For the Year Ended June 30, 2022

8. LEASING ARRANGEMENTS

Certificates of Participation, Lease Revenue Bonds and Capital Leases are issued for the purpose of financing the construction or acquisition of projects defined in each leasing arrangement. Projects are leased to the City for lease payments which, together with unspent proceeds of the leasing arrangement, will be sufficient to meet the debt service obligations of the leasing arrangement. At the termination of the leasing arrangement title to the project will pass to the City.

Leasing arrangements are similar to debt; they allow investors to participate in a share of guaranteed payments, which are made by the City. Because they are similar to debt, the present value of the total of the payments to be made by the City is recorded as long-term debt. The City's leasing arrangements are included in long term obligations discussed in the preceding note.

9. SPECIAL ASSESSMENT DEBT WITHOUT CITY COMMITMENT

The City has sponsored special assessment debt issues under which it has no legal or moral liability with respect to repayment of the debt and therefore does not include this debt in the City's Governmental Activities. A summary of such debt follows:

In June 1999 the Local Improvement District No. 17, Twin Bridges Community Park, issued Limited Obligation Improvement Bonds in the original principal amount of \$396,014 to finance improvements within the District. Outstanding debt at June 30, 2022 was \$80,000.

In October 2013, the Community Facilities District No. 1, Eden Shores issued Special Tax Refunding Bonds, Series 2013, in the original principal amount of \$7,076,294 refunding the 2002 Special Tax Bonds. Outstanding debt for the 2013 Bonds at June 30, 2022 was \$4,588,014.

10. NET POSITION AND FUND BALANCES

Net Position – Net Position is the excess of all the City's assets and deferred outflows over all its liabilities and deferred inflows, regardless of fund. Net Position are divided into three captions. These captions apply only to Net Position, and are described below:

Net Investments in Capital Assets describes the portion of Net Position which is represented by the current net book value of the City's capital assets, less the outstanding balance of any debt issued to finance these assets and related deferred inflows.

Restricted describes the portion of Net Position which is restricted as to use by the terms and conditions of agreements with outside parties, governmental regulations, laws, or other restrictions which the City cannot unilaterally alter. These principally include the following:

Public Safety Activities – These Net Positions are restricted for activities pertaining to the rehabilitation or reconstruction of pavement, repair of or installation of new sidewalks, maintenance of or improvements to the City's streetlights and traffic signals, as well as other improvements to the City's infrastructure. Such projects primarily draw their funding from Special Revenue Programs operated by the City, including State Gasoline Tax, Alameda County Measure B, and various local, state, and federal grants.

Debt Service Activities – These Net Positions are restricted for the use of debt service related activities.

CITY OF HAYWARD, CALIFORNIA
NOTES TO BASIC FINANCIAL STATEMENTS
For the Year Ended June 30, 2022

10. NET POSITION AND FUND BALANCES (Continued)

Public Works and Transportations Activities – These Net Positions are restricted for grants received by the City for the specific activities involving emergency response and responding to other emergency and other public safety calls for service from the community.

Planning and Buildings Activities – These Net Positions are restricted managing the development of Hayward in order to assure the economic and environmental health of the community, and to protect the health and safety of the community through building inspection, enforcement of codes and standards, and by providing new housing opportunities for residents of the City.

Economic Development Activities – These Net Positions are restricted by state law to housing redevelopment activities of the City of Hayward.

Unrestricted describes the portion of Net Position which is not restricted as to use.

Fund balance – Governmental fund balances represent the net current assets of each fund. Net current assets generally represent a fund’s cash and receivables, less its liabilities.

The City’s fund balances are classified in accordance with Governmental Accounting Standards Board Statement Number 54 (GASB 54), *Fund Balance Reporting and Governmental Fund Type Definitions*, which requires the City to classify its fund balances based on spending constraints imposed on the use of resources. Each category in the following hierarchy is ranked according to the degree of spending constraint:

Nonspendables represents balances set aside to indicate items do not represent available, spendable resources even though they are a component of assets. Fund balances required to be maintained intact, such as Permanent Funds, and assets not expected to be converted to cash, such as prepaids, notes receivable, and land held for redevelopment are included. However, if proceeds realized from the sale or collection of nonspendable assets are restricted, committed or assigned, then Nonspendable amounts are required to be presented as a component of the applicable category.

Restricted fund balances have external restrictions imposed by creditors, grantors, contributors, laws, regulations, or enabling legislation which requires the resources to be used only for a specific purpose. Nonspendable amounts subject to restrictions are included along with spendable resources.

Committed fund balances have constraints imposed by formal action of the City Council which may be altered only by the resolutions of the City Council. Nonspendable amounts subject to council commitments are included along with spendable resources.

Assigned fund balances are amounts constrained by the City’s intent to be used for a specific purpose, but are neither restricted nor committed. In accordance to the City’s fund balance policy, intent is expressed by the City Council or its designee and may be changed at the discretion of the City Council. This category includes nonspendables, when it is the City’s intent to use proceeds or collections for a specific purpose, and residual fund balances, if any, of Special Revenue, Capital Projects and Debt Service Funds which have not been restricted or committed.

CITY OF HAYWARD, CALIFORNIA
NOTES TO BASIC FINANCIAL STATEMENTS
For the Year Ended June 30, 2022

10. NET POSITION AND FUND BALANCES (Continued)

Unassigned fund balance represents residual amounts that have not been restricted, committed, or assigned. This includes the residual general fund balance and residual fund deficits, if any, of other governmental funds.

Fund balance flow assumptions – Sometimes the City will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

Minimum Fund Balance Policies – The City's Budget and Fiscal Policy requires the City to strive to maintain a prudent level of financial resources to protect against reducing service levels or raising taxes and fees because of temporary revenue shortfalls or unpredicted one time expenditures. These resources also provide a first defense against deficit spending and help maintain liquidity when budgeted drawdowns are inevitable. The reserve may be used at the City Council's discretion to address temporary cash flow shortages, emergencies, unanticipated economic downturns, and one time opportunities. These resources are intended to provide flexibility to respond to unexpected opportunities that may help the City of Hayward achieve its goals. The use of these funds may also be tied to an adverse change in economic indicators to ensure that the funds are not depleted before an emergency arises.

It is the policy of the City of Hayward to establish and maintain adequate financial reserves in order to avoid the negative effects of economic cycles upon essential services to the public and to assure that annual fluctuations in revenue receipts do not impede the City's ability to meet its expenditure obligations.

During periods of economic sufficiency, these reserves shall be used as a source of supplemental revenue through prudent investments and earnings under policies of the City Council and for meeting short term cash flow deficiencies. During periods of economic downturns, when revenues fail to meet the normal operating requirements of essential public services, or when need for reserves temporarily exceeds receipts, these designations may, upon the recommendation of the City Manager and the authorization of the City Council, be used in accordance with the standards set forth herein.

Under GASB 54, such reserves are includable in Unassigned fund balance when the usage is predicated on general circumstances which are expected to routinely occur.

CITY OF HAYWARD, CALIFORNIA
NOTES TO BASIC FINANCIAL STATEMENTS
For the Year Ended June 30, 2022

10. NET POSITION AND FUND BALANCES (Continued)

The General Fund Balances are detailed below and described along with the minimum balance target and purpose:

	Balance at June 30, 2022
Nonspendables:	
Items not in spendable form:	
Long-term loans to Private Purpose Trust	\$3,636,442
Deposits, parts, supplies and other	4,714
Total Nonspendable Fund Balances	3,641,156
 Assigned:	
Measure C District sales tax	20,025,339
Total Assigned Fund Balances	20,025,339
 Unassigned:	
Designations:	
Liquidity	34,224,937
Total Unassigned Fund Balances	34,224,937
Total Fund Balances	\$57,891,432

- **Liquidity:** Minimum balance equal to greater of \$2.5 million or 5% of the annual general fund operating appropriations.

