CHIEFS PREFACE

The purpose of these regulations are, in general, to provide a basis for the orderly and disciplined performance of duty. Their publication will promote a surer knowledge of what is expected of personnel generally and of all ranks and assignments specifically. These regulations are an integral component of the police Department's value-based organization. The values of the Department, the mission of organizational philosophies and operational principles are manifested in these rules, which establish standards of conduct.

Through these regulations, every effort has been made to confine them to those phases of official behavior which affect Departmental operation and to avoid unwarranted or unnecessary intrusion upon the private life and off duty actions of members of the Department. However, in the eyes of the public, a police officer is never off duty and his or her every act may be subject to scrutiny, interpretation, and comment. Therefore, the regulations must be based upon the interests of the organization as a whole.

The Hayward Police Department should strive to support three crucial principles: Excellence, accountability, and commitment. Members of the organization are responsible for ensuring these three elements are part and parcel of their professional life. Working in the Hayward Police Department takes exceptional people willing to be held to the high standard that society and the courts have placed on the police profession. To be worthy of public trust, police authority must be exercised in a manner consistent with the highest of principles.

We constitute an organization whose very existence is justified solely on the basis of community service. The community and police personnel have a close-knit relationship in which teamwork and shared responsibilities are vital to the success of the organization and to the community at large. Hayward's public safety philosophies support the concepts of community-based problem-solving, prevention, intervention, collaboration and partnerships.

To accomplish this mission, every police department employee is encouraged to value and promote personal and organizational integrity, problem-solving and partnerships, accountability at every level of the organization, professional police service, respect for diversity and inclusiveness, open and honest communication, and innovation and creativity.

We should consider it our duty and privilege, not only to protect our citizens from the criminal element, but also to protect and defend the rights guaranteed by the Constitution as well as state, county, and local law. It may be said that matters of civil law are not a basic police responsibility and, within reasonable limits, we should attempt to avoid becoming entangled in them. However, in many situations, justice can best be served only when we assist in such matters. Our philosophy must embrace a wholehearted determination to protect and support the doctrine of individual rights while providing for the security of persons and property in the community. In meeting this objective, it is our duty to operate as a service organization. The nature of what we do demands honesty, discretion, quick thinking, patience, courage, pride, unquestionable ethics and a host of other qualities that are tested on a daily basis.

CHIEFS PREFACE

Our Departmental Policy Manual clearly sets forth the limits of police conduct and the exercise of police powers for our employees. The policies are designed to instill a high degree of public trust in the organization while, at the same time, providing fair and reasonable standards for our employees. As a result, it is a living document that is subject to change as laws, court decisions, City Council policies, the Strategic Plan, and other factors dictate.

As an organization accountable to its community, we are committed to continuously reviewing and, as needed, updating these policies to ensure we strive toward the highest possible standard of service. Just as our organization earns and owns its professional image, every member has a responsibility to embrace the mission, policies, and practices of the Hayward Police Department.

It is every employee's duty to become thoroughly familiar with the contents of this manual, including keeping current as updates are made. The Hayward Police Department's core values form the foundation on which we perform our duties and conduct ourselves. These values are used as a guide and source of inspiration for all that we say and do. They are an integral part of our daily operations and ensure that our personal and professional behavior reflect our highest traditions of excellence.

As the Chief of Police, I am both honored and proud to lead the men and women of the Hayward Police Department. I know each of you is committed to the excellence, accountability, and commitment that it takes to be a part of the police profession in today's world.

Upon distribution of this manual, all other existing manuals, orders and regulations that are in conflict are hereby revoked.

Mark Koller, Chief of Police

LAW ENFORCEMENT CODE OF ETHICS

As a law enforcement officer, my fundamental duty is to serve the community; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation and the peaceful against violence or disorder; and to respect the constitutional rights of all to liberty, equality and justice.

I will keep my private life unsullied as an example to all and will behave in a manner that does not bring discredit to me or to my agency. I will maintain courageous calm in the face of danger, scorn or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed both in my personal and official life, I will be exemplary in obeying the law and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, political beliefs, aspirations, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of police service. I will never engage in acts of corruption or bribery, nor will I condone such acts by other police officers. I will cooperate with all legally authorized agencies and their representatives in the pursuit of justice.

I know that I alone am responsible for my own standard of professional performance and will take every reasonable opportunity to enhance and improve my level of knowledge and competence.

I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession . . . law enforcement.

Employees must never obey any order that they know or should know would require them to commit any illegal act. If in doubt as to the legality of an order, employees must request the issuer to clarify the order or to confer with higher authority. 101.5 INTEROFFICE COMMUNICATION AND MEETINGS

It is the policy of the Hayward Police Department to conduct regular meetings at all levels of command within the organization, to maintain an effective communications network and promote cooperation throughout the organization. In addition to formal meetings, non-patrol employees should take opportunities to attend briefings and all employees should read Department informational publications.

101.5.1 DEPARTMENT MEETINGS

The Chief or his/her designee may call a meeting of all personnel at his/her discretion. When an employee feels a meeting of all Department personnel is necessary, he may make a written request for such meeting to the Chief through the chain of command.

101.5.3 FULL STAFF MEETINGS

The Full Staff Meeting includes all supervisory and command staff members, and at the discretion of the Chief of Police may include the Hayward Police Officer Association President or Vice President. Normally these meetings occur on a semi-annual basis. Other Department members may be invited regarding specific topics discussed. The Chief's secretary or designee is assigned to take minutes. 101.5.5 MANAGER/SUPERVISOR MEETINGS BY DIVISION

The Department supports the use of meetings among managers and supervisors of each Division communicating policy, procedure, and information pertinent to efficient operations. Managers and supervisors attending such meetings are those who must carry out and oversee the practical application of such policies specific to operations in the division. Coordination, scheduling and composition of manager meetings, supervisor meetings, or combined manager/supervisor meetings are at the discretion of the Division Commander and his or her designees, with the following stipulations:

- Patrol Watch Commander meetings occur monthly

All managers/supervisors must attend unless his or her manager excuses them or extenuating circumstances exist.

The Chief supports the use of Labor Management meetings as a tool to maintain labor management relations and open communication. These meetings are scheduled monthly between the Chief of Police and Captains with the Hayward Police Officer Association Board of Directors.

101.5.7 BRIEFINGS

At the beginning of each shift, Patrol Supervisors brief their personnel. Watch Supervisors are responsible to provide information from the Line-up Box, Records Management System, Crime Analysis, Personnel Orders, Special Orders, Training Bulletins, memorandums, and various meeting minutes as may be available and pertinent. Briefings should target 30 minutes as a maximum length. The briefing should have a standard agenda that quickly disseminates information.

During briefings Patrol Supervisors should be advised of any pending calls. If an officer is dispatched to a call before the briefing is concluded, the supervisor should make efforts to contact

Other Divisions and/or Bureaus Supervisors will provide briefings to their personnel in similar fashion to that of Patrol on regular dates and times as they deem appropriate.

101.6 EMAIL COMMUNICATIONS

The Hayward Police Department encourages the use of email to aid in communicating internally and externally in an efficient manner. However, information overload is always a problem. Department members should refrain from sending unnecessary emails and choose recipients narrowly (refer to the Electronic Mail Policy).

The Hayward Police Officer's Association is welcome to use Department email for member notifications of events and non-private matters.

Jurisdiction and Geographical Boundaries

104.1 PURPOSE AND SCOPE

The purpose of this policy is to describe the geographical boundaries of the City of Hayward and define jurisdictional responsibilities.

104.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 2.1.1, 2.1.2

104.2 BOUNDARIES OF JURISDICTION

The Hayward City Engineer maintains a Geographic Information System including a map that delineates the specific geographical boundaries of the agency's jurisdiction. An electronic version of that map is accessible through the City Computer Network and a printed version is maintained in the Communications Center. The official map provided by the City of Hayward Engineering Department delineates the geographical boundaries of the City of Hayward. The City of Hayward is generally situated between the City of Union City to the South, Unincorporated Alameda County to the North, and the City of Pleasanton to the East.

104.2.1 CONCURRENT JURISDICTION RESPONSIBILITY AND AGREEMENTS

It is the intent of this directive to identify basic shared responsibilities of the Hayward Police Department and other policing agencies as they relate to overlapping, shared or concurrent police services delivered within the geographic boundaries of the City of Hayward. In that regard, the Hayward Police Department works cooperatively with the following agencies: Alameda County Sheriff's Office, California Highway Patrol, Union City Police, Union Pacific Railroad Police, California State University East Bay Police, Bay Area Rapid Transit (BART) Police, East Bay Regional Parks (EBRP) Police, and the California Department of Fish and Game. It is the policy of the Hayward Police Department to coordinate its efforts with these concurrent agencies as outlined below:

- **Alameda County Sheriff's Department:** Our primary relationship with the Alameda County Sheriff's Department is booking, housing and care of inmates whose custody is transferred from the Hayward Police Department to the Sheriff's Department, and the services of the County Coroner's Office. Criminal investigations within the Hayward city limits shall be the responsibility of the Hayward Police Department, regardless of any assistance from the Sheriff's Department, except as authorized by the Chief of Police. The Chief of Police and the Alameda County Sheriff may constitute an operational agreement for policing Hayward Unified School District sites located within county jurisdiction.
- **California Highway Patrol:** The Hayward Police Department will investigate all criminal acts within the geographic jurisdiction of the City of Hayward, including those occurring on the State Highways and Freeways in the City, with the exception of driving related crimes routinely handed by the California Highway Patrol (i.e. DUI, Hit and

The Hayward Police Department will provide assistance to the Union Pacific Railroad Police Department, as needed, when called upon to do so due to unusual events on the rail system.
- **California State University East Bay:** The California State University East Bay lies within the City of Hayward. The University Police Department is principally responsible for providing public safety services for the campus. The Chiefs of Police of the City of Hayward and University Police Departments may constitute an operational agreement for rendering resources and aid for special events, and for handling incidents occurring on campus that require substantial investigative or other resources.
- **Bay Area Rapid Transit (BART):** The Bay Area Rapid Transit (BART) is principally responsible for providing public safety services at BART properties and rights of way located within the geographic boundaries of the City of Hayward. The Hayward Police Department will provide assistance to the BART Police Department, as needed, when called upon to do so due to unusual events on their properties and rail system.
- **East Bay Regional Parks:** The East Bay Regional Parks District (EBRP) is principally responsible for providing public safety services at regional parks properties and facilities within the geographic boundaries of the City of Hayward. The Hayward Police Department will provide assistance to the EBRP Police Department, as needed, when called upon to do so due to unusual events on their properties.
- **California Fish and Game:** California Fish and Game maintains a full service police department, which responds to and handles all fish and game incidents that occur on state property located within the geographic boundaries of the City of Hayward. The Hayward Police Department will provide assistance to California Fish and Game Wardens, as needed, when called upon to do so due to events requiring their services.

Usually the first agency upon the scene, and having jurisdiction, has responsibility and is in charge. The Hayward Police Department recognizes this responsibility and either assumes jurisdiction on that basis or provides assistance to other agencies, as they require.

Upon approval by the staff, the needs assessment will form the basis for the training plan for the calendar year. This annual training needs assessment will be conducted by the Personnel and Training Administrator, or training domain manager (e.g., Defensive Tactics, Range Coordinator) under the direction of the Training Manager.

203.4.6 BASIC ACADEMY ASSIGNMENTS

Personnel hired as a Police Trainee and assigned to attend a California P.O.S.T. certified law enforcement basic academy are referred to as "police recruits," and are not sworn peace officers. Once assigned to attend the academy, police recruits are under the direct supervision of academy staff. The Department Training Manager or his designee will serve as the liaison between the Department and the Academy.

203.4.7 CALEA ACCREDITATION TRAINING

The Personnel and Training Bureau will ensure that all personnel are familiar with accreditation and its impact on the Hayward Police Department. The purpose of this training is to familiarize Department members in all areas of accreditation including, but not limited to, history and background, the agency's involvement in the process including the self-assessment phase, the goals and objectives of accreditation and the advantages and impacts on the organization. Agency personnel shall receive this training by the accreditation manager as follows:

- To all newly hired agency personnel within thirty days of their date of hire
- To all agency personnel during the self-assessment phase associated with achieving initial accreditation
- To all personnel prior to an onsite assessment

Due to the specialized role, any agency personnel assigned to the role of accreditation manager shall receive specialized accreditation manager training within one year of appointment. The newly selected manager should also attend at least one CALEA Conference during the current award period for additional training as well as participate in the local Police Accreditation Coalition (PAC).

203.5 OFFSITE TRAINING PAID BY THE DEPARTMENT

An employee attending approved offsite training paid for by the Department will complete the departmental Offsite School Request form. Upon completion of the training, it is the responsibility of the employee to submit documentation of completion of the training course to the Training Bureau. The Training Manager will maintain all submitted training records in the employee's training file.

203.5.1 TRAINING COSTS

When an employee is assigned training outside the Department, pursuant to this policy, the Department will pay for all expenses associated with the training. The Training Manager or his/her designee is responsible for coordinating travel arrangements, training expense advances and

reimbursements (if any). The Training Manager should determine if a City vehicle is to be used for travel, or if mileage reimbursement is authorized. Mileage reimbursement guidelines outlined in the City Rules and Regulations will be followed.

203.6 OFFSITE TRAINING PAID BY THE EMPLOYEE

An employee attending departmentally approved training, paid for by the employee, may be allowed to adjust their work schedule to attend such training if the following conditions apply:

- (a) The training must be relevant to the officer's assignment and must be an approved training course.
- (b) The training course must be approved by the employee's supervisor, manager and the division commander.
- (c) The dates the employee attends the class and the dates the employee adjusts off must be in the same pay period.
- (d) No overtime is necessary to backfill for the officer attending the training.

All costs and arrangements associated with the training shall be the responsibility of the employee.

Employees may adjust up to one week (40 hours) per calendar year to attend departmentally approved training pursuant to this policy. Employees that work a 12-hour or 12.5-hour shift that attend a one week (40 hour) school will only be adjusted off for their work week, 36 hours or 37.5 hours, and shall not be compensated for the remaining hours.

Officers attending courses less than one week in duration will be adjusted hour for hour. Employees attending a course that is fewer hours than their work week will work the remaining hours on their assigned shift to complete their work week. If the employee attends a course that is on their assigned work days, but is less hours than their assigned work week, the employee may use vacation or comp time to make up their remaining hours. Or, with approval of their supervisor or manager, they may work on another shift/and or day, within the same pay period as the self-sent course, to make up for their remaining hours.

203.6.1 PROCEDURE

Once an employee receives approval from their immediate supervisor to attend training pursuant to this policy, then the employee shall complete the departmental School Request form. The School Request form shall be routed through the employee's chain of command to the employee's Division Commander.

If approved, the Division Commander will forward the School Request form to the Personnel and Training Bureau to track and record the time the employee used during the calendar year.

Upon returning from the school, the employee shall provide a copy of any certificate received as a result of the training to the Personnel and Training Bureau to be placed into the employee's training file.

203.7 TRAINING COMMITTEE

The Training Manager may establish a Training Committee, which will serve to assist with identifying training needs for the Department.

The Training Committee shall be comprised of at least three members, with the senior ranking member of the committee acting as the chairperson. Members should be selected based on their abilities at post-incident evaluation and at assessing related training needs. The Personnel and Training Manager may remove or replace members of the committee at his/her discretion.

If established, the Training Committee should review certain incidents to determine whether training would likely improve future outcomes or reduce or prevent the recurrence of the undesirable issues related to the incident. Specific incidents the Training Committee should review include, but are not limited to:

- (a) Any incident involving the death or serious injury of an employee.
- (b) Incidents involving a high risk of death, serious injury or civil liability.
- (c) Incidents identified by a supervisor as appropriate to review to identify possible training needs.

The Training Committee should convene on a regular basis as determined by the Personnel and Training Manager to review the identified incidents. The committee shall determine by consensus whether a training need exists and then submit written recommendations of its findings to the Personnel and Training Manager. The recommendation should not identify specific facts of any incidents, such as identities of employees involved or the date, time and location of the incident, but should focus on the type of training being recommended.

The Personnel and Training Manager will consider the recommendations of the committee and determine what training should be addressed, taking into consideration the mission of the Department and available resources.

Electronic Mail

205.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper use and application of the Department's electronic mail (email) system by employees of this Department. E-mail is a communication tool available to employees to enhance efficiency in the performance of job duties and is to be used in accordance with generally accepted business practices and current law (e.g., California Public Records Act). Messages transmitted over the e-mail system must only be those that involve official business activities or contain information essential to employees for the accomplishment of business-related tasks and/or communication directly related to the business, administration, or practices of the Department.

205.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 26.1.3

205.2 EMAIL RIGHT OF PRIVACY

All email messages, including any attachments, that are transmitted over department networks are considered department records and therefore are department property. The Department reserves the right to access, audit or disclose, for any lawful reason, any message including any attachment that is transmitted over its email system or that is stored on any department system.

The email system is not a confidential system since all communications transmitted on, to or from the system are the property of the Department. Therefore, the email system is not appropriate for confidential communications. If a communication must be private, an alternative method to communicate the message should be used instead of email. Employees using the Department's email system shall have no expectation of privacy concerning communications utilizing the system.

Employees should not use personal accounts to exchange email or other information that is related to the official business of the Department.

205.3 PROHIBITED USE OF E-MAIL

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive and harassing or any other inappropriate messages on the e-mail system is prohibited and may result in discipline.

E-mail messages addressed to the entire Department are only to be used for official business related items that are of particular interest to all users and must be approved by the Chief of Police or a Division Commander. Personal advertisements are not acceptable.

It is a violation of this policy to transmit a message under another user's name. Users are strongly encouraged to log off the network when their computer is unattended. This added security measure would minimize the misuse of an individual's e-mail, name and/or password by others.

Employees may access their official Department e-mail remotely, while off duty, through the City's e-mail exchange server. Employees making access to e-mail, either remotely or locally in

Hayward Police Department

the police building, shall not forward confidential information to unauthorized persons nor allow unauthorized persons to view confidential information.

205.4 MANAGEMENT OF E-MAIL

Because the e-mail system is not designed for long-term retention of messages, e-mail that the employee desires to save or that becomes part of an official record should be printed and/or stored in another database. Users of e-mail are solely responsible for the management of their mailboxes. Messages should be purged manually by the user at least once per week. All messages in excess of two months (60 days) will be deleted at regular intervals from the cities server computer.

208.7 REVISIONS

Enacted: August 21, 2009

Revised: May 23, 2016

Staffing Levels

209.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that proper staffing and supervision are available for all shifts. The Department intends to balance the employee's needs against the need to have flexibility and discretion in using personnel to meet operational needs. While balance is desirable, the paramount concern is the need to meet operational requirements of the Department.

209.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 16.1.2, 41.1.1

209.2 SUPERVISION DEPLOYMENTS

In the Patrol Division, two supervisors shall be on duty at all times to ensure that at least one field supervisor is deployed during each shift, in addition to the Watch Commander. In the event no lieutenant is on duty, an on-duty sergeant shall be designated responsible for handling Watch Commander duties and responsibilities. In order to accommodate training and other unforeseen circumstances, authorized senior employees may be used as field supervisors instead of a field sergeant.

209.3 MINIMUM STAFFING LEVELS

Staffing minimums shall be accomplished on a shift basis, rather than by time of day. There shall be no less than the following number of police officers on duty and performing uniformed patrol duties on each shift as follows:

- Day shift: 9 patrol officers
- Overlap (Swing) shift: 9 patrol officers
- Midnight (Night) shift: 9 patrol officers

For any shift that is required to provide a desk officer to handle citizen contacts at the police facility, the minimum staffing for that shift shall be one officer greater than the above minimums.

Only those officers specifically assigned to uniformed patrol duties shall be counted in meeting the above minimums. Reserve officers shall not be counted in meeting the above minimums. The following positions will not be counted unless they are specifically reassigned to patrol duties for the duration of that shift:

- (a) Officers assigned to Desk Officer Duties.
- (b) Officers in training.
- (c) Officers assigned to the Traffic Bureau.
- (d) Officers assigned to specialized functions other than regular uniformed patrol duties.

Note: The assignment of uniformed patrol officers to duties that have historically been the responsibility of beat patrol officers, which may limit their availability to respond to calls for service,

Hayward Police Department

Hayward PD Policy Manual

Staffing Levels

shall not preclude them from being counted in satisfaction of the minimum staffing requirements above. Examples of such duties are: hospital guard, prisoner pick-up, etc. with an expected duration of less than one-half the total hours in the shift.

Shift assignments will occur bi-yearly on the first Monday in January and July. Patrol Division supervisors will assign officers beat assignments based on the needs of the Department. Officers should work that assigned beat for the duration of the current shift assignment.

209.3.1 STAFFING AT DAYLIGHT SAVINGS TIME CHANGE

Night shift scheduling and staffing may be affected by the time changes that occur each spring and fall in association with daylight savings. On each daylight savings occasion, the changing of the clock shall be effective at 2:00 AM on the given day of the change. To ensure proper staffing and time rolls, night shifts still on duty at the 2:00 AM change shall adjust the start and/or end time of the shift to offset the daylight savings hour lost in the spring and gained in the fall. In lieu of adjusting the start and/or end time of the affected shift, and at the discretion of the on-duty Watch Commander or Manager, affected personnel may be allowed to offset the hour lost at the springtime change by using one hour vacation or compensatory time. When daylight savings moves time back one hour in the fall, employees working the extra hour shall be compensated with one hour overtime.

209.4 WORKLOAD ASSESSMENTS

The distribution of personnel is based on workload and need. Over time, the number of police incidents, traffic issues, calls for service or community priority may change. A comprehensive study shall be completed by the administrative staff at least once every three (3) years regarding workload and staffing. The Study shall include at minimum:

- (a) The study shall include all organization components using the appropriate measures to assure the proper number of personnel are assigned at the proper times and the workload in being handled.
- (b) Division Commanders are responsible for establishing a process and schedule for the completion of these studies. The overall study may be the compilation of smaller studies completed over the three year period.

A second set of fingerprints may be required for retention in department files. Two recent passport-size photos (2 inches by 2 inches) of the applicant shall be submitted for department use. No person determined to fall within a prohibited class described in Penal Code § 29800, Penal Code § 29900, Welfare and Institutions Code § 8100 or Welfare and Institutions Code § 8103 will be issued a license to carry a firearm. A license shall not be issued if the California DOJ determines that the applicant is prohibited by state or federal law from possessing, receiving, owning or purchasing a firearm (Penal Code § 26195).
- (d) The applicant shall submit at least three signed letters of character reference from individuals other than relatives.
- (e) The applicant shall submit proof of ownership or registration of each firearm to be licensed.

Once the Chief of Police or authorized designee has reviewed the completed application package and relevant background information, the application will either be advanced to phase two or denied.

In the event that an application is denied at the conclusion of, or during, phase one, the applicant shall be notified in writing within 90 days of the initial application or within 30 days after receipt of the applicant's criminal background check from the California DOJ, whichever is later. If the license is denied, the notice shall state which requirement was not satisfied (Penal Code § 26205).

210.4.2 PHASE TWO

This phase is to be completed only by those applicants successfully completing phase one.

- (a) Upon successful completion of phase one, the applicant shall be scheduled for a personal interview with the Chief of Police or authorized designee. During this stage, there will be further discussion of the applicant's statement of good cause and any potential restrictions or conditions that might be placed on the license.
 - 1. The determination of good cause should consider the totality of circumstances in each individual case.
 - 2. Any denial for lack of good cause should be rational, articulable and not arbitrary in nature.

3. The Department will provide written notice to the applicant as to the determination of good cause (Penal Code § 26202).
 - (b) The Chief of Police may, based upon criteria established by the Chief of Police, require that the applicant be referred to an authorized psychologist used by the Department for psychological testing. The cost of such psychological testing (not to exceed \$150) shall be paid by the applicant. The purpose of any such psychological testing is intended only to identify any outward indications or history of psychological problems that might render the applicant unfit to carry a firearm. This testing is not intended to certify in any other respect that the applicant is psychologically fit. If it is determined that the applicant is not a suitable candidate for carrying a firearm, the applicant shall be removed from further consideration (Penal Code § 26190).
 - (c) The applicant shall complete a course of training approved by the agency, which complies with Penal Code § 26165. The applicant will not be required to complete and pay for any training courses prior to any determination of good cause (Penal Code § 26165; Penal Code § 26202).
 - (d) The applicant shall submit any firearm to be considered for a license to the Rangemaster or other departmentally authorized gunsmith, at no cost to the applicant, for a full safety inspection. The Chief of Police reserves the right to deny a license for any firearm that has been altered from the manufacturer's specifications or that is unsafe (Penal Code § 31910).
 - (e) The applicant shall successfully complete a firearms safety and proficiency examination with the firearm to be licensed, to be administered by the department Rangemaster, or provide proof of successful completion of another departmentally approved firearms safety and proficiency examination, including completion of all releases and other forms. The cost of any outside inspection/examination shall be the responsibility of the applicant.

Once the Chief of Police or authorized designee has verified the successful completion of phase two, the license to carry a firearm will either be granted or denied.

Whether an application is approved or denied at the conclusion of or during phase two, the applicant shall be notified in writing within 90 days of the initial application or within 30 days after receipt of the applicant's criminal background check from the California DOJ, whichever is later. If the license is denied, the notice shall state which requirement was not satisfied (Penal Code § 26205).

210.5 LIMITED BUSINESS LICENSE TO CARRY A CONCEALED FIREARM

The authority to issue a limited business license to carry a concealed firearm to a non-resident applicant is granted only to the Sheriff of the county in which the applicant works. A chief of a municipal police department may not issue limited licenses (Penal Code § 26150). Therefore, such applicants may be referred to the Sheriff for processing.

- (d) Any application for renewal or reissuance of such a license may be granted only upon concurrence of the original issuing authority and the licensing authority of the city or county in which the applicant resides (Penal Code § 26220).

210.6 ISSUED FIREARMS PERMITS

In the event a license to carry a firearm is issued by the Chief of Police, the following shall apply:

- (a) The license will be subject to any and all reasonable restrictions or conditions the Chief of Police has deemed warranted, including restrictions as to the time, place, manner and circumstances under which the person may carry the firearm.
 - 1. All such restrictions or conditions shall be conspicuously noted on any license issued (Penal Code § 26200).

- (b) The license shall be laminated, bearing a photograph of the licensee with the expiration date, type of firearm, restrictions and other pertinent information clearly visible.
 - 1. Each license shall be numbered and clearly identify the licensee.
 - 2. All licenses shall be subjected to inspection by the Chief of Police or any law enforcement officer.
- (c) The license will be valid for a period not to exceed two years from the date of issuance (Penal Code § 26220).

 - 2. A license issued to any reserve peace officer as defined in Penal Code § 830.6(a) or (b), or a custodial officer employed by the Sheriff as provided in Penal Code § 831.5 will be valid for a period not to exceed four years, except

- (e) The licensee shall notify this department in writing within 10 days of any change of place of residency.

210.6.1 LICENSE RESTRICTIONS

 - 1. Consuming any alcoholic beverage while armed.
 - 2. Falsely representing him/herself as a peace officer.
 - 3. Unjustified or unreasonable displaying of a firearm.
 - 4. Committing any crime.
 - 5. Being under the influence of any medication or drug while armed.
 - 6. Interfering with any law enforcement officer's duties.
 - 7. Refusing to display his/her license or firearm for inspection upon demand of any peace officer.
 - 8. Loading the permitted firearm with illegal ammunition.
- (b) The Chief of Police reserves the right to inspect any license or licensed firearm at any time.
- (c) The alteration of any previously approved firearm including, but not limited to adjusting the trigger pull, adding laser sights or modifications shall void any license and serve as grounds for revocation.

210.6.2 AMENDMENTS TO LICENSES

Any licensee may apply to amend a license at any time during the period of validity by completing and submitting a written Application for License Amendment along with the current processing fee to the Department in order to (Penal Code § 26215):

Hayward Police Department

In the event that any amendment to a valid license is approved by the Chief of Police, a new license will be issued reflecting the amendment. An amendment to any license will not serve to extend the original expiration date and an application for an amendment will not constitute an application for renewal of the license.

210.6.3 REVOCATION OF LICENSES

Any license issued pursuant to this policy may be immediately revoked by the Chief of Police for any of the following reasons:

- (a) The licensee has violated any of the restrictions or conditions placed upon the license.
- (b) The licensee becomes psychologically unsuitable to carry a firearm.
- (c) The licensee is determined to be within a prohibited class described in Penal Code § 29800, Penal Code § 29900, Welfare and Institutions Code § 8100, Welfare and Institutions Code § 8103 or any state or federal law.
- (d) The licensee engages in any conduct which involves a lack of good moral character or that might otherwise remove the good cause for the original issuance of the license.
- (e) If the license is one to carry "loaded and exposed," the license shall be revoked immediately upon a change of the licensee's place of residence to another county (Penal Code § 26210).

The issuance of a license by the Chief of Police shall not entitle the holder to either a property or liberty interest as the issuance, amendment or revocation of such license remains exclusively within the discretion of the Chief of Police as set forth herein.

If any license is revoked, the Department will immediately notify the licensee in writing and the California DOJ (Penal Code § 26225).

210.6.4 LICENSE RENEWAL

- (c) Submitting any firearm to be considered for a license renewal to the Rangemaster for a full safety inspection. The Chief of Police reserves the right to deny a license for any firearm that has been altered from the manufacturer's specifications or that is unsafe (Penal Code § 31910).
- (d) Paying a non-refundable renewal application fee.

Hayward Police Department

Once the Chief of Police or authorized designee has verified the successful completion of the renewal process, the renewal of the license to carry a firearm will either be granted or denied. Prior issuance of a license shall not entitle any licensee to any property or liberty right to renewal.

Whether an application for renewal is approved or denied, the applicant shall be notified in writing within 90 days of the renewal application or within 30 days after receipt of the applicant's criminal background check from the California DOJ, whichever is later (Penal Code § 26205).

Chapter 3 - General Operations

Use of Force

300.1 PURPOSE AND SCOPE

This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this [department/office] is expected to use these guidelines to make such decisions in a professional, impartial, and reasonable manner (Government Code § 7286).

In addition to those methods, techniques, and tools set forth below, the guidelines for the reasonable application of force contained in this policy shall apply to all policies addressing the potential use of force, including but not limited to the Control Devices and Techniques and Conducted Energy Device policies.

300.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 1.2.2, 1.3.1, 1.3.2, 1.3.4, 1.3.5, 1.3.6, 1.3.7, 1.3.8, 1.3.13, 52.2.7

300.1.2 DEFINITIONS

Definitions related to this policy include:

Deadly force - Any use of force that creates a substantial risk of causing death or serious bodily injury, including but not limited to the discharge of a firearm (Penal Code § 835a).

De-Escalation - De-escalation is the process of using strategies and techniques intended to decrease the intensity of the situation. When all of the reasonably known circumstances indicate it is safe, prudent, and feasible to do so, an officer(s) shall attempt to slow-down, reduce the intensity, or stabilize the situation so that more time, options, and/or resources may become available for incident resolution.

Feasible - Reasonably capable of being done or carried out under the circumstances to successfully achieve the arrest or lawful objective without increasing risk to the officer or another person (Government Code § 7286(a)).

Force - The application of physical techniques or tactics, chemical agents, or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed, or restrained.

Necessary - No reasonably effective alternative to the use of force appeared at the time and that the amount of force used was reasonable based upon the Hayward Police Department's policy and training to effect the lawful purpose intended.

Serious bodily injury - A serious impairment of physical condition, including but not limited to the following: loss of consciousness; concussion; bone fracture; protracted loss or impairment of function of any bodily member or organ; a wound requiring extensive suturing; and serious disfigurement (Penal Code § 243(f)(4)).

Hayward Police Department

Hayward PD Policy Manual

Use of Force

Totality of the circumstances - All facts known to the officer at the time, including the conduct of the officer and the subject leading up to the use of force (Penal Code § 835a).

300.2 POLICY

The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Officers are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Officers must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

The [Department/Office] recognizes and respects the sanctity of all human life and dignity without prejudice to anyone. Vesting officers with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation and a careful balancing of all interests.

300.2.1 DUTY TO INTERCEDE

Any officer present and observing another law enforcement officer or an employee using force that is clearly beyond that which is necessary, as determined by an objectively reasonable officer under the circumstances, shall, when in a position to do so, intercede to prevent the use of unreasonable force.

When observing force used by a law enforcement officer, each officer should take into account the totality of the circumstances and the possibility that other law enforcement officers may have additional information regarding the threat posed by the subject (Government Code § 7286(b)).

300.2.2 FAIR AND UNBIASED USE OF FORCE

Officers are expected to carry out their duties, including the use of force, in a manner that is fair and unbiased (Government Code § 7286(b)). See the Bias-Based Policing Policy for additional guidance.

300.2.3 DUTY TO REPORT EXCESSIVE FORCE

Any officer who observes a law enforcement officer or an employee use force that potentially exceeds what the officer reasonably believes to be necessary shall promptly report these observations to a supervisor as soon as feasible (Government Code § 7286(b)).

300.3 USE OF FORCE

Officers shall use only that amount of force that reasonably appears necessary given the facts and totality of the circumstances known to or perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose (Penal Code § 835a).

The reasonableness of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain, and rapidly evolving.

Hayward Police Department

Hayward PD Policy Manual

Use of Force

Given that no policy can realistically predict every possible situation an officer might encounter, officers are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident. Officers may only use a level of force that they reasonably believe is proportional to the seriousness of the suspected offense or the reasonably perceived level of actual or threatened resistance (Government Code § 7286(b)).

It is also recognized that circumstances may arise in which officers reasonably believe that it would be impractical or ineffective to use any of the approved tools, weapons, or methods provided by the [Department/Office]. Officers may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be objectively reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires an officer to retreat or be exposed to possible physical injury before applying reasonable force.

300.3.1 USE OF FORCE TO EFFECT AN ARREST

Any peace officer may use objectively reasonable force to effect an arrest, to prevent escape, or to overcome resistance. A peace officer who makes or attempts to make an arrest need not retreat or desist from his/her efforts by reason of resistance or threatened resistance on the part of the person being arrested; nor shall an officer be deemed the aggressor or lose his/her right to self-defense by the use of reasonable force to effect the arrest, prevent escape, or to overcome resistance. Retreat does not mean tactical repositioning or other de-escalation techniques (Penal Code § 835a).

300.3.2 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether an officer has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit (Government Code § 7286(b)). These factors include but are not limited to:

- (a) The apparent immediacy and severity of the threat to officers or others (Penal Code § 835a).
- (b) The conduct of the individual being confronted, as reasonably perceived by the officer at the time (Penal Code § 835a).
- (c) Officer/subject factors (age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of officers available vs. subjects).
- (d) The conduct of the involved officer leading up to the use of force (Penal Code § 835a).
- (e) The effects of suspected drugs or alcohol.
- (f) The individual's apparent mental state or capacity (Penal Code § 835a).
- (g) The individual's apparent ability to understand and comply with officer commands (Penal Code § 835a).
- (h) Proximity of weapons or dangerous improvised devices.

Hayward Police Department

Hayward PD Policy Manual

Use of Force

- (i) The degree to which the subject has been effectively restrained and his/her ability to resist despite being restrained.
- (j) The availability of other reasonable and feasible options and their possible effectiveness (Penal Code § 835a).
- (k) Seriousness of the suspected offense or reason for contact with the individual prior to and at the time force is used.
- (l) Training and experience of the officer.
- (m) Potential for injury to officers, suspects, bystanders, and others.
- (n) Whether the person appears to be resisting, attempting to evade arrest by flight, or is attacking the officer.
- (o) The risk and reasonably foreseeable consequences of escape.
- (p) The apparent need for immediate control of the subject or a prompt resolution of the situation.
- (q) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others.
- (r) Prior contacts with the subject or awareness of any propensity for violence.
- (s) Any other exigent circumstances.

300.3.3 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Officers may only apply those pain compliance techniques for which they have successfully completed [department/office]-approved training. Officers utilizing any pain compliance technique should consider:

- (a) The degree to which the application of the technique may be controlled given the level of resistance.
- (b) Whether the person can comply with the direction or orders of the officer.
- (c) Whether the person has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the officer determines that compliance has been achieved.

300.3.4 RESTRICTIONS ON THE USE OF CAROTID CONTROL HOLD

Officers of this [department/office] are not authorized to use a carotid restraint hold. A carotid restraint means a vascular neck restraint or any similar restraint, hold, or other defensive tactic in which pressure is applied to the sides of a person's neck that involves a substantial risk of restricting blood flow and may render the person unconscious in order to subdue or control the person (Government Code § 7286.5).

Hayward Police Department

Hayward PD Policy Manual

Use of Force

300.3.5 USE OF FORCE TO SEIZE EVIDENCE

In general, officers may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, officers are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, officers should not intentionally use any technique that restricts blood flow to the head, restricts respiration or which creates a reasonable likelihood that blood flow to the head or respiration would be restricted. Officers are encouraged to use techniques and methods taught by the Hayward Police Department for this specific purpose.

300.3.6 ALTERNATIVE TACTICS - DE-ESCALATION

As time and circumstances reasonably permit, and when community and officer safety would not be compromised, officers should consider actions that may increase officer safety and may decrease the need for using force:

- (a) Summoning additional resources that are able to respond in a reasonably timely manner.
- (b) Formulating a plan with responding officers before entering an unstable situation that does not reasonably appear to require immediate intervention.
- (c) Employing other tactics that do not unreasonably increase officer jeopardy.

In addition, when reasonable, officers should evaluate the totality of circumstances presented at the time in each situation and, when feasible, consider and utilize reasonably available alternative tactics and techniques that may persuade an individual to voluntarily comply or may mitigate the need to use a higher level of force to resolve the situation before applying force (Government Code § 7286(b)). Such alternatives may include but are not limited to:

- (a) Attempts to de-escalate a situation.
- (b) If reasonably available, the use of crisis intervention techniques by properly trained personnel.

300.3.7 RESTRICTIONS ON THE USE OF A CHOKE HOLD

Officers of this [department/office] are not authorized to use a choke hold. A choke hold means any defensive tactic or force option in which direct pressure is applied to a person's trachea or windpipe (Government Code § 7286.5).

300.4 DEADLY FORCE APPLICATIONS

Where feasible, the officer shall, prior to the use of deadly force, make reasonable efforts to identify him/herself as a peace officer and to warn that deadly force may be used, unless the officer has objectively reasonable grounds to believe the person is aware of those facts (Penal Code 835a).

If an objectively reasonable officer would consider it safe and feasible to do so under the totality of the circumstances, officers shall evaluate and use other reasonably available resources and techniques when determining whether to use deadly force. To the extent that it is reasonably practical, officers should consider their surroundings and any potential risks to bystanders prior to discharging a firearm (Government Code § 7286(b)).

Hayward Police Department

Hayward PD Policy Manual

Use of Force

The use of deadly force is only justified when the officer reasonably believes it is necessary in the following circumstances (Penal Code § 835a):

- (a) An officer may use deadly force to protect him/herself or others from what he/she reasonably believes is an imminent threat of death or serious bodily injury to the officer or another person.
- (b) An officer may use deadly force to apprehend a fleeing person for any felony that threatened or resulted in death or serious bodily injury, if the officer reasonably believes that the person will cause death or serious bodily injury to another unless immediately apprehended.

Officers shall not use deadly force against a person based on the danger that person poses to him/herself, if an objectively reasonable officer would believe the person does not pose an imminent threat of death or serious bodily injury to the officer or to another person (Penal Code § 835a).

An “imminent” threat of death or serious bodily injury exists when, based on the totality of the circumstances, a reasonable officer in the same situation would believe that a person has the present ability, opportunity, and apparent intent to immediately cause death or serious bodily injury to the officer or another person. An officer’s subjective fear of future harm alone is insufficient as an imminent threat. An imminent threat is one that from appearances is reasonably believed to require instant attention (Penal Code § 835a).

300.4.1 SHOOTING AT OR FROM MOVING VEHICLES

Discharging a firearm at or from a moving vehicle is rarely effective, therefore officers shall not discharge a firearm at the operator or occupants of a moving vehicle, unless a person in the vehicle is imminently threatening an officer or another person with deadly force by means other than the moving vehicle. Officers shall not discharge a firearm from his or her moving vehicle.

Outside of vehicle placement tactics taught by this department, officers shall not move into, remain, or otherwise position themselves in the path of a vehicle in an effort to detain or apprehend the occupants. Officers in the path of a moving vehicle shall immediately attempt to move to a position of safety rather than discharging a firearm at the vehicle or any of the occupants.

This policy may not cover every situation. Deviations from this policy may be necessary and justified, depending on the circumstances.

Any deviation from the provisions of this policy shall be reviewed on a case-by-case basis, in accordance with sound tactical principles including, but not limited to, the following:

- Cover and/or Tactical Relocation;
- Safe Distance;
- Incident Command and Tactical Leadership;
- Coordinated Personnel Placement

Hayward Police Department

Hayward PD Policy Manual

Use of Force

- Tactical Approach;
- Regard for Viable Target Acquisition;
- Due Regard for Background, including Location, Other Traffic, and Innocent Persons; and
- Due Regard for Crossfire and Controlled Fire and Management of Ammunition.

300.4.2 WARNING AND OTHER SHOTS

Generally, warning shots or shots fired for the purpose of summoning aid are discouraged and may not be discharged unless the officer reasonably believes that they appear necessary, effective and reasonably safe.

300.4.3 DESTRUCTION OF ANIMALS

Officers are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

In circumstances in which officers have sufficient advance notice that a potentially dangerous animal may be encountered, officers should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, ECD, oleoresin capsicum (OC) spray, animal control officer). Nothing in this policy shall prohibit any officer from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed or becomes impractical.

300.4.4 INJURED ANIMALS

With the approval of a supervisor, an officer may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical (Penal Code § 597.1(e)). Injured animals (with the exception of dogs and cats) may only be euthanized after a reasonable search to locate the owner has been made (Penal Code § 597.1(b)). Injured dogs and cats found without their owners shall be taken to an appropriate veterinarian for determination of whether they should be treated or humanely destroyed.

1. The intentional discharge to euthanize an injured animal shall be documented promptly, completely and accurately in an appropriate report. The officer should articulate the factors perceived and why he/she believed the discharge was reasonable under the circumstances.
2. The on-duty Watch Commander shall make an entry in the WC Log regarding the intentional firearm discharge.
3. A supervisor shall complete a Blue Team for the Firearm Discharge and route it through their chain of command.
4. Euthanizing an injured animal within policy will not trigger a review panel.

Hayward Police Department

Hayward PD Policy Manual

Use of Force

300.4.5 DISPLAYING OF FIREARMS

Given that individuals might perceive the display of a firearm as a potential application of force, officers should carefully evaluate each tactical situation and use sound discretion when drawing a firearm in public by considering the following guidelines (Government Code § 7286(b)):

- (a) If the officer does not initially perceive a threat but reasonably believes that the potential for such threat exists, firearms should generally be kept in the low-ready or other position not directed toward an individual.
- (b) If the officer reasonably believes that a threat exists based on the totality of circumstances presented at the time (e.g., high-risk stop, tactical entry, armed encounter), firearms may be directed toward such threat until the officer no longer perceives such threat.

Once it is reasonably safe to do so, officers should carefully secure all firearms.

300.5 REPORTING THE USE OF FORCE

Any use of force by a member of this [department/office] shall be documented promptly, completely, and accurately in an appropriate report, depending on the nature of the incident. The officer should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances. To collect data for purposes of training, resource allocation, analysis, and related purposes, the [Department/Office] may require the completion of additional report forms, as specified in [department/office] policy, procedure, or law. See the Report Preparation Policy for additional circumstances that may require documentation.

300.5.1 NOTIFICATION TO SUPERVISORS

Supervisory notification shall be made as soon as practicable following the application of force in any of the following circumstances:

- (a) The application caused a visible injury.
- (b) The application would lead a reasonable officer to conclude that the individual may have experienced more than momentary discomfort.
- (c) The individual subjected to the force complained of injury or continuing pain.
- (d) The individual indicates intent to pursue litigation.
- (e) Any application of a CED or control device.
- (f) Any application of a restraint device other than handcuffs, shackles, or belly chains.
- (g) The individual subjected to the force was rendered unconscious.
- (h) An individual was struck or kicked.
- (i) An individual alleges unreasonable force was used or that any of the above has occurred.

300.5.2 REPORTABLE SHOW OF FORCE

Any show of force by a member of the department shall be documented promptly and accurately in an appropriate report, depending on the nature of the incident. An officer should articulate

Hayward Police Department

Hayward PD Policy Manual

Use of Force

the factors perceived and why he/she believed the show of force was reasonable under the circumstances.

Reportable Show of Force documentation will be reviewed, and a supervisor will make a Blue Team entry in the following circumstances:

- (a) Displaying any firearm at a subject, this includes holding the weapon in hand at the low ready position.
- (b) Displaying the CEW at a subject or making mention that the CEW will be used.
- (c) Releasing a canine service dog in an attempt to locate a non-compliant subject after proper announcements have been made and a subject(s) is located but no force is applied.

Supervisory notification shall be made as soon as practical following the application of any Show of Force.

300.5.3 REPORT OF ACCIDENTAL OR UNINTENTIONAL WEAPON DISCHARGE

Any member who discharges their weapon accidentally or unintentionally on or off-duty, shall make a verbal report to the on-duty Watch Commander or supervisor as soon as circumstances permit and shall file a written report with their Division Commander prior to the end of shift if on-duty and if off-duty, as directed by the Watch Commander or supervisor. This written report shall be in the form of a memorandum to the employee's Division Commander through their chain of command. The employee's supervisor will investigate the incident in accordance with the Personnel Complaint policy and forward a written memorandum to the employee's Division Commander. A Disciplinary Review Panel shall convene. This section shall only apply to discharges where no person is injured.

300.5.4 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE

Statistical data regarding all officer-involved shootings and incidents involving use of force resulting in serious bodily injury is to be reported to the California Department of Justice as required by Government Code § 12525.2. See the Records Bureau Policy.

300.6 MEDICAL CONSIDERATION

Once it is reasonably safe to do so, properly trained officers should promptly provide or procure medical assistance for any person injured or claiming to have been injured in a use of force incident (Government Code § 7286(b)).

Prior to booking or release, medical assistance shall be obtained for any person who exhibits signs of physical distress, who has sustained visible injury, expresses a complaint of injury or continuing pain, or who was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until he/she can be medically assessed.

Based upon the officer's initial assessment of the nature and extent of the subject's injuries, medical assistance may consist of examination by fire personnel, paramedics, hospital staff, or medical staff at the jail. If any such individual refuses medical attention, such a refusal shall be

Use of Force

fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling officer shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics and imperviousness to pain (sometimes called “excited delirium”), or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away if appropriate.

300.7 SUPERVISOR RESPONSIBILITY

A supervisor should respond to any reported use of force, if reasonably available. The responding supervisor is expected to (Government Code § 7286(b)):

- (a) Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.
- (b) Ensure that any injured parties are examined and treated.
- (c) When possible, separately obtain a recorded interview with the subject upon whom force was applied. If this interview is conducted without the person having voluntarily waived his/her *Miranda* rights, the following shall apply:
 1. The content of the interview should not be summarized or included in any related criminal charges.
 2. The fact that a recorded interview was conducted should be documented in a property or other report.
 3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.
- (d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas. These photographs should be retained until all potential for civil litigation has expired.
- (e) Identify any witnesses not already included in related reports.
- (f) Review and approve all related reports.

Hayward Police Department

Hayward PD Policy Manual

Use of Force

- (g) Determine if there is any indication that the subject may pursue civil litigation.
 - 1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.
- (h) Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy non-compliance or if for any reason further investigation may be appropriate.

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

300.7.1 WATCH COMMANDER RESPONSIBILITY

The Watch Commander shall review each use of force by any personnel within his/her command to ensure compliance with this policy and to address any training issues.

300.7.2 ADMINISTRATIVE LEAVE PENDING REVIEW

In the event the application of force or other employee action(s) result in serious bodily injury or death, the employee(s) directly involved shall be taken off line-duty and be placed on paid administrative leave and it shall be the responsibility of the Watch Commander to make schedule adjustments to accommodate such leave. The Chief of Police or Division Commander of the affected employee(s) will determine the appropriateness and duration of mandatory administrative leave, based upon the findings of the preliminary criminal/administrative investigation and the recommendation of the psychotherapist regarding the officer's readiness for field assignment. Generally, the length of administrative leave shall not exceed the time remaining in the employee's current scheduled work week. An employee may request additional administrative leave time subject to approval of the Chief of Police or affected Division Commander(s), based upon information provided to establish the need to grant the request.

The officer(s), upon being placed on administrative leave, will automatically be temporarily assigned to the Personnel and Training Administrator for the duration of the administrative leave.

During this time, the officer(s) shall maintain regular contact with the Personnel and Training Administrator. Regular contact will consist of once per week, unless other arrangements are approved or requested by the affected Division Commander(s). While the employee is off, their payroll hours will revert to Monday through Friday, 8:00 am to 4:00 pm. Each employee will also be expected to remain available to the Department by phone during those hours.

If an employee has been on administrative leave for six months or longer, that employee must report to the Personnel and Training Office to ensure all policy and/or training mandates and weapons qualifications have been met prior to returning to full duty.

300.8 TRAINING

Officers, investigators, and supervisors will receive periodic training on this policy and demonstrate their knowledge and understanding (Government Code § 7286(b)).

Hayward Police Department

Hayward PD Policy Manual

Use of Force

Subject to available resources, the Personnel and Training Administrator should ensure that officers receive periodic training on de-escalation tactics, including alternatives to force.

Training should also include (Government Code § 7286(b)):

- (a) Guidelines regarding vulnerable populations, including but not limited to children, elderly persons, pregnant individuals, and individuals with physical, mental, and developmental disabilities.
- (b) Training courses required by and consistent with POST guidelines set forth in Penal Code § 13519.10.

300.9 USE OF FORCE REVIEW

The Hayward Police Department objectively reviews and evaluates all reportable uses of force and reportable show of force incidents.

300.9.1 USE OF DEADLY FORCE REVIEW

The Hayward Police Department will convene an in-house panel to review all reportable uses of deadly force by an employee, whether on-duty or off-duty, that results in injury or death to a person.

The panel also reviews the circumstances surrounding all field related accidental or intentional discharges of firearms whether the employee is on-duty or off-duty.

The review shall be based upon those facts which were reasonably believed by the officer at the time of the incident, applying legal requirements, Department policy and procedures, and approved training to those facts. Facts later discovered but unknown to the officer at the time, can neither justify nor call into question an officer's decision regarding use of force.

The panel shall be comprised of the following members:

- (a) Members of Command Staff.
- (b) At least one Hayward Police Department use of force instructor.
- (c) At the request of the involved employee, a member of the HPOA or an in-house SEIU member, as applicable.
- (d) Any other persons deemed appropriate by the Chief of Police.

The Commander of the Division of the involved employee shall serve as the chairperson of the panel.

The panel's findings shall be by consensus and is limited to a determination of whether the use of deadly force was within Departmental policy and procedure or in violation of Departmental policy and procedure.

The panel chairperson shall forward the findings of the panel to the Chief of Police for review.

Hayward Police Department

Hayward PD Policy Manual

Use of Force

300.9.2 USE OF NON-DEADLY FORCE REVIEW

The Hayward Police Department reviews all reportable uses of non-deadly force by employees of the Department. The review process is as follows:

- (a) Reviewing supervisors are to ensure that all reportable uses of non-deadly force are described thoroughly, completely, and accurately in the police report and supplemental reports that document the incident.
- (b) The reviewing supervisor shall complete a Blue Team Use of Force entry based on the information contained in the police reports, including, but not limited to, the names of the employee(s) involved, the names of the person(s) who force was used on, the resistance offered or employed by the resisting person(s), the reason for the use of force, the type of force used and whether or not the force used was effective in overcoming the resistance presented, injuries sustained by any party, the location, date, time, and report number assigned to the incident.
 - 1. If, in the opinion of the reviewing supervisor the use of force was reasonably necessary given the facts and circumstances, the Blue Team entry will be forwarded to their manager.
 - 2. If, in the opinion of the reviewing supervisor the use of force was not reasonably necessary given the facts and circumstances, the reviewing supervisor shall forward the reports to the appropriate manager for review and any necessary action.
- (c) The reviewing supervisor shall forward the completed Blue Team entry to their manager who shall compare the Blue Team entry with the police reports to ensure that all items are accurately reported.
 - 1. If, in the opinion of the reviewing manager, the Blue Team entry is complete and the use of force was reasonably necessary given the facts and circumstances, the Blue Team entry will be forwarded to the Internal Affairs Unit.
 - 2. If, in the opinion the reviewing manager, the force used was not reasonably necessary given the facts and circumstances, the reviewing manager shall forward the reports to the appropriate Division Commander for review and any necessary action.
- (d) Once received by the Internal Affairs Unit, the Blue Team entry and the police reports will be reviewed and if the force was reasonably necessary given the facts and circumstances, the incident will be designated "within policy" and closed.
 - 1. If, upon review by the Internal Affairs Unit, there is a question as to the reasonableness of the force used, the reports will be forwarded to the appropriate Division Commander for review and any necessary action.

Use of Force

300.10 ADMINISTRATIVE REVIEW

All reported applications of force shall be documented and reviewed according to the procedures developed by the Internal Affairs Unit under the direction of the Chief of Police. The Internal Affairs Unit Lieutenant is responsible to provide an annual report and analysis of use of force to the Chief of Police during the month of January for the preceding calendar year.

300.11 USE OF FORCE ANALYSIS

At least annually, the Patrol Division Commander should prepare an analysis report on use of force incidents. The report should be submitted to the Chief of Police. The report should not contain the names of officers, suspects or case numbers, and should include:

- (a) The identification of any trends in the use of force by members.
- (b) Training needs recommendations.
- (c) Equipment needs recommendations.
- (d) Policy revision recommendations.

300.12 USE OF FORCE COMPLAINTS

The receipt, processing, and investigation of civilian complaints involving use of force incidents should be handled in accordance with the Personnel Complaints Policy (Government Code § 7286(b)).

300.13 POLICY REVIEW

The Chief of Police or the authorized designee should regularly review and update this policy to reflect developing practices and procedures (Government Code § 7286(b)).

300.14 POLICY AVAILABILITY

The Chief of Police or the authorized designee should ensure this policy is accessible to the public (Government Code § 7286(c)).

300.15 PUBLIC RECORDS REQUESTS

Requests for public records involving an officer's personnel records shall be processed in accordance with Penal Code § 832.7 and the Personnel Records and Records Maintenance and Release policies (Government Code § 7286(b)).

Handcuffing and Restraints

301.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

301.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 70.2.1

301.2 POLICY

The Hayward Police Department authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy and Department training. Restraint devices shall not be used to punish, to display authority or as a show of force.

301.3 USE OF RESTRAINTS

Only members who have successfully completed Hayward Police Department-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, officers should carefully balance officer safety concerns with factors that include, but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

301.3.1 RESTRAINT OF DETAINEES

Situations may arise where it may be reasonable to restrain an individual who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to assure the safety of officers and others. When deciding whether to remove restraints from a detainee, officers should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

301.3.2 RESTRAINT OF PREGNANT PERSONS

Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety. Leg irons, waist chains, or handcuffs behind the body should not be used unless the officer has a reasonable suspicion that the person may resist, attempt escape, injure self or others, or damage property.

Hayward Police Department

Hayward PD Policy Manual

Handcuffing and Restraints

No person who is in labor, delivery, or recovery after delivery shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized determination that such restraints are necessary for the safety of the arrestee, officers, or others (Penal Code § 3407; Penal Code § 6030).

301.3.3 RESTRAINT OF JUVENILES

A juvenile under 14 years of age should not be restrained unless he/she is suspected of a dangerous felony or when the officer has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the officer or damage property.

301.3.4 NOTIFICATIONS

Whenever an officer transports a person with the use of restraints other than handcuffs, the officer shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the officer reasonably believes would be potential safety concerns or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during, transportation to the jail.

301.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS

Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Department. Officers should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, officers should not conclude that in order to avoid risk every person should be handcuffed, regardless of the circumstances.

In most situations handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the individual or may cause unreasonable discomfort due to the person's size, officers should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

301.5 APPLICATION OF SPIT HOODS/MASKS/SOCKS

Spit hoods/masks/socks are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the officer reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Handcuffing and Restraints

Officers utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and that the restrained person can breathe normally. Officers should provide assistance during the movement of restrained individuals due to the potential for impaired or distorted vision on the part of the individual. Officers should avoid comingling individuals wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated including hair, head and clothing prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

301.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES

Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort and mobility.

Only department-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

301.7 APPLICATION OF LEG RESTRAINT DEVICES

Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest, or transportation. Only restraint devices approved by the [Department/Office] shall be used. The WRAP device is the restraint approved by the department.

An Automated External Defibrillator (AED) shall be readily available for use, if necessary, whenever the WRAP is deployed.

In determining whether to use the leg restraint, officers should consider:

- (a) Whether the officer or others could be exposed to injury due to the assaultive or resistant behavior of a person.
- (b) Whether it is reasonably necessary to protect the person from his/her own actions (e.g., hitting his/her head against the interior of the patrol vehicle, running away from the arresting officer while handcuffed, kicking at objects or officers).
- (c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol vehicle).

Hayward Police Department

Hayward PD Policy Manual

Handcuffing and Restraints

301.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS

When applying leg restraints the following guidelines should be followed:

- (a) If practicable, officers should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.
- (b) Once applied, absent a medical or other emergency, restraints should remain in place until the officer arrives at the jail or other facility or the person no longer reasonably appears to pose a threat. The leg restraint device is not 100% escape-proof.
- (c) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person's ability to breathe.
- (d) The restrained person should be continually monitored by an officer while in the leg restraint. The officer should ensure that the person does not roll onto and remain on his/her stomach.
- (e) The officer should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.
- (f) When transported by ambulance/paramedic unit, the restrained person should be accompanied by an officer when requested by medical personnel. The transporting officer should describe to medical personnel any unusual behaviors or other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

301.8 REQUIRED DOCUMENTATION

If an individual is restrained and released without an arrest, the officer shall document the details of the detention and the need for handcuffs or other restraints.

