10-7.100 PURPOSE.

The purpose of this article is to implement the General Plan Policies by establishing regulations for the design, construction, location, and maintenance of signs. Objectives are to balance the need of residents, businesses, visitors, and institutions for adequate identification, communication, and advertising while protecting public health, safety, and general welfare and promoting a well-maintained and visually attractive community, consistent with State and federal law. These regulations recognize that the indiscriminate erection, location, illumination, size, and lack of proper maintenance of signs and sign structures will degrade the quality of the visual environment and the aesthetic character of the community that residents, businesses, and visitors enjoy, which will be detrimental to community well-being and to the local economy. Specifically, these regulations are intended to:

A. Preserve and improve the appearance of Hayward, and protect the City from visual clutter and blight;
B. Protect property values, encourage economic development and enhance community appearance by ensuring that signs are compatible with the character of surrounding architecture, districts, and neighborhoods;
C. Ensure that signs are designed, constructed, installed, and maintained to have adequate visibility while minimizing diversion of vehicle operators’ attention;
D. Encourage sound signing practices as an aid to business and to inform the public, recognizing that signs have an important way-finding purpose for both drivers and pedestrians;
E. Prohibit or restrict distracting signs, which may impede vehicular and pedestrian safety, including those that block doors or windows, conflict with the City Security Ordinance (Ord. No. 90-26), those that could hamper firefighting or police surveillance activities, and those that obscure traffic signs, impair drivers’ sight lines or distract drivers; and
F. Safeguard life, health, property and public welfare by regulating the design, quality of materials, construction, illumination, location, and maintenance of signs.

The regulations in this article are in addition to those set forth in Chapter 9 of the Hayward Municipal Code (Building Regulations), and the California Building Code.

Should any regulations in this article be at variance with one another or the requirements of any other lawfully adopted rules, regulations, ordinances, deed restrictions, or covenants, the most restrictive or that imposing higher standards shall apply.

10-7.200 GENERAL REGULATIONS.

(A) The following regulations shall apply to all signs in all districts within the City. No sign may be placed in any of the following areas:

(1) Within the public right-of-way (including planter strips, tree wells, sound walls, fences, and street medians), except for A-Frame and related signs allowed in the Downtown Entertainment District by Section 10-7.211(a), community identification signs and Open
House Directional Signs on sidewalks allowed by Section 10-7.300 (b)(20), and Temporary Promotional Signs for Community Events allowed by Section 10-7.600.

(2) On any public property.

(3) In any location which interferes with vehicular, bicycle, or pedestrian circulation safety.

(4) Any sign painted or erected on or above the roof or parapet of any building structure (i.e. roof sign).

(B) A Sign containing non-English language characters and/or non-English words must also include sufficient English translation to enable the public generally and first responders particularly, such as fire and law enforcement, to determine the nature of the business or organization at the location.

10-7.201 Permits Required.

(a) It is unlawful to erect any sign except those exempted under Section 10-7.300 without first obtaining a sign permit from the Development Services Department and a building permit and/or an electrical permit as required by the City Codes. Fees for sign permits, building permits, and electrical permits are based on the current Master Fee Schedule and are non-refundable, unless specifically indicated.

(b) A sign permit application in compliance with Section 10-7.202 “Permit Applications” shall be submitted to the Development Services Department – Planning Division.

A sign permit will be approved, denied or referred to the Planning Commission within thirty (30) days after the application is deemed complete. If the application is referred to the Planning Commission, the sign permit application shall be acted upon at the next available Planning Commission meeting.

(c) The Development Services Director (“Director”) or designee has the authority to refer a sign permit application to the Planning Commission for review. Any decision of the Planning Commission is subject to appeal to the City Council or call-up by a City Council member, in accordance with Section 10-1.2845 of the Zoning Ordinance.

(d) Signs requiring a variance may be considered and acted on administratively by the Development Services Director or designee, unless such a sign is associated with an application that is referred to the Planning Commission for review.

(e) A sign permit is not required for the repair, maintenance or replacement of a lawful and conforming sign, the repair or maintenance of a lawful non-conforming sign, or the replacement of a destroyed sign, except when the sign is required to be removed by Section 10-7.708 “Legal Non-Conforming Signs” and/or Section 10-7.710 “Removal of Certain Signs.” A building permit may be required, depending on the nature of the work to be completed.

(f) Approval of a sign permit application does not constitute approval of any other requirement of the City or under other applicable law.
10-7.202 Permit Applications.

Application for a sign permit shall be made to the Development Services Department - Planning Division and shall include two (2) copies of the plot plan and elevations, drawn to scale and fully dimensioned, showing:

(a) Property address and applicant's name, address and telephone number;

(b) North arrow, overall site dimensions, and the location, setbacks, and dimensions of all existing structures, existing signs, and proposed signs on the parcel;

(c) Sign elevations - depicting the letter size, overall sign area, colors, materials, type of illumination, support structures, and relationship of the sign to surrounding structures. Photo simulations may also be helpful to support the sign permit request.

(d) Photographs of the proposed sign location and any existing signs.

(e) Structural and electrical plans (including Title 24 calculations, where applicable) as required by the City Building Official or designee.

10-7.203 Fees.

Each application for a sign permit, variance or Master Sign Program shall be accompanied by the applicable fees, which shall be established by the Master Fee Schedule.

10-7.204 Duration of Permit.

A sign permit shall become null and void if the sign for which the permit was issued has not been installed within one (1) year of issuance of said permit.

10-7.205 Number of Signs Permitted.

No more than two (2) establishment (building) frontages may be used for purposes of calculating sign area and the number of signs permitted. Building mounted signs displayed on a single establishment frontage, including secondary-frontage walls, may not exceed the area and number that are permitted on that frontage alone, with no additional signage allowed for corner lots. Square footage allotted to an establishment may be transferred to a freestanding sign, but may not exceed the acceptable size for freestanding signs.
10-7.206  **Sign Area Calculation.**

Sign area calculations noted throughout this Article is the maximum size allowed. A smaller sign area may be required where design, placement, and/or other aesthetic factors dictate. These allowable calculated sign areas may be determined by the Development Services Director, Planning Commission, or City Council.

Unless otherwise noted in this Article, the area of a sign shall be computed as follows:

(a)  **Signs containing integral background areas.**
- The area of a sign containing a clearly defined background shall be calculated based on the area of the smallest standard geometric shape encompassing a perimeter of the background area of the sign.

(b)  **Signs without integral background areas.**
- In instances in which a sign consists of individual elements such as letters, symbols or other graphic objects or representations that are painted, attached to, or otherwise affixed to a surface such as a wall, window, canopy, awning, architectural projection, or to any surface not specifically designed to serve as a sign background, the sign area shall be based on the sum of the individual areas of the smallest geometric shape.

(c)  **Double Faced Signs.**
- Only one (1) side of a double faced sign is counted in determining the area of sign faces. Where the two (2) sides are not of equal size, the larger of the two (2) sides will be used to determine sign area.

(d)  **Awning Signs.**
- The area of a graphic or sign copy on an awning shall be based on the smallest geometric shape encompassing the graphic or sign copy. When there are signs on two panels of the awning, only one side is counted in overall sign calculation.
(e) Three-dimensional Signs.
- The area of a three dimensional sign shall be the sum of all vertical sign faces of the smallest cube encompassing the design.

(f) Logos and Accent elements.
- The area of a logo and accent element will be incorporated into the overall sign area calculation unless otherwise noted in this article. The area of a logo and accent element shall be calculated based on the area of the smallest standard geometric shape enclosing the logo or accent element.