This reserve is to address short-term borrowing needs the City may encounter. Certain major revenues of the general fund are passed through other government agencies, state, and county. The City cannot control the timing of when they make payments to the City.

- In October 2014, the Citizens of Hayward approved the Measure C District Sales Tax, a general tax. Fund balances related to this Measure have been assigned.

Deficit Fund Balances – As of June 30, 2022, the following funds had a deficit:

The Recycling Enterprise Fund reported a deficit of \$627,961 at June 30, 2022 due to expenditures related to the recycling program. This deficit is expected to be eliminated with future revenues.

The General Liability Internal Service Fund reported a deficit of \$4,281,743 at June 30, 2022 due to increasing cost of insurance premiums and legal fees, in addition to the internal service rates adjustment was not enough to cover the previous years' deficits at the end of fiscal year 2022. This deficit is expected to be eliminated with future internal service fund charges and a one-time transfer in fiscal year 2023.

CITY OF HAYWARD, CALIFORNIA
NOTES TO BASIC FINANCIAL STATEMENTS
For the Year Ended June 30, 2022

11. ACCRUED RECLAMATION COSTS

To comply with regulatory requirements imposed by the California Regional Water Quality Control Board and the Alameda County Department of Environmental Health, the City expects to incur reclamation costs associated with an abandoned 60 acre landfill site. Such costs represent placing an 18-inch vegetative cover over the landfill site as well as ongoing monitoring costs. Annually the City expects to incur \$125,000 in expenses related to reclamation costs for the site. These expenses will be funded by operating revenue of the Sewer Enterprise Fund. Reclamation payments totaled \$118,699 for the year ended June 30, 2022. Reclamation costs are accrued in the Sewer Enterprise Fund. Actual costs may be higher due to inflation, changes in technology, or changes in State or Federal regulations.

12. DEFERRED COMPENSATION PLAN

City employees may defer a portion of their compensation under a City sponsored Deferred Compensation Plan (Plan) created in accordance with Internal Revenue Code Section 457. Under this plan, participants are not taxed on the deferred portion of their compensation until distributed to them. Distributions may be made only at termination, retirement, death, or in an emergency defined by the Plan.

The laws governing deferred compensation plan assets require plan assets to be held by a Trust for the exclusive benefit of plan participants and their beneficiaries. Since the assets held under these plans are not the City's property and are not subject to City control, they have been excluded from these financial statements. The Plan's trust administrator is Great-West Retirement Services.

As established by the plan, all eligible employees of the City in the Hayward Police Officers' Association (HPOA) and International Association of Firefighters (Local 1909) become participants in the Plan once they have entered into the participation agreement.

The City contributes \$2,400 annually per eligible participant to the Plan. Contributions made by an employee and the employer vest immediately. No forfeitures were noted during the current period. During the year, the City contributed \$312,509 to the Plan.

CITY OF HAYWARD, CALIFORNIA
NOTES TO BASIC FINANCIAL STATEMENTS
For the Year Ended June 30, 2022

13. PENSION PLANS

General Information about the Pension Plans

Plan Descriptions – All qualified permanent and probationary employees are eligible to participate in the City’s separate Safety (police and fire) and Miscellaneous (all other) Plans, agent multiple-employer defined benefit pension plans administered by the California Public Employees’ Retirement System (CalPERS), which acts as a common investment and administrative agent for its participating member employers. Benefit provisions under the Plans are established by State statute and City resolution. CalPERS issues publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions and membership information that can be found on the CalPERS website.

Benefits Provided – CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full time employment. Members with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after 10 years of service. The death benefit is one of the following: the Basic Death Benefit, the 1957 Survivor Benefit, or the Optional Settlement 2W Death Benefit. The cost of living adjustments for each plan are applied as specified by the Public Employees’ Retirement Law. The Pension Reform Act of 2013 (PEPRA), Assembly Bill 340, is applicable to employees new to CalPERS and hired after December 31, 2012.

NOTES TO BASIC FINANCIAL STATEMENTS
For the Year Ended June 30, 2022

13. PENSION PLANS (Continued)

Employees Covered – The following employees were covered by the benefit terms for each Plan as of the most recent actuarial valuation date of June 30, 2020 and measurement date of June 30, 2021:

	Miscellaneous	Safety-Fire	Safety - Police
Inactive employees or beneficiaries currently receiving benefits	944	193	354
Inactive employees entitled to but not yet receiving benefits	721	23	69
Active employees	536	122	173
Total	2,201	338	596

Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Funding contributions for both Plans are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The City is required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

Net Pension Liability

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Plans and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by the CalPERS Financial Office. For this purpose, benefit payments (including refunds of employee contributions) are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value.

The City's net pension liability for each Plan is measured as the total pension liability, less the pension plan's fiduciary net position. The net pension liability of each of the Plans is measured as of June 30, 2021, using an annual actuarial valuation as of June 30, 2020 rolled forward to June 30, 2021 using standard update procedures. A summary of principal assumptions and methods used to determine the net pension liability is shown below.

CITY OF HAYWARD, CALIFORNIA
NOTES TO BASIC FINANCIAL STATEMENTS
For the Year Ended June 30, 2022

13. PENSION PLANS (Continued)

Actuarial Assumptions – For the measurement period ended June 30, 2021, the total pension liabilities were determined by rolling forward the June 30, 2020 total pension liability. The June 30, 2020 and June 30, 2021 total pension liabilities were based on the following actuarial methods and assumptions:

	All Plans
Valuation Date	June 30, 2020
Measurement Date	June 30, 2021
Actuarial Cost Method	Entry-Age Normal Cost Method
Actuarial Assumptions:	
Discount Rate	7.15%
Inflation	2.50%
Payroll Growth	2.75%
Projected Salary Increase	Varies by Entry Age and Service
Investment Rate of Return	7.15% (1)
Mortality	Derived using CalPERS Membership Data for all Funds (2)
Post Retirement Benefit Increase	Contract COLA up to 2.50% until Purchasing Power Protection Allowance Floor on Purchasing Power applies, 2.50% thereafter

(1) Net of pension plan investment expenses, including inflation.

(2) The mortality table used was developed based on CalPERS' specific data. The table includes 15 years of projected mortality improvements using Society of Actuaries Scale 90% of scale MP 2016. For more details on this table, please refer to the CalPERS Experience Study and review of Actuarial Assumptions report from December 2017 that can be found on the CalPERS website.

Discount Rate – The discount rate used to measure the total pension liability for each Plan was 7.15%. The projection of cash flows used to determine the discount rate for each Plan assumed that contributions from all plan members in the Public Employees Retirement Fund (PERF) will be made at the current member contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, each Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members for all plans in the PERF. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability for each Plan.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

CITY OF HAYWARD, CALIFORNIA
NOTES TO BASIC FINANCIAL STATEMENTS
For the Year Ended June 30, 2022

13. PENSION PLANS (Continued)

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11+ years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses.

The table below reflects the long-term expected real rates of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These geometric rates of return are net of administrative expenses.

Asset Class (a)	Assumed Asset Allocation	Real Return Years 1 - 10(b)	Real Return Years 11+ (c)
Public Equity	50.0%	4.80%	5.98%
Fixed Income	28.0%	1.00%	2.62%
Inflation Assets	0.0%	0.77%	1.81%
Private Equity	8.0%	6.30%	7.23%
Real Assets	13.0%	3.75%	4.93%
Liquidity	1.0%	0.00%	-0.92%
Total	<u>100%</u>		

(a) In the CalPERS Annual Comprehensive Financial Report, Fixed Income is included in Global Debt Securities; Liquidity is included in Short-Term Investments; Inflation Assets are included in both Global Equity Securities and Global Debt Securities.

