1.00 RECOGNITION, DISCRIMINATION AND UNION ACTIVITIES

1.01 Recognition

The City recognizes the representation unit “Hayward Fire Officers Association” Local 1909 of the International Association of Firefighters, AFL-CIO, as the exclusive representative of a bargaining unit consisting of all public safety classifications in the Fire Department, excluding management and confidential employees. Public safety classifications are those in which the employees are safety members of the Public Employees Retirement System.

HFOA Consists of:

6 Battalion Chiefs

1 Fire Training Officer

1 Fire Marshal

1.02 No Discrimination

There shall be no discrimination because of race, creed, color, national origin, sex, age, protected union activities, or any other protected category recognized under state or federal law against any employee or applicant for employment by the Union or by the City or by anyone employed by the City. Protected union activities for the purposes of this section are defined as those activities permitted in accordance with applicable state laws and local ordinances and rules and the Memorandum of Understanding.

1.03 Union Meetings

City buildings and other facilities, including the recreational areas of fire stations, shall be made available to the Union upon request for Union meetings, and Union members shall be permitted to attend such meetings while on duty if they are assigned to the fire station where a meeting is being held. Requests for the use of City buildings or other facilities for a Union meeting shall be submitted to the Fire Chief or his/her designated representative at least 48 hours in advance of the meeting and shall not interfere with the conduct of Fire Department business. Union members on duty shall remain available to perform their duties as necessary.

Members of the Union’s Board of Directors who are on duty at the time a Union meeting is scheduled may be allowed to switch assignments with employees at the station where the union meeting is being held. A request must be submitted in writing to the Fire Chief no later than 48 hours prior to the meeting. An exception to this requirement will be made for members of the Union Board who are on duty in an overtime status on the date of a regularly scheduled Union Board meeting and for a regular general membership meeting. Approval of the request shall be contingent upon no use of City vehicles or payment of mileage, no reduction in level of service, and no creation of overtime expense as a result of such switching of assignments. As an exception to the foregoing, the on-duty

Battalion Chief may approve the use of a City vehicle if circumstances warrant. No more than one (1) such arrangement shall be approved for a given Union Board member within a thirty (30) day period, except that the Fire Chief may allow a greater frequency when meet and confer sessions are in progress.

1.04 Dues Deductions and Service Fees Payments

The City agrees to deduct one (1) month's current and periodic Union dues and special assessments from the pay of each employee who, has on file with the City a currently effective payroll deduction authorization for this purpose or who shall thereafter voluntarily execute and deliver to the City the payroll deduction authorization provided by the Union and approved by the City for this purpose.

The parties hereto recognize that membership in the Union is not compulsory, that employees have the right to join, not join, maintain, or drop their membership in the Union, and that neither party shall exert any pressure on or discriminate against an employee regarding such matters. The Union agrees it is obligated to represent all of the employees in the Unit fairly and equally without regard to whether or not an employee is a member of the Union.

All employees covered by this memorandum of Understanding shall become and remain a member of the Union in good standing within thirty (30) days following the beginning of employment or execute a payroll deduction authorization form and thereby pay to the Union an initial fee not to exceed the standard initiation fee required as a condition of acquiring membership in the Union and, thereafter, a month's service fee not to exceed the monthly dues uniformly required as a condition of retaining membership in the Union and special assessments adopted by the Union's membership for the costs of negotiations, contract administration and grievance handling.

As an exception to the foregoing, an employee who certifies he/she is a member of a bona fide religion, body or sect which has historically held conscientious objections to joining or financially supporting public employees' organizations, shall execute a payroll deduction authorization for and thereby pay sums equal to the standard initiation fee required as a condition of acquiring membership in the Union, and the monthly service fee and special assessments provided above to one (1) of the following;

- Emergency Shelter Program
- City of Hayward Animal Control Program
- Visiting Nurses Association (Hayward Branch)

The employee's earnings must be regularly sufficient after other legal and required deductions are made to cover the amount of the dues or service fees check off authorized. When an employee is in a non-pay status for an entire pay period, no withholding will be made from future earnings to cover the pay period. In the case of an employee who is in a non-pay status during only part of the pay period, and the salary is not sufficient to cover the full withholding, no deduction shall be made. In this connection, all other legal and required deductions have priority over Union dues and service fees.

The Treasurer of IAFF Local 1909 shall notify the Director of Finance in writing as to the amount of such initiation fees and monthly dues and special assessments uniformly required of all members of the Union.

Monies withheld by the City shall be transmitted to the Officer designated in writing by the Treasurer of Local 1909 as a person authorized to receive such funds at the address specified.

Upon seven (7) days' notice to the City from the Union that an employee described above has failed to maintain membership in good standing or has failed to maintain current service fee payment or has failed to maintain current charitable contribution to one (1) of the three (3) charities designated above, then the City shall:

1. Counsel the employee of their obligation under the provision.
2. Inform the employee that further failure to maintain the appropriate payments shall subject employee to discharge.

The Union shall indemnify, defend and save harmless the City of Hayward, its officers, employees and agents acting on its behalf from and against any and all losses, damages, costs, expenses, claims, demands, actions, suits, judgments and other forms of liability arising out of the application or enforcement of this Section.

1.05 Union - Management Relations

The City and the Union are desirous of effecting significant improvements in labor relations between management and employees represented by Local 1909. In the event the services of a third party facilitator are used in a effort to achieve this end it is agreed and understood that the third party facilitator will not serve as a witness for or resource person to either the City or the Union in any labor relations dispute, arbitration proceeding, or litigation involving the City of Hayward and Local 1909.

2.00 PROBATIONARY PERIOD

2.01 Appointments Subject to Probationary Period

All appointments to positions covered by Section 1.01 shall be subject to a probationary period. The period of probation shall be one (1) year for all covered classifications. Credit for *acting time* not to exceed six (6) months in the classification to which an employee is promoted shall be applied to the probationary period, provided said acting time is immediately contiguous to appointment in probationary status. Extension of probationary periods up to a maximum of six (6) months may be approved by the City Manager in individual cases.

2.02 Release of Probationer

The Department Head shall recommend retention or rejection of the probationer prior to the expiration of the probationary period. During the probationary period an employee may be released at any time without right of appeal. Written notice

of release designating the effective date of such action shall be furnished to the probationer.

2.03 Release Following Promotion

Any employee released during the probationary period following promotion shall be reinstated at the former salary step of his/her former position or a position in the class from which promoted unless the reason for his/her release is cause for dismissal. If no vacancy exists in this class, the employee with the least amount of time in this class shall be demoted to the most recent class in which he/she has satisfactorily served. If any employee is caused to be released by such action he/she shall be placed on a re-employment register for the classification from which released. Any employee who is released during a probationary period following promotion shall retain appeal rights to dismissal from the City but not the right to appeal his/her release from the position from which demoted.

2.04 Effective Date of Regular Status

Upon attaining regular status, the effective date shall revert to the date of initial probationary appointment.

3.00 LAYOFFS & RESIGNATIONS

3.01 Layoffs

Whenever there is a lack of work or lack of funds requiring reduction in the department, the required reduction shall be made in such job class or classes as the Fire Chief or his/her designated representative may designate, provided that employees shall be laid off in the inverse order of their relative length of service. Within each affected job class, all provisional employees shall be laid off before probationary employees, and all probationary employees shall be laid off before any regular employees.

Layoff to the next lower class is authorized provided that the employee to be laid off has previously served in said lower class and whose original date of appointment to that class predates at least one (1) employee presently serving therein.

Re-employment Registers

Re-employment registers for classifications in the unit above the rank of Firefighter created in accordance with *Section 8.00(c)* of the City of Hayward Personnel Rules shall remain in effect until all persons thereon have been recalled or have declined an opportunity for recall.

3.02 Resignations

Any employee wishing to leave the employ of the City in good standing shall file with the Department Head at least two (2) weeks before leaving the service a written resignation stating the effective date and reasons for leaving. The resignation shall be forwarded to the City Manager through the Human Resources Director with a statement by the Department Head as to the resigned

employee's service performance. Failure of the employee to submit his/her written resignation as provided herein shall be entered on the service record of the employee and may be cause for denying future employment by the City.

4.00 WORK SCHEDULES - OVERTIME

4.01 Work Schedules

Employees assigned to the 56-hour per week schedule shall alternately be on duty for five (5) 24-hour shifts, with a 24-hour duty period off between each on-duty shift. All such shifts shall commence at 0700 hours and end at 0700 hours the following morning. Employees shall be in appropriate uniform and present for duty at their normally assigned stations at 0700 hours. Following the fifth duty shift scheduled, employees shall then be off for six (6) consecutive calendar days. During all periods while off duty, employees are still subject to call if needed.

Employees whose regular position of employment entails a 40-hour workweek, shall be scheduled to work four (4) consecutive ten (10)-hour days with three (3) consecutive days off. The hours of work for employees scheduled on a 40-hour work week are 0700 hours to 1730 hours, including a one-half hour unpaid lunch period, on Monday through Thursday or Tuesday through Friday each week. With the consent of the individual employee involved, the City may schedule different work hours for the purpose of special duty assignments such as arson investigation stakeouts. Employees temporarily assigned to a 40-hour per week work schedule may be assigned to work five (5) consecutive eight (8) hour days per week.

Beds may be occupied by members of the department between the hours of 2100 and 0630. No employee shall be permitted to smoke in bed at any time.

4.02 Overtime

The present ordinances, resolutions, Administrative Rules, and Personnel Rules pertaining to overtime compensation and compensatory time off shall be continued without change during the fiscal years covered by this Memorandum of Understanding, except as hereafter provided. An employee shall be compensated by pay or time off with pay at an overtime hourly rate for the employee's classification for work required to be performed in excess of the employee's regular work shift. An employee who has completed his/her regular work shift and who has been released for the day, and who is then called back to work, shall be compensated by pay or time off with pay at an overtime rate of one-and-one-half times the regular straight-time hourly rate for the employee's classification.

