RFP #1716-061317

Request for Proposals for:

ENVIRONMENTAL AND DEVELOPMENT CONSULTING SERVICES
SELECT ROUTE 238 PROPERTIES-HAYWARD

Proposals must be received no later than:

Monday, July 10, 2017 at 3:30 P.M., PST

Deliver responses to the City of Hayward Finance Department, care of:

Maria Carrillo, Purchasing Manager
Maria.Carrillo@Hayward-CA.GOV
777 B Street (3rd Floor)
Hayward, CA 94541

APPENDIXS:
   Appendix A – Caltrans Route 238 Properties
   Appendix B - Mission/Carlos Bee Properties
   Appendix C - Foothill/Grove Properties

qualifiEXHIBITS:
   Exhibit A – City of Hayward Professional Services Agreement – EXAMPLE
   Exhibit B – General Provisions
   Exhibit C – Non-Discriminatory and Affirmative Action Statement
   Exhibit D – Affirmation of Non-Nuclear Weapons Statement
NOTICE IS HEREBY given that the City of Hayward will accept sealed proposals for Environmental and Development Consulting Services in accordance with the general provisions for purchase of work and services on file in the office of the Purchasing Department, 777 B Street, Hayward, CA 94541, where copies of said conditions and specifications may be inspected or obtained. All proposals must be in the format specified, enclosed in a sealed envelope and clearly identified with RFP title, number, company name and due date.

Deliver proposals to the Purchasing Department at the address indicated above on or before July 10, 2017 @ 3:30 p.m., PST It is the sole responsibility of the proposing firm to ensure that proposals are received prior to the closing time as late bids will not be accepted and will be returned unopened.

OBJECTIVE

The City’s Objective for this project is to create an economic catalyst project that maximizes the City’s return on investment with a quality development over short and midterm timelines. The intent is to establish a master plan vision for this opportunity site, complete environmental review pursuant to California Environmental Quality Act (CEQA), and market the development opportunity to find a qualified developer. A detailed description of the products and services required are contained in the Scope of Work.

Please submit your RFP response in the following format:
   a. One (1) Original and four (4) bound copies of the proposal on 8 ½ x 11 paper with section separators.
   b. One (1) electronic copy on a USB Flash Drive.

Proposals shall be submitted in a package marked “Proposal for City of Hayward – RFP# 1716-061317, Environmental and Development Consulting Services.

Send or deliver copies to the following:

City of Hayward-Finance Department
Attn: Maria Carrillo, Purchasing Manager
777 B Street (3rd Floor)
Hayward, CA 94541

Submission of a proposal shall constitute acknowledgment and acceptance of all terms and conditions contained in this RFP and all exhibits and attachments hereto.

COMMUNICATION REGARDING THIS RFP

All communication from responding vendors regarding this RFP must be in writing by email to Maria.Carrillo@hayward-ca.gov and copy to micah.hinkle@hayward-ca.gov. Communication by telephone or in person will not be accepted. Attempts by or on behalf of a prospective or existing vendor to contact or to influence any member of the selection committee, any member of the City Council, or any employee of the City of Hayward with regard to the acceptance of a proposal may lead to elimination of that vendor from further consideration.
INQUIRIES

All inquiries related to this RFP are to be directed, in writing, to the contact person at the mailing address on the front cover of this RFP. Information obtained from any other source is not official and should not be relied upon. All inquiries related to the RFP process will be shared in writing with all perspective consultants.

LAST DAY FOR QUESTIONS

The last day to submit questions is Monday, June 26, 2017 at 11:00 am. This will allow sufficient time for any addenda to be issued by the City to all bidders. All questions regarding this bid package must be submitted in writing and should be direct to:

Maria Carrillo, Purchasing Manager
maria.carrillo@hayward-ca.gov

And copy to:
Micah Hinkle, Economic Development Manager
micah.hinkle@hayward-ca.gov

CLOSING DATE

Complete hard copies and one electronic copy of each response must be received before 3:30 p.m. on Friday, July 10, 2017 at the address on the front cover of this RFP. Responses must not be sent by facsimile. Responses and their envelopes should be clearly marked with the name and address of the respondent and the project or program title. Late or incomplete submissions will not be accepted for consideration.

SECTION 2 - BACKGROUND

CITY BACKGROUND

The City of Hayward is an economically and ethnically diverse city of approximately 150,000 residents within 45.32 square miles on the eastern edge of the San Francisco Bay. As a regional center of retail, industrial, and public activities, Hayward combines hometown atmosphere, ideal climate, cultural attractions, parks and recreational facilities, with easy access to suppliers and customers throughout the Bay Area and beyond.

The city is known as the “Heart of the Bay” because of its central location in Alameda County—25 miles southeast of San Francisco, 14 miles south of Oakland, 26 miles north of San Jose and 10 miles west of Pleasanton and surrounding valley communities. Hayward has two BART stations, an Amtrak station, its own executive airport and an extensive network of freeways and bus lines all of which provide easy access to the San Francisco, Oakland, and San Jose international airports. In addition, Hayward is home to California State University – East Bay.
PROJECT IMPETUS

In the mid-1960s, Caltrans purchased over 400 parcels of property for the construction of the then-planned 238 Bypass Freeway project. In 1971, the community filed a lawsuit to stop the planned 238 Bypass Freeway and as a result, Caltrans declared the project dead and abandoned. Almost forty years later, through multiple party agreements and special legislation, Caltrans started to divest itself of the State-owned properties and opened surplus property sales.

In order to facilitate a more expeditious approach in property disposition and provide City vision and context for potential development, the City approached Caltrans with a purchase and sale offer to assume the large commercial/residential lands that run along Foothill and Mission Boulevard (See Exhibit E). The City was successful in negotiating a purchase and sale agreement with Caltrans. With the resurgence in the economy and the potential availability of vacant and underdeveloped land, the City has received multiple development inquiries about these parcels.

PURPOSE FOR REQUEST

Given the complexities of planning and developing large swaths of land, the City is looking for a multi-disciplinary consultant team that can assist the City with environmental and development-related consulting services for two cluster areas on Mission and Carlos Bee and Foothill and Grove (see Exhibit F and G). General project scope items would include: coordinated project management; site planning expertise; architecture; development feasibility/constructability; environmental services related to CEQA evaluation; and market analysis. The intent is to evaluate the subject properties and determine the optimal development scenario or scenarios and conduct environmental analysis pursuant to CEQA to determine the development allowances taking into account market feasibility and site conditions. These properties were part of a program level EIR which was completed in 2009. The baseline development assumptions were part of the City’s General Plan Update which was adopted in 2014.

Both property clusters are along sloped terrain and have various densities and zoning allowances. The Carlos Bee cluster is adjacent to California State University - East Bay and approximately one-mile to Downtown Hayward. The Foothill and Grove properties are adjacent to and part of the Alameda County jurisdiction. Both property clusters are located along regional serving Highway 238 that runs through Union City and Fremont to the south and San Leandro to the north. Some of the subject properties along the Mission Boulevard Corridor have the highest development potential in the City of Hayward. The properties have the potential for a master planned development concept providing a mixture of housing types and commercial development options.
SECTION 3 - SCOPE OF WORK AND REQUIREMENTS

SCOPE OF WORK

The City will engage a highly-qualified and experienced multi-disciplinary consulting firm to prepare the following scope of work items. It is anticipated that the selected consultant will need to complete multiple tasks that are generally focused within three phases concluding with work product deliverables: 1) Opportunities and Constraints Analysis; 2) Conceptual Site Design; 3) Environmental Review; and potentially 4) Permit process assistance (Optional Task).

Bidders are encouraged to refine and augment this scope of work as necessary to achieve the goals and objectives of this project.

Task 1: Kick-Off Meeting & Project Management Plan

The objective of this task is to meet with City staff to discuss project goals, objectives, key milestones, and data needs. The consultant shall schedule a kick-off meeting to be held at City Hall. The consultant shall prepare and transmit a draft Project Management Plan (PMP) prior to the meeting. The PMP will include a schedule for all tasks and identify deliverables and progress reporting dates. The consultant shall receive feedback on the draft PMP and submit a final PMP within 7 working days following the kick-off meeting.

Deliverable 1: Draft and Final Project Management Plan

Task 2: Environmental Constraints Analysis

The consultant will need to identify site specific environmental constraints that will assist in development of the conceptual site plan and design. The project area includes three separate parcels that have various development potential and site constraints. The City has completed some environmental studies related to the project area which are attached as Exhibit 4. It is anticipated that additional studies and information will be necessary for constraints analysis and a compliant CEQA document which includes, but is not limited to, studies and analysis on:

1) Seismic and Geological Hazards
2) Hazardous Materials
3) Biological Resources
4) Hydrology
5) Land use and Zoning
6) Utilities and Infrastructure
7) Cultural Resources
8) Air Quality/GHG Emissions
9) Noise
10) Transportation

Deliverable 2: Draft and Final Environmental Constraints Report
Task 3: Economic Market Assessment

A market assessment will need to be prepared to inform site planning and design. The market assessment will assist in development of a desired mix and type of commercial and housing products including densities, floor area-ratios, lot sizes, parking, and commercial floor plates. The market assessment shall include the following:

Housing Supply/Demand:
- Existing local and regional housing supply
- Housing supply analysis with housing profile of types of housing products that have been recently completed or are planned in Hayward and the surrounding market areas, including sales and rental pricing, vacancy rates, absorption rates, household characteristics of renters and buyers.
- Market trends analysis of highest and best use of product type based on established City project goals.

Commercial Supply/Demand:
- Existing local and regional commercial (office, retail) supply
- Commercial supply analysis with commercial products that have been recently completed or are planned in Hayward or surrounding market areas. Supply analysis shall include grocery stores and local-serving retail, including a profile of the local competitive supply and tenants.
- The analysis shall also include local and regional demographic trends including the opportunity site in order to estimate the total amount of demand for commercial development.