(b) An expected inflation of 2.0% used for this period.

(c) An expected inflation of 2.92% used for this period.

On July 12, 2021, CalPERS reported a preliminary 21.3% net return on investments for fiscal year 2020-21. Based on the thresholds specified in CalPERS Funding Risk Mitigation policy approved by the CalPERS Board in 2015, the excess return of 14.3% prescribes a reduction in investment volatility that corresponds to a reduction in the discount rate used for funding purposes of 0.20%, from 7.00% to 6.80%. Since CalPERS was in the final stages of the four-year Asset Liability Management (ALM) cycle, the CalPERS Board elected to defer any changes to the asset allocation until the ALM process concluded, and the board could make its final decision on the asset allocation in November 2021.

On November 17, 2021, the board adopted a new strategic asset allocation. The new asset allocation along with the new capital market assumptions, economic assumptions and administrative expense assumption support a discount rate of 6.90% (net of investment expense, but without a reduction for administrative expense) for financial reporting purposes. This includes a reduction in the price inflation assumption from 2.50% to 2.30% as recommended in the November 2021 CalPERS Experience Study and Review of Actuarial Assumptions.

CITY OF HAYWARD, CALIFORNIA
NOTES TO BASIC FINANCIAL STATEMENTS
For the Year Ended June 30, 2022

13. PENSION PLANS (Continued)

This study also recommended modifications to retirement rates, termination rates, mortality rates and rates of salary increases that were adopted by the CalPERS Board. These new assumptions will be reflected in the CalPERS GASB 68 accounting valuation reports for the June 30, 2022, measurement date.

Changes in the Net Pension Liability

The changes in the Net Pension Liability for each Plan follow:

Miscellaneous Plan:

	Increase (Decrease)		
	Total Pension Liability	Plan Fiduciary Net Position	Net Pension Liability/(Asset)
Balance at June 30, 2020	\$497,152,835	\$324,905,201	\$172,247,634

Net changes	18,743,429	53,802,604	(35,059,175)
Balance at June 30, 2021	\$449,527,982	\$316,106,718	\$133,421,264
Combined Total	\$1,291,178,214	\$944,061,404	\$347,116,810

The long-term portion of the governmental activities Net Pension Liability is liquidated primarily by the General Fund.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate – The following presents the net pension liability of the City for each Plan, calculated using the discount rate for each Plan, as well as what the City’s net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	Miscellaneous	Safety-Fire	Safety-Police
1% Decrease	6.15%	6.15%	6.15%
Net Pension Liability	\$183,766,337	\$136,483,268	\$193,898,946
Current Discount Rate	7.15%	7.15%	7.15%
Net Pension Liability	\$120,256,555	\$93,438,991	\$133,421,264
1% Increase	8.15%	8.15%	8.15%
Net Pension Liability	\$67,536,446	\$57,911,117	\$83,884,232

Pension Plan Fiduciary Net Position – Detailed information about each pension plan’s fiduciary net position is available in the separately issued CalPERS financial reports.

13. PENSION PLANS (Continued)

Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions

For the year ended June 30, 2022, the City recognized pension expense of \$21,305,449. At June 30, 2022, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Miscellaneous Plan:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension contributions subsequent to measurement date	\$16,119,682	
Differences between actual and expected experience		(\$1,356,269)
Net differences between projected and actual earnings on plan investments		(36,538,113)
Total	\$16,119,682	(\$37,894,382)

Safety Plan - Fire:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension contributions subsequent to measurement date	\$11,490,694	
Differences between actual and expected experience	2,684,901	(\$2,766,101)
Changes in assumptions		(257,405)
Net differences between projected and actual earnings on plan investments		(22,188,489)
Total	\$14,175,595	(\$25,211,995)

Safety Plan - Police:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension contributions subsequent to measurement date	\$16,160,318	
Differences between actual and expected experience	5,022,226	
Net differences between projected and actual earnings on plan investments		(\$29,738,827)
Total	\$21,182,544	(\$29,738,827)
Combined total	\$51,477,821	(\$92,845,204)

CITY OF HAYWARD, CALIFORNIA

CITY OF HAYWARD, CALIFORNIA
NOTES TO BASIC FINANCIAL STATEMENTS
For the Year Ended June 30, 2022

14. PUBLIC AGENCY RETIREMENT SYSTEM

The Omnibus Budget Reconciliation Act of 1990 (OBRA) mandates that public sector employees who are not members of their employer’s existing retirement system as of January 1, 1992 be covered by either Social Security or an alternative plan. Effective January 1, 1992, the City contracted with the Public Agency Retirement System (PARS), a defined contribution plan. This Plan covers part-time, seasonal, and temporary employees and all employees not covered by another retirement system. All eligible employees covered by the Plan are fully vested. The benefits a participant will receive depend on contributions. Employer liabilities are limited to the amount of current contributions.

As approved by Council, PARS participants contribute 3.75% and the City contributes 3.75% of salary each pay period. Contributions made by an employee and the employer vest immediately. No forfeitures were noted during the current period.

For the fiscal year ending June 30, 2022, total contributions of \$17,425 were made based on a total amount of covered compensation of \$464,213.

15. OTHER POSTEMPLOYMENT BENEFITS

Provisions and Benefits

OPEB Healthcare The City participates in the California Employers' Retiree Benefit Trust (CERBT), an agent multiple-employer plan administered by CalPERS, consisting of an aggregation of single-employer plans.

By City Council resolution the City provides certain health care benefits for employees who retire directly from the City with at least five years of service with the City and who are vested in the California Public Employees Retirement System (CalPERS). The City participates in the CalPERS health care plan which is governed under the California Public Employees Health and Medical Care Act (PEMCHA). Required retiree medical plan contributions are also governed by PEMCHA for member agencies.

The City contributes up to a fixed dollar amount for retiree medical benefits, which varies by employee bargaining group and coverage level as governed by PEMCHA. Benefits continue for surviving spouses in amounts as required by PEMCHA. Should an eligible retiree opt out of the CalPERS medical plan, they will receive \$143 to \$149 per month in lieu of contributions to the CalPERS plan.

Employees Covered

Membership in the plan consisted of the following at June 30, 2021 (latest actuarial valuation date):

Active employees	806
Inactive employees or beneficiaries currently receiving benefit payments	712
Inactive employees entitled to but not yet receiving benefit payments	179
Total	1,697

CITY OF HAYWARD, CALIFORNIA
NOTES TO BASIC FINANCIAL STATEMENTS
For the Year Ended June 30, 2022

15. OTHER POSTEMPLOYMENT BENEFITS (Continued)

Net OPEB Liability

Actuarial Methods and Assumptions – The City’s net OPEB liability was measured as of June 30, 2021 and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation dated June 30, 2021 that was rolled forward to determine the total OPEB liability, based on the following actuarial methods and assumptions:

	Actuarial Assumptions
Valuation Date	June 30, 2021
Measurement Date	June 30, 2021
Actuarial Cost Method	Entry Age Normal Cost Method
Actuarial Assumptions:	
Discount Rate	6.10%
Inflation	2.50%
Payroll Growth	3.00%
Investment Rate of Return	6.10%
Mortality Rate	The mortality improvement scale was updated from MacLeod Watts Scale 2018 to MacLeod Watts Scale 2022
Pre-Retirement Turnover	Must retire from PERS on or after age 65 with at least 10 years of service.
Healthcare	3.90% to 5.80%

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	1-10 Year Expected Real Rate of Return
Global Equities	49.0%	4.40%
Fixed Income	23.0%	-1.00%
Global Real Estate (REITs)	20.0%	3.00%
Treasury Inflation Protected Securities	5.0%	-1.80%
Commodities	3.0%	0.80%
Total	<u>100.0%</u>	

Discount Rate – The discount rate used to measure the total OPEB liability was 6.1%. The projection of cash flows used to determine the discount rate assumed that City contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB plan’s fiduciary net position was projected to be available to make all projected OPEB payments for current active and inactive employees and beneficiaries. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

OPEB Expenses and Deferred Outflows/Inflows of Resources Related to OPEB

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the City’s OPEB Plan and additions to/deductions from the OPEB Plan’s fiduciary net position have been determined on the same basis as they are reported by the California Employers’ Retiree Benefit Trust (CERBT). For this purpose, benefit payments are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value.