(g) Window signs.
- The area of a window sign shall be calculated based on the area of the smallest standard geometric shape or the sum of areas of the smallest geometric shapes enclosing the sign and logos.
- Window Coverage. Transparent windows and doors of buildings occupied by businesses engaging in retail sales, all or a portion of which are within 5 vertical feet of the floor and which are visible from public rights-of-way or pedestrian walkways or are otherwise visible by the general public from the exterior, shall remain free of coverings and materials that prevent views into or out of the stores. This shall not apply to approved window signs or retail goods that are presented.
within or adjacent to a window and that are a part of a decorative window display, as determined by the Planning Director.

(h) Portable signs.
- 6 sq. ft. per side (area will not be included in total permitted sign area).

10-7.207 Reduction in Permitted Signage.

An approved Master Sign Program or the conditions of approval for a site plan review, administrative use permit, conditional use permit, variance, or planned development may further regulate or adjust the permitted sign area, number of signs, height, location, color, or design of signs in addition to the regulations contained in this article.

10-7.208 Design.

(a) All signs shall be constructed of high quality materials and shall be an integral and complementary element of the overall architectural and streetscape composition and shall be integrated with the building’s architecture and landscape design, including color, materials, and scale. In some instances, it may be necessary and appropriate to integrate the building and landscape design such that the sign gains maximum visibility.

(b) Sign construction and sign copy shall be of professional quality. A letter style that is legible and in scale with the size of the sign frame or background shall be used. If more than one sign is used, the signs shall be compatible.

(c) All signs shall be installed in a professional manner, avoiding unsightly guy wires, exposed raceways or other stabilizing devices. Wall sign raceways shall be concealed from public view (e.g., within the building wall or painted to match the exterior color of the building where the sign is located) or otherwise integrated with the design of the sign and building so as to not detract from the architectural character of the building. Attachments shall be hidden from view in the least destructive manner possible. For masonry, attachments should be embedded into the mortar, not the brick or stone.

(d) Three-dimensional signs representing human or animal figures, inanimate objects, or signs of a highly unusual shape or color shall be reviewed by the Development Services Director for compatibility with the design of the building, the features of the site, and the character of the neighborhood.

(e) In some instances, a sign that is of historic nature, is of a unique artistic design, or which represents a period of time or site that is of community importance, should be retained and preserved, as determined by the Development Services Director.

(f) Where applicable, “lexan” shall be required as a durable plastic material that withstands vandalism.

(g) Plastic signs shall be prohibited in residential districts.
(h) The surface where a previous sign existed must be cleaned, repaired, patched, and/or painted to match the exterior finish and color of the building before a new sign is installed.

(i) Corner Lots and Driveways: Freestanding or monument signs higher than three (3) feet shall be subject to the “Vision Triangle Rule”, Article 9, Hayward Traffic Code, for visibility requirements

![Vision Triangle Rule](image)

10-7.209 **Illumination.**

(a) Internal and external sign lighting shall be designed to prevent light spillage and glare onto any adjacent residentially zoned property or public right-of-way. Additionally, sign lighting shall not create hazardous glare for pedestrians or vehicles in a public street or on any public or private premises.

(b) External illumination is permitted in residential districts in accordance with the City Security Ordinance (Ord. No. 90-26).

(c) Neon and Halo back-lit lighting may be used in all zoning districts, except the residential districts, on the exterior of buildings, whether for signage or decorative artwork. Use of neon or halo-lit lighting for these purposes shall be subject to review. Neon intended for advertising and which is within twenty-four (24) inches inside a glass window or door of a building shall count toward total signage allowable. Neon intended for “Open” signs, decorative artwork or to represent an ancillary product sold on the premises shall not count toward total signage allowable, as long as there is no flashing or intermittent illumination.

(d) The use of unshielded lighting, including incandescent light bulbs hung or strung on poles, wires, or any other type of support, to illuminate buildings, structures, in windows, or at outdoor sales or storage areas, is prohibited except on a temporary basis for areas in which carnivals, fairs, Christmas tree lots, or other similar activities have been approved under an Administrative Use Permit for a special event or other permitted short-term promotional or seasonal event.

(e) Internally illuminated cabinet signs are prohibited except for those which use a non-opaque material with punch-thru letters so only the letters are illuminated. Legal non-conforming internally illuminated cabinet signs and service station price signs are exempt.
The type of illumination for all signs is subject to approval by the Development Services Director or his/her designee, or approving authority.

Light sources shall utilize energy-efficient fixtures to the greatest extent possible and shall comply with Title 24 of the California Code of Regulations (California Building Code Standards).

Electronic Reader Boards – See Section 10-7.501(b)(1)(c)(vi)

10-7.210 Master Sign Program.

The purpose of a Master Sign Program is to provide a method for an applicant to integrate the design and placement of signs within a project with the overall development design to achieve a more unified appearance. A Master Sign Program is required for any project that has five (5) or more business or office uses, and which requires site plan review, an administrative or conditional use permit, a variance, or is a planned development. No permit shall be issued for an individual sign requiring a permit on a site with five (5) or more existing or proposed business spaces unless and until the discretionary permit and a Master Sign Program for the property on which the sign will be erected has been approved by the approving authority. After the application is determined to be complete, a Master Sign Program shall be acted upon within sixty (60) days, unless submitted as a required component of an application request which requires public review. If a Master Sign Program does require public review, time limitation requirements for the associated permit process shall apply.

Owners of two (2) or more contiguous lots or the owner of a single lot with more than one (1) building may voluntarily file a Master Sign Program with the City conforming to the provisions of this article.

A Master Sign Program may provide for additional sign area and other deviations from the standards of this chapter, provided that the Master Sign Program is consistent with Section 10-7.208, “Design”.

The Master Sign Program shall conform to and complement the architectural design and character of the structures on the property.

(a) Application Content. A Master Sign Program application shall include the following:

(1) An accurate plot plan of the lot, at such a scale as the Development Services Department may require, showing:

(a) Location of buildings, parking lots, driveways, and landscaped areas on the lot.
(b) Computation of the maximum total sign area, the maximum area for individual signs, the height of signs, and the number of freestanding signs allowed on the lot.

(c) An accurate indication of the location of each existing and future sign of any type, whether requiring a permit or not (i.e., include directional signs too).

(2) Color scheme.

(3) Lettering or graphic style.

(4) Lighting details.

(5) Materials.

(6) Sign dimensions.

(7) Provisions for leasing information.

(8) Amount of window signage, if any, and type (i.e., painted, etched on glass), with the provision that such signage shall not exceed maximum allowed by these regulations.

(b) Existing Signs Not Conforming to a Master Sign Program.
   - If any new or amended Master Sign Program is filed for property on which existing signs are located, it shall include a schedule for bringing them into conformance with the proposed Master Sign Program (see Section 10-7.716 – Amortization).

(c) Binding Effect.
   - After approval of a Master Sign Program, no signs shall be erected, placed, painted, or maintained, except in conformance with such plan, and such plan may be enforced in the same way as any provision in this article. The Master Sign Program shall be attached to the lease agreements for all leasable space within the project. In the case of any conflict between the provisions of such a plan and any other provision herein, this article shall control.

(d) Modification to an Approved Master Sign Program.
   - The Development Services Director or designee may approve minor modifications to an approved Master Sign Program with respect to colors, material, elevations, site plans, landscape plans, lighting and other physical changes.