If an individual is arrested, the use of restraints other than handcuffs shall be documented in the related report. The officer should include, as appropriate:

- (a) The amount of time the suspect was restrained.
- (b) How the suspect was transported and the position of the suspect.
- (c) Observations of the suspect's behavior and any signs of physiological problems.
- (d) Any known or suspected drug use or other medical problems.

301.9 TRAINING

Subject to available resources, the Personnel and Training Administrator should ensure that officers receive periodic training on the proper use of handcuffs and other restraints, including:

- (a) Proper placement and fit of handcuffs and other restraint devices approved for use by the [Department/Office].

Hayward Police Department

Hayward PD Policy Manual

Handcuffing and Restraints

- (b) Response to complaints of pain by restrained persons.
- (c) Options for restraining those who may be pregnant without the use of leg irons, waist chains, or handcuffs behind the body.
- (d) Options for restraining amputees or those with medical conditions or other physical conditions that may be aggravated by being restrained.

Control Devices and Techniques

302.1 PURPOSE AND SCOPE

This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

302.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 1.3.4, 1.3.5, 1.3.6, 1.3.10, 1.3.11, 41.2.4

302.2 POLICY

In order to control subjects who are violent or who demonstrate the intent to be violent, the Hayward Police Department authorizes officers to use control devices in accordance with the guidelines in this policy and the Use of Force Policy.

302.3 ISSUING, CARRYING AND USING CONTROL DEVICES

Control devices described in this policy may be carried and used by members of this department only if the device has been issued by the Department or approved by the Chief of Police or the authorized designee.

Only officers who have successfully completed department-approved training in the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

When using control devices, officers should carefully consider potential impact areas in order to minimize injuries and unintentional targets.

302.4 RESPONSIBILITIES

302.4.1 WATCH COMMANDER RESPONSIBILITIES

The Watch Commander may authorize the use of a control device by selected personnel or members of specialized units who have successfully completed the required training. The Watch Commander shall monitor the use of control devices in the same manner as all other use of force incidents and review each use of control devices by any personnel within his or her command.

302.4.2 RANGEMASTER RESPONSIBILITIES

The Rangemaster shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

Every control device will be periodically inspected by the Rangemaster or the designated instructor for a particular control device. The inspection shall be documented.

Hayward Police Department

Hayward PD Policy Manual

Control Devices and Techniques

302.4.3 USER RESPONSIBILITIES

All normal acquisitions, inventory control, maintenance, charging or cleaning of control devices shall remain the responsibility of the bureau or unit responsible for issuing and/or deploying the various devices. The Personnel and Training Bureau shall maintain a list of various unit responsibilities in this regard.

Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Rangemaster for disposition. Damage to City property forms shall also be prepared and forwarded through the chain of command, when appropriate, explaining the cause of damage.

302.5 BATON GUIDELINES

The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

When carrying a baton (straight or expandable/collapsible) or a Yawara stick, uniformed personnel shall carry them in its authorized holder on the equipment belt. Plainclothes and non-field personnel may carry them as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

302.6 TEAR GAS GUIDELINES

Chemical Agents may be used for crowd control, crowd dispersal or against barricaded suspects based on the circumstances. Only the Watch Commander, Incident Commander or Special Response Unit Commander may authorize the delivery and use of chemical agents, and only after evaluating all conditions known at the time and determining that such force reasonably appears justified and necessary.

When practicable, fire personnel should be alerted or summoned to the scene prior to the deployment of chemical agents to control any fires and to assist in providing medical aid or gas evacuation if needed.

302.7 OLEORESIN CAPSICUM (OC) GUIDELINES

As with other control devices, oleoresin capsicum (OC) spray and pepper projectiles may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in violent behavior. Pepper projectiles and OC spray should not, however, be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of officers or the public.

302.7.1 OC SPRAY

Uniformed personnel carrying OC spray should carry the device in its holster on the equipment belt. Plainclothes and non-field personnel may carry OC spray as authorized, in accordance with the needs of their assignment or at the direction of their supervisor.

Control Devices and Techniques

Canisters involved in any type of malfunction or damage shall be turned in for exchange to the Training Officer.

302.7.2 PEPPER PROJECTILE SYSTEMS

Pepper projectiles are plastic spheres that are filled with a derivative of OC powder. Because the compressed gas launcher delivers the projectiles with enough force to burst the projectiles on impact and release the OC powder, the potential exists for the projectiles to inflict injury if they strike the head, neck, spine or groin. Therefore, personnel using a pepper projectile system should not intentionally target those areas, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

Officers encountering a situation that warrants the use of a pepper projectile system shall notify a supervisor as soon as practicable. A supervisor shall respond to all pepper projectile system incidents where the suspect has been hit or exposed to the chemical agent. The supervisor shall ensure that all notifications and reports are completed as required by the Use of Force Policy.

Each deployment of a pepper projectile system shall be documented. This includes situations where the launcher was directed toward the suspect, whether or not the launcher was used. Unintentional discharges shall be promptly reported to a supervisor and documented on the appropriate report form. Only non-incident use of a pepper projectile system, such as training and product demonstrations, is exempt from the reporting requirement.

302.7.3 TREATMENT FOR OC SPRAY EXPOSURE

Persons who have been sprayed with or otherwise affected by the use of OC should be promptly provided with clean water to cleanse the affected areas. Those persons who complain of further severe effects shall be examined by appropriate medical personnel.

302.8 POST-APPLICATION NOTICE

Whenever tear gas or OC has been introduced into a residence, building interior, vehicle or other enclosed area, officers should provide the owners or available occupants with notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that cleanup will be at the owner's expense. Information regarding the method of notice and the individuals notified should be included in related reports.

302.9 KINETIC ENERGY PROJECTILE GUIDELINES

This department is committed to reducing the potential for violent confrontations. Kinetic energy projectiles, when used properly, are less likely to result in death or serious physical injury and can be used in an attempt to de-escalate a potentially deadly situation.

302.9.1 DEPLOYMENT AND USE

Only department-approved kinetic energy munitions shall be carried and deployed. Approved munitions may be used to compel an individual to cease his/her actions when such munitions present a reasonable option.

Hayward Police Department

Hayward PD Policy Manual

Control Devices and Techniques

Officers are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved officer determines that deployment of these munitions cannot be done safely. The safety of hostages, innocent persons and officers takes priority over the safety of subjects engaged in criminal or suicidal behavior.

Circumstances appropriate for deployment include, but are not limited to, situations in which:

- (a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions.
- (b) The suspect has made credible threats to harm him/herself or others.
- (c) The suspect is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at people and/or officers.
- (d) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.

302.9.2 DEPLOYMENT CONSIDERATIONS

Before discharging projectiles, the officer should consider such factors as:

- (a) Distance and angle to target.
- (b) Type of munitions employed.
- (c) Type and thickness of subject's clothing.
- (d) The subject's proximity to others.
- (e) The location of the subject.
- (f) Whether the subject's actions dictate the need for an immediate response and the use of control devices appears appropriate.

A verbal warning of the intended use of the device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to give the individual a reasonable opportunity to voluntarily comply and to warn other officers and individuals that the device is being deployed.

Officers should keep in mind the manufacturer's recommendations and their training regarding effective distances and target areas. However, officers are not restricted solely to use according to manufacturer recommendations. Each situation must be evaluated on the totality of circumstances at the time of deployment.

The need to immediately incapacitate the subject must be weighed against the risk of causing serious injury or death. The head and neck should not be intentionally targeted, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

Control Devices and Techniques

302.9.3 SAFETY PROCEDURES

Shotguns specifically designated for use with kinetic energy projectiles will be specially marked in a manner that makes them readily identifiable as such.

Officers will inspect the shotgun and projectiles at the beginning of each shift to ensure that the shotgun is in proper working order and the projectiles are of the approved type and appear to be free from defects.

When it is not deployed, the shotgun will be unloaded and properly and securely stored in the vehicle. When deploying the kinetic energy projectile shotgun, the officer shall visually inspect the kinetic energy projectiles to ensure that conventional ammunition is not being loaded into the shotgun.

Absent compelling circumstances, officers who must transition from conventional ammunition to kinetic energy projectiles will employ the two-person rule for loading. The two-person rule is a safety measure in which a second officer watches the unloading and loading process to ensure that the weapon is completely emptied of conventional ammunition.

302.9.4 USE OF KINETIC ENERGY PROJECTILES BY THE SPECIAL RESPONSE UNIT (SRU)

Officers assigned to the Special Response Unit, who have completed a Departmental training course may carry and employ 12-gauge and/or 37/40 mm kinetic energy projectiles while on-duty or while performing Special Response Unit (SRU) or tactical missions.

302.10 TRAINING FOR CONTROL DEVICES

The Personnel and Training Administrator shall ensure that all personnel who are authorized to carry a control device have been properly trained and certified to carry the specific control device and are retrained or recertified as necessary.

- (a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.
- (b) All training and proficiency for control devices will be documented in the officer's training file.
- (c) Officers who fail to demonstrate proficiency with the control device or knowledge of this agency's Use of Force Policy will be provided remedial training. If an officer cannot demonstrate proficiency with a control device or knowledge of this agency's Use of Force Policy after remedial training, the officer will be restricted from carrying the control device and may be subject to discipline.

302.11 REPORTING USE OF CONTROL DEVICES AND TECHNIQUES

Any application of a control device or technique listed in this policy shall be documented in the related incident report and reported pursuant to the Use of Force Policy.

Conducted Energy Device

303.1 PURPOSE AND SCOPE

This policy provides guidelines for the issuance and use of the Conducted Energy Device (CED).

303.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 1.3.4, 1.3.5, 1.3.6, 1.3.10, 1.3.11

303.2 POLICY

The Conducted Energy Device is intended to control a violent or potentially violent individual, while minimizing the risk of serious injury. The appropriate use of such a device should result in fewer serious injuries to officers and suspects.

303.3 ISSUANCE AND CARRYING CEDS

Only officers who have successfully completed Department-approved training may be issued and carry the CED.

CEDs are issued for use during an officer's current assignment. Those leaving a particular assignment may be required to return the device to the Department's inventory. Uniformed officers whose primary function consists of field work (patrol) or enforcement (e.g. - Special Duty Unit, School Resource Officers, Traffic, etc.) shall carry a CED while on duty absent extenuating circumstances.

Officers shall only use the CED and cartridges that have been issued by the Department. Uniformed officers who have been issued the CED shall wear the device in an approved holster on their person.

Officers carrying the CED should perform a spark test on the unit prior to every shift.

Officers shall carry the CED in a weak-side holster on the side opposite the duty weapon.

- (a) All CEDs shall be clearly and distinctly marked to differentiate them from the duty weapon and any other device.
- (b) Officers shall be responsible for ensuring that their issued CED is properly maintained and in good working order at all times.
- (c) Officers should not hold both a firearm and the CED at the same time. Officers should never keep their issued CED device in the holster in a ready to fire mode. The CED, if left in fire mode and if within 1" of a portable radio, may discharge if the officer makes a transmission from his/her portable radio. If at all possible, the CED should be placed on the officers duty belt with a separation of over 1" from the portable radio.

Conducted Energy Device

303.4 VERBAL AND VISUAL WARNINGS

A verbal warning of the intended use of the CED should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to:

- (a) Provide the individual with a reasonable opportunity to voluntarily comply.
- (b) Provide other officers and individuals with a warning that the CED may be deployed.

If, after a verbal warning, an individual is unwilling to voluntarily comply with an officer's lawful orders and it appears both reasonable and feasible under the circumstances, the officer may, but is not required to, display the electrical arc (provided that a cartridge has not been loaded into the device), or the laser in a further attempt to gain compliance prior to the application of the CED. The aiming laser should never be intentionally directed into the eyes of another as it may permanently impair his/her vision.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the officer deploying the CED in the related report.

303.5 USE OF THE CED

The CED has limitations and restrictions requiring consideration before its use. The CED should only be used when its operator can safely approach the subject within the operational range of the device. Although the CED is generally effective in controlling most individuals, officers should be aware that the device may not achieve the intended results and be prepared with other options.

303.5.1 APPLICATION OF THE CED

The CED may be used in any of the following circumstances, when the circumstances perceived by the officer at the time indicate that such application is reasonably necessary to control a person:

- (a) The subject is violent or is physically resisting.
- (b) The subject has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm officers, him/herself or others.

Mere flight from a pursuing officer, without other known circumstances or factors, is not good cause for the use of the CED to apprehend an individual.

303.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS

The use of the CED on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the officer, the subject or others, and the officer reasonably believes that the need to control the individual outweighs the risk of using the device. This includes:

- (a) Individuals who are known to be pregnant.
- (b) Elderly individuals or obvious juveniles.

Conducted Energy Device

- (c) Individuals with obviously low body mass.
- (d) Individuals who are handcuffed or otherwise restrained.
- (e) Individuals who have been recently sprayed with a flammable chemical agent or who are otherwise in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capsicum (OC) spray.
- (f) Individuals whose position or activity may result in collateral injury (e.g., falls from height, operating vehicles).

Because the application of the CED in the drive-stun mode (i.e., direct contact without probes) relies primarily on pain compliance, the use of the drive-stun mode generally should be limited to supplementing the probe-mode to complete the circuit, or as a distraction technique to gain separation between officers and the subject, thereby giving officers time and distance to consider other force options or actions.

The CED shall not be used to psychologically torment, elicit statements or to punish any individual.

303.5.3 TARGETING CONSIDERATIONS

Reasonable efforts should be made to target lower center mass and avoid the head, neck, chest and groin. If the dynamics of a situation or officer safety do not permit the officer to limit the application of the CED probes to a precise target area, officers should monitor the condition of the subject if one or more probes strikes the head, neck, chest or groin until the subject is examined by paramedics or other medical personnel.

303.5.4 MULTIPLE APPLICATIONS OF THE CED

Officers should apply the CED for only one standard cycle and then evaluate the situation before applying any subsequent cycles. Multiple applications of the CED against a single individual are generally not recommended and should be avoided unless the officer reasonably believes that the need to control the individual outweighs the potentially increased risk posed by multiple applications.

If the first application of the CED appears to be ineffective in gaining control of an individual, the officer should consider certain factors before additional applications of the CED, including:

- (a) Whether the probes are making proper contact.
- (b) Whether the individual has the ability and has been given a reasonable opportunity to comply.
- (c) Whether verbal commands, other options or tactics may be more effective.

Officers should generally not intentionally apply more than one CED at a time against a single subject.

Hayward Police Department

Hayward PD Policy Manual

Conducted Energy Device

303.5.5 ACTIONS FOLLOWING DEPLOYMENTS

Officers shall notify a supervisor of all CED discharges. Officers shall attempt to collect confetti tags and the expended cartridge, along with both probes and wire. These items shall be submitted into evidence. The cartridge serial number shall be noted and documented on the evidence paperwork. The evidence packaging shall be marked "Biohazard" if the probes penetrated the subject's skin. If these items cannot be collected, the officer shall document the reason in the case report.

303.5.6 DANGEROUS ANIMALS

The CED may be deployed against an animal as part of a plan to deal with a potentially dangerous animal, such as a dog, if the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

303.5.7 OFF-DUTY CONSIDERATIONS

Officers are not authorized to carry Department CEDs while off-duty.

Officers shall ensure that CEDs are secured while in their Departmental lockers, homes, vehicles or any other area under their control, in a manner that will keep the device inaccessible to others.

303.6 DOCUMENTATION

Officers shall document all CED discharges in the related arrest/crime report. Notification shall also be made to a supervisor in compliance with the Use of Force Policy. Unintentional discharges, pointing the device at a person, laser activation and arcing the device will also be documented on the report form and notification made to a supervisor.

Items that shall be included in the CED report form are:

- (a) Identification of all personnel firing CEDs.
- (b) Identification of all witnesses.
- (c) Medical care provided to the subject(s).
- (d) Observations of the subject's physical and physiological actions.
- (e) Any known or suspected drug use, intoxication or other medical problems.
- (f) The type and brand of CED and cartridge and cartridge serial number(s).
- (g) Date, time and location of the incident.
- (h) Whether any display, laser or arc deterred a subject and gained compliance.
- (i) The number of CED activations, the duration of each cycle, the duration between activations, and (as best as can be determined) the duration that the subject(s) received applications.
- (j) The range at which the CED was used.
- (k) The type of mode used (probe or drive-stun).
- (l) Location of any probe impact.

Conducted Energy Device

- (m) Location of contact in drive-stun mode.
- (n) Description of where missed probes went.
- (o) Whether the subject(s) sustained any injuries.
- (p) Whether any officers sustained any injuries.

The Internal Affairs Unit Lieutenant should periodically analyze the report forms to identify trends, including deterrence and effectiveness. The Internal Affairs Unit Lieutenant should also conduct audits of data downloads and reconcile CED reports with recorded activations. CED information and statistics, with identifying information removed, should periodically be made available to the public.

303.7 MEDICAL TREATMENT

Consistent with local medical personnel protocols and absent extenuating circumstances, only appropriate medical personnel should remove CED probes from a person's body. Used CED probes shall be treated as a sharps biohazard, similar to a used hypodermic needle, and handled appropriately. Universal precautions should be taken.

All persons who have been struck by CED probes or who have been subjected to the electric discharge of the device shall be medically assessed prior to booking. Additionally, any such individual who falls under any of the following categories should, as soon as practicable, be examined by paramedics or other qualified medical personnel:

- (a) The person is suspected of being under the influence of controlled substances and/or alcohol.
- (b) The person may be pregnant.
- (c) The person reasonably appears to be in need of medical attention.
- (d) The CED probes are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).
- (e) The person requests medical treatment.

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications (i.e., more than 15 seconds) shall be transported to a medical facility for examination or medically evaluated prior to booking. If any individual refuses medical attention, such a refusal should be witnessed by another officer and/or medical personnel and shall be fully documented in related reports. If an audio recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

The transporting officer shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the CED.

Conducted Energy Device

303.8 SUPERVISOR RESPONSIBILITIES

When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the CED may be used. A supervisor should respond to all incidents where the CED was activated.

A supervisor should review each incident where a person has been exposed to an activation of the CED. The device's onboard memory shall be downloaded through the data port by a supervisor and saved with the related arrest/crime report. Photographs of probe sites shall be taken and witnesses interviewed.

303.9 TRAINING

Personnel who are authorized to carry the CED shall be permitted to do so only after successfully completing the initial department-approved training. Any personnel who have not carried the CED as a part of their assignment for a period of six months or more shall be recertified by a department-approved CED instructor prior to again carrying or using the device.

Proficiency training for personnel who have been issued CEDs should occur every year. A reassessment of an officer's knowledge and/or practical skill may be required at any time if deemed appropriate by the Personnel and Training Administrator. All training and proficiency for CEDs will be documented in the officer's training file.

Command staff, supervisors and investigators should receive CED training as appropriate for the investigations they conduct and review.

Officers who do not carry CEDs should receive training that is sufficient to familiarize them with the device and with working with officers who use the device.

The Personnel and Training Administrator is responsible for ensuring that all members who carry CEDs have received initial and annual proficiency training. Periodic audits should be used for verification.

Application of CEDs during training could result in injury to personnel and should not be mandatory for certification.

The Personnel and Training Administrator should ensure that all training includes:

- (a) A review of this policy.
- (b) A review of the Use of Force Policy.
- (c) Performing weak-hand draws or cross-draws to reduce the possibility of unintentionally drawing and firing a firearm.
- (d) Target area considerations, to include techniques or options to reduce the unintentional application of probes near the head, neck, chest and groin.
- (e) Handcuffing a subject during the application of the CED and transitioning to other force options.

Conducted Energy Device

- (f) De-escalation techniques.
- (g) Restraint techniques that do not impair respiration following the application of the CED.

Officer-Involved Shootings and Deaths

304.1 PURPOSE AND SCOPE

The purpose of this policy is to establish procedures for the investigation of an incident in which a person dies as the result of an officer-involved shooting or dies as a result of other actions of a departmental employee.

In other incidents not covered by this policy, the Chief of Police may decide that the investigation will follow the procedures provided in this policy.

304.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 1.3.5, 1.3.6, 1.3.8, 22.2.1, 22.2.3, 41.2.4, 52.2.7

304.1.2 DEFINITIONS

Officer Involved Shooting (OIS) - An OIS shall include all instances in which an officer discharges a firearm, for any actual, apparent or purported law enforcement purpose.

Accidental Discharge - An accidental discharge is defined as any instance in which an officer discharges a firearm without specifically intending to do so.

Miscellaneous Discharges - Miscellaneous discharges are defined as discharges occurring for purposes of training or killing animals in compliance with the Use of Force and Firearms and Qualification policies. These discharges are specifically excluded from this policy.

304.2 INVESTIGATION RESPONSIBILITY

This department conforms to the Alameda County OIS protocol for investigating officer-involved shootings. Officer involved shootings and in-custody deaths are investigated in a thorough, fair and impartial manner.

304.3 TYPES OF INVESTIGATIONS

Officer-involved shootings involve several separate investigations. These investigations may include:

- (a) A criminal investigation of the incident by the agency having jurisdiction where the incident occurred. This Department may relinquish its criminal investigation to an outside agency with the approval of the Chief of Police or a Division Commander.
- (b) A criminal investigation of the involved officer(s) conducted by an outside agency.
- (c) An administrative investigation conducted by the involved officer's agency, to determine if there were any violations of Department policy.

Hayward Police Department

Hayward PD Policy Manual

Officer-Involved Shootings and Deaths

304.4 JURISDICTION

Jurisdiction is determined by the location of the shooting and the agency employing the involved officer(s). The following scenarios outline the jurisdictional responsibilities for investigating officer-involved shootings:

304.4.1 HAYWARD POLICE DEPARTMENT OFFICER/DEPUTY WITHIN THIS JURISDICTION

The Hayward Police Department is responsible for the criminal investigation of the suspect's actions, and the administrative investigation. The criminal investigation of the officer-involved shooting will be conducted by the District Attorney's Office.

304.4.2 ALLIED AGENCY'S OFFICER WITHIN THIS JURISDICTION

The Hayward Police Department is responsible for the criminal investigation of the suspect's actions. The criminal investigation of the officer-involved shooting will be conducted by the District Attorney's Office. The officer's employing agency will be responsible for any administrative investigation(s).

304.4.3 HAYWARD POLICE DEPARTMENT OFFICER IN ANOTHER JURISDICTION

The agency where the incident occurred has criminal jurisdiction and is responsible for the criminal investigation of the incident. That agency may relinquish its criminal investigation of the suspect(s) to another agency. The Hayward Police Department will conduct timely administrative investigation(s).

304.4.4 INVESTIGATION RESPONSIBILITY MATRIX

The following table identifies the possible scenarios and responsibilities for the investigation of officer-involved shootings:

	Criminal Investigation of Suspect(s)	Criminal Investigation of Officer(s)	Administrative Investigation
Hayward PD Officer in This Jurisdiction	Hayward PD Investigators	District Attorney's Office	Hayward PD Internal Affairs Unit
Allied Agency's Officer in This Jurisdiction	Hayward PD Investigators	District Attorney's Office	Involved Officer's Department
Hayward PD Officer in Another Jurisdiction	Agency where incident occurred	Decision made by agency where incident occurred	Hayward PD Internal Affairs Unit

304.5 INVESTIGATION PROCESS

The following procedures are guidelines used in the investigation of an officer-involved shooting or death.

304.5.1 DUTIES OF INITIAL ON SCENE SUPERVISOR

Upon arrival at the scene of an officer-involved shooting, the first uninvolved supervisor should:

Hayward Police Department

Hayward PD Policy Manual

Officer-Involved Shootings and Deaths

- (a) Take all reasonable steps to obtain emergency medical attention for all apparently injured individuals.
- (b) Attempt to obtain a brief overview of the situation from any non-shooter officer(s).
 - 1. In the event that there are no non-shooter officers, the supervisor should attempt to obtain a brief voluntary overview from one shooter officer.
- (c) If necessary, the supervisor may administratively order any officer from this Department to immediately provide public safety information necessary to secure the scene and pursue suspects.
 - 1. Public safety information shall be limited to such things as outstanding suspect information, number and direction of shots fired, parameters of the incident scene, identity of known witnesses and similar information.
- (d) Absent a voluntary statement from any officer(s), the initial on scene supervisor should not attempt to order any officer to provide other than public safety information.
- (e) Provide all available information to the Watch Commander and the Communications Center. If feasible, sensitive information should be communicated over secure networks.

Care should be taken to preserve the integrity of any physical evidence present on the involved officer's equipment or clothing, such as blood or fingerprints, until investigators or lab personnel can properly retrieve it.

Each involved HPD officer shall be given reasonable paid administrative leave following an officer-involved shooting or death. It shall be the responsibility of the Watch Commander to make schedule adjustments to accommodate such leave.

304.5.6 SUPERVISOR RESPONSIBILITIES

Upon arrival at the scene, the first uninvolved HPD supervisor should ensure completion of the duties as outlined above, plus:

304.6 CRIMINAL INVESTIGATION

The District Attorney's Office is responsible for the criminal investigation into the circumstances of any officer-involved shooting or death.

If available, investigative personnel from this [department/office] may be assigned to partner with investigators from outside agencies or the District Attorney's Office to avoid duplicating efforts in related criminal investigations.

Once public safety issues have been addressed, criminal investigators should be given the opportunity to obtain a voluntary statement from involved officers and to complete their interviews. The following shall be considered for the involved officer:

- (a) HPD supervisors and Internal Affairs Unit personnel should not participate directly in any voluntary interview of HPD officers. This will not prohibit such personnel from monitoring interviews or providing the criminal investigators with topics for inquiry.
- (b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of his/her choosing or an attorney prior to speaking with criminal investigators (Government Code § 3303(i)). However, in order to maintain the integrity of each involved officer's statement, involved officers shall not consult or meet with a representative or an attorney collectively or in groups prior to being interviewed.
- (c) If any involved officer is physically, emotionally or otherwise not in a position to provide a voluntary statement when interviewed by criminal investigators, consideration should be given to allowing a reasonable period for the officer to schedule an alternate time for the interview.
- (d) Any voluntary statement provided by an involved officer will be made available for inclusion in any related investigation, including administrative investigations. However, no administratively coerced statement will be provided to any criminal investigators unless the officer consents.

304.6.1 REPORTS BY INVOLVED HPD OFFICERS

In the event that suspects remain outstanding or subject to prosecution for related offenses, this [department/office] shall retain the authority to require involved HPD officers to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals (Government Code § 3304(a)).

While the involved HPD officer may write the report, it is generally recommended that such reports be completed by assigned investigators, who should interview all involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activities by suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive an involved HPD officer of the right to consult with legal counsel prior to completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures but should also be included for reference in the investigation of the officer-involved shooting or death.

304.6.2 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an officer-involved shooting or death may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available personnel for the following:

- (a) Identification of all persons present at the scene and in the immediate area.
 1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by a member of the [Department/Office].
 1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.

Hayward Police Department

Hayward PD Policy Manual

Officer-Involved Shootings and Deaths

- (c) Promptly contacting the suspect's known family and associates to obtain any available and untainted background information about the suspect's activities and state of mind prior to the incident.

304.6.3 INVESTIGATIVE PERSONNEL

Once notified of an officer-involved shooting or death, it shall be the responsibility of the designated Criminal Investigations Bureau supervisor to assign appropriate investigative personnel to handle the investigation of related crimes. Department investigators may be assigned to work with investigators from the District Attorney's Office and may be assigned to separately handle the investigation of any related crimes not being investigated by the District Attorney's Office. The designated Criminal Investigations Bureau supervisor should oversee the collection of evidence, including firearms.

All related department reports, except administrative and/or privileged reports, will be forwarded to the designated Criminal Investigations Bureau supervisor for approval. Privileged reports shall be maintained exclusively by members who are authorized such access. Administrative reports will be forwarded to the appropriate Division Commander.

304.7 ADMINISTRATIVE INVESTIGATION

In addition to all other investigations associated with an officer-involved shooting or death, this [department/office] will conduct an internal administrative investigation of HPD officers to determine conformance with [department/office] policy. The investigation will be conducted under the supervision of the Internal Affairs Unit and will be considered a confidential officer personnel file.

Interviews of members shall be subject to [department/office] policies and applicable laws (see the Personnel Complaints Policy).

- (a) Any officer involved in a shooting or death may be requested or administratively compelled to provide a blood sample for alcohol/drug screening. Absent consent from the officer, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency.
- (b) If any officer has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved officer.
 - 1. If a further interview of the officer is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved officer shall be provided with a copy of his/her prior statement before proceeding with any subsequent interviews.
- (c) In the event that an involved officer has elected to not provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.

Hayward Police Department

Hayward PD Policy Manual

Officer-Involved Shootings and Deaths

1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the officer's physical and psychological needs have been addressed before commencing the interview.
2. If requested, the officer shall have the opportunity to select an uninvolved representative to be present during the interview. However, in order to maintain the integrity of each individual officer's statement, involved officers shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed (Government Code § 3303(i)).
3. Administrative interviews should be recorded by the investigator. The officer may also record the interview (Government Code § 3303(g)).
4. The officer shall be informed of the nature of the investigation. If an officer refuses to answer questions, he/she should be given his/her *Lybarger* or *Garrity* rights and ordered to provide full and truthful answers to all questions. The officer shall be informed that the interview will be for administrative purposes only and that the statement cannot be used criminally.
5. The Internal Affairs Unit shall compile all relevant information and reports necessary for the [Department/Office] to determine compliance with applicable policies.
6. Regardless of whether the use of force is an issue in the case, the completed administrative investigation shall be submitted to the Use of Force Review Board, which will restrict its findings as to whether there was compliance with the Use of Force Policy.
7. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.

304.8 AUDIO AND VIDEO RECORDINGS

Any officer involved in a shooting or death may be permitted to review his or her own body-worn camera recording prior to providing a recorded statement or completing reports. Exceptions to this shall be made on a case-by-case basis, with express permission from the employee's division commander to review other available recordings.

Any video or audio recording of an incident should not be publicly released during an ongoing investigation without consulting the prosecuting attorney or City Attorney's Office, as appropriate.

304.9 DEBRIEFING

Following an officer-involved shooting or death, the Hayward Police Department should conduct both a critical incident/stress debriefing and a tactical debriefing.

304.9.1 CRITICAL INCIDENT/STRESS DEBRIEFING

A critical incident/stress debriefing should occur as soon as practicable. The Support Services Division Commander and the Personnel and Training Administrator are responsible for organizing

Hayward Police Department

Hayward PD Policy Manual

Officer-Involved Shootings and Deaths

the debriefing. Notes and recorded statements should not be taken because the sole purpose of the debriefing is to help mitigate the stress-related effects of a traumatic event.

The debriefing is not part of any investigative process. Care should be taken not to release or repeat any communication made during a debriefing unless otherwise authorized by policy, law or a valid court order.

Attendance at the debriefing shall only include those members of the Department directly involved in the incident, which can include support personnel (e.g., Communications Operators, other professional non-sworn personnel). The debriefing shall be closed to the public and should be closed to all other members of the Department, including supervisory and Internal Affairs Unit personnel.

304.9.2 TACTICAL DEBRIEFING

A tactical debriefing should take place to identify any training or areas of policy that need improvement. The Chief of Police should identify the appropriate participants. This debriefing should not be conducted until all involved members have provided recorded or formal statements to criminal and/or administrative investigators.

304.10 MEDIA RELATIONS

Any media release shall be prepared with input and concurrence from the supervisor and department representative responsible for each phase of the investigation. Releases will be available to the Watch Commander, Investigation Division Commander and Public Information Officer in the event of inquiries from the media.

The Department shall not subject any involved HPD officer to visits by the media (Government Code § 3303(e)). No involved HPD officer shall make any comment to the media unless he/she is authorized by the Chief of Police or a Division Commander. Department members receiving inquiries regarding officer-involved shootings or deaths occurring in other jurisdictions shall refrain from public comment and will direct those inquiries to the agency having jurisdiction and primary responsibility for the investigation.

304.11 CIVIL LIABILITY RESPONSE

A member of this department may be assigned to work exclusively under the direction of the legal counsel for the Department to assist in the preparation of materials deemed necessary in anticipation of potential civil litigation.

All materials generated in this capacity shall be considered attorney work product and may not be used for any other purpose. The civil liability response is not intended to interfere with any other investigation but shall be given reasonable access to all other investigations.

304.12 REPORTING

If the death of an individual occurs in the Hayward Police Department jurisdiction and qualifies to be reported to the state as a justifiable homicide or an in-custody death, the Patrol Division

Hayward Police Department

Officer-Involved Shootings and Deaths

Commander will ensure that the Records Administrator is provided with enough information to meet the reporting requirements (Penal Code § 196; Penal Code § 13022; Government Code § 12525).

Vehicle Pursuits

307.1 POLICY

It is the policy of this [department/office] to balance the importance of apprehending suspects who unlawfully flee from law enforcement against the risks associated with vehicle pursuits.

307.2 PURPOSE AND SCOPE

This policy provides guidelines for vehicle pursuits in order to protect the safety of involved officers, the public, and fleeing suspects.

307.2.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 1.3.1, 1.3.2, 1.3.6, 41.2.2, 41.2.3.

Boxing-in - A tactic designed to stop a suspect's moving vehicle by surrounding it with law enforcement vehicles and then slowing all vehicles to a stop.

Pursuit Intervention - An attempt to stop the suspect's ability to continue to flee in a vehicle through tactical application of technology, tire deflation devices, blocking or vehicle intercept, boxing-in, the PIT (known as Pursuit Intervention Technique or Precision Immobilization Technique), ramming, or roadblock procedures.

Pursuit Intervention Technique (PIT) - A low-speed tactic intentionally applied to cause the suspect vehicle to spin out and terminate the pursuit.

Ramming - The deliberate act of impacting a suspect's vehicle with another vehicle to functionally damage or otherwise force the suspect's vehicle to stop.

Roadblocks - A tactic designed to stop a suspect's vehicle by intentionally placing an emergency vehicle or other immovable object in the path of the suspect's vehicle.

When an officer attempts to stop a vehicle and the violator fails to yield immediately, there may be a brief interval where the officer follows the violator with lights and siren activated in an effort to lawfully stop him/her.

The decision whether or not to pursue should be made when the officer perceives that:

- a. The violator is attempting to flee from or evade the officer, and/or
- b. The violator knows or reasonably should know that the officer is signaling him/her to yield.

The time period between the officer's decision to stop a vehicle and deciding whether or not to pursue is the "pre-pursuit phase." During this time, officers should gather as much identifying information as practical about the vehicle and occupant(s), the nature of suspected offenses, and the surrounding environment.

If at this point the officer does not pursue the violator, it will be deemed that a pursuit has not been initiated.

307.3.2 WHEN TO INITIATE A PURSUIT

Officers may engage in vehicular pursuits only when the officer can articulate the following factors are present:

- (a) When a violator is driving in a non-hazardous manner but willfully failing to yield to emergency lights and siren the officer may continue to follow the vehicle unless the driving behavior or circumstances change that would make it unsafe to continue, or
- (b) When the violator is believed to be a violent felon who poses a significant, ongoing threat to public safety.
- (c) When the violator is believed to be a violent misdemeanor, armed, and poses a significant and ongoing threat to public safety.
- (d) Pursuits of suspected intoxicated drivers where the driving of the subject PRIOR to the attempted stop already presented an intolerable risk of injury or death to persons other than the subject.
- (e) The seriousness of the offense and the threat posed by the fleeing suspects(s) must justify the vehicle pursuit.

When initiating or continuing a vehicle pursuit, officers should continually weigh the seriousness of the offense(s) against the potential dangers to themselves and members of the public. When

Vehicle Pursuits

specific facts and circumstances change to the point that the danger or serious injury posed by the vehicle pursuit to other motorists and pedestrians outweighs the need to apprehend the violator the pursuit shall be terminated.

Factors that should be considered in deciding whether to initiate a pursuit include:

- a. The seriousness of known or reasonably suspected crime and its relationship to community safety.
- b. The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to officers, innocent motorists, and others.
- c. The safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic (e.g., school zones), and the speed of the pursuit relative to these factors.
- d. The pursuing officers' familiarity with the area of the pursuit. the quality of radio communications between the pursuing units and the Communications Operator supervisor, and the driving capabilities of the pursuing officers under the conditions of the pursuit.
- e. Whether weather, traffic, and road conditions unreasonably increase the danger of the pursuit when weighed against the risk of the suspect's escape.
- f. Whether the identity of the suspect has been verified and whether there is comparatively minimal risk in allowing the suspect to be apprehended at a later time.
- g. The performance capabilities of the vehicles used in the pursuit. in relation to the speeds and other conditions of the pursuit.
- h. Emergency lighting and siren limitations on unmarked police [department/office] vehicles that may reduce visibility of the vehicle, such as visor or dash-mounted lights, concealable or temporary emergency lighting equipment, and concealed or obstructed siren positioning.
- i. Suspect and officer vehicle speeds.
- j. Other persons in or on the pursued vehicle (e.g., passengers, co-offenders, hostages).
- k. Availability of other resources such as air support or vehicle locator or deactivation technology.

307.3.3 WHEN TO TERMINATE A PURSUIT

Pursuits should be terminated whenever the totality of objective circumstances known or which reasonably ought to be known to the officer or supervisor during the pursuit indicates that the present risks of continuing the pursuit reasonably appear to outweigh the risks resulting from the suspect's escape.

The factors listed in this policy on when to initiate a pursuit will apply equally to the decision to terminate a pursuit. Officers and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists, themselves, and the public when electing to continue a pursuit.

In addition to the factors that govern when to initiate a pursuit, other factors should be considered in deciding whether to terminate a pursuit, including:

- (a) The distance between the pursuing vehicle and the fleeing vehicle is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time and/or distance.
- (b) The pursued vehicle's location is no longer definitely known.
- (c) The pursuing vehicle sustains damage or a mechanical failure that renders it unsafe to drive.
- (d) The pursuing vehicle's emergency lighting equipment or siren becomes partially or completely inoperable.
- (e) Hazards to uninvolved bystanders or motorists.
- (f) The danger that the continued pursuit poses to the public, the officers, or the suspect, balanced against the risk of allowing the suspect to remain at large.
- (g) The identity of the suspect is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit.

307.3.4 SPEED LIMITS

The speed of a pursuit is a factor that should be evaluated on a continuing basis by the officer and supervisor. Evaluation of vehicle speeds shall take into consideration public safety, officer safety and the safety of the occupants of the fleeing vehicle.

Should high vehicle speeds be reached during a pursuit, officers and supervisors shall also consider these factors when determining the reasonableness of the speed of the pursuit:

- (a) Pursuit speeds have become unreasonably unsafe for the surrounding conditions.
- (b) Pursuit speeds have exceeded the driving ability of the officer.
- (c) Pursuit speeds are beyond the capabilities of the pursuit vehicle thus making its operation unsafe.

307.4 PURSUIT UNITS

When involved in a pursuit, unmarked police [department/office] emergency vehicles should be replaced by marked emergency vehicles whenever practicable

Hayward Police Department

Hayward PD Policy Manual

Vehicle Pursuits

Vehicle pursuits should be limited to three vehicles (two units and a supervisor); however, the number of units involved may vary with the circumstances.

An officer or supervisor may request additional units to join a pursuit if, after assessing the factors outlined above, it reasonably appears that the number of officers involved may be insufficient to safely arrest the suspects. All other officers should stay out of the pursuit, but should remain alert to its progress and location. Any officer who drops out of a pursuit may then, if necessary, proceed to the termination point at legal speeds, following the appropriate rules of the road.

307.4.1 MOTORCYCLE OFFICERS

When involved in a pursuit, police [department/office] motorcycles should be replaced by marked four-wheel emergency vehicles as soon as practicable.

307.4.2 VEHICLES WITHOUT EMERGENCY EQUIPMENT

Officers operating vehicles not equipped with red light and siren are prohibited from initiating or joining in any pursuit.

307.4.3 PRIMARY UNIT RESPONSIBILITIES

The initial pursuing unit will be designated as the primary pursuit unit and will be responsible for the conduct of the pursuit unless the officer is unable to remain reasonably close to the suspect's vehicle. The primary responsibility of the officer initiating the pursuit is the apprehension of the suspects without unreasonable danger to any person.

The primary unit should notify the Communications Operator commencing with a request for priority radio traffic, that a vehicle pursuit has been initiated, and as soon as practicable provide information including but not limited to:

- (a) The location, direction of travel, and estimated speed of the suspect's vehicle.
- (b) The description of the suspect's vehicle including license plate number, if known.
- (c) The reason for the pursuit.
- (d) Known or suspected weapons. Threat of force, violence, injuries, hostages, or other unusual hazards.
- (e) The suspected number of occupants and identity or description.
- (f) The weather, road, and traffic conditions.
- (g) The need for any additional resources or equipment.
- (h) The identity of other law enforcement agencies involved in the pursuit.

Until relieved by a supervisor or secondary unit, the officer in the primary unit is responsible for the broadcasting of the progress of the pursuit. Unless circumstances reasonably indicate otherwise, the primary pursuing officer should, as soon as practicable, relinquish the responsibility of broadcasting the progress of the pursuit to a secondary unit or air support joining the pursuit to minimize distractions and allow the primary pursuing officer to concentrate foremost on safe pursuit tactics.

Hayward Police Department

Hayward PD Policy Manual

Vehicle Pursuits

307.4.4 SECONDARY UNIT RESPONSIBILITIES

The second officer in the pursuit will be designated as the secondary unit and is responsible for:

- (a) Immediately notifying the dispatcher of entry into the pursuit.
- (b) Remaining a safe distance behind the primary unit unless directed to assume the role of primary pursuit vehicle or if the primary pursuit vehicle is unable to continue the pursuit.
- (c) Broadcasting the progress, updating known or critical information, and providing changes in the pursuit, unless the situation indicates otherwise.
- (d) Identifying the need for additional resources or equipment as appropriate.
- (e) Serving as backup to the primary pursuing officer once the suspect has been stopped.

307.4.5 PURSUIT DRIVING

The decision to use specific driving tactics requires the same assessment of the factors the officer considered when determining whether to initiate and/or terminate a pursuit. The following are tactics for units involved in the pursuit:

- (a) Officers, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles such that they are able to see and avoid hazards or react safely to maneuvers by the fleeing vehicle.
- (b) Because intersections can present increased risks, the following tactics should be considered:
 - 1. Available units not directly involved in the pursuit may proceed safely to controlled intersections ahead of the pursuit in an effort to warn cross traffic.
 - 2. Pursuing units should exercise due regard and caution when proceeding through controlled intersections.
- (c) As a general rule, officers should not pursue a vehicle driving left of center (wrong way) against traffic. In the event that the pursued vehicle does so, the following tactics should be considered:
 - 1. Requesting assistance from available air support.
 - 2. Maintain visual contact with the pursued vehicle by paralleling it on the correct side of the roadway.
 - 3. Request other units to observe exits available to the suspects.
- (d) Notify the California Highway Patrol (CHP) and/or other law enforcement agency if it appears that the pursuit may enter its jurisdiction.
- (e) Officers involved in a pursuit should not attempt to pass other units unless the situation indicates otherwise or they are requested to do so by the primary unit and with a clear understanding of the maneuver process between the involved units.

307.4.6 PURSUIT TRAILING

In the event the initiating unit from this agency either relinquishes control of the pursuit to another unit or jurisdiction, that initiating unit may, with permission of a supervisor, trail the pursuit to the

Vehicle Pursuits

termination point in order to provide information and assistance for the arrest of the suspects and reporting the incident.

307.4.7 AIR SUPPORT ASSISTANCE

When available, air support assistance should be requested. Once the air unit has established visual contact with the pursued vehicle, the unit should assume control over the pursuit. The primary and secondary ground units, or involved supervisor, will maintain operational control but should consider whether the participation of air support warrants the continued close proximity and/or involvement of ground units in the pursuit.

The air unit should coordinate the activities of resources on the ground, report progress of the pursuit and provide officers and supervisors with details of upcoming traffic congestion, road hazards, or other pertinent information to evaluate whether to continue the pursuit. If ground units are not within visual contact of the pursued vehicle and the air support unit determines that it is unsafe to continue the pursuit, the air support unit should recommend terminating the pursuit.

307.4.8 UNITS NOT INVOLVED IN THE PURSUIT

There should be no paralleling of the pursuit route. Officers are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Officers should remain in their assigned area and should not become involved with the pursuit unless directed otherwise by a supervisor.

The primary and secondary units should be the only units operating under emergency conditions (red light and siren) unless other units are assigned to the pursuit.

307.5 SUPERVISORY CONTROL AND RESPONSIBILITIES

Available supervisory and management control will be exercised over all vehicle pursuits involving officers from this [department/office].

The field supervisor of the officer initiating the pursuit, or if unavailable, the nearest field supervisor will be responsible for:

- (a) Immediately notifying involved unit and the Communications Operator of supervisory presence and ascertaining all reasonably available information to continuously assess the situation and risk factors associated with the pursuit.
- (b) Engaging in the pursuit, when appropriate, to provide on-scene supervision.
- (c) Exercising management and control of the pursuit even if not engaged in it.
- (d) Ensuring that no more than the required number of units are involved in the pursuit under the guidelines set forth in this policy.
- (e) Directing that the pursuit be terminated if, in the supervisor's judgment, it is unreasonable to continue the pursuit under the guidelines of this policy.
- (f) Ensuring that assistance from air support, canines, or additional resources is requested, if available and appropriate.
- (g) Ensuring that the proper radio channel is being used.

Hayward Police Department

Hayward PD Policy Manual

Vehicle Pursuits

- (h) Ensuring that the Watch Commander is notified of the pursuit as soon as practicable.
- (i) Ensuring the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this [department/office].
- (j) Controlling and managing Hayward Police Department units when a pursuit enters another jurisdiction.
- (k) Preparing a post-pursuit review and documentation of the pursuit.
 - 1. Supervisors should initiate follow up or additional review when appropriate.

307.5.1 WATCH COMMANDER RESPONSIBILITIES

Upon becoming aware that a pursuit has been initiated, the Watch Commander should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. Once notified, the Watch Commander has the final responsibility for the coordination, control, and termination of a vehicle pursuit and shall be in overall command.

The Watch Commander shall review all pertinent reports for content and forward to the Division Commander.

307.6 THE COMMUNICATIONS CENTER

If the pursuit is confined within the City limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or Communications Operator. If the pursuit leaves the jurisdiction of this [department/office] or such is imminent, involved units should, whenever available, switch radio communications to a tactical or emergency channel most accessible by participating agencies and units.

307.6.1 THE COMMUNICATIONS CENTER RESPONSIBILITIES

Upon notification or becoming aware that a pursuit has been initiated, the Communications Operator is responsible for:

- (a) Clearing the radio channel of non-emergency traffic.
- (b) Coordinating pursuit communications of the involved units and personnel.
- (c) Broadcasting pursuit updates as well as other pertinent information as necessary.
- (d) Ensuring that a field supervisor is notified of the pursuit.
- (e) Notifying and coordinating with other involved or affected agencies as practicable.
- (f) Notify the Watch Commander as soon as practicable.
- (g) Assigning an incident number and logging all pursuit activities.

307.6.2 LOSS OF PURSUED VEHICLE

When the pursued vehicle is lost, the primary unit should broadcast pertinent information to assist other units in locating suspects. The primary unit or supervisor will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.

Vehicle Pursuits

307.7 INTER-JURISDICTIONAL CONSIDERATIONS

When a pursuit enters another agency's jurisdiction, the primary officer or supervisor, taking into consideration distance traveled, unfamiliarity with the area and other pertinent facts, should determine whether to request the other agency to assume the pursuit. Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary officer or supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether such jurisdiction is expected to assist.

307.7.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY

Officers will relinquish control of the pursuit when another agency has assumed the pursuit, unless the continued assistance of the Hayward Police Department is requested by the agency assuming the pursuit. Upon relinquishing control of the pursuit, the involved officers may proceed, with supervisory approval, to the termination point of the pursuit to assist in the investigation. The supervisor should coordinate such assistance with the assuming agency and obtain any information that is necessary for any reports. Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific.

307.7.2 PURSUITS EXTENDING INTO THIS JURISDICTION

The agency that initiates a pursuit is responsible for conducting the pursuit. Units from this [department/office] should not join a pursuit unless specifically requested to do so by the pursuing agency and with approval from a supervisor. The exception to this is when a single unit from the initiating agency is in pursuit. Under this circumstance, a supervisor may authorize units from this [department/office] to join the pursuit until sufficient units from the initiating agency join the pursuit or until additional information is provided allowing withdrawal of the pursuit.

When a request is made for this [department/office] to assist or take over a pursuit that has entered the jurisdiction of Hayward Police Department, the supervisor should consider:

- (a) The public's safety within this jurisdiction.
- (b) Whether the pursuit meets the criteria outlined in this policy.
- (c) The safety of the pursuing officers.
- (d) Whether the circumstances are serious enough to continue the pursuit.
- (e) Whether there is adequate staffing to continue the pursuit.
- (f) The ability to maintain the pursuit.

As soon as practicable, a supervisor or the Watch Commander should review a request for assistance from another agency. The Watch Commander or supervisor, after considering the above factors, may decline to assist in, or assume the other agency's pursuit.

Assistance to a pursuing allied agency by officers of this [department/office] will terminate at the City limits provided that the pursuing officers have sufficient assistance from other sources.

Hayward Police Department

Hayward PD Policy Manual

Vehicle Pursuits

Ongoing participation from this [department/office] may continue only until sufficient assistance is present.

In the event that a pursuit from another agency terminates within this jurisdiction, officers should provide appropriate assistance to officers from the allied agency including but not limited to scene control, coordination and completion of supplemental reports, and any other reasonable assistance requested or needed.

307.8 WHEN PURSUIT INTERVENTION IS AUTHORIZED

Whenever practicable, an officer shall seek approval from a supervisor before employing any intervention to stop the pursued vehicle. In deciding whether to use intervention tactics, officers/supervisors should balance the risks of allowing the pursuit to continue with the potential hazards to the public arising from the use of each tactic, the officers, and persons in or on the pursued vehicle to determine which, if any, intervention tactic may be reasonable.

307.8.1 USE OF FIREARMS

Regarding use of firearms, see the Department's Use of Force policy.

307.8.2 INTERVENTION STANDARDS

Any intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the officers, the public, or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of force, including deadly force, and subject to the policies guiding such use. Officers should consider these facts and requirements prior to deciding how, when, where, and if an intervention tactic should be employed.

- (a) Blocking should only be used after giving consideration to the following:
 - 1. The technique should only be used by officers who have received training in the technique.
 - 2. The need to immediately stop the suspect vehicle or prevent it from leaving reasonably appears to outweigh the risks of injury or death to occupants of the suspect vehicle, officers, or other members of the public.
 - 3. It reasonably appears the technique will contain or prevent the pursuit.
- (b) The PIT should only be used after giving consideration to the following:
 - 1. The technique should only be used by officers who have received training in the technique, including speed restrictions.
 - 2. Supervisory approval should be obtained before using the technique.
 - 3. The need to immediately stop the suspect vehicle reasonably appears to outweigh the risks of injury or death to occupants of the suspect vehicle, officers, or other members of the public.

Hayward Police Department

Hayward PD Policy Manual

4. It reasonably appears the technique will terminate or prevent the pursuit.
- (c) Ramming a fleeing vehicle should only be done after giving consideration to the following:
1. Supervisory approval should be obtained before using the technique.
 2. The need to immediately stop the suspect vehicle reasonably appears to substantially outweigh the risks of injury or death to occupants of the suspect vehicle, officers, or other members of the public.
 3. It reasonably appears the technique will terminate or prevent the pursuit.
 4. Ramming may be used only under circumstances when deadly force would be authorized.
 5. Ramming may be used when all other reasonable alternatives have been exhausted or reasonably appear ineffective.
- (d) Before attempting to box a suspect vehicle during a pursuit the following should be considered:
1. The technique should only be used by officers who have received training in the technique.
 2. Supervisory approval should be obtained before using the technique.
 3. The need to immediately stop the suspect vehicle reasonably appears to outweigh the risks of injury or death to occupants of the suspect vehicle, officers, or other members of the public.
 4. It reasonably appears the technique will terminate or prevent the pursuit.
- (e) Tire deflation devices should only be used after considering the following:
1. Tire deflation devices should only be used by officers who have received training in their use.
 2. Supervisory approval should be obtained before using tire deflation devices.
 3. The need to immediately stop the suspect vehicle reasonably appears to outweigh the risks of injury or death to occupants of the suspect vehicle, officers, or other members of the public.
 4. It reasonably appears the use will terminate or prevent the pursuit.
 5. Tire deflation devices should not be used when the pursued vehicle is a motorcycle, a vehicle transporting hazardous materials, or a school bus transporting children, except in extraordinary circumstances.
 6. Due to the increased risk to officers deploying tire deflation devices, such deployment should be communicated to all involved personnel.
- (f) Roadblocks should only be used after considering the following:
1. Roadblocks should only be used by officers who have received training in their use.

Hayward Police Department

Hayward PD Policy Manual

Vehicle Pursuits

2. Supervisory approval should be obtained before using the technique.
3. The need to immediately stop the suspect vehicle reasonably appears to substantially outweigh the risks of injury or death to occupants of the suspect vehicle, officers, or other members of the public.
4. It reasonably appears the technique will terminate or prevent the pursuit. Roadblocks may be used only under circumstances when deadly force would be authorized.
5. Roadblocks may be used when all other reasonable alternatives have been exhausted or reasonably appear ineffective.

307.8.3 CAPTURE OF SUSPECTS

Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Officers shall use only that amount of force, which reasonably appears necessary under the circumstances, to accomplish a legitimate law enforcement purpose.

Unless relieved by a supervisor, the primary pursuing officer should coordinate efforts to apprehend the suspects following the pursuit. Officers should consider safety of the public and the involved officers when formulating plans for setting up perimeters or for containing and capturing the suspects.

307.8.4 STARCHASE PURSUIT MANAGEMENT SYSTEM

The StarChase system allows an officer to remotely affix a GPS tracking device to a suspect vehicle using an air pressure launching system installed on the front of a police vehicle. Once the tracker is affixed, the vehicles location can be tracked by personnel (StarChase monitor) using a computer with an internet connection.

- (a) For the purpose of clarity of communications, radio traffic should identify the device as "StarChase"
- (b) StarChase equipment will only be operated by officers who have been trained in its use.
- (c) Except as specified below, officers shall use their own judgement regarding affixing a StarChase tag upon a pursued vehicle and do not need prior approval from a supervisor.

Equipment Testing:

Officers assigned to StarChase equipped vehicles shall perform the following system checks at the beginning of their work week:

- (a) Check the StarChase GPS tracker housing unit located on the front bumper of the patrol vehicle to ensure two StarChase GPS darts (tags) are present.
- (b) Activate the StarChase system deployment unit to ensure proper functionality.

When Use is Authorized:

Hayward Police Department

Hayward PD Policy Manual

Vehicle Pursuits

StarChase equipment shall only be used to apprehend a fleeing suspect or suspect likely to flee in a vehicle under exigent circumstances. The device shall not be used to monitor or track a vehicle outside the scope of immediate apprehension.

Deployment of the StarChase system may be done prior to the attempted stop or during the pursuit of any violator whose actions are outlined under 307.2.2 (b), (c), or (d).

- (a) When the violator is believed to be a violent felon who poses a significant, ongoing threat to public safety.
- (b) When the violator is believed to be a violent misdemeanor, armed, and poses a significant an ongoing threat to public safety.
- (c) Suspected intoxicated drivers where the driving of the subject PRIOR to the attempted stop already presented an intolerable risk of injury or death to persons other than the subject.

In addition, StarChase may also be deployed under the following circumstances.

- (a) Prior to the attempted stop of any violator for a felony offense.
- (b) When a violator is driving in a non-hazardous manner but willfully failing to yield to emergency lights and siren.

Based on communication limitations, StarChase may not be used to assist outside agencies who pursue a vehicle into our jurisdiction unless.

- (a) The pursuit meets the criteria listed under this policy and
- (b) The outside agency relinquishes complete control of the pursuit to our agency.

Prior to deployment officers should make every attempt to.

- (a) Advised dispatch of the impending use and provided them with their patrol vehicle number.
- (b) Provide detail description of the suspect vehicle.
- (c) Provide a detail description of all occupants of the vehicle if known.

Safety Considerations:

All safety decisions related to the discharge of a StarChase tag shall be evaluated by the operator prior to deployment. While supervisors may direct or approve the deployment of a StarChase equipped patrol car in a pursuit and / or the discharge of a tag, safety decisions related to maneuvering around other involved vehicles and the actual discharge of the device will be evaluated by the operator prior to deployment. In accordance with policy, the safety of officers, uninvolved persons and persons inside the pursued vehicle shall be considered. The following decisions are specifically included.

- (a) Whether the officer can safely maneuver close enough to the suspect vehicle to come within targeting range.
- (b) Whether the officer can safely maneuver around any other vehicle involved in the pursuit.

Hayward Police Department

Hayward PD Policy Manual

Vehicle Pursuits

- (c) Whether any circumstance would indicate the device would not work (e.g. weather conditions, suspect vehicle weaving, etc.)

StarChase equipped patrol cars, with approval of a supervisor, are authorized to respond Code 3 to join a pursuit for potential use of the device.

- (a) Unless directed otherwise, the StarChase equipped vehicle will join the pursuit at the rear of authorized pursuing vehicles until cleared to maneuver around the
- (b) Once a StarChase equipped vehicle joins a pursuit, it becomes an authorized unit as it relates to the number of authorized pursuing vehicles.
- (c) StarChase equipped vehicles may maneuver around other pursuing vehicles only when deemed safe and only with the specific permission from the unit in front of them. Permission is to be sought and acknowledged one maneuver at a time. Officers driving the StarChase equipped vehicles will identify which side of the overtaken vehicle they will pass on.

Post-Deployment:

Officers should broadcast immediately that the StarChase device has been deployed, and if the deployment was successful or not.

If a StarChase tag is successfully deployed on a vehicle that is pursuable per this policy, officers and supervisors should evaluate the need to continue the visual pursuit of the suspect vehicle.

This evaluation should include all the “factors to consider” outlined in this policy, as well as the potential fallibility of the StarChase system.

If a StarChase tag is successfully deployed prior to the attempted stop of a vehicle that is not pursuable per this policy, officers shall initiate the following tactics.

