

Downloadable Bestseller & Audio eBooks @ Your Library

What is this collection?

- Ø This is a collection of bestseller text eBooks (presented in either Adobe or Mobipocket format) and audio eBooks (presented in Windows Media format).

How do I access the collection?

- Ø You can get to this collection by looking for a link on your library's website or you can go directly to: <http://califa.lib.overdrive.com>

Can I download these eBooks?

- Ø All text eBooks are downloadable to your personal Windows or Mac computer, laptop, or other portable device. Audio eBooks are only downloadable to your personal Windows computer, laptop, or other portable device.

How long do I get to "check out" the eBooks?

- Ø eBooks are checked out for three weeks at a time. When the eBook is due, it will automatically expire and be checked in. After a book has expired, you will not be able to open it; you may now delete it. If you plan to check the book out again, you can avoid the download process in the future when you go to check it out again by leaving the inactive file on your computer. You can never accrue late fees with eBooks!

What portable devices and systems are supported?

- Ø Adobe Reader runs on many Windows and some Macintosh computers, as well as on many PDAs.
- Ø Mobipocket runs on Windows computers as well as SmartPhones and most PDAs (but you can transfer Mobipocket files from a Mac to a portable device).
- Ø A list of devices that support Windows Media Format (for the audio books) can be found here: <http://www.microsoft.com/windows/windowsmedia/devices/alldevices.aspx> Please note: audio books are not compatible with Macintosh computers or with the Apple iPod.

Do you recommend any devices?

- Ø Our apologies, but the library cannot recommend any specific devices.

How do I select eBooks to read?

- Ø Browse and search the eBook collection from your library's website. You can browse fiction and non-fiction, and search by keyword, title, author, format, and more.
- Ø Review the description, size, author, and format information. eBooks are available in Adobe Reader, Mobipocket Reader, and Windows Media formats.
- Ø Add your selections to your eBook bag. You can download up to 5 eBooks at a time.
- Ø After selecting eBooks, click on the "Proceed to Checkout" link.
- Ø Enter your library card number, without spaces.
- Ø Click on the "Download" button to begin the download process.

How can I download an Adobe eBook?

- Ø You will need to download and install the latest version of the free Adobe Reader software to your Windows or Mac computer, available at: <http://www.adobe.com/products/acrobat/readstep2.html> Even if you already have Adobe Reader software, make sure you have Adobe Reader 7.
- Ø You will also be required to activate Adobe Reader. Adobe Reader "Easy Activation" happens the first time you download and open an eBook, and allows users to read eBooks on that computer. Adobe Reader "Named Activation" requires name and email information, and allows users to access Adobe eBooks on multiple devices.
- Ø Adobe Reader should open automatically. When the download is complete, you will be able to read the eBook right away.

- Ø You don't need to be connected to the internet to read eBooks in your Bookshelf. In Adobe, go to "File," then "Digital Editions," then "My Digital Editions." The books you check out from the library will appear here. Double click an eBook to begin reading.

How can I download a Mobipocket eBook?

- Ø You will need to download and install the free Mobipocket Reader application on your Windows or Mac computer and your device. Refer to your owner's manual to install PDA applications. Download the free Mobipocket Reader application here:
<http://www.mobipocket.com/en/DownloadSoft/DownLoadReaderStep1.asp>
- Ø Mobipocket requires that you register the PID (Personal Identification Number) for up to three devices at the eBook site.
- Ø When the download is complete, click "Open."
- Ø The Mobipocket Reader for PC includes a "Send to PDA" option that enables the smooth transfer of titles to any supported PDA.
- Ø All of the Mobipocket eBooks you have loaded on your PDA are accessible from the "Library" icon.

How can I download an audio eBook?

- Ø You will need to download and install the free OverDrive Media Console on your personal Windows computer (not compatible with Macs). Download the application here:
<http://www.overdrive.com/MediaConsole/download.asp>
- Ø The first time you use the OverDrive Media Console, you must upgrade the security of your Windows Media Player. This upgrades the Digital Rights Management components.
- Ø After you click on "Download", the OverDrive Media Console will open and ask you to specify a download location (or leave the default file path) and click "OK."
- Ø In the "Download Part(s)" dialog box, choose which part(s) you would like to download by placing a checkmark next to the desired part(s), then click the "OK" button.
- Ø When the book has finished downloading, click the "Play" button in OverDrive Media Console. The "OverDrive Media Explorer™" window is displayed and the file will play.
- Ø To transfer the file to a portable device (e.g. audio player) go to the OverDrive Media Console, highlight a book and click the "Transfer/burn" button.
- Ø Windows Media Player will open. You need to be running Windows Media Player 9 series or higher. Depending on your version of Windows Media Player, the next steps will vary. You will need to turn off skin mode if necessary, choose which parts of the book you want to transfer, and then click on "Copy" or "Start Sync."

How can I burn CDs of the audio eBooks?

- Ø In OverDrive Media Console, highlight a book and click the "Transfer/burn" button.
- Ø Windows Media Player opens.
- Ø Turn off skin mode if necessary, and click the "Copy to CD or Device" button.
- Ø Depending on your version of Windows Media Player, the next steps will vary. You will need to choose which parts of the book you want to transfer and then click on "Copy to CD or Device" or "Start Burn."

Can I place a hold on titles that are checked out?

- Ø Yes! If an eBook is not available, you can be added to the waitlist. You will be notified by e-mail when it's available. Once the title you have placed on hold becomes available for check out, you will receive an email indicating the digital book is available. If 48 hours elapse from the time you receive the email, and you have yet to check out the title, the book is returned to the collection of available titles, making it available to other patrons.

Where can I get more help?

- Ø Click the "Help" link in the upper left corner of the eBooks site.
- Ø For help using the Adobe Reader software, open the application, go to "Help," and choose "Adobe Reader Help." Go to the index and find the "Digital Editions" section.
- Ø For Adobe Reader "Frequently Asked Questions" go to:
<http://www.adobe.com/support/techdocs/30f36.htm>
- Ø For help using the Mobipocket Reader, open the application, click the pull down menu in the upper left, and select "Help."
- Ø For Mobipocket "Frequently Asked Questions" go to:
<http://www.mobipocket.com/en/Support/default.asp>
- Ø For help using the OverDrive Media Console, go to:
<http://www.overdrive.com/mediaconsole/download.asp>