Deliverable 3: Draft and Final Economic Market Assessment Memo

Task 4: Conceptual Site Planning and Design

Utilizing the environmental constraints and market analysis, the consultant shall develop conceptual site plans with feedback from the City project team. The intent is to develop a Master Plan concept for the property clusters given their proximity. The key focus is creating a sense of place and incorporating connectivity and resident and neighborhood amenities of surrounding assets to the project area. The concept plan would be utilized for both environmental analysis and marketing of the project area to a master developer or separately to individual developers specializing in the desired product types.

The project site plan and concept plans are a critical component of the project. It is anticipated that the project would include three product types including commercial, single-family, multi-family, and mixed-use residential/commercial. The concept site plan and design will include preliminary site development plans for the anticipated product types identifying maximum/minimum building coverage, floor area ratios, parking, landscape, and open space requirements. In addition, the consultant shall provide exterior elevations and renderings of the product types for the focus areas. Given the slope and access of the project areas, preliminary grading studies and preliminary utility/public infrastructure studies will be needed for site layout.

Deliverable 4.1: Interim iterations of site plans per project areas with the development of three concept level designs per area
Deliverable 4.2: Consultant presentation to City Council of Preferred Concept Site Plan and Designs
Task 5: Master Development Plan

Based on feedback from the City Council, the preferred concept site plans for the sites will be consolidated into an overall Master Development Plan (MDP). The MDP will illustrate the character and connectivity of the project area and development of a project theme with the intent of creating a unique identity of the overall MDP with cohesive place making elements through architecture, landscaping, signage, open space, pedestrian connectivity, and project amenities. The MDP will need to include project design standards that provide guidance to help the three properties maintain the character sought for the MDP.

The MDP will also need to include a preliminary site construction cost projections for the three separate properties. The estimate is intended to assist in the market analysis with financial data. The estimates will include quantities, unit price, and total item cost for the following site construction items:

- Site clearing
- Tree removal
- Site grading
- Water service connections
- Fire hydrants
- Sewer service connections
- Sewer manholes
- Sewer cleanouts
- Storm drain system connections
- Storm Manholes
- AC paving for streets and parking areas
- Curbs and gutters
- Concrete sidewalks and other paved and unpaved pedestrian areas
- Streetlights
- Site landscaping
- Traffic Control Devices (if needed)
- Erosion control
- Joint utility trenching including fiber conduit
- Power Infrastructure

Deliverable 5: Draft and Final Master Development Plan

Task 6: Environmental Review

Upon completion of the conceptual site plan and design work establishing the density range and commercial square footage, the Consultant will need to complete environmental review pursuant to the California Environmental Quality Act (CEQA). Utilizing the environmental constraints report from Task 1, the consultant will need to conduct an initial study to determine the appropriate level of CEQA analysis. As mentioned previously, the project area has some of the highest development capacities in the City of Hayward. It is anticipated the site constraints analysis will further define the buildable property areas and environmental constraints will likely reduce the anticipated development potential of the project area and be within the buildout projections and assumptions of the General Plan EIR allowing the potential for an Addendum to the General Plan EIR or Mitigated Negative Declaration.

Deliverable 6.1: Draft and Final Initial Study
Deliverable 6.2: Mitigated Negative Declaration or Addendum to EIR (To be Determined through process)
Deliverable 6.3: Mitigation Monitoring and Reporting Program (To be Determined through Process)

Qualifications

Applicants must provide evidence of relevant experience and expertise in providing professional and technical services pertaining to environmental and development services. Specific eligibility criteria for qualified consultant firms are as follows:
1. Must be recognized for CEQA analysis and provide environmental and development related services for both public and private clients and authorized to do business in the State of California.

2. Must have proven experience in project management for large development projects and have experience in preparing reports and technical studies along with design experience with master planned developments and urban mixed-use projects.

3. Must employ at least one principal or senior staff member who is a licensed Architect who has experience with due diligence studies, project entitlements, site planning, and master planning.

**Task 7: Permit Review and Processing (Optional Task)**

Depending on City needs and overall firm’s qualifications, the City may elect to an optional task item for permit review and processing services. This task would include project management, processing of development entitlements pursuant with direction from City Development Related Departments.

**SECTION 4 – PROPOSAL FORMAT**

To ensure fair and accurate consideration, all submitted proposals must include the following minimal requirements. Proposals with missing items will not be considered.

- **Cover Letter**
  The cover letter must designate a primary point of contact who is authorized to answer questions about the proposal. Please provide this person’s name, title, address, phone number, email address, and qualifications for acting in this capacity. The letter should not exceed four pages and should summarize key elements of the proposal.

- **Project Team**
  Provide the contact information and current resumes for the project manager and personnel that will
be assigned to this project. Indicate the organizational structure of the team by outlining key roles, lines of authority, and the percentage of total time (vis-à-vis other concurrent projects) each member will spend on the project. Please also identify any and all sub-contractors and their role in the project, including all the aforementioned information.

- **Description of Experience**
  Provide background on the firm and its experience in environmental and development consulting services. Please highlight specific experiences with municipal or private developments and any familiarity with Hayward, Alameda County, or the Bay Area. Provide a summary of similar completed projects which includes client name, project description, project team, date completed and total cost.

- **References**
  Provide the names and contact information of five relevant local government or developer clients for which the firm provided similar consulting services.

- **Description of Technical Approach**
  Provide a narrative describing the technical approach the firm will take to provide services outlined in the Scope of Work. This should include a description of how the firm intends to identify and execute each task, what are the specific deliverables, who would staff the project, how the project will be completed.

- **Schedule**
  The firm should provide a timeline for the preparation and implementation of the various activities described in the scope and requirements. The schedule should identify milestones, meetings, and specific deliverables. It is estimated the project will be completed within six months or less from contract initiation.

- **Cost**
  Provide an itemized cost analysis for the entirety of the project period, including billable rates for all personnel assigned to the project, materials, etc. Please break down costs on a “not-to-exceed” basis. Include a breakdown of hours and cost by task and staff.

---

**SECTION 5 - EVALUATION PROCEDURES AND CRITERIA**

**SELECTION PROCESS**

A review committee will evaluate all responses to the RFP that meet the submittal requirements and deadline. Submissions that do not meet the requirement or deadline will not be considered. The review committee will rank the responses and arrange interviews with the finalists prior to selection.

The sole purpose of the evaluation process is to determine which solution best meets the City’s needs. The evaluation process is not meant to imply that one Respondent is superior to any other, but rather that the selected organization(s) can provide, and has responded with the best solution and implementation approach for the City’s current and future service needs.
If a single finalist does not emerge after the initial review, the City may form a selection committee to interview a limited number of finalists. The City reserves the right to request additional information or materials from bidding parties if necessary to determine the winning organization.

**SELECTION CRITERIA**

It is the City’s intent to find a firm that provides the best overall qualifications to the City. **This RFP does not in any way limit the City’s right to solicit contracts for similar or identical services if, in the City’s sole and absolute discretion, it determines the list is inadequate to satisfy its needs.** The following criteria will guide the evaluation process:

- Quality and thoroughness of the proposal
- Experience and past performance in successfully fulfilling contracts of a similar type, size, and complexity
- Experience and heavily weighted involvement of senior-level subject-matter experts
- The quality of example materials and any presentation requested by involved city officials.
- Demonstrated capacity to deliver high-quality work within a predetermined timeline and budget
- Relevant experience with municipal and private development projects
- Cost and budget proposal
- Project Timelines/Consultant Availability

<table>

</table>
| **Project Management**        | • Project Manager’s experience on similar successful projects  
• Strength of Project Manager’s references  
• Project Manager’s/team’s oral communication skills                                                                                     |
| **Project Understanding**     | • Understanding of environmental reporting needs of municipalities, specifically those similar in size and complexity to Hayward  
• Identification of key project success factors                                                                                              |
| **Approach**                  | • Approach to key project success factors and scope expected to result in attainment of project goals  
• Approach considered cost-effective                                                                                                          |
| **Qualifications of Firm/Team** | • Firm’s experience on similar successful projects  
• The lead staff to be assigned to the City’s project, individually have had a similar role in at least one of the prior project descriptions submitted  
• Prior project descriptions clearly demonstrate successful completion of a minimum of two (2) and a maximum of three (3) California-based environmental work projects, within the last five (5) years of the date of this RFP  
• Team members worked together successfully on similar projects  
• Labor costs of key team members commensurate with qualifications  
• A certification statement is submitted that it holds all licenses                                                                             |
and registrations required by applicable federal and state laws
for businesses offering environmental services; required licenses
and registrations must be current and in good standing
- A Legal Disclosure Certificate is submitted related to conflicts of
interest, pending litigation or services termination

| Responsiveness | • Submission consistent with ALL RFP requests
|                | • Interview presentation consistent with RFP

| Appropriateness of Cost | • Fee within reason given the scope of the project

If selected, the firm will be required to sign a professional services contract and provide evidence of insurance coverage.

The City reserves the right to select a vendor based solely on the information submitted in the proposal and to make a contract award without any further discussion with the Vendors regarding the responses received. Therefore, responses should be submitted initially on the most favorable terms available to the City from a price, contractual terms and conditions, and technical standpoint. The City also reserves the right to conduct discussions with vendors who submit proposals. The City is not under any obligation to reveal to a vendor how a response was assessed or to provide information relative to the decision making process.

The City reserves the right to reject any and all proposals, to contract work with whomever and in whatever manner the City decides, to abandon the work entirely and to waive any informality or non-substantive irregularity as the interest of the City may require, and to be the sole judge of the selection process. The City also reserves the right to negotiate separately in any manner to serve the best interest of the City. The City retains the right at its sole discretion to select a successful vendor.

INTERVIEW FORMAT

The interview format and duration has not been determined. Firms being invited to interview will be informed of the interview format before July 14, 2017.