4.03 Compensation for Call-Back Availability

Employees who make themselves generally available for possible service calls during their off-shift hours shall receive additional compensation as follows:

- a. One (1) hour's pay at the employee's regular hourly rate or compensatory time as provided in the Fair Labor Standards Amendments of 1985 for each weekday night.
- b. Two (2) hours' pay at the employee's regular hourly rate or compensatory time as provided in the Fair Labor Standards Amendments of 1985 for each Saturday, Sunday or holiday.
- c. In order to receive this additional compensation, employees shall either keep the Communications Center informed as to how they may be reached during off-duty hours, or be available for contact via cellular device.

Provisions of this section shall apply only to the position of Fire Training Officer.

In the event provisions of the Fair Labor Standards Act (FLSA) are found not to apply to the City of Hayward, or regulations issued by the U.S. Department of Labor implementing FLSA so permit, this Section shall automatically be rescinded and replaced with Section 4.03 from the Memorandum of Understanding executed by the Parties on November 28, 1984.

4.04 Attendance Records

Employees shall be in attendance at work in accordance with the rules regarding hours of work, holidays, and leaves. The department shall keep daily attendance records of employees.

Employees who are unable to report for work for any reason shall notify the department no later than one (1) hour prior to their scheduled starting time. The Fire Chief may waive this requirement upon presentation of a reasonable excuse by the employee.

4.05 Minimum Staffing

Contingent upon continuation of contractual services with Fairview Fire Protection District, the organization and staffing of the Department shall consist of two (2) Battalion Chiefs, nine (9) engine companies and two (2) truck companies. Each apparatus shall be staffed with a minimum complement of three (3): a Captain, an Apparatus Operator and a Firefighter

The Department shall maintain six (6) 24-hour Battalion Chief positions, one (1) Fire Training Officer, and one (1) Fire Marshall.

Notwithstanding any other provision of this Memorandum of Understanding, the Fire Chief or his/her designated representative may temporarily decrease for any reason the number of engine companies in active service for a portion of any given day provided that no more than two (2) engine companies are out of service at any one time for a period not to exceed eight (8) hours.

If the contract with the Fairview Fire Protection District is discontinued, minimum staffing shall revert to eight (8) engine companies and two (2) truck companies and from thirty-three (33) to thirty (30) staff members. There shall be no demotion as a result of any such reduction in staff except by attrition.

4.06 Call-in Procedure for Non-Emergency Overtime

The following Procedure shall be used to determine the availability of employees for overtime work required on a day-to-day non-emergency basis.

I. Battalion Chief Vacancies

In the case of a Battalion Chief vacancy, temporary coverage will be provided by the classifications listed below:

1. 24-hour Battalion Chiefs. If no 24-hour Battalion Chiefs can provide the needed coverage, then
2. Employees on the current eligibility list for Battalion Chief. If no such employees can provide the needed coverage, then
3. In the event of an emergency, as determined by the Fire Chief or his/her designee, the Fire Training Officer.

II. Equalization of Overtime

Overtime tracking will be based upon total hours worked during a 12 month period (January 1st to December 31st). Overtime of 4 hours or less will not be counted towards overtime worked record.

Modifications to the provisions of this Section 4.06 may be accomplished at any time during the term of this Memorandum of Understanding upon agreement between the Fire Chief or a designated representative and an authorized representative of the Union.

4.07 Call Back - Four (4) Hours Minimum

If an employee is called back to perform work outside the regular duty shift he shall, upon reporting, receive a minimum of four (4) hours' work at the overtime rate or if four (4) hours' work is not furnished, a minimum of four (4) hours pay at the overtime rate.

4.08 Procedure for Filling the Fire Training Officer

The Fire Chief shall fill the position of Fire Training Officer in accordance with the following terms and conditions from employees holding the rank of Battalion Chief.

1. An assignment to the position of Fire Training Officer shall become effective on January 1 of each calendar year and shall terminate on December 31 of the same calendar year, except as otherwise provided in this Section.
2. In September of each calendar year, the Fire Chief or his/her designee shall survey employees holding the rank of Battalion Chief to ascertain whether any are willing to volunteer for assignment to the position of Fire Training Officer for a period of one (1) year commencing January 1 of the next calendar year.
3. In the event that more than one (1) employee volunteers for assignment to that position, the volunteering employee with the most seniority shall be given that assignment.

4. In the event no employee volunteers, the employee with the least seniority shall be given the assignment. An employee who has previously completed one (1) year may not be given a subsequent assignment until all other employees holding the rank of Battalion Chief have completed at least one (1) year. Consecutive year assignments, resulting from voluntary election by the employee, shall only be credited as a one (1) year assignment.
5. If an employee assigned to the position of Fire Training Officer and a 24-hour Battalion Chief agree, a trade of assignment may be made. The change in assignments will be allowed upon approval of the Fire Chief.
6. In the event the position of Fire Training Officer becomes vacant before the end of a calendar year, the Fire Chief or his/her designee shall survey employees holding the rank of Battalion Chief to ascertain whether any of the employees are willing to volunteer for the assignment for the remainder of the calendar year.

In the event that more than one employee volunteers for the assignment for the remainder of the calendar year, the volunteering employee with the most seniority in the rank of Battalion Chief shall be given the assignment for the remainder of the calendar year.

In the event no employee volunteers for the assignment for the remainder of the calendar year, the employee with the least seniority in the rank of Battalion Chief shall be given an assignment to the position for the remainder of the calendar year, provided, however, that an employee who has previously completed one (1) one-year assignment to the position of Fire Training Officer may not be given a subsequent assignment to this position until all other employees holding the rank of Battalion Chief have completed at least one (1) one-year assignment to this position.

Partial year assignments will count on a pro-rated basis towards the one-year assignment requirement.

4.09 Trading of Work Hours

Employees wishing to trade work hours with other members of the department may do so subject to the following conditions.

- A. No trades shall be permitted for the purpose of off duty employment.
- B. Trade of duty hours shall only be permitted between individuals of like rank and like work schedule (i.e., no trades permitted between 56-hour and 40-hour personnel); provided, however, an exception to the foregoing trades will be permitted between employees on a promotional eligible list and employees currently holding that rank.
- C. For trades in excess of one (1) hour, applications must be made in writing and submitted no more than ninety (90) days in advance of the start of the work period for which trade of work is requested. such request must be approved by a Battalion Chief or Officer of higher rank.
- D. For trades of one (1) hour or less, approval may be granted by the Company Officer. The employee filling in under such circumstances shall be informed

of the duties of the person he/her is replacing and shall report for duty in appropriate uniform.

- E. In the event an employee has agreed to work for another employee and is then unable to work all or part of the shift, a deduction shall be made from the vacation leave or compensatory time balance of the employee who agree but failed to work. In the event the employee who has agreed to work is unable to work for all or part of the shift because of injury or illness, a deduction may be made from his/her sick leave only upon certification by a physician of the employee's inability to work. This latter requirement may be waived by the employee's Battalion Chief. Said deductions shall be equivalent to the number of hours scheduled but not worked by the employee with whom the trade of duty was made.
- F. There shall not be a limit on the number of trades permitted; provided, however, in the case of abuse of this provision on the part of an employee the Fire Chief may restrict this privilege as to that employee.
- G. Pay back of shift trades shall be the responsibility of the employee directly involved in the exchange; provided, however, that such pay back shall not cause an employee to work in a position below his/her rank, nor shall it require the payment of overtime and/or acting pay.

The Fire Chief may grant exceptions to this policy for unusual and compelling circumstances, e.g. long-term illness or injury, and inability of employees to pay back trades of duty pursuant to the requirements of this section because of promotions.

4.10 Out-of-City Training Assignments

In the event sending an engine company to training conducted outside the city limits causes the on-duty staffing level to fall below thirty-three (33) employees, additional personnel will be recalled to maintain this minimum staffing level. As an exception to the foregoing, the following conditions shall apply only in those instances where two (2) engines companies or one (1) engine company and one (1) truck company leave the city for training details, and minimum staffing falls below thirty-three (33) employees as a result, and no additional personnel are recalled to restore the thirty-three (33) employee minimum:

1. There shall be a minimum of eight (8) in-service companies remaining in Hayward.
2. Training assignments shall be limited to jurisdictions within Alameda County.
3. No more than three (3) calendar days of training will be scheduled in any given month, and no such training will be scheduled on a Sunday or a holiday.
4. Companies will leave quarters no earlier than 1300 hours and shall be released from the training site no later than 1630 hours. In the event all affected companies are not returned to their assigned stations by 1730 hours, personnel shall be given the evening meal allowance provided in paragraph B3 of this Section.

