WATER RATES

The City of Hayward relies entirely on water rate revenue to fund the costs of providing water service. Therefore water rates must be set at sufficient levels to recover the cost of purchasing wholesale water from the San Francisco Public Utilities Commission (SFPUC), Hayward’s sole water supplier, and operating and maintaining the water distribution system. Water rates are comprised of two parts: water usage rates and water service fees.

NO CHANGE TO WATER USAGE RATES

Water usage revenues pay for the costs of purchasing and delivering water, and are based on the quantity of water used in your home or business as measured by your water meter. Hayward’s water usage rates are comprised of tiered rate schedules for residential and non-residential customers in accordance with cost recovery calculations for each customer classification. **There is no change proposed to the water usage tiers or rates for Fiscal Years 2020 and 2021.** Pursuant to California Government Code 53756, Hayward may pass through any additional increases in SFPUC wholesale rates above the SFPUC projections upon notification to all customers at least 30 days in advance of implementation.

Note: One ccf of water equals 748 gallons. A typical SFR customer currently uses an average of 200 gallons per day.

PROPOSED WATER SERVICE FEES

Water service fees, which are based on meter size, pay for fixed costs of providing service, such as billing, customer service, debt service obligations, and meter service and repairs, and do not vary with the quantity of water purchased.

CURRENT AND PROPOSED BIMONTHLY WATER SERVICE FEES			
Meter Size	Current	Proposed (Oct 1, 2019)	Proposed (Oct 1, 2020)
Low income residential	\$8.40	\$9.80	\$11.20
5/8 inch	\$24.00	\$28.00	\$32.00
3/4 inch	\$32.63	\$38.07	\$43.51
1 inch	\$49.43	\$57.67	\$65.91
1 1/2 inch	\$108.23	\$126.27	\$144.31
2 inch	\$190.50	\$222.25	\$254.00
3 inch	\$480.75	\$560.88	\$641.00
4 inch	\$952.35	\$1,111.08	\$1,269.80
6 inch	\$1,680.00	\$1,960.00	\$2,240.00
8 inch	\$2,325.75	\$2,713.38	\$3,101.00

The proposed water rates and fees will result in overall increases averaging about 3.1% for most customers in each year. For example, a family that uses 16 ccf of water in a two-month billing period, or about 200 gallons per day, will see an average 3.14% increase in its bimonthly billing, from \$127.52 to \$131.52 the first year and a further 3.04% increase to \$135.52 in the second year. Customers who reside outside of the City limits continue to pay a 15% surcharge on water service and usage charges based on cost of service.

SEWER SERVICE CHARGES

Sewer service charges pay for the collection, treatment and disposal of wastewater from residences and businesses and are based on the type and volume of wastewater disposed. Increases in the costs of providing these services have resulted in the need for modest rate adjustments.

PROPOSED MONTHLY RESIDENTIAL SEWER SERVICE CHARGES

The standard residential rate is proposed to increase by 4.40% in each of the next two years. Economy and Lifeline rates, automatically applied to billings where metered water consumption is significantly lower than the standard usage, are proposed to decrease by 4.31% and 4.30% respectively per year based on the cost analysis for providing service.

The following table lists the current and proposed residential sewer service charges.

CURRENT AND PROPOSED MONTHLY RESIDENTIAL SEWER SERVICE CHARGES			
	Current	Proposed (Oct 1, 2019)	Proposed (Oct 1, 2020)
Standard Residential (single-family unit)	\$32.85	\$34.30	\$35.81
Duplex, Triplex, Fourplex (per unit)	\$32.85	\$34.30	\$35.81
Multi-Family (per unit)	\$29.24	\$30.53	\$31.87
Mobile Home (per unit)	\$22.99	\$24.00	\$25.06

Lifeline (0 to 4 units of metered water usage)	\$9.16	\$8.77	\$8.39

NON-RESIDENTIAL SEWER SERVICE CHARGES

Most non-residential customers are classified by the type of businesses that most closely resembles the nature of wastewater generated. A small number of critical users are billed according to actual measured wastewater strength and volume. The following table lists non-residential sewer service charges for the most common businesses and for critical users. A complete list of charges can be found at www.hayward-ca.gov or you can call (510) 583-4700 to request a copy by mail.