For the year ended June 30, 2022, the City recognized OPEB expense of (\$2,236,221). At June 30, 2022, the City reported deferred outflows and inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Employer contributions made subsequent to the measurement date	\$9,179,251	
Changes of assumptions	7,234,978	(\$27,267,152)
Difference between Expected and Actual Experience	1,423,403	(2,454,838)
Net difference between projected and actual earnings on investments		(2,193,655)
Total	\$17,837,632	(\$31,915,645)

\$9,179,251 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the OPEB liability in the year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized as part of OPEB expense as follows:

Year Ended June 30	Annual Amortization
2023	(\$8,151,876)
2024	(6,410,726)
2025	(6,124,643)
2026	(3,115,056)
2027	240,682
Thereafter	304,355
Total	(\$23,257,264)

CITY OF HAYWARD, CALIFORNIA
NOTES TO BASIC FINANCIAL STATEMENTS
For the Year Ended June 30, 2022

16. RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omission; injuries to employees; natural disasters. The City is self-insured for its general liability, workers' compensation, malpractice liability, and general and auto liability. The City has chosen to establish risk financing internal service funds where assets are set aside for claim settlements associated with the above risks of loss up to certain limits.

Type of Coverage	Self Insurance	Coverage and Limits
General Liability	\$0 - \$1,000,000 per occurrence	\$0 - \$25,000,000
Workers' compensation	\$0 - statutory limits	\$500,000 - \$50,000,000
Property	\$0 - \$500,000 per occurrence	\$250,000 - \$1,000,000,000
Cyber	\$0 - \$250,000 per occurrence	\$500,000 - \$40,000,000
Boiler and machinery	\$0 - \$350,000 per occurrence	\$2,000,000 - \$100,000,000
Airport	None	\$25,000 - \$50,000,000
Pollution	\$0- \$250,000 per pollution condition	\$10,000,000 - \$50,000,000

Amounts in excess of the insured limits are self-insured.

In fiscal year 2004, the City did not renew its workers' compensation insurance coverage and instead elected to self-insure all workers' compensation claims.

The City is a member of the Exclusive Risk Management Authority of California JPA (formally known as CA Risk Management Authority) for general municipal liability insurance coverage.

Self-Insurance – The City records estimated liabilities for general liability claims filed or expected to be filed as part of the accrued liabilities in the General Liability Fund (internal service fund). Charges to the General Fund and other funds are determined from an analysis of self-insured claim costs and recorded as transfers from such funds to the General Liability Fund.

The City records estimated liabilities for workers' compensation claims filed or expected to be filed as part of the accrued liabilities in the Workers' Compensation Insurance Fund (internal service fund). Premiums are paid to the Insurance Fund by all other funds and are available to pay claims, claim reserves, and administrative costs of the program.

Property damage risks are covered on an occurrence basis up to the deductibles listed above by commercial insurance, Driver Alliant Insurance Services Inc., purchased from independent third parties. All properties are insured at full replacement values. During the past three years there have been no significant reductions in any of the City's insurance coverage and no settlement amounts have exceeded insurance coverage.

The unpaid workers' compensation claims liabilities included in the Worker's Compensation Insurance Internal Service Fund are based on the results of an actuarial study and include amounts for claims incurred but not reported. Claim liabilities are calculated considering the effects of inflation, recent claim settlement trends including frequency and amount of payouts and other economic and social factors. In addition, the liability is discounted using an annual interest rate of 2%.

CITY OF HAYWARD, CALIFORNIA
NOTES TO BASIC FINANCIAL STATEMENTS
For the Year Ended June 30, 2022

16. RISK MANAGEMENT (Continued)

Changes in the balances of claims liabilities, including a provision for claims incurred but not reported, during the past two fiscal years are as follows:

	General Liability	Workers' Compensation	Totals, as of June 30	
			2022	2021
Balance, beginning of year	\$6,964,512	\$13,619,983	\$20,584,495	\$20,768,781
Current year claims and changes in estimates	1,291,698	3,621,500	4,913,198	5,338,726
Claims paid	(794,731)	(3,451,903)	(4,246,634)	(5,523,012)
Balance, end of year	<u>\$7,461,479</u>	<u>\$13,789,580</u>	<u>\$21,251,059</u>	<u>\$20,584,495</u>

GASB #10 requires the City to accrue a liability on its financial statements for the ultimate cost of claims and expenses associated with all reported and unreported claims, including allocated loss adjustment expense and unallocated loss adjustment expenses. GASB #10 does not prohibit the discounting of losses to recognize investment income. The City’s estimated minimum liability at June 30, 2022 is \$21,251,059. This amount is net of the allowable adjustment to recognize investment income.

17. JOINT POWERS AGREEMENTS

In March 2013, agencies of Alameda County entered into a Joint Powers Agreement creating the Energy Council to further the efforts of the Alameda County Waste Management Authority (ACWMA) in efforts to seek funding, develop and implement sustainable energy initiatives that reduce energy demand, increase energy efficiency, and advance the use of clean efficient and renewable resources in the region for the benefit of the member agencies. No debt, liability, or obligation of the Energy Council shall constitute a debt, liability of obligation of the City of Hayward pursuant to Government Code section 6508.1 and the terms of the agreement. The Energy Council shall be governed by the Board, consisting of one member from each governing body of each member agency. The financial activities for the Energy Council are not included in the accompanying financial statements as it is administered by a board separate from and independent of the City.

The East Bay Dischargers Authority (“EBDA”) was established in 1974 under the Joint Exercise of Powers Act of the State of California by the Cities of Hayward and San Leandro, and the Ora Loma, Castro Valley, and Union Sanitary Districts for the purpose of planning, acquiring, constructing, managing, and operating common use and individual wastewater treatment and disposal facilities for the member agencies. The governing body of EBDA consists of five members, one appointed by each of the member agencies. The City exercises a weighted vote of 20.7% of the total vote. As a separate legal entity, EBDA exercises full powers and authorities within the scope of the Joint Powers Agreement. Obligations and liabilities of EBDA are not those of the member agencies.

CITY OF HAYWARD, CALIFORNIA
NOTES TO BASIC FINANCIAL STATEMENTS
For the Year Ended June 30, 2022

17. JOINT POWERS AGREEMENTS (Continued)

The financial activities for EBDA are not included in the accompanying financial statements as it is administered by a board separate from and independent of the City. Transactions with and the investment in the joint powers agency are accounted for as follows:

- a) Payments related to the services which the City received during fiscal year 2022 amounted to \$726,134 and are recorded as materials, supplies and services expenses.
- b) Payments related to the City’s long-term investment in the joint powers agency, for which the City has the ability to exercise significant influence over operating and financial policies, are recorded as an investment in the East Bay Dischargers Authority under the equity method. The City’s equity approximates one-third of the total net position of EBDA and amounts to \$9,416,305 at June 30, 2021, the latest date for which financial information is available.

The investment in East Bay Dischargers Authority is valued as of June 30, 2021, the latest date for which financial information is available.