- A. Employees who attend approved “out-of-city” training sessions or classes where staying on site overnight is authorized by the Fire Chief shall be compensated in accordance with their regular straight-time earnings schedule while so participating. No additional compensation shall be provided for such training which occurs during an employee’s off duty time. Employees shall be reimbursed for travel expense, lodging and shall receive a per diem allowance equal to 1.5% of the current top step monthly salary for the classification of Fire Prevention Inspector. In the event lodging expense or other charges for training include the cost of meals, said cost shall be deducted from the per diem allowance.
- B. Employees who are assigned to attend “out-of-city” training sessions or classes which do not necessitate staying on-site overnight shall be compensated as follows:
 - 1. Employees attending training on their scheduled day off shall receive time-and-one-half their straight time hourly rate for all hours spent in training as well as for travel time to and from their duty station to the training site.
 - 2. Employees attending training on their scheduled work day shall not receive any additional compensation, but they shall be reimbursed for a noon meal at City expense not to exceed \$7.00 upon presentation of receipt for same. In the event training time (including the noon meal period) and travel time to and from the duty station to the training site exceed twelve (12) hours, employees shall not be required to return to duty that day.
 - 3. Employees who complete training for the day and who are returning to work, but are unable to be at their station in time for the scheduled evening meal shall be reimbursed for such meal expense up to \$10.00 upon presentation of a receipt for same. Time spent by employees in obtaining an evening meal shall not be counted as part of the twelve (12) hour period referred to in paragraph B2 of this section.
- C. Employees may request time off to attend “out-of-town” training for the purpose of self improvement. Such requests, if approved by the Fire Chief, shall entail no expense to the City; provided, however, that the Fire Chief in his sole discretion may authorize leave with pay and/or reimbursement for all or a portion of expenses in those instances where such self-improvement training is of benefit to the department. The department shall provide any necessary information which may be required for enrollment in the training.

5.00 UNION BUSINESS

5.01 Representatives Empowered to Act

The Union shall advise the City of those persons empowered to act as its representatives with authority to bind the Union in matters pertaining to the administration of this Memorandum of Understanding.

5.02 Permission to Leave Assignments

Employee representatives shall not leave their duty or work station or assignment without specific approval of the department head.

5.03 Time Off for Representatives

The City shall allow a reasonable number of employee representatives of the Union reasonable time off during regular work hours without loss of compensation or other benefits for not more than five (5) employees when formally meeting and conferring with representatives of the City on matters within the scope of representation.

5.04 Time Off for Grievances

If an employee desires the assistance of a representative of the Union in the processing of a grievance, the City agrees to permit not more than two (2) Union representatives reasonable time off during regular work hours without loss of compensation or other benefits for this purpose. The grievant and/or the authorized Union representative(s) shall obtain the approval of his/her immediate supervisor or other authorized departmental supervisor before leaving his duty or work station or assignment for the purpose of processing a grievance.

5.05 Union Time Bank

The City and Union agree to establish and maintain a time bank to provide for backfilling of positions vacated by union members while attending union functions or conducting the business of the Union. All requests for use of the time bank shall be submitted to the Union President or designee. The Union President or designee shall have sole discretion as to the granting of time bank leave.

I. Scheduling of Time Bank Leave

This contribution represents the employee's 50% of normal cost as determined by CalPERS. The balance, if any, of this contribution shall constitute employee payment of a portion of the employer's 50% of normal cost as determined by CalPERS.

The term "normal cost" is defined in section 7522.04(g) of the Government Code as "the portion of the present value of projected benefits under the defined benefit that is attributable to the current year of service, as determined by the public retirement system's actuary according to the most recently completed valuation."

(B) Employees Hired On or After January 1, 2013

- 13. Section 20055 – Prior Service.

New members shall continue to pay a total of 15% of reportable wages to fund their pension until such time that a successor agreement is negotiated. The fifteen percent (15%) of reportable wages is comprised of the CalPERS published employee rate, plus the additional contribution to the City’s employer rate that the City would otherwise be required to pay to CalPERS for these employees. Under Section 20516, the additional contributions are as follows:

Effective the pay period including July 1, 2013	3.75%
Effective the pay period including July 1, 2016	5.25%

Under Section 20516, after July 1, 2016, employees shall continue to pay an additional contribution of 5.25%. If CalPERS enacts a change to the employee rate as reflected in the Annual Valuation Report, the parties will amend this side letter to ensure it accurately reflects new members pay a total of 15% of reportable wages to fund their pension. This contribution represents the employee’s 50% of normal cost as determined by CalPERS. The balance, if any, of this contribution shall constitute employee payment of a portion of the employer’s 50% of normal cost as determined by CalPERS. In no event shall the employee contribution be less than 50% of the total normal cost rate, as required by Government Code Section 7522.30.

6.02 Other Benefits

Effective January 1, 2019, the City shall contribute \$2400 annually to the deferred compensation account of PEPRA members paid bi-weekly in the amount of \$92.31. This provision shall remain in effect until such time that a successor agreement has been negotiated.

This provision shall remain in effect until such time that a successor agreement has been negotiated.

6.03 Medical Insurance

The City currently contracts with the Public Employee’s Retirement System (CalPERS) for the purpose of providing access to medical insurance benefits to active employees and their eligible dependents, eligible retired employees and eligible survivors of retired employees. Eligibility of an employee or a dependent to participate in this program shall be in accordance with the Public Employees’ Medical and Hospital Care Act (PEMHCA). Eligibility of retired employees and survivors of retired employees to participate in this program shall be in accordance with those provisions of the PEMHCA providing for participation by “annuitants.”

The City’s employer contribution towards medical insurance benefits for each eligible employee shall be the minimum contribution amount required by

Government Code Section 22892. Contributions provided under this section are required only to the extent mandated by the PEMHCA.

For calendar year 2018, the City currently provides an employer contribution of \$133.00 per month to CalPERS for each eligible active employee towards the purchase of medical insurance benefits.

In the event CalPERS requires a minimum employer contribution in excess of \$133.00 per month, the City shall pay such additional amounts as approved by the City Council. Because CalPERS may change carriers and plans, the City shall not be required to provide a specific insurance coverage and shall only be required to provide those benefits as described in this Section so long as the City contracts for benefits with PERS for medical insurance benefits.

The City will provide each eligible annuitant, as defined by the PEMHCA, with an employer contribution towards medical insurance benefits that is equal to any contribution provided to an active employee under this Section.

6.04 Flexible Benefits Plan

The City shall provide a contribution to the City's Flexible Benefits Plan (125 Plan) for each full-time employee in regular or probationary status who is enrolled in one of the CalPERS medical insurance plans offered by the City. Employees can use this contribution to offset the cost of benefits purchased through the Plan. The value of any flexible benefit allowance provided by the City shall be determined as follows:

Each year, the City will review the premium charged for employee + 2 or more coverage (family coverage) under the Blue Shield HMO and Kaiser health insurance plans to determine the plan to be used for determining the amount of the City's contribution to the 125 Plan. Contributions will be the greater of A or B as defined below:

- A. Eligible employees shall receive an allowance equal to one hundred percent (100%) of the premium cost for health insurance coverage based on the employee's plan selection and participation level eligibility (e.g., Employee only coverage, Employee + 1 coverage, or Employee + 2 coverage), less the amount of any contribution provided under Section 6.02 above. The City's maximum contribution under this Section shall not exceed the cost of one hundred percent (100%) of the premium, excluding United Health Care as determined by the employee's participation level, less the City's contribution towards medical benefits under PEMHCA, except that, in no event shall the sum of the City's contributions pursuant to the provisions of Sections 6.02 and 6.03 of this Memorandum of Understanding exceed one hundred (100%) of the premium cost for the PERS medical insurance plan in which the employee is enrolled.
- B. The City shall continue to provide Flexible Benefit Allowances as provided in this Section unless amended or repealed by the City Council.
- C. Contributions to an employee's Flexible Benefit Account shall be used only for payment of those benefits that are available through the City's Flexible Benefits Plan. The City will not treat any contributions made to the Flexible

Benefits Plan as compensation subject to income tax withholding unless the Internal Revenue Service and/or the Franchise Tax Board indicates that such contributions are taxable income subject to withholding. Each employee shall be solely and personally responsible for any federal, state, or local tax liability of the employee that may arise out of the implementation of this Section or any penalty that may be imposed therefore.

- D. Each employee shall file an election in writing during the month of open enrollment for medical insurance each year designating how the contributions in his or her Flexible Benefits Account are to be spent during the ensuing year. Thereafter, no changes to designations so made shall be allowed until the enrollment of the following year, except for changes due to an eligible qualifying event.
- E. Each employee shall be responsible for providing immediate written notice to the Director of Human Resources or designee of any change to the number of his or her dependents which would affect the amount of the City's payment to the Flexible Benefits Account. An employee who, by reason of failing to report the change in dependents, receives a City payment greater than the amount to which he or she is entitled, shall be liable for refunding the excess amounts received via a reduction in the amount paid to employee's Flexible Benefits Account in subsequent months. Changes to flexible benefits contributions associated with changes in an employee's number of dependents shall take effect at the start of the first pay period in the month following the month in which notice of the change is received by the Human Resources Department. No retroactive increases to the Flexible Benefit Allowance provided by the City shall be allowed.

6.05 Federal or State Health Plan

If pursuant to any federal or state law which may become effective subsequent to the effective date of this Memorandum of Understanding the City is required to pay contributions or taxes for hospital-medical, dental care, prescription drug or other health benefits to be provided employees under such federal or state Act, the City's obligation to furnish the same benefits under the Hospital Medical-Surgical, Dental Care and Prescription Drug Plans shall be suspended and the contributions agreed to be paid monthly hereunder by the City under Sections 6.02, 6.03 and 6.05 of this Memorandum of Understanding shall be reduced each month by the amounts which the City is required to expend during any such month in the form of contributions or taxes to support said federal or state health plan.

If, as a result of such a law, the level of benefits provided by such law for any group of employees, or their dependents, is lower in certain categories of services than that provided under Sections 6.02, 6.03 and 6.05 the City shall, to the extent practicable, provide a plan of benefits supplementary to the federal or state benefits so as to make benefits in each category of coverage as nearly comparable as possible to the benefits provided under said Sections 6.02, 6.03 and 6.05. The City need only expend for this purpose the actual amount required to achieve parity between the benefits agreed to be provided under Sections

6.02, 6.03 and 6.05 and the benefits provided under any federal or state plan as supplemented in the manner hereinabove described.