(e) Alternative Master Sign Programs
   - In the event that design guidelines are created for specific neighborhoods and areas, flexibility with Master Sign Programs within these areas can be granted per the discretion of the approving authority.
**10-7.211 Sign Corridor Overlay District.**

The purpose of the Sign Corridor Overlay District is to enhance auto- and pedestrian-oriented experiences and business signage effectiveness on parcels fronting on major street corridors and collectors within the City and to reduce clutter and illegal signage and enhance them with attractive, well-designed signs. This will be accomplished by allowing businesses within the Sign Overlay District to have an increased sign area allowance to improve visibility. The Sign Corridor Overlay District includes the properties within the Downtown Entertainment District and arterial and commercial collector roadways as identified in the General Plan, shown in Figure 1 on the following page.

(a) **Downtown Entertainment District**

Businesses located within the Downtown Entertainment District shall be allowed one blade or shingle sign of 6 sq. ft. maximum per side and one portable “A-Frame” sign in addition to the maximum sign area allowed for the zoning district.

(b) **Major Street Corridors and Collectors**

Businesses located within the Sign Corridor Overlay District along the major street corridors and collectors shall be permitted to have 2 square feet of sign area per linear foot of frontage with a maximum sign area of 200 square feet, which is above the maximum 1.5 square feet of area per linear foot and a maximum of 100 square feet normally permitted by zoning district, and one blade or shingle sign of 6 sq. ft. maximum per side, in addition to the maximum sign area allowed for the zoning district.

Blade Sign  A-Frame Sign
**10-7.300 EXEMPT SIGNS.**

(a) This article shall not relate to flags of any nation or government, gravestones, barber poles, religious symbols, sign for state or federally regulated uses (i.e. public schools, state universities, United States Post Office, etc.), official traffic or government signs; the content of signs; product dispensers and point-of-purchase displays not directly visible from a vehicular or pedestrian right-of-way; scoreboards on athletic fields; seasonal displays unless regulated herein; or signs not intended to be viewed from a vehicular or pedestrian right-of-way as defined in this article.

(b) The following signs may be installed without a sign permit, subject to all other provisions of this article. Such signs are not exempt from the requirements of the City Building Official or the Transportation Engineer. Exempt signs shall not be included in the determination of the total allowable number of signs or total allowable sign area but their locations shall be included on the plot plan for a Master Sign Program application.

1. **Accessory Sign.**
   - Exempt if not exceeding six (6) square feet in area for each sign.

2. **Address Sign (non-business).**
- Exempt if not exceeding two (2) square feet in area for a single family or duplex unit, and four (4) square feet for all other uses.

- Address numerals shall be at least four (4) inches in height for residential uses and ten (10) inches in height for nonresidential uses. All such numerals shall have a minimum one-half (1/2) inch stroke width and shall be of contrasting color to the background to which they are attached. Address signs shall also adhere to the following:
  
  ✓ Single-family homes shall have address numerals illuminated permanently in accordance with the Security Ordinance (Ord. No.90-26);
  
  ✓ Multi-family developments with more than three individual buildings (containing one or more units), and for which one or more buildings do not face the same street, shall have an illuminated diagrammatic representation of the complex which shows the location of the viewer and the unit designations within the complex (Security Ordinance Ord. No. 90-26);
  
  ✓ For all uses, a larger address sign may be permitted if necessary to adequately identify a building which is set back unusually far from the street, subject to the discretion of the Development Services Director or designee.

(3) **Automatic Teller Machine Sign.**

Not to exceed four (4) square feet in area per machine.

(4) **Balloons.**

Not to exceed fourteen (14) inches in diameter and must be of non-Mylar material. No limit as to number.

(5) **Bulletin Board (On-Site).**

One (1), not exceeding thirty (30) square feet in area per face (including changeable and fixed copy area) and six (6) feet in height, for any non-state or federally regulated facility, including, but not limited to, the City of Hayward, Hayward Area Recreation and Park District (HARD), private schools, religious facilities, community theater, or other type of educational/cultural facility. It may include manual changeable copy, but does not include “Electronic Reader Boards” or “Monument Signs.”

(6) **Change of Copy.**

- Replacement or change of copy on a legally installed sign that conforms to the requirements of this article does not require a sign permit for changes of copy if a sign structure is not altered or modified.
If applicable, the replacement copy shall conform to the requirements of any Master Sign Program and/or the conditions of approval of the project where the sign is located.

For nonconforming Multiple Occupancy Signs, a change of copy to any one (1) given tenant is permitted if the sign identifies other businesses on the same premises.

No permits are required for changes of copy on electronic reader boards or theater marquees.

Individual letter signs (i.e. manual changeable copy, bulletin board signs, etc.), such as those used by religious facilities and schools to promote weekly changing but similar messages, and complying with the original approved conditions do not need a permit.

(7) **Commemorative Plaques.**

One (1) memorial tablet, commemorative plaque, or sign, including historical identification sign, per building, designating the building name and date of erection, when cut into or raised on any masonry surface or when constructed of cast or wrought metal, with a total maximum sign area of ten (10) square feet. Plaques identifying projects included in the City’s Mural Art Program are permitted with the City’s approval.

(8) **Community Identification Signs.**

A sign incorporating information referring exclusively to service clubs, community slogans, directional information to public facilities, and/or municipal statistics in compliance with the City’s adopted marketing and branding guidelines.

(9) **Construction Signs.**

One (1) single-faced sign per street frontage with maximum area of thirty-two (32) square feet per face, ten (10) feet in height, non-illuminated, installed parallel to the street, and located on property where work is or will be under construction. Larger signs may be approved by the Development Services Director when the project and location warrants a larger sign. Within fifteen (15) days after completion of construction or final occupancy, signs shall be removed.

(10) **Directional/Informational Sign.**

Permitted as defined in this article; limited to six (6) square feet in area per each sign; a logo may comprise up to twenty (20) percent of the total of each sign area.
(11) **Flag (Other than National or Government).**

One (1) flag per establishment and must be mounted on a pole. The pole height may not exceed twenty-five (25) feet if freestanding, or fifteen (15) feet if located on top of a building, not to exceed the structural height limit of any given District. The longest dimension of the flag may not exceed six (6) feet.

(12) **Garage/Yard Sale Signs.**

- Signs used to advertise such a sale on residential property, provided that said signs are non-illuminated, do not exceed four (4) square feet in area, and adhere to the following:
  - One (1) garage/yard sale sign is allowed on the garage/yard sale site.
  - Up to four (4) additional signs, which may also exhibit directional arrows and instructions, shall be allowed on weekends and holidays on other private properties with the property owners' permission.
  - Shall not be placed on public property, including sidewalks, parking areas, landscaped areas, trees, utility poles and sign poles.
  - Shall be removed by the owner within one (1) day following the date of the sale.

(13) **Interior Signs.**

Signs, which are within the interior of any building or complex, or signs which cannot be seen from a right-of-way as defined in this article.

(14) **Murals** (with no commercial message, such as Original Art Murals and murals that are part of the City’s Mural Art Program).

(15) **Official Signs.**

Legal notices, identification, information, or directional signs erected or required by governmental bodies or public utilities.

(16) **Original Art Murals.**

A one-of-a-kind, hand-painted, hand-tiled, spray painted or digitally printed image on the exterior wall of a building that does not contain any commercial message and is not part
of the City’s Mural Program. For definition purposes, a commercial message is any message that advertises a business conducted, services rendered, or goods produced or sold. All Original Art Murals are exempt from obtaining a Sign Permit, but must be approved and registered with the City’s Mural Program.