Summary financial information as of and for the year ended June 30, 2021 (the most recent audited financial information available) for EBDA’s common use operations was as follows:

Assets	
Current	\$4,058,131
Capital assets - net	25,697,640
Total Assets	29,755,771
Deferred outflow of resources	559,164

For the Year Ended June 30, 2022

18. COMMITMENTS AND CONTINGENCIES

Litigation

The City is a defendant in several lawsuits arising from its normal operations. City management is of the opinion that the potential claims against the City not covered by insurance resulting from such litigation would not materially affect the basic financial statements of the City.

Bay Area Water Supply and Conservation Agency Revenue Bonds Surcharge

The City contracts with the City and County of San Francisco for the purchase of water from the Hetch Hetchy System operated by the San Francisco Public Utilities Commission (SFPUC). The City is also a member of the Bay Area Water Supply and Conservation Agency (BAWSCA) which represents the interests of all the 24 cities and water districts, as well as two private utilities, that purchase wholesale water from the SFPUC.

In 2009 the City entered into a new 25-year agreement with the SFPUC. One of the ways that the new agreement differs from the old is in how facilities constructed by the SFPUC that benefit the regional customers are treated from a rate and financial perspective. Under the old agreement, facilities were built, capitalized, and added to the rate base with a rate of return (interest), and then paid for over their useful lives through wholesale rates. Under the new agreement, the SFPUC issues revenue bonds and the debt service (which also includes an interest component) is paid for through rates over the life of the bonds.

During the transition from the old to the new contracts, one of the issues addressed was how to deal with the \$370 million in assets that were still being paid for by the wholesale customers under the old agreement. The assets were transferred to the new agreement, assigned a life with an agreed upon rate of return of 5.13%. Also negotiated was a provision to allow the wholesale customers to prepay any remaining existing assets' unpaid principal balance without penalty or premium. This prepayment was executed through the issuance of bonds by BAWSCA which provide a better interest rate given the favorable rate environment.

BAWSCA issued Revenue Bonds in the principal amount of \$335,780,000 in January 2013 to prepay the capital cost recovery payment obligation and fund a stabilization fund. The Bonds mature in October 2034 and are secured by surcharges to the monthly water purchase charges imposed upon the participating members. The Bonds are not a debt obligation of any member, and BAWSCA's failure to pay its Bonds would not constitute a default by any participating member.

Should any participating member fail to pay its share, BAWSCA will rely on the stabilization fund and will pursue all legal remedies to collect the shortfall from the delinquent member. In the interim, other participating members may have their portion adjusted to insure the continued payment of the debt service surcharge.

The risk of bearing the debt service expense of a defaulting member is not significantly different than the risk each member assumes currently for fluctuations in water purchase charges. Under the Bond indenture, BAWSCA maintains a stabilization fund. If surcharge revenues collected are less than needed (due to a member's failure to pay timely), BAWSCA uses the stabilization fund to fund the debt service deficiency, and increases the surcharge in the subsequent year to make up for the prior year shortfall and reimburse the stabilization fund account. Also, given that each participating agency's governing body adopted a Resolution to participate in the Bond issue, Management believes that default is generally very unlikely.

CITY OF HAYWARD, CALIFORNIA
NOTES TO BASIC FINANCIAL STATEMENTS
For the Year Ended June 30, 2022

18. COMMITMENTS AND CONTINGENCIES (Continued)

The annual debt service surcharges are a fixed amount for each participant and are calculated by taking the subsequent fiscal year's debt service, multiplied by each participant's actual water purchase as a percent of total wholesale customer water purchases from the prior fiscal year. One-twelfth of the annual surcharge is included in the monthly bill from SFPUC. Because each participant's share of the debt service surcharge is proportional to the amount of water purchased during the prior fiscal year, the City's share of the debt service will fluctuate from year to year.

The City paid its surcharge of \$2,521,752 during fiscal year 2022, which is included as a component of purchased water expenses in the Water Enterprise Fund. The surcharge for fiscal year 2023 is estimated to be \$2,561,736.

19. CONDUIT DEBT WITHOUT CITY COMMITMENT

On March 26, 1998, the City assisted in the issuance of \$9,500,000 in Variable Rate Demand Multifamily Housing Revenue Bonds, Series 1998A for the purpose of providing funds to make a loan to Santa Clara Associates, LLC to provide permanent financing for a multifamily rental housing project known as the Timbers Apartments Project. Interest on the bonds is payable monthly commencing April 1, 1998. Principal on the Bonds is due March 1, 2023. The City has no legal or moral commitment for the repayment of these bonds.

On August 15, 2001, the City sponsored the issuance of the City of Hayward Variable Rate Demand Multifamily Housing Revenue Bonds (Lord Tennyson Apartments), 2001 Series A which were issued in the aggregate principal amount of \$6,450,000 to assist a developer in financing the acquisition and rehabilitation of a 96-unit multifamily complex located in Hayward. Repayments for the loan are required to be made by the developer. The City has no legal or moral liability with respect to the payment of this debt.

On January 6, 2004 the City sponsored the issuance of the second supplement of the 1984A City of Hayward Variable Rate Demand Multifamily Housing Revenue Bonds, (Shorewood Apartment Project) which were issued in the aggregate principal amount of \$33,100,000 to refinance prior bonds used to finance the acquisition and construction of a 544-unit multifamily rental housing complex. Repayments for the loan are required to be made by the developer. The City has no legal or moral liability with respect to the payment of this debt.

On April 1, 2005, the City sponsored the issuance of City of Hayward Multifamily Housing Revenue Bonds (Lord Tennyson Apartments) 2005 Series A and 2005 Series A-T which were issued in the aggregate principal amount of \$14,625,000 to finance the acquisition, rehabilitation, and development of multifamily rental housing facilities. The City has no legal or moral liability with respect to the payment of this debt.

On October 1, 2005, the City sponsored the issuance of City of Hayward Multifamily Housing Revenue Bonds (Las Casitas of Hayward) 2005 Series A which were issued in the aggregate principal amount of \$6,325,000 to finance the acquisition, rehabilitation, and development of multifamily rental housing facilities. The City has no legal or moral liability with respect to the payment of this debt.

For the Year Ended June 30, 2022

19. CONDUIT DEBT WITHOUT CITY COMMITMENT (Continued)

On November 28, 2006, the City sponsored the issuance of Multi-Family Housing Revenue Bonds (Saklan Family Housing Development) 2006 Series A which were issued in the aggregate principal amount of \$14,000,000 to assist in the construction and development 78-unit Saklan Family Housing project. The City has no legal or moral liability with respect to the payment of this debt.

On November 10, 2014, the City sponsored the issuance of City of Hayward Multifamily Housing Revenue Bonds (South Hayward BART Family and Senior Affordable Apartments) 2014 Series A which were issued in the aggregate principal amount of \$32,261,046 to assist in the acquisition and construction of a 150-unit multifamily rental housing facility. The City has no legal or moral liability with respect to the payment of this debt.

20. REDEVELOPMENT AGENCY DISSOLUTION AND SUCCESSOR AGENCY ACTIVITIES

Redevelopment Dissolution

Effective January 31, 2012, the Redevelopment Agency was dissolved. Certain assets of the Redevelopment Agency Low and Moderate Income Housing Fund were distributed to a Housing Successor; and all remaining Redevelopment Agency assets and liabilities were distributed to a Successor Agency.

Under the provisions of AB 1484, the City can elect to become the Housing Successor and retain the housing assets. The City initially declined to become the Housing Successor, however after other agencies refused to assume the responsibility, the City elected to become the temporary Housing Successor and on February 1, 2012, certain housing assets were transferred to the City's Housing Authority Capital Projects Fund.

The City also elected to become the Successor Agency and on February 1, 2012 the Redevelopment Agency's remaining assets were distributed to and liabilities were assumed by the Successor Agency. ABx1 26 requires the establishment of an Oversight Board to oversee the activities of the Successor Agency and one was established on April 30, 2012. The activities of the Successor Agency are subject to review and approval of the Oversight Board, which is comprised of seven members, including one member of City Council and one former Redevelopment Agency employee appointed by the Mayor.