REFERENCE CHECKS

Reference checks using information from RFP for prior project descriptions may be used to determine the applicability of Respondent’s experience to the services the City is requesting and the quality of services and staffing provided to prior clients, as well as adherence to schedules/budgets and Respondent’s problem-solving, project management, and communication abilities, as well as performance on deliverables and outcomes, and effectiveness in meeting or exceeding project objectives.

The City will review all proposals received as part of a structured evaluation process. For each decision point in the process, the City will evaluate proposers according to specific criteria and will then elevate a certain number of proposers to compete in the next level.

The sole purpose of the proposal evaluation process is to determine which solution best meets the City’s needs. The evaluation process is not meant to imply that one proposer is superior to any other, but rather that the selected proposer can provide and has proposed the best solution and implementation approach for the City’s current and future system needs.
A review committee will evaluate all responses to the RFP that meet the submittal requirements and deadline. Submittals that do not meet the requirement or deadline will not be considered. The review committee will rank the proposals and may arrange interviews with the finalist prior to selection. The evaluation of proposals will be based on a fair, impartial, and competitive selection process in which the evaluation of proposals will not be limited to price alone. Technical merit will be the primary consideration in the selection process.

SECTION 6 – TERMS AND CONDITIONS

CONFLICT OF INTEREST

A conflict of interest occurs when a staff member or consultant attempts to promote a private or personal interest that results in an interference with the objective exercise of his/her job responsibilities, or gains any advantage by virtue of his/her position with the City. Conflicts of interest may be real, potential or perceived.

The respondent should disclose conflicts of interest, in writing, to the review committee who will consider the nature of the respondent’s responsibilities and the degree of potential or apparent conflict in deciding the course of action that the respondent needs to take to remedy the conflict of interest.

Each Consultant selected will be required to comply with the filing requirements in accordance with the City’s local Conflict of Interest Code. These requirements include the mandatory filing of an annual Form 720 Statement of Economic Interests.

AWARD OF CONTRACT

The City reserves the right to accept or reject any or all Proposals, or to alter the selection process in any way, to postpone the selection process for its own convenience at any time, and to waive any defects in the Proposals. The City also reserves the right to accept or reject any individual sub-consultant that a candidate proposes to use.

This RFP and the interview process shall in no way be deemed to create a binding contract or agreement of any kind between the City and the Consultant nor shall it create any entitlement or property right. By submitting a response to this RFP, the successful Consultant(s) agrees to execute an agreement with the City in substantially the form attached to this RFP as Attachment “A”. The City reserves the right to negotiate any and all terms of the agreement, including the Term, Scope of Service, and Compensation.

Each candidate submitting a Proposals in response to this RFP acknowledges and agrees that the preparation of all materials for submittal to the City and all presentations, related costs and travel expenses are the candidate’s sole expense and the City shall not, under any circumstances, be responsible for any cost or expense incurred by the candidate. In addition, each candidate acknowledges and agrees that all documentation and/or materials submitted with the SOQ shall remain the property of the City.

Each candidate should be aware that although the California Public Records Act recognizes that certain confidential trade secret information may be protected from disclosure, the City might not be in the position to establish that the information, which a candidate submits, is a trade secret. If a request is made for information marked “confidential”, the City will provide the candidate who submitted such information
with reasonable notice to allow the candidate to seek protection from disclosure by a court of competent jurisdiction. Although the City will make a reasonable effort to preserve the confidentiality of documents so marked, inadvertent disclosures may occur and by submitting a Request for Proposals, the submitting consultant agrees to hold the City of Hayward harmless from such disclosures.

The selected Consultant(s) shall procure at its own expense, and keep in effect at all times during the term of any agreement with the City, the types and amounts of insurance as specified in Attachment “B” to this RFP.

Being selected or rejected under this solicitation will not preclude the Consultant from being considered for any other related opportunity advertised by the City.

OTHER TERMS AND CONDITIONS

The selection of any Respondent for contract negotiations shall not imply acceptance by the City of all terms of the response, which may be subject to further negotiation and approvals before the City may be legally bound thereby.

If a satisfactory contract cannot be negotiated in a reasonable time with any Respondent, then the City, in its sole discretion, may terminate negotiations and begin contract negotiations with any other remaining Respondents.

Due to the varied nature of the services to be performed, the City reserves the right to contract with any, all, or none of the Respondents.

The City, in its sole discretion, has the right to approve or disapprove any staff person assigned to a firm’s project(s) before and throughout the contract term. The City reserves the right at any time to approve, disapprove, or modify proposed project plans, timelines and deliverables. Such approvals will not be unreasonably withheld.

CITY’S RIGHTS RESERVED

The City reserves the right to select the proposal which in its sole judgment best meets the needs of the City. The lowest proposed cost, though a major consideration, will not be the sole criterion for recommending the contract award. The recommended selection of the evaluation committee is final and subject only to review and final approval by the Steering Committee and the City Council.

The City reserves the right to reject any or all proposals and to waive technicalities and informalities when such waiver is determined by the City to be in the City’s best interest.

The City reserves the right to retain all accepted proposals, including proprietary documentation, regardless of which proposal is selected. No proposals will be returned to vendors.

The City reserves the right to request any supplementary information it deems necessary to evaluate proposer’s experience or qualifications. This may include supplemental financial information, additional interview(s), and/or additional presentation by the proposer.

The City reserves the right to reconsider any proposal submitted at any stage of the procurement. It also reserves the right to meet with select proposers at any time to gather additional information. Furthermore, the City reserves the right to delete or add functionality (i.e., modules and components) until the final
contract signing.

The City reserves the right to cancel, in part or in its entirety, this RFP, including, but not limited to: selection schedule, submittal date, and submittal requirements. If the City cancels or revises this RFP, all proposers will be notified in writing by the City.

The City reserves the right to revise the RFP prior to the date that proposals are due. The City will communicate changes through addendum to this RFP. All registered proposers will be notified of revisions to the RFP. The City reserves the right to extend the date by which the proposals are due.

The City reserves the right to split the award from this RFP between multiple proposals when such split award is determined to be in the best interests of the City.

The City reserves the right, in its sole discretion, to reject any and all proposals and to waive informalities and minor irregularities in any proposals received. Failure to furnish all information requested or to follow the format requested herein may disqualify the proposer, in the sole discretion of the City. False, incomplete, misleading or unresponsive statements in a proposal may also be sufficient cause for a proposal’s rejection.

This RFP does not commit the City to award a contract. All proposals submitted in response to this RFP become the property of the City and public records, and as such, may be subject to public review.

The City shall not be liable for any pre-contractual expenses incurred by prospective vendors or selected contractors, including but not limited to costs incurred in the preparation or submission of proposals. The City shall be held harmless and free from any and all liability, claims, or expenses whatsoever incurred by, or on behalf of, any person or organization responding to this RFP.

If the successful proposer defaults, the City may award this RFP to the next best proposal and may recover the loss occasioned by the successful proposer against a surety bond, if any, or by suit against the successful proposer.

The City reserves the right to cancel, in part or in its entirety, this RFP including, but not limited to: selection procedures, submittal date, and submittal requirements. If the City cancels or revises the RFP, all interested firms will be notified.

All proposals submitted in response to this RFP become the property of the City and public records and, as such, are subject to public review.

**CONTACT WITH CITY COUNCIL AND CITY STAFF**

Questions relating to this RFP should be directed exclusively to the Purchasing Manager at maria.carrillo@hayward-ca.gov and copy to the Economic Development Manager, Micah Hinkle at micah.hinkle@hayward-ca.gov. This is intended to ensure a fair and equitable review process so that there is no actual or perceived situation where one RFP Respondent secures or attempts to secure an unfair advantage over another RFP Respondent or creates a situation where there is an appearance of impropriety.

After release of the RFP, no officer, employee, agent, or representative of the Respondent or their family members shall have any contact or discussion, verbal or written, with any members of the City Council, City Staff, or directly or indirectly seek to influence any City Council member or City Staff, except as provided herein.
If a representative of any company or party submitting a RFP violates the foregoing prohibition by contacting any of these parties, such contact may, at the City’s sole discretion, result in being disqualified from this procurement process.

PROTEST

Should any respondent question or protest the award of the contract, such question or protest must be furnished in writing to the Purchasing Manager within three (3) calendar days after the City notifies all proposers of its intent to award. Such submittal must fully explain the basis of the objection supported by all relevant information facts and details. The letter must be signed by an authorized representative stating specific reason(s) for the protest including all relevant facts (law, rule, regulation, and criteria).

Questions or protests not furnished in writing as prescribed will not be accepted or reviewed.

REJECTION OF PROPOSALS

The City reserves the right to accept or reject any and all proposals or any portion or combination thereof, or award on the basis of the total bid. The City of Hayward reserves the right to reject any and all proposals, or to waive any informality or non-substantial irregularity in any bid.

GOVERNING LAW AND VENUE

In the event of litigation, the proposal documents, specifications and related matters shall be governed by and construed in accordance with the law of the State of California. Venue shall be with the appropriate state or federal court located in Alameda County.

TRANSFER OF INTEREST

No interest in the contract shall be transferred to any other party without permission of the city.

WORKERS' COMPENSATION

In accordance with the provisions of Section 3700 of the Labor Code, Consultant shall secure the payment of compensation to his employees. Consultant hereby acknowledges the following statement:

"I am aware of the provisions of Section 3700 of the Labor Code which require every employer to be insured against liability for workers' compensation or to undertake self-insurance in accordance with the provisions of that code, and I will comply with such provisions before commencing the performance of the work of this contract documents."