17) **Political/Election Signs.**

Allowed up to thirty-two (32) square feet on each face, which are temporary in nature, and are removed within fourteen (14) days after the election for which they are designed.

18) **Product Identification Sign.**

Product Identification Signs are allowed when they are not directly visible from a vehicular or pedestrian right-of-way as defined in this article.

19) **Projecting Signs.**

Projecting signs such as “blade” or “shingle” signs, up to six (6)-square feet maximum size per face, are permitted in Downtown, Sign Corridor Overlay District, or as part of an approved Master Sign Program. Minimum eight (8) foot high clearance from the bottom of the sign to finished grade is required. Only natural or external illumination is permitted. One (1) is allowed per establishment, which will be included in the calculation of overall number of signs permitted, except for those as permitted in the Sign Corridor Overlay District. It may require an encroachment permit if it is above public property.

20) **Real Estate Signs:**

   (i) **On-site Signs.**

   One (1) single or double faced non-illuminated sign per street frontage. Sign can be hanging post, window sign, or a wall sign type. The sign shall be removed within fifteen (15) days after the close of escrow or leasing of the property.

   Maximum size per face:

Open House Directional Signs: Single Family Homes and Subdivisions.

For each open house for an individual home for sale, a maximum of four (4) directional signs and one (1) on-site sign are permitted.

Signs shall be portable A-frame or sandwich board types, maximum four (4) square feet per face, and three (3) feet in height. Signs may be placed on private property with the written permission of the property owner. Signs may also be placed on public property, such as sidewalks, subject to the following regulations:

1. Signs shall be placed so that a minimum of four (4) feet remains clear on the sidewalk for pedestrians.
2. Signs shall not be located:
   (a) In the street or a center median.
   (b) In a publicly maintained landscaped area.
   (c) In parks.
   (d) In any bus stop zone.
   (e) Where they may interfere with maneuvering vehicles, bicycles, pedestrians or where visibility of traffic or traffic signs would be hampered.
3. Signs shall not be illuminated, inflatable, have moving parts or be held by a human (unless allowed as a “Temporary Sign” per Section 10-7.600).
4. Signs shall not be attached in any manner to trees, utility poles, utility cabinets, street or traffic signs, benches, hydrants, mailboxes, traffic signal light post, or any pole or post displaying a traffic sign, motorist call box or historical marker, or public buildings.
5. Signs shall not include non-Mylar balloons greater than 14” in diameter, streamers, ribbons, pennants, or other similar devices designed to move in the wind.
6. Signs shall not resemble traffic control signs or devices.
7. A total of four (4) signs are permitted per intersection, limited to one (1) sign per corner.
8. The name and phone number of the broker, agent or owner/seller shall be placed on the sign for identification purposes.
9. Signs shall be constructed of a durable, weatherproof material and shall be permanently attached to an A-frame type sign structure.
10. The use of wooden, plastic and metal stake signs is prohibited.
11. Signs may be displayed only on weekends, federally recognized holidays, and one (1) designated tour-day each week. Signs shall be displayed no earlier than 8:00 a.m. and shall be removed beginning by sunset each day.

12. The City of Hayward may remove any sign if necessary for maintenance activities or safety considerations. The City of Hayward shall not be liable for any damage to or loss of sign.

(21) Service Stations.

Service stations are permitted to have the following additional signs provided they conform to the height and setback requirements of the district in which they are located:

(a) *State authorized testing center services.*

Four (4) square feet per sign, wall mounted only.

(b) *Price signs.*

One (1) single or double faced sign per street frontage permitted and twenty (20) square feet maximum per face. This exemption is intended to allow for full compliance with state law for posting of gasoline prices. Portable price signs are not permitted.

(c) *Pump signs.*

One (1) sign for each gas pump unit not to exceed two (2) square feet per pump face, or one (1) sign per bank of pumps, not to exceed eight (8) square feet per face, identifying the gasoline brand and rating only.

(22) Time and Temperature devices.

Devices with no advertising, located in nonresidential Districts only, maximum area twenty (20) square feet per face.

(23) Towing Authorization-Private Property Sign.

Signage should follow the City of Hayward Police Department’s guidelines for Private Property signs.
(24) **Transit, Bus Shelter Signs or Bench Signs.**

Signage may be displayed on shelters and benches located at stops which serve AC Transit and other public transit lines in the following circumstances:

- The sign conveys transit information and has been authorized by the public transit agency; or
- The signage is displayed on a bus or transit shelter in accordance with the terms and conditions of a written agreement between the City of Hayward and the public transit agency.

(25) **Under-Canopy Sign.**

A maximum area of six (6) square feet is permitted.

(26) **Vehicle Sign.**

Vehicle signs, as defined in Section 10-7.800 are exempt; up to two (2) signs maximum per vehicle or as allowed by the State Vehicle Code.

10-7.400 **PROHIBITED SIGNS.**

Except as otherwise qualified, the commercial and advertising signs in this section shall not be permitted in any District:

1. **Signs on public property or right of way, unless otherwise expressly allowed in these regulations.**

2. **Advertising Banners.**

   Exception: Banners used for promotional event and grand opening banners (Sections 10-7.601 and 10-7.602).

3. **Bunting.**

   Exception: Temporary bunting permitted for promotional and grand opening events at Automobile Dealerships (Section 10-7-601).

4. **Cabinet or “Can” Signs.**

   Exception: Legal non-conforming cabinet or “canned” signs that have not been determined to be abandoned, dilapidated, unsafe or phased out by amortization.
(5) **Changeable Copy Signs/Electronic Reader Boards.**

Exception: Permitted signs for facilities used for theatrical, cultural, church, school, sports or other seasonal events, or for industrial use with establishment frontage on a freeway, as allowed by zoning district.

(6) **Dilapidated Sign.**

A sign including its supporting structure, which is no longer in a good state of repair, is not visually attractive or functional, or has become a health or safety hazard.

(7) **Flashing Signs.**

Any sign which appears to change color or intensity of lighting, or is perceived as an intermittent or flashing light. This includes electronic reader boards.

Exception: time and temperature signs per 10-7.300(22) and marquee signs per Section 10-7.502(c) approved by the Development Services Director.

(8) **General Advertising Signs (Off-Premises).**

Any sign relating to a business, commodity, service, entertainment, or event not conducted, sold, or offered on the premises on which such sign is located. This shall include such signs as those illegally posted on telephone poles which usually advertise such events as gun shows, plant sales, car shows, etc. An existing lawfully erected general advertising sign may be relocated under the terms of a relocation agreement pursuant to California Business and Professions Code Section 5412 or successor provision.

Exception: Real estate open house directional signs (see “Exempt” Section 10-7.300); Sidewalk display signs in the Sign Corridor Overlay District (Section 10-7.211); Temporary Promotional Signs (Section 10-7.600); and Vehicle signs (see “Exempt” and “Definitions” Sections).

(9) **Hazardous Signs.**

Signs which visually obstruct ingress or egress from a building or which adversely affect traffic (vehicular, bicycle, or pedestrian) safety.

(10) **Home Occupation Signs.**

(11) **Inflatables, Aerial signs and Mylar Balloons.**

Excluding balloons as permitted by Section 10-7.300 and permitted as Temporary Promotional Signage per Section 10-7.600.

(12) **Moving Signs.**

A sign, which has any actual or apparent moving parts activated by a mechanical device, by wind currents or by human beings, where the sign moves or the shape or content of the sign face changes. This includes wind banners/flags, air and wind dancers and human
signs and excludes static electronic reader board signs. Prohibited as permanent signage, may be permitted as temporary signage as per Section 10-7.600.