If the benefits provided under the federal or state Act exceed the benefits provided thereunder in each category of coverage, the City shall be under no further obligation to make any contribution in pursuance of this Section. In requiring contributions by employees, such employee contribution shall be reimbursed by the City to the amount by which said employee contribution reduces the City contribution required by the terms of this Memorandum of Understanding.

6.06 Dental Plan

The City shall contribute towards dental insurance premiums for full-time employees, other than temporary and provisional employees, and their eligible dependents. The City's contribution on behalf of an eligible employee participating in a City-sponsored dental plan shall be equal to one hundred percent (100%) of the monthly premium for dental insurance, as determined by the employee's enrolled participation level in the City sponsored dental plan.

Currently, the City provides insurance through either a Delta Dental plan or United Concordia plan. Details regarding benefits and covered services for each plan may be found in the current Delta Dental or United Concordia benefits summaries for the City of Hayward respectively.

The City reserves the right to provide dental care benefits under a plan or through a carrier of its choice. Alternate coverage may be provided either through a consortium of public agencies or private employers which may be formed for the purpose of providing dental care benefits for employees, or through a program of self-insurance. In the event the City exercises this option, the alternate coverage shall be substantially equivalent to the coverage in effect at such time as a change in carriers takes effect.

6.07 Alternate Benefits

An alternative benefit in the form of a cash payment is available to those full-time employees in regular or probationary status who: (1) elect to opt-out of receiving City contributions under section 6.02 and 6.03; (2) are not enrolled in a City-sponsored health insurance plan as the dependent of another City employee; and (3) provide proof of medical insurance coverage from a plan other than a City-sponsored plan.

Any cash payment provided under this section shall be reported to the Internal Revenue Service (IRS) and the California Franchise Tax Board as compensation subject to income tax withholding. Each employee shall be solely and personally responsible for any tax liability that may arise out of receipt of the alternative benefits provided under this section.

The amount of alternative benefit provided to an employee is based on the level of insurance coverage that employee could have received if he or she had enrolled in a City-sponsored health insurance plan. Effective July 1, 2013, the amount of the alternative benefit provided under this section shall no longer increase with the growing cost of health care, and as such, shall be frozen at the

2013 Bay Area Basic Kaiser health plan premium rates (i.e. \$668.63 for employee only, \$1,337.26 for employee and one (1) dependent, \$1,738.44 for employee and two (2) or more dependents.

Each employee shall be responsible for providing immediate written notification to the Human Resources Director or designee of any change to the number of dependents which affects the amount of the City's payment to the Alternative Benefit Account. An employee who, by reason of failing to report a change in dependents, receives a City payment greater than the amount to which entitled shall be liable for refunding the excess amounts received via a reduction in the amount paid to his/her Alternative Benefit Account. Changes to benefit payments required because of a change in an employee's number of dependents shall take effect at the start of the first pay period in the month next following the month in which advice from the employee is received by the Human Resources Director. No retroactive increases to the City's payment shall be allowed.

Enrollment in alternative benefits has to be elected each year during open enrollment.

6.08 Vision Care

The City shall contribute toward vision care insurance for full-time employees, other than temporary and provisional employees and their eligible dependents. Currently, the City provides vision coverage through VSP, under a plan that provides for a fifteen dollar (\$15.00) deductible, an eye examination, lenses, and frames once per year. The City's contribution on behalf of an eligible employee participating in a City-sponsored vision plan shall be equal to one hundred percent (100%) of the monthly premium for vision insurance, as determined by the employee's enrolled participation level in the City sponsored vision plan.

The City reserves the right to provide vision care benefits under a self-funded plan or through a carrier of its choice. Alternate coverage may be provided through a consortium of public agencies or private employers which may be formed for the purpose of providing vision care benefits for employees, or through a program of self insurance. In the event the City exercises its option to move to a self-funded plan or to change insurance carriers, any new benefit plan shall provide coverage that is substantially equivalent to the coverage available at the time this option is exercised.

6.09 Supplemental Retirement Benefit

Employees who retire from the City with at least ten (10) years of continuous City service are eligible to receive a supplemental retirement benefit. This benefit shall be equal to \$508.30, less the amount provided for under Section 6.02 above in an amount not to exceed the Bay Area/Sacramento Region Basic premium for the 2009 CalPERS Kaiser health plan, Premium Rate 1-Party that is effective January 1, 2009. This supplemental benefit is provided in the form of cash to the retiree on a monthly basis. In order to receive this benefit, the employee must begin receiving pension benefits within one hundred twenty (120) days of leaving City employment, and be enrolled in a CalPERS sponsored healthcare plan as a retiree of the City of Hayward. Retirees are solely responsible for any tax consequences associated with the receipt of benefits under this Section.

6.10 Other Post-Employment Benefits (OPEB)

The City and Local 1909 recognize the need to fund retiree medical. As such, beginning with the pay period that includes July 1, 2018, employees represented by Local 1909 shall contribute one percent (1%) of base salary (excluding all special pays, allowances and overtime), to an irrevocable trust to fund the unfunded retiree medical obligations. The contribution made by employees to the trust fund shall be exclusively allocated for the expense of retiree healthcare of its members. This provision shall remain in effect until such time that a successor agreement has been negotiated.

6.11 Life Insurance

The City shall pay the cost of providing each employee with a group term life insurance policy equivalent to the employee's annual gross salary. The beginning or normal hiring rate shall usually be at the first step of the range. Every new employee shall be paid the first step on employment, except that the City Manager or other appointing authority may authorize employment at a higher step if the labor supply is restricted or the person to be hired is unusually well qualified.

7.03 Eligibility for Advancement in Pay

Employees may be advanced to higher steps as merited by progressive improvement in job skills and work performance. The following time-in step requirements shall apply before an employee gains eligibility for advancement in pay:

Step	Time in Step

B	6 months
C	1 year
D	1 1/2 years

Credit for acting time not to exceed a total of six (6) months in the classification to which an employee is promoted shall be applied to eligibility for advancement in pay provided said acting time is immediately contiguous to appointment.

If warranted for the good of the service, or when an employee demonstrates outstanding capacity in performing job duties, employee may be advanced prior to completion of the above time-in-step requirements. When a pay range consists of less than five (5) steps, the range shall be established at the higher steps within the above time schedule. In determining time-in-step, it shall begin on the first day of the period, otherwise time shall begin on the first day of the next payroll period. If an employee is on leave without pay for more than one (1) month, the period shall be deducted from accumulated time-in-step.

7.04 Attaining Advancement

An employee must demonstrate that advancement is merited on the basis of job performance. Advancement shall not be made solely because employees are eligible according to time-in-step requirements. Good attitude and personal conduct, work accomplished, conscientious attendance, safety alertness, efforts at self-improvement, and other factors of individual achievement must be evident as appropriate to the position. The department head shall be notified by the Human Resources Director of an employee's approaching eligibility for step advancement.

The department head shall keep employees informed about their job performance, giving good work its proper recognition and any deficient work all possible guidance and assistance toward improvement. The Department Head shall notify the employee as to the reasons for withholding step advancements.

Should an employee's step advancement be withheld in accordance with this section, such employee's time-in-step for the purpose of review shall be modified in order that the next review and all subsequent reviews of performance occur at the time they would have occurred had such step advancement not been withheld. Nothing in this section shall be construed to guarantee an employee a step advancement at the time of such review.

7.07 Change in Pay Upon Promotion

When employees are promoted, they shall normally receive the first step in the salary range for their new position. However, if such step is equal to or less than their present salary, or they would be eligible for step advancement shortly in

their previous position, they may receive the next step in the salary range of the new position which is immediately above their present salary. When no advancement in salary is granted on promotion, employees may be allowed to carry forward time-in-step accumulation. Employees who are promoted from the rank of Fire Captain to Staff Captain shall retain the salary step designation held as Fire Captain, e.g., from step C to step C or step D to step D, etc.

If no increase in pay results, advancement may be made to the next step immediately above the present salary. When recommended by the department head and approved by the City Manager, additional advancement may be granted. If no change in salary is granted, the employee may be allowed to carry forward time-in-step accumulation.

When a position is reallocated to a classification with a lower salary range, the incumbent employee shall not be reduced in pay while continuing to occupy the position. If the employee's current rate is below the maximum step of the new range, employee shall continue at the present salary and carry forward time-in-step accumulation. If the employee's current rate exceeds the maximum step of the new range, the salary shall be frozen at its current level. When the incumbent leaves the position, a replacement shall normally be hired at the beginning rate.

7.10 Pay for Employees in an Acting Capacity

Any employee who is assigned to and performs the duties of a higher level position on an acting basis shall receive the salary step of the assigned position for each hour or fraction thereof when so assigned. If the employee is already receiving that amount or more, the employee shall be paid one (1) step above his or her current salary, but in no case in excess of the maximum salary rate for the position in which the employee is performing at a higher level.

7.11 Special Assignments Positions

Special assignment positions within a classification may be established where duties and responsibilities are of a specialized nature by comparison to other positions in the class. Said positions may be established by the City Council following a report and recommendation thereon by the City Manager. Selection of employees to said positions and removal therefrom shall be made by the City Manager. The percentage increase shall be determined by $(\text{Total Compensation average of top four (4) agencies} - \text{Total Compensation of Hayward Firefighter}) / \text{Base pay of Hayward Firefighter}$, rounded to the nearest .01%.