The Consultant shall take out and maintain during the life of the contract, Statutory Worker's Compensation and Employer's Liability Insurance with limits not less than One Million Dollars ($1,000,000) for all its employees to be engaged in the work on the project under the Contract. Should any work be sublet, the Consultant shall require the subcontractor similarly to provide Worker's Compensation and Employer’s Liability Insurance, all in strict compliance with State laws and to fully protect the City from any and all claims arising out occurrences on the work.
PROOF OF CARRIAGE OF INSURANCE

The consultant shall take out and maintain during the life of the Agreement all the insurance required by this section and shall annually submit certificates for review and approval by the City. Acceptance of the certificates shall not relieve the consultant of any of the insurance requirements, and shall not decrease the liability of the consultant. The City reserves the right to require the consultant to provide insurance policies for review by the City.

Consultant shall not commence work nor shall consultant allow any subcontractor to commence work under this contract until all required insurance and certificates have been delivered in duplicate to and approved by the City. Certificates and insurance policies shall include the following clause:

"This policy shall not be canceled or reduced in required limits of liability or amount of insurance until notice has been mailed to the City stating date of cancellation or reduction. Date of cancellation or reduction may not be less than ten (10) days after date of mailing notice."

Certificate of insurance shall state in particular those insured, extent of insurance, location and operation to which insurance applies, expiration date and cancellation and reduction notice. Consultant shall be solely responsible for:

1. Compliance of subcontractors with insurance requirements; and
2. Other insurance coverage including but not limited to loss, theft, fire, property damage, and glass breakage.

LOSS OR DAMAGE

The Consultant shall take and assume all responsibility for the work. The Consultant shall bear all losses and damages which may occur to said work or any part or portion thereof and in connection therewith to persons and/or property, and shall fully indemnify the City from and against the same.

The Consultant, subject to the limitations of Civil Code Section 2782, shall assume the defense of and indemnify and save harmless the City, officers and employees from every expense, liability or payment by reason of injury (including death) to persons or damage to property suffered through any act or omission, including passive and/or active negligence, of the Consultant, or any Subcontractors or anyone directly or indirectly employed by either of them, or from the condition of the premises while in the control of the Consultant or any Subcontractors, or anyone directly or indirectly employed by either of them or arising in any way from the work called for by this contract, or any part of the premises.

INDEMNIFICATION

The consultant has the entire responsibility for any and all injury to the public and to individuals. The consultant expressly agrees to indemnify, defend and hold the City, it’s City Council, managers and employees free and harmless from and against any and all loss, liability, expense, claims, cost, suits and damages including attorneys’ fees arising out of consultant’s operation or performance under this Agreement.
TERMINATION

This Agreement may be terminated by City or Consultant at any time upon thirty (30) days written notice. In the event of termination, the Consultant shall be entitled to compensation for services performed to the effective date of termination, provided, however, that City may condition payment of such compensation upon delivery to the City by Consultant of any and all documents and materials prepared pursuant to this Agreement.

FAILURE TO PERFORM

The City of Hayward, upon written notice to the Consultant, may immediately terminate this Contract should the Consultant fail to perform properly any of its obligations hereunder. In the event of such termination, the City may proceed with the work in any reasonable manner it chooses. The cost to the City of completing the Consultant’s performance shall be deducted from any sum due to the Consultant under this Contract, without prejudice to the City’s rights to recover damages.

SUCCESSFUL BIDDER NOT AN AGENT OF THE CITY OF HAYWARD

The right of general supervision of the City of Hayward shall not make the Successful Bidder an agent of the City; and the liability of the Successful Bidder for all damages to persons or to public or private property arising from the Successful Bidder’s execution of The Work shall not be lessened because of such general supervision.

PUBLIC RECORDS

All responses to this RFP will become the property of the City. Once a final award is made, all bid responses, except financial and proprietary information, become a matter of public record and shall be regarded by the City as public records. The City shall not in any way be liable or responsible for the disclosure of any such records or portions thereof if the disclosure is made pursuant to a request under the Public Records Act.

ATTORNEY’S FEES

In the event suit is brought by either party in connection with this agreement, the prevailing party shall have judgment for court costs and a reasonable attorney’s fee.

END OF PROPOSAL
*THIS DOCUMENT MUST BE COMPLETED, EXECUTED AND SUBMITTED WITH THE PROPOSAL FORM*

THE REPRESENTATIVES MADE HEREIN ARE MADE UNDER PENALTY OF PERJURY

NO PROPOSAL IS VALID UNLESS SUBMITTED ON THIS FORM AND SIGNED BY AUTHORIZED AGENT FOR YOUR COMPANY.

AGREEMENT BETWEEN THE CITY OF HAYWARD
AND _______ & _______

THIS AGREEMENT, dated for convenience this ____ day of ____, is by and between ____________________________ (“Contractor”) and the CITY OF HAYWARD, a public body of the State of California ("City");

RECITALS:

WHEREAS, Contractor is specially trained, experienced, and competent to perform the special services which will be required by this agreement; and

WHEREAS, Contractor is willing to render such as defined in those specifications entitled Banking Services, dated (month) (date), 201X.

NOW, THEREFORE, Contractor and the City agree as follows:

AGREEMENT:

Scope of Service. Subject to the terms and conditions set forth in this agreement, Contractor shall provide to City with ___________________________ Services as described in the Specifications for __________________________ Services. Contractor shall provide said services at the time, place and in the manner specified therein.

Compensation. City hereby agrees to pay Contractor: the prices and amounts set forth on the "Bid Form", as submitted by the Contractor in response to the City's Request for Proposal for __________________________ Service. This schedule of compensation shall remain in effect for the initial term of this agreement. If the term of this agreement is extended, the schedule of compensation may be amended upon mutual consent of the City and Contractor.

Effective Date and Term. The effective date of this agreement is ______________________, and it shall terminate no later than (month) (date), 201X.

Independent Contractor Status. It is expressly understood and agreed by both parties that Contractor, while engaged in carrying out and complying with any of the terms and conditions of this agreement, is an independent contractor and not an employee of the City. Contractor expressly warrants not to represent, at any time or in any manner, that Contractor is an employee of the City.

Billings. Contractor shall submit invoices to the City describing its services and costs in the manner set forth in the Specifications for Banking Services. [Language in this section depends upon means of compensation specified in section (2) above]. For example, "Consultant shall submit monthly bills to the City describing its services and costs provided during the previous month. Except as specifically authorized by City, Consultant shall not bill City for duplicate services performed by more than one person. Consultant’s monthly bills shall include the following information to which such services or costs pertain: a brief description of services performed, the date the services were performed, the number of hours spent and by whom, and a brief description of any costs incurred, and the Consultant’s signature.”

Advice and Status Reporting. Contractor shall provide the City with timely advice of all significant developments arising during performance of its services hereunder orally or in writing.
Designation of Primary Provider of Services. This agreement contemplates the services of _________. The primary provider of the services called for by this agreement shall be ________, who shall not be replaced without the written consent of City’s Purchasing Manager.

Assignment of Personnel. Contractor shall assign only competent personnel to perform services pursuant to this agreement. In the event that City, in its sole discretion, at any time during the term of this agreement, desires the removal of any such persons, Contractor shall, immediately upon receiving notice from City of such desire of City, cause the removal of such person or persons.

Assignment and Subcontracting. It is recognized by the parties hereto that a substantial inducement to City for entering into this agreement was, and is, the professional reputation and competence of Contractor. Neither this agreement nor any interest therein may be assigned by Contractor without the prior written approval of City’s Purchasing Manager. Contractor shall not subcontract any portion of the performance contemplated and provided for herein without prior written approval of the City’s Purchasing Manager.

Insurance. On or before beginning any of the services or work called for by any term of this agreement, Contractor, at its own cost and expense, shall carry, maintain for the duration of the agreement, and provide proof thereof that is acceptable to the City the insurance specified in subsections (a) through (c) below with insurers and under forms of insurance satisfactory in all respects to the City. Contractor shall not allow any subcontractor to commence work on any subcontract until all insurance required of the Contractor has also been obtained for the subcontractor.

(a) Workers’ Compensation. Statutory Workers’ Compensation Insurance and Employer’s Liability insurance for any and all persons employed directly or indirectly by Contractor shall be provided with limits not less than one million dollars. In the alternative, Contractor may rely on a self-insurance program to meet these requirements so long as the program of self-insurance complies fully with the provisions of the California Labor Code. The insurer, if insurance is provided, or the Contractor, if a program of self-insurance is provided, shall waive all rights of subrogation against the City for loss arising from work performed under this agreement.

(b) Commercial General and Automobile Liability. Contractor, at Contractor’s own cost and expense, shall maintain commercial general and automobile liability insurance for the period covered by this agreement in an amount not less than one million dollars per occurrence, combined single limit coverage for risks associated with the work contemplated by this agreement. If a Commercial General Liability Insurance or an Automobile Liability form or other form with a general aggregate limit is used, either the general aggregate limit shall apply separately to the work to be performed under this agreement or the general aggregate limit shall be at least twice the required occurrence limit. Such coverage shall include but shall not be limited to, protection against claims arising from bodily and personal injury, including death resulting therefrom, and damage to property resulting from activities contemplated under this agreement, including the use of owned and non-owned automobiles. Coverage shall be at least as broad as Insurance Services Office Commercial General Liability occurrence form CG 0001 and Insurance Services Office Automobile Liability form CA 0001 Code 1 (any auto).

Each of the following shall be included in the insurance coverage or added as an endorsement to the policy:

(i) City, its officers, employees, agents, and volunteers are to be covered as insureds as respects each of the following: liability arising out of activities performed by or on behalf of Contractor, including the insured’s general supervision of Contractor; products and completed operations of Consultant; premises owned, occupied or used by Contractor; or automobiles owned, leased, hired, or borrowed by Contractor. The coverage shall contain no special limitations on the scope of protection afforded to City, its officers, employees, agents, or volunteers.
(ii) The insurance shall cover on an occurrence basis, and not on the basis of an accident or claims made.

