

## **Name change is stupid idea**

**THE NAME** change of CSUH is the stupidest thing I've ever heard.

Money is in short supply for education, so how would you sell a name change? That costs money for letterhead, desk stamps, road signs, even bus schedules and the little bushes that spell out CSUH.

They should ask Ms. Rees to find another line of work; don't our children deserve the very best education has to offer in the form of first-rate instructors, reasonably priced books and free parking?