“Total Compensation” shall mean the sum of the following: top step base monthly salary; employer-paid member PERS contributions; education incentive pay applicable to all firefighters; uniform allowance; maximum annual vacation credit; paramedic pay; EMT pay; and holiday pay. For the purpose of this survey, the value of vacation shall be determined as follows: maximum vacation hours divided by 12 multiplied by maximum base hourly rate. For each year in which a salary adjustment is to be made on the basis of the Survey Formula, the survey shall be completed by June 15 and shall include all

All work performed on a holiday shall be compensated as provided below. Such holiday pay shall be calculated at the employee's straight time hourly rate in effect when the holiday was worked. The employee's customary income tax withholding rate shall not be changed by reason of payments for holidays or payment of final compensation owing on termination of employment.

A. Compensation for Employees on 56 Hour Schedule

Compensation for employees assigned to a 24-hour duty shift shall receive an allowance of 5.77% of their regular hourly rate in lieu of fourteen (14) paid holidays.

B. Compensation for Employees on 40 Hour Schedule

Compensation for employees assigned to a 40-hour, 4/10 work shift shall be provided at the rate of ten (10) hours for each holiday worked, and for each holiday which falls on a regularly scheduled day off. If, however, an employee is absent from work in a paid leave status on a scheduled work day on which a holiday occurs, employee shall receive up to ten (10) hours holiday pay on this day in lieu of the paid leave which would otherwise apply. Employees not otherwise scheduled to work on holiday(s) shall nonetheless be allowed to work said holidays.

8.03 Time Off for Holidays

A record of holidays worked and holidays falling on an employee's regularly scheduled day off shall be maintained in the Fire Department.

8.04 National Days of Mourning

When a day of mourning is proclaimed by the President of the United States and the Governor of the State of California, and said day of mourning is observed by the City, the following procedures shall apply:

- a. Those employees who are released from work on a day of mourning will be compensated in full for this day.
- b. Those employees required to work on a day of mourning, and those whose day off falls on such a day, will receive an equivalent credit to vacation leave for those hours worked during their normal shift. (Employees on a 24-hour work shift shall receive a maximum credit to vacation leave of twelve (12) hours.) Hours worked in excess of an employee’s normal shift shall be compensated as overtime hours in the normal fashion.
- c. The department head shall be responsible for determining which employees may be released on a day of mourning. Every effort shall be made to release as many employees as possible consistent with operating requirements so as to minimize the crediting of vacation hours.

The provisions of this Section shall apply only to those full-time and part-time employees who are otherwise entitled to receive vacation and holiday benefits.

9.00 VACATIONS

9.01 Use of Vacation Leave

Vacation leave is a right; however, the use of same shall be scheduled by the City, taking into account the desires and seniority of employees and the workload requirements of the department. Employees shall take vacation leave regularly each year and shall be encouraged to take vacation at least a full week at a time. In order to give effect to this policy and to realize the greatest benefit from vacation leave for both employees and the City, limitations shall be placed upon the amount of unused vacation leave an employee is allowed to accumulate.

9.02 Vacation Leave Allowance

All full-time employees, other than temporary and provisional, shall accrue vacation leave benefits each payroll period based upon their years of service and the shift they are assigned, as follows:

<u>40 Hour Employee</u>		<u>56 Hour Employee</u>	
Years of Service	Per Pay Period Accrual	Years of Service	Per Pay Period Accrual
Up to 5 yrs.	3.85 hours	Up to 5 yrs.	6.50 hours
From 5 to 14 yrs.	6.04 hours	From 5 to 14 yrs.	9.24 hours
From 15 yrs.	7.70 hours	From 15 yrs.	11.54 hours

An employee will accrue at the next highest benefit level on his or her corresponding anniversary date. Vacation leave can be accrued but shall not be granted during the first six (6) months of service.

Effective July 1, 2013, the maximum vacation accrual cap shall be twice the annual allowance plus five (5) "regular" shifts (i.e. 40 hours for "40 hour employee" and 120 hours for a "56 hour employee"). The vacation accrual cap shall be maintained on a continuous per pay period basis. For any pay period in which an employee's vacation leave balance exceeds the maximum accrual allowance, no additional vacation leave will be earned until the employee's leave balance falls below his or her maximum accrual.

As an exception to the caps listed above, employees may one (1) time in his/her tenure request in writing to the Human Resources Director, or designee, to have the caps established above suspended for twenty-six (26) pay periods. For that time period, the employee may maintain a maximum of three (3) times his/her annual accrual as provided for in the table above, never to exceed 900 hours. If they do not separate employment within this time frame, their caps will be reinstated at the beginning of the twenty-seventh (27th) pay period and they will not be allowed to request another cap suspension during the course of his/her employment with the City. Additionally, no further accruals will occur until such time that the employees' vacation leave bank falls below the established vacation caps identified in Table 1 and 2.

The parties acknowledge that certain employees will have a balance of unused vacation leave in excess of their established cap as of July 1, 2013. Those employees shall be granted an additional two (2) years to exhaust their excess leave balance. On the pay period that includes July 1, 2015, any cap extensions will expire.

Vacation leave or compensatory time may be used in one (1) hour increments.

10.00 SICK LEAVE

10.01 Sick Leave Policy

Sick leave shall be allowed in case of actual sickness of the employee, or a member of the employee's family as provided in Section 10.02 of this Memorandum of Understanding. Sick leave shall be recommended by the employee's supervisor and approved by the City Manager or a designated representative.

10.02 Family Sick Leave

Sick leave may be used in the event of illness on the part of a family member. A family member is a child, parent, spouse, registered domestic partner, the child of a registered domestic partner, grandparent, grandchild, or sibling. A certificate from an attending physician stating the nature and extent of the family member's illness may be required as provided in Section 10.04, Sick Leave Notice and Certification.

10.03 Sick Leave Allowance

After completing three (3) months of continuous, full-time satisfactory service, full-time employees other than temporary and provisional employees shall be eligible for sick leave according to the following schedule. Employees who work a 40-hour workweek shall accrue 3.96 hours of sick leave credit per payroll period. Employees who work a 56-hour workweek shall accrue 5.54 hours of sick leave credit per payroll period. There shall be no limit on the number of unused hours of sick leave which may be accumulated by an employee. Employees who (1) have a balance of 600 hours or more as of December 31 of each calendar year, and (2) have not used more than two shifts for 56-hour employees and 24 hours for 40-hour employees during the calendar year shall receive an additional 24 hours added to their vacation balance on the first paycheck in February of the following year.

Temporary or part-time employees who do not qualify for sick leave under the provisions of this MOU may be entitled to sick leave in accordance with Administrative Rule 2.46, Paid Sick Leave.

Sick leave records shall be maintained on an hourly basis. Sick leave shall be taken in periods of no less than one (1) hour. No sick leave shall be earned during leaves of absence without pay. An employee unable to return to work after a further period allowed on sick leave without pay may be retired for disability or separated.

10.04 Sick Leave Notice and Certification

In order to receive compensation while absent on sick leave or because of the use of Family Sick Leave, the employee or someone on employee's behalf, shall notify the department no later than one (1) hour prior to the employee's scheduled starting time. The Fire Chief may waive this requirement upon presentation of a reasonable excuse by the employee. The employee shall file a personal affidavit or physician's certificate with the supervisor stating cause of absence. After five (5) working days' absence, the Fire Chief or a designated representative may require a physician's certificate describing the nature and extent of the illness.

In case of frequent use of personal sick leave, an employee may be directed to file a physician's statement for each period of absence, regardless of duration, and may also be required to take an examination by a physician designated by the City and to authorize consultation with employee's own physician concerning the illness. Additionally, the employee may be required to notify the department of the condition prior to the beginning of each day on which scheduled to work. Failure to comply with these requirements shall be cause for disciplinary action.

Sick leave shall not be granted for absences caused by intoxication or excessive use of alcoholic beverages. As an exception to the foregoing, sick leave may be authorized for the treatment of alcoholism when such condition is diagnosed by competent medical authority.

10.05 Sick Leave Records

Sick leave records shall be maintained on a calendar year basis by the Finance Department. After an absence is approved as sick leave, it shall be deducted from an employee's leave balance. Upon separation of employees with less than twenty (20) years' continuous service, sick leave balances shall be canceled and shall not be restored if a former employee is reinstated.

10.06 Medical and Dental Appointments

Employees shall not use sick leave for non-emergency medical or dental appointments without the prior written approval of the Fire Chief or a designated representative, whose decision shall be final. Such approval, however, shall not be withheld arbitrarily or capriciously. If use of sick leave is approved for non-emergency medical or dental appointments or use of sick leave is necessary for emergency medical or dental appointments, sick leave shall be used for a minimum period of one (1) hour and should not exceed four (4) hours except in unusual circumstances.

10.07 Payment for Unused Sick Leave

Any full-time employee leaving the employment of the City in good standing after having completed twenty (20) years of continuous service, or upon retirement from the City for service or disability, or upon termination of employment by reason of death, shall receive payment for a portion of that sick leave earned but unused at the time of separation. The amount of this payment shall be equivalent to one percent (1%) of sick leave earned but unused at the time of separation times the number of whole years of continuous employment times an employee's hourly rate of pay at the time of separation.

In lieu of payment for unused sick leave, the employee may receive credit for unused sick leave in accordance with Government Code Section 20965. In the event any unused sick leave is not applied to credit with CalPERS, the balance that is not used for these purposes shall be treated in accordance with the provisions set forth herein.

For the purpose of this computation an employee's hourly rate of pay shall be his/her annual salary divided by 2,080 hours. The hourly rate of pay of employees who work a 56-hour workweek shall be the annual salary divided by 2,912 hours.

That portion of an employee's sick leave balance for which payment is not provided shall be canceled and shall not be restored if said employee is reinstated.