The activities of the Housing Successor are reported in the Housing Authority Capital Projects Fund as the City has control of those assets, which may be used in accordance with the low and moderate income housing provisions of California Redevelopment Law.

The activities of the Successor Agency are reported in the Successor Agency to the Redevelopment Agency Private-Purpose Trust Fund as the activities are under the control of the Oversight Board. The City provides administrative services to the Successor Agency to wind down the affairs of the former Redevelopment Agency.

20. REDEVELOPMENT AGENCY DISSOLUTION AND SUCCESSOR AGENCY ACTIVITIES (Continued)

Cash and Investments

The Successor Agency pools cash from all sources and all funds with the City so that it can be invested at the maximum yield, consistent with safety and liquidity, while individual funds can make expenditures at any time. The details of the City’s investment pool can be found in Note 2.

Restricted cash and investments may be used only for activities authorized by the bond indentures of the Successor Agency’s Bonds.

Loans Receivable

The Successor Agencies assumed the notes and loans receivable of the former Redevelopment Agency as of February 1, 2012. The balance of the notes receivable assumed by the Successor Agency at June 30, 2022 was \$24,509,337 recorded in the Successor Agency to the Redevelopment Agency Private-Purpose Trust, consisting of rehabilitation and construction loans.

Elementary School and Public Improvements (Cannery/Burbank Project) – Pursuant to an agreement between the former Redevelopment Agency, City, the Hayward Area Park and Recreation District (HARD), and the Hayward Unified School District, the City has agreed to construct and the former Redevelopment Agency has agreed to pay for the design and construction of a new elementary school to be located on a site composed of parcels owned by or to be acquired by the former Redevelopment Agency. The project was completed during the year ended June 30, 2009 for a total cost of \$35,944,664. The site and improvements have been conveyed to the School District in exchange for a portion of land owned by the School District (the old school site).

The former Redevelopment Agency also agreed to deconstruct the old school site, and finance the cost of certain infrastructure improvements to the adjacent Cannery Park, which will be jointly used by the HARD, Park District and the School District. This infrastructure project was completed during the year ended June 30, 2009 for a total cost of \$6,813,260. The site and improvements have been conveyed to the HARD.

Receivables – To partially compensate the former Redevelopment Agency for the above design and construction costs and repay the advances, the School District, HARD and the City have agreed to assign certain school development fees and park-in-lieu fees to the former Redevelopment Agency. In addition, the School District has agreed that the former Redevelopment Agency may retain pass-through payments due the School District pursuant to the Health and Safety Code, as partial compensation for the above costs. The remaining unreimbursed costs are recorded in a schedule of changes in the loan receivable balance for the year ended June 30, 2022.

	<u>School Project</u>	<u>Cannery Park</u>	<u>Cinema Place</u>	<u>Attraction</u>	<u>Total</u>

Capital Assets

The Successor Agency assumed the capital assets of the former Redevelopment Agency as of February 1, 2012.

Capital Assets are valued at historical cost or estimated historical cost if actual historical cost was not available. Donated capital assets are valued at their acquisition values. City policy has set the capitalization threshold for reporting capital assets at \$5,000. Depreciation is recorded on a straight-line basis over estimated useful lives of the assets as follows.

Buildings and improvements	10 - 50 years
Improvements other than Buildings	15 years
Machinery and equipment	7 - 50 years

The Successor Agency has recorded all its public domain (infrastructure) capital assets, which include landscape, storm, street, and traffic systems.

20. REDEVELOPMENT AGENCY DISSOLUTION AND SUCCESSOR AGENCY ACTIVITIES (Continued)

Loans Payable

The Successor Agencies assumed the notes and loans payable of the former Redevelopment Agency as of February 1, 2012. The balance of the loans payable assumed by the Successor Agency at June 30, 2022 was \$7,539,979 recorded in the Successor Agency to the Redevelopment Agency Private-Purpose Trust Fund. The loans were as follows:

	Advances to Private Purpose Trust Fund	Advances From City
General Fund	\$3,636,442	
Housing Authority Special Revenue Fund	3,876,516	
Internal Service Funds	27,021	
Successor Agency Private Purpose Trust Fund		\$7,539,979
Total	\$7,539,979	\$7,539,979

Funds were advanced from the City to the former Redevelopment Agency under an Amended Repayment Agreement whereby the Agency has agreed to reimburse the City a portion of project costs for the B Street/Watkins/Mission Garage and B Street Retail and Civic Center Plaza not to exceed \$11,186,217.

Under the Dissolution Act, certain agreements between Cities and redevelopment agencies no longer qualify as enforceable obligations. However, with the passage of AB 1484 on June 28, 2012, upon meeting certain requirements including the issuance of a finding of completion by the State Department of Finance and approval from the Oversight Board, this loan was restored at LAIF rates from inception. The amounts above reflect only the principal portion of the loan. As a result of the State Controller’s Office Asset Transfer Review, completed in 2014, a loan repayment made by the Successor Agency to the City’s General Fund in March 2011 of \$2.22 million was disallowed. Additional repayments of \$1,041,075 by the Successor Agency to the City’s Water Enterprise Fund and \$831,877 by the Successor Agency to the City’s Sewer Enterprise Fund were also disallowed. These balances are reflected in the table above. In late November 30, 2018 the California State Supreme Court granted the Petition Writ of Mandate in the City’s favor which confirms that the \$2.22 million obligation due the General Fund would be recognized and repaid by the State Department of Finance.

20. REDEVELOPMENT AGENCY DISSOLUTION AND SUCCESSOR AGENCY ACTIVITIES (Continued)

Long-Term Debt

The Successor Agency assumed the long-term debt of the Redevelopment Agency as of February 2012. The Successor Agency's debt issues and transactions are summarized below and discussed in detail thereafter.

Type of Obligation	Authorized and Issued	Balance at June 30, 2021	Retirements	Balance at June 30, 2022	Current Portion
Tax Allocation Bonds, 2016 Refunding Redevelopment Agency due 3/1/2036, interest at 2.0%-5.0% Add: Original Issue Premium	\$35,270,000	\$26,130,000	\$1,975,000	\$24,155,000	\$2,070,000
		2,760,126	184,009	2,576,117	
Total	<u>\$35,270,000</u>	<u>\$28,890,126</u>	<u>\$2,159,009</u>	<u>\$26,731,117</u>	<u>\$2,070,000</u>

At June 30, 2022, future debt service requirement for the Successor Agency were as follows:

Year Ending June 30	Successor Agency	
	Principal	Interest
2023	\$2,070,000	\$1,154,375
2024	2,180,000	1,049,625
2025	2,290,000	939,375

2027	2,415,000	702,125
2028 - 2032	7,650,000	2,008,125
2033 - 2036	5,145,000	513,200
Totals	24,155,000	<u>\$7,190,450</u>
Plus unamortized premium	2,576,117	
Total Long-term debt principal, net	<u>\$26,731,117</u>	

2016 Tax Allocation Refunding Bonds

On November 29, 2016, the Successor Agency issued 2016 Tax Allocation Refunding Bonds in the amount of \$35,270,000. The proceeds of the Bonds were used to refund the 2004 Tax Allocation Bonds and 2006 Tax Allocation Bonds. As a result, the refunded bonds are considered to be defeased and the liability has been removed from the statement of Net Position. The Bonds are payable in annual installments as indicated below until maturity on March 1, 2036. Interest is paid semiannually on March 1 and September 1, with rates ranging from 2.0% to 5.0% per annum.

