DESIGN CHARRETTE

COME SHAPE THE FUTURE OF DOWNTOWN HAYWARD!

What is a Design Charrette?

A charrette is a multi-day interactive workshop where Hayward residents have multiple opportunities to collaborate with the Consultant Team to develop a long term vision for Downtown Hayward.

What is an Open Studio?

The Open Studio similar to an open house. Come and go as you please! Open Studio lets you see what the Consultant Team is working on. This is your chance to give immediate feedback on what you want your Downtown to become.

What is a Brown Bag Lunch?

Bring your own lunch and learn about specific topics related to Downtown.

What is a Studio Pin-Up?

A Studio Pin-Up is an open event where the Consultant Team presents design ideas and asks for public input.

There are many events happening all week long. Come to one, or all, depending on your schedule. No commitment required.