10.08 Conversion of Leave Balances for 56-Hour Employees

In the event an employee who works a 56-hour week assumes a job which entails working a 40-hour week, his or her unused vacation and sick leave shall be adjusted by dividing the balances by a factor of 1.4. Conversely, a 40-hour per week employee who assumes a 56-hour per week job shall have his or her vacation and sick leave balances multiplied by a factor of 1.4.

11.00 MISCELLANEOUS LEAVES

11.01 Funeral Leave

All full-time employees except temporary and provisional employees shall be granted funeral leave with pay as necessary, but not to exceed two (2) 24-hour work shifts for firefighting personnel and three (3) work days for other employees upon the occasion of the death of a close relative. When additional time is desired, employees may be allowed to take accumulated vacation leave or compensatory time due off. Close relatives are defined as mother, father, sister, brother, wife, husband, child, grandparent, mother-in-law, father-in-law of the employee. Additional funeral leave for travel purposes not to exceed five (5) calendar days may be granted by the City Manager when circumstances warrant the same.

11.02 Jury Leave

Any jury fees received by an employee shall be remitted to the City.

11.03 Leave to Testify

Employees who are required to appear and testify in court shall suffer no loss of pay for such appearances if such appearance relates to matters arising out of their official duty as employees of the City of Hayward. No compensation shall be provided for non-job related court appearances.

11.04 Military Leave

Military leave shall be granted in accordance with the provisions of the Uniformed Services Employment & Reemployment Rights Act (USERRA) and the State of California's Military & Veteran's Code (MVC). All employees entitled to military leave shall give their department head and the City Manager an opportunity, within the limits of military requirements, to determine when such leave shall be taken.

11.05 Disability Leave

For employee injury or disability falling within the provisions of the State Workers' Compensation Disability Act, disability compensation at the rate allowed under said Act shall be the basic remuneration during the employee's period of disability. In the case of full-time employees, other than temporary and provisional employees, additional compensation allowance shall be granted for a period not to exceed one (1) year for any one (1) period of incapacity. In the event a waiting period is required before an employee's disability compensation allowance is payable, regular pay shall be provided during said waiting period.

If in the opinion of the Fire Chief or a designated representative, an employee who has reported for work is unable to safely perform the duties assigned the

employee because of an industrial injury, the Fire Chief or the designated representative may place such employee on disability leave for the remainder of the shift.

Employees who are absent from work on disability leave shall not engage in any outside work or activity that is inconsistent with their disability.

11.06 Leave of Absence

The City Manager, upon written request of a full-time employee other than temporary and provisional employees, may grant for the good of the service a leave of absence without pay for a maximum period of one (1) year. Leaves hereby authorized shall include educational leaves, maternity leaves, and leave for any other purpose promoting the good of the service. Whenever granted, such leave shall be in writing and signed by the City manager. Upon expiration of such a leave, the employee shall be reinstated to the position held at the time the leave was granted. Failure of the employee to report promptly at its expiration or within a reasonable time after notice to return to duty, shall terminate his/her right to be reinstated.

11.07 Attendance at Firefighters' Conventions

A maximum of two (2) members of IAFF Local 1909 will be granted two (2) days without loss of pay or benefits each year for the purpose of attending the California Professional Firefighters' Convention or the International Association of Firefighters' Convention or Regional Seminar.

11.08 Time Off for Voting

Employees who do not have sufficient time outside of working hours to vote at a statewide election may be granted up to two (2) hours of paid leave in accordance with the provisions and conditions of Election Code Section 14350. Employees shall, whenever possible, attempt to exercise their franchise by use of an absentee ballot before requesting time off for voting pursuant to the provisions of this section.

Employees requesting time off for voting shall file a written request with the Fire Chief or a designated representative stating the reason why the employee is unable to exercise his right to use an absentee ballot, and a justification for the amount of time off requested. In the event of unforeseen circumstances, an employee may verbally advise any Captain at Station 1 prior to 2000 hours on the day preceding election day of the need to take voting leave and the amount of time required. In such cases a written request must be filed with the Fire Chief thereafter containing the information specified above.

11.09 Miscellaneous Paid Leaves - Principle of Equivalency

In the event the City grants time off with pay for all employees of the City of Hayward for purposes not otherwise provided for in the Memorandum of Understanding or resolutions or ordinances of the City Council presently in effect, employees who work a 56-hour workweek shall receive equivalent time off with

pay, in a manner to be designated by the City, at the rate of 1.4 hours of leave for each hour of leave granted other employees.

11.10 Family and Medical Leave

Family medical leave shall be granted in accordance with the Family Medical Leave Act (FMLA) and the California Family Rights Act (CFRA). These leave entitlements shall be outlined in City Administrative Rule 2.45, Administration of the Provisions of the Family and Medical Leave Act, The California Family Rights Act, and the Pregnancy Disability Leave Act.

11.11 Catastrophic Injury/Illness Time Bank

Upon approval of the Local 1909 Executive Board and the City Manager or his or her designated representative, a time bank may be established for the benefit of an employee who is incapacitated by a catastrophic illness or injury. The intent of this program is to allow sworn Hayward Fire Department members to donate eligible time in order to assist catastrophically ill or injured employees who have exhausted all available paid accruals to maintain a paid status as long as possible. Catastrophic injury or illness is defined as a medically certified, severe and disabling non-industrial condition resulting in an employee's inability to work. Employees may submit requests to donate earned vacation and/or compensatory time on a voluntary basis subject to the conditions listed below.

- a. Employees initially eligible to receive leave contributions must have exhausted all other leave balances available including earned vacation, earned sick leave and accrued compensatory time.
- b. State and Federal income tax on the value of leave donated shall be deducted from the recipient employee's pay at the time of crediting.
- c. Leave hours that are credited as sick leave to the recipient shall not be reversible.
- d. Hours requested to be donated shall be kept in a pledge status until used, shall be credited on a monthly basis as sick leave, and shall be subject to the provisions of this Memorandum of Understanding regarding the use and payment of the same. Donations shall be credited in the following order:
 1. From donors whose vacation accruals are at or within sixteen (16) hours of the maximum allowed for their classification, then
 2. From other donors in random order to be determined on a draw basis by the Human Resources Department.
 3. Donation requests shall be credited in the order specified above in subsequent month(s).
- e. Donated leave time shall be changed to its cash value and then credited to the recipient in equivalent hours at the recipient's straight time hourly rate of pay. Recipient employees shall not be credited with more than one hundred percent (100%) of their normally scheduled hours for any given pay period.

- f. Donating employees may not reduce their balance of earned vacation below eighty (80) hours by reason of such donations.
- g. Recipient employees shall be credited with up to forty (40) hours of donated time upon return to work, provided that sufficient hours remain in pledge status during the pay period immediately preceding the return to work date. All undonated, pledged hours exceeding forty (40) shall be returned to the respective donor(s).
- h. In the event of the death of the recipient, his or her designated beneficiary shall receive payment for hours credited as donated. Hours remaining in pledge status are not subject to payout to the beneficiary, and shall be returned to the donor(s).
- i. Any leave used for purposes that qualify under a State or Federal leave law, such as the Family Medical Leave Act/California Family Rights or Pregnancy Disability Leave, will count toward any State or Federal leave entitlement. If an employee is unable to return to work and has exhausted all of his or her leave entitlements, the employee may be retired for disability or separated.

Employees can utilize catastrophic leave for up to a one (1) year period. The period starts for the first day of use of catastrophic leave. For example, if catastrophic leave starts on July 1, 2010, it can only be used up until June 30, 2011. Leave can be taken on an intermittent basis if approved by the City Manager or designee but will not exceed catastrophic leave usage past the one (1) year leave period.

Any leave used for purposes that qualify under a State or Federal leave law, such as the Family Medical Leave Act/California Family Rights Act/Pregnancy Disability Leave, will count toward any State or Federal leave entitlements. If an employee is unable to return to work and has exhausted all of his or her leave entitlements, the employee may be retired for disability and/or separated.

This provision shall also allow the use and donation of catastrophic leave to employees who need paid time off to care of a catastrophically injured or ill dependent. The use of this leave is limited to a one (1) year period for establishment of any Catastrophic Injury/Illness Time Bank. Upon approval of the Local 1909 Executive Board and the City Manager or designee, a time bank may be established for the benefit of an employee who has a dependent who is incapacitated by a catastrophic illness or injury. A dependent is defined as a legal spouse, registered domestic partner, legal child under the age of twenty-six (26), or legal child of a registered domestic partner under the age of twenty-six (26).

An employee must provide a signed medical certification from the treating physician of his or her dependent stating that the employee's dependent has a severe and disabling injury or illness and indicating the amount of time he or she would need to be off to care for his or her dependent.

An employee shall not be credited with more than 100% of his or her normally budgeted hours for any given pay period. In no event shall an employee receive donated paid leave in addition to any paid benefit provided to the employee for time off to care for his or dependent, such as but not limited to Paid Family Leave,

that will result in the employee receiving more than 100% of the employee's base salary for the pay period. Records of any paid benefit provided to the employee for time off to care for his or her dependent must be provided by the employee to Payroll for integration with catastrophic leave.

Sworn Hayward Fire Department employees can donate paid leave to an employee who has a dependent with a catastrophic injury/illness under the same terms and conditions as for an employee who has a catastrophic injury/illness.

This Section does not affect an employee's rights, if any, under the Americans With Disabilities Act and/or the California Fair Employment and Housing Act.

11.12 Management Leave

The Fire Chief is authorized to grant up to eighty (80) hours of management leave with pay each year as compensation, in part, to an employee who, in the performance of his or her duties, is required to work additional hours substantially in excess of their normal workweek. For employees who work a 56-hour workweek, the maximum management leave entitlement shall be one-hundred and twelve (112) hours each year. Upon request of an employee, the Fire Chief may authorize additional management leave.

