

## **DAN GOLDSTEIN**

**Occupation:** Manager/Planning Commissioner

**My education and qualifications are:** As a proud dad of two great teenagers and 17-year Hayward homeowner, I want a safe and affordable Hayward for all of us, including my kids and yours. Volunteering for the City of Hayward, I've advocated for effective, community-responsive policing and public safety. In 7 years on the Hayward Planning Commission, I've fought for quality development creating more housing, jobs, city revenue, entertainment, and parks like our new Mia's Dream Playground and 50-acre La Vista Park. I've pushed for all new developments to include affordable units, because everyone deserves safe homes, good schools, nearby grocery stores, transportation and parks regardless of income. As Hayward Education Foundation Treasurer, I've helped facilitate \$80,000+ in classroom grants the past 2 years. With 30+ years' engineering and management experience growing tech startups, I'll launch and support a business incubator, mentoring Hayward residents creating new businesses and jobs. And I'll provide leadership for a greener future, with continued City of Hayward-led environmental and climate change initiatives. Please join labor unions, the Hayward Chamber of Commerce, Democratic Assemblymember Bill Quirk, Mayor Barbara Halliday, current and former city councilmembers, and many others endorsing me. Working together, we'll make great things happen in Hayward. Contact me with your ideas (dan@danforhayward.com). I will respond! I would appreciate your vote. Thank you!