(iii) The insurance must cover personal injuries as well as bodily injuries. Any exclusion of contractual liability in personal injury provisions of the policy or any endorsement to it must be eliminated.

(iv) The insurance must cover complete contractual liability. This may be provided by amending the definition of "incidental contract" to include any written agreement.

(v) Any explosion, collapse, and underground property damage exclusion must be deleted.

(vi) An endorsement must state that coverage is primary insurance and that no other insurance affected by the City will be called upon to contribute to a loss under the coverage.

(vii) The policy must contain a cross liability or severability of interests clause.

(viii) Any failure of Consultant to comply with reporting provisions of the policy shall not affect coverage provided to City and its officers, employees, agents, and volunteers.

(ix) Broad form property damage liability must be afforded. A deductible that does not exceed $25,000 may be provided.

(x) Insurance is to be placed with California-admitted insurers with a Best's rating of no less than B:XI.

(xi) Notice of cancellation or non-renewal must be received by City at least thirty days prior to such change.

(c) Professional Liability. Contractor, at Contractor's own cost and expense, shall maintain for the period covered by this agreement professional liability insurance for licensed professionals performing work pursuant to this agreement in an amount not less than one million dollars covering the licensed professionals' errors and omissions, as follows:

(i) Any deductible shall not exceed $100,000 per claim.

(ii) Notice of cancellation or non-renewal must be received by the City at least thirty days prior to such change.

(iii) If the professional liability coverages are written on an occurrence form, the policy must contain a cross liability or severability of interest clause.

(iv) The following provisions shall apply if the professional liability coverages are written on a claims made form:

1. The retroactive date of the policy must be shown and must be before the date of the agreement.

2. Insurance must be maintained and evidence of insurance must be provided for at least five years after completion of the agreement or the work.
3. If coverage is canceled or not renewed and it is not replaced with another claim made policy form with a retroactive date that precedes the date of this agreement, Consultant must provide extended reporting coverage for a minimum of five years after completion of the agreement or the work.

4. A copy of the claim reporting requirements must be submitted to the City prior to the commencement of any work under this agreement.

(d) **Deductibles and Self-Insured Retentions.** During the period covered by this agreement, upon express written authorization of City's City Attorney, Contractor may increase such deductibles or self-insured retentions with respect to City, its officers, employees, agents, and volunteers. The City Contractor may condition approval of an increase in deductible or self-insured retention levels upon a requirement that Contractor procure a bond guaranteeing payment of losses and related investigations, claim administration, and defense expenses that is satisfactory in all respects to each of them.

(e) **Notice of Reduction in Coverage.** In the event that any coverage required under subsections (a), (b), or (c) of this section of the agreement is reduced, limited, or materially affected in any other manner, Contractor shall provide written notice to City at Contractor's earliest possible opportunity and in no case later than five days after Contractor is notified of the change in coverage.

(f) In addition to any other remedies City may have if Contractor fails to provide or maintain any insurance policies or policy endorsements to the extent and within the time herein required, City may, at its sole option:

(i) Obtain such insurance and deduct and retain the amount of the premiums for such insurance from any sums due under the agreement;

(ii) Order Contractor to stop work under this agreement or withhold any payment which becomes due to Consultant hereunder, or both stop work and withhold any payment, until Contractor demonstrates compliance with the requirements hereof;

(iii) Terminate this agreement.

Exercise of any of the above remedies, however, is an alternative to other remedies City may have and is not the exclusive remedy for Contractor's failure to maintain insurance or secure appropriate endorsements.

**Indemnification- Contractors' Responsibility.** It is understood and agreed that Contractor has the experience, necessary to perform the work agreed to be performed under this agreement, that City relies upon the skills of Contractor to do and perform Contractor's work in a skillful manner, and Contractor thus agrees to so perform the work.

Acceptance by City of the work performed under this agreement does not operate as a release of said Contractor from such professional responsibility for the work performed. It is further understood and agreed that Contractor is apprised of the scope of the work to be performed under this agreement and Contractor agrees that said work can and shall be performed in a fully competent manner.

Other than in the performance of professional services by a design professional, which law shall be solely as addressed in subparagraph (c) above, and to the fullest extent permitted by law, Contractor shall indemnify, protect, defend, and hold harmless City, and its officers, employees, agents, and volunteers, from and against any liability (including liability for claims, suits, actions, arbitration proceedings, administrative proceedings, regulatory proceedings, losses, expenses, or costs of any kind, interest, defense costs, and expert witness fees) arising out of the performance of this Agreement by Contractor , its officers, employees , agents, and sub-consultants, excepting only that resulting from the sole negligence, active negligence , or intentional misconduct
of City, its officers, employees, agents, and volunteers. It is understood that the duty of Contractor to indemnify and hold harmless includes the duty to defend as set forth in section 2778 of the California Civil Code.

Acceptance of insurance certificates and endorsements required under this agreement does not relieve Contractor from liability under this indemnification and hold harmless clause. This indemnification and hold harmless clause shall apply whether or not such insurance policies shall have been determined to be applicable to any of such damages or claims for damages.

Licenses. If a license of any kind, which term is intended to include evidence of registration, is required of Contractor, its employees, agents, or subcontractors by federal or state law, Contractor warrants that such license has been obtained, is valid and in good standing, and shall keep in effect at all times during the term of this agreement, and that any applicable bond has been posted in accordance with all applicable laws and regulations.

Nondiscrimination. Consultant shall comply with all applicable federal, state, and local laws, rules, and regulations in regard to nondiscrimination in employment because of race, color, ancestry, national origin, religion, sex, marital status, age, medical condition, pregnancy, disability, sexual orientation, or other prohibited basis. All nondiscrimination rules or regulation required by law to be included in the Agreement are incorporated by this reference.

Termination. This agreement may be cancelled at any time by City for its convenience upon written notification to Contractor. In the event of termination, the Contractor shall be entitled to compensation for services performed to the effective date of termination; provided, however, that the City may condition payment of such compensation upon Contractor's delivery to the City of any or all documents, materials provided to Contractor or prepared by or for Contractor or the City in connection with this agreement.

Notices. Notices required by this agreement shall be personally delivered or mailed, postage prepaid, as follows:

To Contractor:

To the City: City Manager
Hayward City Hall
777 B Street, 4th Floor
Hayward, CA 94541-5007

Each party shall provide the other party with telephone and written notice of any change in address as soon as practicable.

Notices given by personal delivery shall be effective immediately. Notices given by mail shall be deemed to have been delivered forty-eight hours after having been deposited in the United States mail.

Ownership of Materials. Any and all documents, including draft documents where completed documents are unavailable, or materials prepared or caused to be prepared by Consultant pursuant to this agreement shall be the property of the City at the moment of their completed preparation.

Amendments. This agreement may be modified or amended only by a written document executed by both Contractor and City's City Manager and approved as to form by the City Attorney. Such document shall expressly state that it is intended by the parties to amend the terms and conditions of this agreement.

Abandonment by Contractor. In the event the Contractor ceases performing services under this agreement or otherwise abandons the project prior to completing all of the services described in this agreement, Contractor shall, without delay, deliver to City all materials and records prepared or obtained in the performance of this agreement, and shall be paid for the reasonable value of the services performed up to the time of cessation.
or abandonment, less a deduction for any damages or additional expenses which City incurs as a result of such cessation or abandonment.

**Waiver.** The waiver by either party of a breach by the other of any provision of this agreement shall not constitute a continuing waiver or a waiver of any subsequent breach of either the same or a different provision of this agreement.

**No Third-party Rights.** The parties intend not to create rights in, or to grant remedies to, any third party as a beneficiary of this agreement or of any duty, covenant, obligation, or undertaking established herein.

**Severability.** Should any part of this agreement be declared by a final decision by a court or tribunal of competent jurisdiction to be unconstitutional, invalid, or beyond the authority of either party to enter into or carry out, such decision shall not affect the validity of the remainder of this agreement, which shall continue in full force and effect, provided that the remainder of this agreement, absent the unexcised portion, can be reasonably interpreted to give effect to the intentions of the parties.

**Compliance with Laws.** In the performance of this agreement, Contractor shall abide by and conform to any and all applicable laws of the United States, the State of California, and the City Charter and Ordinances of City.

Contractor warrants that all work done under this agreement will be in compliance with all applicable safety rules, laws, statutes and practices, including but not limited to Cal/OSHA regulations.

**Controlling Law.** This agreement and all matters relating to it shall be governed by the laws of the State of California.

**Conflict of Interest.** Contractor warrants and covenants that the principal provider(s) of services presently has no interest in, nor shall any interest be hereinafter acquired in, any matter which will render the services required under the provisions of this agreement a violation of any applicable state, local, or federal law. If any principal provider of services is a "Contractor" for the purposes of the Fair Political Practices Act (Gov. Code§ 81000 et seq.), each such person shall comply with Form 721 Statement of Economic Interests filing requirements in accordance with the City's local Conflict of Interest Code. In addition, if any other conflict of interest should nevertheless hereinafter arise; principal provider of services shall promptly notify City of the existence of such conflict of interest so that the City may determine whether to terminate this agreement.

**Nuclear Free Hayward.** Consultant agrees to comply with the requirements imposed by Ordinance No. 87-024 C.S., establishing a "Nuclear Free Hayward." An executed copy of the Affirmation of Non-Involvement in the Development or Production of Nuclear Weapons is attached hereto as Exhibit D and made a part hereof.

**Copyright.** Upon City's request, Contractor shall execute appropriate documents to assign to the City the copyright to work created pursuant to this agreement. The issuance of a patent or copyright to Contractor or any other person shall not affect City's rights to the materials and records prepared or obtained in the performance of this agreement. City reserves a license to use such materials and records without restriction or limitation consistent with the intent of the original design, and City shall not be required to pay any additional fee or royalty for such materials or records. The license reserved by City shall continue for a period of fifty years from the date of execution of this agreement unless extended by operation of law or otherwise.