12.00 GRIEVANCES

12.01 Definition

A grievance is any dispute which involves the interpretation or application of any provisions of this Memorandum of Understanding or disciplinary actions.

12.02 Grievance Procedure

Grievances shall be processed in the following manner:

1. The grievance shall be presented either by the employee or by an authorized Union representative to the designated supervisor of the employee within seven (7) calendar days after the occurrence of the event causing the grievance.
2. The designated supervisor shall have seven (7) calendar days from date of receipt of grievance in which to respond. If the grievance is not satisfactorily adjusted within this period, the grievance may be presented in writing either by the employee or by an authorized Union representative to the Department Head or to such representative as Department Head may designate.
3. The Department Head or a designated representative shall have seven (7) calendar days from date of receipt of grievance in which to respond. If the grievance is not satisfactorily adjusted within this period, the grievance may be presented in writing either by the employee or by an authorized Union representative to the City Manager or to such representative as City Manager may designate.

4. If the parties are unable, within seven (7) calendar days, to reach a mutually satisfactory accord on any grievance which arises and is presented during the term of this Memorandum of Understanding, such grievance shall be submitted to an Adjustment Board comprised of two (2) Union representatives, no more than one (1) of whom shall be either an employee of the City, or a member of the staff of any organization employed to represent the City in the meeting and conferring process. No decision of the Adjustment Board shall be final and binding without receiving the affirmative votes of at least three (3) members of the Board.
5. If an Adjustment Board is unable to arrive at a majority decision, either the Union or the City may require within seven (7) calendar days of the Adjustment Board's deadlock that the grievance be referred to an impartial arbitrator who shall be designated by mutual agreement between the Union and the City Manager. If such agreement is not reached within five (5) calendar days from the date of receipt of request to arbitrate, then the State Mediation and Conciliation Service of the State of California shall be requested to supply a list of seven (7) qualified and experienced labor arbitrators. If the Parties cannot agree on one (1) of the seven (7) to act as arbitrator, they shall strike names from the list of nominees alternately until the name of one (1) nominee remains who shall thereupon become the arbitrator. The first Party to strike a name from the list shall be chosen by lot.
6. The fees and expenses of the arbitrator and of a court reporter shall be shared equally by the Union and the City. Each Party, however, shall bear the cost of its own presentation, including preparation and post hearing briefs, if any.
7. Decisions of Adjustment Boards and arbitrators on matters properly before them shall be final and binding on the Parties hereto, to the extent permitted by the Charter of the City of Hayward. It is the intent of this provision that Adjustment Board and arbitrator awards be implemented.

12.03 Authority of Arbitrator & Adjustment Board

No Adjustment Board and no arbitrator shall entertain, hear, decide, or make recommendations on any dispute unless such dispute involves a position in a unit represented by the Union, and unless such dispute falls within the definition of a grievance as set forth in Section 12.01, Definition.

12.04 No Modifications to Memorandum of Understanding

Proposals to add to or change this Memorandum of Understanding or written agreements or addenda supplementary hereto shall not be arbitrable and no proposal to modify, amend, or terminate this Memorandum of Understanding, nor any matter or subject arising out of or in connection with such proposal, may be referred to arbitration under this section. Neither any Adjustment Board nor any arbitrator shall have the power to amend or modify this Memorandum of Understanding or written agreements or addenda supplementary hereto or to establish any new terms or conditions of employment.

12.05 Grievance Involving Disciplinary Action

No grievance involving disciplinary action taken against an employee will be entertained unless it is filed in writing with the Human Resources Director within seven (7) calendar days from the time the affected employee was notified of such action.

12.06 Grievance Involving Payment of Compensation

All complaints involving or concerning the payment of compensation shall be initially filed in writing with the Human Resources Director. Only complaints which allege that employees are not being compensated in accordance with the provisions of this Memorandum of Understanding shall be considered as grievances. Any other matters of compensation are to be resolved in the meeting and conferring process and, if not detailed in the Memorandum of Understanding which results from such meeting and conferring process, shall be deemed withdrawn until the meeting and conferring process is next opened for such discussion. No adjustment shall be retroactive for more than 60 days from the date upon which the complaint was filed.

12.07 Options

1. The provisions of this section shall not abridge any rights to which an employee may be entitled under the Charter of the City of Hayward.
2. All grievances of employees in the bargaining unit represented by the Union shall be processed under this section. If the City Charter requires that a different option be available to the employee, no action under paragraph 4 or 5 of subsection 12.02 above shall be taken unless it is determined that the employee is not availing himself or herself of such option.
3. No action under paragraph 4 or 5 of Section 12.02, Grievance Procedure, shall be taken if action on the complaint or grievance is pending before the Personnel Board.

12.08 No Strike

In consideration of Section 809 of the Charter of the City of Hayward, the Union and its members agree not to engage in any strike, work stoppage, slowdown, or any other form of concerted activity against the City of Hayward, the effect of which would interrupt or impair the services normally provided by employees covered by this Memorandum of Understanding. This provision shall remain in effect as long as the aforesaid City Charter sections are unchanged and operative.

14.04 Light Duty Work Assignments

1. Policy

It is the goal of the City of Hayward to provide a safe working environment for all employees and to maintain an effective and efficient program for the provision of workers' compensation benefits. To assist in such efforts the utilization of light duty assignments will be encouraged whenever practical.

2. Purpose

To provide for the return to work of both industrially and non-industrially injured or ill employees in a capacity consistent with a disability temporarily precluding the affected employee from the performance of the employee's full and normal duties, but not limiting the employee totally such that productive assignments can be performed by the employee without fear of aggravating the injury.

The foregoing does not alter or modify existing regulations, or provisions of the Memorandum of Understanding pertaining to the use of non-occupational sick leave. Specifically, an employee on sick leave will not be required by the City to return to work in a light duty capacity prior to being released by a physician for the regular performance of duties. Rather, it reiterates the City's existing practice of entertaining **requests** from employees to return to light duty in the event they wish to avoid exhausting all of their sick leave, or in those cases where all remaining sick leave has been used.

3. Procedure

- a. Upon receiving notice of the occurrence of a temporarily disabling injury to a City employee in accordance with Administrative Rule 7.1 (Rev.) a determination will be made by the Human Resources Director on the appropriateness of assigning light duty to the injured employee. Such

determination shall take into account the opinion and recommendation of the injured employee's treating physician.

- b. If the above determination results in a finding that the employee is able to return to a light duty assignment, then discussion will be conducted between the Human Resources Director and the employee's supervisor on the availability of light duty within the division.
- c. If light duty is warranted and the work is available within the division of original assignment, the employee will be returned to work to such duty.
- d. If light duty is not available within the division of original assignment, an appropriate substitute shall be sought. If such a substitute is available, the employee shall be returned to work to such a substitute position. Employees shall not be required to accept light duty assignments outside of the Fire Department.
- e. Such light duty assignments as described above will continue until such time as the injured employee is given a full and complete release to resume normal work activities by the employee's treating physician.

4. Salary While On Light Duty Assignment

When performing light duty work assignments in accordance with this section, employees shall receive the normal salary step for their regular classification of employment. Personnel assigned to light duty work assignments shall not be required to perform a substantial portion of duties of a higher paid classification. Personnel assigned to light duty work may be assigned to perform a substantial portion of the duties of a higher classification in a training status, however.

14.05 Medical Treatment for Occupational Injury or Illness

Employees requiring medical attention because of job-related injury or illness shall obtain such treatment at a medical facility or from a physician designated by the City. Pursuant to the provisions of California Labor Code 4600, an employee may pre-select a personal physician prior to the occurrence of an occupational injury or illness, said selection to be filed on a form provided by the City for this purpose. In the event of an occupational injury or illness to an employee requiring immediate medical attention, the affected employee will be initially referred to the most readily available source qualified to provide the necessary assistance or treatment.

14.06 Safety Equipment

The City shall provide safety equipment as required by CAL-OSHA and such other safety equipment as the City may deem necessary for the performance of work. All equipment so provided shall meet applicable CAL-OSHA standards.

In the event the Injury Accident Review Committee is reactivated, it shall consist of two (2) members designated by the Fire Chief, two (2) members designated by the Union, and a representative from the Personnel Department. The purpose

of the Committee will be to review occupational injuries and illnesses occurring in the department, determine their causes, and recommend corrective action.

15.00 PROMOTIONAL EXAMINATIONS & ACTING APPOINTMENTS

15.01 Promotional Examinations

The City shall give six (6) months advance notification of the week in which a promotional examination for a classification in the representation unit is to be scheduled, said notification to be posted on all Fire Department bulletin boards. The union president may, at the request of department management, approve a shorter posting requirement if the need arises. Each employee who qualifies to participate in the promotional examination shall be provided personal notice of the date, time and location the examination will be held as soon as the schedule is established. The City shall endeavor, insofar as is possible, to avoid scheduling said promotional examinations during the period from June 15 to September 15 each year.

Class specifications for certain promotional positions within the representation unit permit employees to participate in examination processes based, in part, upon paid experience acquired in other fire departments which is similar to that which is acquired by employees of the Hayward Fire Department. An evaluation of previous experience from other departments for this purpose shall be made by the Fire Chief according to the following criteria:

- a. The previously employing department has response requirements similar to the Hayward Fire Department including first aid and medical emergency responses, and structural fire responses including commercial and industrial occupancies; and
- b. The previously employing department has an in-service training program to maintain the proficiency of its employees. This evaluation of previous experience shall be accomplished for new employees of the Hayward Fire Department during their initial training period and they shall be advised as to the results of said evaluation and the extent, if any, to which their previous experience will be applied towards eligibility to participate in promotional examinations.