(13) **Natural Objects.**

Signs attached to or painted on a tree, rock, or other natural object.

(14) **Obsolete Signs.**

Any sign, including its supporting structure, which no longer advertises a business, lessee, owner, product, service or activity on the premises where the sign is displayed.

(15) **Pennants.**

Flags or emblems of any type material, which may or may not taper to a point and are usually strung together, except when permitted for promotional and grand opening events per Section 10-7.600.

(16) **Pole Signs.**

Signs supported by a single pole are prohibited, except as allowed per Section 10-7.500(g).

(17) **Portable Signs.**

Any sign that is not permanently affixed to a building, other unmovable structure, or the ground such as A-frame signs, T-frame signs and sandwich boards and which is located in a building or in the ground. Exceptions: Real estate open house directional signs (see “Exempt” Section 10-7.300); Sidewalk display signs in the Sign Corridor Overlay District (Section 10-7.211); and Vehicle signs (see “Exempt” and “Definitions” Sections).

(18) **Roof Signs, Wall Signs, or Projecting Signs.**

Any sign which extends above the roof line or the roof parapet of a building or affixed to the wall of a building so that it projects above the eave line of a roof/ridge.

Exception: Rooftop address numerals which are readable from an aircraft, required in accordance with the City Security Ordinance (Ord. No. 90-26).

(19) **Searchlights.**

Exception: Searchlights used for promotional and grand opening events as permitted per Section 10-7.600.

(20) **Signs Creating Traffic Hazards.**

Signs that simulate in color, size or design any traffic control sign, signal or device, or that make use of words, symbols or characters in a manner that interferes with, misleads or confuses pedestrian or vehicular traffic. No sign, light or advertising structure shall be located in such a manner as to constitute a hazard to pedestrian or vehicular traffic, or in
such a manner as to obstruct free and clear vision, at any location where, by reason of the
position, shape, color or movement may interfere with, obstruct the view of, or be
confused with any authorized traffic sign, signal or device.

(21) **Streamers.**

Long narrow strips of any type material that resembles a banner and that float with the
wind.

Exception: Streamers for promotional and grand opening events as permitted per Section
10-7.600.

(22) **Vehicle-Mounted Commercial Signs** which do not meet the definition set forth in
Section 10-7.800 of this article.

(23) **Sign erected without a permit.**

(24) **Temporary sign displayed without a permit.**

10-7.500  **SIGN REGULATIONS BY SIGN TYPE, USE, OR ZONING DISTRICT.**

Hayward Municipal Code Sections 10-7.501 through 10-7.503 contains specific regulations for signs on
private property, based on the zoning district and sign usage.

10-7.501  **General Regulations By Sign Type.**

   a) **Awning Signs.**

      Maximum Number:  See each Zoning District (awning is equivalent to a wall sign).

      Maximum Area:  No more than 30 percent of surface area first floor, 20 percent of second
      floor. Counts toward maximum allowed per Zoning District.

      Maximum Height:  Prohibited above top of roof or top level of wall, including parapet.

      Clearance:  A vertical clearance of at least 8 feet between the bottom of the awning
      and finished grade.

      Setback:  Not applicable.

      Illumination:  See each Zoning District.

      Additional:  Signs on two-sided panels of an awning shall be considered as one sign.
      Signage shall be allowed only on the valance of the awning.
      New awning signs shall not visually block any existing permitted signs.
b) **Electronic Reader Board Signs.**

Electronic reader boards are permitted for religious facilities, private schools, and cultural facilities as allowed by zoning district and in conformance to the provisions of this article or as determined by the Development Services Director.

1. Electronic reader boards shall meet the requirements of the provisions of this article. Electronic reader boards that meet the requirements of this section may be permitted as follows:

   (a) The copy on an electronic reader board sign shall not change more than once in a six-second period unless otherwise allowed by law or except as necessary on a sign for the public health and safety, including traffic control, that is owned and/or operated by the city, Alameda County, State of California, or federal government. Electronic reader board signs, with an area greater than 20 square feet with no commercial message, that include time, date, and temperature information are included in this subsection.

   (b) Installation of a new electronic reader board or replacement of an existing sign with an electronic reader board shall require permits pursuant to this chapter.

   (c) Electronic reader boards must meet the following requirements:

   i. Static display time for each message is a minimum of six seconds;

   ii. The time to completely change from one message to the next is a maximum of two seconds;

   iii. The change of message shall occur simultaneously for the entire sign face;

   iv. The sign shall contain a default design that will hold the face of the sign one position if a malfunction occurs;

   v. No flashing lights, traveling messages, animation or other movements are permitted on an electronic reader board; and

   vi. Illumination of electronic reader board signs shall not exceed the following brightness limits measured as candelas per square feet at any focal point on any roadway or berm or any vehicular approach to any roadway or driveway:

<table>

   vii. An electronic reader board sign with copy that moves continuously or appears to be moving, flashing, changing color, pulsing, or alternating shall be considered an animated sign and prohibited as provided in this section.
c) **Freestanding and Monument Signs.**

- **Maximum Number:** See each Zoning District.
- **Maximum Area:** See each Zoning District.
- **Maximum Height:** See each Zoning District, and subsection (d) herein.
- **Setback:** See each Zoning District.
- **Illumination:** See each Zoning District.
- **Additional:** Freeway-oriented sign may be 50 feet in height.
  Second sign permitted where a parcel or establishment has two or more street frontages or one street frontage exceeding 500 feet.
  Must be in accordance with a Master Sign Program, if applicable.
  Corner lots: freestanding or monument signs higher than 3 feet shall be subject to the Vision Triangle Rule as set forth in Article 9, the Hayward Traffic Code, for visibility requirements.

**d) Human Signs.**

Human signs displaying a commercial message are permitted as a Temporary Promotional sign subject to the issuance of a Sign Permit and Revocable Encroachment Permit (if within the public right-of-way) (including proof of liability insurance), and conformance with the following development standards:

- **Location:** A human sign may be allowed on the premises of the property that is being advertised or within the public right-of-way immediately adjacent to the property that is being advertised provided that no human signs shall interfere with pedestrians, cyclists or vehicular traffic. Human signs shall not be located in areas required for clear visibility triangle at intersections or otherwise block motorist, cyclist or pedestrian view of traffic and/or control devices.

- **Area:** Signs when carried or held shall be no larger than 6 square feet.

- **Number of Signs:** One per business location.

- **Time of Day:** Human signs shall be allowed during the daytime business hours of operation, which are hours of operation between sunrise and sunset.

- **General:** Human signs shall not utilize any type of illumination, animation, flashing, blinking, rotating light, fluorescent colors, or mirrors. Human signs shall not shout or generate any noise that would disrupt traffic or endanger pedestrian or traffic safety. Bull horns or amplified sound are prohibited.
e) **Inflatables.**

Inflatable signs are permitted to be used for temporary promotional or seasonal events along corridors outside of the Downtown Entertainment area only with the approval of a temporary sign permit and conformance with the following standards:

**Location:** An inflatable sign shall be allowed provided that it is located on private property and tethered to the ground with the bottom of the balloon on the ground.

**Number:** One

f) **Multi-Occupancy or Multi-Story Buildings.**

Permitted as per approved Master Sign Program, otherwise as per Zoning District

**Additional:**
- First floor - based on individual establishment frontage.
- Second floor - 1 wall sign up to 10 square feet.