- (a) Attempt to perform a traditional traffic stop on the vehicle using appropriate tactics.
- (b) If the vehicle flees officers should deactivate their emergency lights and siren, drive in a non-emergency manner (obeying all the rules of the roadway), and fall back significantly from the suspect vehicle to indicate to the suspect that they are not being pursued or followed.
- (c) The primary officer or supervisor should then monitor updates from the communication center and direct officers to appropriate locations in order to apprehend the suspect.
- (d) Unless authorized by a supervisor, officers coordinated response to apprehend the suspect shall be done in a non-emergency manner (obeying all the rules of the roadway).
- (e) No officer who is driving a moving patrol vehicle will access the StarChase mapping website as this creates an unnecessary hazard.

Communication Center Responsibilities:

The communication supervisor will ensure the appropriate number of dispatchers are logged into the StarChase mapping website at all times.

Hayward Police Department

Hayward PD Policy Manual

Vehicle Pursuits

Upon being advised that the StarChase system has been deployed, the communication center will be responsible for the following.

- (a) Immediately begin to monitor the suspect vehicles location through the StarChase Mapping website.
- (b) Provide regular updates on the suspect vehicle's location, direction of travel and speed to the officers involved.
- (c) Advise neighboring agencies when the suspect vehicle is likely to enter their jurisdiction, and if their assistance is being requested.

Reporting Requirements:

Officers should make every attempt to retrieve any GPS tracking dart that is deployed. If used to track a vehicle during the event, Officers should include the GPS tracking dart serial number in their police report.

Supervisors shall download the Activity Detail Report from the StarChase mapping website and ensure it is attached to the related crime report.

Supervisors will be responsible for issuing replacement GPS tracking darts following a deployment.

When doing so they will email the departmental StarChase manager the serial number of the replacement dart as well as the patrol vehicle number it was assigned to.

307.9 COMMUNICATIONS

If the pursuit is confined within the City limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or communications dispatcher.

307.9.1 COMMUNICATIONS CENTER RESPONSIBILITIES

Upon notification that a pursuit has been initiated, the Communications Center will:

- (a) (a) Coordinate pursuit communications of the involved units and personnel;
- (b) Notify and coordinate with other involved or affected agencies as practical;
- (c) Ensure that a field supervisor is notified over the air of the pursuit;
- (d) Log all pursuit activities into CAD/RMS;
- (e) Broadcast pursuit updates as well as other pertinent information as necessary;
- (f) Notify the Watch Commander as soon as practical;
- (g) Confirm and advise the status of the vehicle being pursued (i.e., stolen, additional wants, etc.);
- (h) Check and advise the identity and address of the vehicle's registered owner, including if they have any outstanding warrants;
- (i) Advise of any other emergency units responding code 3 to other locations in the City;
- (j) Determine the availability of air support.

Hayward Police Department

Vehicle Pursuits

307.10 REPORTING REQUIREMENTS

All appropriate reports should be completed to comply with applicable laws, policies, and procedures.

- (a) The primary officer should complete appropriate crime/arrest reports.
- (b) The Watch Commander shall ensure that an Allied Agency Vehicle Pursuit Report (form CHP 187A) is filed with the CHP not later than 30 days following the pursuit (Vehicle Code § 14602.1). The primary officer should complete as much of the required information on the form as is known and forward the report to the Watch Commander for review and distribution.
- (c) After first obtaining the available information, the involved, or if unavailable on-duty, field supervisor shall promptly complete a Supervisor's Log or interoffice memorandum, briefly summarizing the pursuit to the Chief of Police or the authorized designee. This log or memorandum should include, at a minimum:
 1. Date and time of pursuit.
 2. Initial reason and circumstances surrounding the pursuit.
 3. Length of pursuit in distance and time, including the starting and termination points.
 4. Involved units and officers.
 5. Alleged offenses.
 6. Whether a suspect was apprehended, as well as the means and methods used.
 7. Any use of force that occurred during the vehicle pursuit.
 - (a) Any use of force by a member should be documented in the appropriate report (See the Use of Force Policy).
 8. Any injuries and/or medical treatment.
 9. Any property or equipment damage.
 10. Name of supervisor at scene or who handled the incident.
- (d) After receiving copies of reports, logs, and other pertinent information, the Chief of Police or the authorized designee should conduct or assign the completion of a post-pursuit review.

Annually, the Chief of Police should direct a documented review and analysis of [department/office] vehicle pursuit reports to minimally include policy suitability, policy compliance, and training or equipment needs.

307.10.1 REGULAR AND PERIODIC PURSUIT TRAINING

The Personnel and Training Administrator shall make available to all officers initial and supplementary Police Officer Standard Training (POST) training on pursuits required by Penal Code § 13519.8, and no less than annual training addressing:

- (a) This policy.

Hayward Police Department

Hayward PD Policy Manual

Vehicle Pursuits

- (b) The importance of vehicle safety and protecting the public.
- (c) The need to balance the known offense and the need for immediate capture against the risks to officers and others (Vehicle Code § 17004.7(d)).

307.10.2 POLICY REVIEW

Officers of this [department/office] shall certify in writing that they have received, read, and understand this policy initially, upon any amendments, and whenever training on this policy is provided. The POST attestation form, or an equivalent form, may be used to document the compliance and should be retained in the member's training file.

307.10.3 ANNUAL ANALYSIS

Annually, the Internal Affairs Unit will conduct a documented analysis of all pursuits carried out by officers of this Department and forward the report to the Chief of Police. The analysis will look for patterns or trends that indicate training needs and a review of pursuit policies and reporting procedures.

Officer Response to Calls

308.1 PURPOSE AND SCOPE

This policy provides for the safe and appropriate response to emergency and non-emergency situations whether dispatched or self-initiated.

308.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 41.2.1, 41.2.4, 61.2.2, 81.2.6

308.2 RESPONSE TO CALLS

Officers dispatched Code-3 shall consider the call an emergency response and proceed immediately. Officers responding Code-3 shall continuously operate emergency lighting equipment, including at minimum a steady forward facing red light, and shall sound the siren as reasonably necessary pursuant to Vehicle Code § 21055.

Responding with emergency light(s) and siren does not relieve the officer of the duty to continue to drive with due regard for the safety of all persons. The use of any other warning equipment without a red light and siren does not provide any exemption from the Vehicle Code.

Officers should only respond Code-3 when circumstances reasonably indicate an emergency response is required. Officers not authorized to respond Code-3 shall observe all traffic laws and proceed without the use of emergency lights and siren.

308.2.1 EMERGENCY CALLS

An emergency that may warrant Code-3 response includes incidents that pose immediate danger to the public, life-threatening situations, responding to another officer's request for immediate assistance or other incident requiring quick police response where the hazards posed by a delay outweigh the hazards of an emergency Code-3 response.

308.3 REQUESTING EMERGENCY ASSISTANCE

Requests for emergency assistance should be limited to those situations where the involved personnel reasonably believe that there is an immediate threat to the safety of officers, or assistance is needed to prevent imminent serious harm to a citizen. In any event, where a situation has stabilized and emergency response is not required, the requesting officer shall immediately notify the Communications Center.

If circumstances permit, the requesting officer should give the following information:

- The unit number
- The location
- The reason for the request and type of emergency
- The number of units required

Hayward Police Department

Hayward PD Policy Manual

Officer Response to Calls

308.3.1 NUMBER OF UNITS ASSIGNED

A minimum of two units should respond to an emergency call Code-3 unless the Watch Commander or the field supervisor authorizes additional unit(s).

308.4 INITIATING CODE 3 RESPONSE

If an officer believes a Code-3 response to any call is appropriate, the officer shall immediately notify the Communications Center unless such notification would jeopardize the safety of other officers involved in an incident. Generally, a minimum of two units should respond Code-3 to any situation. Should additional officers believe a Code-3 response is appropriate, the officers shall immediately notify the the Communications Center unless such notification would jeopardize the safety of other officers involved in an incident. The Watch Commander or field supervisor will make a determination as to whether two or more officers driving Code-3 is appropriate.

308.5 RESPONSIBILITIES OF RESPONDING OFFICERS

Officers shall exercise sound judgment and care with due regard for life and property when responding to an emergency call. Officers shall reduce speed at all street intersections to such a degree that they shall have complete control of the vehicle.

The decision to continue a Code-3 response is at the discretion of the officer. If, in the officer's judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the officer may elect to respond to the call without the use of red lights and siren at the legal speed limit. In such an event, the officer should immediately notify the Communications Center. An officer shall also discontinue the Code-3 response when directed by a supervisor.

Upon receiving authorization or determining a Code-3 response is appropriate, an officer shall immediately give the location from which he/she is responding.

308.6 COMMUNICATIONS RESPONSIBILITIES

Dispatchers are responsible for monitoring all radio traffic when officers are responding Code-3. When officers are responding Code-3 or are requesting emergency assistance, the dispatcher shall:

- (a) Attempt to assign the closest available unit to the location requiring assistance.
- (b) Confirm a field supervisor or Watch Commander acknowledges the Code-3 response.
- (c) Confirm the location from which the unit is responding.
- (d) Notify and coordinate allied emergency services (e.g., fire and ambulance).
- (e) Continue to obtain and broadcast information as necessary concerning the response and monitor the situation until it is stabilized or terminated.
- (f) Control all radio communications during the emergency and coordinate assistance under the direction of the Watch Commander or field supervisor.
- (g) Document pertinent radio traffic into the Computer Aided Dispatch System.

Hayward Police Department

Hayward PD Policy Manual

Officer Response to Calls

308.7 SUPERVISORY RESPONSIBILITIES

Upon being notified that a Code-3 response has been initiated, the Watch Commander or the field supervisor shall verify the following:

- (a) The proper response has been initiated.
- (b) No more than those units reasonably necessary under the circumstances are involved in the response.
- (c) Affected outside jurisdictions are being notified as practical.

The field supervisor shall monitor the response until it has been stabilized or terminated and assert control by directing units into or out of the response if necessary. If, in the supervisor's judgment, the circumstances require additional units to be assigned a Code-3 response, the supervisor may do so.

It is the supervisor's responsibility to terminate a Code-3 response that, in his/her judgment is inappropriate due to the circumstances.

When making the decision to authorize a Code-3 response, the Watch Commander or the field supervisor should consider the following:

- The type of call
- The necessity of a timely response
- Traffic and roadway conditions
- The location of the responding units

308.8 FAILURE OF EMERGENCY EQUIPMENT

If the emergency equipment on the vehicle should fail to operate, the officer must terminate the Code-3 response and respond accordingly. In all cases, the officer shall notify the Watch Commander, field supervisor, or the Communications Center of the equipment failure so that another unit may be assigned to the emergency response.

Canines

309.1 PURPOSE AND SCOPE

The Canine Program was established to augment police services to the community. Highly skilled and trained teams of handlers and canines have evolved from the program and are used to supplement police operations to locate individuals, contraband and to apprehend criminal offenders.

309.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 41.1.4, 84.1.4

309.2 GUIDELINES FOR THE USE OF CANINES

A canine may be used to locate and apprehend a suspect if the canine handler reasonably believes that the individual has either committed or threatened to commit any serious offense and if any of the following conditions exist:

- (a) There is a reasonable belief that the individual poses an imminent threat of violence or serious harm to the public, any officer, or the handler.
- (b) The individual is physically resisting or threatening to resist arrest and the use of a canine reasonably appears to be necessary to overcome such resistance.
- (c) The individual(s) is/are believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of officers or the public.

It is recognized that situations may arise that do not fall within the provisions set forth in this policy. In any such case, a standard of objective reasonableness shall be used to review the decision to use a canine in view of the totality of the circumstances.

Absent reasonable belief that an individual has committed or threatened to commit a serious offense, mere flight from pursuing officer(s) shall not serve as good cause for the use of a canine to apprehend the individual.

Once the individual has been located and no longer reasonably appears to represent a threat or risk of escape, the canine should be placed in a down-stay or otherwise secured as soon as it becomes reasonably practical.

309.2.1 PREPARATION FOR UTILIZING A CANINE

Prior to the use of a canine to search for or apprehend any individual, the canine handler and/or the supervisor on scene shall carefully consider all pertinent information that is reasonably available at the time. The information should include, but is not limited to the following:

- (a) The individual's age or estimate thereof.
- (b) The nature of the suspected offense.

Hayward Police Department

Hayward PD Policy Manual

Canines

- (c) Any potential danger to the public and/or other officers at the scene if the canine is released.
- (d) The degree of resistance or threatened resistance, if any, the subject has shown.
- (e) The potential for escape or flight if the police dog is not utilized.
- (f) The potential for injury to officers or the public caused by the suspect if the canine is not utilized.

As circumstances permit, the canine handler should make every reasonable effort to communicate and coordinate with other involved personnel to minimize the risk of unintended injury.

Generally, the decision whether to deploy the dog shall remain with the handler. The handler will evaluate each situation and determine if the use of the canine is technically feasible. However, a supervisor sufficiently apprised of the situation shall have the ultimate authority regarding the deployment of the dog.

309.2.2 WARNINGS GIVEN TO ANNOUNCE THE USE OF A CANINE

Unless it would otherwise increase the risk of injury or escape, a clearly audible warning to announce that a police service dog will be released if the person does not surrender, shall be made prior to releasing a police service dog. The handler should allow a reasonable time for a suspect to surrender. All audible warnings shall be recorded and retained pursuant to the provisions in this Policy Manual.

The police service dog handler, when practical, shall first advise the supervisor of their decision if a verbal warning is not given prior to releasing the police service dog. In the event of an apprehension, the handler shall document in any related report whether or not a verbal warning was given and, if none was given, the reasons why.

309.2.3 USE OF BOMB/EXPLOSIVE DETECTION DOGS

Because of the high risk of danger to the public and officers when a bomb or other explosive device is suspected, the use of a trained explosive detection dog team may be warranted. When available, a trained explosive detection dog team may be used in accordance with current law and under the following circumstances:

- (a) To assist in the search of a building, structure, area, vehicle or article where an actual or suspected explosive device has been reported or located.
- (b) To conduct preventative searches at locations such as special events, VIP visits, official buildings and other restricted areas. Because a dog sniff may be considered a search, such searches of individuals should remain minimally intrusive and shall be strictly limited to the purpose of detecting explosives.
- (c) To assist with searches at transportation facilities and vehicles (e.g., buses, airplanes and trains).

Hayward Police Department

Hayward PD Policy Manual

Canines

- (d) To assist in the search of scenes where an explosion has occurred and an explosive device or secondary explosive device is suspected.
- (e) At no time will a detection dog be used to render a suspected device safe or clear.

309.2.4 USE OF NARCOTIC-DETECTION CANINES

A narcotic-detection-trained canine may be used in accordance with current law under the following circumstances:

- (a) To assist in the search for narcotics during a search warrant service.
- (b) To obtain a search warrant by using the detection canine in support of probable cause.
- (c) To search vehicles, buildings, bags and any other articles deemed necessary. A narcotic-detection canine will not be used to search a person for narcotics.

309.2.5 GUIDELINES FOR NON-APPREHENSION USE

Because canines have senses far superior to those of humans, they may often be effectively utilized to track or search for non-criminals (e.g. lost children, individuals who may be disoriented or in need of medical attention) or even suspects wanted for minor criminal offenses. In such circumstances, it will be necessary for the handler to evaluate the conditions and ability of the canine to determine the feasibility of such an application.

- (a) Absent a change in circumstances that present an imminent threat to officers, the canine or the public, such applications should be conducted on leash or under such conditions that will minimize the likelihood that the canine will bite or otherwise injure the individual.
- (b) Throughout the deployment of the canine in such circumstances, the handler should consider issuing periodic verbal assurances that the canine will not bite or hurt the person.
- (c) Unless otherwise directed by a supervisor, assisting personnel should take direction from the handler in order to minimize interference with the canine.
- (d) Once the individual has been located, the canine should be placed in a down stay or otherwise secured as soon as it becomes reasonably practicable.

309.2.6 REPORTING CANINE USE, BITES AND INJURIES

Whenever the police service dog is deployed and it results in an injury to another person, a supervisor should be promptly notified. The injured party shall be promptly treated by emergency medical services personnel and, if appropriate, transported to an appropriate medical facility for further treatment. If the injured party is in custody, an officer should remain with the suspect until treatment has been rendered. Whenever the police service dog is deployed and it results in an injury to another person, a Police Service Dog Contact (PSD) Packet will be required (whether it is an intentional PSD apprehension or a non-deployed contact). Each individual handler will be responsible for putting together the PSD Contact Packet, which shall include the following:

Hayward Police Department

Hayward PD Policy Manual

Canines

- (a) All case and supplemental reports regarding the incident.
- (b) Copies of all photographs of injuries or lack thereof and any other pertinent photographs (e.g. photos of weapons possessed by the suspect(s) or photos of the area where the suspect(s) was hiding).
- (c) Copies of all digital recordings including, but not limited to, associated radio traffic, audio/video recordings of PSD announcements, and audio/video recordings of the PSD apprehension or non-deployed contact.
- (d) Any other pertinent information/documentation related to the PSD apprehension or non-deployed contact.

These documents and associated items shall be provided to the Canine Unit Supervisor for review. The Canine Unit Supervisor will then author a memorandum, which will include a summary of the incident, a review of the incident, and a finding/recommendation as it relates to the PSD deployment. The Canine Unit Supervisor will next route the memorandum to the Canine Unit Manager and the Special Operations Division Commander for approval. Once approved, the entire PSD Contact Packet will be assigned a number and given to the Internal Affairs Manager for retention. PSD Contact Packets will be retained for a minimum of 5 years, as with other administrative reviews retained in the Internal Affairs Unit File (refer to the Personnel Files Policy).

Patrol Supervisors will still be required to carry out a Blue Team entry for the reportable use of force.

Photographs of the bite or injury, or lack thereof, shall be taken as soon as practicable after tending to the immediate needs of the injured party. Photographs shall be retained as evidence in accordance with current Department evidence procedures. If a subject alleges of an injury that is not visible, a supervisor shall be notified and the location of the alleged injury should be photographed as described above.

The Canine Unit Supervisor will maintain liaison with the City of Hayward Animal Services Bureau to ensure that information regarding canine bites is not retained by its office. Canines used by law enforcement agencies are exempt from impoundment and reporting requirements to the Animal Services Bureau. However, the canine shall be made available for examination at any reasonable time if requested by the local health department. The canine handler shall also notify the local health department if the canine exhibits any abnormal behavior after a bite (Health and Safety Code § 121685).

309.2.7 REPORTING CANINE INJURIES

In the event that a canine is injured, the injury will be immediately reported to the Watch Commander.

Medical care for any injured canine shall follow the protocol established in the Medical Care of the Canine section of this policy.

The injury will be documented on a Canine Use Report Form.

Canines

309.2.8 ASSIGNMENT OF CANINES

The canine teams shall be assigned to the Special Operations Division to supplement and assist the Department.

Canine teams should function primarily as cover units however; they may be assigned by the Watch Commander to other functions based on the needs of the Department at the time.

Canine teams should not be assigned to handle matters that will take them out of service for extended periods of time unless absolutely necessary and only with the approval of the Watch Commander.

309.3 REQUEST FOR USE OF CANINE TEAMS

Personnel within the Department are encouraged to freely solicit the use of the police service dogs. Bureaus outside of the Special Operations Division requesting to use a police service dog team shall do so through the on-duty Watch Commander.

309.3.1 REQUEST FOR ASSISTANCE FROM OTHER AGENCIES

The Watch Commander must approve all requests for police service dog assistance from outside agencies subject to the following provisions:

- (a) Police service dog teams shall not be used outside the City of Hayward to perform any assignment that is not consistent with this policy.
- (b) The handler has the ultimate authority to decide whether the police service dog should be used for any specific assignment.
- (c) Police service dog teams shall not be called out while off-duty or used outside the City of Hayward unless authorized by the Watch Commander.
- (d) It shall be the responsibility of the canine handler to coordinate with outside agency personnel in order to minimize the risk of unintended injury.
- (e) It shall be the responsibility of the Police Service Dog handler to complete all necessary reports.

309.3.2 REQUEST FOR PUBLIC DEMONSTRATIONS

All public requests for a canine team shall be approved by the Unit Coordinator prior to making any commitment.

Handlers shall not demonstrate any apprehension work to the public unless authorized to do so by the Unit Coordinator.

309.4 SELECTION OF CANINE HANDLERS

The following are the minimum qualifications for the assignment of canine handler:

- (b) The handler shall maintain all Department equipment under his/her control in a clean and serviceable condition.
- (c) The canine handler may take home their Department assigned canine patrol vehicle. All policies relating to the use and safe operation of a police vehicle shall be adhered to by the canine handler. Whenever a canine handler takes his/her assigned vehicle home, the canine handler shall park the vehicle out of public view, preferably in a garage. The canine handler shall not use the canine vehicle for personal use. The vehicle take home privilege may be restricted or suspended by the Chief of Police or the Chief's designee based upon the operational, fleet, equipment, security and/or other needs of the Department.

- (f) When off-duty, canines shall be maintained in kennels, provided by the City, at the homes of their handlers. Canines

- (h) When off-duty, handlers shall not involve their canines in any activity or conduct unless approved in advance by the Canine Unit Supervisor or Watch Commander.

309.5.3 KENNELING OF CANINE

- (a) As kenneling a police service dog (PSD) for extensive periods can adversely affect the behavior and serviceability of the PSD, extensive kenneling is discouraged.
- (b) The City shall pay the cost of kenneling the canine in an approved kennel while the assigned handler is on approved vacation leave, up to the maximum number of vacation days earned by the canine handler in that calendar year.
 1. Where a handler takes one full week of vacation time, the City shall also pay the cost of kenneling the canine on the regular off days immediately preceding and/or immediately following the approved vacation time.
 2. Where a handler takes two or more full weeks of vacation time, the City shall also pay the cost of kenneling the canine on the regular off days in between the two or more full weeks of approved vacation time.

All records of medical treatment shall be maintained in the police service dog's individual record file.

309.6.2 EMERGENCY MEDICAL CARE

The handler shall notify the Canine Unit Supervisor as soon as practicable when emergency medical care for the canine is required.

Hayward Police Department

Hayward PD Policy Manual

Canines

Depending on the severity of the injury or illness, the canine shall either be treated by the designated veterinarian or transported to a designated emergency medical facility for treatment. If the handler and dog are out of the area, the handler may use the nearest available veterinarian.

309.6.3 REPORTING DEPLOYMENTS, BITES AND INJURIES

Whenever a canine deployment results in a bite or causes injury to an intended suspect, a supervisor should be promptly notified and the injuries documented in a canine use report. The injured person shall be promptly treated by emergency medical services personnel and, if appropriate, transported to an appropriate medical facility for further treatment. The deployment and injuries should also be included in any related incident or arrest report.

Any unintended bite or injury caused by a canine, whether on- or off-duty, shall be promptly reported to the canine coordinator. Unintended bites or injuries caused by a canine should be documented in an administrative report, not in a canine use report.

If an individual alleges an injury, either visible or not visible, a supervisor shall be notified and both the individual's injured and uninjured areas shall be photographed as soon as practicable after first tending to the immediate needs of the injured party. Photographs shall be retained as evidence in accordance with current department evidence procedures. The photographs shall be retained until the criminal proceeding is completed and the time for any related civil proceeding has expired.

Canines used by law enforcement agencies are generally exempt from impoundment and reporting requirements. However, the canine shall be made available for examination at any reasonable time if requested by the local health department. The canine handler shall also notify the local health department if the canine exhibits any abnormal behavior after a bite (Health and Safety Code § 121685).

309.7 TRAINING

Cross-trained dog teams or those dog teams trained exclusively for the detection of narcotics and/or explosives shall be trained and certified to meet the standards established for such detection dogs by the California Narcotic Canine Association or other recognized and approved certification standards.

The Unit Coordinator shall be responsible for scheduling periodic training for all department personnel in order to familiarize them with how to conduct themselves in the presence of department canines.

309.7.1 CONTINUED TRAINING

Each canine team shall thereafter be recertified to current POST guidelines and the California Narcotic Canine Association or other recognized and approved certification standards on an annual basis. Additional training considerations are as follows:

- (a) Canine teams shall receive training as defined in the current contract with the department's canine training provider.

Hayward Police Department

Hayward PD Policy Manual

Canines

- (b) Canine handlers are encouraged to engage in additional training with approval of the Unit Coordinator.
- (c) To ensure that all training is consistent, no handler, trainer, or outside vendor is authorized to train to a standard that is contrary to the policies of the Hayward Police Department.
- (d) All canine training shall be conducted while on-duty unless otherwise approved by the Unit Coordinator or Watch Commander.

309.7.2 FAILURE TO SUCCESSFULLY COMPLETE POST TRAINING

No police service dog team failing POST police service dog certification or other recognized and approved certification standards shall be deployed in the field until certification is achieved. When practical, pending successful certification, the police service dog handler shall be temporarily reassigned to regular patrol duties.

The procedures regarding Departmental Possession of Narcotic Detection Training Aids shall be followed and can be found in the Departmental Possession of Narcotic Detection Training Aids procedure.

309.9.1 CANINE IN PUBLIC AREAS

The canine should be kept on a leash when in areas that allow access to the public. Exceptions to this rule would include specific law enforcement operations for which the canine is trained.

- (a) A canine shall not be left unattended in any area to which the public may have access.
- (b) When the canine vehicle is left unattended, all windows and doors shall be secured in such a manner as to prevent unauthorized access to the canine. The handler shall also ensure that the unattended vehicle remains inhabitable for the canine.

Canines

309.9.2 IMMUNITY

All duly authorized peace officers acting in the performance of their official duties and any person working under their immediate direction, supervision or instruction are immune from prosecution under the Uniform Controlled Substance Act while providing substance abuse training or canine drug detection training (Health & Safety Code § 11367.5(b)).

309.10 HANDLER COMPENSATION

The canine handler shall be available for call-out under conditions specified by the canine coordinator.

The canine handler shall be compensated for time spent in the care, feeding, grooming, and other needs of the canine in accordance with the Fair Labor Standards Act (FLSA), and according to the terms of the collective bargaining agreement (29 USC § 207).

309.11 NON-DEPLOYED CANINE CONTACT

Anytime a person is knocked down, bitten, shoved, pawed, or otherwise physically contacted by a canine without handler direction whether on or off-duty, the handler shall:

- (a) Examine the affected area(s) on the person, and ensure that prompt medical care is provided if appropriate, including any first aid or summoning of qualified medical personnel or ambulance irrespective of the perceived seriousness of the bite or injury.
- (b) As soon as practical, contact the on-duty Watch Commander. The Watch Commander shall assign a supervisor to respond to the location. The assigned supervisor shall follow the protocol established in this policy.
- (c) Take photographs of the person's injury, or absence of injury, along with any injuries to the canine. All photographs shall be placed into evidence per procedure.
- (d) Attempt to obtain a recorded or written statement from the involved person and any witnesses.
- (e) Attempt to obtain a signed medical release form from the involved person.
- (f) Document an Incident Report containing the following:
 1. The details surrounding the incident.
 2. The nature and description of any injuries or lack thereof.
 3. All witness and involved subject statements.
 4. The description of any medical care or treatment that was rendered or refused.

If the incident occurs while off-duty, the handler shall complete this report immediately upon return to duty and forward it to the Canine Unit Coordinator for review and approval.

If on-duty, the handler shall complete the Incident Report and turn it in to the shift supervisor for review and approval before going off-duty.

Canines

309.12 SUPERVISOR RESPONSIBILITY OF NON-DEPLOYED CANINE CONTACT

Prior to the end of shift, the shift or assigned supervisor shall:

- (a) Review and approve all related reports.
- (b) Complete a "Non-Deployed Canine Contact" report in the Blue Team system.
- (c) Forward the Blue Team and all associated documents to the Canine Unit Coordinator.

The Canine Unit Coordinator shall:

- (a) Conduct a review of the Blue Team entry and all associated documents.
- (b) Document in a memorandum his/her findings on whether the incident was preventable or non-preventable.
- (c) Forward his/her memorandum and all associated documents to the Canine Unit Manager for review.

The Canine Unit Manager shall:

- (a) Review the memorandum and associated documents and forward them to the appropriate Division Commander with any recommendations.
- (b) After review and final disposition by the Division Commander, ensure all associated documents are forwarded with the Blue Team to the Internal Affairs Unit for file storage.

The Division Commander shall:

- (a) Review all documents and determine the appropriate course of action regarding the incident.
- (b) Document in a memorandum a final disposition regarding the matter and any action(s) taken.

309.13 CANINE INJURY AND MEDICAL CARE

In the event that a canine is injured, or there is an indication that the canine is not in good physical condition, the injury or condition will be reported to the canine coordinator or Watch Commander as soon as practicable and appropriately documented.

All medical attention shall be rendered by the designated canine veterinarian, except during an emergency where treatment should be obtained from the nearest available veterinarian. All records of medical treatment shall be maintained in the handler's personnel file.

309.14 TRAINING

Before assignment in the field, each canine team shall be trained and certified to meet current POST guidelines or other recognized and approved certification standards. Cross-trained canine teams or those canine teams trained exclusively for the detection of narcotics and/or explosives

Hayward Police Department

Hayward PD Policy Manual

Canines

also shall be trained and certified by the California Narcotic Canine Association (CNCA) or other recognized and approved certification standards established for their particular skills.

The canine coordinator shall be responsible for scheduling periodic training for all [department/office] members in order to familiarize them with how to conduct themselves in the presence of [department/office] canines. Because canines may be exposed to dangerous substances such as opioids, as resources are available, the canine coordinator should also schedule periodic training for the canine handlers about the risks of exposure and treatment for it.

All canine training should be conducted while on-duty unless otherwise approved by the canine coordinator or Watch Commander.

309.14.1 CONTINUED TRAINING

Each canine team shall thereafter be recertified to a current POST, CNCA or other recognized and approved certification standards on an annual basis. Additional training considerations are as follows:

- (a) Canine teams should receive training as defined in the current contract with the Hayward Police Department canine training provider.
- (b) Canine handlers are encouraged to engage in additional training with approval of the canine coordinator.
- (c) To ensure that all training is consistent, no handler, trainer or outside vendor is authorized to train to a standard that is not reviewed and approved by this department.

309.14.2 FAILURE TO SUCCESSFULLY COMPLETE TRAINING

Any canine team failing to graduate or obtain certification shall not be deployed in the field for tasks the team is not certified to perform until graduation or certification is achieved. When reasonably practicable, pending successful certification, the canine handler shall be temporarily reassigned to regular patrol duties.

309.14.3 TRAINING RECORDS

All canine training records shall be maintained in the canine handler's and the canine's training file.

309.14.4 TRAINING AIDS

Training aids are required to effectively train and maintain the skills of canines. Officers possessing, using or transporting controlled substances or explosives for canine training purposes must comply with federal and state requirements. Alternatively, the Hayward Police Department may work with outside trainers with the applicable licenses or permits.

309.14.5 CONTROLLED SUBSTANCE TRAINING AIDS

Officers acting in the performance of their official duties may possess or transfer controlled substances for the purpose of narcotics-detection canine training in compliance with state and federal laws (Health & Safety Code § 11367.5; 21 USC § 823(f)).

Hayward Police Department

Hayward PD Policy Manual

Canines

The Chief of Police or the authorized designee may authorize a member to seek a court order to allow controlled substances seized by the Hayward Police Department to be possessed by the member or a narcotics-detection canine trainer who is working under the direction of this [department/office] for training purposes, provided the controlled substances are no longer needed as criminal evidence.

As an alternative, the Chief of Police or the authorized designee may request narcotics training aids from the Drug Enforcement Administration (DEA).

These procedures are not required if the canine handler uses commercially available synthetic substances that are not controlled narcotics.

309.14.6 CONTROLLED SUBSTANCE PROCEDURES

Due to the responsibilities and liabilities involved with possessing readily usable amounts of controlled substances and the ever-present danger of the canine's accidental ingestion of these controlled substances, the following procedures shall be strictly followed:

- (a) All controlled substance training samples shall be weighed and tested prior to dispensing to the individual canine handler or trainer.
- (b) The weight and test results shall be recorded and maintained by this [department/office].
- (c) Any person possessing controlled substance training samples pursuant to court order or DEA registration shall maintain custody and control of the controlled substances and shall keep records regarding any loss of, or damage to, those controlled substances.
- (d) All controlled substance training samples will be inspected, weighed, and tested quarterly. The results of the quarterly testing shall be recorded and maintained by the canine coordinator with a copy forwarded to the dispensing agency.
- (e) All controlled substance training samples will be stored in locked, airtight, and watertight cases at all times, except during training. The locked cases shall be secured in the trunk of the canine handler's assigned patrol vehicle during transport and stored in an appropriate locked container. There are no exceptions to this procedure.
- (f) The canine coordinator shall periodically inspect every controlled substance training sample for damage or tampering and take any appropriate action.
- (g) Any unusable controlled substance training samples shall be returned to the Property and Evidence Bureau or to the dispensing agency.
- (h) All controlled substance training samples shall be returned to the dispensing agency upon the conclusion of the training or upon demand by the dispensing agency.

309.14.7 EXPLOSIVE TRAINING AIDS

Officers may possess, transport, store, or use explosives or destructive devices in compliance with state and federal laws (Penal Code § 18800; 18 USC § 842; 27 CFR 555.41).

Explosive training aids designed specifically for canine teams should be used whenever feasible. Due to the safety concerns in the handling and transportation of explosives, inert or non-hazardous

Hayward Police Department

Canines

training aids should be employed whenever feasible. The use of explosives or destructive devices for training aids by canine teams is subject to the following:

- (a) All explosive training aids, when not in use, shall be properly stored in a secure facility appropriate for the type of materials.
- (b) An inventory ledger shall be maintained to document the type and quantity of explosive training aids that are stored.
- (c) The canine coordinator shall be responsible for verifying the explosive training aids on hand against the inventory ledger once each quarter.
- (d) Only members of the canine team shall have access to the explosive training aids storage facility.
- (e) A primary and secondary custodian will be designated to minimize the possibility of loss of explosive training aids during and after the training. Generally, the handler will be designated as the primary custodian while the trainer or authorized second person on-scene will be designated as the secondary custodian.
- (f) Any lost or damaged explosive training aids shall be promptly reported to the canine coordinator, who will determine if any further action will be necessary. Any loss of explosives will be reported to the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF).

Domestic Violence

310.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce domestic violence through vigorous enforcement and to address domestic violence as a serious crime against society. The policy specifically addresses the commitment of this Department to take enforcement action when appropriate, to provide assistance to victims and to guide officers in the investigation of domestic violence.

310.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 1.2.5, 1.2.6, 1.2.7, 74.1.1, 74.1.2, 74.2.1, 82.2.1

310.1.2 DEFINITIONS

Definitions related to this policy include:

Abuse - means intentionally or recklessly causing or attempting to cause bodily injury, or placing another person in reasonable apprehension of imminent serious bodily injury.

Domestic Violence - is abuse committed against an adult or minor who is a spouse, former spouse, cohabitant, former cohabitant, or a person with whom the suspect has had a child or is having or has had a dating or engagement relationship.

Cohabitant - means two unrelated adult persons living together for a substantial period of time, resulting in some permanence of relationship. Factors that may determine whether persons are cohabiting include, but are not limited to:

- Sexual relations between the parties while sharing the same living quarters
- Sharing of income or expenses
- Joint use or ownership of property
- Whether the parties hold themselves out as husband and wife
- The continuity of the relationship
- The length of the relationship

The above definition of cohabitant is used for the application of enforcing Penal Code § 273.5. Family Code § 6209 expands the definition of cohabitant to include a person who regularly resides in the household for the application of enforcing Penal Code § 836(d).

Court Order - All forms of orders related to domestic violence, that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made.

Officer/Deputy - means any law enforcement officer employed by a local police department or sheriff's department, consistent with Penal Code § 830.1.

Victim - means a person who is a victim of domestic violence.

Domestic Violence

310.2 POLICY

The Hayward Police Department's response to incidents of domestic violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence is criminal behavior. It is also the policy of this department to facilitate victims' and offenders' access to appropriate civil remedies and community resources whenever feasible.

310.3 OFFICER SAFETY

The investigation of domestic violence cases often places officers in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all officers to exercise due caution and reasonable care in providing for the safety of any officers and parties involved.

310.3.1 FELONY ARRESTS

In accordance with state law, an arrest should be made when there is probable cause to believe a felony has occurred.

310.4 INVESTIGATIONS

The following guidelines should be followed by officers when investigating domestic violence cases:

- (a) Calls of reported, threatened, imminent or ongoing domestic violence and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.
- (b) When practicable, officers should obtain and document statements from the victim, the suspect and any witnesses, including children, in or around the household or location of occurrence.
- (c) Officers should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.
- (d) When practicable and legally permitted, video or audio record all significant statements and observations.
- (e) All injuries should be photographed, regardless of severity, taking care to preserve the victim's personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the Criminal Investigations Bureau in the event that the injuries later become visible.
- (f) Officers should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.

Hayward Police Department

Hayward PD Policy Manual

Domestic Violence

- (g) If the suspect is no longer at the scene, officers should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement and make an arrest or seek an arrest warrant if appropriate.
- (h) Seize any firearms or other dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence. If the domestic violence involved threats of bodily harm, any firearm discovered in plain view or pursuant to consent or other lawful search must be taken into temporary custody (Penal Code § 18250).
- (i) When completing an incident or arrest report for violation of a court order, officers should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting officer should attach a copy of the order to the incident or arrest report.
- (j) Officers should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:
 - 1. Marital status of suspect and victim.
 - 2. Whether the suspect lives on the premises with the victim.
 - 3. Claims by the suspect that the victim provoked or perpetuated the violence.
 - 4. The potential financial or child custody consequences of arrest.
 - 5. The physical or emotional state of either party.
 - 6. Use of drugs or alcohol by either party.
 - 7. Denial that the abuse occurred where evidence indicates otherwise.
 - 8. A request by the victim not to arrest the suspect.
 - 9. Location of the incident (public/private).
 - 10. Speculation that the complainant may not follow through with the prosecution.
 - 11. The racial, cultural, social, professional position or sexual orientation of the victim or suspect.

310.4.1 IF A SUSPECT IS ARRESTED

If a suspect is arrested, officers should:

- (a) Advise the victim that there is no guarantee the suspect will remain in custody.
- (b) Advise the victim whether any type of court order will be in effect when the suspect is released from jail.

Hayward Police Department

Hayward PD Policy Manual

Domestic Violence

- (c) When appropriate, officers should advise the victim of the availability of the Victim Information and Notification Everyday (VINE) Program. VINE is a free, computer-based telephone service that allows victims to check on an offender's custody status and register to receive automatic notification when an inmate is released from County Jail. The contact phone number for VINE is printed on the Hayward Domestic Violence Information Pamphlet.

310.4.2 IF NO ARREST IS MADE

If no arrest is made, the officer should:

- (a) Advise the parties of any options, including but not limited to:
 1. Voluntary separation of the parties.
 2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim witness unit).
- (b) Document the resolution in a report.

310.5 VICTIM ASSISTANCE

Victims may be traumatized or confused. Officers should:

- (a) Recognize that a victim's behavior and actions may be affected.
- (b) Provide the victim with the Department's Domestic Violence Information Pamphlet, even if the incident may not rise to the level of a crime.
- (c) Alert the victim to any available victim advocates, shelters and community resources.
- (d) Stand by for a reasonable amount of time when an involved person requests law enforcement assistance while removing essential items of personal property.
- (e) Seek medical assistance as soon as practicable for the victim if he/she has sustained injury or complains of pain.
- (f) Ask the victim whether he/she has a safe place to stay. Assist in arranging to transport the victim to an alternate shelter if the victim expresses a concern for his/her safety or if the officer determines that a need exists.
- (g) Make reasonable efforts to ensure that children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.
- (h) Seek or assist the victim in obtaining an emergency order if appropriate.

310.5.1 RECORDING INJURIES AND STATEMENTS

All visible injuries should be photographed regardless of severity and all victims shall receive proper medical care prior to being photographed, if needed or desired. If feasible, officers may video-record injuries and victim statements. Officers should request that the victim complete and sign an Authorization for Release of Medical Records Form.

Domestic Violence

Victims whose injuries are not visible at the time of the incident should be advised to contact the Criminal Investigations Bureau, in the event the injuries later become visible. An inspector/detective may be assigned to ensure the injuries are photographed during the course of preparing the case for court.

310.6 DISPATCH ASSISTANCE

All calls of domestic violence, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Officers should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.

310.7 FOREIGN COURT ORDERS

Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe, or territory shall be enforced by officers as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court or foreign order shall be enforced, regardless of whether the order has been properly registered with this state (Family Code § 6403).

Canadian domestic violence protection orders shall also be enforced in the same manner as if issued in this state (Family Code § 6452).

310.8 VERIFICATION OF COURT ORDERS

Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, officers should carefully review the actual order when available, and where appropriate and practicable:

- (a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.
 1. If a determination is made that a valid foreign order cannot be enforced because the subject has not been notified or served the order, the officer shall inform the subject of the order, make a reasonable effort to serve the order upon the subject, and allow the subject a reasonable opportunity to comply with the order before enforcing the order. Verbal notice of the terms of the order is sufficient notice (Family Code § 6403).
- (b) Check available records or databases that may show the status or conditions of the order.
 1. Registration or filing of an order in California is not required for the enforcement of a valid foreign order (Family Code § 6403).

Hayward Police Department

Hayward PD Policy Manual

Domestic Violence

- (c) Contact the issuing court to verify the validity of the order.
- (d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Officers should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Officers should contact a supervisor for clarification when needed.

310.9 LEGAL MANDATES AND RELEVANT LAWS

California law provides for the following:

310.9.1 STANDARDS FOR ARRESTS

Officers investigating a domestic violence report should consider the following:

- (a) An arrest should be made when there is probable cause to believe that a felony or misdemeanor domestic violence offense has been committed (Penal Code § 13701). Any decision to not arrest an adult when there is probable cause to do so requires supervisor approval.
 - 1. Officers are only authorized to make an arrest without a warrant for a misdemeanor domestic violence offense if the officer makes the arrest as soon as probable cause arises (Penal Code § 836).
- (b) An officer responding to a domestic violence call who cannot make an arrest will advise the victim of his/her right to make a private person's arrest. The advisement should be made out of the presence of the suspect and shall include advising the victim how to safely execute the arrest. Officers shall not dissuade victims from making a lawful private person's arrest. Officers should refer to the provisions in the Private Persons Arrests Policy for options regarding the disposition of private person's arrests (Penal Code § 836(b)).
- (c) Officers shall not cite and release a person for the following offenses (Penal Code § 853.6(a)(3)):
 - 1. Penal Code § 243(e)(1) (battery against spouse, cohabitant)
 - 2. Penal Code § 273.5 (corporal injury on spouse, cohabitant, fiancé/fiancée, person of a previous dating or engagement relationship, mother/father of the offender's child)
 - 3. Penal Code § 273.6 (violation of protective order) if violence or threats of violence have occurred or the suspect has gone to the workplace or residence of the protected party
 - 4. Penal Code § 646.9 (stalking)
 - 5. Other serious or violent felonies specified in Penal Code § 1270.1
- (d) In responding to domestic violence incidents, including mutual protective order violations, officers should generally be reluctant to make dual arrests. Officers shall make reasonable efforts to identify the dominant aggressor in any incident. The dominant aggressor is the person who has been determined to be the most significant,

Hayward Police Department

Hayward PD Policy Manual

Domestic Violence

rather than the first, aggressor (Penal Code § 13701). In identifying the dominant aggressor, an officer shall consider:

1. The intent of the law to protect victims of domestic violence from continuing abuse.
 2. The threats creating fear of physical injury.
 3. The history of domestic violence between the persons involved.
 4. Whether either person acted in self-defense.
- (e) An arrest shall be made when there is probable cause to believe that a violation of a domestic violence court order has been committed (Penal Code § 13701; Penal Code § 836), regardless of whether the offense was committed in the officer's presence. After arrest, the officer shall confirm that a copy of the order has been registered, unless the victim provides a copy (Penal Code § 836).

310.9.2 COURT ORDERS

- (a) An officer who obtains an emergency protective order from the court shall serve it on the restrained person if the person can be reasonably located, and shall provide the person protected or the person's parent/guardian with a copy of the order. The officer shall file a copy with the court as soon as practicable and shall have the order entered into the computer database system for protective and restraining orders maintained by the Department of Justice (Family Code § 6271; Penal Code § 646.91).
- (b) At the request of the petitioner, an officer at the scene of a reported domestic violence incident shall serve a court order on a restrained person (Family Code § 6383; Penal Code § 13710).
- (c) Any officer serving a protective order that indicates that the respondent possesses weapons or ammunition shall request that the firearm/ammunition be immediately surrendered (Family Code § 6389(c)(2)).
- (d) During the service of a protective order any firearm discovered in plain view or pursuant to consent or other lawful search shall be taken into temporary custody (Penal Code § 18250).
- (e) If a valid Canadian order cannot be enforced because the person subject to the order has not been notified or served with the order, the officer shall notify the protected individual that reasonable efforts shall be made to contact the person subject to the order. The officer shall make a reasonable effort to inform the person subject to the order of the existence and terms of the order and provide him/her with a record of the order, if available, and shall allow the person a reasonable opportunity to comply with the order before taking enforcement action (Family Code § 6452).

310.9.3 PUBLIC ACCESS TO POLICY

A copy of this domestic violence policy will be provided to members of the public upon request (Penal Code § 13701).

Hayward Police Department

Hayward PD Policy Manual

Domestic Violence

310.9.4 REPORTS AND RECORDS

- (a) A written report shall be completed on all incidents of domestic violence. All such reports should be documented on the appropriate form, which includes information and notations specific to domestic violence incidents as required by Penal Code § 13730.
- (b) Reporting officers should provide the victim with the case number of the report. The case number may be placed in the space provided on the domestic violence victim information handout provided to the victim. If the case number is not immediately available, an explanation should be given regarding how the victim can obtain the information at a later time.
- (c) Officers who seize any firearm or other deadly weapon in a domestic violence incident shall issue the individual possessing such weapon a receipt that includes the name and residential mailing address of the owner or person who possessed the weapon and notice of where the weapon may be recovered, along with the applicable time limit for recovery (Penal Code § 18250; Penal Code § 18255; Penal Code § 33800; Family Code § 6389(c)(2)).

310.9.5 RECORD-KEEPING AND DATA COLLECTION

This [department/office] shall maintain records of court orders related to domestic violence and the service status of each (Penal Code § 13710), as well as records on the number of domestic violence related calls reported to the [Department/Office], including whether weapons were used in the incident or whether the incident involved strangulation or suffocation (Penal Code § 13730). This information is to be reported to the Attorney General monthly. It shall be the responsibility of the Records Administrator to maintain and report this information as required.

310.9.6 DECLARATION IN SUPPORT OF BAIL INCREASE

Any officer who makes a warrantless arrest for a felony or misdemeanor violation of a domestic violence restraining order shall evaluate the totality of the circumstances to determine whether reasonable cause exists to seek an increased bail amount. If there is reasonable cause to believe that the scheduled bail amount is insufficient to assure the arrestee's appearance or to protect the victim or family member of a victim, the officer shall prepare a declaration in support of increased bail (Penal Code § 1269c).

Search and Seizure

311.1 PURPOSE AND SCOPE

Both the federal and state Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Hayward Police Department personnel to consider when dealing with search and seizure issues.

311.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 1.2.4, 42.2.2

311.2 POLICY

It is the policy of the Hayward Police Department to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this department will comply with relevant federal and state law governing the seizure of persons and property.

The Department will provide relevant and current training to officers as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

311.3 SEARCHES

The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this department is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Hayward Police Department

Hayward PD Policy Manual

Search and Seizure

Whenever practicable, officers are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.

311.4 SEARCH PROTOCOL

Although conditions will vary and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances permit:

- (a) Members of this department will strive to conduct searches with dignity and courtesy.
- (b) Officers should explain to the person being searched the reason for the search and how the search will be conducted.
- (c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. . When conducting property searches related to search warrants, parole, or probation searches, officers should take overall photographs of the rooms or property searched prior to and after the search is completed to document the condition of the property. Photographs shall be placed into evidence. Justification for not taking overall photographs shall be memorialized in the associated report. Property should be left in a condition as close as reasonably possible to its pre-search condition.
- (d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.
- (e) When the person to be searched is of the opposite sex as the searching officer, a reasonable effort should be made to summon an officer of the same sex as the subject to conduct the search. When it is not practicable to summon an officer of the same sex as the subject, the following guidelines should be followed:
 1. Another officer or a supervisor should witness the search.
 2. The officer should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.

311.5 DOCUMENTATION

With the exception of routine, cursory pat searches for reasons of officer safety, officers are responsible to document any search conducted either pursuant to a lawful warrant, or based on any of the exception criteria listed in the Policy Manual. The report should include documentation of the following:

- Reason for the search
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
- What, if any, injuries or damage occurred
- All steps taken to secure property

Hayward Police Department

Hayward PD Policy Manual

Search and Seizure

- The results of the search, including a description of any property or contraband seized
- If the person searched is the opposite sex, any efforts to summon an officer of the same sex as the person being searched and the identification of any witness officer

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented and that current legal requirements and Department policy have been met.

Juvenile Operations

312.1 PURPOSE AND SCOPE

This Policy is to establish guidelines and operational procedures for the Department regarding aspects of preventing and combating juvenile delinquency.

312.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 1.1.3, 1.2.6, 1.2.7, 44.1.1, 44.1.2, 44.1.3, 44.2.1, 44.2.4

312.2 RESPONSIBILITY OF DEPARTMENT MEMBERS

The Hayward Police Department recognizes the importance of preventing and combating juvenile delinquency. The Department also further recognizes that traditional methods for dealing with juvenile offenders are not sufficient. To meet its commitment to provide exceptional services to the community, the Department participates in preventive programs and actions designed to prevent young people from developing criminal tendencies.

Officers have a wide range of alternatives they may employ when dealing with juvenile offenders from warnings to intake. Officers should use the least coercive alternative, consistent with preserving public safety, order, and individual liberty that is appropriate when deciding what action to take with juvenile offenders. Furthermore, it is the policy of the Hayward Police Department to implement problem-solving strategies through positive programs that deal with delinquency and youth crime.

All employees share in the responsibility for participating in and supporting the juvenile operations function to ensure that the appropriate action is taken in all cases where juveniles come to the attention of the Department. All sworn personnel will maintain a working knowledge of the California Welfare and Institutions Code concerning the handling of juveniles and familiarize themselves with the various support programs the Juvenile Court uses. Each officer assists, as applicable, in the design and implementation of programs intended to prevent and control delinquent and criminal behavior by juveniles.

312.2.1 TEMPORARY JUVENILE CUSTODY

When taking a juvenile into temporary custody, officers should select from the following alternatives the most appropriate course of action dependent upon the situation and needs of the juvenile:

- Divert the juvenile from the Court by release, counsel and release, release to parent or guardian on a Notice to Appear (NTA) to Juvenile Court, or referral to community resources (Diversion Program)
- Seek a Juvenile petition
- Seek a Juvenile petition and request a custody order

Refer to the Temporary Custody of Juveniles Policy for additional requirements.

Hayward Police Department

Hayward PD Policy Manual

Juvenile Operations

312.2.2 CRIMINAL JUSTICE DIVERSION PROGRAMS

The Alameda County Juvenile Probation Department contracts with the Hayward Police Department's Youth and Family Services Bureau (YFSB) to provide criminal justice diversion programs for juvenile offenders arrested and issued a Notice to Appear (NTA) for criminal behavior.

A Juvenile Sergeant and YFSB Counseling Supervisor review each NTA for diversion eligibility, refer eligible youth and families to YFSB diversion programs (NTA Diversion; Petty Theft Workshop) and/or outside service providers on a case by case basis, and refer ineligible or non-compliant NTA cases to the Alameda County Probation Department.

These criminal justice diversion programs provide an opportunity for juvenile offenders issued a NTA to be diverted from the juvenile justice system, the goal of such diversion being to provide community-level, individualized, family focused and "in-depth" interventions in order to reduce recidivism and the need for more expensive, intensive and restrictive responses by the Probation Department/Juvenile Court.

The Hayward Police Department currently does not provide a role in Social Service diversion programs, as these are handled by the Alameda County Health Department.

312.3 JUVENILE SPECIALISTS - SCHOOL RESOURCE OFFICERS

The Hayward Police Department recognizes the importance of having employees who are specially trained regarding the Juvenile Justice System. The School Resource Officers (SROs) serve as the Department's juvenile specialists and are assigned to the Investigation Division. The SROs assist in the development and implementation of delinquency prevention programs and act as the liaison between the Department, schools and other components of the Juvenile Justice System. This relationship ensures the Department's juvenile policies and procedures are consistent with other agencies within Alameda County.

312.3.1 COMMUNITY-BASED YOUTH PROGRAMS

Temporary Custody of Juveniles

313.1 PURPOSE AND SCOPE

This policy provides guidelines consistent with rules regarding juveniles taken into temporary custody by members of the Hayward Police Department.

Guidance regarding contacting juveniles at schools or who may be victims is provided in the Child Abuse Policy.

313.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 1.2.6, 44.2.1, 44.2.2, 44.2.3, 71.1.1, 71.2.1, 71.3.1, 71.3.2, 71.3.3, 71.4.1, 71.4.2, 71.4.3, 71.5.1, 82.1.2.

313.1.2 DEFINITIONS

Definitions related to this policy include:

Juvenile non-offender - An abused, neglected, dependent, or alien juvenile who may be legally held for his/her own safety or welfare. This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for his/her protection or for purposes of reuniting the juvenile with a parent, guardian, or other responsible person. Juveniles 11 years of age or younger are considered juvenile non-offenders even if they have committed an offense that would subject an adult to arrest.

Juvenile offender - A juvenile 12 to 17 years of age who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense) (Welfare and Institutions Code § 602). It also includes an offense under Penal Code § 29610 for underage possession of a handgun or concealable firearm (28 CFR 31.303).

Non-secure custody - When a juvenile is held in the presence of an officer or other custody employee at all times and is not placed in a locked room, cell, or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation (Welfare and Institutions Code § 207.1(d); 15 CCR 1150).

Safety checks - Direct, visual observation personally by a member of this [department/office] performed at random intervals within time frames prescribed in this policy to provide for the health and welfare of juveniles in temporary custody.

Secure custody - When a juvenile offender is held in a locked room, a set of rooms, or a cell. (15 CCR 1146).

Examples of secure custody include:

- (a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.
- (b) A juvenile handcuffed to a rail.

Hayward Police Department

Hayward PD Policy Manual

Temporary Custody of Juveniles

- (c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.
- (d) A juvenile being processed in a secure booking area when a non-secure booking area is available.
- (e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.
- (f) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.
- (g) A juvenile placed in a room that is capable of being locked.

Sight and sound separation - Located or arranged to prevent physical, visual, or auditory contact.

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, curfew violation, and truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender. This includes the habitually disobedient or truant juvenile under Welfare and Institutions Code § 601 and any juvenile suspected of an offense that would not subject an adult to arrest (e.g., fine-only offense).

313.1.3 PHILOSOPHY

It shall be the philosophy of the Hayward Police Department to be especially responsive to the physical, psychological and emotional well-being of juveniles in our community. In making decisions about dispositions of juveniles in the care or custody of the Hayward Police Department, preference will be given to the alternative which least restricts the juvenile's freedom of movement, provided such alternative is compatible with the best interest of the minor and the community.

In furtherance of this philosophy, all Departmental personnel who detain or process juveniles shall complete initial training in the detention of juveniles and retraining at least once every three years. Review of the Peace Officer Standards and Training (POST) video "Temporary Detention of Juveniles in Law Enforcement Facilities" and receipt of the associated training supplement, as provided by the Board of State and Community Corrections, shall deem compliance. Documentation of training completion shall be maintained in the Department's Personnel and Training Bureau.

313.2 POLICY

The Hayward Police Department is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the Hayward Police Department. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer or release.

Temporary Custody of Juveniles

313.3 JUVENILES WHO SHOULD NOT BE HELD

Juveniles who exhibit any of the following conditions should not be held at the Hayward Police Department:

- (a) Unconscious
- (b) Seriously injured
- (c) A known suicide risk or obviously severely emotionally disturbed
- (d) Significantly intoxicated except when approved by the Watch Commander. A medical clearance shall be obtained for minors who are under the influence of drugs, alcohol or any other intoxicating substance to the extent that they are unable to care for themselves (15 CCR 1151).
- (e) Extremely violent or continuously violent

Officers taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation (15 CCR 1142; 15 CCR 1151).

These juveniles should not be held at the Hayward Police Department unless they have been evaluated by a qualified medical and/or mental health professional (15 CCR 1142).

If the officer taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release or a transfer is completed (15 CCR 1142).

313.3.1 EMERGENCY MEDICAL CARE OF JUVENILES IN CUSTODY

When emergency medical attention is required for a juvenile, medical assistance will be called immediately. The Watch Commander shall be notified of the need for medical attention for the juvenile. Department members should administer first aid as applicable (15 CCR 1142).

313.3.2 SUICIDE PREVENTION OF JUVENILES IN CUSTODY

Department members should be alert to potential symptoms based upon exhibited behavior that may indicate the juvenile is a suicide risk. These symptoms may include depression, refusal to communicate, verbally threatening to kill him/herself or any unusual behavior which may indicate the juvenile may harm him/herself while in either secure or non-secure custody (15 CCR 1142).

313.4 CUSTODY OF JUVENILES

Officers should take custody of a juvenile and temporarily hold the juvenile at the Hayward Police Department when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile that is suspected of being a victim.

No juvenile should be held in temporary custody at the Hayward Police Department without authorization of the arresting officer's supervisor or the Watch Commander. Juveniles taken into custody shall be held in non-secure custody unless otherwise authorized by this policy.

Hayward Police Department

Hayward PD Policy Manual

Temporary Custody of Juveniles

Any juvenile taken into custody shall be released to the care of the juvenile's parent or other responsible adult or transferred to a juvenile custody facility or to other authority as soon as practicable and in no event shall a juvenile be held beyond six hours from the time of his/her entry into the Hayward Police Department (34 USC § 11133; Welfare and Institutions Code § 207.1(d)).

313.4.1 CUSTODY OF JUVENILE NON-OFFENDERS

Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Hayward Police Department. Custodial arrangements should be made for non-offenders as soon as reasonably possible. Juvenile non-offenders shall not be held in secure custody (34 USC § 11133; Welfare and Institutions Code § 206).