15.02 Examinations - Written, Oral & Performance

Minimum passing scores for promotional examinations shall be established after consultation by Human Resources Department representatives with management personnel of the Hayward Fire Department who shall evaluate the selection instruments to be used in order to determine an appropriate minimum passing score.

An authorized representative of the Employee Organization who is not an employee of the City may attend, as an observer, oral boards and performance examinations convened for the purpose of promotional examinations; provided the candidate requests in writing the presence of said observer.

15.03 Promotional Procedures and Selection Process

In the event there are no candidates for examinations scheduled to fill promotional positions within the representation unit for which previous service in the Hayward Fire Department is required, or none of the candidates applying for said positions are able to qualify for placement on an eligible list, the City may then recruit for applicants who are not employees of the Hayward Fire Department.

Whenever a promotional position in the representation unit is to be filled, the appointing authority shall select from among the top five (5) candidates on the existing eligible list for the classification involved. Selections for subsequent vacancies shall be made from the top five (5) remaining candidates, and so on until all vacancies are filled and/or the eligible list has expired.

16.00 MISCELLANEOUS PROVISIONS

Employees who are directed by the Fire Chief or a designated representative to use their personal vehicles in the conduct of City business shall be reimbursed at the uniform rate established by the City for all City employees as set forth in Administrative Rule 6.1, City Vehicles, Auto Allowance & Mileage Reimbursement, as it presently exists or as it may be revised by the City from time to time in its sole discretion.

Employees in the classification of Fire Training Officer and Fire Marshall shall be provided with City-owned vehicles for use in the course of their employment and for travel to and from their place of residence only. Such vehicles may be used for personal business only during those times when an employee is assigned stand-by duty. Employees assigned a City vehicle shall employ good judgment in the use of same, and shall not use it in a manner which would otherwise bring discredit upon the Hayward Fire Department. In the event of any recall to duty, employees will be required to report with the City vehicle in their possession.

As an exception to the foregoing, those employees who would otherwise be entitled to use a City provided vehicle pursuant to the provisions of this Section may elect in lieu thereof to use their privately owned vehicles in accordance with the vehicle allowance listed below;

Effective 1-1-98 Vehicle allowance shall be \$390.00 per month.

Effective 1-1-99 Vehicle allowance shall be increased by 3% to \$401.17 per month.

Effective 1-1-00 Vehicle allowance shall be increased by a percentage equal to the percentage of the January 1, 2000 salary increase.

16.04 Legibility of Reports

All reports that employees are required to submit shall be typed or printed legibly. As an exception to the foregoing, all incident reports including, but not limited to, the statistical portions of the California Fire Incident Reporting System (CFIRS) form currently consisting of the front page of a fire report, and any other reports which will be read and stored by electronic data processing devices, shall be typewritten. The City shall provide the Union with a copy of statistics derived from the CFIRS report.

16.05 Restrictions on Outside Work

No employee shall engage in a gainful occupation outside the City position which is incompatible with City employment or which is of such a nature as to interfere with satisfactory discharge of regular duties. Any employee who wishes to engage in or accept such employment shall submit a written request for permission to do so, on a form designated by the City, to the City Manager or a representative. Approval shall not be withheld for reasons inconsistent with the provisions of this section.

16.06 Parking of Employee Vehicles

Private vehicles of employees may be parked in the rear yard of all stations, but must be removed when hose and ladder drills or other activities requiring use of the parking area are scheduled, and must be parked so as not to interfere with the movement of apparatus. Employees will be required to keep the parking area free of grease and oil. The washing and repairing of private vehicles is not permitted except that employees going off-duty in the mornings shall be allowed to use the garden hose to hose off their vehicles for the purpose of clearing moisture from windshields and windows. VEBA SIDE LETTER OF AGREEMENT

CITY OF HAYWARD and INTERNATIONAL ASSOCIATION OF FIREFIGHTERS-LOCAL 1909

SIDE LETTER OF AGREEMENT

Voluntary Employee Beneficiary Association (VEBA) Plan

The parties agree that the City will make available for members of the International Association of Firefighters-Local 1909 (“Bargaining Unit”), a Voluntary Employee Beneficiary Association (VEBA) Plan (collectively, “Plan”) to enable eligible employees to accumulate funds in a tax-exempt trust from which qualified medical expenses can be paid including certain post-retirement medical expenses and benefit accounts. The City will not make contributions to employee VEBA accounts. The City will make payroll deductions into employee VEBA accounts in accordance with Section 2 of this Side Letter.

Effective June 26, 2013, Plan requirements are as follows:

1. Eligibility Defined

Effective June 26, 2013, all employees, who are members of the Bargaining Unit, are eligible to participate in the Plan.

Beginning June 26, 2013, all employees will have fifteen (15) days to “opt-in” or “opt-out” of the Plan.

Elections to “opt-in” or “opt-out” are irrevocable for the duration of the employee’s tenure within the bargaining unit.

Participation will be subject to and governed by all IRS requirements applicable to the VEBA Plan. Bargaining unit members who elect to “opt-in” will make uniform bi-weekly and contributions upon separation as outlined in Sections 2 and 3.

2. Employee Contributions

Participation in the Plan by an employee who elects to “opt-in” requires a payroll deduction each bi-weekly pay period to fund the employee’s account. The Bargaining Unit has determined that contributions to the Plan shall be per pay period as follows:

Years of Service	Amount Deducted
0-10	\$50

11-20	\$75
21-22	\$100
23-24	\$125
25-26	\$150
27-28	\$175
29+	\$200

Contributions made by an eligible employee must be made through payroll deductions. Eligible employees cannot make direct contributions to the Plan. Once separated from the City, the (former) employee can no longer make contributions to the Plan.

Payroll deductions for all eligible employees who “opt-in” to the Plan will commence during the pay period ending July 28, 2013 and will be reflected on the August 2, 2013 payday.

Employees who “opt-out” will not contribute to the Plan. Those who have a VEBA account will continue to be eligible to submit for reimbursement for eligible medical expenses, however, they will not be able to make any further contributions to their accounts.

3. Employer Contribution

Effective January 1, 2019, the City shall contribute \$600 per year to the VEBA account of all participating members paid bi-weekly in the amount of \$23.08.

4. Leave Payout

Each eligible employee who “opts-in” to the Plan will be required upon service or disability retirement from the City to contribute one-hundred percent (100%) of eligible sick leave, vacation and compensatory leave payouts.

Each eligible employee who “opts-in” to the Plan will not be required to contribute any leave balance payouts to VEBA upon separation (excluding retirement) from employment with the City.

Employees who have “opted-out” of the Plan will not be eligible to contribute leave payouts to the Plan upon retirement or separation. Those who have an existing VEBA account will continue to be eligible to submit for reimbursement for eligible medical expenses, however, they will not be able to make any further contributions to their accounts.

5. New Employees or Newly Eligible Employees

Employees, whether new to the City or to the Bargaining Unit, who become eligible to participate in the Plan after June 26, 2013 will have fifteen (15) calendar days from the date of eligibility to elect whether they would like to “opt-in” or “opt-out” of the Plan. If a newly eligible employee elects to “opt-in,” the City will make payroll deductions into employee VEBA accounts in accordance with Section 2 of this Side Letter.

If a newly eligible employee fails to make an election within fifteen (15) days from the date of Plan eligibility, it will be deemed that the newly eligible employee has elected to “opt-out.”

6. Participant Account

A separate account is maintained for each contributing eligible employee, which documents the employee’s contributions and disbursements. Contributions to a VEBA account, as well as any disbursements to cover non-reimbursed post-tax medical care expenses, are both tax-free. Eligible benefits subject to reimbursement by the Plan shall be limited to long-term care expenses and non-reimbursed medical premiums, co-pays, prescribed drug expenses and other medical care costs as defined by the Internal Revenue Code Section 213.

7. Administrative Fees

An eligible employee’s Plan account is subject to a monthly administrative fee for expenses related to recordkeeping, claims processing and claims reimbursement. The monthly administrative fee will be deducted from the eligible employee’s individual account.

8. Dispute Resolution

This Side Letter and any disputes arising under or in connection with this Side Letter shall not be subject to the dispute resolution procedure contained in the Bargaining Unit’s Memorandum of Understanding or in the City’s Personnel Rules, nor shall this Side Letter and any such dispute relating thereto be subject to the jurisdiction of the City’s Personnel Commission for any reason whatsoever.

9. IAFF Local 1909 Disclaimer

The Bargaining Unit would like to notify its employees that it has made no determination, and makes no representation by becoming a party to this

agreement, as to whether the Plan satisfies the requirements of Internal Revenue Service Code section 501(c)(9) or other provisions of the Internal Revenue Service Code for an exemption from federal income taxes of contributions to and disbursements from the Plan. The City agrees that it shall provide Bargaining Unit employees with a copy of the "IAFF Local 1909 Disclaimer", which was drafted by the Bargaining Unit and is attached hereto, at the time they are notified of their eligibility to "opt-in" or "opt-out" of the Plan.

10. Indemnification

The Bargaining Unit agrees to indemnify and hold the City of Hayward harmless against any claims made of any nature and against any suit initiated against the City arising from this Side Letter, including but not limited to claims arising from the employee's participation in VEBA or from any salary reduction initiated by the City for VEBA contributions. Provided, however, that Local 1909 shall not be required to indemnify and hold the City harmless for any payments to the federal and state governments that the City would have paid as employer payroll taxes but did not do so because it was operating under the assumption that contributions to the plan are tax-free.

11. Superseding Agreement

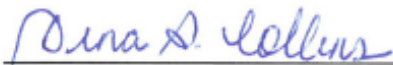

This Side Letter agreement supersedes all previous VEBA Side Letter agreements.