A sign on the top story of buildings greater than two stories is allowed on a site-specific basis, subject to Development Services Director or designee approval, and shall be limited to the name of the building or a major tenant. The sign size and type of illumination shall be reviewed on a site-specific basis.

g) **Pole Signs.**

Prohibited except for:

1. Commercial businesses with Freeway frontage on Highway 880 or State Route 92, west of Industrial Boulevard, and which provide food, fuel, or lodging; or

2. Major freeway oriented Commercial Centers of at least four (4) acres with an approved Master Sign Program on Highway 880 or State Route 92, West of Industrial Boulevard; or

3. Commercial and/or Industrial sites of ten (10) acres or more and which have an approved Master Sign Program;

4. Commercial buildings which have a historic designation and for which a small, architecturally appropriate pole sign may be permitted, subject to approval by the Development Services Director.

5. Exception: Legal non-conforming pole signs that have not been determined to abandoned, dilapidated or unsafe or phased out by amortization or have been determined to be a sign that is of historic nature, is of a unique artistic design, or which represents a period of time or site that is of community importance, should be retained and preserved, as determined by the Development Services Director or designee.

h) **Portable or “A” Frame Signs.**

Permitted within the Downtown Entertainment District - on B Street between Foothill and Watkins and on Main Street between A and C Streets only.
(1) Limited to one per establishment:
   a. Can only be located directly in front of the establishment with a 48” clear pedestrian pathway; and
   b. Can only be displayed during business hours (see diagram below).

(2) Shall not exceed 6 sq. ft. of sign area per side.

(3) Shall not exceed 3 feet in height and 2 feet in width, up to a maximum height of 4 feet to accommodate sign stand.

(4) Shall be constructed of durable, weather proof materials (i.e. plastic, metal, durable painted or stained hardwood).

(5) Copy area (chalk board, painted, cork board, etc.): sign message and/or graphics, whether permanent or changeable, shall be well-designed and relevant to the business in which it is serving.

(6) Shall be kept clean and maintained in good working condition.

i) **Projecting Signs (blade, shingle, hanging).**

   Maximum Number: One per establishment; counts toward maximum number allowable per Zoning District. Blade signs are not permitted when they would block a permitted sign of an adjacent business.

   Maximum Area: See each Zoning District.

   Maximum Height: Not applicable.

   Setback: 2-1/2 feet from curb line, or per Zoning District, whichever is greater.

   Illumination: See each Zoning District.

   Additional: (1) Allowed on establishment frontage.

   (2) Allowed only on first floor.

   (3) May not extend above top level of the wall upon which it is mounted.
(4) Signs projecting two-thirds or more of the distance from property line shall be 12 feet above street grade; 8 feet if less.

(5) Allowed in a parking lot or above a driveway if 15 feet above finished grade.

j) Wall Signs.

(1) Prohibited above top of roof or top level of wall, including parapet, nor beyond any vertical corner edge of a wall, marquee, canopy, or awning.

(2) Walls signs proposed above the second floor of a building require Director of Development Services approval (see “Multi-Occupancy Buildings”).

(3) Painted wall signs require a sign permit and shall be removed after the business has vacated the premises for more than one month. All painted wall signs shall be applied by a licensed sign contractor or a sign artist.

### (j) New Districts

Any new zoning Districts adopted by the City Council subsequent to the adoption of this Article shall be subject to regulations of the District most similar in nature and function as determined by the Development Services Director.

#### 10-7.600 TEMPORARY SIGN REGULATIONS.

**10-7.601 Auto Dealership Banners**

**i. Purpose.**

The purpose of allowing banners for automobile retail establishments located in the General Commercial (CG) and Mission Boulevard Form Based Code zoning districts is to recognize the distinctive requirements of this form of retail and to foster a unified image of a Hayward “auto row.” Uniform banners strengthen the collective impact of display and advertising for auto retail along Mission Boulevard, in a manner that is attractive, compatible, and safe, and enhances the streetscape and the economic well-being of the city.

**ii. Automobile Retail Establishment Defined.**

“Automobile retail establishment” means an establishment whose primary use of a building or property is for outdoor display and sale of new or used automobiles, trucks, vans, motorcycles, trailers or recreational vehicles. The term does not include establishments for which the sale of vehicles is an incidental use, such as rental car agencies.

**iii. Banner Defined.**

“Banner” means a non-permanent sign, made of durable fabric, fastened from the top and bottom to a ground-mounted pole or similar structure on private property. Banners shall not be fastened to any landscaping/tree, fence or retaining wall.
iv. **Banner Permits and Requirements.**

The Development Services Director or designee may approve a banner permit in accordance with the regulations and criteria set forth in this section and may impose such other reasonable conditions as may be deemed necessary in the public interest. The following regulatory standards are required conditions for any banner:

1. **Size.**
   
   Each “large banner” shall be a minimum of sixteen point one (16.1) square feet and a maximum of twenty-eight (28) square feet.

   Each “small banner” shall be a minimum of eight (8) square feet and a maximum of sixteen (16) square feet. All banners of the same type on a property shall be the same size.

2. **Quantity.**

   Each property may display a maximum of one (1) “large banner” for every thirty (30) lineal feet of street frontage. Each property may display a maximum of one (1) “small banner” for every four hundred (400) square feet of parking and auto display area.

3. **Location and Setbacks**

   The entire banner shall be located on private property, outside of vision triangles of motorists and shall not extend into or be allowed to move into the public right-of-way.

   “Large banners” may be located within ten (10) feet of the property line adjacent to Mission Boulevard. “Small banners” may be located elsewhere within parking and auto display areas.

4. **Distance between Banners.**

   No banner shall be located closer than ten (10) feet to another banner.

5. **Height.**

   The bottom of each banner shall be at least eight (8) feet and not more than twelve (12) feet above the surface below it. All decorative banners located on a property shall be the same height.

6. **Materials.**

   Banners shall be of durable fabric intended for outdoor use such as altrafab, pryatone, sunbrella or similar quality fabric. No fade inks shall be used on the banners.

7. **Hardware.**

   Brackets for mounting the decorative banners to poles shall be of high quality such as stainless steel banding with fiberglass arms which can flex with the wind.
8. **Maintenance.**

   Banners shall be promptly replaced when ink fades or fabric tears, frays or fades. Hardware shall be replaced or repaired when damaged or twisted. All banners shall be fastened to keep taut and shall not be loose or floppy.

9. **Promotional Signs.**

   The possession of a sign permit for Auto Dealership Banners would prohibit the installation of temporary promotional displays on the same property.

10. **Duration.**

    Banners shall be permitted for a maximum of 120 days per calendar year and duration shall be specified on the permit.

v. **Permit Application.**

   An application for a sign permit shall be made on a form supplied by the Development Services Director and initiated by owners or agents of automobile retail establishments. The application shall be accompanied by the required fee, as adopted by resolution of the City Council. Along with demonstrating that all of the above required conditions of approval have been met, the following information shall be submitted to the Director in conjunction with an application for a permit:

1. Site plan for the automobile retail establishment, indicating quantity, location and height of banners for the property;

2. Color drawings showing banner design, including colors, materials, hardware and size;

3. Explanation of duration of display of the banners that are requested.

4. Additional information, as determined by the Director may be required.
10-7.602 Promotional Event and Grand Opening Signs.

Promotional event or grand opening signs are regulated only by this section. These signs are permitted in addition to the sign area and number allowed for other classes of signs.