Juveniles 11 years of age or younger who have committed an offense that would subject an adult to arrest may be held in non-secure custody for the offenses listed in Welfare and Institutions Code § 602(b) (murder and the sexual assault offenses) and should be referred to a probation officer for a placement determination.

313.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS

Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, officers may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders shall not be held in secure custody (34 USC § 11133).

313.4.3 CUSTODY OF JUVENILE OFFENDERS

Juvenile offenders should be held in non-secure custody while at the Hayward Police Department unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

Generally, a juvenile offender may be taken into custody when authorized by a court order or when there is probable cause to believe the juvenile has committed an offense that would subject an adult to arrest (Welfare and Institutions Code § 625).

A juvenile offender who is 14 years of age or older and suspected of using a firearm in violation of Welfare and Institutions Code 625.3 shall be transported to a juvenile facility.

A juvenile offender suspected of committing murder or a sex offense that may subject a juvenile to criminal jurisdiction under Welfare and Institutions Code § 602(b), or a serious or violent felony should be referred to a probation officer for a decision on further detention.

In all other cases the juvenile offender may be:

- (a) Released upon warning or citation.
- (b) Released to a parent or other responsible adult after processing at the Department.
- (c) Referred to a probation officer for a decision regarding whether to transport the juvenile offender to a juvenile facility.

Hayward Police Department

Hayward PD Policy Manual

Temporary Custody of Juveniles

- (d) Transported to his/her home or to the place where the juvenile offender was taken into custody (Welfare and Institutions Code § 207.2).

In determining which disposition is appropriate, the investigating officer or supervisor shall prefer the alternative which least restricts the juvenile's freedom of movement, provided that alternative is compatible with the best interests of the juvenile and the community (Welfare and Institutions Code § 626).

Whenever a juvenile offender under the age of 14 is taken into custody, the officer should take reasonable steps to verify and document the child's ability to differentiate between right and wrong, particularly in relation to the alleged offense (Penal Code § 26).

313.4.4 JUVENILE OFFENDER DETENTION ROOMS

The Hayward Police Department has provided juvenile detention rooms outside of the adult jail facility. These rooms are designed for the temporary detention of juvenile offenders. Authorized personnel placing juvenile offenders in detention rooms shall thoroughly search them and shall comply with the following:

- (a) Firearms shall be secured in a designated firearm locker prior to entering any juvenile detention room. Department issued portable radios capable of summoning emergency assistance shall be worn by all law enforcement personnel entering a temporary detention room.
- (b) It is the officer's responsibility to notify their supervisor that a detention has begun. The juvenile must be told the reason for incarceration, the length of time secure detention will last and that it may not exceed a total of six hours.
- (c) Any juvenile placed in a locked detention room shall be separated according to sex and the severity of the crime (felony or misdemeanor) unless emergency circumstances will not allow for this type of segregation. When such separation is not possible, the Watch Commander or Sergeant shall be consulted for directions on how to proceed with the detention of the multiple juveniles involved.
- (d) A written record will be maintained on the Juvenile Custody Log located on the Departmental Intranet site. This log will include the charges for which the juvenile is being detained, the circumstances that warrant a secured detention, the time the detention began, and the time it ended. Refer to this policy for further requirements.
- (e) It is the responsibility of the officer to monitor the custody of the juvenile and to prepare the necessary paperwork to process the juvenile for release to a parent, guardian, or the appropriate juvenile custody facility. The Watch Commander and/or Patrol supervisor shall be notified in all cases when a juvenile is detained at this Department.
- (f) A thorough inspection of the detention room shall be conducted before placing a juvenile into the room. A second inspection shall be conducted after removing the

Hayward Police Department

Hayward PD Policy Manual

juvenile. Any contraband left or damage noted to the room shall be photographed and documented in the crime report and additional charges added as appropriate.

- (g) The juvenile detention rooms are inspected biennially by the Board of State and Community Corrections and the associated report is forwarded to the Chief of Police. The inspection reviews and verifies the Departments plan for fire prevention, fire evacuation, and fire suppression for the temporary detention room(s). To assist with fire evacuation, escape route maps are located throughout the police department. A copy of the most recent report shall be maintained in the Jail Administrator's office and available for administrative review at all times.

313.5 ADVISEMENTS

Officers shall take immediate steps to notify the juvenile's parent, guardian, or a responsible relative that the juvenile is in custody, the location where the juvenile is being held, and the intended disposition (Welfare and Institutions Code § 627).

Whenever a juvenile is taken into temporary custody, he/she shall be given the *Miranda* rights advisement regardless of whether questioning is intended (Welfare and Institutions Code § 625).

Anytime a juvenile offender is placed in secure custody, he/she shall be informed of the purpose of the secure custody, the length of time the secure custody is expected to last, and of the maximum six-hour limitation (Welfare and Institutions Code § 207.1(d)).

Juveniles taken into custody for an offense shall immediately be advised (or at least within one hour from being taken into custody, if possible) that they may make three telephone calls: one call completed to his/her parent or guardian; one to a responsible relative or his/her employer; and another call completed to an attorney. The calls shall be at no expense to the juvenile when completed to telephone numbers within the local calling area. Juveniles should be asked whether they are a caregiver and provided two more phone calls in the same manner as provided to adults in the Temporary Custody of Adults Policy (Welfare and Institutions Code § 627; Penal Code § 851.5).

313.6 JUVENILE CUSTODY LOGS

Any time a juvenile is held in custody at the Department, the custody shall be promptly and properly documented in the juvenile custody log, including:

- (b) Date and time of arrival and release from the Hayward Police Department (15 CCR 1150).
- (c) Watch Commander notification and approval to temporarily hold the juvenile.

Sight and sound separation shall be maintained between all juveniles and adults while in custody at the [Department/Office] (34 USC § 11133; Welfare and Institutions Code § 207.1(d); Welfare and Institutions Code § 208; 15 CCR 1144). There should also be sight and sound separation between non-offenders and juvenile and status offenders.

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the Hayward Police Department (trained in the supervision of persons in custody) shall maintain a constant, immediate, side-by-side presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact (15 CCR 1144).

313.8 TEMPORARY CUSTODY REQUIREMENTS

Members and supervisors assigned to monitor or process any juvenile at the Hayward Police Department shall ensure the following:

- (a) The Watch Commander should be notified if it is anticipated that a juvenile may need to remain at the Hayward Police Department more than four hours. This will enable the Watch Commander to ensure no juvenile is held at the Hayward Police Department more than six hours.
- (b) A staff member of the same sex shall supervise personal hygiene activities and care, such as changing clothing or using the restroom, without direct observation to allow for privacy.
- (c) Personal safety checks and significant incidents/activities shall be noted on the log.
- (d) Juveniles in custody are informed that they will be monitored at all times, except when using the toilet.
 - 1. There shall be no viewing devices, such as peep holes or mirrors, of which the juvenile is not aware.
 - 2. This does not apply to surreptitious and legally obtained recorded interrogations.

313.8.1 MONITORING OF JUVENILES IN TEMPORARY CUSTODY

Every juvenile that is being detained at the Hayward Police Department shall be personally monitored by a trained staff member at all times. This requirement provides for the safety and security of the juvenile and the facility, as well as escape prevention. This monitoring may be supplemented by video/audio equipment; however use of such equipment does not replace the requirement for personal monitoring. In addition to personal visual monitoring, face-to-face contact shall be made at least once every 30 minutes and the need for drinking water, restroom facility use, or other personal needs ascertained as provided in this policy.

313.9 USE OF RESTRAINT DEVICES

Juvenile offenders may be handcuffed in accordance with the Handcuffing and Restraints Policy. A juvenile offender may be handcuffed at the Hayward Police Department when the juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening (15 CCR 1142).

Other restraints shall only be used after less restrictive measures have failed and with the approval of the Watch Commander. Restraints shall only be used so long as it reasonably appears necessary for the juvenile's protection or the protection of others (15 CCR 1142).

Juveniles in restraints shall be kept away from other unrestrained juveniles or monitored in such a way as to protect the juvenile from abuse (15 CCR 1142).

Temporary Custody of Juveniles

313.10 PERSONAL PROPERTY

The officer taking custody of a juvenile offender or status offender at the Hayward Police Department shall ensure a thorough search of the juvenile's property is made and all property is removed from the juvenile, especially those items that could compromise safety, such as pens, pencils, and belts.

The personal property of a juvenile should be placed in a property bag. The property should be inventoried in the juvenile's presence and sealed into the bag. The property should be kept in a monitored or secure location until the juvenile is released from the custody of the Hayward Police Department.

313.11 SECURE CUSTODY

Only juvenile offenders 14 years of age or older may be placed in secure custody (Welfare and Institutions Code § 207; 15 CCR 1145). Watch Commander approval is required before placing a juvenile offender in secure custody.

Secure custody should only be used for juvenile offenders when there is a reasonable belief that the juvenile is a serious risk of harm to him/herself or others. Factors to be considered when determining if the juvenile offender presents a serious security risk to him/herself or others include the following (15 CCR 1145):

- (a) Age, maturity, and delinquent history
- (b) Severity of offense for which the juvenile was taken into custody
- (c) The juvenile offender's behavior
- (d) Availability of staff to provide adequate supervision or protection of the juvenile offender
- (e) Age, type, and number of other individuals in custody at the facility

Members of this [department/office] shall not use secure custody for convenience when non-secure custody is, or later becomes, a reasonable option (15 CCR 1145).

The agency does not secure juveniles to stationary objects. (15 CCR 1148).

313.11.1 LOCKED ENCLOSURES

A thorough inspection of the area shall be conducted before placing a juvenile into the enclosure. A second inspection shall be conducted after removing the juvenile. Any damage noted to the room should be photographed and documented in the crime report.

The following requirements shall apply to a juvenile offender who is held inside a locked enclosure:

- (a) The juvenile shall constantly be monitored by an audio/video system during the entire custody.

 - 1. All safety checks shall be logged.
 - 2. The safety check should involve questioning the juvenile as to his/her well-being (sleeping juveniles or apparently sleeping juveniles should be awakened).

Temporary Custody of Juveniles

313.13 INTERVIEWING OR INTERROGATING JUVENILE SUSPECTS

No interview or interrogation of a juvenile should occur unless the juvenile has the apparent capacity to consent, and does consent to an interview or interrogation.

Prior to conducting a custodial interrogation, including the waiver of *Miranda* rights, an officer shall permit a juvenile 17 years of age or younger to consult with legal counsel in person, by telephone, or by video conference. The consultation may not be waived by the juvenile. The requirement to consult with legal counsel does not apply when (Welfare and Institutions Code § 625.6):

- (a) Information is necessary to protect life or property from an imminent threat.
- (b) The questions are limited to what is reasonably necessary to obtain the information relating to the threat.

An officer responsible for conducting an interrogation of a juvenile should assure that the environment is not overly coercive. To do so, the number of officers present in an interrogation should not exceed two, and the demeanor of the officers should not exceed the life experience of the individual juvenile.

The length of the interrogation will be as long as necessary, however, the officer in charge should take into consideration the juvenile's age, physical being and the seriousness of the crime when determining when the interrogation should end.

313.13.1 MANDATORY RECORDINGS OF JUVENILES

Any interrogation of an individual under 18 years of age who is in custody and suspected of committing murder shall be audio and video recorded when the interview takes place at a [department/office] facility, jail, detention facility, or other fixed place of detention. The recording shall include the entire interview and a *Miranda* advisement preceding the interrogation (Penal Code § 859.5).

This recording is not mandatory when (Penal Code § 859.5):

- (a) Recording is not feasible because of exigent circumstances that are later documented in a report.
- (b) The individual refuses to have the interrogation recorded, including a refusal any time during the interrogation, and the refusal is documented in a report. If feasible, the refusal shall be electronically recorded.
- (c) The custodial interrogation occurred in another state by law enforcement officers of that state, unless the interrogation was conducted with the intent to avoid the requirements of Penal Code § 859.5.
- (d) The interrogation occurs when no member conducting the interrogation has a reason to believe that the individual may have committed murder. Continued custodial interrogation concerning that offense shall be electronically recorded if the interrogating member develops a reason to believe the individual committed murder.

Hayward Police Department

Hayward PD Policy Manual

Temporary Custody of Juveniles

- (e) The interrogation would disclose the identity of a confidential informant or would jeopardize the safety of an officer, the individual being interrogated, or another individual. Such circumstances shall be documented in a report.
- (f) A recording device fails despite reasonable maintenance and the timely repair or replacement is not feasible.
- (g) The questions are part of a routine processing or booking, and are not an interrogation.
- (h) The suspect is in custody for murder and the interrogation is unrelated to a murder. However, if any information concerning a murder is mentioned during the interrogation, the remainder of the interrogation shall be recorded.

These recordings shall be retained until a conviction is final and all direct and habeas corpus appeals are exhausted, a court no longer has any jurisdiction over the individual, or the prosecution for that offense is barred (Penal Code § 859.5; Welfare and Institutions Code § 626.8).

313.14 FORMAL BOOKING

No juvenile offender shall be formally booked without the authorization of the arresting officer's supervisor, or in his/her absence, the Watch Commander.

Any juvenile 14 years of age or older who is taken into custody for a felony, or any juvenile whose acts amount to a sex crime, shall be booked, fingerprinted, and photographed.

For all other acts defined as crimes, juveniles may be booked, fingerprinted or photographed upon the approval from the Watch Commander or Criminal Investigations Bureau supervisor, giving due consideration to the following:

- (a) The gravity of the offense
- (b) The past record of the offender
- (c) The age of the offender

313.15 RELEASE OF INFORMATION CONCERNING JUVENILES

Court decisions and legislation have combined to carefully specify situations in which information may be given out or exchanged when a case involves a juvenile. Members of this [department/office] shall not divulge any information regarding juveniles unless they are certain of the legal authority to do so.

A copy of the current policy of the juvenile court concerning authorized release of information and appropriate acknowledgment forms shall be kept with copies of this procedure in the Hayward Police Department Policy Manual. Such releases are authorized by Welfare and Institutions Code § 827.

Welfare and Institutions Code § 828 authorizes the release of certain information to other agencies. It shall be the responsibility of the Records Administrator and the appropriate Criminal Investigations Bureau supervisors to ensure that personnel of those bureaus act within legal guidelines.

Temporary Custody of Juveniles

313.16 BOARD OF STATE AND COMMUNITY CORRECTIONS CERTIFICATION

The Support Services Division Commanders shall coordinate the procedures related to the custody of juveniles held at the Hayward Police Department and ensure any required certification is maintained (Welfare and Institution Code § 210.2).

The Department will provide for the administrative review of temporary detention areas and procedures at least once every three years. This administrative review will be forwarded to the Chief of Police.

To ensure that juveniles encountered in drug environments or homes where drugs are being used or manufactured are cared for appropriately by following the Alameda County Drug Endangered Children (DEC) Protocols.

314.3 PROCEDURE AND CATEGORIES

Children encountered during investigations or in drug environments shall be assessed and categorized as follows:

Level One - Children living in settings where clandestine drug manufacturing labs are present (indicated by the presence of a functioning lab, a "box lab," or the existence of precursor chemicals) and/or any child who shows signs or symptoms of ingestion or intoxication or is known to have ingested an illegal drug.

Level Two - Children living in settings involving the use, possession, selling or transportation of drugs, as long as the child shows no sign of ingestion or harm.

Level Three - Any child whose toxicology screen at birth is positive for a controlled substance.

314.4 ROLES AND RESPONSIBILITIES

314.4.1 LAW ENFORCEMENT RESPONSIBILITIES

- (a) Investigating Hayward Police officers are responsible for the investigation of both the traditional drug case where drug endangered children are found, as well as any related violations involving the children, such as child endangerment, Penal Code § 273a (a) & (b), and children present at a drug manufacturing location, Health and Safety Code § 11379.7.

Hayward Police Department

Hayward PD Policy Manual

Drug Endangered Children

- (b) An investigation involving children meeting the criteria of any level will result in the inclusion of the DEC incident type in the report header of the associated police report.
- (c) Investigating officers are responsible for all related evidence collection, including but not limited to statements, photos, measurements, collection of contraband, medical reports, etc.
- (d) Investigating officers must notify the Department of Children and Family Services (DCFS) Emergency Response Unit (formerly CPS) via the Hotline (1-510-259-1800) as soon as is reasonably possible, so that the DCFS Emergency Response Unit may send a Child Welfare Worker (CWW) if staffing permits, and may assist Law Enforcement in coordination of medical screening, removal of any children from the home, transportation, etc.
- (e) Once the determination has been made that the case falls under the DEC protocols, investigating officers should, prior to making the final determination, solicit input from the DCFS Emergency Response Unit on whether to take temporary custody of the child per Welfare and Institutions Code § 300.
 - 1. In cases where a child is left unattended, or where both parents or guardians are being arrested, or where a parent or guardian cannot be located, law enforcement should notify the DCFS Emergency Response Unit and remove the child per Welfare and Institutions Code § 300.
 - 2. In cases where both parents or guardians are present at the scene and one parent or guardian is being detained but another is not, law enforcement will, at a minimum, contact the DCFS Emergency Response Unit by phoning the Hotline and consult with them regarding prior the DCFS history and circumstances supporting the release of the child to the available parent or guardian, or to a non-custodial parent. Investigators shall run available criminal history and registration checks on the receiving parent or guardian prior to releasing the child.
- (f) In cases of Level 3, current California law does not recognize an infant's positive toxicology screen alone at the time of delivery to be in and of itself sufficient basis for reporting child abuse or neglect. Additionally, the Alameda County District Attorney's Office will not charge Penal Code § 273a on the basis of a positive toxicology screen without additional evidence of abuse or neglect.
 - 1. Penal Code § 11165.13 states, "a positive toxicology screen at the time of the delivery of an infant is not in and of itself a sufficient basis for reporting child abuse or neglect. However, any indication of maternal substance abuse shall lead to an assessment of the needs of the mother and child pursuant to Health and Safety Code § 123605. If other factors are present that indicate risk to a child, then a report shall be made to a county welfare or probation department, and not to a law enforcement agency."

Hayward Police Department

Hayward PD Policy Manual

Drug Endangered Children

2. Health and Safety Code § 123605 mandates that this assessment of the needs of the mother and child be done by a health practitioner or medical social worker, before the infant is released from the hospital.
 3. If other evidence of abuse or neglect is discovered, law enforcement shall document such evidence, and send the report to DCFS and the District Attorney's Office, as appropriate.
- (g) The investigating officer should assure that, if appropriate, a medical assessment is completed.
1. In Level 1 cases, officers/investigators should call EMS to respond to the scene for an immediate medical assessment. The child should then be transported by ambulance to Children's Hospital, if possible. If EMS determines that more immediately medical care is necessary, the child should be transported via ambulance to the nearest Emergency Room.
 2. In Level 2 cases, investigating officers should consult with the DCFS Emergency Response Unit to determine if a medical clearance is necessary, prior to transport to the Assessment Center. If so, efforts should be made to have the medical clearance completed at Children's Hospital in Oakland.
- (h) Officers/investigators will coordinate with the DCFS Emergency Response Unit and, if available, the Hayward Youth and Family Services Bureau (YFSB) to transport the child to the Assessment Center. Law Enforcement should notify the Assessment Center intake that the children are being entered under the DEC protocol.
- (i) In the event of pre-planned warrants where Law Enforcement has prior knowledge of the possible presence of children, Law Enforcement shall contact the DCFS Emergency Response Unit specifically requesting a contact person and providing sufficient information so that DCFS can plan for potential intake, and/or respond at the time of the warrant, staff permitting.
- (j) Law enforcement investigators will coordinate with the DCFS Emergency Response Unit to have joint interviews done at CALICO, if appropriate.
- (k) Upon completion of the investigation, officers/investigators will forward the case to the Alameda County Deputy District Attorney for appropriate charging.
- (l) Reports designated as DEC cases will be forwarded to the DCFS Emergency Response Unit by the officer/investigator within 36 hours after starting the investigation (Penal Code § 11166.3 (a)).
- (m) Reports designated as DEC cases will also be forwarded to the Special Victims Unit Sergeant, Narcotics Unit and the Crime Analyst.
- (n) The Special Victims Unit Sergeant will be responsible for reviewing DEC cases to ensure that proper investigative steps have been taken, and that the reports are

designated properly as Level I, Level II or Level III. He/she will then coordinate with the Crime Analyst so that statistics can be accurately entered.

314.4.2 CRIME ANALYST RESPONSIBILITIES

The Crime Analyst will consult with the Special Victims Unit Sergeant for compiling statistics on DEC cases investigated by the Hayward Police Department.

This policy provides members of this department with direction and understanding of their role in the prevention, detection and intervention in incidents of adult abuse. It is the policy of the Hayward Police Department to treat reports of adult abuse as high priority criminal activity that is to be fully investigated regardless of the relationship between the victim and the suspects.

315.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 82.2.1, 82.2.4

315.1.2 DEFINITIONS

Definitions related to this policy include:

Adult abuse - Any offense or attempted offense involving violence or neglect of an adult victim when committed by a person responsible for the adult's care, or any other act that would mandate reporting or notification to a social service agency or law enforcement (Penal Code § 368).

Neglect includes self-neglect (Welfare and Institutions Code § 15610.07; Penal Code § 368.5).

315.2 POLICY

The Hayward Police Department will investigate all reported incidents of alleged adult abuse and ensure proper reporting and notification as required by law.

315.3 INVESTIGATIONS AND REPORTING

All reported or suspected cases of adult abuse require investigation and a report, even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of adult abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected adult abuse victim is contacted.
- (b) Any relevant statements the victim may have made and to whom he/she made the statements.
- (c) If a person is taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- (d) Documentation of any visible injuries or any injuries identified by the victim. This should include photographs of such injuries, if practicable.
- (e) Whether the victim was transported for medical treatment or a medical examination.

Hayward Police Department

- (h) Previous addresses of the victim and suspect.
- (i) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

- (k) Whether a death involved the End of Life Option Act:
 - 1. Whether or not assistance was provided to the person beyond that allowed by law (Health and Safety Code § 443.14)
 - 2. Whether an individual knowingly altered or forged a request for an aid-in-dying drug to end a person's life without his/her authorization, or concealed or destroyed a withdrawal or rescission of a request for an aid-in-dying drug (Health and Safety Code § 443.17)

Any unexplained death of an adult who was in the care of a guardian or caretaker should be considered as potential adult abuse and investigated similarly.

Qualified investigators should be available to investigate cases of adult abuse. These investigators should:

- a. Conduct interviews in appropriate interview facilities.
- b. Be familiar with forensic interview techniques specific to adult abuse investigations.

315.5 MANDATORY NOTIFICATION

Members of the Hayward Police Department shall notify the local office of the California Department of Social Services (CDSS) APS agency when they reasonably suspect, have observed, or have knowledge of an incident that reasonably appears to be abuse of an elder (age 65 or older) or dependent adult, or are told by an elder or dependent adult that he/she has experienced abuse (Welfare and Institutions Code § 15630(b)).

Notification shall be made by telephone as soon as practicable and a written report shall be provided within two working days as provided in Welfare and Institutions Code § 15630(b)(c)).

A dependent adult is an individual, regardless of whether the individual lives independently, between 18 and 64 years of age who has physical or mental limitations that restrict his/her ability to carry out normal activities or to protect his/her rights, including but not limited to persons who have physical or developmental disabilities or whose physical or mental abilities have diminished because of age. This also includes those admitted as inpatients to a 24-hour health facility, as defined in state law (Welfare and Institutions Code § 15610.23).

Notification shall also be made to the following agencies as soon as practicable or as provided below (Welfare and Institutions Code § 15630):

- (a) If the abuse is physical abuse and occurred in a long-term care facility (not a state mental health hospital or a state developmental center) notification shall be made as follows (Welfare and Institutions Code § 15630(b)(1)):
 1. If there is serious bodily injury, notification shall be made by telephone and, within two hours, a written report shall be made to the local ombudsman and the corresponding licensing agency.
 2. If there is physical abuse and no serious bodily injury, notification shall be made by telephone and, within 24 hours, a written report shall be made to the local ombudsman and the corresponding licensing agency.
 3. If the abuse is allegedly caused by a resident with dementia and there is no serious bodily injury, notification shall be made by telephone and a written report to the local ombudsman within 24 hours.
 4. When a report of abuse is received by the [Department/Office], the local ombudsman shall be called to coordinate efforts to provide the most immediate and appropriate response (Welfare and Institutions Code § 15630(b)).
- (b) If the abuse is in a long-term care facility (not a state mental health or a state developmental center) and is other than physical abuse, a telephone report and a written report shall be made to the local ombudsman as soon as practicable (Welfare and Institutions Code § 15630(b)).
- (c) The California Department of Public Health (DPH) shall be notified of all known or suspected abuse in a long-term care facility.
- (d) The SDSS shall be notified of all known or suspected abuse occurring in a residential care facility for the elderly or in an adult day program.

Hayward Police Department

Hayward PD Policy Manual

- (f) The Bureau of Medi-Cal Fraud and Elder Abuse shall be notified of all abuse that constitutes criminal activity in a long-term care facility.
- (g) The District Attorney's office shall be notified of all cases of physical abuse and financial abuse in a long-term care facility.
- (h) If the abuse occurred at a state mental hospital or a state developmental center, notification shall be made to the designated investigators of the California Department of State Hospitals or the California Department of Developmental Services as soon as practicable but no later than two hours after law enforcement becomes aware of the abuse (Welfare and Institutions Code § 15630(b)).
 - 1. When a report of abuse is received by the [Department/Office], investigation efforts shall be coordinated with the designated investigators of the California Department of State Hospitals or the California Department of Developmental Services (Welfare and Institutions Code § 15630(b)).
- (i) If during an investigation it is determined that the adult abuse is being committed by a licensed health practitioner as identified in Welfare and Institutions Code § 15640(b), the appropriate licensing agency shall be immediately notified (Welfare and Institutions Code 15640(b)).
- (j) When the [Department/Office] receives a report of abuse, neglect or abandonment of an elder or dependent adult alleged to have occurred in a long-term care facility, the licensing agency shall be notified by telephone as soon as practicable (Welfare and Institutions Code § 15640(e)).

The Criminal Investigations Bureau supervisor is responsible for ensuring that proper notifications have occurred to the District Attorney's Office and any other regulatory agency that may be applicable based upon where the abuse took place (e.g., care facility, hospital) per Welfare and Institutions Code § 15630(b).

Notification is not required for a person who was merely present when a person self-administered a prescribed aid-in-dying drug or a person prepared an aid-in-dying drug so long as the person did not assist the individual in ingesting the aid-in-dying drug (Health and Safety Code § 443.14; Health and Safety Code § 443.18).

315.5.1 NOTIFICATION PROCEDURE

Notification should include the following information, if known (Welfare and Institutions Code § 15630(e)):

- g. Any other information, including information that led the person to suspect elder or dependent adult abuse.

315.6 INTERVIEWS

315.6.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should audio record the preliminary interview with a suspected adult abuse victim. Officers should avoid multiple interviews with the victim and should attempt to gather only the information necessary to begin an investigation.

315.7 MEDICAL EXAMINATIONS

When an adult abuse investigation requires a medical examination, the investigating officer should obtain consent for such examination from the victim, guardian, agency or entity having legal custody of the adult. The officer should assist with arranging for the adult's transportation to the appropriate medical facility.

In cases where the alleged offender is a family member, guardian, agency or entity having legal custody and is refusing to give consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the adult for a medical examination, the supervisor should consider other government agencies or services that may obtain a court order for such an examination.

315.8 DRUG-ENDANGERED VICTIMS

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of an adult abuse victim who has been exposed to the manufacturing, trafficking or use of narcotics.

315.8.1 SUPERVISOR RESPONSIBILITIES

The Criminal Investigations Bureau supervisor should:

- a. Work with professionals from the appropriate agencies, including APS, other law enforcement agencies, medical service providers and local prosecutors, to develop community specific procedures for responding to situations where there are adult abuse victims endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- b. Activate any available interagency response when [an_officer-deputy] notifies the [detectiveBureau] supervisor that he/she has responded to a drug lab or other narcotics crime scene where an adult abuse victim is present or where evidence indicates that an adult abuse victim lives.

Hayward Police Department

Hayward PD Policy Manual

- b. Notify the Criminal Investigations Bureau supervisor.

315.9 RECORDS BUREAU RESPONSIBILITIES

The Records Bureau is responsible for:

- (b) Retaining the original adult abuse report with the initial case file.

315.10 JURISDICTION

The Hayward Police Department has concurrent jurisdiction with state law enforcement agencies when investigating elder and dependent adult abuse and all other crimes against elder victims and victims with disabilities (Penal Code § 368.5).

Adult protective services agencies and local long-term care ombudsman programs also have jurisdiction within their statutory authority to investigate elder and dependent adult abuse and criminal neglect and may assist in criminal investigations upon request in such cases. However, this [department/office] will retain responsibility for the criminal investigations (Penal Code § 368.5).

315.11 RELEVANT STATUTES

Discriminatory Harassment

316.1 PURPOSE AND SCOPE

The purpose of this policy is to prevent [department/office] members from being subjected to discriminatory harassment, including sexual harassment and retaliation. Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

316.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 26.1.3, 31.2.3

316.2 POLICY

The Hayward Police Department is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation (Government Code § 12940(k); 2 CCR 11023). The [Department/Office] will not tolerate discrimination against a member in hiring, promotion, discharge, compensation, fringe benefits and other privileges of employment. The [Department/Office] will take preventive and corrective action to address any behavior that violates this policy or the rights it is designed to protect.

The nondiscrimination policies of the [Department/Office] may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

316.3 DEFINITIONS

Definitions related to this policy include these sub-sections:

316.3.1 DISCRIMINATION

The [Department/Office] prohibits all forms of discrimination, including any employment-related action by a member that adversely affects an applicant or member and is based on actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law.

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual's protected class. It has the effect of interfering with an individual's work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment can include making derogatory comments; making crude and offensive statements or remarks; making slurs or off-color jokes, stereotyping; engaging in threatening acts; making indecent gestures, pictures, cartoons, posters, or material; making inappropriate physical contact; or using written material or [department/office] equipment and/or systems to transmit or receive offensive material,

Discriminatory Harassment

statements, or pictures. Such conduct is contrary to [department/office] policy and to a work environment that is free of discrimination.

316.3.2 SEXUAL HARASSMENT

The Department prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or a member because of that person's sex.

Sexual harassment includes, but is not limited to, unwelcome sexual advances, requests for sexual favors or other verbal, visual or physical conduct of a sexual nature when:

- (a) Submission to such conduct is made either explicitly or implicitly a term or condition of employment, position or compensation.
- (b) Submission to, or rejection of, such conduct is used as the basis for any employment decisions affecting the member.
- (c) Such conduct has the purpose or effect of substantially interfering with a member's work performance or creating an intimidating, hostile, or offensive work environment.

316.3.3 ADDITIONAL CONSIDERATIONS

Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles, or standards, including:

- (a) Acts or omission of acts based solely upon bona fide occupational qualifications under the Equal Employment Opportunity Commission (EEOC) and the California Fair Employment and Housing Council guidelines.
- (b) Bona fide requests or demands by a supervisor that the member improve the member's work quality or output, that the member report to the job site on time, that the member comply with City or [department/office] rules or regulations, or any other appropriate work-related communication between supervisor and member.

316.3.4 RETALIATION

Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because the person has engaged in protected activity, filed a charge of discrimination, participated in an investigation, or opposed a discriminatory practice. Retaliation will not be tolerated.

316.4 RESPONSIBILITIES

This policy applies to all [department/office] personnel. All members shall follow the intent of these guidelines in a manner that reflects [department/office] policy, professional standards, and the best interest of the [Department/Office] and its mission.

Members are encouraged to promptly report any discriminatory, retaliatory, or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to the member's immediate supervisor may bypass the chain of command and make the report to a higher-ranking supervisor or manager. Complaints may also be filed with the Chief of Police, the Personnel and Training Administrator, or the City Manager.

Discriminatory Harassment

Any member who believes, in good faith, that the member has been discriminated against, harassed, or subjected to retaliation, or who has observed harassment, discrimination, or retaliation, is encouraged to promptly report such conduct in accordance with the procedures set forth in this policy.

Supervisors and managers receiving information regarding alleged violations of this policy shall determine if there is any basis for the allegation and shall proceed with resolution as stated below.

316.4.1 SUPERVISOR RESPONSIBILITIES

The responsibilities of each supervisor and manager shall include, but are not limited to:

- (a) Continually monitoring the work environment and striving to ensure that it is free from all types of unlawful discrimination, including harassment or retaliation.
- (b) Taking prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment or retaliation.
- (c) Ensuring that his/her subordinates understand their responsibilities under this policy.
- (d) Ensuring that members who make complaints or who oppose any unlawful employment practices are protected from retaliation and that such matters are kept confidential to the extent possible.
- (e) Making a timely determination regarding the substance of any allegation based upon all available facts.
- (f) Notifying the Chief of Police or Personnel and Training Administrator in writing of the circumstances surrounding any reported allegations or observed acts of discrimination, harassment or retaliation no later than the next business day.

316.4.2 SUPERVISOR'S ROLE

Because of differences in individual values, supervisors and managers may find it difficult to recognize that their behavior or the behavior of others is discriminatory, harassing or retaliatory. Supervisors and managers shall be aware of the following considerations:

- (a) Behavior of supervisors and managers should represent the values of our Department and professional law enforcement standards.
- (b) False or mistaken accusations of discrimination, harassment or retaliation can have negative effects on the careers of innocent members.
- (c) Supervisors and managers must act promptly and responsibly in the resolution of such situations.
- (d) Supervisors and managers shall make a timely determination regarding the substance of any allegation based upon all available facts.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating or counseling employees or issuing discipline, in a manner that is consistent with established procedures.

316.4.3 QUESTIONS OR CLARIFICATION

Members with questions regarding what constitutes discrimination, sexual harassment, or retaliation are encouraged to contact a supervisor, a manager, the Chief of Police, the Personnel and Training Administrator, the City Manager, or the California Department of Fair Employment and Housing (DFEH) for further information, direction, or clarification (Government Code § 12950).

316.5 INVESTIGATION OF COMPLAINTS

Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved member should take prompt and reasonable steps to mitigate or eliminate any continuing abusive or hostile work environment. It is the policy of the Department that all complaints of discrimination or harassment shall be fully documented and promptly and thoroughly investigated. The participating or opposing member should be protected against retaliation, and the complaint and related investigation should be kept confidential to the extent possible.

316.5.1 SUPERVISOR RESOLUTION

Members who believe they are experiencing discrimination, harassment, or retaliation should be encouraged to inform the individual that the behavior is unwelcome, offensive, unprofessional, or inappropriate. However, if the member feels uncomfortable or threatened or has difficulty expressing the member's concern, or if this does not resolve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

316.5.2 FORMAL INVESTIGATION

If the complaint cannot be satisfactorily resolved through the process described above, a formal investigation will be conducted.

The person assigned to investigate the complaint will have full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any members involved. No influence will be used to suppress any complaint and no member will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint or for offering testimony or evidence in any investigation.

Formal investigation of the complaint will be confidential to the extent possible and will include, but is not limited to, details of the specific incident, frequency dates of occurrences and names of any witnesses. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Members who believe they have been discriminated against, harassed or retaliated against because of their protected status, are encouraged to follow the chain of command but may also file a complaint directly with the Chief of Police, Personnel and Training Administrator or the City Manager.

316.5.3 ALTERNATIVE COMPLAINT PROCESS

No provision of this policy shall be construed to prevent any member from seeking legal redress outside the [Department/Office]. Members who believe that they have been harassed, discriminated against, or retaliated against are entitled to bring complaints of employment

discrimination to federal, state, and/or local agencies responsible for investigating such allegations. Specific time limitations apply to the filing of such charges. Members are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.

316.6 DOCUMENTATION OF COMPLAINTS

All complaints or allegations shall be thoroughly documented on forms and in a manner designated by the Chief of Police. The outcome of all reports shall be:

- Approved by the Chief of Police, the City Manager or the Personnel and Training Administrator, depending on the ranks of the involved parties.
- Maintained in accordance with the department's established records retention schedule.

316.6.1 NOTIFICATION OF DISPOSITION

The complainant and/or victim will be notified in writing of the disposition of the investigation and the actions taken to remedy or address the circumstances giving rise to the complaint.

316.7 TRAINING

All new members shall be provided with a copy of this policy as part of their orientation. The policy shall be reviewed with each new member. The member shall certify by signing the prescribed form that he/she has been advised of this policy, is aware of and understands its contents and agrees to abide by its provisions during his/her term with the Department.

All members shall receive annual training on the requirements of this policy and shall certify by signing the prescribed form that they have reviewed the policy, understand its contents and agree that they will continue to abide by its provisions.

316.7.1 STATE-REQUIRED TRAINING

The Personnel and Training Administrator should ensure that employees receive the required state training and education regarding sexual harassment, prevention of abusive conduct, and harassment based on gender identity, gender expression, and sexual orientation as follows (Government Code § 12950.1; 2 CCR 11024):

- (a) Supervisory employees shall receive two hours of classroom or other effective interactive training and education within six months of assuming a supervisory position.
- (b) All other employees shall receive one hour of classroom or other effective interactive training and education within six months of their employment or sooner for seasonal or temporary employees as described in Government Code § 12950.1.
- (c) All employees shall receive refresher training every two years thereafter.

If the required training is to be provided by DFEH online training courses, the Personnel and Training Administrator should ensure that employees are provided the following website address to the training course: www.dfeh.ca.gov/shpt/ (Government Code § 12950; 2 CCR 11023).

Child Abuse

317.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation of suspected child abuse. This policy also addresses when Hayward Police Department members are required to notify the county Child Protective Services (CPS) of suspected child abuse.

317.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 82.1.1, 82.2.1

317.1.2 DEFINITIONS

Definitions related to this policy include:

Child - Unless otherwise specified by a cited statute, a child is any person under the age of 18 years.

Child Abuse - Any offense or attempted offense involving violence or neglect with a child victim when committed by a person responsible for the child's care or any other act that would mandate notification to a social service agency or law enforcement (Penal Code § 11165.9; Penal Code § 11166).

317.2 POLICY

The Hayward Police Department will investigate all reported incidents of alleged criminal child abuse and ensure CPS is notified as required by law.

317.3 MANDATORY NOTIFICATION

The child protection agency shall be notified when (Penal Code § 11166):

- (a) There is a known or suspected instance of child abuse or neglect reported, which is alleged to have occurred as a result of the action of a person responsible for the child's welfare, or
- (b) A person responsible for the child's welfare fails to adequately protect the child from abuse when the person knew or reasonably should have known that the child was in danger of abuse.

The District Attorney's office shall be notified in all instances of known or suspected child abuse or neglect reported to this department. Reports only involving neglect by a person, who has the care or custody of a child, to provide adequate food, clothing, shelter, medical care or supervision where no physical injury to the child has occurred should not be reported to the District Attorney (Penal Code § 11166).

When the abuse or neglect occurs at a licensed facility or is alleged to have resulted from the actions of a person who is required to have a state license (e.g., foster homes, group homes, day care), notification shall also be made to the California Department of Social Services or other applicable licensing authority (Penal Code § 11166.1; Penal Code § 11166.2).

Hayward Police Department

Hayward PD Policy Manual

Child Abuse

For purposes of notification, the abuse or neglect includes physical injury or death inflicted by other than accidental means upon a child by another person; sexual abuse (Penal Code § 11165.1); neglect (Penal Code § 11165.2); the willful harming or injuring of a child or the endangering of the person or health of a child (Penal Code § 11165.3); and unlawful corporal punishment or injury (Penal Code § 11165.4). Child abuse or neglect does not include a mutual affray between minors, nor does it include an injury caused by the reasonable and necessary force used by a peace officer acting within the course and scope of his/her employment as a peace officer.

317.3.1 NOTIFICATION PROCEDURE

Notification should occur as follows (Penal Code § 11166):

- (a) Notification shall be made immediately, or as soon as practicable, by telephone, fax or electronic transmission.
- (b) A written follow-up report should be forwarded within 36 hours of receiving the information concerning the incident.

317.4 QUALIFIED INVESTIGATORS

Qualified investigators should be available for child abuse investigations. These investigators should:

- (a) Conduct interviews in child appropriate interview facilities.
- (b) Be familiar with forensic interview techniques specific to child abuse investigations.
- (c) Present all cases of alleged child abuse to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and school administrators as needed.
- (e) Provide referrals to therapy services, victim advocates, guardians and support for the child and family as appropriate.
- (f) Participate in or coordinate with multidisciplinary investigative teams as applicable (Welfare and Institutions Code § 18961.7).

317.5 INVESTIGATIONS AND REPORTING

Officers should refer to the Report Writing and Investigation Manual to ensure that all necessary investigative steps are taken.

As a general rule, in all reported or suspected cases of child abuse, a report will be written. Officers shall write a report even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of child abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected child abuse victim was contacted.

Hayward Police Department

Hayward PD Policy Manual

Child Abuse

- (b) The exigent circumstances that existed if officers interviewed the child victim without the presence of a parent or guardian.
- (c) Any relevant statements the child may have made and to whom he/she made the statements.
- (d) If a child was taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- (e) Documentation of any visible injuries or any injuries identified by the child. This should include photographs of such injuries, if practicable.
- (f) Whether the child victim was transported for medical treatment or a medical examination.
- (g) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other children who may reside in the residence.
- (h) Identification of any prior related reports or allegations of child abuse, including other jurisdictions, as reasonably known.
- (i) Previous addresses of the victim and suspect.
- (j) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

317.5.1 EXTRA JURISDICTIONAL REPORTS

If a report of known or suspected child abuse or neglect that is alleged to have occurred outside this jurisdiction is received, Department members shall ensure that the caller is immediately transferred to the agency with proper jurisdiction for the investigation of the case. If the caller cannot be successfully transferred to the appropriate agency, a report shall be taken and immediately referred by telephone, fax or electronic transfer to the agency with proper jurisdiction (Penal Code § 11165.9).

317.6 PROTECTIVE CUSTODY

Before taking any child into protective custody, the officer should make reasonable attempts to contact CPS. Generally, removal of a child from his/her family, guardian or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove a child from his/her parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the officer should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the officer shall ensure that the child is delivered to CPS.

Hayward Police Department

Hayward PD Policy Manual

Child Abuse

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking a child into protective custody.

Children may only be removed from a parent or guardian in the following situations when a court order cannot reasonably be obtained in a timely manner (Welfare and Institutions Code § 305):

- (a) The officer reasonably believes the child is a person described in Welfare and Institutions Code § 300, or a commercially exploited child under Penal Code § 647 and Penal Code § 653.22, and further has good cause to believe that any of the following conditions exist:
 1. The child has an immediate need for medical care.
 2. The child is in immediate danger of physical or sexual abuse.
 3. The physical environment or the fact that the child is left unattended poses an immediate threat to the child's health or safety. In the case of a child left unattended, the officer shall first attempt to locate and determine if a responsible parent or guardian is available and capable of assuming custody before taking the child into protective custody.
- (b) The officer reasonably believes the child requires protective custody under the provisions of Penal Code § 279.6, in one of the following circumstances:
 1. It reasonably appears to the officer that a person is likely to conceal the child, flee the jurisdiction with the child or, by flight or concealment, evade the authority of the court.
 2. There is no lawful custodian available to take custody of the child.
 3. There are conflicting custody orders or conflicting claims to custody and the parties cannot agree which party should take custody of the child.
 4. The child is an abducted child.
- (c) The child is in the company of, or under the control of, a person arrested for Penal Code § 278 (Detainment or concealment of child from legal custodian) or Penal Code § 278.5 (Deprivation of custody of a child or right to visitation) (Penal Code § 279.6).

A child taken into protective custody shall be delivered to CPS unless otherwise directed by court order.

317.6.1 CALIFORNIA SAFELY SURRENDERED BABY LAW

An individual having lawful custody of an infant less than 72 hours old is not guilty of abandonment if the individual voluntarily surrenders physical custody of the infant to personnel on-duty at a safe-surrender site, such as a hospital or fire department (Penal Code § 271.5). The law requires the surrender site to notify CPS.

Child Abuse

317.6.2 NEWBORNS TESTING POSITIVE FOR ILLEGAL DRUGS

Under certain circumstances, officers can be prohibited from taking a newborn who is the subject of a proposed adoption into protective custody, even when the newborn has tested positive for illegal drugs or the birth mother tested positive for illegal drugs.

Officers shall instead follow the provisions of Welfare and Institutions Code § 305.6 to ensure that the newborn is placed with the adoptive parents when it is appropriate.

317.7 INTERVIEWS

317.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should record the preliminary interview with suspected child abuse victims. Officers should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

317.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW

An officer should not detain a child involuntarily who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 - 1. A reasonable belief that medical issues of the child need to be addressed immediately.
 - 2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
 - 3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.
- (b) A court order or warrant has been issued.

317.7.3 INTERVIEWS AT A SCHOOL

Any student at school who is a suspected victim of child abuse shall be afforded the option of being interviewed in private or selecting any qualified available adult member of the school staff to be present. The purpose of the staff member's presence is to provide comfort and support. The staff member shall not participate in the interview. The selection of a staff member should be such that it does not burden the school with costs or hardship (Penal Code § 11174.3).

317.8 MEDICAL EXAMINATIONS

If the child has been the victim of abuse that requires a medical examination, the investigating officer should obtain consent for such examination from the appropriate parent, guardian or agency

Child Abuse

having legal custody of the child. The officer should also arrange for the child's transportation to the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the child for a medical examination, the notified supervisor should consider obtaining a court order for such an examination.

317.9 DRUG-ENDANGERED CHILDREN

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics.

317.9.1 SUPERVISOR RESPONSIBILITIES

The Criminal Investigations Bureau supervisor should:

- (a) Work with professionals from the appropriate agencies, including CPS, other law enforcement agencies, medical service providers and local prosecutors to develop community specific procedures for responding to situations where there are children endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate any available interagency response when an officer notifies the Criminal Investigations Bureau supervisor that the officer has responded to a drug lab or other narcotics crime scene where a child is present or where evidence indicates that a child lives there.
- (c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the child.

317.9.2 OFFICER RESPONSIBILITIES

Officers responding to a drug lab or other narcotics crime scene where a child is present or where there is evidence that a child lives should:

- (a) Document the environmental, medical, social and other conditions of the child using photography as appropriate and the checklist or form developed for this purpose.
- (b) Notify the Criminal Investigations Bureau supervisor so an interagency response can begin.

317.10 STATE MANDATES AND OTHER RELEVANT LAWS

California requires or permits the following:

Hayward Police Department

Hayward PD Policy Manual

Child Abuse

317.10.1 RELEASE OF REPORTS

Information related to incidents of child abuse or suspected child abuse shall be confidential and may only be disclosed pursuant to state law and the Release of Records and Information Policy (Penal Code § 841.5; Penal Code § 11167.5).

317.10.2 REQUESTS FOR REMOVAL FROM THE CHILD ABUSE CENTRAL INDEX (CACI)

Any person whose name has been forwarded to the California Department of Justice (DOJ) for placement in California's CACI, as a result of an investigation, may request that his/her name be removed from the CACI list. Requests shall not qualify for consideration if there is an active case, ongoing investigation or pending prosecution that precipitated the entry to CACI (Penal Code § 11169). All requests for removal shall be submitted in writing by the requesting person and promptly routed to the CACI hearing officer.

317.10.3 CACI HEARING OFFICER

AN Criminal Investigations Bureau supervisor will normally serve as the hearing officer but must not be actively connected with the case that resulted in the person's name being submitted to CACI. Upon receiving a qualified request for removal, the hearing officer shall promptly schedule a hearing to take place during normal business hours and provide written notification of the time and place of the hearing to the requesting party.

317.10.4 CACI HEARING PROCEDURES

The hearing is an informal process where the person requesting removal from the CACI list will be permitted to present relevant evidence (e.g., certified copy of an acquittal, factual finding of innocence) as to why his/her name should be removed. The person requesting the hearing may record the hearing at his/her own expense.

Formal rules of evidence will not apply and the hearing officer may consider, in addition to evidence submitted by the person requesting the hearing, any relevant information including, but not limited to, the following:

- (a) Case reports including any supplemental reports.
- (b) Statements by investigators.
- (c) Statements from representatives of the District Attorney's Office.
- (d) Statements by representatives of a child protective agency who may be familiar with the case.

After considering all information presented, the hearing officer shall make a determination as to whether the requesting party's name should be removed from the CACI list. Such determination shall be based on a finding that the allegations in the investigation are not substantiated (Penal Code § 11169).

If, after considering the evidence, the hearing officer finds that the allegations are not substantiated, he/she shall cause a request to be completed and forwarded to the DOJ that the

Child Abuse

person's name be removed from the CACI list. A copy of the hearing results and the request for removal will be attached to the case reports.

The findings of the hearing officer shall be considered final and binding.

317.10.5 CHILD DEATH REVIEW TEAM

This department should cooperate with any interagency child death review team investigation (Penal Code § 11174.32).

317.11 TRAINING

The Department should provide training on best practices in child abuse investigations to members tasked with investigating these cases. The training should include:

- (a) Participating in multidisciplinary investigations, as appropriate.
- (b) Conducting forensic interviews.
- (c) Availability of therapy services for children and families.
- (d) Availability of specialized forensic medical exams.
- (e) Cultural competence (including interpretive services) related to child abuse investigations.
- (f) Availability of victim advocate or guardian ad litem support.

These include the National Crime Information Center (NCIC), the California Law Enforcement Telecommunications System (CLETS), Missing Person System (MPS) and the Unidentified Persons System (UPS).

318.2 POLICY

The Hayward Police Department does not consider any report of a missing person to be routine and assumes that the missing person is in need of immediate assistance until an investigation reveals otherwise. The Hayward Police Department gives missing person cases priority over property-related cases and will not require any time frame to pass before beginning a missing person investigation (Penal Code § 14211).

318.3 REQUIRED FORMS AND BIOLOGICAL SAMPLE COLLECTION KITS

The Investigation supervisor should ensure the forms and kits are developed and available in accordance with this policy, state law, federal law and the California Peace Officer Standards and Training (POST) Missing Persons Investigations guidelines, including:

- Biological sample collection kits

318.4 ACCEPTANCE OF REPORTS

Any member encountering a person who wishes to report a missing person or runaway shall render assistance without delay (Penal Code § 14211). This can be accomplished by accepting the report via telephone or in-person and initiating the investigation. Those members who do not take such reports or who are unable to render immediate assistance shall promptly dispatch or alert a member who can take the report.

A report shall be accepted in all cases and regardless of where the person was last seen, where the person resides or any other question of jurisdiction (Penal Code § 14211).

318.4.1 TRANSMITTING REPORTS TO OTHER JURISDICTIONS

When the Hayward Police Department takes a missing person report on a person who lives outside of this jurisdiction, the Records Bureau shall promptly notify and forward a copy of the report to the agencies having jurisdiction over the missing person's residence and where the missing person was last seen. If the missing person is under 16 or there is evidence that the person may be at risk, those reports must be forwarded to that jurisdiction within 24 hours (Penal Code § 14205(c)).

318.4.2 SCHOOL NOTIFICATION

The follow-up investigator assigned to a missing person investigation shall ensure that the missing person's school is notified within 10 days if the missing person is a juvenile. The notice shall be in writing and should also include a photograph (California Education Code § 49068.6).

The school shall "flag" a missing child's record and immediately notify law enforcement of an inquiry or request for the missing child's records.

318.4.3 MUPS/NCIC NOTIFICATION

When the missing person is At Risk, the handling officer shall direct Dispatch to enter the person into the California Department of Justice Missing/Unidentified Persons System (MUPS) within two hours (Penal Code § 14205(b)).

Hayward Police Department

Hayward PD Policy Manual

Missing Persons

Entering a subject into MUPS automatically notifies the Department of Justice (DOJ) and the National Crime Information Center (NCIC) and populates their databases accordingly.

318.5 INITIAL INVESTIGATION

Officers or other members conducting the initial investigation of a missing person should take the following investigative actions, as applicable:

- (a) Respond to a dispatched call for service as soon as practicable.
- (b) Interview the reporting party and any witnesses to determine whether the person qualifies as a missing person and, if so, whether the person may be at risk.
- (c) Notify a supervisor immediately if there is evidence that a missing person is either at risk or may qualify for a public alert, or both (see the Public Alerts Policy).
- (d) Broadcast a "Be on the Look-Out" (BOLO) bulletin if the person is under 21 years of age or there is evidence that the missing person is at risk. The BOLO should be broadcast as soon as practicable but in no event more than one hour after determining the missing person is under 21 years of age or may be at risk (Penal Code § 14211).
- (e) Ensure that entries are made into the appropriate missing person networks as follows:
 1. Immediately, when the missing person is at risk.

person, the member should notify a supervisor and proceed with reasonable steps to locate the missing person.

318.5.1 AT RISK REQUIREMENTS

In all cases involving a person who is At Risk or a child under 16 years of age, the handling employee shall ensure that the following steps are taken:

Law Enforcement Mutual Aid Plan

320.1 PURPOSE AND SCOPE

The purpose and scope of this section is to provide a brief overview of the Law Enforcement Mutual Aid Plan and direct personnel toward additional information regarding the plan. The State of California, Law Enforcement Mutual Aid Plan is issued and revised under the authority of Government Code § 8550, Government Code § 8569, Government Code § 8615 to 8619, Government Code § 8668, the California Emergency Plan and the Master Mutual Aid Agreement.

320.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 2.1.3, 2.1.4

320.2 DEFINITIONS

Operational Area: A county, along with all the political subdivisions within that county constitutes an Operational Area.

Operational Area Law Enforcement Coordinator: The county Sheriff is the Operational Area law enforcement coordinator, with the exception of the City and County of San Francisco, where the Chief of Police is the Operational Area Law Enforcement Coordinator.

Mutual Aid Region: A Mutual Aid Region is a geographic area comprised of multiple operational areas a Mutual Aid Region manages and coordinates information and resources among operational areas within the mutual aid region and between the Operational Areas and the state level.

Regional Law Enforcement Mutual Aid Coordinator: A Regional Law Enforcement Mutual Aid Coordinator is an Operational Area Law Enforcement Coordinator, who is elected by other Operational Area Coordinators within the mutual aid Region, to coordinate the collective law enforcement mutual aid response of agencies within the Region.

State Law Enforcement Mutual Aid Coordinator: The State Law Enforcement Mutual Aid Coordinator is the Chief of the Law Enforcement Branch of the Governor's Office of Emergency Services. The State Coordinator is responsible for mutual aid response coordination and administrative interaction between state and local law enforcement agencies during emergency and non-emergency situations, where the mutual aid system is, or could be, involved.

320.3 LOCAL REQUEST FOR MUTUAL AID

When it is determined that an unusual occurrence may become or is already beyond the control of the Hayward Police Department and its resources, it is the responsibility of the Chief or his or her designee to request mutual aid from the Operational Area Law Enforcement Mutual Aid Coordinator (Alameda County Sheriff).

A declaration of local emergency may or may not be appropriate for the circumstances; however the Chief of Police may request mutual aid prior to the activation of an EOC or formal declaration

Hayward Police Department

Hayward PD Policy Manual

Law Enforcement Mutual Aid Plan

of local emergency. Mutual aid request and response is not dependent on a declaration of local emergency.

320.3.1 LOCAL EMERGENCY

Local Emergency: Means the duly proclaimed existence of conditions of disaster or of extreme peril to the safety of persons and property within the territorial limits of a county, city and county, or city, caused by such conditions as air pollution, fire, flood, storm, epidemic, riot, drought, sudden and severe energy shortage, plant or animal infestation or disease, the Governor's warning of an earthquake or volcanic prediction, or an earthquake, complications resulting from the Year 2000 Problem, or other conditions, other than conditions resulting from a labor controversy, which are or are likely to be beyond the control of the services, personnel, equipment, and facilities of that political subdivision and require the combined forces of other political subdivisions to combat, or with respect to regulated energy utilities, a sudden and severe energy shortage requires extraordinary measures beyond the authority vested in the California Public Utilities Commission. (Government Code § 8558(c))

In periods of local emergency, political subdivisions (cities or counties) have the power to provide mutual aid to any affected area in accordance with local ordinances, resolutions, plans, or agreements. (It could be argued that having signed the Master Mutual Aid Agreement, the entity is bound to provide resources, if requested in accordance with the Mutual Aid Plan.)

During a local emergency, state agencies may provide mutual aid, including personnel, equipment, and other available resources, to assist local jurisdictions in accordance with mutual aid plans or at the direction of the Governor.

By proclaiming a local emergency, the governing body of a city or county expands its regulatory enforcement, subject to constitutional constraints, increases its police power and may promulgate temporary emergency orders and regulations necessary to provide for the protection of life and property.

Response costs are absorbed by the responding agency notwithstanding any other agreements to the contrary or disaster reimbursement funds that may become available.

To reiterate, a Declaration of Local Emergency is not required before requesting law enforcement mutual aid.

320.4 OPERATIONAL AREA MUTUAL AID

When an emergency develops or appears to be developing which cannot be resolved by a law enforcement agency within an Operational Area, it is the responsibility of the Operational Area Mutual Aid Coordinator to provide assistance and coordination to control the problem. (Government Code § 26602)

In response to a request for law enforcement mutual aid by a Chief of Police within the Operational Area, the Alameda County Sheriff will implement procedures to activate the mutual aid. The Sheriff will coordinate the Operational Area response of law enforcement resources including the response of law enforcement resources of unaffected operational area municipalities, the local

CHP, and other law enforcement agencies within the Operational Area, as well as his/her own resources, to assist the affected local Chief of Police in the manner requested. If it appears likely that the resources of an Operational Area will become depleted, the Regional Coordinator should be advised in advance.

320.5 REGIONAL MUTUAL AID

Should an existing or anticipated emergency be of such magnitude as to require the commitment of the resources of one or more Operational Areas, it is the responsibility of the Regional Law Enforcement Mutual Aid Coordinator to organize the notification and response of resources within that region.

The Regional Coordinator will keep the State Law Enforcement Mutual Aid Coordinator, who is the Chief of the Law Enforcement Branch, Governor's Office of Emergency Services, advised of the situation status. The State Law Enforcement Mutual Aid Coordinator may support the regional response by issuing Mission Numbers (similar to a case number) and tasking state agencies within the region. An unusual occurrence necessitating regional law enforcement mutual aid may or may not result in a proclamation of a state of emergency.