**Time is of the Essence.** Contractor agrees to diligently prosecute the services to be provided under this agreement to completion and in accordance with any schedules specified herein. In the performance of this agreement, time is of the essence.

**Whole Agreement.** This agreement has ten pages excluding the exhibits described on its signature page. This agreement constitutes the entire understanding and agreement of the parties. This agreement integrates all of the terms and conditions mentioned herein or incidental hereto and supersedes all negotiations or previous agreements between the parties with respect to all or any part of the subject matter hereof.

**Multiple Copies of Agreement.** Multiple copies of this agreement may be executed but the parties agree that the agreement on file in the office of City's City Clerk is the version of the agreement that shall take precedence should any differences exist among counterparts of the document.
IN WITNESS WHEREOF, Contractor has executed this Agreement, and the City, by its City Manager, who is authorized to do so, has executed this Agreement.

Exhibit B: General Provisions for Purchases of Work and Services (4 pages)
Exhibit C: Non-discriminatory Employment Practices and Affirmative Action Certification Statement (3 pages)
Exhibit D: Affirmation on Non-Involvement in Development of Production of Nuclear Weapons (one page)
All streets within the project limits shall remain open to traffic at all times during the construction period. Between the hours of 5:00 PM and 8:00 AM, all lanes remain open to traffic. Adequate traffic warning and control devices shall be provided and maintained by the Successful Bidder during the construction period in accordance with the “State of California Manual of Warning Signs, Lights and Devices for Use In Performance of Work upon Highways” dated 1973. When inadequate traffic warning and control devices have been installed, the City shall provide whatever facilities are deemed necessary and will charge the Successful Bidder for the costs thereof as provided in Section 7, Article 2 of the Hayward Municipal Code.

Traffic control signs, (regulatory, warning or construction type) conforming to the State of California Standards, and any special-legend signs required, except “NO PARKING” signs, shall be furnished by the Successful Bidder as directed by the Engineer.

The Successful Bidder shall install and maintain all signs.

Any obstructions which will remain in the roadway after darkness MUST BE adequately outlined with barricades with flashers or delineators along with other warning devices. All barricades and delineators shall conform to State of California Manual of Warning Signs, Lights, and Devices for Use in Performance of Work upon Highways.

Safe and convenient pedestrian access shall be provided at all times.

Flagmen are mandatory at locations where equipment is intermittently blocking a traffic lane or where only one lane is available for two-direction traffic. One flagman is required for each direction of traffic affected where only one lane is available for over 100 feet or when required by the Engineer. When less than 20 feet of street width is available for traffic, a flagman will be required. Flagman shall wear distinctive clothing, such as a RED jacket.

All work specified herein shall be considered to be at the Successful Bidder’s expense.

1.08 Responsibility for Damage: The Successful Bidder shall take all responsibility for the Work, shall bear all losses and damages directly or indirectly resulting to the Bidder, to any subcontractor, to the City, to City employees, or to parties designated in any purchase order provision, on account of the performance or character of The Work, unforeseen difficulties, accidents, occurrences or other causes predicted on active or passive negligence of the City, or of parties designated in any purchase order provisions. Said Bidder shall assume the defense of and shall indemnify and hold harmless the City, its officers, officials, directors, employees and agents from and against any or all loss, liability, expense, claim, costs, suits and damages of every kind, nature and description directly or indirectly arising from the performance of The Work.

Approval of the insurance contract does not relieve the Successful Bidder or subcontractors from liability under this clause.

1.09 Responsibility for Work: Except as provided above, until the formal acceptance of The Work by the City, the Successful Bidder shall have the charge and care thereof and shall bear the risk of injury or damage to any part thereof by the action of the elements or from any other cause, whether arising from the execution or from the nonexecution of The Work. The Successful Bidder shall rebuild, repair, and restore, and make good all injuries or damages to any portion of The Work occasioned by any of the above causes before final acceptance and shall bear the expense thereof, except such injuries or damages occasioned by acts of the Federal Government or of the public enemy.

1.10 No Personal Liability: Neither the City Council, officers, employees or agents of the City of Hayward, nor any other officer or authorized assistant or agent shall be personally responsible for any liability arising from or in connection with The Work.
1.11 Responsibility of City: The City of Hayward shall not be held responsible for the care or protection of any material or parts of The Work prior to final acceptance, except as expressly provided for in these specifications.

1.12 Successful Bidder Not an Agent of the City of Hayward: The right of general supervision of the City of Hayward shall not make the Successful Bidder an agent of the City; and the liability of the Successful Bidder for all damages to persons or to public or private property arising from the Successful Bidder's execution of The Work shall not be lessened because of such general supervision.

1.13 Inspection and Payments: No Waiver of Order Provisions: Neither the Inspection by the City Engineer nor by an inspector or other City representative, nor any payment of money, nor acceptance of any part or whole of The Work by the City of Hayward or its agents shall operate as a waiver of any provision of the order.

1.14 Insurance Requirements: Successful Bidder shall promptly obtain, at the Bidder's own expense, all the insurance required by this section and shall submit a completed copy of Coverage Verification signed by the Successful Bidder's agent or broker to the City's Purchasing Division for review and approval by the City. Insurance requirements must be met prior to issuance of purchase order. It is highly recommended that Bidders confer with their insurance carrier or broker to determine in advance of bid submission the availability of insurance coverage and endorsements as prescribed and provided herein. If an apparent successful bidder fails to comply with the insurance requirements, that Bidder may be disqualified.

(1) The Successful Bidder shall take out and maintain during the life of the purchase order statutorily sufficient Workers' Compensation and Employer's Liability Insurance for all of the Bidder's employees to be engaged on The Work. Should any work be sublet, the Successful Bidder shall require the subcontractor similarly to provide Workers' Compensation and Employer's Liability Insurance, all in strict compliance with State laws and to fully protect the City from any and all claims arising out of occurrences on The Work.

(2) The Successful Bidder shall take out and maintain in the name of the Successful Bidder and the City as a Named Insured during the life of the purchase order, such Public Liability Insurance as shall protect itself, the City, its officials, officers, directors, employees and agents from claims which may arise from operations under the purchase order, whether such operations be the Bidder, by the City, its officials, officers, directors, employees and agents, any subcontractors, or by anyone directly or indirectly employed by either of them. This Liability Insurance shall include, but shall not be limited to, protection against claims arising from bodily and personal injury and damage to property, resulting from the Successful Bidder's, City's or subcontractor's operations, use of owned or non-owned automobiles, products, and completed operations. The amounts of insurance shall not be less than the following:

Single Limits Coverage Applying to Bodily and Personal Injury Liability and Property Damage: $1,000,000.

If Commercial General Liability Insurance or other form with a General Aggregate Limit is used, either the General Aggregate Limit shall apply separately to the project/location or the General Aggregate Limit shall be twice the required occurrence limit.

The following endorsements must be attached to the policy:

(a) If the Insurance policy covers on an "accident" basis, it must be changed to "occurrence".

(b) The policy must contain a Cross Liability or Severability of Interest Clause.

(c) The policy must cover complete Contractual Liability. Exclusions of contractual liability as to bodily injuries, personal injuries and property MUST BE ELIMINATED from the basic policy endorsements.

(d) Broad Form property damage liability must be afforded. Permission is granted for deductible which shall not exceed $10,000 without special approval of the City.

(e) Any failure to comply with reporting or other provisions of the policies including brochures of warranties shall not affect coverage provided to the City, its Officials, Officers, Directors, Employees, or Agents.

(f) An endorsement shall be provided which states that the coverage is PRIMARY INSURANCE and that no other insurance effect by the City will be called upon to contribute to a loss under this coverage.

(g) Cancellation, non-renewal or reduction in limits shall be sent to the City with at least 10 days prior written notice, by certified mail, return receipt requested.

(h) Insurance is to be placed with California Admitted Insurers with an A.M. Best's Rating of no less than A:XI.

Successful Bidder shall not commence work until such insurance has been approved by the City. The Successful Bidder shall not allow any subcontractor to commence work on its subcontract until all similar insurance required of the subcontractor has been obtained. Such insurance shall remain in full force and effect at all times during the prosecution of The Work and until the final completion and acceptance thereof.

1.15 Disposal of Material Outside the Public Right of Way: The Successful Bidder shall make his own arrangements for disposing of materials outside the public right of way, and he shall pay all costs involved.

1.16 Preservation of Property: Attention is directed to Section 1.08, "Responsibility for Damage." Due care shall be exercised to avoid injury to existing improvements or facilities, adjacent property and real or personal property that is not to be removed.

1.17 Cooperation: Should work be performed by other firms, within or adjacent to The Work specified, or should work of any other nature be underway by other forces within or adjacent to said limits, the Successful Bidder shall cooperate with all such other firms or other forces to the end that any delay or hindrance to their work will be avoided. The right is reserved to perform other or additional work at or near the site (including material sources) at any time, by the use of other forces.

When two or more firms are employed on related or adjacent work, each shall conduct his operation in such a manner as not to cause any unnecessary delay or hindrance to the other. Each firm shall be responsible to the other for all damage to work, to persons or property caused to the other by his operations and for loss caused the other due to his unnecessary delays or failure to finish The Work within the time specified for completion.

1.18 Assignment: The performance of The Work may not be assigned except upon the written consent of the Purchasing Agent. Consent will not be given to any proposed assignment which would relieve the Successful Bidder or its surety of their responsibilities under the order. The Successful Bidder may assign monies due or to become due it under the order and such assignment will be recognized by the City, if given proper notice thereof, to the extent permitted by law. That any assignment of money shall be subject to all proper set-offs in favor of the City, and to all deductions provided for in the order, and particularly all money withheld, whether or not assigned, shall be subject to being used by the City for the completion of The Work, in event that the Successful Bidder should be in default therein.