(A) Permitting

In order to display any promotional or grand opening signs, a person must file a Sign Permit Application with the Development Review Services Division. The application shall state the applicable number of signs allowed and the number proposed, the date(s) when the signs are to be erected and when they are to be taken down, in accordance with time limits set forth in this article. If applicable, the application shall state the number of times such signs have already been erected in a given calendar year.

(B) Location

Promotional and grand opening signs may not be placed within the public right-of-way (including planter strips, tree wells, sound walls, fences, sidewalks, and street medians), on public property or in any location which interferes with vehicular, bicycle, or pedestrian circulation or safety, except for recognized community sponsored events, such as events sponsored or held by the City of Hayward, Hayward Unified School District, Hayward Area Recreation and Park District (HARD), Hayward Historical Society, Hayward Chamber of Commerce, and other government agencies and community organizations as determined by the Development Services Director).

10-7.501(d) and Inflatables – Section 10-7.501(e)

*The application fee shall be waived for grand opening promotional signs for all new businesses with a valid City business license.

10-7.603 Subdivision and Directional Signs (Off-Site).

- One (1) temporary sign per lot on which it is placed related to the sale or lease of any real property, up to thirty-two (32) square feet in sign area per sign; ten (10) feet in height and ten (10) feet back from property line.

- For each two hundred (200) feet of street frontage, one (1) additional temporary sign related to the lease or sale of any real property is permitted, subject to the size, height, and setback requirements provided in this section.

- Must be placed on private property with the owners' permission, and may remain for twelve (12) months after first installed, or until last unit is sold, whichever is first.

- A time extension, if needed, must be applied for and approved by Development Services Director and must be submitted fifteen (15) days prior to the expiration date of the permit.

10-7.700 ADMINISTRATION, COMPLIANCE AND ENFORCEMENT.

The Development Services Director or his or her designee shall be vested with the authority to determine compliance with provisions of this ordinance except for building or fire code requirements. The Development Services Director or his or her designee is empowered to interpret and enforce the provisions and requirements of this article and to remove or cause to be removed any sign or other advertising structure which has been constructed, erected, altered, relocated, or maintained in violation of this article.

10-7.701 Administrative Referral.

When there is a question regarding the interpretation of this ordinance, or its application to any specific case or situation, the Development Services Director may, in his or her discretion, refer the question to the Planning Commission.
10-7.702 Administrative Modifications.

The Development Services Director may administratively reduce the setback requirement or increase the permitted sign area if such modifications are minor, not more than twenty-five (25) percent, and he or she determines that no practical alternative exists, that the purposes of the ordinance would not be compromised, and that no detrimental impact would result.

10-7.703 Variances.

The purpose of the Variance provision is to authorize, in specific cases, departure from the terms of the Ordinance if not contrary to the public interest where, owing to special conditions, literal enforcement would result in unnecessary hardship.

(a) Applications for Variances shall be processed in accordance with Sections 10-1.2815 through 10-1.2825 and Sections 10-1.3305 through 10-1.3375 of the Zoning Ordinance.

(b) The Development Services Director, or the Planning Commission upon referral by the Director, may grant a Variance when it can be determined that:

(1) There are special conditions or circumstances peculiar to the property involved that do not apply generally to property in the same district; and

(2) Literal interpretation of this article would cause a hardship or deprive the applicant of rights enjoyed by others in the same district; and

(3) The granting of the Variance does not grant a special privilege inconsistent with the limitations on other properties in the same district.

10-7.704 Revocation of Sign Approval.

The Development Services Director has the authority to revoke any permit or approval issued by the Director or the Director's designee. Revocation shall occur pursuant to Section 10-7.705, “Grounds for Revocation.”

10-7.705 Grounds for Revocation.

Any sign permit approval or action may be revoked on the basis of one (1) or more of the following grounds:

(a) Fraud or misrepresentation by the applicant with respect to any information contained in his or her approved application or with respect to any other information provided to the City.

(b) Failure of the applicant to meet or abide by any condition imposed upon approval.

(c) Failure of the applicant to erect the approved sign(s) within one (1) year of permit issuance.

(d) Abandonment of the sign for a period of thirty (30) days.
10-7.706 **Hearings - Notice.**

Prior to revocation, the Development Services Director or Planning Commission, on appeal, shall hold a hearing after written notice is provided to the applicant.

10-7.707 **Appeals.**

Any person aggrieved by a decision by the Development Services Director may appeal such action to the Planning Commission by filing a written appeal with the Development Review Services Division within ten (10) days from the date of such action. Upon completion of its consideration, the Planning Commission may sustain, or modify, or reverse the Director's decision. Any action or decision of the Planning Commission is final and not appealable.

10-7.708 **Legal Non-Conforming Signs.**

A legal non-conforming sign is a sign lawfully constructed and maintained prior to the effective date of this Ordinance, but which does not conform to the provisions of this chapter, or because of a district change after the effective date of this chapter affecting the property upon which the sign is located, ceases to comply with the applicable zone district regulations. This chapter is intended to limit the number and extent of nonconforming signs by prohibiting alteration or enlargement thereof so as to increase the discrepancy between existing conditions and the standards and requirements of this Ordinance and to provide for the elimination of nonconforming signs, in compliance with State law.

(a) A legal non-conforming sign (see Section 10-7.800: Definitions), unless made to conform to the provisions of this article, may not be structurally altered, expanded, moved, modified in any way, or be reestablished after:

1. Discontinuance for six (6) months or more; or
2. Damage or destruction of more than fifty (50) percent of replacement value.

(b) Any legal non-conforming sign shall be permitted to remain until such time as:

1. There is a change in the use of the property on which the sign is located and discretionary approval for the change of use is required;
2. Expansion, movement or modification of the sign. A change of copy or normal maintenance and repair does not constitute modification of a non-conforming sign.

(c) At such time as any of the events mentioned in subsections (a) and/or (b) occur, the sign must be brought into conformance with this article.

(d) At such time that the amortization period concludes, in accordance with Section 10-7.716.
10-7.709 Sign Maintenance.

(a) Each sign, including a legal non-conforming sign, shall be maintained in the same condition as when the sign was installed. Normal wear and tear of aged signs shall be repaired when they detract from the visible quality of signs, as determined by the Development Services Director. Repaired signs will be consistent with the approved sign permit for the sign (i.e. paint colors and illumination will match, etc.).

(b) When signs are removed, the wall or fence behind the sign shall be repaired and painted to match the rest of the structure.

(c) Abandoned, dilapidated or unsafe signs shall be subject to abatement in accordance with Sections 10-7.713 and 10-7.714.

10-7.710 Removal of Certain Signs.

(a) A sign which is unsafe, abandoned, significantly dilapidated, deteriorated or was constructed illegally, may be removed without payment of compensation by the City to the establishment. This includes:

(1) A sign which meets any of the criteria specified in Business and Professions Code Section 5497, or all of the requirements of Business and Professions Code Section 5495, or their successor provisions, shall be removed without compensation in accordance with those provisions.

(2) A sign, which meets the requirements of Business and Professions Code Sections 5412.1 or 5412.2 shall be removed in accordance with those provisions, or their successor provisions.

(3) A sign which was constructed unlawfully.

(a) Within six (6) months from the date of the adoption or amendment of this article, whichever is later, the City shall commence inventorying and identifying all illegal or abandoned advertising displays, as required in Section 5491.1 of the California Business and Professions Code. Within sixty (60) days after the six (6) month period, the City shall commence abatement of the identified preexisting illegal and abandoned on-premises displays. Fees for the cost of inventorying and identifying illegal or abandoned advertising displays shall be collected in accordance with Section 5491.2 of the Business and Professions Code and the Master Fee Schedule.