320.6 STATE AND FEDERAL MUTUAL AID PROCEDURES

National Guard Assistance:

A local emergency must be declared by proclamation before National Guard assistance can be sought. The proclamation and request will be forwarded to the Governor's office utilizing SEMS for his/her review. The Governor will then approve the request and commit the National Guard, who coordinates with the requesting agency head for deployment and mission. The National Guard is under their own command and will work in conjunction with the requesting agency.

Federal Law Enforcement Assistance:

When the state has committed all of its available forces, including the State Military Department, and when such forces are unable to control the emergency, only state government may make a request to the President to provide federal forces to assist in restoring or maintaining law and order. Only after the President has agreed to provide such forces and his/her proclamation has been published, will federal forces be provided and deployed.

Hate Crimes

323.1 PURPOSE AND SCOPE

This policy is designed to assist in identifying and handling crimes motivated by hate or other bias toward individuals and groups with legally defined protected characteristics, to define appropriate steps for assisting victims, and to provide a guide to conducting related investigations. It outlines the general policy framework for prevention, response, accessing assistance, victim assistance and follow-up, and reporting as related to law enforcement's role in handling hate crimes. It also serves as a declaration that hate crimes are taken seriously and demonstrates how the Hayward Police Department may best use its resources to investigate and solve an offense, in addition to building community trust and increasing police legitimacy (Penal Code § 13519.6).

323.1.1 DEFINITION AND LAWS

In accordance with Penal Code § 422.55; Penal Code § 422.56; Penal Code § 422.6; and Penal Code § 422.87, for purposes of all other state law, unless an explicit provision of law or the context clearly requires a different meaning, the following shall apply:

Bias motivation - Bias motivation is a pre-existing negative attitude toward actual or perceived characteristics referenced in Penal Code § 422.55. Depending on the circumstances of each case, bias motivation may include but is not limited to hatred, animosity, resentment, revulsion, contempt, unreasonable fear, paranoia, callousness, thrill-seeking, desire for social dominance, desire for social bonding with those of one's "own kind," or a perception of the vulnerability of the victim due to the victim being perceived as being weak, worthless, or fair game because of a protected characteristic, including but not limited to disability or gender.

Disability - Disability includes mental disability and physical disability as defined in Government Code § 12926, regardless of whether those disabilities are temporary, permanent, congenital, or acquired by heredity, accident, injury, advanced age, or illness.

Disability bias - In recognizing suspected disability-bias hate crimes, officers should consider whether there is any indication that the perpetrator was motivated by hostility or other bias, occasioned by factors such as but not limited to dislike of persons who arouse fear or guilt, a perception that persons with disabilities are inferior and therefore "deserving victims," a fear of persons whose visible traits are perceived as being disturbing to others, or resentment of those who need, demand, or receive alternative educational, physical, or social accommodations.

In recognizing suspected disability-bias hate crimes, officers should consider whether there is any indication that the perpetrator perceived the victim to be vulnerable and, if so, if this perception is grounded, in whole or in part, in anti-disability bias. This includes but is not limited to situations where a perpetrator targets a person with a particular perceived disability while avoiding other vulnerable-appearing persons, such as inebriated persons or persons with perceived disabilities different from those of the victim. Such circumstances could be evidence that the perpetrator's motivations included bias against persons with the perceived disability of the victim and that the crime must be reported as a suspected hate crime and not a mere crime of opportunity.

Hayward PD Policy Manual

Hate Crimes

Gender - Gender means sex and includes a person's gender identity and gender expression.

Gender expression - Gender expression means a person's gender-related appearance and behavior, whether or not stereotypically associated with the person's assigned sex at birth.

Gender identity- Gender identity means each person's internal understanding of their gender, or the perception of a person's gender identity, which may include male, female, a combination of male and female, neither male nor female, a gender different from the person's sex assigned at birth, or transgender (2 CCR § 11030).

Hate crime - "Hate crime" includes but is not limited to a violation of Penal Code § 422.6, and means a criminal act committed, in whole or in part, because of one or more of the following actual or perceived characteristics of the victim:

- (a) Disability
- (b) Gender
- (c) Nationality
- (d) Race or ethnicity
- (e) Religion
- (f) Sexual orientation
- (g) Association with a person or group with one or more of these actual or perceived characteristics:
 1. "Association with a person or group with these actual or perceived characteristics" includes advocacy for, identification with, or being on the ground owned or rented by, or adjacent to, any of the following: a community center, educational facility, family, individual, office, meeting hall, place of worship, private institution, public agency, library, or other entity, group, or person that has, or is identified with people who have, one or more of those characteristics listed in the definition of "hate crime" under paragraphs 1 to 6, inclusive, of Penal Code § 422.55(a).

Note: A "hate crime" need not be motivated by hate but may be motivated by any bias against a protected characteristic.

Hate incident - A hate incident is an action or behavior motivated by hate or bias but legally protected by the First Amendment right to freedom of expression. Examples of hate incidents include:

- Name-calling
- Insults and epithets
- Distributing hate material in public places
- Displaying hate material on your own property

Hayward Police Department

Hayward PD Policy Manual

Hate Crimes

Hate speech - The First Amendment to the U.S. Constitution protects most speech, even when it is disagreeable, offensive, or hurtful. The following types of speech are generally not protected:

- Fighting words
- True threats
- Perjury
- Blackmail
- Incitement to lawless action
- Conspiracy
- Solicitation to commit any crime

In whole or in part - “In whole or in part because of” means that the bias motivation must be a cause in fact of the offense whether or not other causes also exist. When multiple concurrent motives exist, the prohibited bias must be a substantial factor in bringing about the particular result. There is no requirement that the bias be a main factor, or that a crime would not have been committed but for the actual or perceived characteristic.

Nationality - Nationality includes citizenship, country of origin, and national origin.

Race or ethnicity - Race or ethnicity includes ancestry, color, and ethnic background.

Religion - Religion includes all aspects of religious belief, observance, and practice and includes agnosticism and atheism.

Regardless of the source of an allegation of misconduct, all such matters will be investigated in accordance with Personnel Complaint Procedure. Pursuant to Government Code § 3304(d) and

Hayward Police Department

Hayward PD Policy Manual

Standards of Conduct

Government Code § 3508.1, the investigation should be completed within one year of the discovery of the allegation unless such investigation falls within one of the exceptions delineated within those provisions.

A pre-disciplinary hearing officer, personnel board, adjustment board, arbitrator, or other reviewing authority shall consider the timeliness of the filing and processing of a complaint or allegation of misconduct when arriving at a decision as to the level of discipline to be imposed. Unnecessary delays in the processing of such allegations may be grounds for imposing a lesser level of discipline. (Timeliness paragraphs due to agreements in the Police Associations Memorandum of Understanding.)

324.4.1 TRAINING

In some cases, training may be an appropriate level of discipline or included with other levels of discipline. In determining whether training is appropriate, the employee's Division Commander should consider if training will assist in correcting deficiencies in employee performance. This can be accomplished by:

- (a) Documenting the need for training to correct deficiencies in employee performance.
- (b) Provide the employee with appropriate training to correct deficiencies in employee performance and determine that the employee has acknowledged and benefited from the training to where it has assisted in correcting his/her performance.
- (c) Document that the training has been provided to the employee.

324.4.2 WRITTEN REPRIMANDS

Written reprimands shall be administered by management level employees. They may include:

- (a) A summary of the circumstances.
- (b) A narrative identifying the policy violations.
- (c) Admonishment that future violations may result in progressive discipline.

Any employee wishing to formally appeal a written reprimand or punitive transfer must submit a written request to his/her Division Commander within thirty (30) days of receipt of the written reprimand or the notice of punitive transfer. If that Division Commander issued the original written reprimand or notice of punitive transfer, then that Division Commander will then assign the appeal to another Division Commander (Government Code § 3306).

Absent a written stipulation to the contrary, the employee will be provided with an administrative hearing before the assigned Division Commander within ten (10) days. The decision of the assigned Division Commander to sustain, modify or dismiss the written reprimand or punitive transfer shall be final and binding.

324.4.3 DISCIPLINARY SUSPENSION

The Chief of Police or Division Commanders can recommend disciplinary suspensions for employees. The procedures for a disciplinary suspension are as follows:

Hayward Police Department

Hayward PD Policy Manual

Standards of Conduct

- (a) A disciplinary suspension will be scheduled as soon as practical and the date(s) of the suspension shall be scheduled according to Department staffing needs and/or limitations.

324.5.1 DIVISION COMMANDER RESPONSIBILITIES

Upon receipt of any completed personnel investigation, the Division Commander of the involved employee shall review the entire investigative file, the employee's personnel file and any other relevant materials.

The Division Commander shall make recommendations regarding the disposition of any allegations and the amount of discipline, if any, to be imposed with input from the employees supervisors as appropriate. The Division Commander shall forward the investigative report along with any disciplinary recommendation (written or verbal) to the Chief of Police within seven calendar days from the date the report was received.

- (a) Prior to forwarding recommendations to the Chief of Police, the Division Commander may return the entire investigation to the assigned investigator or supervisor for further investigation or action.
- (b) When forwarding any recommendation to the Chief of Police, the Division Commander shall include a copy of the charges and all materials relied upon in making the recommendation. Actual copies of an employee's existing personnel file need not be provided and may be incorporated by reference.

324.5.2 RESPONSIBILITIES OF THE CHIEF OF POLICE

Upon receipt of any written or verbal recommendation for disciplinary action, the Chief of Police shall review the recommendation and all accompanying materials.

The Chief of Police may modify any recommendations and/or may return the file to the Division Commander for further investigation or action.

Once the Chief of Police is satisfied that no further investigation or action is required by staff, the Chief of Police shall determine the amount of discipline, if any, to be recommended.

In the event that disciplinary action is recommended by the Division Commander and/or the Chief of Police, the employee shall be served with a written (Skelly) notice of the recommendation for discipline within one year of the date of the discovery of the alleged misconduct (absent an exception set forth in Government Code § 3304(d) or Government Code § 3508.1).

The written notice of recommendation for discipline shall contain the following information:

Hayward Police Department

Hayward PD Policy Manual

Standards of Conduct

- (c) A copy of the charges and all materials on which the action is based.
- (d) A notice of the right to respond, either orally or in writing, to the Chief of Police within five days of receiving the Skelly notice (or within the time frame specified in the applicable Memorandum of Understanding).
 - 1. Upon a showing of good cause by the employee, the Chief of Police may grant a reasonable extension of time for the employee to respond.
 - 2. If the employee elects to respond orally, the presentation shall be recorded by the Department. Upon request, the employee shall be provided with a copy of the recording.

324.6 EMPLOYEE RESPONSE

The pre-discipline process is intended to provide the accused employee with an opportunity to present a written or oral response to the Chief of Police after having had an opportunity to review the supporting materials and prior to imposition of any recommended discipline. The employee shall consider the following:

- (a) This Skelly response is not intended to be an adversarial or formal hearing.
- (b) Although the employee may be represented by an uninvolved representative or legal counsel, the Skelly response is not designed to accommodate the presentation of testimony or witnesses.
- (c) The employee may suggest that further investigation could be conducted or the employee may offer any additional information or mitigating factors for the Chief of Police to consider.
- (d) In the event that the Chief of Police elects to cause further investigation to be conducted, the employee shall be provided with the results of such subsequent investigation prior to the imposition of any discipline.
- (e) The employee may thereafter have the opportunity to further respond orally or in writing to the Chief of Police on the limited issue(s) of information raised in any subsequent investigation.
- (f) Once the employee has completed his/her Skelly response or, if the employee has elected to waive any such response, the Chief of Police shall consider all information received in regard to the recommended discipline. Once the Chief of Police determines that discipline will be imposed, a timely written decision shall be provided to the employee within 45 days, imposing, modifying or rejecting the recommended discipline. In the event of a termination, the final notice of discipline shall also inform

Standards of Conduct

the employee of the reason for termination and the process to receive all remaining fringe and retirement benefits.

- (g) Once the Chief of Police has issued a written decision, the discipline shall become effective.

324.7 RESIGNATIONS/RETIREMENTS PRIOR TO DISCIPLINE

In the event that an employee tenders a written retirement or resignation prior to the imposition of discipline, it shall be noted in the file.

The tender of a retirement or resignation by itself shall not serve as grounds for the termination of pending discipline.

324.8 POST SKELLY PROCEDURE

In situations resulting in the imposition of a suspension, punitive transfer, demotion, termination of a non-probationary employee, the employee shall have the right to an evidentiary appeal of the Chief of Police's imposition of discipline pursuant to the operative Memorandum of Understanding (MOU) or collective bargaining agreement and personnel rules.

During any post-Skelly administrative appeal, evidence that an officer has been placed on a *Brady* list or is otherwise subject to *Brady* restrictions may not be introduced unless the underlying allegations of misconduct have been independently established. Thereafter, such *Brady* evidence shall be limited to determining the appropriateness of penalty. (Government Code § 3305.5).

324.8.1 DISMISSAL PROCEDURE

In cases where an employee is dismissed from employment, the employee shall be provided with a written statement citing the effective date and the reason of dismissal per Government Code Section § 3304(f). In addition, the Human Resources Department will provide the dismissed employee with a statement of the status of fringe and retirement benefits.

324.9 DISCIPLINARY ACTION AGAINST PROBATIONARY EMPLOYEES

In the event that a probationary employee is released on probation or disciplined, the employee shall have no right to an administrative appeal and the following shall be considered:

- (a) Release on probation of a probationary employee for such failure to pass probation shall be so reflected in the employee's personnel file.
- (b) In the event that a probationary employee is released on probation or disciplined for misconduct, the employee shall only be entitled to a hearing in the same manner as set forth in the Skelly procedure as set forth above. This hearing may be held prior to or within a reasonable time after the release from probation or the imposition of discipline.
- (c) At all times during any investigation of allegations of misconduct involving a probationary officer, such officer shall be afforded all procedural rights set forth in Government Code § 3303 and applicable Department policies.

Hayward Police Department

Hayward PD Policy Manual

Standards of Conduct

- (d) A probationary employee's hearing shall be limited to an opportunity for the employee to attempt to establish that the underlying allegations should not be sustained. Nothing in this policy or procedure, however, should be construed to establish any sort of property interest in or right to the employee's continuation of employment.
- (e) The burden of proof for any probationary employee's hearing shall rest with the employee and will require proof by a preponderance of the evidence.
- (f) In the event that a probationary employee meets his or her burden of proof in such a hearing, the Department shall remove all reference to the underlying allegations of misconduct from the employee's personnel file.
- (g) In the event that a probationary employee fails to meet his or her burden of proof in such a hearing, the employee shall have no further right to appeal the decision of the Chief of Police.

Members forfeit any expectation of privacy with regard to emails, texts or anything published, shared, transmitted or maintained through file-sharing software or any Internet site that is accessed, transmitted, received or reviewed on any department computer system.

The Department reserves the right to access, audit and disclose, for whatever reason, any message, including attachments, and any information accessed, transmitted, received or reviewed over any technology that is issued or maintained by the Department, including the department email system, computer network and/or any information placed into storage on any department system or device. This includes records of all keystrokes or Web-browsing history made at any department computer or over any department network. The fact that access to a database, service or website requires a username or password will not create an expectation of privacy if it is accessed through department computers, electronic devices or networks.

However, the Department may not require a member to disclose a personal username or password or open a personal social website, except when access is reasonably believed to be relevant to the investigation of allegations of work-related misconduct (Labor Code § 980).

325.4 RESTRICTED USE

When related to criminal investigations, software program files may be downloaded only with the approval of the information systems technology (IT) staff and with the authorization of the Chief of Police or the authorized designee.

No member shall knowingly make, acquire or use unauthorized copies of computer software that is not licensed to the Department while on department premises, computer systems or electronic devices. Such unauthorized use of software exposes the Department and involved members to severe civil and criminal penalties.

Any exceptions to this policy must be approved by a supervisor.

Internet access provided by or through the Department shall be strictly limited to department-related activities. Internet sites containing information that is not appropriate or applicable to department use and which shall not be intentionally accessed include, but are not limited to, adult forums, pornography, gambling, chat rooms and similar or related Internet sites. All members have a duty to protect the computer system and related systems and devices from physical and environmental damage and are responsible for the correct use, operation, care and maintenance of the computer system.

Members shall ensure department computers and access terminals are not viewable by persons who are not authorized users. Computers and terminals should be secured, users logged off and password protections enabled whenever the user is not present. Access passwords, logon information and other individual security data, protocols and procedures are confidential information and are not to be shared. Password length, format, structure and content shall meet

the prescribed standards required by the computer system or as directed by a supervisor and shall be changed at intervals as directed by IT staff or a supervisor.

It is prohibited for a member to allow an unauthorized user to access the computer system at any time or for any reason. Members shall promptly report any unauthorized access to the computer system or suspected intrusion from outside sources (including the Internet) to a supervisor.

325.6 INSPECTION OR REVIEW

A supervisor or the authorized designee has the express authority to inspect or review the computer system, all temporary or permanent files, related electronic systems or devices, and any contents thereof, whether such inspection or review is in the ordinary course of his/her supervisory duties or based on cause.

Media Relations

327.1 PURPOSE AND SCOPE

This policy provides guidelines for media releases and media access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities.

327.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 41.2.4, 54.1.1, 54.1.2, 54.1.3, 82.1.1, 82.1.2

327.1.2 MEDIA PHILOSOPHY

Support of the community is critical for the Hayward Police Department to be successful in its unyielding pledge to provide quality service to the public. Openness, fluid communication and operational transparency are essential elements to gaining the public's trust and understanding of our efforts to be successful in delivering those services. Establishing and maintaining an effective relationship with the news media is crucial to accomplishing this goal.

It is the policy of this agency to treat members of the media with professionalism and ethical behavior. It is expected that the media will respond in a like manner and follow ethical guidelines established by their industry.

327.2 RESPONSIBILITIES

It is the policy of this agency to cooperate with the news media and to maintain an atmosphere of open communication. A positive working relationship with the media is mutually beneficial. To this end, appropriately releasable information will be provided to the news media in an impartial, accurate and timely fashion. No employee shall release any information that would jeopardize an active investigation, prejudice an accused's right to a fair trial, or violate any law.

327.3 MEDIA ACCESS

Authorized members of the media shall be provided access to scenes of disasters, emergencies and other law enforcement activities subject to the following conditions (Penal Code § 409.5(d)):

- (a) The media representative shall produce valid press credentials that shall be prominently displayed at all times while in areas otherwise closed to the public.
- (b) Media representatives may be prevented from interfering with emergency operations and criminal investigations.
 1. Reasonable effort should be made to provide a safe staging area for the media that is near the incident and that will not interfere with emergency or criminal investigation operations. All information released to the media should be coordinated through the department Public Information Officer or other designated spokesperson.
 2. Whenever the presence of media or other aircraft pose a threat to public or officer safety or significantly hampers incident operations, the field supervisor should consider requesting a Temporary Flight Restriction (TFR). All requests for a

Hayward Police Department

Hayward PD Policy Manual

Media Relations

TFR should be routed through the Watch Commander. The TFR request should include specific information regarding the perimeter and altitude necessary for the incident and should be requested through the appropriate control tower. If the control tower is not known, the Federal Aviation Administration should be contacted (14 CFR 91.137).

- (c) No member of this department who is under investigation shall be subjected to media visits or interviews without the consent of the involved employee (Government Code § 3303(e)).
- (d) Media interviews with individuals who are in custody should not be permitted without the approval of the Chief of Police and the express consent of the person in custody.

A tactical operation should be handled in the same manner as a crime scene, except the news media shall be permitted within the outer perimeter of the scene, subject to any restrictions as determined by the supervisor in charge. Department members shall not jeopardize a tactical operation in order to accommodate the news media. All comments to the media shall be coordinated through the Public Information Officer or Watch Commander.

327.3.1 PROVIDING ADVANCE INFORMATION

To protect the safety and rights of officers and other persons, advance information about planned actions by law enforcement personnel, such as movement of persons in custody or the execution of an arrest or search warrant, shall not be disclosed to the news media, nor should media representatives be invited to be present at such actions except with the prior approval of the Chief of Police.

Any exceptions to the above should only be considered for the furtherance of legitimate law enforcement purposes. Prior to approving any exception the Chief of Police will consider, at minimum, whether the release of information or presence of the media would unreasonably endanger any individual, prejudice the rights of any person or is otherwise prohibited by law.

The manager of the Criminal Investigations Bureau shall serve as the designated PIO and shall be the primary contact for routine news media inquiries. The PIO functions to support the agency in operational matters of media interest.

A designated or delegated PIO will be available during normal business hours. During off hours the designated PIO should be available for consult on issues of media interest. This will predominately pertain to emergencies and critical incidents occurring during off hours. The shift commander shall be responsible for ensuring the PIO is notified of major incidents and all other events that may generate media interest.

327.4 SCOPE OF INFORMATION SUBJECT TO RELEASE

Juveniles: At no time shall identifying information pertaining to a juvenile arrestee (13 years of age and under), victim or witness be publically released without prior approval of a competent court.

No member of this Department shall be subject to media visits or interviews without the employee's consent [Government Code § 3303(e)] and authorization according to this Policy. All conversations with members of the news media should be considered "on the record" and subject to being quoted.

The PIO will facilitate the news conference, which may include the Chief of Police or his or her designee.

In accordance with Penal Code § 409.5(d), authorized members of the media shall be provided access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities, subject to the following conditions:

- (a) Media representatives shall produce valid press credentials and shall prominently display those credentials at all times while in areas otherwise closed to the public.

- (b) Reasonable efforts should be made to provide a safe staging area for the media near the emergency or criminal investigation operation, although media representatives should be prevented from interfering with emergency operations and at scenes of ongoing criminal investigations. At such scenes, agency personnel shall ensure media personnel respect the established perimeter. Members of the media have no greater or lesser access to an incident scene than members of the general public.
- (c) The PIO, with approval of the scene commander, may grant closer access to news personnel and their equipment, to the degree that it does not interfere with law enforcement operations.

Hayward Police Department

Hayward PD Policy Manual

Media Relations

- (d) No member of this agency shall prohibit the media from news gathering activities, including photography and interviews, outside the established perimeter.
- (e) News media representatives shall not be prevented from access to any area solely because of the possibility of their injury or death. If this is the only consideration, the media representative should be advised of the danger and allowed to make the decision to enter on his/her volition.
- (f) Information at crime scenes and critical incident scenes shall be released by the PIO, unless otherwise delegated by the PIO or the scene commander.
- (g) At critical incident scenes, the PIO or scene commander should consider establishing a media briefing area as close to the scene as safety and operational requirements allow.
- (h) At critical incident scenes, members of the agency will work in close cooperation with the media to ensure that live broadcasts do not disclose any information that could endanger law enforcement personnel or the general public.
- (i) Whenever the presence of media aircraft or other aircraft pose a threat to the public or in any way compromises or hampers an ongoing police operation, the scene commander should consider a request for a Temporary Flight Restriction (TFR). All TFR requests should include specific information regarding the perimeter and altitude necessary for the incident and should be requested through the appropriate Air Traffic Control Tower. If the appropriate control tower is not known, the Federal Aviation Administration should be contacted (14 CFR § 91.137).
- (j) Accommodating the news media at planned and unplanned tactical operations should be handled in the same manner as crime scenes.
 - 1. To protect officers and other persons, advance information about planned actions of law enforcement personnel, such as movement of persons in custody or the execution of an arrest or search warrant, should not be disclosed to the news media, nor should media representatives be invited to be present at such actions except with prior approval of the Chief of Police.

Access to Suspects: Suspects or accused persons in custody shall not be posed or made available for media interviews by any member of this agency without the approval of the Chief of Police and the express consent of the person in custody.

Joint Investigations/Other Agency Involvement: In multi-jurisdictional situations, the lead investigative agency is responsible for providing or coordinating the release of public information. Every reasonable effort should be made to coordinate media releases with the authorized representative of each involved agency prior to the release of any information by this Department. Unless otherwise directed by the Chief of Police, under no circumstances should any member of this Department make any comment to the media regarding a law enforcement incident not involving this Department.

Media Relations

327.4.1 RESTRICTED INFORMATION

It shall be the responsibility of the authorized employee dealing with media requests to ensure that restricted information is not inappropriately released to the media by this department. When in doubt, authorized and available legal counsel should be obtained.

327.4.2 MEDIA REQUESTS FOR PUBLIC RECORDS

Any member of the public, including the media, may request access to unrestricted records of this Department by submitting to an authorized employee a separate written and signed request for each individual and specifically identified record sought (Government Code § 6253). Requests from involved individuals, their authorized representatives and other agencies are addressed in further detail in the Records Release and Security Policy.

327.5 MEETINGS WITH THE MEDIA

Reaffirming this agency's commitment to positive media relations, the agency head and PIO shall meet on a regular basis with media representatives to discuss issues of mutual interest or concern. Proposed or anticipated changes in Department policy or procedures dealing with the media also will be addressed at that time.

327.6 MEDIA RIDE ALONGS

Media personnel may ride along with on-duty police employees only if approved by the Chief of Police. Those so authorized shall abide by all provisions of the Ride-Along Policy, including the completion of a signed liability waiver as is required for members of the general public. There are, however, additional restrictions applicable to media and journalists regarding their access to private property and confidential information potentially encountered during a ride along.

- (a) Media personnel who accompany Hayward Police Department personnel are prohibited from accompanying police employees into areas that are not accessible to the public, specifically areas wherein officers gain access due to their authority as peace officers, including but not limited to homes, dwellings, backyards, ambulances, or any area where a reasonable expectation of privacy exists.
- (b) Officers shall not in any way negotiate or facilitate any waiver or consent for media personnel to accompany them into private areas. Waivers of liability are the equivalent of a business contract entered into by the media and occupants of the premises and shall not be part of the police function.
 1. Without a waiver, which is in most cases impractical for news personnel to acquire without interfering with emergencies or unfolding circumstances, officers shall ensure media personnel observe only from areas accessible to the public.

327.7 LIVE COVERAGE AGREEMENTS

Live coverage agreements establish voluntary guidelines for the broadcast of live pictures or information emanating from critical incidents scenes such as hostage situations, barricaded

329.2.4 EMPLOYEES WORKING AS RESERVE OFFICERS

Qualified employees of this department, when authorized, may also serve as reserve officers. However, the Department must not utilize the services of a reserve or volunteer in such a way that it would violate employment laws or labor agreements (e.g., a detention officer working as a reserve officer for reduced or no pay). Therefore, the Reserve Commander should consult the Department of Human Resources prior to an employee serving in a reserve or volunteer capacity (29 CFR 553.30).

329.3 DUTIES OF RESERVE OFFICERS

Reserve officers assist regular officers in the enforcement of laws and in maintaining peace and order within the community. Police reserve officers shall be required to adhere to all departmental policies and procedures. A copy of the policies and procedures will be made available to each reserve officer upon appointment and he/she shall become thoroughly familiar with these policies.

Whenever a rule, regulation, or guideline in this manual refers to a sworn regular full-time officer, it shall also apply to a sworn reserve officer unless by its nature it is inapplicable.

329.4.5 SECONDARY TRAINING PHASE

The Secondary Training Phase (Phase II) shall consist of 100 hours of additional on-duty training. The reserve officer will no longer be required to ride with his/her primary training officer. The reserve officer may now ride with any officer designated by the Watch Commander.

Reserve officers certified as Level I may, with prior authorization of the Reserve Coordinator and on approval of the Division Commander, be relieved of the "immediate supervision" requirement. Level I reserve officers may function under the authority of Penal Code § 832.6(a)(1) only for the duration of the assignment or purpose for which the authorization was granted.

Mutual Aid and Outside Agency Assistance

330.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to officers in the request of or answering the request for assistance involving another law enforcement agency.

It is the policy of this Department to provide assistance whenever possible, consistent with the applicable laws of arrest and detention policies of this Department, when another law enforcement agency requests assistance with an arrest or detention of any person. This Department may also request an outside agency to provide assistance.

330.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards:

330.2 REQUESTING ASSISTANCE FROM OUTSIDE AGENCIES

If assistance is needed from another agency, the employee requesting assistance shall first notify a supervisor of his/her intentions. The handling officer or supervisor should direct assisting personnel to where they are needed and to whom they should report when they arrive.

The requesting officer should secure radio frequencies for use by all involved agencies so that communication can be coordinated as needed. If necessary, reasonable effort should be taken to provide radio equipment capable of communicating on the assigned frequency to any personnel who do not have compatible radios.

330.3 ASSISTING OUTSIDE AGENCIES

Generally, calls for assistance from other agencies are routed to the Watch Commander for approval. When an authorized employee of an outside agency requests the assistance of this Department in taking a person into custody, available officers shall respond and assist in making a lawful arrest. If an officer receives a request in the field for assistance, that officer shall notify a supervisor. Arrestees may be temporarily detained by our agency until arrangements for transportation are made by the outside agency. Only in exceptional circumstances will this Department provide transportation of arrestees to other county facilities.

When such assistance is rendered, a case number will be issued to report action taken by Hayward Police Department Personnel. Probation violators temporarily detained by this Department will not ordinarily be booked at this Department.

Registered Offender Information

331.1 PURPOSE AND SCOPE

This policy establishes guidelines by which the Hayward Police Department will address issues associated with certain offenders who are residing in the jurisdiction and how the Department will disseminate information and respond to public inquiries for information about registered sex, arson and drug offenders.

331.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 82.1.1

331.2 POLICY

It is the policy of the Hayward Police Department to identify and monitor registered offenders living within this jurisdiction and to take reasonable steps to address the risks those persons may pose.

331.3 REGISTRATION

The Criminal Investigations Bureau supervisor shall establish a process to reasonably accommodate registration of certain offenders. The process should rebut any allegation on the part of the offender that the registration process was too confusing, burdensome, or difficult for compliance. If it is reasonable to do so, an investigator assigned to related investigations should conduct the registration in order to best evaluate any threat the person may pose to the community. Those assigned to register offenders should receive appropriate training regarding the registration process.

Upon conclusion of the registration process, the investigator shall ensure that the registration information is provided to the California Department of Justice (DOJ) in accordance with applicable law (Penal Code § 457.1; Penal Code § 290 et seq.).

The refusal of a registrant to provide any of the required information or complete the process should initiate a criminal investigation for failure to register.

331.3.1 CONTENTS OF REGISTRATION

The information collected from the registering offenders shall include a signed statement as required by the California DOJ, fingerprints and a photograph, and any other information required by applicable law (Penal Code § 457.1; Penal Code § 290 et seq.).

331.4 MONITORING OF REGISTERED OFFENDERS

The Criminal Investigation Bureau Supervisor should establish a system to periodically, and at least once annually, verify that a registrant remains in compliance with his/her registration requirements after the initial registration. This verification should include:

- (a) Efforts to confirm residence using an unobtrusive method, such as an Internet search or drive-by of the declared residence.
- (b) Review of information on the California DOJ website for sex offenders.

Hayward Police Department

Hayward PD Policy Manual

Registered Offender Information

- (c) Contact with a registrant's parole or probation officer.

Any discrepancies should be reported to the California DOJ.

The Criminal Investigation Bureau Supervisor should also establish a procedure to routinely disseminate information regarding registered offenders to Hayward personnel, including timely updates regarding new or relocated registrants.

331.5 DISSEMINATION OF PUBLIC INFORMATION

Members will not unilaterally make a public notification advising the community of a particular registrant's presence in the community. Members who identify a significant risk or other public safety issue associated with a registrant should promptly advise their supervisor. The supervisor should evaluate the request and forward the information to the Chief of Police if warranted. A determination will be made by the Chief of Police, with the assistance of legal counsel as necessary, whether such a public alert should be made.

Members of the public requesting information on sex registrants should be provided the Megan's Law website or the Hayward Police Department's website. Information on sex registrants placed on the Hayward Police Department's website shall comply with the requirements of Penal Code § 290.46.

The Records Administrator may release local registered offender information to residents only in accordance with applicable law (Penal Code § 290.45; Penal Code § 290.46; Penal Code § 457.1), and in compliance with a California Public Records Act (Government Code § 6250-6276.48) request.

331.5.1 LIMITED RELEASE WITHIN COLLEGE CAMPUS COMMUNITY

California law allows the following additional information regarding a registered sex offender on campus, whose information is not available to the public via the Internet website, to be released to a campus community (Penal Code § 290.01(d):

- (a) The offender's full name.
- (b) The offender's known aliases.
- (c) The offender's sex.
- (d) The offender's race.
- (e) The offender's physical description.
- (f) The offender's photograph.
- (g) The offender's date of birth.
- (h) Crimes resulting in the registration of the offender under Penal Code § 290.
- (i) The date of last registration.

Registered Offender Information

For purposes of this section, campus community shall be defined as those persons present at or regularly frequenting any place constituting campus property, satellite facilities, laboratories, public areas contiguous to the campus and other areas set forth in Penal Code § 290.01(d).

331.5.2 RELEASE NOTIFICATIONS

Registrant information that is released should include notification that:

- (a) The offender registry includes only those persons who have been required by law to register and who are in compliance with the offender registration laws.
- (b) The information is provided as a public service and may not be current or accurate.
- (c) Persons should not rely solely on the offender registry as a safeguard against offenses in their communities.
- (d) The crime for which a person is convicted may not accurately reflect the level of risk.
- (e) Anyone who uses information contained in the registry to harass registrants or commit any crime may be subject to criminal prosecution.
- (f) The purpose of the release of information is to allow members of the public to protect themselves and their children from sex offenders (Penal Code § 290.45).

The Coroner or Deputy Coroner is generally the only person permitted to search a body known to be dead from any of the circumstances set forth in Government Code § 27491. The only exception is that an officer is permitted to search the body of a person killed in a traffic collision for the limited purpose of locating an anatomical donor card (Government Code § 27491.3). 334.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 42.2.8, 82.2.1

334.2 REPORTING

- (a) In an effort to maintain uniformity in reporting, officers presented with the crime of identity theft (Penal Code § 530.6) shall initiate a report for victims whose actual residence or place of business was within the jurisdiction of this Department when the crime occurred. For incidents of identity theft occurring outside this jurisdiction, officers should observe the following:
 - 1. If the suspected crime(s) were committed in different jurisdiction(s), but the victim resides or works within this jurisdiction, you shall initiate a report in compliance with Penal Code § 530.6 then refer the report to the law enforcement agency(s) where the suspected crime was committed for further investigation of the facts. The referral shall be made through the Records Division utilizing a referral letter, which will be prepared by the Records Division upon receiving a referral request from the reporting officer. (i.e. report routing)
 - 2. For any victim not residing or working within this jurisdiction and there is no evidence that the crime occurred within the jurisdiction of this Department, the officer may either take a courtesy report to be forwarded to the victim's residence agency or the victim should be encouraged to promptly report the identity theft to the law enforcement agency where he or she resides.
- (b) While the crime of identity theft should be reported to the law enforcement agency where the victim resides, officers of this Department should investigate and report crimes occurring within this jurisdiction which have resulted from the original identity theft (e.g., the identity theft occurred elsewhere, but the credit card fraud occurred and is reported in our jurisdiction).
- (c) Officers should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim's name when the victim has never made such an application).
- (d) Officers should also cross-reference all known reports made by the victim (e.g., U.S. Secret Service, credit reporting bureaus, U.S. Postal Service and DMV) with all known report numbers.

Identity Theft

- (e) The reporting officer should inform the victim of identity theft that the California Identity Theft Registry is available to help those who are wrongly linked to crimes. The registry can be checked by law enforcement and other authorized persons to investigate whether a criminal history or want was created in the victim's name (Penal Code § 530.7). Information regarding the California Identity Theft Registry can be obtained by calling toll free (888) 880-0240.
- (f) Following supervisory review and Departmental processing, the initial report should be forwarded to the appropriate investigator for follow up investigation, coordination with other agencies and prosecution as circumstances dictate.

334.2.1 REPORTING FORMS

Officers shall document an identity theft investigation using the standard crime reporting process in the Records Management System.

334.3 PREVENTION AND VICTIM ASSISTANCE

Fraud prevention and victim assistance materials are available on the City of Hayward website and at www.identitytheftcouncil.org. The Criminal Investigations Bureau Supervisor is responsible for causing the materials to be updated when necessary.

Department members should refer victims to the City of Hayward website and/or the Identity Theft Council and document the referral in the narrative of the report. Department Members should offer a Victims of Identity Theft Information Pamphlet to all victims of identity theft as it contains information to further assist victims in reestablishing their credit and identity.

This section pertains to the following CALEA Standards: 1.2.5, 1.2.6, 1.2.7, 82.2.1

335.2 ADVISING PRIVATE PERSONS OF THE ARREST PROCESS

Penal Code § 836(b) expressly mandates that all officers shall advise victims of domestic violence of the right to make a private person's arrest, including advice on how to safely execute such an arrest. In all other situations, officers should use sound discretion in determining whether or not to advise an individual of the arrest process:

- (a) When advising any individual regarding the right to make a private person's arrest, officers should refrain from encouraging or dissuading any individual from making such an arrest and should instead limit advice to the legal requirements for such an arrest as listed below.
- (b) Private individuals should be discouraged from using force to effect a private person's arrest, and absent immediate threat to their own safety or the safety of others, private individuals should be encouraged to refer matters to law enforcement officials for further investigation or arrest.

335.3 ARRESTS BY PRIVATE PERSONS

Penal Code § 837 provides that a private person may arrest another:

- (a) For a public offense committed or attempted in his or her presence;
- (b) When the person arrested has committed a felony, although not in his or her presence;
- (c) When a felony has been in fact committed, and he or she has reasonable cause for believing the person arrested has committed it.

Unlike peace officers, private persons may not make an arrest on suspicion that a felony has been committed - the felony must in fact have taken place.

335.4 OFFICER RESPONSIBILITIES

Any officer presented with a private person wishing to make an arrest must determine whether or not there is reasonable cause to believe that such an arrest would be lawful (Penal Code § 847):

- (a) Should any officer determine that there is no reasonable cause to believe that a private person's arrest is lawful, the officer should take no action to further detain or restrain the individual beyond that which reasonably appears necessary to investigate the matter, determine the lawfulness of the arrest and protect the public safety.

Hayward Police Department

Hayward PD Policy Manual

Private Persons Arrests

1. Any officer who determines that a private person's arrest appears to be unlawful should promptly release the arrested individual pursuant to Penal Code § 849(b) (1). The officer must include the basis of such a determination in a related report.
 2. Absent reasonable cause to support a private person's arrest or other lawful grounds to support an independent arrest by the officer, the officer should advise the parties that no arrest will be made and that the circumstances will be documented in a related report.
- (b) Whenever an officer determines that there is reasonable cause to believe that a private person's arrest is lawful, the officer may exercise any of the following options:
1. Take the individual into physical custody for booking.
 2. Release the individual pursuant to a Notice to Appear.
 3. Release the individual pursuant to Penal Code § 849.

335.5 REPORTING REQUIREMENTS

In all circumstances in which a private person is claiming to have made an arrest, the individual must sign a written statement indicating they have made a citizen's arrest.

In addition to the written statement (and any other related documents such as citations, booking forms, etc.), officers shall complete a narrative report regarding the circumstances and disposition of the incident.

Anti-Reproductive Rights Crimes Reporting

336.1 PURPOSE AND SCOPE

This policy shall establish a procedure for the mandated reporting of Anti-Reproductive Rights Crimes (ARRC) to the Attorney General pursuant to the Reproductive Rights Law Enforcement Act (Penal Code § 13775 et seq.).

336.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 82.2.1, 82.2.4

336.2 DEFINITIONS

Penal Code § 423.2 provides that the following acts shall be considered Anti-Reproductive Rights Crimes (ARRC) when committed by any person, except a parent or guardian acting towards his or her minor child or ward:

- (a) By force, threat of force, or physical obstruction that is a crime of violence, intentionally injures, intimidates, interferes with, or attempts to injure, intimidate, or interfere with any person or entity because that person or entity is a reproductive health services client, provider, or assistant, or in order to intimidate any person or entity, or any class of persons or entities, from becoming or remaining a reproductive health services client, provider, or assistant.
- (b) By non-violent physical obstruction, intentionally injures, intimidates, or interferes with, or attempts to injure, intimidate, or interfere with, any person or entity because that person or entity is a reproductive health services client, provider, or assistant, or in order to intimidate any person or entity, or any class of persons or entities, from becoming or remaining a reproductive health services client, provider or assistant.
- (c) Intentionally damages or destroys the property of a person, entity, or facility, or attempts to do so, because the person, entity, or facility is a reproductive health services client, provider, assistant, or facility.

336.3 REPORTING REQUIREMENTS TO THE ATTORNEY GENERAL

Refer to the guidelines in the Crime Reporting procedure.

Limited English Proficiency Services

337.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with limited English proficiency (LEP) (42 USC § 2000d).

337.1.1 ACCREDITATION STANDARDS

This section pertains to CALEA Standard: 1.2.3

337.1.2 DEFINITIONS

Definitions related to this policy include:

Authorized interpreter - A person who has been screened and authorized by the [Department/Office] to act as an interpreter and/or translator for others.

Interpret or interpretation - The act of listening to a communication in one language (source language) and orally converting it to another language (target language), while retaining the same meaning.

Limited English proficient (LEP) - Any individual whose primary language is not English and who has a limited ability to read, write, speak or understand English. These individuals may be competent in certain types of communication (e.g., speaking or understanding) but still be LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations.

Qualified bilingual member - A member of the Hayward Police Department, designated by the [Department/Office], who has the ability to communicate fluently, directly and accurately in both English and another language. Bilingual members may be fluent enough to communicate in a non-English language but may not be sufficiently fluent to interpret or translate from one language into another.

Translate or translation - The replacement of written text from one language (source language) into an equivalent written text (target language).

337.2 POLICY

It is the policy of the Hayward Police Department to reasonably ensure that LEP individuals have meaningful access to law enforcement services, programs and activities, while not imposing undue burdens on its members.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right.

Limited English Proficiency Services

337.3 LEP COORDINATOR

The Chief of Police may delegate certain responsibilities to an LEP Coordinator. The LEP Coordinator may be appointed by, and directly responsible to, Patrol Division Commander or the authorized designee.

The responsibilities of the LEP Coordinator include, but are not limited to:

- (a) Coordinating and implementing all aspects of the Hayward Police Department's LEP services to LEP individuals.
- (b) Developing procedures that will enable members to access LEP services, including telephonic interpreters, and ensuring the procedures are available to all members.
- (c) Ensuring that a list of all qualified bilingual members and authorized interpreters is maintained and available to each Watch Commander and Communications Administrator. The list should include information regarding the following:
 1. Languages spoken
 2. Contact information
 3. Availability
- (d) Ensuring signage stating that interpreters are available free of charge to LEP individuals is posted in appropriate areas and in the most commonly spoken languages.
- (e) Reviewing existing and newly developed documents to determine which are vital documents and should be translated, and into which languages the documents should be translated.
- (f) Annually assessing demographic data and other resources, including contracted language services utilization data and community-based organizations, to determine if there are additional documents or languages that are appropriate for translation.
- (g) Identifying standards and assessments to be used by the Department to qualify individuals as qualified bilingual members or authorized interpreters.
- (h) Periodically reviewing efforts of the Department in providing meaningful access to LEP individuals, and, as appropriate, developing reports, new procedures or recommending modifications to this policy.
- (i) Receiving and responding to complaints regarding department LEP services.
- (j) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

337.4 FOUR-FACTOR ANALYSIS

Since there are many different languages that members could encounter, the Department will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal Financial Assistance Recipients, available at the DOJ website, to determine which measures will provide meaningful access to its services and programs. It is recognized that law enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of four factors, which are:

- (a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by department members, or who may benefit from programs or services within the jurisdiction of the Department or a particular geographic area.
- (b) The frequency with which LEP individuals are likely to come in contact with department members, programs or services.
- (c) The nature and importance of the contact, program, information or service provided.
- (d) The cost of providing LEP assistance and the resources available.

337.5 TYPES OF LEP ASSISTANCE AVAILABLE

Hayward Police Department members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Department will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language.

LEP individuals may choose to accept department-provided LEP services at no cost or they may choose to provide their own.

Department-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

337.6 WRITTEN FORMS AND GUIDELINES

Vital documents or those that are frequently used should be translated into languages most likely to be encountered. The LEP Coordinator will arrange to make these translated documents available to members and other appropriate individuals, as necessary.

337.7 AUDIO RECORDINGS

The Department may develop audio recordings of important or frequently requested information in a language most likely to be understood by those LEP individuals who are representative of the community being served.

Hayward Police Department

Hayward PD Policy Manual

Limited English Proficiency Services

337.8 QUALIFIED BILINGUAL MEMBERS

Bilingual members may be qualified to provide LEP services when they have demonstrated through established department procedures a sufficient level of skill and competence to fluently communicate in both English and a non-English language. Members utilized for LEP services must demonstrate knowledge of the functions of an interpreter/translator and the ethical issues involved when acting as a language conduit. Additionally, bilingual members must be able to communicate technical and law enforcement terminology, and be sufficiently proficient in the non-English language to perform complicated tasks, such as conducting interrogations, taking statements, collecting evidence or conveying rights or responsibilities.

When a qualified bilingual member from this department is not available, personnel from other City departments, who have been identified by the Department as having the requisite skills and competence, may be requested.

337.9 AUTHORIZED INTERPRETERS

Any person designated by the Department to act as an authorized interpreter and/or translator must have demonstrated competence in both English and the involved non-English language, must have an understanding of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the department case or investigation involving the LEP individual. A person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation in a court proceeding.

Authorized interpreters must pass a screening process established by the LEP Coordinator which demonstrates that their skills and abilities include:

- (a) The competence and ability to communicate information accurately in both English and in the target language.
- (b) Knowledge, in both languages, of any specialized terms or concepts peculiar to this department and of any particularized vocabulary or phraseology used by the LEP individual.
- (c) The ability to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (d) Knowledge of the ethical issues involved when acting as a language conduit.

337.9.1 SOURCES OF AUTHORIZED INTERPRETERS

The Department may contract with authorized interpreters who are available over the telephone. Members may use these services with the approval of a supervisor and in compliance with established procedures.

Other sources may include:

- Qualified bilingual members of this department or personnel from other City departments.

Hayward Police Department

Hayward PD Policy Manual

Limited English Proficiency Services

- Individuals employed exclusively to perform interpretation services.
- Contracted in-person interpreters, such as state or federal court interpreters, among others.
- Interpreters from other agencies who have been qualified as interpreters by this department, and with whom the Department has a resource-sharing or other arrangement that they will interpret according to department guidelines.

337.9.2 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF LANGUAGE ASSISTANCE

Language assistance may be available from community volunteers who have demonstrated competence in either monolingual (direct) communication and/or in interpretation or translation (as noted in above), and have been approved by the Department to communicate with LEP individuals.

Where qualified bilingual members or other authorized interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the LEP individual and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

While family or friends of an LEP individual may offer to assist with communication or interpretation, members should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in exigent or very informal and non-confrontational situations.

337.10 CONTACT AND REPORTING

While all law enforcement contacts, services and individual rights are important, this department will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this department is required to complete a report or other documentation, and interpretation services are provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized and whether the individual elected to use services provided by the Department or some other identified source.

337.11 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE

The Hayward Police Department will take reasonable steps and will work with the Department of Human Resources to develop in-house language capacity by hiring or appointing qualified members proficient in languages representative of the community being served.

337.11.1 EMERGENCY CALLS TO 9-1-1

Department members will make every reasonable effort to promptly accommodate LEP individuals utilizing 9-1-1 lines. When a 9-1-1 call-taker receives a call and determines that the caller is an LEP

Hayward Police Department

Hayward PD Policy Manual

Limited English Proficiency Services

individual, the call-taker shall quickly determine whether sufficient information can be obtained to initiate an appropriate emergency response. If language assistance is still needed, the language is known and a qualified bilingual member is available in the Communications Center, the call shall immediately be handled by the qualified bilingual member.

If a qualified bilingual member is not available or the call-taker is unable to identify the caller's language, the call-taker will contact the contracted telephone interpretation service and establish a three-way call between the call-taker, the LEP individual and the interpreter.

Dispatchers will make every reasonable effort to dispatch a qualified bilingual member to the assignment, if available and appropriate.

While 9-1-1 calls shall receive top priority, reasonable efforts should also be made to accommodate LEP individuals seeking routine access to services and information by utilizing the resources listed in this policy.

337.12 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Members and/or supervisors must assess each situation to determine the need and availability of language assistance to all involved LEP individuals and utilize the methods outlined in this policy to provide such assistance.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to request consent to search if the officer is unable to effectively communicate with an LEP individual.

If available, officers should obtain the assistance of a qualified bilingual member or an authorized interpreter before placing an LEP individual under arrest.

337.13 INVESTIGATIVE FIELD INTERVIEWS

In any situation where an interview may reveal information that could be used as the basis for arrest or prosecution of an LEP individual and a qualified bilingual member is unavailable or lacks the skills to directly communicate with the LEP individual, an authorized interpreter should be used. This includes interviews conducted during an investigation with victims, witnesses and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

If an authorized interpreter is needed, officers should consider calling for an authorized interpreter in the following order:

- An authorized department member or allied agency interpreter
- An authorized telephone interpreter

Hayward Police Department

Hayward PD Policy Manual

Limited English Proficiency Services

- Any other authorized interpreter

Any *Miranda* warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated *Miranda* warning card.

The use of an LEP individual's bilingual friends, family members, children, neighbors or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.

337.14 CUSTODIAL INTERROGATIONS

Miscommunication during custodial interrogations may have a substantial impact on the evidence presented in a criminal prosecution. Only qualified bilingual members or, if none is available or appropriate, authorized interpreters shall be used during custodial interrogations. *Miranda* warnings shall be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

In order to ensure that translations during custodial interrogations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

337.15 BOOKINGS

When gathering information during the booking process, members should remain alert to the impediments that language barriers can create. In the interest of the arrestee's health and welfare, the safety and security of the facility, and to protect individual rights, it is important that accurate medical screening and booking information be obtained. Members should seek the assistance of a qualified bilingual member whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by an LEP individual.

337.16 COMPLAINTS

The Department shall ensure that LEP individuals who wish to file a complaint regarding members of this department are able to do so. The Department may provide an authorized interpreter or translated forms, as appropriate. Complaints will be referred to the LEP Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Authorized interpreters used for any interview with an LEP individual during an investigation should not be members of this department.

Any notice required to be sent to an LEP individual as a complaining party pursuant to the Personnel Complaints Policy should be translated or otherwise communicated in a language-accessible manner.

337.17 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue

Hayward Police Department

Hayward PD Policy Manual

Limited English Proficiency Services

to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

337.18 TRAINING

To ensure that all members who may have contact with LEP individuals are properly trained, the Department will provide periodic training on this policy and related procedures, including how to access department-authorized telephonic and in-person interpreters and other available resources.

The Personnel and Training Administrator shall be responsible for ensuring new members receive LEP training. Those who may have contact with LEP individuals should receive refresher training at least once every two years thereafter. The Personnel and Training Administrator shall maintain records of all LEP training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

337.18.1 TRAINING FOR AUTHORIZED INTERPRETERS

All members on the authorized interpreter list must successfully complete prescribed interpreter training. To complete interpreter training successfully, an interpreter must demonstrate proficiency in and ability to communicate information accurately in both English and in the target language, demonstrate knowledge in both languages of any specialized terms or phraseology, and understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

Members on the authorized interpreter list must receive refresher training annually or they will be removed from the authorized interpreter list. This annual training should include language skills competency (including specialized terminology) and ethical considerations.

The Personnel and Training Administrator shall be responsible for coordinating the annual refresher training and will maintain a record of all training the interpreters have received.

Communications with Persons with Disabilities

338.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

338.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 1.2.3, 81.2.1

338.1.2 DEFINITIONS

Definitions related to this policy include:

Auxiliary Aids - Tools used to communicate with people who have a disability or impairment. They include, but are not limited to, the use of gestures or visual aids to supplement oral communication; a notepad and pen or pencil to exchange written notes; a computer or typewriter; an assistive listening system or device to amplify sound; a teletypewriter (TTY) or videophones (video relay service or VRS); taped text; qualified readers; or a qualified interpreter.

Disability or Impairment - A physical or mental impairment that substantially limits a major life activity, including hearing or seeing, regardless of whether the disabled person uses assistive or adaptive devices or auxiliary aids. Individuals who wear ordinary eyeglasses or contact lenses are not considered to have a disability (42 USC § 12102).

Qualified Interpreter - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, translators, sign language interpreters and intermediary interpreters.

338.2 POLICY

It is the policy of the Hayward Police Department to reasonably ensure that people with disabilities, including victims, witnesses, suspects and arrestees have equal access to law enforcement services, programs and activities. Members must make efforts to communicate effectively with individuals with disabilities.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

338.3 AMERICANS WITH DISABILITIES (ADA) COORDINATOR

The Chief of Police shall delegate certain responsibilities to an ADA Coordinator (28 CFR 35.107). The ADA Coordinator shall be responsible to the Support Services Commander or the authorized designee.

The responsibilities of the ADA Coordinator shall include, but not be limited to:

- (a) Working with the City ADA coordinator regarding the Hayward Police Department's efforts to ensure equal access to services, programs and activities, as necessary.

Hayward Police Department

Hayward PD Policy Manual

Communications with Persons with Disabilities

- (b) Developing reports, new procedures, or recommending modifications to this policy.
- (c) Acting as a liaison with local disability advocacy groups or other disability groups regarding access to department services, programs and activities.
- (d) Ensuring that a list of qualified interpreter services is maintained and available.
 - 1.
 - 2.
- (e) Developing procedures that will enable members to access auxiliary aids or services, including qualified interpreters, and ensure the procedures are available to all members.
- (f) Ensuring signage is posted in appropriate areas, indicating that auxiliary aids are available free of charge to people with disabilities.
- (g) Directing any complaints and inquiries received regarding discrimination in access to department services, programs and activities to the Internal Affairs Unit.

338.4 FACTORS TO CONSIDER

Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this department should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs and activities. These factors may include, but are not limited to:

- (a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate their understanding.
- (b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).
- (c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).
- (d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.

338.5 INITIAL AND IMMEDIATE CONSIDERATIONS

Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems.

Hayward Police Department

Hayward PD Policy Manual

Communications with Persons with Disabilities

Members should exercise special care in the use of all gestures, and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual's choice of auxiliary aid or service.

The individual's preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

- (a) The methods of communication usually used by the individual.
- (b) The nature, length and complexity of the communication involved.
- (c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services that reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

If an individual who is deaf, hard of hearing or has impaired speech must be handcuffed while in the custody of the Hayward Police Department, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

338.6 TYPES OF ASSISTANCE AVAILABLE

Hayward Police Department members shall never refuse to assist an individual with disabilities who is requesting assistance. The Department will not charge anyone to receive auxiliary aids, nor shall they require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Department will make every reasonable effort to provide equal access and timely assistance to individuals who are disabled through a variety of services.

A person who is disabled may choose to accept department-provided auxiliary aids or services or they may choose to provide their own.

Department-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.

Communications with Persons with Disabilities

338.7 AUDIO RECORDINGS AND ENLARGED PRINT

The Department may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members may read aloud from the appropriate form, for example a personnel complaint form, or provide forms with enlarged print.

338.8 QUALIFIED INTERPRETERS

A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee), if the individual to be interviewed normally relies on sign language or speechreading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or investigation involving the disabled individual. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

- (a) Available within a reasonable amount of time but in no event longer than one hour if requested.
- (b) Experienced in providing interpretation services related to law enforcement matters.
- (c) Familiar with the use of VRS and/or video remote interpreting services.
- (d) Certified in either American Sign Language (ASL) or Signed English (SE).
- (e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use department-approved procedures to request a qualified interpreter at the earliest reasonable opportunity, and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

338.9 TTY AND RELAY SERVICES

In situations where an individual without a disability would have access to a telephone (e.g., booking or attorney contacts), members must also provide those who are deaf, hard of hearing or have impaired speech the opportunity to place calls using an available TTY (also known as a telecommunications device for deaf people, or TDD). Members shall provide additional time, as needed, for effective communication due to the slower nature of TTY and TDD communications.

The Department will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.

Hayward Police Department

Hayward PD Policy Manual

Communications with Persons with Disabilities

338.10 COMMUNITY VOLUNTEERS

Interpreter services may be available from community volunteers who have demonstrated competence in communication services, such as ASL or SE, and have been approved by the Department to provide interpreter services.

Where qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

338.11 FAMILY AND FRIENDS

While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

- (a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.
- (b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

338.12 REPORTING

Whenever any member of this department is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Department or some other identified source. If the individual's express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.

338.13 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.

Hayward Police Department

Hayward PD Policy Manual

Communications with Persons with Disabilities

The Department recognizes that it would be virtually impossible to provide immediate access to complete communication services to every member of this department. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual's preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the officer is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If available, officers should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

338.13.1 FIELD RESOURCES

Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

- (a) Hand gestures or visual aids with an individual who is deaf, hard of hearing or has impaired speech.
- (b) Exchange of written notes or communications.
- (c) Verbal communication with an individual who can speechread by facing the individual and speaking slowly and clearly.
- (d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.
- (e) Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

338.14 CUSTODIAL INTERROGATIONS

In an effort to ensure that the rights of individuals who are deaf, hard of hearing or have speech impairment are protected during a custodial interrogation, this department will provide interpreter services before beginning an interrogation, unless exigent circumstances exist or the individual has made a clear indication that he/she understands the process and desires to proceed without an interpreter. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. *Miranda* warnings shall be provided to suspects who are deaf or hard of hearing by a qualified interpreter or by providing a written *Miranda* warning card.

Hayward Police Department

Hayward PD Policy Manual

Communications with Persons with Disabilities

In order to ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

338.15 ARREST AND BOOKINGS

If an individual with speech or hearing disabilities is arrested, the arresting officer shall use department-approved procedures to provide a qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates that he/she prefers a different auxiliary aid or service or the officer reasonably determines another effective method of communication exists under the circumstances.

When gathering information during the booking process, members should remain alert to the impediments that often exist when communicating with those who are deaf, hard of hearing, who have impaired speech or vision, are blind, or have other disabilities. In the interest of the arrestee's health and welfare, the safety and security of the facility and to protect individual rights, it is important that accurate medical screening and booking information be obtained. If necessary, members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

338.16 COMPLAINTS

The Department shall ensure that individuals with disabilities who wish to file a complaint regarding members of this department are able to do so. The Department may provide a qualified interpreter or forms in enlarged print, as appropriate. Complaints will be referred to the department ADA Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Qualified interpreters used during the investigation of a complaint should not be members of this Department.

