

# BUSINESS FRIENDLY HAYWARD

## Help Shape the Future of Hayward!

The Business Friendly Hayward Project is a strategic initiative designed to make it easier for businesses to locate and thrive in the City's commercial and mixed-use areas, while also working to revitalize vacant and underused properties. As part of this effort, the City is conducting a survey to gather input from local business owners about the challenges they face operating in Hayward, as well as feedback from the broader community on the types of businesses they would like to see more of in the area.