(b) Any sign which is abandoned or deemed to be abandoned due to the sign's obsolescence or disuse shall be removed by the owner of the property on which the sign is located within thirty (30) days after the sign is abandoned or deemed to be abandoned.
10-7.711 Enforcement of Signs on Private Property.

(a) Removal.

Development Services Director or his or her designee may remove or cause the removal of a sign which is constructed, installed or maintained on private property in violation of this article or other provisions of law (“illegal sign”), in accordance with the procedures set forth in Chapter 5, Article 7 of the Municipal Code – Community Preservation and Improvement.

(b) Notice to Abate.

Abatement of illegal signs shall be in accordance with the procedures set forth in Chapter 5, Article 7 of the Municipal Code – Community Preservation and Improvement.

10-7.712 Enforcement of Signs on Public Property.

(a) Removal.

The City may remove any temporary or portable sign in the public right-of-way or on public property in violation of this Ordinance.

10-7.713 Enforcement of On-Premise Signs.

The City may declare as a public nuisance and abate at the owner's expense any sign maintained in violation of this article. A sign maintained in violation of this article includes, but is not limited to:

(a) An on-premises advertising display erected without first complying with all ordinances and regulations in effect at the time of its construction and erection or use.

(b) An on-premises advertising display that was legally erected, but has been abandoned or not maintained.

(c) An on-premises advertising display that was legally erected, which later became nonconforming as a result of the adoption of an ordinance, the amortization period for the display provided by the ordinance rendering the display non-conforming has expired, and conformance has not been accomplished.

(d) An on-premises advertising display which is a danger to the public or is unsafe.

(e) An on-premises advertising display or painted wall sign that was not erected or applied with a sign permit or which remains after the business has vacated the premises for six months for on-premises advertising display and one month for painted wall sign.

Abatement of illegal signs shall be in accordance with the procedures set forth in Chapter 5, Article 7.
10-7.714 Procedure Not Exclusive: Violation An Infraction.

The procedures for abatement set forth herein shall not be exclusive and shall not in any manner limit or restrict the City from enforcing other City ordinances and regulations or abating public nuisances in any other manner provided by law. Nothing in this article shall be deemed to prevent the commencement of a civil proceeding to abate a public nuisance pursuant to applicable law or from pursuing any other remedy available under applicable law. Violation of the provisions of this article constitutes an infraction or a misdemeanor, as set forth in Chapter 1, Article 3 of the Hayward Municipal Code.

10-7.715 Severability.

If any provision of this Article is determined invalid, void or unenforceable by a final judgment rendered by a court of competent jurisdiction, the validity of the remaining provisions of this Article shall not be affected, provided that the enforcement of the remaining provisions of this Article are not rendered impractical by the severance of the provision deemed to be invalid, void or unenforceable.

10-7.716 Amortization.

Notwithstanding other provisions of this chapter, the following signs shall be required to be removed or modified to comply with the provisions of this chapter. The City of Hayward will work closely with the business community to seek compliance with long-term established businesses.

1. "Abandoned signs" as defined herein, must be removed:
   a. Any sign, including its supporting structure, remaining in place or not maintained for a period of six (6) months, which no longer advertises or identifies an active business, product, or service, whether such business, product, or service is provided on-site or off-site.
   b. Any painted wall sign remaining in place or not maintained for a period of one (1) month, which no longer advertises or identifies an active business, product, or service, whether such business, product or service is provided on-site or off-site.

2. Signs nonconforming to the established signing standards must be made to conform within three (3) years after adoption of the sign standards and completion of a City Sign Inventory.

10-7.800 DEFINITIONS

The following definitions shall apply to the interpretation of this article. The definition of the singular form of any defined term also applies to the plural form of the same term.

A-Frame Sign.
Portable Sign and Sandwich Board Sign.
The terms “A-Frame Sign,” “Portable Sign,” “T-Frame Sign,” and “Sandwich Board Sign” shall mean portable signs capable of standing without support or attachment.

Abandoned Signs.
Any sign, including its supporting structure, remaining in place or not maintained for a period of six (6) months which no longer advertises or identifies an active business, product, or service whether such business, product or service is provided on-site or off-site.

Any painted wall sign remaining in place or not maintained for a period of one (1) month which no longer advertises or identifies an active business, product, or service whether such business, product or service is provided on-site or off-site.

Accessory Sign.
A sign, generally informational or directional, that has a purpose secondary to the use of the parcel on which it is located, such as “no parking,” “entrance,” “loading only,” “telephone,” or other similar language.

Accessory sign also includes logos—a graphic mark, symbol, icon, or emblem.

Address Sign.
The official street address of a parcel, building or part thereof.

Aerial Sign (also see inflatable).
A balloon, or other airborne flotation device, which is tethered to the ground or to a building or other structure that directs attention to a business, commodity, service or entertainment conducted, sold or offered.

Alter.
Any change in the weight, depth, height, area, thickness, location, or type of display of an existing sign but shall not be construed to prevent normal or periodic maintenance, upkeep, or repair of a sign or change of copy.

Awning.
Any frame covered with cloth, aluminum, or other materials which is attached to and projects from the exterior wall of a building, typically over a window or door.

Awning Sign.
Any sign which is painted, printed, sewed, or otherwise attached to an awning. For purposes of this article, signage on two (2) panels of an awning counts as one (1) sign for purposes of calculating total number of allowable signs. Internal illumination of the signage is prohibited.
**Balloon.** Any spherical shaped inflatable device (excluding Mylar balloons) fourteen (14) inches or less in diameter, tethered in a fixed location. Often used for promotional events and grand openings. See “Inflatable.”

**Banner.** A temporary sign composed of lightweight, flexible, non-rigid material that is mounted to a pole or a structure at one (1) or more edges either vertically or horizontally. Requires a sign permit for advertising a product, service, business or promotional event. National, state, or municipal flags shall not be considered banners. An eight (8) foot clearance is required between a banner and finished grade. See Section 10-7.600.

**Banner.** See “Off-Premise Signs.”

**Blade sign.** A small sign which is suspended from an overhang, canopy, marquee, or awning, or is suspended from a mounting attached directly to the building wall, and hangs perpendicular to the building wall. An eight (8) foot clearance is required between a blade sign and finished grade. It may require an encroachment permit.

**Building Identification Sign.** A wall sign identifying the name of a building, largest leaseholder, or owner of a building of two (2) stories or more in height, within which they are doing business.

**Bulletin Board (On-Site).** A permanent wall or free-standing sign with manual changeable copy (i.e. not by electronic means). Found on educational or cultural sites (i.e., church, school, community theaters, etc.), but does not include “Monument Signs”.

**Bunting.** A temporary sign made of gathered cloth, canvas, light fabric or plastic exhibiting the color or colors of a flag of a government or governmental agency or any patriotic, religious, charitable, civic, educational or fraternal organization.

**Business Identification Sign.** A sign indicating the name, trademark, address, use, primary commodity, or service available on the premises where the sign is located.
Can/Cabinet Sign.
A sign which contains all the text and/or logo symbols within a single enclosed cabinet that is mounted to a wall or other surface.

Canopy.
Any structural, ornamental roof-like appendage, freestanding or attached to a building, including roof overhangs, but excluding awnings, marquees or metallic hoods.

Changeable Copy Sign.
A permanent sign whose informational content can be changed or altered by manual or electronic means. Also includes a sign known as an “Electronic Reader Board,” “Marquee Sign,” or time and temperature sign.

Change of Copy.