338.17 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

338.18 TRAINING

To ensure that all members who may have contact with individuals who are disabled are properly trained, the Department will provide periodic training that should include:

Hayward Police Department

Hayward PD Policy Manual

Communications with Persons with Disabilities

- (a) Awareness and understanding of this policy and related procedures, related forms and available resources.
- (b) Procedures for accessing qualified interpreters and other available resources.
- (c) Working with in-person and telephone interpreters and related equipment.

The Personnel and Training Administrator shall be responsible for ensuring new members receive training related to interacting with individuals who have disabilities, including individuals who are deaf, hard of hearing, who have impaired speech or vision, or are blind. Those who may have contact with such individuals should receive refresher training at least once every two years thereafter. The Personnel and Training Administrator shall maintain records of all training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

338.18.1 CALL-TAKER TRAINING

Emergency call-takers shall be trained in the use of TTY equipment protocols for communicating with individuals who are deaf, hard of hearing or who have speech impairments. Such training and information should include:

- (a) The requirements of the ADA and Section 504 of the Rehabilitation Act for telephone emergency service providers.
- (b) ASL syntax and accepted abbreviations.
- (c) Practical instruction on identifying and processing TTY or TDD calls, including the importance of recognizing silent TTY or TDD calls, using proper syntax, abbreviations and protocol when responding to TTY or TDD calls.
- (d) Hands-on experience in TTY and TDD communications, including identification of TTY or TDD tones.

Training should be mandatory for all the Communications Center members who may have contact with individuals from the public who are deaf, hard of hearing or have impaired speech. Refresher training should occur every six months.

Biological Samples

340.1 PURPOSE AND SCOPE

This policy provides guidelines for the collection of biological samples from those individuals required to provide samples upon conviction or arrest for certain offenses. This policy does not apply to biological samples collected at a crime scene or taken from a person in conjunction with a criminal investigation. Nor does it apply to biological samples from those required to register, for example, sex offenders.

340.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 1.2.4, 1.3.1

340.2 POLICY

The Hayward Police Department will assist in the expeditious collection of required biological samples from offenders in accordance with the laws of this state and with as little reliance on force as practicable.

340.3 PERSONS SUBJECT TO DNA COLLECTION

Those who must submit a biological sample include (Penal Code § 296):

- (b) Verify that a biological sample has not been previously collected from the offender by querying the individual's criminal history record for a DNA collection flag or, during regular business hours, calling the California Department of Justice (DOJ) designated DNA laboratory. There is no need to obtain a biological sample if one has been previously obtained.
- (c) Use a DNA buccal swab collection kit provided by the California DOJ to perform the collection and take steps to avoid cross contamination.

Biological Samples

340.5 USE OF FORCE TO OBTAIN SAMPLES

If a person refuses to cooperate with the sample collection process, officers should attempt to identify the reason for refusal and seek voluntary compliance without resorting to using force. Force will not be used in the collection of samples except as authorized by court order and only with the approval of a supervisor. Methods to consider when seeking voluntary compliance include contacting:

- (a) The person's parole or probation officer when applicable.
- (b) The prosecuting attorney to seek additional charges against the person for failure to comply or to otherwise bring the refusal before a judge.
- (c) The judge at the person's next court appearance.
- (d) The person's attorney.
- (e) A chaplain.
- (f) Another custody facility with additional resources, where an arrestee can be transferred to better facilitate sample collection.
- (g) A supervisor who may be able to authorize custodial disciplinary actions to compel compliance, if any are available.

The supervisor shall review and approve any plan to use force and be present to document the process.

A blood sample should only be obtained under this policy when:

- (a) The California DOJ requests a blood sample and the subject consents, or
- (b) A court orders a blood sample following a refusal.

The withdrawal of blood may only be performed in a medically approved manner by health care providers trained and qualified to draw blood. A California DOJ collection kit shall be used for this purpose (Penal Code § 298(a); Penal Code § 298(b)(2)).

Service Animals

342.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to ensure the rights of individuals who use service animals to assist with disabilities are protected in accordance with Title II of the Americans with Disabilities Act of 1990 (ADA).

342.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards:

342.1.2 DEFINITIONS

Definitions related to this policy include:

Service Animal - A dog that is trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a service animal must be directly related to the individual's disability (28 CFR 35.104; Health and Safety Code § 113903).

Service animal also includes a miniature horse if the horse is trained to do work or perform tasks for people with disabilities, provided the horse is housebroken, is under the handler's control, the facility can accommodate the horse's type, size and weight, and the horse's presence will not compromise legitimate safety requirements necessary for safe operation of the facility (28 CFR 35.136(i)).

342.2 POLICY

It is the policy of the Hayward Police Department to provide services and access to persons with service animals in the same manner as those without service animals. Department members shall protect the rights of persons assisted by service animals in accordance with state and federal law.

342.3 IDENTIFICATION AND USE OF SERVICE ANIMALS

Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar.

Service animals may be used in a number of ways to provide assistance, including:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting with stability and balance.

Hayward Police Department

Hayward PD Policy Manual

Service Animals

- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities or psychiatric disabilities, such as reminding a person with depression to take medication.
- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items or follow daily routines.

342.4 MEMBER RESPONSIBILITIES

Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the general public is allowed. Department members are expected to treat individuals with service animals with the same courtesy and respect that the Hayward Police Department affords to all members of the public (28 CFR 35.136).

342.4.1 INQUIRY

If it is apparent or if a member is aware that an animal is a service animal, the individual generally should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the member should ask the individual only the following questions (28 CFR 35.136(f)):

- Is the animal required because of a disability?
- What task or service has the service animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task, the animal meets the definition of a service animal and no further questions as to the animal's status should be asked. The individual should not be questioned about his/her disability nor should the person be asked to provide any license, certification or identification card for the service animal.

342.4.2 CONTACT

Service animals are not pets. Department members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

342.4.3 REMOVAL

If a service animal is not housebroken or exhibits vicious behavior, poses a direct threat to the health of others, or unreasonably disrupts or interferes with normal business operations, an officer may direct the handler to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the service animal (28 CFR 35.136(b)).

Each incident must be considered individually and past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to

Hayward Police Department

Hayward PD Policy Manual

Service Animals

an individual with disabilities. Members of this department are expected to provide all services as are reasonably available to an individual with a disability, with or without a service animal.

342.4.4 COMPLAINTS

When handling calls of a complaint regarding a service animal, members of this department should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany their handlers into the same areas that other customers or members of the public are allowed (28 CFR 36.302).

Absent a violation of law independent of the ADA, officers should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as a result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice (DOJ).

Child and Dependent Adult Safety

343.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this [department/office] (Penal Code § 833.2(a)).

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse and Senior and Disability Victimization policies.

343.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards:

343.2 POLICY

It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience individuals may have when their parent or caregiver is arrested. The Hayward Police Department will endeavor to create a strong, cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected.

343.3 PROCEDURES DURING AN ARREST

When encountering an arrest or prolonged detention situation, officers should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, officers should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken (Penal Code § 13517.7(b)(1)):

- (a) Inquire about and confirm the location of any children or dependent adults.
- (b) Look for evidence of children and dependent adults. Officers should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.
- (c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, officers should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Hayward Police Department

Hayward PD Policy Manual

Child and Dependent Adult Safety

Whenever it is safe to do so, officers should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the officer at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.

343.3.1 AFTER AN ARREST

Whenever an arrest is made, the officer should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered children or dependent adults.

Officers should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

- (a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.
 1. Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), officers should respect the parent or caregiver's judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.
 2. Except when a court order exists limiting contact, the officer should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.
- (b) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.
- (c) Notify Child Protective Services or the Division of Aging and Adult Services, if appropriate.
- (d) Notify the field supervisor or Watch Commander of the disposition of children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting officer should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver's arrest and of the arrangements being made for the care of the arrestee's dependent. The result of such actions should be documented in the associated report.

343.3.2 DURING THE BOOKING PROCESS

During the booking process the arrestee shall be allowed to make additional telephone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any

Hayward Police Department

Hayward PD Policy Manual

Child and Dependent Adult Safety

child or dependent adult. These telephone calls should be given as soon as practicable and are in addition to any other telephone calls allowed by law (Penal Code § 851.5(c)).

If an arrestee is unable to resolve the care of any child or dependent adult through this process, a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.

343.3.3 REPORTING

(a) For all arrests where children are present or living in the household, the reporting employee will document the following information:

1. Name
2. Sex
3. Age
4. How, where and with whom or which agency the child was placed

(b) For all arrests where dependent adults are present or living in the household, the reporting employee will document the following information:

1. Name
2. Sex
3. Age
4. Whether he/she reasonably appears able to care for him/herself
5. Disposition or placement information if he/she is unable to care for him/herself

343.3.4 SUPPORT AND COUNSELING REFERRAL

If, in the judgment of the handling officers, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis telephone number, the appropriate referral information may be provided.

343.4 DEPENDENT WELFARE SERVICES

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling officer should contact the appropriate welfare service or other department-approved social service to determine whether protective custody is appropriate (Welfare and Institutions Code § 305).

Only when other reasonable options are exhausted should a child or dependent adult be transported to the police facility, transported in a marked patrol car or taken into formal protective custody.

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

Child and Dependent Adult Safety

343.5 TRAINING

The Personnel and Training Administrator is responsible to ensure that all personnel of this department who may be involved in arrests affecting children or dependent adults receive approved POST-approved training on effective safety measures when a parent, guardian or caregiver is arrested (Penal Code § 13517.7).

Off-Duty Law Enforcement Actions

344.1 PURPOSE AND SCOPE

The decision to become involved in a law enforcement action when off-duty can place an officer as well as others at great risk and must be done with careful consideration. This policy is intended to provide guidelines for officers of the Hayward Police Department with respect to taking law enforcement action while off-duty.

344.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards:

344.2 POLICY

Initiating law enforcement action while off-duty is generally discouraged. Officers should not attempt to initiate enforcement action when witnessing minor crimes, such as suspected intoxicated drivers, reckless driving or minor property crimes. Such incidents should be promptly reported to the appropriate law enforcement agency.

Officers are not expected to place themselves in unreasonable peril. However, any sworn member of this Department who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death, or significant property damage may take reasonable action to minimize the threat.

When public safety or the prevention of major property damage requires immediate action, officers should first consider reporting and monitoring the activity and only take direct action as a last resort.

344.3 FIREARMS

Officers of this department may carry firearms while off-duty in accordance with federal regulations and department policy. All firearms and ammunition must meet guidelines as described in the department Firearms Policy. When carrying firearms while off-duty officers shall also carry their department-issued badge and identification.

Officers should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any officer who has consumed an amount of an alcoholic beverage or taken any drugs or medications or any combination thereof that would tend to adversely affect the officer's senses or judgment.

344.4 DECISION TO INTERVENE

There is no legal requirement for off-duty officers to take law enforcement action. However, should officers decide to intervene, they must evaluate whether the action is necessary or desirable, and should take into consideration the following:

Hayward Police Department

Hayward PD Policy Manual

Off-Duty Law Enforcement Actions

- (a) The tactical disadvantage of being alone and the fact there may be multiple or hidden suspects.
- (b) The inability to communicate with responding units.
- (c) The lack of equipment, such as handcuffs, OC or baton.
- (d) The lack of cover.
- (e) The potential for increased risk to bystanders if the off-duty officer were to intervene.
- (f) Unfamiliarity with the surroundings.
- (g) The potential for the off-duty officer to be misidentified by other peace officers or members of the public.

Officers should consider waiting for on-duty uniformed officers to arrive, and gather as much accurate intelligence as possible instead of immediately intervening.

344.4.1 INTERVENTION PROCEDURE

If involvement is reasonably necessary the officer should attempt to call or have someone else call 9-1-1 to request immediate assistance. The dispatcher should be informed that an off-duty officer is on-scene and should be provided a description of the officer if possible.

Racial or Bias-Based Profiling

401.1 PURPOSE AND SCOPE

This policy provides guidance to [department/office] members that affirms the Hayward Police Department's commitment to policing that is fair and objective.

Nothing in this policy prohibits the use of specified characteristics in law enforcement activities designed to strengthen the [department/office]'s relationship with its diverse communities (e.g., cultural and ethnicity awareness training, youth programs, community group outreach, partnerships).

401.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 1.2.9

401.1.2 DEFINITIONS

Definitions related to this policy include:

Bias-based policing - An inappropriate reliance on actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, or affiliation with any non-criminal group (protected characteristics) as the basis for providing differing law enforcement service or enforcement (Penal Code § 13519.4).

Criminal Profiling- Criminal profiling is a legitimate tool in the fight against crime. It is an investigative method by which officers identify suspicious behavior and take legal action consistent with the Fourth Amendment. Officers must have individualized suspicion based on observation of behavior, characteristics, activities and environment.

Racial Profiling- Penal Code § 13519.4 states that racial profiling is “the practice of detaining a person based on a broad set of criteria which casts suspicion on an entire class of people without any individualized suspicion of a particular person being stopped.” This includes but is not limited to race, ethnic background, gender, sexual orientation, religion, economic status, age, cultural group, or any other identifiable group.

401.2 POLICY

The Hayward Police Department is committed to providing law enforcement services to the community with due regard for the racial, cultural or other differences of those served. It is the policy of this department to provide law enforcement services and to enforce the law equally, fairly and without discrimination toward any individual or group.

Race, ethnicity or nationality, religion, sex, sexual orientation, economic status, age, cultural group, disability or affiliation with any other similar identifiable group shall not be used as the basis for providing differing levels of law enforcement service or the enforcement of the law.

Hayward PD Policy Manual

Racial or Bias-Based Profiling

401.3 RACIAL- OR BIAS-BASED PROFILING PROHIBITED

Racial or bias-based profiling is strictly prohibited. However, nothing in this policy is intended to prohibit an officer from considering factors such as race or ethnicity in combination with other legitimate factors to establish reasonable suspicion or probable cause (e.g., suspect description is limited to a specific race or group).

401.3.1 CALIFORNIA RELIGIOUS FREEDOM ACT

Members shall not collect information from a person based on religious belief, practice, affiliation, national origin or ethnicity unless permitted under state or federal law (Government Code § 8310.3).

Members shall not assist federal government authorities (Government Code § 8310.3):

- (a) In compiling personal information about a person's religious belief, practice, affiliation, national origin or ethnicity.
- (b) By investigating, enforcing or assisting with the investigation or enforcement of any requirement that a person register with the federal government based on religious belief, practice, or affiliation, or national origin or ethnicity.

401.4 MEMBER RESPONSIBILITY

Every member of this department shall perform his/her duties in a fair and objective manner and is responsible for promptly reporting any known instances of racial- or bias-based profiling to a supervisor.

401.4.1 REASON FOR DETENTION

Officers detaining a person shall be prepared to articulate sufficient reasonable suspicion to justify a detention, independent of the individual's membership in a protected class.

To the extent that written documentation would otherwise be completed (e.g., arrest report, Field Interview (FI) card), the involved officer should include those facts giving rise to the officer's reasonable suspicion or probable cause for the detention, as applicable.

Nothing in this policy shall require any officer to document a contact that would not otherwise require reporting.

401.4.2 REPORTING OF STOPS

Unless an exception applies under 11 CCR 999.227, an officer conducting a stop of a person shall collect the data elements required by 11 CCR 999.226 for every person stopped and prepare a stop data report. When multiple officers conduct a stop, the officer with the highest level of engagement with the person shall collect the data elements and prepare the report (11 CCR 999.227).

If multiple agencies are involved in a stop and the Hayward Police Department is the primary agency, the Hayward Police Department officer shall collect the data elements and prepare the stop data report (11 CCR 999.227).

Hayward Police Department

Hayward PD Policy Manual

Racial or Bias-Based Profiling

The stop data report should be completed by the end of the officer's shift or as soon as practicable (11 CCR 999.227).

401.5 SUPERVISOR RESPONSIBILITY

Supervisors shall monitor those individuals under their command for any behavior that may conflict with the purpose of this policy and shall handle any alleged or observed violation of this policy in accordance with the Personnel Complaints Policy.

- (a) Supervisors should discuss any issues with the involved officer and his/her supervisor in a timely manner.
- (b) Supervisors should periodically review MAV recordings, MDC data and any other available resource used to document contact between officers and the public to ensure compliance with the policy.
 - 1. Supervisors should document these periodic reviews.
 - 2. Recordings that capture a potential instance of racial or bias-based profiling should be appropriately retained for administrative investigation purposes.
- (c) Supervisors shall initiate investigations of any actual or alleged violations of this policy.
- (d) Supervisors should ensure that no retaliatory action is taken against any member of this department who discloses information concerning racial or bias-based profiling.

401.6 ADMINISTRATION

Each year, the Internal Affairs Manager shall review the efforts of the Department to prevent racial or bias-based profiling and submit an overview, including public concerns and complaints, to the Chief of Police.

This report should not contain any identifying information regarding any specific complaint, citizen or officer. It should be reviewed by the Chief of Police to identify any changes in training or operations that should be made to improve service.

Supervisors shall review the annual report and discuss the results with those they are assigned to supervise.

401.7 TRAINING

Training on racial- or bias-based profiling and review of this policy should be conducted as directed by the Personnel and Training Unit.

- (a) All sworn members of this department will be scheduled to attend Peace Officer Standards and Training (POST) approved training on the subject of racial or bias-based profiling.
- (b) Pending participation in such POST approved training and at all times, all members of this department are encouraged to familiarize themselves with and consider racial and cultural differences among members of this community.

Hayward Police Department

Hayward PD Policy Manual

Racial or Bias-Based Profiling

- (c) Each sworn member of this department who received initial racial or bias-based profiling training will thereafter be required to complete an approved refresher course every five years, or sooner if deemed necessary, in order to keep current with changing racial, identity and cultural trends (Penal Code § 13519.4(i)).

401.8 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE

The Internal Affairs Unit Manager shall ensure that all data required by the California Department of Justice (DOJ) regarding complaints of racial bias against officers is collected and provided to the Records Administrator for required reporting to the DOJ (Penal Code § 13012; Penal Code § 13020). See the Records Bureau Policy.

Supervisors should ensure that data stop reports are provided to the Records Administrator for required annual reporting to the DOJ (Government Code § 12525.5) (See Records Bureau Policy).

Line-up Training

402.1 PURPOSE AND SCOPE

Line-up training is generally conducted at the beginning of the assigned shift. It provides an opportunity for important exchange between employees and supervisors. A supervisor generally will conduct it; however, other members of the Department may conduct it for training purposes with supervisor approval.

Line-up training should accomplish, at a minimum, the following basic tasks:

- (a) Briefing with information regarding daily patrol activity, with particular attention given to unusual situations and changes in the status of wanted persons, stolen vehicles, and major investigations.
- (b) Notifying of changes in schedules and assignments.
- (c) Notifying of news or changes in Department policies or practices.
- (d) Reviewing recent incidents for training purposes.
- (e) Providing training on a variety of subjects.

402.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 33.5.2

402.2 PREPARATION OF MATERIALS

The supervisor conducting Line-up Training is responsible for preparation of the materials necessary for a constructive briefing. Supervisors may delegate this responsibility to a subordinate officer in his or her absence or for training purposes.

Crime and Disaster Scene Integrity

403.1 PURPOSE AND SCOPE

The protection and integrity of a crime scene is of the utmost importance for the successful apprehension of criminals and successful prosecution. The integrity of a disaster scene is equally as critical for the protection of life and property and investigation by proper authorities.

403.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 42.2.1, 61.2.3, 83.1.1

403.1.2 CRIME SCENE INVESTIGATION

For a detailed process for conducting crime scene investigations, see the Crime Scene Investigation Manual.

403.2 CRIME SCENE RESPONSIBILITY

The first officer at the scene of a crime or major incident is generally responsible for taking reasonable efforts to preserve the scene. Officers shall also consider officer safety and public safety, including reasonable efforts to render medical aid to any obviously injured parties. Once an officer has assumed or been assigned to maintain the integrity of the crime/disaster scene, the officer shall continue to do so until he/she is relieved by a supervisor.

403.2.1 FIRST RESPONDER CONSIDERATIONS

The following list generally describes the functions which the first responder should reasonably attempt to take at a crime or disaster scene. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation, the availability of resources, capacity of personnel and totality of each circumstance:

- (a) Ensure no suspects are still in the area.
- (b) Observe all conditions, events and remarks.
- (c) Broadcast emergency information, including all requests for additional assistance.
- (d) Evacuate the location as required.
- (e) Provide first aid to injured parties if it can be done safely.
- (f) Locate and identify witnesses.
- (g) Maintain and protect the crime scene by securing the inner and outer perimeter if needed.
- (h) Protect items of apparent evidentiary value.
- (i) Arrange for the collection of evidence.
- (j) Identify and interview the complainant, witnesses and suspects.
- (k) Start a chronological log noting critical times and personnel allowed access.

Crime and Disaster Scene Integrity

403.3 EXECUTION OF HEALTH ORDERS

Any sworn member of this department is authorized to enforce all orders of the local health officer that have been issued for the purpose of preventing the spread of any contagious, infectious or communicable disease (Health and Safety Code § 120155).

403.4 SEARCHES

Officers arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims, and to determine if suspects are present and continue to pose a threat. Once officers are satisfied that no additional suspects are present and/or there are no injured persons to be treated, those exigent circumstances will likely no longer exist. Officers should thereafter secure the scene and conduct no further search until additional or alternate authority for the search is obtained, such as consent or a search warrant.

403.4.1 CONSENT

When possible, officers should seek written consent to search from authorized individuals. However, in the case of serious crimes or major investigations, it may be prudent to also obtain a search warrant. Consent as an additional authorization may be sought, even in cases where a search warrant has been granted.

Special Response Unit

404.1 PURPOSE AND SCOPE

The Special Response Unit (SRU) is comprised of two specialized teams: the Crisis Negotiation Team (CNT) and the Special Weapons and Tactics Team (SWAT). The unit has been established to provide specialized support in handling critical field operations where intense negotiations and/or special tactical deployment methods beyond the capacity of field officers appear to be necessary. This policy is written to comply with the guidelines established in the Attorney General's Commission on Special Weapons and Tactics Report (September 2002) and the POST 2005 SWAT Operational Guidelines and Standardized Training Recommendations (Penal Code § 13514.1).

404.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 22.2.5, 33.6.1, 33.6.2, 46.2.2, 46.2.3, 46.2.4, 46.1.10

404.1.2 ADMINISTRATIVE AND OPERATIONAL POLICY

The Policy Manual sections pertaining to the Special Response Unit are divided into Administrative and Operational Policy and Procedures. Since situations that necessitate the need for such a police response vary greatly from incident to incident and such events often demand on-the-scene evaluation, the Operational Policy outlined in this manual section serves as a guideline to Department personnel allowing for appropriate on scene decision making as required. The Administrative Procedures, however, are more restrictive and few exceptions should be taken.

404.1.3 SWAT TEAM DEFINED

A SWAT team is a designated unit of law enforcement officers that is specifically trained and equipped to work as a coordinated team to resolve critical incidents that are so hazardous, complex, or unusual that they may exceed the capabilities of first responders or investigative units including, but not limited to, hostage taking, barricaded suspects, snipers, terrorist acts and other high-risk incidents. As a matter of Department policy, such a unit may also be used to serve high-risk warrants, both search and arrest, where public and officer safety issues warrant the use of such a unit.

404.2 LEVELS OF CAPABILITY/TRAINING

404.2.1 LEVEL I

A Level I SWAT team is a basic team capable of providing containment and intervention with critical incidents that exceed the training and resources available to line-level officers. This does not include ad hoc teams of officers that are formed around a specific mission, detail or incident (e.g. active shooter response). Generally 5 percent of the basic team's on-duty time should be devoted to training.

Special Response Unit

404.2.2 LEVEL II

A Level II, Intermediate level SWAT team is capable of providing containment and intervention. Additionally, these teams possess tactical capabilities above the Level I teams. These teams may or may not work together on a daily basis, but are intended to respond to incidents as a team. At least 5 percent of their on-duty time should be devoted to training with supplemental training for tactical capabilities above the Level I team.

404.2.3 LEVEL III

A Level III, Advanced level SWAT team is a SWAT team whose personnel function as a full-time unit. Generally 25 percent of their on-duty time is devoted to training. Level III teams operate in accordance with contemporary best practices. Such units possess both skills and equipment to utilize tactics beyond the capabilities of Level I and Level II teams.

404.3 POLICY

It shall be the policy of this Department to maintain a SWAT team and to provide the equipment, manpower, and training necessary to maintain a SWAT team. The SWAT team should develop sufficient resources to perform three basic operational functions:

- (a) Command and Control.
- (b) Containment.
- (c) Entry/Apprehension/Rescue.

It is understood it is difficult to categorize specific capabilities for critical incidents. Training needs may vary based on the experience level of the team personnel, team administrators and potential incident commanders. Nothing in this policy shall prohibit individual teams from responding to a situation that exceeds their training levels due to the exigency of the circumstances. The preservation of innocent human life is paramount.

404.3.1 POLICY CONSIDERATIONS

A needs assessment should be conducted to determine the type and extent of SWAT missions and operations appropriate to this Department. The assessment should consider the team's capabilities and limitations and should be reviewed annually by the SWAT Commander or his/her designee.

404.3.2 ORGANIZATIONAL PROCEDURES

This Department shall develop a separate written set of organizational procedures which should address, at minimum, the following:

- (a) Locally identified specific missions the team is capable of performing.
- (b) Team organization and function.
- (c) Personnel selection and retention criteria.
- (d) Training and required competencies.

Hayward Police Department

Hayward PD Policy Manual

Special Response Unit

- (e) Procedures for activation and deployment.
- (f) Command and control issues, including a clearly defined command structure.
- (g) Multi-agency response.
- (h) Out-of-jurisdiction response.
- (i) Specialized functions and supporting resources.

404.3.3 OPERATIONAL PROCEDURES

This Department shall develop a separate written set of operational procedures in accordance with the determination of their level of capability, using sound risk reduction practices. The operational procedures should be patterned after the National Tactical Officers Association Suggested SWAT Best Practices. Because such procedures are specific to SRU members and will outline tactical and officer safety issues, they are not included within this policy. The operational procedures should include, at minimum, the following:

- (a) Designated personnel responsible for developing an operational or tactical plan prior to, and/or during SWAT operations (time permitting).
 - 1. All SWAT team members should have an understanding of operational planning.
 - 2. SWAT team training should consider planning for both spontaneous and planned events.
 - 3. SWAT teams should incorporate medical emergency contingency planning as part of the SWAT operational plan.
- (b) Plans for mission briefings conducted prior to an operation, unless circumstances require immediate deployment.
 - 1. When possible, briefings should include the specialized units and supporting resources.
- (c) Protocols for a sustained operation should be developed which may include relief, rotation of personnel and augmentation of resources.
- (d) A generic checklist to be worked through prior to initiating a tactical action as a means of conducting a threat assessment to determine the appropriate response and resources necessary, including the use of SWAT.
- (e) The appropriate role for a trained negotiator.
- (f) A standard method of determining whether or not a warrant should be regarded as high-risk.
- (g) A method for deciding how best to serve a high-risk warrant with all reasonably foreseeable alternatives being reviewed in accordance with risk/benefit criteria prior to selecting the method of response.

Hayward Police Department

Hayward PD Policy Manual

Special Response Unit

- (h) Post incident scene management including:
 - 1. Documentation of the incident.
 - 2. Transition to investigations and/or other units.
 - 3. Debriefing after every deployment of the SWAT team.
 - (a) After-action team debriefing provides evaluation and analysis of critical incidents and affords the opportunity for individual and team assessments, helps to identify training needs, and reinforces sound risk management practices.
 - (b) Such debriefing should not be conducted until involved officers have had the opportunity to individually complete necessary reports or provide formal statements.
 - (c) In order to maintain candor and a meaningful exchange, debriefing will generally not be recorded.
 - (d) When appropriate, debriefing should include specialized units and resources.
- (i) Sound risk management analysis.
- (j) Standardization of equipment deployed.

404.4 TRAINING NEEDS AND POLICY ASSESSMENT

The SWAT/CNT Commander shall conduct an annual SWAT Training needs assessment and review of policy to ensure that training is conducted within team capabilities, Department policy and the training guidelines as established by POST (11 CCR § 1084). This annual review shall cover all practices and policies as they relate to addressing active threats by members of the Department.

404.4.1 INITIAL TRAINING

SWAT team operators and SWAT supervisors/team leaders should not be deployed until successful completion of the POST-certified Basic SWAT Course or its equivalent.

- (a) To avoid unnecessary or redundant training, previous training completed by members may be considered equivalent when the hours and content (topics) meet or exceed Department requirements or POST standardized training recommendations.
- (b) SWAT supervisors are responsible for ensuring on-the-job training of members, when and if applicable.

404.4.2 UPDATED TRAINING

Appropriate team training for the specialized SWAT functions and other supporting resources should be completed prior to full deployment of the team.

Hayward Police Department

Hayward PD Policy Manual

Special Response Unit

SWAT team operators and SWAT supervisors/team leaders should complete update or refresher training as certified by POST, or its equivalent, every 24 months.

404.4.3 SUPERVISION AND MANAGEMENT TRAINING

Command and executive personnel are encouraged to attend training for managing the SWAT function at the organizational level to ensure personnel who provide active oversight at the scene of SWAT operations understand the purpose and capabilities of the teams.

Command personnel who may assume incident command responsibilities should attend SWAT or Critical Incident Commander course or its equivalent. SWAT command personnel should attend a POSTcertified SWAT commander or tactical commander course, or its equivalent.

404.4.4 SWAT ONGOING TRAINING

Training shall be coordinated by the SRU Commander. The SRU Commander may conduct monthly training exercises that include a review and critique of personnel and their performance in the exercise in addition to specialized training. Training shall consist of the following:

- (a) Each SWAT member shall perform a physical fitness test twice each year. A minimum qualifying score must be attained by each team member.
- (b) Any SWAT team member failing to attain the minimum physical fitness qualification score will be notified of the requirement to retest and attain a qualifying score. Within 30 days of the previous physical fitness test date, the member required to qualify shall report to a team supervisor and complete the entire physical fitness test. Failure to qualify after a second attempt may result in dismissal from the team.
- (c) Those members who are on vacation, ill, or are on light duty status with a doctor's note of approval on the test date, shall be responsible for reporting to a team supervisor and taking the test within 30 days of their return to regular duty. Any member, who fails to arrange for and perform the physical fitness test within the 30-day period, shall be considered as having failed to attain a qualifying score for that test period.
- (d) Quarterly, each SWAT team member shall perform the mandatory SWAT handgun qualification course. The qualification course shall consist of the SWAT Basic Drill for the handgun. Failure to qualify will require that officer to seek remedial training from a team range master approved by the SRU Commander. Team members who fail to qualify must retest within 30 days. Failure to qualify within 30 days with or without remedial training may result in dismissal from the team.
- (e) Each SWAT team member shall complete the quarterly SWAT qualification course for any specialty weapon issued to, or used by, the team member during SWAT operations. Failure to qualify will require the team member to seek remedial training from the Rangemaster who has been approved by the SRU commander. Team members who fail to qualify on their specialty weapon may not utilize the specialty weapon on SWAT operations until qualified. Team members who fail to qualify must retest within 30 days. Failure to qualify with specialty weapons within 30 days may

result in the team member being removed from the team or permanently disqualified from use of that particular specialty weapon.

404.4.5 TRAINING SAFETY

Use of a designated safety officer should be considered for all tactical training.

404.4.6 SCENARIO BASED TRAINING

SWAT teams should participate in scenario-based training that simulates the tactical operational environment. Such training is an established method of improving performance during an actual deployment.

404.4.7 TRAINING DOCUMENTATION

Individual and team training shall be documented and records maintained by the Personnel and Training Unit. Such documentation shall be maintained in each member's individual training file. A separate agency SWAT training file shall be maintained with documentation and records of all team training.

404.5 UNIFORMS, EQUIPMENT, AND FIREARMS

404.5.1 UNIFORMS

SWAT teams from this agency should wear uniforms that clearly identify team members as law enforcement officers. It is recognized that certain tactical conditions may require covert movement. Attire may be selected appropriate to the specific mission.

404.5.2 EQUIPMENT

SWAT teams from this agency should be adequately equipped to meet the specific mission(s) identified by the agency.

404.5.3 FIREARMS

Weapons and equipment used by SWAT, the specialized units, and the supporting resources should be agency-issued or approved, including any modifications, additions, or attachments.

404.5.4 OPERATIONAL READINESS INSPECTIONS

The SRU Commander shall appoint a SRU supervisor to perform operational readiness inspections of all unit equipment at least quarterly. The result of the inspection will be forwarded to the SRU Commander in writing. The inspection will include personal equipment issued to members of the unit, operational equipment maintained in the SRU facility and equipment maintained or used in SRU vehicles.

404.6 MANAGEMENT/SUPERVISION OF SPECIAL RESPONSE UNIT

The Commander of the SRU shall be selected by the Chief of Police upon recommendation of staff.

404.6.1 PRIMARY UNIT MANAGER

Under the direction of the Chief of Police, through the Special Operations Division Commander, the Special Response Unit shall be managed by a sworn officer at the rank of lieutenant.

A minimum of one training day per quarter will be required to provide the opportunity for role playing and situational training necessary to maintain proper skills. This will be coordinated by the team supervisor.

Continual evaluation of a team member's performance and efficiency as it relates to the positive operation of the unit shall be conducted by the team supervisor. Performance and efficiency levels, established by the team supervisor, will be met and maintained by all team members. This section pertains to the following CALEA Standards: 41.2.4, 61.2.2, 61.2.3

406.1.2 HAZARDOUS MATERIAL DEFINED

A hazardous material is a substance which by its nature, containment and reactivity, has the capability of inflicting harm during exposure; characterized as being toxic, corrosive, flammable, reactive, an irritant or strong sensitizer and thereby posing a threat to health when improperly managed.

406.2 HAZARDOUS MATERIAL RESPONSE

Employees may encounter situations involving suspected hazardous materials, such as at the scene of a traffic accident, chemical spill, or fire. When employees come into contact with a suspected hazardous material, certain steps should be taken to protect themselves and citizens.

The following steps should be considered at any scene involving suspected hazardous materials:

- (a) Attempt to identify the type of hazardous substance. (Identification can be determined by placard, driver's manifest or statements from the person transporting).
- (b) Notify the Fire Department.
- (c) Provide first-aid for injured parties if it can be done safely and without contamination.
- (d) Begin evacuation of the immediate area and surrounding areas depending on the substance. Voluntary evacuation should be considered; however depending on the substance, mandatory evacuation may be necessary.
- (e) Notify the local Health Authority. Such notification is mandatory when a spilled or released item is a pesticide (Health and Safety Code § 10215).
- (f) Notify the Department of Toxic Substances Control. This is mandatory when an officer comes in contact with, or is aware of, the presence of a suspected hazardous substance at a site where an illegal controlled substance is or was manufactured (Health and Safety § 25354.5).

Hostage and Barricade Incidents

407.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where officers have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the officers by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that officers encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or purport to recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

407.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 41.2.4, 46.1.2

407.1.2 DEFINITIONS

Definitions related to this policy include:

Hostage - A person held by one party in a conflict as security so that specified terms will be met by the opposing party.

Hostage Situation - An incident where it is reasonable to believe a person is unlawfully held by a hostage-taker as security so that specified terms or conditions will be met.

Barricaded Suspect - A person who takes a position of cover or concealment or maintains a position in a structure and who resists capture by law enforcement personnel. A barricaded suspect may be armed or suspected of being armed.

Barricade Situation - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a dangerous or deadly weapon.

407.2 POLICY

It is the policy of the Hayward Police Department to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

407.3 COMMUNICATION

When circumstances permit, initial responding officers should try to establish and maintain lines of communication with a barricaded person or hostage-taker. Officers should attempt to identify any additional subjects, inquire about victims and injuries, seek the release of hostages, gather intelligence information, identify time-sensitive demands or conditions and obtain the suspect's surrender.

When available, department-authorized negotiators should respond to the scene as soon as practicable and assume communication responsibilities. Negotiators are permitted to exercise

Hayward Police Department

Hayward PD Policy Manual

Hostage and Barricade Incidents

flexibility in each situation based upon their training, the circumstances presented, suspect actions or demands and the available resources.

407.3.1 EMERGENCY COMMUNICATIONS

Only an officer who has been designated by the District Attorney or Attorney General may use or authorize the use of an electronic amplifying or recording device to eavesdrop on or record, or both, oral communication in response to an emergency situation involving a hostage or the barricading of a location, and only when (Penal Code § 633.8(b)):

- (a) The officer reasonably determines an emergency situation exists that involves the immediate danger of death or serious physical injury to any person within the meaning of 18 USC § 2518(7)(a)(i),
- (b) The officer reasonably determines that the emergency situation requires that eavesdropping on oral communication occur immediately, and
- (c) There are grounds upon which an order could be obtained pursuant to 18 USC § 2516(2).
- (d) An application for an order approving the eavesdropping and complying with the requirements of Penal Code § 629.50 is made within 48 hours of the beginning of the eavesdropping.
- (e) The contents of any oral communications overheard are recorded on tape or other comparable device.

407.4 FIRST RESPONDER CONSIDERATIONS

First responding officers should promptly and carefully evaluate all available information to determine whether an incident involves, or may later develop into, a hostage or barricade situation.

The first responding officer should immediately request a supervisor's response as soon as it is determined that a hostage or barricade situation exists. The first responding officer shall assume the duties of the supervisor until relieved by a supervisor or a more qualified responder. The officer shall continually evaluate the situation, including the level of risk to officers, to the persons involved and to bystanders, and the resources currently available.

The handling officer should brief the arriving supervisor of the incident, including information about suspects and victims, the extent of any injuries, additional resources or equipment that may be needed, and current perimeters and evacuation areas.

407.4.1 BARRICADE SITUATION

Unless circumstances require otherwise, officers handling a barricade situation should attempt to avoid a forceful confrontation in favor of stabilizing the incident by establishing and maintaining lines of communication while awaiting the arrival of specialized personnel and trained negotiators. During the interim the following options, while not all-inclusive or in any particular order, should be considered:

Hayward Police Department

Hayward PD Policy Manual

Hostage and Barricade Incidents

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.

- (j) If necessary and available, establish a tactical or exclusive radio frequency for the incident.
- (k) Establish a command post.

407.4.2 HOSTAGE SITUATION

Officers presented with a hostage situation should attempt to avoid a forceful confrontation in favor of controlling the incident in anticipation of the arrival of specialized personnel and trained hostage negotiators. However, it is understood that hostage situations are dynamic and can require that officers react quickly to developing or changing threats. The following options while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.

Hayward Police Department

- (l) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers, additional public safety departments, the Public Information Officer and other resources.
- (m) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

407.5 SUPERVISOR RESPONSIBILITIES

Upon being notified that a hostage or barricade situation exists, the supervisor should immediately respond to the scene, assess the risk level of the situation, establish a proper chain of command and assume the role of Incident Commander until properly relieved. This includes requesting a SRU response if appropriate and apprising the SRU Commander of the circumstances. In addition, the following options should be considered:

- (a) Ensure injured persons are evacuated and treated by medical personnel.
- (b) Ensure the completion of necessary first responder responsibilities or assignments.
- (c) Request crisis negotiators, specialized units, additional personnel, resources or equipment as appropriate.

Hayward Police Department

Hayward PD Policy Manual

Hostage and Barricade Incidents

 - 1. When considering restricting communication services, a supervisor should make the determination that there is reason to believe an emergency situation exists involving immediate danger of death or great bodily harm and that an interruption to communication services is necessary to protect public safety. The supervisor must ensure the Department obtains a court order, in accordance with Public Utilities Code §7908, prior to requesting the interruption. In the case of an extreme emergency when there is insufficient time to obtain an order prior to the request, application for the order must be submitted within six hours after initiating the interruption (Public Utilities Code § 7908).
- (h) Ensure adequate law enforcement coverage for the remainder of the City during the incident. The supervisor should direct non-essential personnel away from the scene unless they have been summoned by the supervisor or Communications.
- (i) Identify a media staging area outside the outer perimeter and have the department Press Information Officer or a designated temporary media representative provide media access in accordance with the News Media Relations Policy. If appropriate, make public notifications for awareness and safety in accordance with Public Alerts policy.
- (j) Identify the need for mutual aid and the transition or relief of personnel for incidents of extended duration.
- (k) Debrief personnel and review documentation as appropriate.

407.6 SPECIAL RESPONSE UNIT RESPONSIBILITIES

The Incident Commander will decide, with input from the SRU Commander, whether to deploy the SRU during a hostage or barricade situation. Once the Incident Commander authorizes deployment, the SRU Commander or the authorized designee will be responsible for the tactical portion of the operation. The Incident Commander shall continue supervision of the command post operation, outer perimeter security and evacuation, media access and support for the SRU. The Incident Commander and the SRU Commander or the authorized designee shall maintain communications at all times.

Response to Critical Incidents and Planned Operations

408.1 PURPOSE AND SCOPE

This procedure establishes criteria for assessing risk factors at critical incidents and assessing potential risk factors for planned operations. The Risk Assessment Matrix form provides an objective means for evaluating the need for tactical resources. This evaluation will determine if the mission requires consultation with Special Response Unit Tactical Leaders or if Special Response Unit resources are required to respond

408.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 46.1.1

408.1.2 PROCEDURE

Supervisors, Watch Commanders and other Command Officers will use the following procedures when responding to Critical Incidents or planning an operation involving a search warrant or arrest warrant.

408.2 CRITICAL INCIDENTS

When confronted with a critical incident and as soon as practical, the Incident Commander shall evaluate the situation by using the Risk Assessment Matrix form.(see attached). This evaluation consists of assessing the situation and then answering “yes” or “no” to the threat items on the form. Should an incident contain a “yes” answer to one or more threats listed in questions 1 through 5 (HIGHEST RISK), the Special Response Unit should be tasked with planning a response to the critical incident. In addition, if an incident contains a “yes” answer to questions 6, 7, or three of the threats listed in questions 8 through 16 (MODERATE-HIGH RISK), the SRU shall be consulted. SRU (Commander or Team Leaders) leadership will assess the situation and assist the handling unit in determining whether or not SRU will be utilized for the incident. All incidents that fall below the MODERATE-HIGH RISK classification will be deemed LOW RISK absent any extenuating circumstances or other pertinent information. Threats may increase or decrease as the incident evolves. Therefore, the evaluation of the incident should be ongoing. Special Response Unit Leaders are available to assist the Incident Commander in any critical incident regardless of the risk factor and should be consulted before activating a call in.

408.2.1 SPECIAL RESPONSE UNIT LEADERS

The Special Response Unit Commander, Assistant Commander, and Team Leaders are designated for consultation during a critical incident or mission planning. The managers, supervisor's or officers assigned to these positions can be located by accessing the SRU

408.4 RISK ASSESSMENT MATRIX FORMS

Risk Assessment Matrix forms shall be maintained and utilized by Field Supervisors, Watch Commander's, and Special Response Unit leaders. The factors listed in this policy and on the Risk Assessment Matrix form shall be considered prior to activation of the Special Response Unit.

408.5 DECONFLICTION SYSTEM

Deconfliction systems are designed to identify persons and locations associated with investigations or law enforcement operations and alert participating agencies when others are planning or conducting operations in close proximity or time or are investigating the same individuals, groups or locations.

The Hayward Police Department participates in a regional event deconfliction system to provide coordination, enhance the safety of members and the public, decrease the risk of compromising investigations and prevent duplicating efforts. The Department utilizes the deconfliction system in planned operations.

408.5.1 DEFINITION

Planned Operations : Operations, including service of search warrants, arrest warrants, probation/parole searches, and sting operations, that are likely to present higher risks than are commonly faced by officers on a daily basis, including, but not limited to suspects in fortified locations, reasonable risk of violence or confrontation with multiple persons, or reason to suspect that persons anticipate the operation.

408.5.2 CONTACT INFORMATION FOR DECONFLICTION SYSTEM

The deconfliction system used by the Department is Western States Information Network (WSIN).

WSIN is one of six regional centers run by the Regional Information Sharing Systems Program (RISS), a Department of Justice program. WSIN can be contacted by phone at (916) 263-1166 or by fax at (916) 263-1439.

408.5.3 AUTHORIZED USE OF DECONFLICTION SYSTEM

An officer is authorized to use WISN after he or she submits to WSIN a completed WSIN Security Control Card signed by his or her supervisor.

Hayward Police Department

Hayward PD Policy Manual

Response to Critical Incidents and Planned Operations

408.5.4 AUTHORIZED INFORMATION ENTRY INTO DECONFLICTION SYSTEM

The information entered into WSIN may include name(s), address, vehicle information and phone numbers. When possible, before conducting an operation, the operations lead will contact WSIN and provide a location address to reduce the possibility of conflict with another law enforcement agency.

If any conflict is discovered, the supervisor will contact the involved jurisdiction and resolve the potential conflict before proceeding with the operation.

408.5.5 INTERNAL DISTRIBUTION OF DECONFLICTION INFORMATION

The internal distribution of event deconfliction information occurs in the Planned Operation Risk Analysis. The Planned Operation Risk Analysis is guided by the Planned Risk Analysis form. The form is completed by the supervisor of the operation or his/her designated agent. See above section Planned Operation.

Response to Bomb Calls

409.1 PURPOSE AND SCOPE

These guidelines have been prepared to assist officers in their initial response to incidents involving explosives, explosive devices, or explosion/bombing incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety shall always be the primary consideration.

409.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 41.2.4, 46.1.2

409.2 FOUND EXPLOSIVES/SUSPECT DEVICES

When handling an incident involving a suspected explosive device, the following guidelines should be followed:

- (a) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging. The appropriate bomb squad or military explosive ordnance disposal team should be summoned for assistance.
- (b) A minimum perimeter of 300 feet should be established around the device. An access point should be provided for support personnel.
- (c) As much information as is available should be promptly relayed to the Watch Commander including:
 1. The stated threat.
 2. Exact comments.
 3. Time of discovery.
 4. Exact location of the device.
 5. Full description (e.g., size, shape, markings, construction) of the device.
- (d) The device should not be touched or moved except by qualified bomb squad personnel.
- (e) All equipment within 300 feet of the suspected device capable of producing radio frequency energy should be turned off. This includes two-way radios, cell phones and other personal communication devices.
- (f) Consideration should be given to evacuating any buildings near the device.
- (g) A search of the area should be conducted for secondary devices or other objects that are either hazardous or foreign to the area and a perimeter should be established around any additional suspicious device found.
- (h) When in doubt, call for assistance from the Alameda County Sheriff's Department Bomb Squad (510) 667-7721.

Response to Bomb Calls

Explosive or military ordnance of any type should be handled only by the bomb squad or military ordnance disposal team.

409.3 EXPLOSION/BOMBING INCIDENTS

When an explosion has occurred, there are multitudes of considerations which may confront the responding officers. As in other catastrophic incidents, a rapid response may help to minimize injury to victims, contamination of the scene by gathering crowds or additional damage by resulting fires or unstable structures. Whether the explosion was the result of an accident or a criminal act, the responding officers should consider the following actions:

- Assess the scope of the incident, including the number of victims and extent of injuries
- Assist with first aid (The Hayward Fire Department has primary responsibility)
- Assist with evacuation of victims (The Hayward Fire Department has primary responsibility)
- Identify and take appropriate precautions to mitigate scene hazards such as collapsed structures, bloodborne pathogens, hazardous materials and secondary explosive devices
- Request additional resources as needed
- Identify witnesses
- Preserve evidence

409.3.1 NOTIFICATIONS

When an explosion has occurred, the following people shall be notified as soon as practicable if their assistance is needed:

- (a) Fire Department
- (b) Paramedics
- (c) Alameda County Bomb Squad
- (d) Additional officers
- (e) Field supervisor(s)
- (f) Watch Commander
- (g) Criminal Investigations Bureau Manager and Supervisor
- (h) Patrol and Special Operations Commanders
- (i) Alcohol Tobacco and Firearms (ATF) and the Federal Bureau of Investigation (FBI)
- (j) Forensic Science Services

409.3.2 CROWD CONTROL

Only authorized personnel with a legitimate need shall be permitted access to the scene. Spectators and other unauthorized individuals shall be excluded to a safe distance as is reasonably practicable given the available resources and personnel.

409.3.3 SCENE OF INCIDENT

As in any other crime scene, steps should immediately be taken to preserve the scene. The scene could extend over a long distance. Evidence may be imbedded in nearby structures or hanging in trees and bushes.

409.4 BOMB THREATS RECEIVED AT POLICE FACILITY

This procedure shall be followed should a bomb threat call be received at the police facility.

409.4.1 BOMB THREATS RECEIVED BY TELEPHONE

The following questions should be asked if a call of a bomb is received at the Police Department:

- When is the bomb going to explode?
- Where is the bomb right now?
- What kind of bomb is it?
- What does it look like?
- Why did you place the bomb?
- Who are you? (to avoid possible termination of the call this should be the last question asked)

Attempt to keep the caller on the line as long as possible and obtain expanded answers to these five basic questions.

During this time, document the following:

- Time of the call
- Exact words of the person as accurately as possible
- Estimated age and gender of the caller
- Speech patterns and/or accents
- Background noises

If the incoming call is received at the police facility on a recorded line, steps shall be taken to ensure that the recording is preserved in accordance with current Department evidence procedures.

409.4.2 RESPONSIBILITIES

The employee handling the call shall ensure that the Watch Commander is immediately advised and fully informed of the details. The Watch Commander will then direct and assign officers as required for coordinating a general building search or evacuation as he/she deems appropriate.

Mental Illness Commitments

410.1 PURPOSE AND SCOPE

This policy provides guidelines for when officers may take a person into custody for psychiatric evaluation and treatment (5150 commitment) (Welfare and Institutions Code § 5150).

410.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 41.2.7

410.2 POLICY

The policy of the Hayward Police Department is to treat all persons with dignity and compassion. Employees must become familiar with the causes and nature of mental disorders to determine if an individual is a danger to him/herself, others, or is gravely disabled. Sworn members are not expected to make judgments about or diagnose specific mental disorders. Officers must be able to recognize general indicators of mental disorders so that appropriate actions can be taken during contacts on the street as well as during interviews and interrogations.

It is the policy of the Hayward Police Department to protect the public and individuals through legal and appropriate use of the 72-hour treatment and evaluation commitment (5150 commitment) process.

410.3 AUTHORITY

An officer having probable cause may take a person into custody and place the person in an approved mental health facility for 72-hour treatment and evaluation when the officer believes that, as a result of a mental disorder, the person is a danger to him/herself or others or the person is gravely disabled (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5585.50).

When determining whether to take a person into custody, officers are not limited to determining the person is an imminent danger and shall consider reasonably available information about the historical course of the person's mental disorder, which may include evidence presented from any of the following (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5150.05):

- (a) An individual who is providing or has provided mental health treatment or related support services to the person
- (b) A family member
- (c) The person subject to the determination or anyone designated by the person

410.3.1 VOLUNTARY EVALUATION

If officers encounter an individual who may qualify for a 5150 commitment, they may inquire as to whether the person desires to voluntarily be evaluated at an appropriate facility. If the person so desires, the officers should:

- (a) Transport or coordinate transportation of the person to an appropriate facility that is able to conduct the evaluation and admit the person pursuant to a 5150 commitment.

Hayward Police Department

Hayward PD Policy Manual

Mental Illness Commitments

- (b) If at any point the person changes his/her mind regarding voluntary evaluation, officers should proceed with the 5150 commitment, if appropriate.
- (c) Document the circumstances surrounding the individual's desire to pursue voluntary evaluation and/or admission.

410.4 CONSIDERATIONS AND RESPONSIBILITIES

Any officer handling a call involving an individual who may qualify for a 5150 commitment should consider, as time and circumstances reasonably permit:

- (a) Available information that might assist in determining the cause and nature of the person's action or stated intentions.
- (b) Community or neighborhood mediation services.
- (c) Conflict resolution and de-escalation techniques.
- (d) Community or other resources available to assist in dealing with mental health issues.

While these steps are encouraged, nothing in this section is intended to dissuade officers from taking reasonable action to ensure the safety of the officers and others.

Officers should consider a 5150 commitment over arrest when mental health issues appear to be a mitigating factor for people who are suspected of committing minor crimes or creating other public safety issues.

410.4.1 SECURING OF PROPERTY

When a person is taken into custody for evaluation, or within a reasonable time thereafter, and unless a responsible relative, guardian or conservator is in possession of the person's personal property, the officer shall take reasonable precautions to safeguard the individual's personal property in his/her possession or on the premises occupied by the person (Welfare and Institutions Code § 5150).

The officer taking the person into custody shall provide a report to the court that describes the person's property and its disposition in the format provided in Welfare and Institutions Code § 5211, unless a responsible person took possession of the property, in which case the officer shall only include the name of the responsible person and the location of the property (Welfare and Institutions Code § 5150).

410.5 TRANSPORTATION

The officer initiating a 5150 commitment will be responsible for arranging for an ambulance to transport the subject. If the safety of any person, including the detainee, requires the presence of an officer during transport, Watch Commander approval is required before transport commences.

In cases when the officer is responsible to transport any individual for a 5150 commitment, the transporting officer should have Communications notify the receiving facility of the estimated time of arrival, the level of cooperation of the individual and whether any special medical care is

Mental Illness Commitments

needed. Officers may transport individuals in a patrol unit and shall secure them in accordance with the Handcuffing and Restraints Policy.

410.6 TRANSFER TO APPROPRIATE FACILITY

In cases where the officer transports an individual for a 5150 commitment, the officer will escort the individual into a treatment area designated by a facility staff member upon arrival to the facility. If the individual is not seeking treatment voluntarily, the officer should provide the staff member with the written application for 5150 commitment and remain present to provide clarification of the grounds for detention, upon request.

Absent exigent circumstances, the transporting officer should not assist facility staff with the admission process, including restraint of the individual. However, if the individual is transported and delivered while restrained, the officer may assist with transferring the individual to facility restraints and will be available to assist during the admission process, if requested. Under normal circumstances, officers will not apply facility-ordered restraints.

410.7 DOCUMENTATION

The officer shall complete an application for a 72-Hour detention for evaluation and treatment, provide it to the facility staff member assigned to that patient and retain a copy of the application for inclusion in the case report.

The officer should also provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention.

410.7.1 ADVISEMENT

The officer taking a person into custody for evaluation shall advise the person of:

- (a) The officer's name and agency.
- (b) The fact that the person is not under criminal arrest but is being taken for examination by mental health professionals and the mental health staff will advise him/her of their rights.
- (c) The name of the facility to which the person is being taken.
- (d) If the person is being taken into custody at his/her residence, he/she should also be advised that he/she may take a few personal items, which the officer must approve, and may make a telephone call or leave a note indicating where he/she is being taken. The officer should also ask if the person needs assistance turning off any appliance or water.

The advisement shall be given in a language the person understands. If the person cannot understand an oral advisement, the information shall be provided in writing (Welfare and Institutions Code § 5150).

Mental Illness Commitments

410.8 CRIMINAL OFFENSES

Officers investigating an individual who is suspected of committing a minor criminal offense and who is being taken on a 5150 commitment should resolve the criminal matter by issuing a warning or a Notice to Appear as appropriate.

When an individual who may qualify for a 5150 commitment has committed a serious criminal offense that would normally result in an arrest and transfer to a jail facility, the officer should:

- (a) Arrest the individual when there is probable cause to do so.
- (b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the 5150 commitment.
- (c) Facilitate the individual's transfer to jail.
- (d) Thoroughly document in the related reports the circumstances that indicate the individual may qualify for a 5150 commitment.

In the supervisor's judgment, the individual may be arrested or booked and transported to the appropriate mental health facility. The supervisor should consider the seriousness of the offense, the treatment options available, the ability of this department to regain custody of the individual, department resources (e.g., posting a guard) and other relevant factors in making this decision.

410.9 FIREARMS AND OTHER WEAPONS

Whenever a person is taken into custody for a 5150 commitment, the handling officers should seek to determine if the person owns or has access to any firearm or other deadly weapon defined in Welfare and Institutions § 8100. Officers should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g. safekeeping, evidence, consent).

Officers are cautioned that a search warrant may be needed before entering a residence or other place to search, unless lawful, warrantless entry has already been made (e.g., exigent circumstances, consent). A search warrant may also be needed before searching for or seizing weapons.

The handling officers shall issue a receipt describing the deadly weapon or any firearm seized, and list any serial number or other identification that is on the firearm. Officers shall advise the person of the procedure for the return of any firearm or other weapon that has been taken into custody (Welfare and Institutions Code § 8102 (b)). Additionally, refer to the Property and Evidence Procedure.

410.9.1 PETITION FOR RETURN OF FIREARMS AND OTHER WEAPONS

Whenever the handling officer has cause to believe that the future return of any confiscated weapon might endanger the person or others, the officer shall detail those facts and circumstances in a report. The report shall be forwarded to the Criminal Investigations Bureau, which shall be responsible for initiating a petition to the Superior Court for a hearing in accordance with Welfare and Institutions Code § 8102(c), to determine whether the weapon will be returned.

Hayward Police Department

Hayward PD Policy Manual

Mental Illness Commitments

The petition to the Superior Court shall be initiated within 30 days of the release of the individual from whom such weapon has been confiscated, unless the Department makes an ex parte application to the court to extend the time to file such a petition, up to a maximum of 60 days. At the time any such petition is initiated, the Department shall send written notice to the individual informing him/her of the right to a hearing on the issue, that he/she has 30 days to confirm with the court clerk any desire for a hearing and that the failure to do so will result in the forfeiture of any confiscated weapon.

410.10 TRAINING

This department will endeavor to provide Peace Officer Standards and Training (POST)-approved advanced officer training on interaction with mentally disabled persons, 5150 commitments and crisis intervention.

Cite and Release Policy

411.1 PURPOSE AND SCOPE

This policy provides guidance on when to release adults who are arrested for a criminal misdemeanor offense on a written notice to appear (citation) and when to hold for court or bail.

