

Name: Darrelle Demps

As a passionate resident of Hayward for over 30 years and a graduate of Mount Eden High School, I want to be your strong voice during this economic and social downturn. My background in Human Resources and as an IT Executive working with Fortune 500 companies have prepared me to work with people from all backgrounds to find calculated and proven solutions. I'm a strong decision maker who will tackle the tough issues for all Hayward residents and maximize our options to improve our neighborhoods. One of my proudest accomplishments was being a youth mentor, introducing them to business as a career path. Also, I volunteered 15 years working with our Veterans. My love for Hayward is my motivation to build relationships within the business community to identify innovative approaches to bring new business and job growth to our community. Among my top priorities is to intensify Hayward's economic development. I have a reputation for fairness, commitment, results and demand accountability. Coming from a proud military family, I seek to continue our family values of service to our community by asking for your vote to represent you on the Hayward City Council.