CITY OF HAYWARD, CALIFORNIA
NOTES TO BASIC FINANCIAL STATEMENTS
For the Year Ended June 30, 2022

20. REDEVELOPMENT AGENCY DISSOLUTION AND SUCCESSOR AGENCY ACTIVITIES (Continued)

The bond covenant contains events of default that require the revenue of the City to be applied by the Trustee as specified in the terms of the agreement if any of the following conditions occur: default on debt service payments; the failure of the City to observe or perform the conditions, covenants, or agreement terms of the debt; bankruptcy filing by the City; or if any court or competent jurisdiction shall assume custody or control of the City. The covenant also contains a subjective acceleration clause that allows the trustees or holders, who hold the majority of the aggregate principal amount of the bonds, to accelerate payment of the entire principal amount outstanding and interest accrued to become immediately due if they determine that a material adverse change occurs.

With the dissolution of the Redevelopment Agency discussed above, Tax Increment is no longer distributed and housing set-aside amounts are no longer required, and instead the Successor Agency receives payments from the County's Redevelopment Property Tax Trust Fund (RPTTF) that are to be used to fund debt service on the Bonds, with no distinction between housing and non-housing revenues. The Successor Agency only receives the funds necessary to fulfill its approved obligations. In fiscal year 2022, total tax increment calculated and available for distribution by the County Auditor-Controller was \$4,159,450, and the total received by the Successor Agency was \$3,701,590. The taxes available for distribution covered 115% of the \$3,229,250 of debt service.

Commitments and Contingencies

State Approval of Enforceable Obligations – Successor Agency

The Successor Agency prepares a Recognized Obligation Payment Schedule (ROPS) semi-annually that contains all proposed expenditures for the subsequent six-month period. The ROPS is subject to the review and approval of the Oversight Board as well as the State Department of Finance. Although the State Department of Finance may not question items included on the ROPS in one period, they may question the same items in a future period and disallow associated activities. The amount, if any, of current obligations that may be denied by the State Department of Finance cannot be determined at this time. The City expects such amounts, if any, to be immaterial.

Benefit changes. The figures above do not include any liability impact that may have resulted from plan changes which occurred after the June 30, 2016 valuation date. This applies for voluntary benefit changes as well as any offers of Two Years Additional Service Credit (a.k.a. Golden Handshakes).

Changes in assumptions. In 2017, the accounting discount rate reduced from 7.65% to 7.15%. In 2016, 2018, 2019, 2020 and 2021, there were no changes. In 2015, amounts reported reflect an adjustment of the discount rate from 7.5% (net of administrative expense) to 7.65% (without a reduction for pension plan administrative expense.) In 2014, amounts reported were based on the 7.5% discount rate.

* Fiscal year 2015 was the 1st year of implementation, therefore only eight years are shown.

Notes to Schedule

Valuation date: 6/30/2013 6/30/2014 6/30/2015

Methods and assumptions used to determine contribution rates:

Actuarial cost method	Entry age
Amortization method	Level percentage of payroll
Remaining amortization period	15 Years as of the Valuation Date
Asset valuation method	15 Year Smoothed Market
Inflation	2.75% for 2015 to 2019, 2.625% for 2020, and 2.50% for 2021 and 2022
Salary increases	Varies by Entry Age and Service
Investment rate of return	7.50% for 2015 to 2018, 7.375% for 2019, 7.25% for 2020, 7.00% for 2021 and 2022, net of pension plan investment expense, including inflation.
Retirement age	The probabilities of Retirement are based on the 2017 CalPERS Experience Study for the period from 1997 to 2015.
Mortality	The probabilities of mortality are based on the CalPERS Experience Study. Pre-retirement and Post-retirement mortality rates include 20 years of projected mortality improvement using Scale BB published by the Society of Actuaries for 2015 to 2018. For 2019, 2020, and 2021, pre-retirement and post-retirement mortality rates include 15 years of projected mortality improvement using 90% of Scale MP-2016 published by the Society of Actuaries.

Plan fiduciary net position as a percentage of the total pension liability	71.43%	69.07%	63.33%
Covered payroll	\$14,894,224	\$15,304,881	\$15,425,723
Net pension liability as percentage of covered payroll	468.48%	503.70%	627.70%

Notes to Schedule:

Benefit changes. The figures above do not include any liability impact that may have resulted from plan changes which occurred after June 30, 2016 valuation date. This applies for voluntary benefit changes as well as any offers of Two Years Additional Service Credit (a.k.a. Golden Handshakes).

Changes in assumptions. In 2017, the accounting discount rate reduced from 7.65% to 7.15%. In 2016, 2018, 2019, 2020 and 2021, there were no changes. In 2015, amounts reported reflect an adjustment of the discount rate from 7.5% (net of administrative expense) to 7.65% (without a reduction for pension plan administrative expense). In 2014, amounts reported were based on the 7.5% discount rate.

* Fiscal year 2015 was the 1st year of implementation, therefore only eight years are shown.

Notes to Schedule

Valuation date:	6/30/2013	6/30/2014	6/30/2015
-----------------	-----------	-----------	-----------

Methods and assumptions used to determine contribution rates:

Actuarial cost method	Entry age
Amortization method	Level percentage of payroll
Remaining amortization period	15 Years as of the Valuation Date
Asset valuation method	15 Year Smoothed Market
Inflation	2.75% for 2015 to 2019, 2.625% for 2020, 2.50% for 2021 and 2022.
Salary increases	Varies by Entry Age and Service
Investment rate of return	7.50% for 2015 to 2018, 7.375% for 2019, 7.25% for 2020, 7.00% for 2021 and 2022, net of pension plan investment expense, including inflation.
Retirement age	The probabilities of Retirement are based on the 2017 CalPERS Experience Study for the period from 1997 to 2015.
Mortality	The probabilities of mortality are based on the CalPERS Experience Study. Pre-retirement and Post-retirement mortality rates include 20 years of projected mortality improvement using Scale BB published by the Society of Actuaries for 2015 to 2018. For 2019, 2020, 2021 and 2022, pre-retirement and post-retirement mortality rates include 15 years of projected mortality improvement using 90% of Scale MP-2016 published by the Society of Actuaries.

* Fiscal year 2015 was the 1st year of implementation, therefore only eight years are shown.

Notes to Schedule:

Benefit changes. The figures above do not include any liability impact that may have resulted from plan changes which occurred after June 30, 2016. This applies for voluntary benefit changes as well as any offers of Two Years Additional Service Credit (a.k.a. Golden Handshakes).

Changes in assumptions. In 2017, the accounting discount rate reduced from 7.65% to 7.15%. In 2016, 2018, 2019, 2020 and 2021, there were no changes. In 2015, amounts reported reflect an adjustment of the discount rate from 7.5% (net of administrative expense) to 7.65% (without a reduction for pension plan administrative expense). In 2014, amounts reported were based on the 7.5% discount rate.

* Fiscal year 2015 was the 1st year of implementation, therefore only eight years are shown.

Notes to Schedule

Methods and assumptions used to determine contribution rates:

Valuation Date	6/30/2017	6/30/2017	6/30/2019	6/30/2019	6/30/2021
Actuarial Assumptions:					
Discount Rate	3.56%	3.62%	6.90%	6.90%	6.10%
Inflation	3.00%	2.75%	2.50%	2.50%	2.50%
Payroll Growth	3.25%	3.25%	3.00%	3.00%	3.00%
Investment Rate of Return	7.28%	6.90%	6.90%	6.90%	6.10%
Mortality Rate	Mortality rates used were those published by CalPERS, adjusted to back out 20 years of Scale BB to central year 2008.		Mortality rates used were the published CalPERS rates, adjusted to back out 15 years of Scale MP 2016 to central year 2015.		
Pre-Retirement Turnover	Must retire from CalPERS on or after age 65 with at least 10 years of service.				
Healthcare	5% to 6.5%	5% to 7.5%	4% to 5.4%	4% to 5.4%	3.9% to 5.8%

* Fiscal year 2018 was the first year of implementation.