411.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 1.1.3, 1.2.6, 1.2.7, 44.2.1, 74.3.1, 82.2.2

411.2 POLICY

It is the policy of the Hayward Police Department to release all persons arrested on misdemeanor or other qualifying charges on a citation with certain exceptions (Penal Code § 853.6).

If there is a reason for non-release, the Department's mission to protect the community will be the primary consideration when determining whether to release any individual in lieu of holding for court or bail.

411.3 RELEASE BY CITATION

Except in cases where a reason for non-release as described below exists, adults arrested for a misdemeanor offense, including a private person's arrest, shall be released from custody on a citation (Penal Code § 853.6).

The citing officer shall, at the time the defendant signs the notice to appear, call attention to the time and place for appearance and take any other steps they deem necessary to ensure that the defendant understands their written promise to appear.

411.3.1 FIELD CITATIONS

In most cases an adult arrested for a misdemeanor offense may be released in the field on a citation in lieu of physical arrest when booking and fingerprinting is not practicable or immediately required provided the individual can be satisfactorily identified, there is no outstanding arrest warrant for the individual and none of the below described disqualifying circumstances are present (Penal Code § 853.6; Penal Code § 1270.1). In such cases the arresting officer should check the booking required box on the citation form to indicate that the person will be photographed and fingerprinted at a later time when ordered by the court.

When a booking photo or fingerprints are needed for the furtherance of any investigation, the person should be released on citation after booking instead of on a field citation.

411.3.2 JAIL RELEASE

In certain cases, it may be impractical to release a person arrested for misdemeanor offenses in the field. The person arrested may instead be released after booking at the jail.

Hayward Police Department

Hayward PD Policy Manual

Cite and Release Policy

Any person arrested for a misdemeanor offense shall be released on his/her written promise to appear after the booking procedure is completed, unless disqualified for reasons listed in this Policy Manual or prescribed by law.

411.4 NON-RELEASE

411.4.1 DISQUALIFYING OFFENSES

An adult arrested on any of the following disqualifying charges shall not be released on citation and shall be transported to the appropriate detention facility or held for court or bail after booking (Penal Code § 1270.1):

- (a) Misdemeanor domestic battery (Penal Code § 243(e)(1))
- (b) Felony domestic battery (Penal Code § 273.5)
- (c) Serious or violent felonies (Penal Code § 1270.1(a)(1))
- (d) Felony intimidation of witnesses and victims (Penal Code § 136.1)
- (e) Rape of a spouse (Penal Code § 262)
- (f) Violation of a protective order and the arrested person has made threats, used violence, or has gone to the protected person's workplace or residence (Penal Code § 273.6)
- (g) Stalking (Penal Code § 646.9)
- (h) Misdemeanor violations of a protective order relating to domestic violence if there is a reasonable likelihood the offense will continue or the safety of the individuals or property would be endangered (Penal Code § 853.6)

411.4.2 REASONS FOR NON-RELEASE

A person arrested for a misdemeanor shall be released on a citation unless there is a reason for non-release. The Watch Commander may authorize a release on citation regardless of whether a reason for non-release exists when it is determined to be in the best interest of the [Department/Office] and does not present an unreasonable risk to the community (e.g., release of an intoxicated or ill person to a responsible adult).

Reasons for non-release include (Penal Code § 853.6(i)):

- (a) The person arrested is so intoxicated that they could be a danger to themselves or to others. Release may occur as soon as this condition no longer exists.
- (b) The person arrested requires medical examination or medical care or is otherwise unable to care for their own safety
 1. The Hayward Police Department shall not release an arrestee from custody for the purpose of allowing that person to seek medical care at a hospital, and then immediately re-arrest the same individual upon discharge from the hospital, unless the hospital determines this action will enable it to bill and collect from a third-party payment source (Penal Code § 4011.10).

Hayward Police Department

Hayward PD Policy Manual

Cite and Release Policy

- (c) The person is arrested for one or more of the offenses listed in Vehicle Code § 40302, Vehicle Code § 40303, and Vehicle Code § 40305.
- (d) There are one or more outstanding arrest warrants for the person (see Misdemeanor Warrants elsewhere in this policy).
- (e) The person could not provide satisfactory evidence of personal identification.
 - 1. If a person released on citation does not have satisfactory identification in their possession, a right thumbprint or fingerprint should be obtained on the citation form.
- (f) The prosecution of the offense or offenses for which the person was arrested or the prosecution of any other offense or offenses would be jeopardized by the immediate release of the person arrested.
- (g) There is a reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be imminently endangered by the release of the person arrested.
- (h) The person arrested demands to be taken before a magistrate or has refused to sign the notice to appear.
- (i) There is reason to believe that the person would not appear at the time and place specified in the notice to appear. The basis for this determination shall be specifically documented. Reasons may include:
 - 1. Previous failure to appear is on record
 - 2. The person lacks ties to the area, such as a residence, job, or family
 - 3. Unusual circumstances lead the officer responsible for the release of prisoners to conclude that the suspect should be held for further investigation

When a person is arrested on a misdemeanor offense and is not released by criminal citation, the reason for non-release shall be noted on the booking form. This form shall be submitted to the Watch Commander for approval and included with the case file in the Records Bureau.

411.5 MISDEMEANOR WARRANTS

An adult arrested on a misdemeanor warrant may be released, subject to Watch Commander approval, unless any of the following conditions exist:

- (a) The misdemeanor cited in the warrant involves violence.
- (b) The misdemeanor cited in the warrant involves a firearm.
- (c) The misdemeanor cited in the warrant involves resisting arrest.
- (d) The misdemeanor cited in the warrant involves giving false information to a peace officer.
- (e) The person arrested is a danger to themselves or others due to intoxication or being under the influence of drugs or narcotics.
- (f) The person requires medical examination or medical care or was otherwise unable to care for their own safety.

Hayward Police Department

Hayward PD Policy Manual

Cite and Release Policy

- (g) The person has other ineligible charges pending against themselves.
- (h) There is reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be immediately endangered by the release of the person.
- (i) The person refuses to sign the notice to appear.
- (j) The person cannot provide satisfactory evidence of personal identification.
- (k) The warrant of arrest indicates that the person is not eligible to be released on a notice to appear.

Release under this section shall be done in accordance with the provisions of this policy.

411.6 JUVENILE CITATIONS

Completion of criminal citations for juveniles is generally not appropriate with the following exceptions:

- Misdemeanor traffic violations of the Vehicle Code
- Violations of the Hayward City codes

All other misdemeanor violations for juveniles shall be documented with a case number and the case should be referred to the Criminal Investigations Bureau for further action including diversion.

411.7 REQUESTING CASE NUMBERS

Many cases involving a criminal citation release can be handled without requesting a case number. Traffic situations and local code violations can be documented on the reverse side of the records copy of the citation. Most Penal Code sections will require a case number to document the incident properly in a report. This section does not preclude an officer from requesting a case number if the officer feels the situation should be documented more thoroughly in a case report.

Foreign Diplomatic and Consular Representatives

412.1 PURPOSE AND SCOPE

Article 36 of the Vienna Convention on Consular Relations, sets forth certain rights of foreign nationals from member countries when arrested, detained or imprisoned by law enforcement officials in this country. This section provides direction to officers when considering a physical arrest or detention of a foreign national. All foreign service personnel shall be treated with respect and courtesy, regardless of the level of established immunity. As noted herein, the United States is a party to several bilateral agreements that obligate authorities to notify the consulate upon the person's detention, regardless of whether the detained person requests that his/her consulate be notified. The list of specific countries that the United States is obligated to notify is listed on the U.S. Department of State [website](#).

412.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 1.1.4, 1.2.5, 41.2.4, 74.3.1

412.1.2 DEFINITIONS

Foreign National - Anyone who is not a citizen of the United States (U.S.). A person with dual-citizenship, U.S. and foreign, is not a foreign national.

Immunity - Refers to various protections and privileges extended to the employees of foreign governments who are present in the U.S. as official representatives of their home governments. These privileges are embodied in international law and are intended to ensure the efficient and effective performance of their official "missions" (i.e., embassies, consulates, etc.) in foreign countries. Proper respect for the immunity to which an individual is entitled is necessary to ensure that U.S. diplomatic relations are not jeopardized and to maintain reciprocal treatment of U.S. personnel abroad. Although immunity may preclude U.S. courts from exercising jurisdiction, it is not intended to excuse unlawful activity. It is the policy of the U.S. Department of State's Office of Foreign Missions (OFM) that illegal acts by Foreign Service personnel should always be pursued through proper channels. Additionally, the host country's right to protect its citizens supersedes immunity privileges. Peace officers may intervene to the extent necessary to prevent the endangerment of public safety or the commission of a serious crime, regardless of immunity claims.

412.2 POLICY

The Hayward Police Department respects international laws related to the special privileges and immunities afforded foreign diplomatic and consular representatives assigned to the United States.

All foreign diplomatic and consular representatives shall be treated with respect and courtesy, regardless of any privileges or immunities afforded them.

Foreign Diplomatic and Consular Representatives

412.3 CLAIMS OF IMMUNITY

If a member comes into contact with a person where law enforcement action may be warranted and the person claims diplomatic or consular privileges and immunities, the member should, without delay:

- (a) Notify a supervisor.
- (b) Advise the person that his/her claim will be investigated and he/she may be released in accordance with the law upon confirmation of the person's status.
- (c) Request the person's identification card, either issued by the U.S. Department of State (DOS), Office of the Chief of Protocol, or in the case of persons accredited to the United Nations, by the U.S. Mission to the United Nations. These are the only reliable documents for purposes of determining privileges and immunities.
- (d) Contact the DOS Diplomatic Security Command Center at 571-345-3146 or toll free at 866-217-2089, or at another current telephone number and inform the center of the circumstances.

Rapid Response and Deployment Policy

413.1 PURPOSE AND SCOPE

Violence in schools, workplaces and other locations by any individual or group of individuals presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist responding officers as they make decisions in these rapidly unfolding and tense situations.

413.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 46.1.10

413.2 POLICY

The policy of this Department in dealing with a crisis situation or active threat shall be:

- (a) To obtain and maintain complete operative control of the incident.
- (b) To explore every reasonably available source of intelligence regarding the circumstances, location, and suspect(s) in the incident.
- (c) To attempt, by every means available, to attain any tactical advantage over the responsible individual(s).
- (d) To attempt, whenever feasible, a negotiated surrender of the suspect(s) and release of the hostages through the expertise of the members of this Department and others.
- (e) When an emergency situation exists, neutralize the threat as rapidly as reasonably possible to minimize injury and loss of life.
- (f) When appropriate, public notifications for awareness and safety shall be administered (refer to Public Alerts policy).

Nothing in this policy shall preclude the use of necessary force, deadly or otherwise, by members of this Department in protecting themselves or others from death or serious injury.

413.3 PROCEDURE

If there is a reasonable belief that acts or threats by a suspect are placing lives in imminent danger, first responding officers should consider reasonable options to immediately eliminate the threat. Officers must decide, often under a multitude of difficult and rapidly evolving circumstances, whether to advance on the suspect, take other actions to deal with the threat or wait for additional resources.

When deciding on a course of action, officers should consider:

Hayward Police Department

Hayward PD Policy Manual

Rapid Response and Deployment Policy

- (b) Whether individuals who are under imminent threat can be moved out of danger with reasonable safety.
- (c) Whether public sheltering and/or containment of the incident is warranted.
- (d) Whether the officers have the ability to communicate effectively with others in the field.
- (e) Whether planned tactics can be effectively deployed.
- (f) The availability of rifles, shotguns, shields, control devices and any other appropriate tools, and whether the deployment of these tools will provide a tactical advantage.
- (g) In a case of a barricaded suspect with no hostages and no immediate threat to others, officers should consider summoning and waiting for additional assistance (special tactics and/or hostage negotiation team response).
- (h) If a suspect is actively engaged in the infliction of serious bodily harm or other life-threatening activity toward others, the officers should take immediate action, if reasonably possible, to stop the threat presented by the suspect while calling for additional assistance.

Immigration enforcement - Any and all efforts to investigate, enforce, or assist in the investigation or enforcement of any federal civil immigration law, including any and all efforts to investigate, enforce, or assist in the investigation or enforcement of any federal criminal immigration law that penalizes a person's presence in, entry or reentry to, or employment in the United States.

Judicial warrant - An arrest warrant for a violation of federal criminal immigration law and issued by a federal judge or a federal magistrate judge.

415.2 SUPPLEMENTAL DEFINITIONS

 1. Requests HPD notify ICE, as early as practical, of the release date of an inmate prior to his/her release
 2. Requests HPD maintain custody of an inmate for a period not to exceed 48 hours beyond his/her scheduled release
 3. Requests HPD relay the detainer request to any other law enforcement agency to which the inmate is transferred.
 4. Requests HPD notify ICE in the event of the inmate's death, hospitalization, or transfer to another institution.

- D. ICE Access: The Truth Act defines “Ice Access” for the purposes of civil immigration enforcement, to include when an individual is stopped with or without their consent, arrested, detained, or otherwise under the control of the local law enforcement agency, all the following:
 - 1. Responding to an ICE hold, notification, or transfer request.
 - 2. Providing notification to ICE in advance of the public that an individual is being or will be released at a certain date and time through data sharing or otherwise.

- E. TRUST ACT: Provides that a person may not be held in custody solely based on a request for notification and/or detainer if he or she is otherwise eligible to be released from custody. “Eligible for release from custody” means that the individual may be released from custody because one of the following conditions has occurred:

415.3 POLICY

It is the policy of the Hayward Police Department that all members make personal and professional commitments to equal enforcement of the law and equal service to the public. Confidence in this commitment will increase the effectiveness of this [department/office] in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their national origin or immigration status. Hayward Police Department does not accept or honor detainees from

Immigration Violations

Immigration and Customs Enforcement (ICE); an ICE detainer signed by an ICE agent is not an arrest warrant signed by a judge.

Under no circumstances shall a person be detained or arrested by HPD based solely on his or her immigration status, whether known or unknown. The responsibility for enforcement of immigration laws rests solely with ICE, under the direction of the Department of Homeland Security (DHS). ICE detainers are voluntary requests that do not compel state or local law enforcement to detain persons suspected subject to removal.

415.4 VICTIMS AND WITNESSES

To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and not in any way that would violate the United States or California constitutions.

415.4.1 BASIS FOR CONTACT

An officer's suspicion about any person's immigration status shall not be used as a basis to initiate contact, detain, or arrest that person unless such status is reasonably relevant to the investigation of a crime under California law, such as, but not limited to, trafficking, smuggling, harboring and terrorism.

HPD will not inquire about a person's immigration status during arrest procedure, unless such status is reasonably relevant to the investigation of a crime under California law, such as, but not limited to, trafficking, smuggling, harboring, and terrorism.

415.4.2 SWEEPS

Personnel will not participate in ICE organized sweeps to locate and detain undocumented residents. This does not preclude staff from assisting ICE during critical incidents or emergency requests for assistance. Each level of assistance will be evaluated by the on-scene supervisor to ensure HPD's level of participation remains consistent with this order and California law while protecting human life and property.

415.4.3 IDENTIFICATION

Personnel should make all attempts to identify any person they detain, arrest, or who come into the custody of HPD.

Any person who would be cited and released, but who is unable to present satisfactory evidence of his or her identity, will be detained for the purpose of establishing his or her identity, consistent with the treatment of all individuals.

Hayward Police Department

Hayward PD Policy Manual

Immigration Violations

415.4.4 ARREST

If the officer intends to take enforcement action and the individual is unable to reasonably establish his/her true identity, the officer may take the person into custody on the suspected criminal violation (see applicable sections of the Vehicle Code and Penal Code, if applicable).

415.4.5 BOOKING

If the officer is unable to reasonably establish an arrestee's identity, the individual may be booked into jail for the suspected criminal violation and held for bail.

A person detained exclusively pursuant to the authority of Vehicle Code § 40302(a) for any Vehicle Code infraction or misdemeanor shall not be detained beyond two hours for the purpose of establishing his/her true identity. Regardless of the status of that person's identity at the expiration of two hours, he/she shall be released on his/her signature with a promise to appear in court for the Vehicle Code infraction or misdemeanor involved unless there is cause to hold the arrestee under the non-release provisions of section 853.6(i) of the penal code. Immigration status shall not be a consideration in determining release, and arrestees shall not be held in custody on the basis of an immigration detainer alone.

415.5 IMMIGRATION INQUIRIES PROHIBITED

Officers shall not inquire into an individual's immigration status for immigration enforcement purposes (Government Code § 7284.6).

When HPD personnel encounter suspected immigration law violations, members shall be guided by the options set forth in this policy, pursuant to state law. Citizen contacts, detentions, and arrests shall be based on reasonable suspicion or probable cause in a manner prescribed by law. HPD personnel shall not initiate law enforcement actions based solely on observations related to a subject's immigration status.

415.5.1 CALIFORNIA LAW ENFORCEMENT TELECOMMUNICATIONS SYSTEM (CLETS)

Members shall not use information transmitted through CLETS for immigration enforcement purposes except for criminal history information and only when consistent with the California Values Act (Government Code § 15160).

Members shall not use the system to investigate immigration violations of 8 USC § 1325 (improper entry) if that violation is the only criminal history in an individual's record (Government Code § 15160).

415.6 DETENTIONS AND ARRESTS

An officer shall not detain any individual, for any length of time, for a civil violation of federal immigration laws or a related civil warrant (Government Code § 7284.6).

An officer who has a reasonable suspicion that an individual already lawfully contacted or detained has committed a criminal violation of 8 USC § 1326(a) (unlawful reentry) that may be subject to an enhancement due to a previous conviction of an aggravated felony under 8 USC § 1326(b) (2), may detain the person for a reasonable period of time to contact federal immigration officials

Hayward Police Department

Hayward PD Policy Manual

Immigration Violations

to verify whether the United States Attorney General has granted the individual permission for reentry and whether the violation is subject to enhancement (Government Code § 7284.6). No individual who is otherwise ready to be released should continue to be detained only because questions about the individual's status are unresolved.

If the officer has facts that establish probable cause to believe that a person already lawfully detained has violated 8 USC § 1326(a) and the penalty may be subject to enhancement due to prior conviction for specified aggravated felonies, he/she may arrest the individual for that offense (Government Code § 7284.6).

An officer shall not detain any individual, for any length of time, for any other criminal immigration violation of federal immigration laws (Government Code § 7284.6).

An officer should notify a supervisor as soon as practicable whenever an individual is arrested for violation of 8 USC § 1326(a).

415.7 FEDERAL REQUESTS FOR ASSISTANCE

Absent an urgent issue of officer safety or other emergency circumstances, requests by federal immigration officials for assistance from this [department/office] should be directed to a supervisor. The supervisor is responsible for determining whether the requested assistance would be permitted under the California Values Act (Government Code § 7284.2 et seq.).

415.8 INFORMATION SHARING

No member of this [department/office] will prohibit, or in any way restrict, any other member from doing any of the following regarding the citizenship or immigration status, lawful or unlawful, of any individual (8 USC § 1373; Government Code § 7284.6):

- (a) Sending information to, or requesting or receiving such information from federal immigration officials
- (b) Maintaining such information in [department/office] records
- (c) Exchanging such information with any other federal, state, or local government entity

Nothing in this policy restricts sharing information that is permissible under the California Values Act.

415.8.1 IMMIGRATION DETAINERS

No individual should be held based solely on a federal immigration detainer under 8 CFR 287.7 (Government Code § 7284.6).

Notification to a federal authority may be made prior to release of an individual who is the subject of a notification request only if the individual meets one of the following conditions (Government Code § 7282.5; Government Code § 7284.6):

- (a) The individual has been arrested and had a judicial probable cause determination for a serious or violent felony identified in Penal Code § 667.5(c) or Penal Code § 1192.7(c).

Hayward Police Department

Hayward PD Policy Manual

Immigration Violations

- (b) The individual has been arrested and had a judicial probable cause determination for a felony punishable by time in a state prison.
- (c) The individual has been convicted of an offense as identified in Government Code § 7282.5(a).
- (d) The individual is a current registrant on the California Sex and Arson Registry.
- (e) The individual is identified by the U.S. Department of Homeland Security's Immigration and Customs Enforcement as the subject of an outstanding federal felony arrest warrant.

415.8.2 DETENTION FACILITY

- A. When receiving a DHS Form I-247-A (ICE Detainer-Notice of Action), and it is suspected that the prisoner will be released with a Promise to Appear or is going to post bail, HPD staff will conduct a review of the subject inmate's criminal history via local and state law enforcement databases to determine if they meet the notification criteria established in Gov. Code Section 7282.5. Findings made pursuant to this review will be recorded as part of the scanned booking documents. Requests for interview by ICE do not require the specified inmate meet the criteria in accordance with Gov. Code Section 7282.5 for the interview to take place. The criteria for interview requests will be met in accordance with The Truth Act.
- B. If the criteria have been met to provide ICE with notifications, HPD Staff will complete the bottom portion of the DHS Form I-247A including the release date if one is known and return to ICE. HPD Staff will proceed with the inmate notification process in accordance with The Truth Act. If the criteria have not been met, HPD Staff will not complete the bottom portion of the DHS Form I-247A and will not respond to ICE. HPD Staff will proceed with the proper notification process in accordance with The Truth Act.
- C. HPD Staff must advise the inmate of the ICE request and provide him/her with a copy of the DHS Form I-247A (Refer to "Ice Access" Definition).
- D. HPD Staff must provide written notification of the ICE request to the inmate. This notification is provided via agency notification forms entitled the "Immigration Notification to Inmate" (Truth Act Form 2), and the "Civil Immigration Consent Form" (Truth Act Form 1) forms. The forms will be completed, and copies provided to the inmate, explaining the following:
 - 1. The HPD "Immigration Notification to Inmate" form advises the inmate of the ICE request and of whether HPD will comply with the request. The form also contains space for the inmate to provide contact information for the inmate's attorney and designated third party, if available.
 - 2. The HPD "Civil Immigration Consent Form" advises the inmate of an ICE request for interview and indicates whether the inmate voluntarily consents or declines the ICE request for interview. The "Civil Immigration Consent" will be provided to the inmate in advance of any interview between ICE and the individual.
 - 3. The "Immigration Notification to Inmate" and "Civil Immigration Consent" forms are available in several languages, in accordance with The Truth Act. The forms

are available in English, Spanish, Cantonese, Mandarin, Tagalog, Vietnamese and Korean.

- E. Once the inmate has been served with the notification forms, the inmate will retain the original copy of the forms. A second copy of the forms will be attached to the inmates booking packet and provided to the Jail Administrator. The Jail Administrator shall retain hard copies of the packets for yearly reporting purposes, and the inmates entire booking packet will be scanned into the corrections module as is current retention practice.
- F. ATTORNEY/DESIGNEE NOTIFICATION FORM: Whenever HPD receives any ICE requests on an inmate within our custody via the DHS Form I-247A, a copy of the form shall also be provided to the specified inmate(s) and their attorney of record, upon the attorney's request.
- G. Upon notification to ICE that an individual is being or will be released on a certain date, HPD staff shall promptly provide the same notification in writing to the individual, to his or her attorney, and to one additional person who the individual shall be permitted to designate.
- H. The HPD form titled "Immigration Notification to Attorney" shall be used to make written notification to the attorney of record and the third-party designee of the inmates choosing. The form will be completed and mailed to each party as designated on the form.
- I. Should a person return to the HPD detention facility on a subsequent incarceration and upon receipt of the DHS Form I-247A for that individual, the entire process shall be repeated.

415.8.3 HPD PARTICIPATION IN JOINT LAW ENFORCEMENT TASK FORCES

1. In situations when HPD participates in a joint law enforcement task force, members of the task force may conduct enforcement or investigative duties, including the sharing of confidential information with other law enforcement agencies. For the purposes of task force investigations. The primary purpose of any joint law enforcement task force HPD is involved with shall not be immigration enforcement. The enforcement or investigative duties shall primarily be related to violations of state law or federal law unrelated to immigration enforcement.
2. HPD or a mutually agreed upon participating California law enforcement agency shall submit an annual report to DOJ outlining the purpose of the task force, specific agencies involved, total number of arrests made during the evaluation period, and number of people arrested for immigration enforcement purposes.

415.8.4 NOTICE TO INDIVIDUALS

Individuals in custody shall be given a copy of documentation received from U.S. Immigration and Customs Enforcement (ICE) regarding a hold, notification, or transfer request along with information as to whether the Hayward Police Department intends to comply with the request (Government Code § 7283.1).

Hayward Police Department

Hayward PD Policy Manual

Immigration Violations

If the Hayward Police Department provides ICE with notification that an individual is being, or will be, released on a certain date, the same notification shall be provided in writing to the individual and to his/her attorney or to one additional person who the individual may designate (Government Code § 7283.1).

415.8.5 ICE INTERVIEWS

Before any interview regarding civil immigration violations takes place between ICE personnel and an individual in custody, the Hayward Police Department shall provide the individual with a written consent form that explains the purpose of the interview, that the interview is voluntary, and that he/she may decline to be interviewed or may choose to be interviewed only with his/her attorney present. The consent form must be available in the languages specified in Government Code § 7283.1.

415.8.6 TRANSFERS TO IMMIGRATION AUTHORITIES

Members shall not transfer an individual to immigration authorities unless one of the following circumstances exist (Government Code § 7282.5; Government Code § 7284.6):

- (a) Transfer is authorized by a judicial warrant or judicial probable cause determination.
- (b) The individual has been convicted of an offense as identified in Government Code § 7282.5(a).
- (c) The individual is a current registrant on the California Sex and Arson Registry.
- (d) The individual is identified by the U.S. Department of Homeland Security's Immigration and Customs Enforcement as the subject of an outstanding federal felony arrest warrant.

415.8.7 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE

The Criminal Investigations Bureau supervisor shall ensure that data regarding the number of transfers of an individual to immigration authorities, as permitted by Government Code § 7284.6(a)(4), and the offense that allowed for the transfer is collected and provided to the Records Administrator for required reporting to the DOJ (Government Code § 7284.6(c)(2)(see the [Records Bureau] Policy).

415.9 U VISA AND T VISA NONIMMIGRANT STATUS

Under certain circumstances, federal law allows temporary immigration benefits, known as a U visa, to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U)).

Similar immigration protection, known as a T visa, is available for certain qualifying victims of human trafficking (8 USC § 1101(a)(15)(T)).

Any request for assistance in applying for U visa or T visa status should be forwarded in a timely manner to the Criminal Investigations Bureau supervisor assigned to oversee the handling of any related case. The Criminal Investigations Bureau supervisor should:

- (a) Consult with the assigned investigator to determine the current status of any related case and whether further documentation is warranted.

- (d) Ensure that any decision to complete, or not complete, a certification or declaration form is documented in the case file and forwarded to the appropriate prosecutor. Include a copy of any completed form in the case file.
- (e) Inform the victim liaison of any requests and their status.

415.9.1 TIME FRAMES FOR COMPLETION

Officers and their supervisors who are assigned to investigate a case of human trafficking as defined by Penal Code § 236.1 shall complete the above process and the documents needed for indicating the individual is a victim for the T visa application within 15 business days of the first encounter with the victim, regardless of whether it is requested by the victim (Penal Code § 236.5).

Officers and their supervisors shall complete the above process and the documents needed certifying victim cooperation for a U visa or T visa application pursuant to Penal Code § 679.10 and Penal Code § 679.11 within 30 days of a request from the victim, victim's family, or authorized representative (as defined in Penal Code § 679.10 and Penal Code § 679.11) related to one of their assigned cases. As part of this forum, HPD may provide the City Council with data it maintains regarding the number and demographic characteristics of individuals to whom the agency has provided ICE access, the date ICE access was provided and whether the ICE access was provided through a notification request or through other means. Data may be provided in the form of statistics or, if statistics are not maintained, individual records, provided that personally identifiable information shall be redacted.

Emergency Utility Service

416.1 PURPOSE AND SCOPE

The City Public Works Department has personnel available to handle emergency calls 24 hours per day. Calls for service during non-business hours are frequently directed to the Police Department. Requests for such service received by this Department should be handled in the following manner.

416.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards:

416.1.2 BROKEN WATER LINES

The City's responsibility ends at the water meter; any break or malfunction in the water system from the water meter to the citizen's residence or business is the customer's responsibility. Public Works can only turn off the valve at the meter. The citizen can normally accomplish this.

If a break occurs on the City side of the meter, emergency personnel should be called as soon as practical by the Communications Center.

416.1.3 ELECTRICAL LINES

City Public Works does not maintain electrical lines to street light poles. When a power line poses a hazard, an officer should be dispatched to protect against personal injury or property damage that might be caused by power lines. Pacific Gas & Electric or Public Works should be promptly notified, as appropriate.

416.1.4 RESERVOIRS, PUMPS, WELLS, ETC.

Public Works maintains the reservoirs and public water equipment, as well as several underpass and other street drainage pumps. In the event of flooding or equipment malfunctions, emergency personnel should be contacted as soon as possible.

416.1.5 EMERGENCY NUMBERS

A current list of emergency personnel who are to be called for municipal utility emergencies is maintained by the Communications Center.

416.2 TRAFFIC SIGNAL MAINTENANCE

The City of Hayward and Cal-Trans are responsible to furnish maintenance for all traffic signals within the city.

416.2.1 OFFICER'S RESPONSIBILITY

Upon observing a damaged or malfunctioning signal, the officer will advise the Communications Center of the location and problem with the signal. The dispatcher should make the necessary notification to the proper maintenance agency.

Aircraft Accidents

417.1 PURPOSE AND SCOPE

This policy describes situations involving aircraft accidents including responsibilities of personnel, making proper notification, and documentation.

417.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 41.2.4, 46.1.2

417.1.2 ORGANIZATION AND OPERATION

The response to an Aircraft Accident by its magnitude and danger can be considered a "Critical Incident". If the response, evacuation, aid to injured or management of the call is significant it should be organized and operated in accordance with the "All Hazard Plan" utilizing the structure of the Incident Command System (ICS). See the Emergency Management Plan policy for further information on ICS.

417.2 RESPONSIBILITIES

In the event of an aircraft crash the employee responsibilities are as follows:

417.2.1 OFFICER RESPONSIBILITY

Officers should treat an aircraft crash site as a crime scene until it is determined that such is not the case. If a military aircraft is involved, additional dangers, such as live ordnance or hazardous materials, may be present. The scene may require additional security due to the potential presence of confidential equipment or information.

The duties of the field officer at the scene of an aircraft accident include the following:

- (a) Determine the nature and extent of the accident.
- (b) Request additional personnel and other resources to respond as needed.
- (c) Provide assistance for the injured parties until the arrival of fire Department personnel and/or other emergency personnel.
- (d) Cordon off and contain the area to exclude unauthorized individuals as soon as practicable.
- (e) Provide crowd control and other assistance until directed otherwise by a supervisor.
- (f) Ensure the Coroner's office is notified if a death occurs.

Entering an aircraft or tampering with parts or debris is only permissible for the purpose of removing injured or trapped occupants, protecting the wreckage from further damage or protecting the public from danger. If possible, the investigating authority should first be consulted before entering or moving any aircraft or any crash debris. Photographs or sketches of the original positions should be made whenever feasible.

Hayward Police Department

Hayward PD Policy Manual

Aircraft Accidents

The Fire Department will be responsible for control of the accident scene until the injured parties are cared for and the accident scene has been rendered safe for containment. Thereafter, police personnel will be responsible for preserving the scene until relieved by the investigating authority.

Once the scene is relinquished to the investigating authority, personnel from this agency may assist in containment of the scene until the investigation is completed or assistance is no longer needed.

An airport service worker or the airport manager may respond to the scene to assist the on-scene Commander with technical expertise, should it be needed during the operation.

417.2.2 NATIONAL TRANSPORTATION SAFETY BOARD

The National Transportation Safety Board (NTSB) has the primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft incident, the appropriate branch of the military will be involved in the investigation. The NTSB is concerned with several aspects of a crash as described in this section.

Every effort should be made to preserve the scene to the extent possible in the condition in which it was found until such time as NTSB or other authorized personnel arrive to take charge of the scene.

Military personnel will respond to take charge of any military aircraft involved, whether or not injuries or deaths have occurred.

If the accident did not result in a death or injury and the NTSB elects not to respond, the pilot or owner may assume control of the aircraft.

Removal of the wreckage shall be done under the guidance of the NTSB or military authorities or, if the NTSB is not responding for an on-site investigation, at the discretion of the pilot or the owner.

417.2.3 THE COMMUNICATIONS CENTER RESPONSIBILITIES

Dispatchers are responsible to make notifications as directed once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and the type of aircraft involved. Generally, the dispatcher will need to notify the following agencies or individuals when an aircraft accident has occurred:

- (a) Hayward Fire Department.
- (b) Hayward Airport Tower.
- (c) Watch Commander.
- (d) Hayward Airport Manager.
- (e) Closest military base if a military aircraft is involved.
- (f) Ambulances or other assistance as required.

Most aircraft accidents will be reported to the Police Department from the Air Traffic Controller(s) in the tower of the Hayward Executive Municipal Airport. The dispatcher receiving such information

Hayward Police Department

Hayward PD Policy Manual

Aircraft Accidents

should ensure that the tower personnel will contact the Federal Aviation Administration (FAA) Flight Standards District Office and the National Transportation Safety Board (NTSB). In the event that airport personnel are not involved, the dispatcher should notify the FAA and the NTSB. The Airport Manager should be notified as soon as practical. Notification may be accomplished through airport employees or by calling the Airport Manager at home during non-business hours.

417.2.4 RECORDS ADMINISTRATOR RESPONSIBILITIES

The Records Supervisor is responsible for the following:

- (a) Forward and maintain an approved copy of the accident report to the Federal Aviation Administration (FAA).
- (b) Forward a copy of the report to the Patrol Division Commander and the City of Hayward Airport Manager.

417.2.5 PUBLIC INFORMATION OFFICER RESPONSIBILITIES

The Department Public Information Officer is responsible for the following:

- (a) Obtain information for a press release from the on-scene commander or his or her designee.
- (b) When practical, the Department Public Information Officer should coordinate with the FAA Press Information Officer to prepare a press release for distribution to the Media.

Information released to the press regarding any aircraft accident should be handled by the Department Public Information Officer or in accordance with existing policy.

417.3 DOCUMENTATION

Any aircraft accident (crash) within the City, regardless of whether injuries or deaths occur, shall be documented in a police report.

Obtaining Air Support

419.1 PURPOSE AND SCOPE

The use of a police helicopter can be invaluable in certain situations. This policy specifies potential situations where the use of a helicopter may be requested and the responsibilities for making a request.

419.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 41.2.2

419.2 REQUEST FOR HELICOPTER ASSISTANCE

If a supervisor or officer in charge of an incident determines that the use of a helicopter would be beneficial, a request to obtain helicopter assistance may be made.

419.2.1 REQUEST FOR ASSISTANCE FROM ANOTHER AGENCY

After consideration and approval of the request for a helicopter, the Watch Commander, or his/her designee, will call the closest agency having helicopter support available. The Watch Commander on duty will apprise that agency of the specific details of the incident prompting the request.

419.2.2 CIRCUMSTANCES UNDER WHICH AID MAY BE REQUESTED

Police helicopters may be requested under any of the following conditions:

- (a) When the helicopter is activated under existing mutual aid agreements.
- (b) Whenever the safety of law enforcement personnel is in jeopardy and the presence of the helicopters may reduce such hazard.
- (c) When the use of the helicopters will aid in the capture of a suspected fleeing felon whose continued freedom represents an ongoing threat to the community.
- (d) When a helicopter is needed to locate a person who has strayed or is lost and whose continued absence constitutes a serious health or safety hazard.
- (e) Vehicle pursuits.

While it is recognized that the availability of helicopter support will generally provide valuable assistance to ground personnel, the presence of a helicopter will rarely replace the need for officers on the ground.

Detentions and Photographing Detainees

420.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for conducting field interviews (FI) and pat-down searches, and the taking and retention of photographs of persons detained in the field but not arrested and/or consensually contacted in the field. Due to a variety of situations confronting the officer, the decision to FI or photograph a field detainee shall be left to the discretion of the involved officer based on the totality of the circumstances available to them at the time of the detention.

420.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 1.2.3, 82.3.5

420.2 DEFINITIONS

Detention - Occurs when an officer intentionally, through words, actions or physical force causes an individual to reasonably believe he/she is being required to restrict his/her movement. Detentions also occur when an officer actually restrains a person's freedom of movement.

Consensual Encounter - Occurs when an officer contacts an individual but does not create a detention through words, actions or other means. In other words, a reasonable individual would believe that his/her contact with the officer is voluntary.

Field Interview - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purposes of determining the individual's identity and resolving the officer's suspicions.

Field Photographs - Field photographs are defined as posed photographs taken of a person during a contact, detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Audio Video (MAV) system when persons are not posed for the purpose of photographing are not considered field photographs.

Pat-Down Search - This type of search is used by officers in the field to check an individual for weapons. It involves a thorough patting down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the detainee, or others.

Reasonable Suspicion - Occurs when, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

420.3 FIELD INTERVIEWS

Officers may stop individuals for the purpose of conducting an FI where reasonable suspicion is present. In justifying the stop, the officer should be able to point to specific facts which, when taken together with rational inferences, reasonably warrant the stop. Such facts include, but are not limited to, the following:

Hayward Police Department

Hayward PD Policy Manual

Detentions and Photographing Detainees

- (a) The appearance or demeanor of an individual suggests that he/she is part of a criminal enterprise or is engaged in a criminal act.
- (b) The actions of the suspect suggest that he/she is engaged in a criminal activity.
- (c) The hour of day or night is inappropriate for the suspect's presence in the area.
- (d) The suspect's presence in the particular area is suspicious.
- (e) The suspect is carrying a suspicious object.
- (f) The suspect's clothing bulges in a manner that suggests he/she is carrying a weapon.
- (g) The suspect is located in proximate time and place to an alleged crime.
- (h) The officer has knowledge of the suspect's prior criminal record or involvement in criminal activity.
- (i) The contacted subject(s) is similar to a described subject or sought person.
- (j) The recording of a person's personal information as part of a witness contact, in furtherance of an investigation.
- (k) Consensual contact of a subject.

420.3.1 INITIATING A FIELD INTERVIEW

An officer may initiate the stop of a person when there is articulable, reasonable suspicion to do so. A person however, should not be detained longer than is reasonably necessary to resolve the officer's suspicions.

Nothing in this policy is intended to discourage consensual contacts. Frequent and random casual contacts with consenting individuals are encouraged by the Hayward Police Department to strengthen our community involvement, community awareness and problem identification.

420.3.2 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an incident may become unavailable or the integrity of their statements compromised with the passage of time, officers should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigators to utilize available personnel for the following:

- (a) Identify all persons present at the scene and in the immediate area.
 - 1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
 - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.

Detentions and Photographing Detainees

- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by department personnel.
 - 1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness in a department vehicle. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.

420.4 PAT-DOWN SEARCHES

A pat-down search of a detained or consensually contacted subject may be conducted whenever an officer reasonably believes that the person may possess an object that can be utilized as an offensive weapon or whenever the officer has a reasonable fear for his/her own safety or the safety of others. Circumstances that may establish justification for performing a pat-down search include, but are not limited to the following:

- (a) The type of crime suspected, particularly in crimes of violence where the use or threat of deadly weapons is involved.
- (b) Where more than one suspect must be handled by a single officer.
- (c) The hour of the day and the location or neighborhood where the stop takes place.
- (d) Prior knowledge of the suspect's use of force and/or propensity to carry deadly weapons.
- (e) The appearance and demeanor of the suspect.
- (f) Visual indications which suggest that the suspect is carrying a firearm or other weapon.
- (g) The age and gender of the suspect.

Whenever possible, pat-down searches should be performed by officers of the same gender.

420.5 FIELD PHOTOGRAPHS

Before photographing any field detainee or consensually contacted subject, the officer shall carefully consider, among other things, the factors listed below.

420.5.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT

Field photographs may be taken when the subject of the photograph knowingly and voluntarily gives consent. When taking a consensual photograph, the officer should make a reasonable attempt to have the individual read and sign the appropriate form accompanying the photograph or capture their consent via the officer's audio recorder device.

420.5.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT

Field photographs may be taken without consent only if they are taken during a detention/consensual contact that is based upon reasonable suspicion of criminal activity, and:

Detentions and Photographing Detainees

The photograph serves a legitimate law enforcement purpose related to the detention/contact. Suspicion of gang membership or affiliation is not a sufficient justification for taking a photograph without consent. The officer must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct.

If, prior to taking a photograph, the officer's reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken. Knowledge of gang membership or affiliation reasonably indicates criminal activity, as noted in Penal Code § 186.22.

All field photographs and related reports shall be submitted and retained in compliance with this policy.

420.6 SUPERVISOR RESPONSIBILITY

While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph. Access to field photographs shall be strictly limited to law enforcement purposes.

420.7 DISPOSITION OF PHOTOGRAPHS

All detainee/consensual contact photographs not solely used for intelligence purposes must be adequately labeled and submitted immediately to the Investigations Division Special Duty Unit Supervisor with either an associated FI card, incident report, or other memorandum explaining the nature of the contact. If an individual is photographed as a suspect in a particular crime, the photograph should be submitted as an evidence item in the related case, following standard evidence collection procedures. Detainee/consensual contact photographs taken for intelligence purposes will be retained by the Investigations Division Special Duty Unit Supervisor.

If a photograph is not associated with an investigation where a case number has been issued, the officer will forward it to one of the following locations:

- (a) If the photograph, associated FI card or memorandum is relevant to criminal street gang enforcement, it shall be forwarded to the Investigations Division Special Duty Unit Supervisor or, when appropriate, directly to the case Detective/Inspector for further processing and retention pursuant to the Criminal Organizations Policy.
- (b) Photographs that do not qualify for criminal street gang file retention or which are not evidence in an investigation with an assigned case number should be forwarded to the Investigations Division Special Duty Unit Supervisor. These photographs will be purged pursuant to this policy.

When a photograph is taken in association with a particular case, the Detective/Inspector may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file. All other photographs will be kept in the Records Bureau in a separate non-booking photograph file in alphabetical order.

Hayward Police Department

Hayward PD Policy Manual

Detentions and Photographing Detainees

420.7.1 PURGING THE FIELD PHOTO FILE

The Records Bureau/Special Duty Unit Supervisor will be responsible for ensuring that photographs maintained by the Department that are more than one year old and no longer serve a law enforcement purpose are periodically purged and destroyed. Photographs that continue to serve a legitimate law enforcement purpose may be retained longer than five years provided that a notation of that fact is added to the file for each additional year that they are retained. Access to the photo file shall be strictly limited to law enforcement purposes.

A photograph need not be purged but may be retained as an updated photograph in a prior booking file if the person depicted in the photograph has been booked at the Hayward Police Department and the booking file remains in the Records Bureau.

420.8 PHOTO REVIEW POLICY

Any person who has been the subject of a field photograph by this agency during any contact other than an arrest may file a written request within 30-days of the contact to contest the lawful/unlawful taking of and status of the photograph. The request shall be directed to the office of the Chief of Police who will ensure that the status of the photograph or FI is properly reviewed according to this policy as described below. Upon a verbal request, the Department will send a request form to the requesting party and require it to be filed to the office of the Chief of Police within 30-days.

420.8.1 REVIEW PROCESS

Upon receipt of such a written request, the Chief of Police or his or her designee will permit the individual to appear in person (any minor must be accompanied by their parent or legal guardian) for a review of the status of the photograph.

Such a meeting will generally be scheduled during regular business hours within 30-days of the receipt of the written request. An extension of the 30-day limit may be made either upon the mutual convenience of the parties or if, at the discretion of the Chief of Police, there appears to be an ongoing legitimate law enforcement interest which warrants a delay. If the delay could jeopardize an ongoing investigation, nothing in this policy shall require the Chief of Police to disclose the reason(s) for the delay.

A meeting for the review of the status of any non-arrest photograph is not intended to be a formal hearing, but simply an informal opportunity for the individual to meet with the Chief of Police or his/her designee to discuss the matter.

After carefully considering the information available, the Chief of Police or designee will determine, generally within 30-days of the original meeting, whether the photograph was obtained in accordance with existing law and Hayward Police Department policy and, even if properly obtained, then whether there is any ongoing legitimate law enforcement interest in retaining the photograph.

If the Chief of Police or his/her designee determines that the photograph was obtained in accordance with existing law and Department policy and that there is an ongoing legitimate law

Hayward Police Department

Hayward PD Policy Manual

Detentions and Photographing Detainees

enforcement interest in retaining the non-arrest photograph, the photograph shall be retained according to this policy and applicable law.

If the Chief of Police or his/her designee determines that the original legitimate law enforcement interest in retaining a non-arrest photograph no longer exists or that it was obtained in violation of existing law or Hayward Police Department policy, the original photograph will be destroyed or returned to the person photographed, if requested. All other associated reports or documents, however, will be retained according to Department policy and applicable law.

If the Chief of Police or his/her designee determines that the original legitimate law enforcement interest in retaining a non-arrest photograph no longer exists or that the photograph was not obtained in accordance with established law or Hayward Police Department policy, the original photograph may only be destroyed upon the execution of a full and complete waiver of liability by the individual (and guardian if a minor) arising out of that field contact.

If the Chief of Police or his/her designee determines that any involved Hayward Police Department personnel violated existing law or Department policy, the Chief of Police or designee shall investigate this according to Department policy.

The person photographed will be informed in writing within 30-days of the Chief of Police's determination whether or not the photograph will be retained. This does not entitle any person to any discovery or access to any law enforcement records not otherwise authorized by law.

Criminal Organizations

421.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that the Hayward Police Department appropriately utilizes criminal intelligence systems and temporary information files to support investigations of criminal organizations and enterprises.

421.1.1 DEFINITIONS

Definitions related to this policy include:

Criminal intelligence system - Any record system that receives, stores, exchanges or disseminates information that has been evaluated and determined to be relevant to the identification of a criminal organization or enterprise, its members or affiliates. This does not include temporary information files.

421.1.2 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 1.2.3, 82.3.5

421.2 POLICY

The Hayward Police Department recognizes that certain criminal activities, including but not limited to gang crimes and drug trafficking, often involve some degree of regular coordination and may involve a large number of participants over a broad geographical area.

It is the policy of this [department/office] to collect and share relevant information while respecting the privacy and legal rights of the public.

421.3 CRIMINAL INTELLIGENCE SYSTEMS

No [department/office] member may create, submit to or obtain information from a criminal intelligence system unless the Chief of Police has approved the system for [department/office] use.

Any criminal intelligence system approved for [department/office] use should meet or exceed the standards of 28 CFR 23.20.

A designated supervisor will be responsible for maintaining each criminal intelligence system that has been approved for [department/office] use. The supervisor or the authorized designee should ensure the following:

- (a) Members using any such system are appropriately selected and trained.
- (b) Use of every criminal intelligence system is appropriately reviewed and audited.
- (c) Any system security issues are reasonably addressed.

421.3.1 SYSTEM ENTRIES

It is the designated supervisor's responsibility to approve the entry of any information from a report, FI, photo or other relevant document into an authorized criminal intelligence system. If entries are made based upon information that is not on file with this department, such as open

Criminal Organizations

or public source documents or documents that are on file at another agency, the designated supervisor should ensure copies of those documents are retained by the Records Bureau. Any supporting documentation for an entry shall be retained by the Records Bureau in accordance with the established records retention schedule and for at least as long as the entry is maintained in the system.

The designated supervisor should ensure that any documents retained by the Records Bureau are appropriately marked as intelligence information. The Records Administrator may not purge such documents without the approval of the designated supervisor.

421.3.2 GANG DATABASES

The Chief of Police may approve participation by the gang unit in a shared criminal gang intelligence database, such as CALGANG®. Members must obtain the requisite training before accessing any such database (11 CCR 751.6).

It is the gang unit supervisor's responsibility to determine whether any report or FI contains information that would qualify for entry into the database. Prior to designating any person as a suspected gang member, associate, or affiliate in a shared gang database; or submitting a document to the Attorney General's office for the purpose of designating a person in a shared gang database; or otherwise identifying the person in a shared gang database, the gang unit supervisor shall provide written notice to the person and, if the person is under the age of 18, to his/her parent or guardian of the designation and the basis for the designation, unless providing that notification would compromise an active criminal investigation or compromise the health or safety of a minor. Notice shall also describe the process to contest the designation (Penal Code § 186.34).

The person, an attorney working on his/her behalf, or his/her parent or guardian (if the person is under 18 years of age) may request, in writing, information as to whether the person is designated as a suspected gang member, associate, or affiliate in a shared gang database accessible by the [Department/Office], the basis for that designation, and the name of the agency that made the designation. The [Department/Office] shall respond to a valid request in writing within 30 days, and shall provide the information requested unless doing so would compromise an active investigation or compromise the health and safety of the person if he/she is under 18 years of age (Penal Code § 186.34).

The person, or his/her parent or guardian if the person is under 18 years of age, may contest the designation by submitting written documentation, which shall be reviewed by the gang unit supervisor. If it is determined that the person is not a suspected gang member, associate, or affiliate, the person shall be removed from the database. The person and the parent or guardian shall be provided written verification of the [department/office]'s decision within 30 days of receipt of the written documentation contesting the designation and shall include the reason for a denial when applicable (Penal Code § 186.34).

Criminal Organizations

The gang unit supervisor should forward reports or FIs to the Records Bureau after appropriate database entries are made. The supervisor should clearly mark the report/FI as gang intelligence information.

It is the responsibility of the Records Bureau supervisor to retain reports and FIs in compliance with the database rules and any applicable end user agreement.

Records contained in a shared gang database shall not be disclosed for employment or military screening purposes, and shall not be disclosed for the purpose of enforcing federal immigration law unless required by state or federal statute or regulation (Penal Code § 186.36).

421.4 TEMPORARY INFORMATION FILE

The Special Duty Investigations Unit Supervisor may maintain a temporary file of reports and FI's that is separate from any criminal gang intelligence database when an individual or group has been identified as a suspected criminal street gang participant or a suspected criminal street gang but does not meet the criteria necessary for entry into a criminal street gang intelligence database.

Inclusion in a temporary file may be done only if there is a reasonable likelihood that, within one year of the contact, the individual or group will meet the criteria for entry into a Department approved criminal street gang intelligence database. Reports and FI's will only be included in a temporary gang file with the written authorization of the Special Duty Investigations Unit Supervisor. A temporary file of criminal street gang participants or criminal street gangs shall include:

- (a) Names, aliases, monikers, addresses, and other relevant identifying information.
- (b) Gang name.
- (c) Justification used to identify an individual as a criminal street gang participant.
- (d) Vehicle(s) known to be used.
- (e) Cross references to other identified gangs or gang members.

421.4.1 FILE CONTENTS

A temporary information file may only contain information and documents that, within one year, will have a reasonable likelihood to meet the criteria for entry into an authorized criminal intelligence system.

Information and documents contained in a temporary information file:

- (a) Must only be included upon documented authorization of the responsible department supervisor.
- (b) Should not be originals that would ordinarily be retained by the Records Bureau or Property and Evidence Bureau, but should be copies of, or references to, retained documents such as copies of reports, field interview (FI) forms, the Communications Center records or booking forms.

Hayward Police Department

Hayward PD Policy Manual

Criminal Organizations

- (c) Shall not include opinions. No person, organization or enterprise shall be labeled as being involved in crime beyond what is already in the document or information.
- (d) May include information collected from publicly available sources or references to documents on file with another government agency. Attribution identifying the source should be retained with the information.

421.4.2 REVIEW AND PURGING OF GANG PARTICIPANT FILE

Temporary files shall not be retained longer than one year. At the end of one year, temporary files must be purged if the information does not qualify for entry into a Department approved criminal street gang intelligence database.

The Special Duty Investigations Unit Supervisor shall periodically review temporary files to verify that the information was properly obtained and meets the criteria for retention. Validation and purging of temporary criminal street gang files is the responsibility of the Special Duty Unit Supervisor.

421.4.3 FILE REVIEW AND PURGING

While this policy does not establish a criminal gang intelligence database, the Chief of Police may approve one or more criminal gang intelligence databases for use by members of the Gang or Special Duty Units. Any such database should be compliant with 28 CFR § 23.20 regulating criminal intelligence systems. Employees must obtain the requisite training before accessing any such database.

It is the Special Duty Investigations Unit Supervisor's responsibility to determine whether any report or FI contains information that would qualify for entry into a Department approved criminal gang intelligence database. The Investigations Division Special Duty Unit Supervisor should maintain the FI's after appropriate database entries are made.

It is the Special Duty Investigations Unit Supervisor's responsibility to ensure that the provisions enumerated in Penal Code § 186.34 which became effective January 1, 2014 are followed including: Penal Code § 186.34 describes specific steps that need to be taken prior to the entry of a juvenile into a criminal gang intelligence database, not entered into the database prior to the enactment of the section including:

- (a) Prior to designating a person under the age of 18 years as a suspected gang member, associate, or affiliate in a shared gang database, the Special Duty Investigation Unit Supervisor shall provide written notice to the person and his or her parent or guardian of the designation and the basis for the designation, unless providing that notification would compromise an active criminal investigation or compromise the health or safety of the minor.

The person to be designated as a suspected gang member, associate, or affiliate, or his or her parent or guardian, may submit written documentation to the Department contesting the designation. The following shall occur if written documentation is received:

Hayward Police Department

Hayward PD Policy Manual

Criminal Organizations

- (a) The Special Duty Investigations Unit Supervisor shall review the documentation, and if it is determined that the person is not a suspected gang member, associate, or affiliate, the supervisor shall remove the person from the shared gang database.
- (b) The Special Duty Investigations Unit Supervisor shall provide the person and his or her parent or guardian with written verification of the agency's decision within 60 days of submission of the written documentation contesting the designation.

Department members shall not disclose the location of the person to be designated as a suspected gang member, associate, or affiliate to his or her parent or guardian if the agency determines there is credible evidence that the information would endanger the health or safety of the minor. Records related to the gang activity of juveniles in the database shall be retained consistent with the provisions contained in 28 CFR § 23.20(h). Department members will not disclose any information protected under Evidence Code § 1040, Evidence Code § 1041 or Government Code § or 6254.

It is the responsibility of the Special Duty Investigations Unit Supervisor to retain reports and FI's in compliance with the procedures of the Department approved criminal gang intelligence database and 28 CFR § 23.20. The Investigations Division Special Duty Unit Supervisor may not purge these reports or FI's without the approval of the Investigations Division Commander, or his/her designee.

421.5 INFORMATION RECOGNITION

Officers who contact individuals who are, or may be participants in criminal street gang activity should complete a F.I. card and document the reasonable suspicion underlying the contact and the exact circumstances leading to the suspicion that the individual is a criminal street gang participant (e.g., subject states he or she is a member of XYZ gang; XYZ tattoo on right hand near thumb; wearing ball cap with gang name printed in blue or red ink).

Photographing known or suspected criminal street gang participants shall be done in accordance with the provisions of the Detentions and Photographing Detainees Policy.

421.6 RELEASE OF INFORMATION

When an inquiry is made by a parent or guardian as to whether a juvenile's name is in the temporary criminal street gang participant's file, such information shall be provided by the Special Duty Investigations Unit Supervisor, unless there is good cause to believe that the release of such information may jeopardize an ongoing criminal investigation. If such information is requested, the request shall be routed to the Special Duty Investigations Unit Supervisor for evaluation. Once evaluated, the Special Duty Unit Supervisor shall provide the requested information, unless doing so would compromise an active criminal investigation or compromise the health or safety of the minor.

Employees must observe strict compliance with the rules of a Department approved gang intelligence database regarding release of information from that database.

Hayward Police Department

Hayward PD Policy Manual

Criminal Organizations

421.7 CRIMINAL STREET GANGS

Information from the temporary criminal street gang participant files may only be furnished to Department personnel and other public law enforcement agencies on a need-to-know basis. This means information that may be of use in the prevention of gang-related criminal activity or information concerning the investigation of gang-related crimes shall only be released to members of this Department and other law enforcement agencies.

Information from any Department approved gang intelligence file must only be released in compliance with the rules for that particular database.

421.8 TRAINING

Suspicious incidents, information reports and criminal incidents that appear to be criminal street gang related shall be documented on a report form and shall at minimum include the following:

- (a) A description of any document, statements, actions, dress or other information that would tend to support the officer's belief that the incident may be related to the activities of a criminal street gang.
- (b) Whether any photographs were taken and a brief description of what they depict.
- (c) What physical evidence, if any, was observed, collected or booked.
- (d) A specific request to that a copy of the report be routed to the Special Duty Unit.
- (e) Officers completing a field interview (FI) card under the guidelines above shall photocopy the card and deliver it to the Special Duty Unit.

Any photographs taken or evidence collected shall be booked in accordance with current evidence booking procedures.

421.8.1 SHARED GANG DATABASE TRAINING

The Department should ensure that members who are authorized users of a shared gang database receive the required training from the California Department of Justice (DOJ) or an instructor certified by the DOJ that includes comprehensive and standardized training on the use of shared gang databases, and any other associated training required. (Penal Code § 186.36; 11 CCR 751.6).

Watch Commanders

422.1 PURPOSE AND SCOPE

When a Patrol Division Lieutenant is on-duty, he/she is the Watch Commander. When a Lieutenant is not on-duty, the on duty senior sergeant functions as the Watch Commander. In addition, when a Patrol Supervisor becomes aware of an incident or responsibility that arises wherein the Watch Commander is responsible to act or make a decision, the Patrol Supervisor has the authority and duty to act in that role until relieved by the on-duty Lieutenant.

422.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 11.3.1

422.2 DESIGNATION AS ACTING WATCH COMMANDER

When a Lieutenant is unavailable for duty as Watch Commander, in most instances the senior qualified sergeant shall be designated as acting Watch Commander. This policy does not preclude designating a less senior sergeant as an acting Watch Commander when operational needs require or training permits.

Mobile Digital Terminal Use

423.1 PURPOSE AND SCOPE

The Mobile Digital Terminal (MDC) accesses confidential records from the State of California, Department of Justice and Department of Motor Vehicles databases. Employees using the MDC shall comply with all appropriate federal and state rules and regulations.

423.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 41.3.7

423.1.2 INCORPORATED MANUAL SECTIONS

This policy incorporates and applies the Information Technology Use policy in this section pertaining to computer usage and security to the MDC.

423.2 MDT USE

The MDT shall be used for official police communications only. Messages that are of a sexual, racist, or offensive nature, or otherwise critical of the Department or any member of the Department are strictly forbidden.

