
Automated License Plate Readers (ALPRs)

429.1 PURPOSE AND SCOPE

Automated License Plate Reader (ALPR) technology, also known as License Plate Recognition, provides automated detection of license plates. ALPRs are used by the Hayward Police Department to convert data associated with vehicle license plates for official law enforcement purposes, including identifying stolen or wanted vehicles, stolen license plates and missing persons. ALPRs may also be used to gather information related to active warrants, homeland security, electronic surveillance, suspect interdiction and stolen property recovery.

429.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 41.3.9

429.2 ADMINISTRATION OF ALPR DATA

All installation and maintenance of ALPR equipment, as well as ALPR data retention and access shall be managed by the Support Services Division Commander. The Support Services Division Commander will assign personnel under his/her command to administer the day-to-day operation of the ALPR equipment and data.

429.3 ALPR OPERATION

Use of an ALPR is restricted to the purposes outlined below. Department personnel shall not use, or allow others to use the equipment or database records for any unauthorized purpose.

- (a) An ALPR shall only be used for official and legitimate law enforcement business.
- (b) An ALPR may be used in conjunction with any routine patrol operation or criminal investigation. Reasonable suspicion or probable cause is not required before using an ALPR.

Examples of authorized purposes include but are not limited to:

1. Locating stolen, wanted and subject of investigation vehicles;
2. Locating and apprehending individuals subject to arrest warrants or otherwise lawfully sought by law enforcement;
3. Locating witnesses and victims of violent crime;
4. Locating missing children and elderly individuals, including responding to Amber and Silver Alerts;
5. Supporting local, state, federal, and tribal public safety departments in the identification of vehicles associated with targets of criminal investigations, including investigations of serial crimes;
6. Protecting participants at special events; and
7. Protecting critical infrastructure sites.

Policy Manual

Automated License Plate Readers (ALPRs)

(c) While an ALPR may be used to canvass license plates around any crime scene, particular consideration should be given to using ALPR-equipped cars to canvass areas around homicides, shootings and other major incidents. Partial license plates reported during major crimes should be entered into the ALPR system in an attempt to identify suspect vehicles.

(d) No ALPR operator may access California Law Enforcement Telecommunications System (CLETS) data unless otherwise authorized to do so.

(e) If practicable, the officer should verify an ALPR response through CLETS before taking enforcement action that is based solely on an ALPR alert.

429.4 ALPR AUTHORIZED USERS AND TRAINING

(a) No member of this department shall operate ALPR equipment or access ALPR data without first completing department-approved training.

(b) The following classifications are authorized to be trained in the use of the ALPR system:

1. Duly sworn peace officers
2. Professional staff whose duties require or call for the use of the system or data; examples: Community Service Officers (assigned to investigative positions) or Crime Analysts

(c) Training in the use of the system shall consist of:

1. Privacy and civil liberties protections;
2. Legal authorities, developments and issues involving the use of ALPR Data and technology;
3. Current HPD Policy regarding appropriate use of ALPR Systems;
4. Technical, physical, administrative and procedural measures to protect the security of ALPR Data against unauthorized access or use; and
5. Practical exercises in the use of the ALPR system.

429.5 ALPR DATA COLLECTION, RETENTION AND DISSEMINATION

Information collected by ALPR is categorized as one of two types.

(a) **DETECTIONS:** Detections are the records including images and data (date, time and location) gathered by ALPR field units.

(b) **HITS:** Are the notices from the system alerting the operator of a match between the license plate captured and a listing on one of the hot lists.

(c) **RETENTION OF DATA:** All data and images gathered by an ALPR are for the official use of the Hayward Police Department and because such data may contain confidential CLETS information, it is not open to public review. ALPR information gathered and retained by this department may be used and shared with prosecutors or others only as permitted by law.

The Support Services supervisor is responsible to ensure proper collection and retention of ALPR data, and for transferring ALPR data stored in department vehicles to the department server on a regular basis, not to exceed 30 days between transfers.

All ALPR data downloaded to the server should be stored for a minimum of one year (Government Code § 34090.6), and thereafter may be purged unless it has become, or it is reasonable to believe it will become, evidence in a criminal or civil action or is subject to a lawful action to produce records. In those circumstances the applicable data should be downloaded from the server onto portable media and booked into evidence.

All ALPR HIT records are maintained indefinitely.

(d) **DISSEMINATION:** The Hayward Police Department may disseminate ALPR data to any government entity with an authorized law enforcement or public safety purpose for access to such data. The Hayward Police Department assumes no responsibility or liability for the acts or omissions of other agencies in making use of the ALPR data properly disseminated. Though the Hayward Police Department will make every reasonable effort to ensure the quality of shared ALPR Data and hotlists, it cannot make absolute guarantees of the accuracy of information provided.

429.6 ACCOUNTABILITY AND SAFEGUARDS

All saved data will be closely safeguarded and protected by both procedural and technological means. The Hayward Police Department will observe the following safeguards regarding access to and use of stored data:

(a) All non-law enforcement requests for access to stored ALPR data shall be referred to the Records Administrator and processed in accordance with applicable law.

(b) All ALPR data downloaded to the mobile workstation and server shall be accessible only through a login/password-protected system capable of documenting all access of information by name, date and time.

Policy Manual

Automated License Plate Readers (ALPRs)

(c) Persons approved to access ALPR data under these guidelines are permitted to access the data for legitimate law enforcement purposes only, such as when the data relate to a specific criminal investigation or department-related civil or administrative action.

(d) Such ALPR data may be released to other authorized and verified law enforcement officials and agencies at any time for legitimate law enforcement purposes.

(e) ALPR system audits should be conducted on a regular basis.

429.7 REVISIONS

Enacted: March 31, 2015