NON-MAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special Gasoline Tax Fund – Accounts for revenue apportioned to the City from State collected gasoline taxes and expended for construction and maintenance of City streets.

Community Development Block Grant Program Fund – Accounts for monies received from the U.S. Department of Housing and Urban Development (“HUD”) and expended for development of jobs and suitable housing for low-income residents.

Housing Mortgage Revenue Bonds Fund – Accounts for fees paid by benefited developers of multifamily rental housing and used to reimburse City cost related to bond issuance and program monitoring.

Park Dedication Ordinance Fund – Accounts for park dedication fees applied to new construction and expended for acquisition of recreational land and construction of recreational facilities.

Business Improvement Fund – Accounts for fees imposed on businesses within the downtown business improvement district and expended on activities, which enhance the district as a shopping and business center.

Donation Fund – Accounts for miscellaneous donations expended for purposes agreed upon by the City and the donors.

Recycling Fund – Accounts for revenue received from County Measure D funds and grants used to support the City’s recycling program.

Narcotics Asset Seizure Fund – Accounts for funds received pursuant to federal and State narcotic and seizure laws used to support identified law enforcement activities.

Park Maintenance District Fund – Accounts for revenues from annual assessments of developers’ proportionate shares of the City’s costs for park maintenance in the areas of the developers’ projects and accounts for the actual park maintenance costs.

Measure B Local Streets and Roads – Accounts for proceeds of an additional one-half cent sales tax to be used to improve, repair and overlay city streets.

Measure B Pedestrian Fund – Accounts for revenue apportioned to the City from locally collected retail sales taxes and expended for pedestrian projects.

Measure B Paratransit Fund – Accounts for the provision of taxi and van transportation for the elderly and the handicapped.

Measure BB Fund – Supports local road improvement and repair projects, traffic congestion relief projects, local transportation technology projects, and pedestrian and bicyclist access and safety projects. Accounts for the provision of taxi and van transportation for the elderly and handicapped. An additional 1% sales tax is collected to support this program.

NON-MAJOR GOVERNMENTAL FUNDS (Continued)

Measure F Fund – Alameda County Vehicle Registration Fee was approved in November 2010. \$10 per year vehicle registration fee collection supports local road improvement and repair projects, traffic congestion relief projects, local transportation technology projects, and pedestrian and bicyclist access and safety projects.

Local Grants Fund – Accounts for grants not originating from the Federal Government and State of California.

RRAA (SBI) Fund – Accounts for revenue appropriated to the City from State of California collected gas taxes and expended for road maintenance and rehabilitation.

Rental Housing Program Fund – Accounts for transactions related to residential rent stabilization and tenant protection ordinance to mitigate displacement of Hayward residents.

Affordable Housing Fund – Accounts for transactions related to affordable housing in-lieu fees to be used for the supply of housing affordable to moderate-, low-, very low-, or extremely low-income households.

DEBT SERVICE FUNDS

Certificates of Participation – Accounts for transfers of revenue from the general and capital projects funds for payment of interest and principal on certificates of participation.

CAPITAL PROJECTS FUNDS

Route 238 Corridor Improvement Fund – Accounts for various roadway improvements along Foothill Boulevard and Mission Boulevard between northern city limits and Industrial Parkway including a downtown one way loop street system, peak hour traffic lanes, pedestrian and bicycle improvements, and landscaping enhancements.

Traffic Signal Construction Fund – Accounts for traffic signal fees paid by developers of residential housing and expended for installation of traffic signal equipment.

Performance Deposits Fund – Accounts for deposits belong to developer which will go through the entitle process for eligible expenses. Once the projects are completed, the City will either refund or bill developers for the difference.

INTERNAL SERVICE FUNDS

Internal service funds are used to finance and account for special activities and services performed by a designated department for other departments in the City on a cost reimbursement basis.

The concept of major funds does not extend to internal service funds because they do not do business with outside parties. GASB Statement 34 requires that for the Statement of Activities, the net revenues or expenses of each internal service fund be eliminated by netting them against the operations of the other City departments which generated them. The remaining balance sheet items are consolidated with these same funds in the Statement of Net Position.

However, internal service funds are still presented separately in the Fund financial statements, including the funds below.

Workers' Compensation Insurance Fund – Accounts for workers' compensation reimbursable costs.

General Liability Fund – Accounts for risk management expenses and self-insurance costs.

Facilities Management Fund – Accounts for operation, maintenance and replacement of City Hall and other city-owned buildings.

Fleet Management Fund – Accounts for operation, maintenance and replacement of vehicles.

Technology Services Fund – Accounts for operation, maintenance and replacement of Technology infrastructure and resources.

Employee Benefits Fund – Accounts for funding related to Other Post Employment Benefits (OPEB) and payments for the retiree medical stipends.

CUSTODIAL FUNDS

Custodial Funds account for assets held by the City as an agent for individuals, governmental entities, and non-public organizations. These funds include the following:

Local Improvement Districts Fund – Accounts for debt service activities for LIDs #14, #15, #16, #17 and Community Facilities District #1. The City has no commitment for the repayment of these Districts' debt.

South Hayward BART Parking District JPA – Account for related revenues and expenditures related to the Joint Powers Authority agreement between the City and Bay Area Rapid Transit (BART) for the purpose of providing parking access around the South Hayward BART station.

Other Agency Funds – Accounts for activities of Hayward Coalition for Youth and the Hayward Friends of the Library Fund.

STATISTICAL SECTION

This Page Left Intentionally Blank

STATISTICAL SECTION

The statistical section of the City's Annual Comprehensive Financial Report presents detailed information as a context for understanding the information in the financial statements, note disclosures, and required supplementary information. This section provides a history of the City's overall financial health. In contrast to the financial section, the statistical section information is not subject to independent audit.

Financial Trends

These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time:

1. Net Position by Component
2. Changes in Net Position
3. Fund Balances of Governmental Funds
4. Changes in Fund Balance of Governmental Funds

Revenue Capacity

These schedules contain information to help the reader assess the City's most significant local revenue source, the property tax:

1. Assessed and Estimated Actual Value of Taxable Property
2. Property Tax Rates, All Overlapping Governments
3. Principal Property Taxpayers
4. Property Tax Levies and Collections

Debt Capacity

These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future:

1. Ratio of Outstanding Debt by Type
2. Computation of Direct and Overlapping Debt
3. Computation of Legal Bonded Debt Margin
4. Revenue Bond Coverage Wastewater Revenue Bonds
5. Bonded Debt Pledged Revenue Coverage, Tax Allocation Bonds

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place:

1. Demographic and Economic Statistics
2. Principal Employers

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs:

1. Full-Time Equivalent City Government Employees by Function
2. Operating Indicators by Function/Program
3. Capital Asset Statistics by Function/Program

Sources

Unless otherwise noted, the information in these schedules is derived from the Annual Comprehensive Financial Reports for the relevant year.

NOTE:

- (a) The State Constitution requires property to be assessed at one hundred percent of the most recent purchase price, plus an increment of no more than two percent annually, plus any local over-rides. These values are considered to be full market values.
- (b) California cities do not set their own direct tax rate. The state constitution establishes the rate at 1% and allocates a portion of that amount, by an annual calculation, to all the taxing entities within a tax rate area.
- (c) Total assessed represents gross amount of the total assessed valuation of the taxable property.

NOTE:

- (1) The percentage of overlapping debt applicable to the city is estimated using taxable assessed property value. Applicable percentages were estimated by determining the portion of the overlapping district's assessed value that is within the boundaries of the city divided by the district's total taxable assessed value.
- (2) Excludes tax and revenue anticipation notes, enterprise revenue, mortgage revenue and non-bonded capital lease obligations. Qualified Zone Academy Bonds are included based on principal due at maturity.