1.19 Time of Completion: The Successful Bidder shall complete all or any designated portion of The Work in all parts and requirements within the time set forth in the order.

EXAMPLE – CITY OF HAYWARD PROFESSIONAL SERVICE AGREEMENT
1.20 Care and Protection: The Successful Bidder shall be entirely responsible for any damage to the City's or adjacent property due to hauling materials or other causes attributable to the conduct of his work, and all such damage will be repaired by the Successful Bidder when and as directed by the City's representative, and as required to place the property in as good condition as before the commencement of The Work.

1.21 Nondiscriminatory Employment Practices: In the performance of this contract the contractor or subcontractor agrees as follows:

1.21.1 AFFIRMATIVE ACTION - GENERAL
The contractor or subcontractor shall not discriminate against any applicant for employment or employee on the grounds of race, color, religion, national origin, ancestry, place of birth, sex, sexual orientation, age, or disability. The contractor or subcontractor will take affirmative action to ensure that its recruitment, selection, and evaluation practices do not discriminate against any applicant for employment or employee. The contractor or subcontractor shall also ensure that its personnel policies, practices and procedures, including, but not limited to, the transfer, promotion, demotion, suspension, layoff, or termination, rates of pay and other form of compensation, and the selection for training programs, apprenticeship, and on-the-job training do not discriminate against any employee. The contractor or subcontractor shall post in conspicuous places that are accessible to applicants for employment and employees notices setting forth this Nondiscriminatory Employment Practices Provision.

1.21.2 RECRUITMENT
(a) Non-union employees. Advertising placed with any media shall include the notation, "An Equal Opportunity Employer." Advertisements shall be placed with media having large circulation among minority groups or at school placement centers having large minority student enrollments. The contractor or subcontractor will send to each source of employee referrals, other than labor unions or workers' representatives, a notice in such form and content as shall be furnished or approved by the City, advertising said source of employee referrals of its commitments under Chapter 2, Article 7, of the Hayward Municipal Code, and shall post copies of the notices in conspicuous places available to employees and applicants for employment.

Recruitment of non-union employees shall, to the maximum extent possible, utilize the services of minority organizations likely to be referral sources for minority group employees.

(b) Union employees. Union employees shall be recruited in accordance with applicable labor agreements. The contractor or subcontractor shall send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice, in such form and content as shall be furnished or approved by the City, advising said labor union or workers' representatives of its commitments under Chapter 2, Article 7, of the Hayward Municipal Code, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

The contractor or subcontractor agrees to seek the inclusion in all union agreements to which it is a party, clauses prohibiting discrimination based upon race, color, religion, national origin, ancestry, place of birth, sex, sexual orientation, age, or disability. To the maximum extent consistent with applicable labor agreements, the contractor or subcontractor will attempt to recruit applicants without regard to race, color, religion, national origin, ancestry, place of birth, sex, sexual orientation, age, or disability.

1.21.3 EQUAL EMPLOYMENT OPPORTUNITY OFFICER
The contractor or subcontractor shall designate one of its management employees as its Equal Employment Opportunity Officer and assign such officer the responsibility and authority to administer and promote an active program to put the contractor's or subcontractor's nondiscriminatory employment practices commitment into practice.

ACCESS TO RECORDS
The contractor or subcontractor shall permit access during normal business hours to its records of employment, employment advertisements, completed application forms, and other pertinent data and records when requested to do so by the City Manager or any representative of the Fair Employment Practices Commission of the State of California.

COMPLIANCE REVIEW PROCEDURES
(a) The contractor or subcontractor shall, upon request of the City Manager, submit its official payroll records together with a monthly cumulative summary of all employee hours worked in performance of its contract with or on behalf of the City identified as to minority status.

(b) The contractor or subcontractor shall submit to a formal, thorough review of its records, books, reports, and accounts concerning its employment practices for the purpose of determining whether they are nondiscriminatory. The review will be performed at intervals during the performance of the contract as may be specified by the City Manager.

Each review shall be followed within 30 days by either a written notice to the contractor or subcontractor that it is in apparent compliance with the Nondiscriminatory Employment Practices Provision of its contract or by a citation of apparent deficiency, summary of findings, and a statement of remedial commitment for signature by the contractor. If the contractor or subcontractor fails to meet the commitments it has made in executing such statement, the City Manager shall issue a notice of intent to initiate an action against the contractor or subcontractor with the Fair Employment Practices Commission for willful violation of the Nondiscriminatory Employment Practices Provision and the California Fair Employment Practices Act in not less than 30 days or such notice of intent.

VIOLATIONS
The City Manager shall deem a finding of willful violation of the Nondiscriminatory Employment Practices Provision and the California Fair Employment Practices Act to have occurred upon receipt of written notice from the Fair Employment Practices Commission that it has investigated and determined that the contractor or subcontractor has violated the Fair Employment Practices Act and has issued an order under Labor Code Section 1426, which has become final, or obtained relief under Labor Code Sections 1429 and 1429.1, or an appropriate federal commission or agency, or a court of the State of California, or if the United States Government finds, in any action or proceeding to which the contractor or subcontractor is a party, that it discriminated against employees or applicants for employment in the performance of this contract. Upon receipt or such notice or final judgment, the City Manager shall notify the contractor or subcontractor that unless it demonstrates to the satisfaction of the City Council within a stated reasonable period that the violation has been corrected, said contractor or subcontractor shall be subject to the remedies hereinafter provided.

REMEDIES FOR WILLFUL VIOLATION
The contractor or subcontractor agrees that a finding of willful violation of the California State Fair Employment Practices Act or of this Nondiscriminatory Employment Practices Provision shall be regarded by the City Council as a basis for determining whether or not it is a responsible bidder as to future contracts for which such contractor or subcontractor may submit bids. The contractor or subcontractor further agrees that such disqualification by said City Council shall remain in effect for one year or until it demonstrates to the satisfaction of the City Manager that its employment practices are in conformity with the nondiscrimination provisions of the article.

The contractor or subcontractor further agrees that the contractor or subcontractor shall, as a penalty to the City of Hayward, forfeit for each calendar day or portion thereof an amount not to exceed $250 or 1 percent of the total contract amount, whichever is greater. Such penalty may be deducted from any sums due to the contractor or subcontractor or recovered by the City through maintenance of an action in any court of competent jurisdiction.
Prior to making any determination with respect to reinstatement of a contractor or subcontractor as a responsible bidder, the City Council may refer the matter to the Human Relations Commission of the City of Hayward for a report and recommendation. The contractor or subcontractor agrees to cooperate to the fullest extent with said Human Relations Commission in its exercise of the authority here conferred, including, but not limited to, promptly furnishing reports requested by the commission's review of matters relating to such reinstatement.

1.22 Acceptance and/or Rejection of Bids: The City reserves the right to reject any or all bids, or to accept separate items in a bid. In addition the City reserves the right to cancel a Request for Bids or an award at any time.

1.23 Waiving Minor Irregularities: The City may waive any minor irregularities in a bid or in the bidding process and make award accordingly.

1.24 Nuclear Affirmation Requirements: A purchase order has no force or effect until the person to which it is issued has on file with the City or executes and returns to the City of Hayward's Purchasing Manager an Affirmation Of Non-Involvement In Development Or Production Of Nuclear Weapons. City of Hayward Ordinance 87-024 C.S. defines “nuclear weapons” as "any device the intended explosion of which results from the energy released by fission or fusion reactions involving atomic nuclei.” The ordinance defines "person" as "any person, private corporation, institution or other entity.”

1.25 Hazardous Material Requirements: The contractor shall comply with all government laws, rules and regulations concerning the use of hazardous materials and the disposal of hazardous wastes at the job site, including but not limited to the following:

1. The contractor shall not bring hazardous materials onto the job site or deliver hazardous materials without providing the City, in advance, the Material Safety Data Sheets for each hazardous material introduced. Where applicable, materials must be labeled in accordance with Section 5194, Title 8, of the California Administrative Code. The contractor is required to include a Material Safety Data Sheet prepared in accordance with Section 5194 (g) with each shipment of all such materials to the City. No hazardous material will be introduced onto the job site until the City gives written approval for each hazardous material.

2. All hazardous material shall be stored and used in a safe manner and shall not be stored or used in any vehicular or pedestrian traffic lanes.

3. Any hazardous products, waste or empty containers used or generated shall not be poured down any drain or sewer nor disposed of in any trash container or dumpster.

4. The contractor will be considered to be the hazardous waste generator and will be responsible for the legal transport and disposal of all hazardous waste. No containers or trash will be left in any building or on any job site.

5. The contractor shall not disturb or damage any existing pipe lagging or equipment insulation or other asbestos material on the job site. If any asbestos material is disturbed or damaged, the contractor shall immediately notify the City and the situation will be considered an “asbestos release” under State and Federal Regulations. The job will be shut down immediately until all appropriate State and Federal notifications have been complete and all testing completed to determine if any asbestos fibers have been released.

6. Violation of any of the above procedures shall be sufficient cause for the City to stop all work. Any expense incurred by the City caused by the work stoppage will be borne by the contractor. These expenses will include all costs to return the job site and all other areas contaminated by the contractor to a hazard-free condition.

7. The contractor will be solely responsible for all the costs, including fines and penalties, for the investigation and cleanups of any suspected hazardous materials the contractor used, left on the job site, or dumped down a City drain or sewer, and any damage to property and/or injury to any person.

1.26 Recycled Materials: It is the policy of the City of Hayward to encourage the use of recycled materials, reusable products, and products designed to be recycled. Contractors and suppliers shall use or provide such materials or products to the maximum extent practicable and allowable within the specifications prepared by the City, provided however, that the performance or operational effectiveness of the product or material is not detrimentally effected nor the health and safety of the citizens or employees of the City of Hayward negatively impacted by the use of such products or materials.

