

Recognized Field Evaluation Bodies

The California Electrical Code has specific requirements that equipment is to be listed by a Nationally Recognized testing Laboratory (NRTL) and be installed per its intended use.

In lieu of the NRTL listing, the City of Hayward has a list of approved Field Evaluation Bodies (FEB) who specialize in the approval of unlisted or custom-built manufacturing equipment, tools, and machinery. These agencies ensure the safe installation, as well as the safe operation of machinery by ensuring compliance with applicable standards and regulations that would have been required during the listing process by the NRTL. Once all the deficiencies are corrected, the FEB will field label the equipment and provide the city with a final report.

Abstraction Engineering Inc.

Address: 19072 Taylor Ave
Morgan Hill, CA, 95037
Phone: (699)888-3100
Mobile: (408)726-1863
