

Letter to the Editor

Good Job

Dear Editor:

Congratulations on your excellent front page and your editorial page of Jan. 20, 2005.

You demonstrate conclusively that the CSUEB administration's disrespect for current students, faculty and staff provides lots of ammunition to transfer to other CSU campuses. And lots of ammunition to current students, faculty and staff to encourage potential future students, faculty and staff to apply first

to the other CSUs ... to consider CSUH/CSUEB only as the CSU of last resort.

The disdain of the administration for students, faculty, and the California Public Records Act is as palpable as is its own conceit. If patriotism is the last refuge of national scoundrels, then secrecy is the last refuge of academic scoundrels.