(REV. 01/31/13)
5. COMPLIANCE REVIEW PROCEDURES.
   (a) The contractor or subcontractor shall, upon request of the City Manager, submit its official payroll records together with a monthly cumulative summary of all employee hours worked in performance of its contract with or on behalf of the City identified as to minority status.
   (b) The contractor or subcontractor shall submit to a formal, thorough review of its records, books, reports, and accounts concerning its employment practices for the purpose of determining whether they are nondiscriminatory. This review will be performed at intervals during the performance of the contract as may be specified by the City Manager.
   Each review shall be followed within 30 days by either a written notice to the contractor or subcontractor that it is in apparent compliance with the Nondiscriminatory Employment Practices Provision of its contract or by a citation of apparent deficiency, summary of findings, and a statement of remedy and commitment for signature by the contractor. If the contractor or subcontractor fails to meet the commitments it has made in executing such statement, the City Manager shall issue a notice of intent to initiate an action against the contractor or subcontractor with the Fair Employment Practices Commission for willful violation of the Nondiscriminatory Employment Practices Provision and the California Fair Employment Practices Act in not less than 30 days of such notice of intent.

6. VIOLATIONS.
The City Manager shall deem a finding of willful violation of the Nondiscriminatory Employment Practices Provision and the California Fair Employment Practices Act to have occurred upon receipt of written notice from the Fair Employment Practices Commission that it has investigated and determined that the contractor or subcontractor has violated the Fair Employment Practices Act and has issued an order under Labor Code Section 1426, which has become final, or obtained relief under Labor Code Sections 1429 and 1429.1, or an appropriate federal commission or agency, or a court of the State of California, or if the United States Government finds, in any action or proceeding to which the contractor or subcontractor is a party, that it discriminated against employees or applicants for employment in the performance of this contract. Upon receipt of such notice or final judgment, the City Manager shall notify the contractor or subcontractor that unless it demonstrates to the satisfaction of the City Council within a stated reasonable period that the violation has been corrected, said contractor or subcontractor shall be subject to the remedies hereinafter provided.

7. REMEDIES FOR WILLFUL VIOLATION.
The contractor or subcontractor agrees that a finding of a willful violation of the California Fair Employment Practices Act or of this Nondiscriminatory Employment Practices Provision shall be regarded by the City Council as a basis for determining whether or not it is a responsible bidder as to future contracts for which such contractor or subcontractor may submit bids. The contractor or subcontractor further agrees that such disqualification by said City Council shall remain in effect for one year or until it demonstrates to the satisfaction of the City Manager that its employment practices are in conformity with the nondiscriminatory provisions of the article.

The contractor or subcontractor further agrees that the contractor or subcontractor shall, as a penalty to the City of Hayward, forfeit for each calendar day or portion thereof an amount not to exceed $250 or 1 percent of the total contract amount, whichever is greater. Such penalty may be deducted from any sums due to the contractor or subcontractor or recovered by the City through maintenance of an action in any court of competent jurisdiction.

Prior to making any determination with respect to reinstatement of a contractor or subcontractor as a responsible bidder, the City Council may refer the matter to the Human Relations Commission of the City of Hayward for a report and recommendation. The contractor or subcontractor agrees to cooperate to the fullest extent with said Human Relations Commission in the exercise of the authority here conferred, including, but not limited to, promptly furnishing reports requested by the commission's review of matters relating to such reinstatement.

(REV. 11/9/92)
In accordance with section 2.7.04 of the Hayward Municipal Code (HMC), this provision shall be included in every nonconstruction contract entered into by the City to equal or exceed $10,000 annually, where the contract has a potential for more than one delivery on City request and the Contractor employs more than ten (10) persons, and for every other nonconstruction contract equal to or in excess of $25,000 (whether paid in one sum upon delivery or completion, or paid periodically and such periodic payments are estimated by the City to total $25,000 or more in one year) the following requirements must be met in addition to those set out in The City of Hayward Nondiscriminatory Employment Practices Provision (Sec. 2.7.02, HMC):

1. IN THE PERFORMANCE OF THIS CONTRACT, THE CONTRACTOR AGREES AS FOLLOWS:

(a) The contractor that submits the apparent low bid shall, on behalf of itself and those of its subcontractors, if any, where the dollar amount of such subcontract exceeds $10,000, furnish the City Manager such information concerning its employment practices and existing and projected work forces in the form and manner as may be requested by the City Manager.

(b) The contractor that submits the apparent low bid and each of its subcontractors, if any, where the dollar amount of such subcontract is $10,000 or more, may be required to attend a conference with the City Manager at such time and place as may be fixed by the City Manager to determine whether the information earlier submitted shows compliance with the nondiscrimination requirements of this article.

In making such determination, the City Manager shall consider the following factors:

(1) The size of the contractor's or subcontractor's existing work force;

(2) The size of the anticipated work force necessary for the contractor or subcontractor to perform the contract or subcontract for or on behalf of the City;

(3) The projected turnover, vacancies, or work force expansion that the contractor or subcontractor expects to occur during the term of the contract;

(4) The specific plans of the contractor or subcontractor to recruit applicants for employment and to select, train, and promote employees hired to complete the contract with or on behalf of the City in like proportion to their numbers in the contractor's or subcontractor's typical, geographic labor market;

(5) An analysis showing the projected work force that would be expected, after all necessary selection is completed, to perform the contract or subcontract with or on behalf of the City absent any discriminatory employment practices;

(6) Any other qualitative or quantitative data which would assist the City Manager in determining the contractor's or subcontractor's commitment to meet the nondiscriminatory employment practices requirements of this contract.

(c) Following such conference, the apparent low bidder shall enter into a memorandum of understanding with the City in a form agreed to by such contractor and the City Manager, which memorandum of understanding shall set forth the measures that the contractor and its subcontractors who have attended the conference shall take in furthering and meeting its nondiscrimination employment practices commitment during the performance of the contract.

(d) In the event the apparent low bidder fails to submit the requested written information, appear at the conference, or enter into a memorandum of understanding that is acceptable to the City Manager, the City Manager shall, after giving notice and an opportunity to respond to the apparent low bidder, contact the second lowest bidder for the purpose of conducting the procedure set out in subsections (a) through (c) herein.

2. IMPLEMENTING RULES AND REGULATIONS, ENFORCEMENT PROCEDURE, AND DELEGATION OF RESPONSIBILITY. (Sec. 2.7.05, HMC)

The City Manager shall promulgate all rules, regulations, and forms necessary to implement the provisions of this article. So far as is practical, such rules, regulations, and forms shall be similar to those adopted pursuant to federal Executive Order 11246 and the Fair Employment Practices Act of the State of California.

The City Manager shall monitor the performance of the contractors and subcontractors in their achievement of the nondiscriminatory employment practices requirements provided herein, conduct on-site inspection of their work forces and employment records and submit periodic reports on such performances to the City Council and Human Relations Commission for advisory review to the City Council regarding modifications of this article so as to ensure its effectiveness.

The City Manager shall designate a Contract Compliance Officer and may, at his discretion, delegate responsibility and authority for administering the provisions of this article to the Contract Compliance Officer and to such other officers or employees of the City as necessary for proper administration of this program.

3. EXEMPTIONS. (Sec. 2.7.06, HMC)

The following contracts are exempt from the provisions of this article:

(a) Contracts with other governmental jurisdictions;

(b) Contracts with manufacturers whose principal place of business is located outside the United States;

(c) Contracts with the United States manufacturers whose principal place of business is located outside the State of California;

(d) Contracts with a single or sole source supplier of any goods or service; and

(e) Contracts resulting from urgent emergency requisitions where any delay in completion or performance of the contract would jeopardize the public health, safety, or welfare of the citizens of the City of Hayward, or where in the judgement of the City Manager the operational effectiveness of a significant City function would be significantly threatened if the contract were not entered into expeditiously.

4. CONTRACTS SUBJECT TO EXECUTIVE ORDER 11246. (Sec. 2.7.07, HMC)

No provision of this article shall be construed to apply to any federally assisted construction contract entered into by the City that is subject to Executive Order 11246 or any order amending or superseding Executive Order 11246, the rules and regulations promulgated pursuant to said order, or the Federal Equal Employment Opportunity Bid Conditions for Alameda County.

5. OTHER REMEDIES. (Sec. 2.7.08, HMC)

The provisions of this article shall not be construed to prevent the City from pursuing and obtaining any remedy or relief as may be prescribed by law.

City of Hayward Purchasing and Contract Compliance Specialist, (510) 583-4802.
Nondiscriminatory Employment Practices and Affirmative Action Certification Statement

The Respondent to a City of Hayward Request for Proposals/Request for Quotation hereby certifies that it is in compliance with all executive orders, federal and state laws regarding fair employment practices and nondiscrimination in employment.

1. That it shall demonstrate compliance with the requirements established in the Affirmative Action provisions (EEO) for supply and services contracts.

2. That it fully understands that the provisions contained in the City’s special Affirmative Action provisions shall be considered a part of its contractual agreement with the City in the event of award of contract.

3. That it is in compliance with all executive orders, federal, state and local laws (including Hayward Municipal Code Chapter 2, Article 7) regarding fair employment practices and nondiscrimination in employment.

AFFIRMATION ON NON-INVolVEMENT IN DEVELOPMENT OF PRODUCTION OF NUCLEAR WEAPONS

The undersigned hereby certifies:

That it understands that City of Hayward Ordinance No.87024 C.S. prohibits award of contract to, or purchase of goods or services from, "any person which is knowingly or intentionally engaged in the development or production of nuclear weapons."

That it understands the ordinance defines "Nuclear Weapon" as "any device the intended explosion of which results from the energy released by fission or fusion reactions involving atomic nuclei."

That it understands the ordinance defines "Person" as "any person, Private Corporation, institution or other entity..."

As the owner or company official of the firm identified below, I affirm that this company is not knowingly or intentionally engaged in such development or production.