Messages may be reviewed by supervisors at any time without prior notification. Employees generating or transmitting messages not in compliance with this policy are subject to discipline. MDT use is also subject to the Information Technology Use policy.

All calls dispatched to patrol units should be communicated by voice and MDT unless otherwise authorized by the Watch Commander or as otherwise noted in the Tactical Dispatching and Transmissions procedure.

Members should also refer to the Code 66 Dispatching procedure for additional guidelines.

423.2.1 USE WHILE DRIVING

Use of the MDT by the vehicle operator should generally be limited to times when the vehicle is stopped. When the vehicle is in motion, the operator should only attempt to read messages that are likely to contain information that is required for immediate enforcement, investigative or safety needs.

Short transmissions, such as a license plate check, are permitted if it reasonably appears that it can be done safely. In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

423.2.2 DOCUMENTATION OF ACTIVITY

MDC's and voice transmissions are used to record the officer's daily activity. To ensure the most accurate recording of these activities, the following are required:

- (a) All contacts or activity shall be documented at the time of the contact;

Hayward Police Department

Hayward PD Policy Manual

Mobile Digital Terminal Use

- (b) Whenever the activity or contact is initiated by voice, it shall be entered into the Computer Aided Dispatch (CAD) system by a dispatcher;
- (c) Whenever the activity or contact is not initiated by voice, the officer shall record it on the MDC.

423.2.3 STATUS CHANGES

All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted either verbally over the police radio or through the MDC system.

Officers responding to in-progress calls shall advise changes in status verbally over the radio to assist other officers responding to the same incident.

Other changes in status may be entered by depressing the appropriate keys on the MDC's.

423.3 MDT CONSIDERATIONS

423.3.1 NON-FUNCTIONING MDT

Whenever possible, officers will not use units with malfunctioning MDC's. Whenever officers must drive a unit in which the MDC is not working, they shall notify the Communications Center. It shall be responsibility of the Communications Center to record all information that will then be transmitted verbally over the police radio.

423.3.2 BOMB CALLS

When investigating reports of possible bombs, officers will turn off their MDC's. Operating the MDC may cause some devices to detonate.

Medical Marijuana

424.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of this [department/office] with guidelines for investigating the acquisition, possession, transportation, delivery, production or use of medicinal marijuana.

424.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards:

424.1.2 DEFINITIONS

Definitions related to this policy include:

Cardholder - A person issued a current identification card.

Compassionate Use Act (CUA) (Health and Safety § 11362.5) - California law intended to provide protection from prosecution to those who are seriously ill and whose health would benefit from the use of marijuana in the treatment of illness for which marijuana provides relief. The CUA does not grant immunity from arrest but rather provides an affirmative defense from prosecution for possession of medical marijuana.

Identification Card - A valid document issued by the State Department of Health Services to both persons authorized to engage in the medical use of marijuana and also to designated primary caregivers.

Medical Marijuana - Marijuana possessed by a patient or primary caregiver for legitimate medical purposes.

Medical Marijuana Program (MMP) (Health and Safety § 11362.7 et seq.) - California laws passed following the CUA to facilitate the prompt identification of patients and their designated primary caregivers in order to avoid unnecessary arrests and provide needed guidance to law enforcement officers. MMP prohibits arrest for possession of medical marijuana in certain circumstances and provides a defense in others.

Patient - A person who is entitled to the protections of the CUA because he/she has received a written or oral recommendation or approval from a physician to use marijuana for medical purposes or any person issued a valid identification card.

Primary Caregiver - A person designated by the patient, who has consistently assumed responsibility for the patient's housing, health or safety, who may assist the patient with the medical use of marijuana under the CUA or the MMP (Health and Safety Code § 11362.5; Health and Safety Code § 11362.7).

Statutory Amount - No more than eight ounces of dried, mature, processed female marijuana flowers ("bud") or the plant conversion (e.g., kief, hash, hash oil), and no more than six mature or 12 immature marijuana plants (roots, stems and stem fibers should not be considered).

Hayward Police Department

Hayward PD Policy Manual

Medical Marijuana

424.2 POLICY

It is the policy of the Hayward Police Department to prioritize resources to forgo making arrests related to marijuana that the arresting officer reasonably believes would not be prosecuted by state or federal authorities.

California's medical marijuana laws are intended to provide protection to those who are seriously ill and whose health would benefit from the use of medical marijuana.

However, California medical marijuana laws do not affect federal laws and there is no medical exception under federal law for the possession or distribution of marijuana. The Hayward Police Department will exercise discretion to ensure laws are appropriately enforced without unreasonably burdening both those individuals protected under California law and public resources.

424.2.1 DESTRUCTION OF EXCESS QUANTITIES OF SUSPECTED MARIJUANA

Pursuant to Health & Safety Code § 11362, the following requirements must be met before any gross amounts of suspected marijuana and/or marijuana plants (minimum 2 pounds or more) may be destroyed:

- (a) At least five random and representative samples have been taken, for evidentiary purposes, from the total amount of suspected controlled substances to be destroyed. These samples shall be in addition to the 2 pounds required above. When the suspected controlled substance consists of growing or harvested marijuana plants, at least one 2 pound sample (which may include stalks, branches, or leaves) and five representative samples consisting of leaves or buds shall be retained for evidentiary purposes from the total amount of suspected controlled substances to be destroyed.
- (b) Always photograph and when possible videotape the total amount of the suspected controlled substance to be destroyed.
- (c) The total gross weight of the suspected marijuana and/or marijuana plants must be determined. This can be determined either by actually weighing the suspected marijuana or by estimating that weight after dimensional measurements of the total suspected marijuana grow.

Property and Evidence Unit personnel will facilitate the destruction of any suspected marijuana and/or marijuana plants that exceeds two pounds. The Watch Commander or his/her designee will contact the Property and Evidence Unit Supervisor when it is determined that the amount of marijuana to be seized exceeds two pounds and the above described steps have been completed.

424.3 INVESTIGATION

Investigations involving the possession, delivery, production or use of marijuana generally fall into one of several categories:

- (a) Investigations when no person makes a medicinal claim.
- (b) Investigations when a medicinal claim is made by a cardholder.

Medical Marijuana

- (c) Investigations when a medicinal claim is made by a non-cardholder.

424.3.1 INVESTIGATIONS WITH NO MEDICINAL CLAIM

In any investigation involving the possession, delivery, production or use of marijuana or drug paraphernalia where no person claims that the marijuana is used for medicinal purposes, the officer should proceed with a criminal investigation if the amount is greater than permitted for personal use under the Control, Regulate and Tax Adult Use of Marijuana Act (Health and Safety Code § 11362.1; Health and Safety Code § 11362.2). A medicinal defense may be raised at any time, so officers should document any statements and observations that may be relevant to whether the marijuana was possessed or produced for medicinal purposes.

424.3.2 INVESTIGATIONS INVOLVING A MEDICINAL CLAIM MADE BY A CARDHOLDER

A cardholder or designated primary caregiver in possession of an identification card shall not be arrested for possession, transportation, delivery or cultivation of medical marijuana at or below the statutory amount unless there is probable cause to believe that (Health and Safety Code § 11362.71; Health and Safety Code § 11362.78):

- (a) The information contained in the card is false or falsified.
- (b) The card has been obtained or used by means of fraud.
- (c) The person is otherwise in violation of the provisions of the MMP.
- (d) The person possesses marijuana but not for personal medical purposes.

Officers who reasonably believe that a person who does not have an identification card in his/her possession has been issued an identification card may treat the investigation as if the person had the card in his/her possession.

Cardholders may possess, transport, deliver or cultivate medical marijuana in amounts above the statutory amount if their doctor has concluded that the statutory amount does not meet the patient's medical needs (Health and Safety Code § 11362.71; Health and Safety Code § 11362.77). Investigations involving cardholders with more than the statutory amount of marijuana should be addressed as provided in this policy for a case involving a medicinal claim made by a non-cardholder.

424.3.3 INVESTIGATIONS INVOLVING A MEDICINAL CLAIM MADE BY A NON-CARDHOLDER

No patient or primary caregiver should be arrested for possession or cultivation of an amount of medical marijuana if the officer reasonably believes that marijuana is in a form and amount reasonably related to the qualified patient's current medical needs (Health and Safety Code § 11362.5). This arrest guidance also applies to sales, transportation or, delivery of medical marijuana, or maintaining/renting a drug house or building that may be a nuisance if otherwise in compliance with MMP (Health and Safety Code § 11362.765).

Hayward Police Department

Hayward PD Policy Manual

Medical Marijuana

Officers are not obligated to accept a person's claim of having a physician's recommendation when the claim cannot be readily verified with the physician but are expected to use their judgment to assess the validity of the person's medical-use claim.

Officers should review any available written documentation for validity and whether it contains the recommending physician's name, telephone number, address and medical license number for verification.

Officers should generally accept verified recommendations by a physician that statutory amounts do not meet the patient's needs (Health and Safety Code § 11362.77).

424.3.4 ADDITIONAL CONSIDERATIONS

Officers should consider the following when investigating an incident involving marijuana possession, delivery, production, or use:

- (a) Because enforcement of medical marijuana laws can be complex, time consuming, and call for resources unavailable at the time of initial investigation, officers may consider submitting a report to the prosecutor for review, in lieu of making an arrest. This can be particularly appropriate when:
 1. The suspect has been identified and can be easily located at a later time.
 2. The case would benefit from review by a person with expertise in medical marijuana investigations.
 3. Sufficient evidence, such as photographs or samples, has been lawfully obtained.
 4. Other relevant factors, such as available [department/office] resources and time constraints prohibit making an immediate arrest.
- (b) Whenever the initial investigation reveals an amount of marijuana greater than the statutory amount, officers should consider the following when determining whether the form and amount is reasonably related to the patient's needs:
 1. The amount of marijuana recommended by a medical professional to be ingested.
 2. The quality of the marijuana.
 3. The method of ingestion (e.g., smoking, eating, nebulizer).
 4. The timing of the possession in relation to a harvest (patient may be storing marijuana).
 5. Whether the marijuana is being cultivated indoors or outdoors.
- (c) Before proceeding with enforcement related to collective gardens or dispensaries, officers should consider conferring with a supervisor, an applicable state regulatory agency or other member with special knowledge in this area, and/or appropriate legal counsel (Business and Professions Code § 26010; Business and Professions Code § 26060). Licensing, zoning, and other related issues can be complex. Patients, primary caregivers, and cardholders who collectively or cooperatively cultivate marijuana for

Hayward Police Department

Hayward PD Policy Manual

Medical Marijuana

medical purposes may be licensed or may have a defense in certain circumstances (Business and Professions Code § 26032; Business and Professions Code § 26033).

- (d) Investigating members should not order a patient to destroy marijuana plants under threat of arrest.

424.3.5 EXCEPTIONS

This policy does not apply to, and officers should consider taking enforcement action for the following:

- (a) Persons who engage in illegal conduct that endangers others, such as driving under the influence of marijuana in violation of the Vehicle Code (Health and Safety Code § 11362.5).
- (b) Marijuana possession in jails or other correctional facilities that prohibit such possession (Health and Safety Code § 11362.785).
- (c) Smoking marijuana (Health and Safety Code § 11362.79):
 1. In any place where smoking is prohibited by law.
 2. In or within 1,000 feet of the grounds of a school, recreation center or youth center, unless the medical use occurs within a residence.
 3. On a school bus.
 4. While in a motor vehicle that is being operated.
 5. While operating a boat.
- (d) Use of marijuana by a person on probation or parole, or on bail and use is prohibited by the terms of release (Health and Safety Code § 11362.795).

424.3.6 INVESTIGATIONS INVOLVING A STATE LICENSEE

No person issued a state license under the Business and Professions Code shall be arrested or cited for cultivation, possession, manufacture, processing, storing, laboratory testing, labeling, transporting, distribution or sale of medical cannabis or a medical cannabis product related to qualifying patients and primary caregivers when conducted lawfully. Whether conduct is lawful may involve questions of license classifications, local ordinances, specific requirements of the Business and Professions Code and adopted regulations. Officers should consider conferring with a supervisor, the applicable state agency or other member with special knowledge in this area and/or appropriate legal counsel before taking enforcement action against a licensee or an employee or agent (Business and Professions Code § 26032).

424.4 FEDERAL LAW ENFORCEMENT

Officers should provide information regarding a marijuana investigation to federal law enforcement authorities when it is requested by federal law enforcement authorities or whenever the officer believes those authorities would have a particular interest in the information.

Hayward Police Department

Hayward PD Policy Manual

Medical Marijuana

424.5 PROPERTY AND EVIDENCE BUREAU SUPERVISOR RESPONSIBILITIES

The Property and Evidence Bureau Supervisor should ensure that marijuana, drug paraphernalia or other related property seized from a person engaged or assisting in the use of medical marijuana is not destroyed pending any charges and without a court order. The Property and Evidence Bureau Supervisor is not responsible for caring for live marijuana plants.

Upon the prosecutor's decision to forgo prosecution, or the dismissal of charges or an acquittal, the Property and Evidence Bureau Supervisor should, as soon as practicable, return to the person from whom it was seized any useable medical marijuana, plants, drug paraphernalia or other related property.

The Property and Evidence Bureau Supervisor may release marijuana to federal law enforcement authorities upon presentation of a valid court order or by a written order of the Criminal Investigations Bureau Supervisor.

Portable Audio/Video Recorders

425.1 PURPOSE AND SCOPE

The Hayward Police Department requires that employees (issued proper equipment) use either a department-issued digital audio recorder (DAR) or body worn camera (BWC) during their official police duties. These recorders are intended to assist officers in the performance of their duties by providing an unbiased audio and/or video record of a contact.

425.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 17.5.4, 41.3.8

425.2 DEFINITIONS

Digital Audio Recorder (DAR) – A device individually worn by employees that can capture audio when activated by the employee.

By the conclusion of the officer's shift, the officer shall upload the BWC recording(s) to the DEMS to include the appropriate ID (citation or incident number), TITLE (abbreviated description of the footage), and CATEGORY. Officers shall follow upload procedures pursuant to this policy. In the same manner, at the conclusion of the officer's shift, DAR recordings shall be uploaded into the PUMA Management System.

Officers shall document the use of DARs or BWCs in any associated report for evidentiary purposes. 425.7 OPERATING PARAMETERS

Penal Code § 632 prohibits any individual from surreptitiously recording any conversation in which any party to the conversation has a reasonable belief that the conversation was private or confidential, however Penal Code § 633 expressly exempts law enforcement from this prohibition during the course of a criminal investigation, as follows:

- (a) No member of this Department may surreptitiously record a conversation or video footage of any other member of this department without the expressed knowledge and consent of all parties. Nothing in this section is intended to interfere with an officer's right to openly record any interrogation pursuant to Government Code § 3303(g).
- (b) Officers may surreptitiously record any conversation with or video footage of an individual, including another member of this department, during a criminal investigation in which the officer reasonably believes that such a recording will be beneficial to the investigation.
 - 1. For the purpose of this policy, any officer contacting an individual suspected of violating any law or during the course of any official law enforcement related activity shall be presumed to be engaged in a criminal investigation. This presumption shall not apply to contacts with members of this Department conducted solely for administrative purposes.

Officers that are present during a YFSB counseling session shall not record any portion of that session without the knowledge of the counselor and prior approval from a YFSB supervisor or sworn supervisor.

All on-scene officers (inclusive of initiating and witness officers) shall activate their audio recorders or cameras pursuant to this policy.

Personnel are not required to obtain consent from an individual when:

- (a) In a public place,
- (b) In a location where there is no reasonable expectation of privacy and the officer is not conducting a criminal investigation.

Members shall not surreptitiously record another [department/office] member without a court order unless lawfully authorized by the Chief of Police or the authorized designee.

425.7.2 EXPLOSIVE DEVICE

Many portable recorders, including body-worn cameras and audio/video transmitters, emit radio waves that could trigger an explosive device. Therefore, these devices should not be used where an explosive device may be present.

425.7.4 CESSATION OF RECORDING

Once activated, the portable recorder should remain on continuously until the member reasonably believes that his/her direct participation in the incident is complete or the situation no longer fits the criteria for activation. Recording may be stopped during significant periods of inactivity such as report writing or other breaks from direct participation in the incident.

Members shall cease audio recording whenever necessary to ensure conversations are not recorded between a person in custody and the person's attorney, religious advisor or physician, unless there is explicit consent from all parties to the conversation (Penal Code § 636).

425.8 REQUIRED ACTIVATION

At no time should an employee jeopardize his/her safety in order to activate a recording device or change the recording media. If an employee's safety is in jeopardy, he/she shall activate their recording device as soon as practicable after the officer safety issue has been addressed. Officers shall activate their DAR or BWC and record contacts under the following circumstances/situations:

Members shall remain sensitive to the dignity of all individuals being recorded and exercise sound discretion to respect privacy by discontinuing recording whenever it reasonably appears to the member that such privacy may outweigh any legitimate law enforcement interest in recording. Requests by members of the public to stop recording shall be considered using this same criterion. Recording shall resume when privacy is no longer at issue unless the circumstances no longer fit the criteria for recording.

Bicycle operations are also effective in monitoring various city events and other non-enforcement community policing efforts and assignments (i.e.; parades, community and special events, etc.).

For the purpose of this policy, the term "officers" includes all trained and approved Hayward Police Department sworn ranks, reserve ranks, professional staff and civilian personnel.

The purpose of this policy is to provide guidelines for the usage and effective operation of the patrol bicycle. Patrol bicycles may be used for regular patrol, traffic enforcement, parking control, special events, school patrol, and downtown patrol. The use of the patrol bicycle will emphasize an officer's mobility and visibility to the community.

Requests for specific deployment of bicycles shall be coordinated through the Bicycle Operations Supervisor and/or the Watch Commander, as outlined in this policy. Patrol bicycles may be deployed to any area at all hours of the day or night, according to HPD needs and as staffing levels allow.

Bicycle officers will obey all laws pertaining to the operation of bicycles, as outlined in the California Vehicle Code. While using a patrol bicycle, Bicycle officers will only perform duties within and defined by their particular job classification and are to not to operate outside of it.

Employees and volunteers that have been identified by their respective Division Commander and the Bicycle Operations Supervisor as potential operators of a patrol bicycle must successfully complete the 10-hour HPD Bicycle course or have successfully completed a California P.O.S.T. certified Basic Bicycle Operations training course before utilizing a bicycle. Thereafter, all Bicycle officers whether actively or inactively serving as a Bicycle Unit should receive yearly in-service training during the Department's annual qualifications training to improve skills and refresh safety, health, and operations procedures.

The 10-hour HPD Bicycle course will minimally include the following:

- Bicycle patrol strategies
- Bicycle safety and accident prevention
- Operational tactics using bicycles

In addition, sworn bicycle officers will be required to qualify during the Department's annual qualifications training with their duty firearm while wearing the approved bicycle safety equipment, as outlined in this policy.

426.5 CARE AND USE OF PATROL BICYCLES

Officers will be assigned and/or check out a specially marked and equipped patrol bicycle.

Homeless Persons

427.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that personnel understand the needs and rights of the homeless and to establish procedures to guide officers during all contacts with the homeless, whether consensual or for enforcement purposes. The Hayward Police Department recognizes that members of the homeless community are often in need of special protection and services. The Hayward Police Department will address these needs in balance with the overall mission of this Department. Therefore, officers will consider the following when serving the homeless community.

427.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards:

427.1.2 POLICY

It is the policy of the Hayward to provide law enforcement services to all members of the community, while protecting the rights, dignity and private property of the homeless. Homelessness is not a crime and members of this Department will not use homelessness solely as a basis for detention or law enforcement action.

427.2 HOMELESS COMMUNITY LIAISON

The Chief of Police may designate members of this Department to act as the Homeless Liaison Officers. The responsibilities of the Homeless Liaison Officers include the following:

- (a) Maintain and make available to all Department employees a list of assistance programs and other resources that are available to the homeless.
- (b) Meet with social services and representatives of other organizations that render assistance to the homeless.
- (c) Maintain a list of the areas within and near this jurisdiction that are used as frequent homeless encampments.
- (d) Remain abreast of laws dealing with the removal and/or destruction of the personal property of the homeless. This will include:
 1. Proper posting of notices of trespass and clean-up operations.
 2. The Hayward Police Department, through utilization of the Homeless Liaison Officers, may facilitate property removal (prior to the clean-up) by use of local Homeless Advocacy Groups to facilitate property removal/relocation. On the date of clean-up, any remaining property will be removed as debris pursuant to established procedures, protocols and statutes.
- (e) May be present during any clean-up operation conducted by this Department involving the removal of personal property of the homeless to ensure that the rights of the homeless are not violated.

Homeless Persons

- (f) Develop training to assist officers in understanding current legal and social issues relating to the homeless.

427.3 FIELD CONTACTS

Officers are encouraged to contact the homeless for purposes of rendering aid, support and for community-oriented policing purposes. Nothing in this policy is meant to dissuade an officer from taking reasonable enforcement action when facts support a reasonable suspicion of criminal activity. However, when encountering a homeless person who has committed a non-violent misdemeanor and continued freedom is not likely to result in a continuation of the offense or a breach of the peace, officers are encouraged to consider long-term solutions to problems that may relate to the homeless, such as shelter referrals and counseling in lieu of physical arrest.

Officers should provide homeless persons with resource and assistance information whenever it is reasonably apparent that such services may be appropriate.

427.3.1 OTHER CONSIDERATIONS

Homeless members of the community will receive the same level and quality of service provided to other members of the community. The fact that a victim or witness is homeless can, however, require special considerations for a successful investigation and prosecution. Officers should consider the following when handling investigations involving homeless victims, witnesses or suspects:

- (a) Document alternate contact information. This may include obtaining addresses and phone numbers of relatives and friends.
- (b) Document places the homeless person may frequent.
- (c) Provide homeless victims with victim/witness resources when appropriate.
- (d) Obtain statements from all available witnesses in the event that a homeless victim is unavailable for a court appearance.
- (e) Consider whether the person may be a dependent adult or elder, and if so, proceed in accordance with the Senior and Disability Victimization Policy.
- (f) Arrange for transportation for investigation-related matters, such as medical exams and court appearances.
- (g) Consider whether a crime should be reported and submitted for prosecution, even when a homeless victim indicates that he/she does not desire prosecution.

427.4 PERSONAL PROPERTY

The personal property of homeless persons must not be treated differently than the property of other members of the public. Officers should use reasonable care when handling, collecting and retaining the personal property of homeless persons and should not destroy or discard the personal property of a homeless person.

When a homeless person is arrested or otherwise removed from a public place, officers should make reasonable accommodations to permit the person to lawfully secure his/her personal

Hayward Police Department

Hayward PD Policy Manual

Homeless Persons

property. Otherwise, the personal property should be collected for safekeeping. If the arrestee has more personal property than can reasonably be collected and transported by the officer, a supervisor should be consulted. The property should be photographed and measures should be taken to remove or secure the property. It will be the supervisor's responsibility to coordinate the removal and safekeeping of the property.

Officers should not conduct or assist in clean-up operations of belongings that reasonably appear to be the property of homeless persons without the prior authorization of a supervisor or the department Homeless Liaison Officer. When practicable, requests by the public for clean-up of a homeless encampment should be referred to the Homeless Liaison Officer.

Officers who encounter unattended encampments, bedding or other personal property in public areas that reasonably appears to belong to a homeless person should not remove or destroy such property and should inform the department Homeless Liaison Officer if such property appears to involve a trespass, blight to the community or is the subject of a complaint. It will be the responsibility of the Homeless Liaison Officer to address the matter in a timely fashion.

427.5 MENTAL ILLNESS AND MENTAL IMPAIRMENT

Some homeless persons may suffer from a mental illness or a mental impairment. Officers shall not detain a homeless person under a mental illness commitment unless facts and circumstances warrant such a detention (see the Crisis Intervention Incidents Policy).

When a mental illness hold is not warranted, the contacting officer should provide the homeless person with contact information for mental health assistance as appropriate. In these circumstances, officers may provide transportation to a mental health specialist if requested by the person and approved by a supervisor.

427.6 ECOLOGICAL ISSUES

Sometimes homeless encampments can impact the ecology and natural resources of the community and may involve criminal offenses beyond mere littering. Officers are encouraged to notify other appropriate agencies or Departments when a significant impact to the environment has or is likely to occur. Significant impacts to the environment may warrant a crime report, investigation, supporting photographs and supervisor notification.

Public Recording of Law Enforcement Activity

428.1 PURPOSE AND SCOPE

This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this department. In addition, this policy provides guidelines for situations where the recordings may be evidence.

428.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards:

428.2 POLICY

The Hayward Police Department recognizes the right of persons to lawfully record members of this department who are performing their official duties. Members of this department will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

Officers should exercise restraint and should not resort to highly discretionary arrests for offenses such as interference, failure to comply or disorderly conduct as a means of preventing someone from exercising the right to record members performing their official duties.

428.3 RECORDING LAW ENFORCEMENT ACTIVITY

Members of the public who wish to record law enforcement activities are limited only in certain aspects.

- a. Recordings may be made from any public place or any private property where the individual has the legal right to be present (Penal Code § 69; Penal Code § 148).
- b. Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to:
 1. Tampering with a witness or suspect.
 2. Inciting others to violate the law.
 3. Being so close to the activity as to present a clear safety hazard to the officers.
 4. Being so close to the activity as to interfere with an officer's effective communication with a suspect or witness.
- c. The individual may not present an undue safety risk to the officers, him/herself or others.

428.4 OFFICER RESPONSE

Officers should promptly request a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the

Public Recording of Law Enforcement Activity

recording may be evidence. If practicable, officers should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media.

Whenever practicable, officers or supervisors should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or behavior to be unlawful. Accompanying the warnings should be clear directions on what an individual can do to be compliant; directions should be specific enough to allow compliance. For example, rather than directing an individual to clear the area, an officer could advise the person that he/she may continue observing and recording from the sidewalk across the street.

If an arrest or other significant enforcement activity is taken as the result of a recording that interferes with law enforcement activity, officers shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued.

428.5 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the officer and:

- (a) Request any additional assistance as needed to ensure a safe environment.
- (b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.
- (c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.
- (d) Ensure that any enforcement, seizure or other actions are consistent with this policy and constitutional and state law.
- (e) Explain alternatives for individuals who wish to express concern about the conduct of Department members, such as how and where to file a complaint.

428.6 SEIZING RECORDINGS AS EVIDENCE

Officers should not seize recording devices or media unless (42 USC § 2000aa):

- (a) There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of the person.
 1. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.
- (b) There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious bodily injury or death of any person.
- (c) The person consents.

Hayward Police Department

Hayward PD Policy Manual

Public Recording of Law Enforcement Activity

1. To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner.
2. If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. The recording party should be permitted to be present while the copy is being made, if feasible. Another way to obtain the evidence is to transmit a copy of the recording from a device to a [department/office]-owned device.

Recording devices and media that are seized will be submitted within the guidelines of the Property and Evidence Policy.

428.7 REVISIONS

Enacted: November 3, 2014

Revised: February 9, 2021

Automated License Plate Readers (ALPRs)

429.1 PURPOSE AND SCOPE

Automated License Plate Reader (ALPR) technology, also known as License Plate Recognition, provides automated detection of license plates. ALPRs are used by the Hayward Police Department to convert data associated with vehicle license plates for official law enforcement purposes, including identifying stolen or wanted vehicles, stolen license plates and missing persons. ALPRs may also be used to gather information related to active warrants, homeland security, electronic surveillance, suspect interdiction and stolen property recovery.

429.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 41.3.9

429.2 ADMINISTRATION OF ALPR DATA

All installation and maintenance of ALPR equipment, as well as ALPR data retention and access shall be managed by the Support Services Division Commander. The Support Services Division Commander will assign personnel under his/her command to administer the day-to-day operation of the ALPR equipment and data.

429.2.1 ALPR ADMINISTRATOR

The Support Services Division Commander shall be responsible for developing guidelines and procedures to comply with the requirements of Civil Code § 1798.90.5 et seq. This includes, but is not limited to (Civil Code § 1798.90.51; Civil Code § 1798.90.53):

- (a) A description of the job title or other designation of the members and independent contractors who are authorized to use or access the ALPR system or to collect ALPR information.
- (b) Training requirements for authorized users.
- (c) A description of how the ALPR system will be monitored to ensure the security of the information and compliance with applicable privacy laws.
- (d) Procedures for system operators to maintain records of access in compliance with Civil Code § 1798.90.52.
- (e) The title and name of the current designee in overseeing the ALPR operation.
- (f) Working with the Custodian of Records on the retention and destruction of ALPR data.
- (g) Ensuring this policy and related procedures are conspicuously posted on the department's website.

429.3 OPERATIONS

Use of an ALPR is restricted to the purposes outlined below. [Department/Office] members shall not use, or allow others to use the equipment or database records for any unauthorized purpose (Civil Code § 1798.90.51; Civil Code § 1798.90.53).

- (a) An ALPR shall only be used for official law enforcement business.

Automated License Plate Readers (ALPRs)

- (b) An ALPR may be used in conjunction with any routine patrol operation or criminal investigation. Reasonable suspicion or probable cause is not required before using an ALPR.
- (c) While an ALPR may be used to canvass license plates around any crime scene, particular consideration should be given to using ALPR-equipped cars to canvass areas around homicides, shootings and other major incidents. Partial license plates reported during major crimes should be entered into the ALPR system in an attempt to identify suspect vehicles.
- (d) No member of this [department/office] shall operate ALPR equipment or access ALPR data without first completing [department/office]-approved training.
- (e) No ALPR operator may access [department/office], state or federal data unless otherwise authorized to do so.
- (f) If practicable, the officer should verify an ALPR response through the California Law Enforcement Telecommunications System (CLETS) before taking enforcement action that is based solely on an ALPR alert.

429.4 DATA COLLECTION AND RETENTION

The Support Services Division Commander is responsible for ensuring systems and processes are in place for the proper collection and retention of ALPR data. Data will be transferred from vehicles to the designated storage in accordance with [department/office] procedures.

All ALPR data downloaded to the server should be stored for a minimum of one year (Government Code § 34090.6) and in accordance with the established records retention schedule. Thereafter, ALPR data should be purged unless it has become, or it is reasonable to believe it will become, evidence in a criminal or civil action or is subject to a discovery request or other lawful action to produce records. In those circumstances the applicable data should be downloaded from the server onto portable media and booked into evidence.

429.5 ACCOUNTABILITY

All data will be closely safeguarded and protected by both procedural and technological means. The Hayward Police Department will observe the following safeguards regarding access to and use of stored data (Civil Code § 1798.90.51; Civil Code § 1798.90.53):

- (a) All ALPR data downloaded to the mobile workstation and in storage shall be accessible only through a login/password-protected system capable of documenting all access of information by name, date and time (Civil Code § 1798.90.52).
- (b) Members approved to access ALPR data under these guidelines are permitted to access the data for legitimate law enforcement purposes only, such as when the data relate to a specific criminal investigation or [department/office]-related civil or administrative action.

Hayward Police Department

Hayward PD Policy Manual

Automated License Plate Readers (ALPRs)

- (c) ALPR system audits should be conducted on a regular basis.

For security or data breaches, see the Records Release and Maintenance Policy.

429.6 ACCOUNTABILITY AND SAFEGUARDS

All saved data will be closely safeguarded and protected by both procedural and technological means. The Hayward Police Department will observe the following safeguards regarding access to and use of stored data:

- (a) All non-law enforcement requests for access to stored ALPR data shall be referred to the Records Administrator and processed in accordance with applicable law.

- (b) All ALPR data downloaded to the mobile workstation and server shall be accessible only through a login/password-protected system capable of documenting all access of information by name, date and time.

- (c) Persons approved to access ALPR data under these guidelines are permitted to access the data for legitimate law enforcement purposes only, such as when the data relate to a specific criminal investigation or department-related civil or administrative action.

- (d) Such ALPR data may be released to other authorized and verified law enforcement officials and agencies at any time for legitimate law enforcement purposes.

- (e) ALPR system audits should be conducted on a regular basis.

429.7 POLICY

The policy of the Hayward Police Department is to utilize ALPR technology to capture and store digital license plate data and images while recognizing the established privacy rights of the public.

All data and images gathered by the ALPR are for the official use of this department. Because such data may contain confidential information, it is not open to public review.

429.8 RELEASING ALPR DATA

The ALPR data may be shared only with other law enforcement or prosecutorial agencies for official law enforcement purposes or as otherwise permitted by law, using the following procedures:

- (a) The agency makes a written request for the ALPR data that includes:
 1. The name of the agency.
 2. The name of the person requesting.

Hayward Police Department

Hayward PD Policy Manual

Automated License Plate Readers (ALPRs)

3. The intended purpose of obtaining the information.
 - (b) The request is reviewed by the Support Services Division Commander or the authorized designee and approved before the request is fulfilled.
 - (c) The approved request is retained on file.

Requests for ALPR data by non-law enforcement or non-prosecutorial agencies will be processed as provided in the Records Maintenance and Release Policy (Civil Code § 1798.90.55).

429.9 TRAINING

The Personnel and Training Administrator should ensure that members receive department-approved training for those authorized to use or access the ALPR system (Civil Code § 1798.90.51; Civil Code § 1798.90.53).

429.10 REVISIONS

Enacted: March 31, 2015

Revised: May 23, 2016

Revised: June 21, 2021

Medical Aid and Response

430.1 PURPOSE AND SCOPE

This policy recognizes that members often encounter persons who appear to be in need of medical aid and establishes a law enforcement response to such situations.

430.2 POLICY

It is the policy of the Hayward Police Department that all officers and other designated members be trained to provide emergency medical aid and to facilitate an emergency medical response.

430.3 FIRST RESPONDING MEMBER RESPONSIBILITIES

Whenever required and practicable, members should take appropriate steps to provide initial medical aid (e.g., first aid, CPR and use of an automated external defibrillator (AED)) in accordance with their training and current certification levels. This should be done for those in need of immediate care and only when the member can safely do so.

Prior to initiating medical aid, the member should contact the Communications Center and request an appropriate response by emergency medical services (EMS).

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with departmental policy and training. Members should use a CPR barrier or mask to perform rescue breathing. Refer to the departmental Communicable Disease policy for additional information.

When requesting EMS, the member should provide the Communications Center with information to be relayed to EMS personnel in order to enable an appropriate response to include:

- (a) The location where EMS is needed.
- (b) The nature of the incident.
- (c) Any known scene hazards.
- (d) Information on the persons requiring EMS response such as gender, age, level of consciousness, prior known medical conditions, and use of drugs or alcohol.

Members should stabilize the scene whenever practicable while awaiting the arrival of EMS personnel. Members should not direct EMS personnel whether to transport the person for treatment.

430.4 TRANSPORTING ILL AND INJURED PERSONS

Except in extraordinary cases where alternatives are not reasonably available, members should not transport persons who are unconscious, who have serious injuries or who may be seriously ill. EMS personnel should be called to handle patient transportation.

Officers should search any person who is in custody before releasing that person to EMS for transport.

Hayward Police Department

Hayward PD Policy Manual

Medical Aid and Response

An officer should accompany any person in custody during transport in an ambulance when requested by EMS personnel, when it reasonably appears necessary to provide security, when it is necessary for investigative purposes, or when directed to do so by a supervisor.

430.5 PERSONS REFUSING EMS CARE

If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, an officer shall not force that person to receive care or be transported. However, members may assist EMS personnel when EMS personnel determine the person lacks mental capacity to understand the consequences of refusing medical care or to make an informed decision and the lack of immediate medical attention may result in serious bodily injury or the death of the person.

In cases where mental illness may be a factor, the officer should consider proceeding with a 72-hour treatment and evaluation commitment (5150 commitment) process in accordance with the Mental Illness Commitments Policy.

Members shall not sign refusal-for-treatment forms or forms accepting financial responsibility for treatment.

430.6 SICK OR INJURED ARRESTEE

If an arrestee appears ill or injured, or claims illness or injury, he/she should be medically cleared prior to booking. If the officer has reason to believe the arrestee is feigning injury or illness, the officer should contact a supervisor, who will determine whether medical clearance will be obtained prior to booking.

If the jail or detention facility refuses to accept custody of an arrestee based on medical screening, the officer should note the name of the facility person refusing to accept custody and the reason for refusal, and should notify a supervisor to determine the appropriate action.

Arrestees who appear to have a serious medical issue should be transported by ambulance. Officers shall not transport an arrestee to a hospital without a supervisor's approval.

Nothing in this section should delay an officer from requesting EMS when an arrestee reasonably appears to be exhibiting symptoms that appear to be life threatening, including breathing problems or an altered level of consciousness, or is claiming an illness or injury that reasonably warrants an EMS response in accordance with the officer's training.

430.7 MEDICAL ATTENTION RELATED TO USE OF FORCE

Specific guidelines for medical attention for injuries sustained from a use of force may be found in the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies.

Hayward Police Department

Hayward PD Policy Manual

Medical Aid and Response

430.8 AIR AMBULANCE

Generally, when on-scene, EMS personnel will be responsible for determining whether an air ambulance response should be requested. An air ambulance may be appropriate when there are victims with life-threatening injuries or who require specialized treatment (e.g., gunshot wounds, burns, obstetrical cases), and distance or other known delays will affect the EMS response.

The Patrol Division Commander should develop guidelines for air ambulance landings or enter into local operating agreements for the use of air ambulances, as applicable. In creating those guidelines, the Department should identify:

- Responsibility and authority for designating a landing zone and determining the size of the landing zone.
- Responsibility for securing the area and maintaining that security once the landing zone is identified.
- Consideration of the air ambulance provider's minimum standards for proximity to vertical obstructions and surface composition (e.g., dirt, gravel, pavement, concrete, grass).
- Consideration of the air ambulance provider's minimum standards for horizontal clearance from structures, fences, power poles, antennas or roadways.
- Responsibility for notifying the appropriate highway or transportation agencies if a roadway is selected as a landing zone.
- Procedures for ground personnel to communicate with flight personnel during the operation.

One department member at the scene should be designated as the air ambulance communications contact. Headlights, spotlights and flashlights should not be aimed upward at the air ambulance. Members should direct vehicle and pedestrian traffic away from the landing zone.

Members should follow these cautions when near an air ambulance:

- Never approach the aircraft until signaled by the flight crew.
- Always approach the aircraft from the front.
- Avoid the aircraft's tail rotor area.
- Wear eye protection during landing and take-off.
- Do not carry or hold items, such as IV bags, above the head.
- Ensure that no one smokes near the aircraft.

430.9 AUTOMATED EXTERNAL DEFIBRILLATOR (AED) USE

A member may use an AED only after receiving appropriate training from an approved public safety first aid and CPR course (22 CCR 100014; 22 CCR 100017; 22 CCR 100018).

Hayward Police Department

Hayward PD Policy Manual

Medical Aid and Response

430.9.1 AED USER RESPONSIBILITY

Supervisors who are issued AEDs should check the AED at the beginning of the shift to ensure it is charged and functioning. The case should be checked for damage and the charge light should be blinking green. Any AED that is not functioning properly will be taken out of service and given to the Personnel and Training Administrator who is responsible for ensuring appropriate maintenance.

Any officer who is provided an AED by a supervisor should check that it is charged and functioning if circumstances allow.

Following use of an AED, the device shall be cleaned and/or decontaminated as required. The electrodes and/or pads will be replaced as recommended by the AED manufacturer and the device placed back into service.

430.9.2 AED REPORTING

Any member using an AED will complete an incident report detailing its use. A copy of the report should be forwarded to the local EMS authority (LEMSA).

430.9.3 AED TRAINING AND MAINTENANCE

The Personnel and Training Administrator should ensure appropriate training and refresher training is provided to members authorized to use an AED. A list of authorized members and training records shall be made available for inspection by the local EMS agency (LEMSA) or EMS authority upon request (22 CCR 100021; 22 CCR 100022; 22 CCR 100029).

The Personnel and Training Administrator is responsible for ensuring AED devices are appropriately maintained and will retain records of all maintenance in accordance with the established records retention schedule (22 CCR 100021).

430.10 ADMINISTRATION OF OPIOID OVERDOSE MEDICATION

Trained members may administer opioid overdose medication (Civil Code § 1714.22; Business and Professions Code § 4119.9).

430.10.1 OPIOID OVERDOSE MEDICATION USER RESPONSIBILITIES

Members who are qualified to administer opioid overdose medication, such as naloxone, should handle, store and administer the medication consistent with their training. Members should check the medication and associated administration equipment at the beginning of their shift to ensure they are serviceable and not expired. Any expired medication or unserviceable administration equipment should be removed from service and given to the Personnel and Training Administrator.

Any member who administers an opioid overdose medication should contact the Communications Center as soon as possible and request response by EMS.

430.10.2 OPIOID OVERDOSE MEDICATION REPORTING

Any member administering opioid overdose medication should detail its use in an appropriate report.

Hayward Police Department

Hayward PD Policy Manual

Medical Aid and Response

The Personnel and Training Administrator will ensure that the Records Administrator is provided enough information to meet applicable state reporting requirements.

430.10.3 OPIOID OVERDOSE MEDICATION TRAINING

430.10.4 OPIOID OVERDOSE MEDICATION USER RESPONSIBILITIES

Members who are qualified to administer opioid overdose medication, such as Naloxone, should handle, store and administer the medication consistent with their training. Members should check the medication case at the beginning of their shift to ensure it is serviceable and the seal is unbroken. Any medication case with a broken seal or otherwise determined to be unserviceable should be removed from service and returned to the Personnel and Training Administrator.

Insulated cases containing the medication and administration equipment shall not be left in patrol cars between shifts and shall be returned to their designated temperature-controlled storage area. They shall not be stored in the trunks of vehicles at any time to avoid heat damage to the medication.

Any member who administers an opioid overdose medication should contact the Communications Center as soon as possible and request response by EMS. This should be done prior to administering the opioid overdose medication if circumstances allow.

430.10.5 OPIOID OVERDOSE MEDICATION REPORTING

Any member administering opioid overdose medication should detail its use in an appropriate Case Report.

The approving supervisor will ensure that the case report contains enough information to meet applicable state reporting requirements. A copy of the report should be routed to the LEMSA. At a minimum, the case report shall contain the following:

- (a) The name and date of birth of the subject receiving the medication.
- (b) Location of the incident.
- (c) Indications noted by the officer for use of the medication.
- (d) The dose given and time of medication administration.
- (e) Subject's response to the medication administration.
- (f) Disposition of the subject, if he/she was transported to a hospital for treatment or if death was determined in the field. If death is determined in the field, then document the coroner's case number.

430.10.9 OPIOID OVERDOSE MEDICATION RECORD MANAGEMENT

Records regarding acquisition and disposition of opioid overdose medications shall be maintained and retained in accordance with the established records retention schedule and at a minimum of three years from the date the record was created (Business and Professions Code § 4119.9).

430.11 ADMINISTRATION OF EPINEPHRINE AUTO-INJECTORS

The Department does not use epinephrine.

Trained employees who possess certification may administer an epinephrine auto-injector for suspected anaphylaxis (Health and Safety Code 1797.197a(b);22 CCR 100019).

430.11.1 EPINEPHRINE USER RESPONSIBILITIES

Members should handle, store and administer epinephrine auto-injectors consistent with their training and the Department operations plan. Members should check the auto-injectors at the beginning of their shift to ensure the medication is not expired. Any expired medication should be removed from service in accordance with the Department Operations Plan.

Any member who administers an epinephrine auto-injector medication should contact the Communications Center as soon as possible and request response by EMS (Health and Safety Code § 1797.197a(b)).

Revised: February 11, 2019

Revised: June 7, 2020

Chapter 5 - Traffic Operations

Traffic Function and Responsibility

500.1 PURPOSE AND SCOPE

The ultimate goal of traffic law enforcement is to reduce traffic collisions. This may be achieved through the application of such techniques as geographic/temporal assignment of personnel and equipment and the establishment of preventive patrols to deal with specific categories of unlawful driving behavior. Traffic enforcement techniques are based on accident data, enforcement activity records, traffic volume, and traffic conditions. This department provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in accident situations, but also in terms of traffic-related needs.

Hayward Police Department traffic law enforcement practices will include:

- Visible traffic patrol, whether area, line, or directed;
- Stationary observation, covert and overt;
- Use of roadside safety checks (checkpoints)

The use of unmarked or unconventional vehicles solely for traffic law enforcement is prohibited by California Vehicle Code § 40800.

500.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 61.1.1, 61.1.2, 61.1.3, 61.1.4, 61.1.5, 61.1.6, 61.1.8, 61.1.12, 61.3.1, 61.4.2, 82.3.3

500.2 TRAFFIC OFFICER DEPLOYMENT

Several factors are considered in the development of deployment schedules for officers of the Hayward Police Department. Information provided by the California Statewide Integrated Traffic Reporting System (SWITRS) is a valuable resource for the compilation and review of traffic accident occurrences and therefore officer deployment. Some of the factors for analysis include:

- Location
- Time
- Day
- Violation factors

All officers assigned to patrol or traffic enforcement functions will emphasize enforcement of accident causing violations during high accident hours and at locations of occurrence. All officers will take directed enforcement action on request, and random enforcement action when appropriate against violators as a matter of routine. All officers shall maintain high visibility while working general enforcement, especially at high accident locations.

Other factors to be considered for deployment are citizen requests, construction zones or special events.

Hayward Police Department

Hayward PD Policy Manual

Traffic Function and Responsibility

500.2.1 UNMARKED CARS

California Vehicle Code § 40800 prohibits the use of unmarked cars solely for the purpose of traffic enforcement.

500.2.2 CHECKPOINTS

Department members engaged in the planning and operation of checkpoints for the purpose of driving under the influence or driver's license enforcement and education shall plan and conduct such checkpoints in accordance to the established procedures.

500.2.3 TRAFFIC RECORDS

The data used to deploy traffic officers may include data stored in the Records Management System regarding traffic collision data, traffic enforcement data and roadway hazard information. The Traffic Supervisor is responsible to coordinate data distribution.

500.2.4 TRAFFIC COMPLAINT AND DATA REVIEW PROCESS

The traffic sergeant will establish a procedure for responding to traffic complaints and coordinate efforts with public works engineers. The procedure will include the collection and examination of roadway traffic data (speed, volume, time of day) and the accident data to determine the responses to complaints.

The traffic sergeant will ensure that a report is compiled, at minimum annually, that includes:

- (a) Traffic collision data;
- (b) Traffic enforcement activities;
- (c) Traffic complaints;
- (d) Analysis of enforcement activities and collisions, by location and primary collision factor to evaluate the efficacy of traffic enforcement activities.

500.3 ENFORCEMENT

Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This Department does not establish ticket quotas and the number of arrests or citations issued by any officer shall not be used as the sole criterion for evaluating officer overall performance (Vehicle Code § 41603). The visibility and quality of an officer's work effort will be commensurate with the philosophy of this policy. Several methods are effective in the reduction of collisions:

500.3.1 WARNINGS

Warnings or other non-punitive enforcement actions should be considered in each situation and substituted for arrests or citations when circumstances warrant, especially in the case of inadvertent violations.

Hayward Police Department

Hayward PD Policy Manual

Traffic Function and Responsibility

500.3.2 CITATIONS

Citations may be issued when an officer believes it is appropriate. It is essential that officers fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Officers should provide the following information at a minimum:

- (a) Explanation of the violation or charge.
- (b) Court appearance procedure including the optional or mandatory appearance by the motorist.
- (c) Notice of whether the motorist can enter a plea and pay the fine by mail or at the court.

500.3.3 PHYSICAL ARREST

Physical arrest can be made on a number of criminal traffic offenses outlined in the Vehicle Code or Penal Code. These physical arrest cases usually deal with, but are not limited to:

- (a) Vehicular manslaughter.
- (b) Felony and misdemeanor driving under the influence of alcohol/drugs.
- (c) Felony or misdemeanor hit-and-run.
- (d) Refusal to sign notice to appear.
- (e) Any other misdemeanor at the discretion of the officer, such as reckless driving with extenuating circumstances.

500.3.4 HANDLING SPECIAL CIRCUMSTANCE - TRAFFIC LAW VIOLATIONS

Foreign Diplomats/Consular Officials will be dealt with in accordance with the Arrest or Detention of Foreign Nationals policy. Nonresident violators, members of the legislature and military personnel will be processed in the same manner as a private citizen.

Juvenile violators are processed in the same manner as adult violators.

500.3.5 UNIFORM ENFORCEMENT GUIDELINES

Officers should take enforcement action when serious violations are observed or reported. It is the intention of the Hayward Police Department to take maximum enforcement action when a threat to life and public safety are involved. The following violations are examples of serious:

- Violations involving drug/alcohol impairment
- Drivers with a suspended or revoked license
- Serious speed violations resulting in added danger to the public
- Other hazardous violations including but not limited to reckless driving and speed contests
- Multiple violations
- Violations resulting in traffic collisions

Traffic Function and Responsibility

Officers observing less serious violations are encouraged to take appropriate action. Officers should use discretion in determining enforcement action for things such as:

- Offroad vehicle violations
- Equipment violations
- Public carrier and commercial violations
- Other nonhazardous violations
- Newly enacted laws and/or regulations
- Pedestrian and bicycle violations

500.4 SUSPENDED OR REVOKED DRIVERS LICENSES

If an officer contacts a traffic violator for driving on a suspended or revoked license, the officer may issue a traffic citation pursuant to Vehicle Code § 14601.

If a computer check of a traffic violator's license status reveals a suspended or revoked driver license and the traffic violator still has his or her license in possession, the license shall be seized by the officer. The officer shall verbally advise the traffic violator of the suspension or revocation and issue the citation. The officer will be responsible for filling out the Verbal Notice form (DMV form DL-310) and causing that form and license to be forwarded to the Department of Motor Vehicles.

500.4.1 REQUEST FOR RE-EXAMINATION OF A DRIVER

Routine traffic enforcement and collision investigation activities frequently lead to the discovery of drivers who have suspected incompetency, physical or mental disabilities, or other conditions that might interfere with their ability to safely operate a motor vehicle. Officers finding these circumstances may consider completing DMV form DS 427 Notice of Priority Reexamination of Driver and Request for Regular Reexamination of Driver. The DS 427 form shall be completed in conformance with the instructions contained on the form and submitted pursuant to the instructions on the form.

500.5 HIGH-VISIBILITY VESTS

The Department has provided American National Standards Institute (ANSI) Class II high-visibility vests to increase the visibility of department members who may be exposed to hazards presented by passing traffic, maneuvering or operating vehicles, machinery and equipment (23 CFR 655.601; 8 CCR 1598).

Although intended primarily for use while performing traffic related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the member.

500.5.1 REQUIRED USE

Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn at any time it is anticipated that an employee will be

Hayward Police Department

Hayward PD Policy Manual

Traffic Function and Responsibility

exposed to the hazards of approaching traffic or construction and recovery equipment. Examples of when high-visibility vests should be worn include traffic control duties, accident investigations, lane closures and while at disaster scenes, or anytime high visibility is desirable. When emergency conditions preclude the immediate donning of the vest, officers should retrieve and wear the vest as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.

Vests maintained in the investigation units may be used any time a plainclothes officer might benefit from being readily identified as a member of law enforcement.

500.5.2 CARE AND STORAGE OF HIGH-VISIBILITY VESTS

High-visibility vests shall be maintained in the trunk of each patrol and investigation unit, in the side box of each police motorcycle and in the saddlebag or gear bag of each police bicycle. Each vest should be stored inside the re-sealable plastic bag provided to protect and maintain the vest in a serviceable condition. Before going into service each employee shall ensure a serviceable high-visibility vest is properly stored.

A supply of high-visibility vests will be maintained in the equipment room for replacement of damaged or unserviceable vests. The Personnel and Training Administrator should be promptly notified whenever the supply of vests in the equipment room needs replenishing.

500.6 ROADWAY HAZARDS AND OBSTRUCTIONS

Roadway and roadside hazards are contributing factors in many collisions. Officers should make efforts to remove hazards or warn motorists when it can be accomplished in a safe manner and with available resources.

In cases where traffic signals become inoperative, it is the general policy of this Department not to intervene. However, if a traffic signal outage is localized, officers should contact Dispatch to schedule an appropriate repair technician and/or request temporary signage.

500.7 TRAFFIC COMMITTEE

The Traffic Committee is comprised of members of the Department's Traffic Bureau, Community Policing Division, and City of Hayward Traffic Engineering Department. The committee is chaired by the Chief of Police or his designee. This body meets regularly to discuss:

- (a) The handling or referring of complaints or suggestions concerning traffic engineering deficiencies; and
- (b) Procedures for transmitting collision and enforcement data to local or regional traffic engineering authorities.

Department members who become aware of traffic issues, design problems, or ideas for improving traffic conditions are encouraged to pass the information on to the Traffic Sergeant or forward details to the Traffic Clerk for inclusion on the Traffic Committee Agenda.

Hayward Police Department

Hayward PD Policy Manual

Traffic Function and Responsibility

The Traffic Safety Committee is the formal forum to insure proper action is taken to investigate traffic complaints, correct traffic deficiencies and enhance the working relationship between public safety and traffic engineering. In addition to this committee, the traffic unit is expected to coordinate regularly with engineering and ensure that the necessary data is shared.

Vehicle Towing and Release

502.1 PURPOSE AND SCOPE

This policy provides the procedures for towing a vehicle by or at the direction of the Hayward Police Department. Nothing in this policy shall require the Department to tow a vehicle.

502.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 1.2.4, 61.2.2, 61.2.3, 61.4.3

502.2 STORAGE AND IMPOUNDS

The responsibilities of those employees towing, storing or impounding a vehicle are listed below.

502.2.1 VEHICLE STORAGE REPORT

[Department/Office] members requesting towing, storage or impound of a vehicle shall complete CHP Form 180 and accurately record the mileage and a description of property within the vehicle (Vehicle Code § 22850). A copy of the storage report should to be given to the tow truck operator and the original shall be submitted to the Records Bureau as soon as practicable after the vehicle is stored.

502.2.2 REMOVAL FROM TRAFFIC COLLISION SCENES

When a vehicle has been involved in a traffic collision and must be removed from the scene, the officer shall have the driver select a towing company, if possible, and shall relay the request for the specified towing company to the dispatcher. When there is no preferred company requested, a company will be selected from the rotational list of towing companies in the Communications Center.

If the owner is incapacitated, or for any reason it is necessary for the Department to assume responsibility for a vehicle involved in a collision, the officer shall request the dispatcher to call one of the official rotational towing companies for the City of Hayward Police Department. The officer will then store the vehicle using a CHP Form 180.

502.2.3 STORAGE AT ARREST SCENES

Whenever a person in charge or in control of a vehicle is arrested, it is the policy of this Department to provide reasonable safekeeping by storing the arrestee's vehicle subject to the exceptions described below. The vehicle, however, shall be stored whenever it is needed for the furtherance of the investigation or prosecution of the case, or when the community caretaker doctrine would reasonably suggest that the vehicle should be stored (e.g., traffic hazard, high crime area).

The following are examples of situations where consideration should be given to leaving a vehicle at the scene in lieu of storing, provided the vehicle can be lawfully parked and left in a reasonably secured and safe condition:

- Traffic related warrant arrest.

Hayward Police Department

Hayward PD Policy Manual

Vehicle Towing and Release

- Situations where the vehicle was not used to further the offense for which the driver was arrested.
- Whenever the licensed owner of the vehicle is present, willing, and able to take control of any vehicle not involved in criminal activity.
- Whenever the vehicle otherwise does not need to be stored and the owner requests that it be left at the scene. In such cases the owner shall be informed that the Department will not be responsible for theft or damages.

502.2.4 IMPOUNDMENT AT SOBRIETY CHECKPOINTS

Whenever a driver is stopped at a sobriety checkpoint and the only violation is that the operator is driving without a valid driver's license, the officer shall make a reasonable attempt to identify the registered owner of the vehicle (Vehicle Code § 2814.2). The officer shall release the vehicle to the registered owner if the person is a licensed driver, or to another licensed driver authorized by the registered owner, provided the vehicle is claimed prior to the conclusion of the checkpoint operation.

If the vehicle is released at the checkpoint, the officer shall list on his/her copy of the notice to appear the name and driver's license number of the person to whom the vehicle is released.

When a vehicle cannot be released at the checkpoint, it shall be towed (Vehicle Code § 22651(p)). When a vehicle is removed at the checkpoint, it shall be released during the normal business hours of the storage facility to the registered owner or his/her agent upon presentation of a valid driver's license and current vehicle registration.

502.2.5 UNLICENSED AND SUSPENDED/REVOKED LICENSE DRIVERS

The Hayward Police Departments approach to dealing with individuals driving without a valid driver license or driving on a suspended driver license is consistent with the Department's overall priorities of reducing crime and victimization as well as improving traffic safety.

Therefore, when a driver is found to be unlicensed or driving on a suspended/ revoked license, or is identified as being the driver at the scene of a collision, and the officer determines that a tow is warranted, the tow authority options shall be Vehicle Code § 22651(p) or 14602.6(a).

Nothing in this policy mandates that an officer tow or impound a vehicle when it is determined that the offender was driving on a suspended license or while unlicensed. There are circumstances where it would be more appropriate to allow the offender to park and secure his vehicle in order to later facilitate the movement of the vehicle by a licensed driver. If an officer decides not to tow or impound a vehicle and there are no "Community Care Taking" concerns, the officer may leave the vehicle at the scene after the liability waiver has been signed.

502.2.6 DRIVING A NON-CITY VEHICLE

Vehicles which have been towed by or at the direction of the Department should not be driven by police personnel unless it is necessary to move a vehicle a short distance to eliminate a hazard, prevent the obstruction of a fire hydrant or to comply with posted signs.

Hayward Police Department

Hayward PD Policy Manual

Vehicle Towing and Release

502.2.7 DISPATCHER'S RESPONSIBILITIES

Upon receiving a request for towing, the dispatcher shall promptly telephone the specified authorized towing service. The officer shall be advised when the request has been made and the towing service has been dispatched.

When there is no preferred company requested, the dispatcher shall call the next firm in rotation from the list of approved towing companies and shall make appropriate entries on that form to ensure the following firm is called on the next request.

502.2.8 RECORDS BUREAU RESPONSIBILITY

Dispatch personnel shall promptly enter pertinent data from the completed storage form (CHP Form 180) into the Stolen Vehicle System and return the form to the Watch Commander for approval (Vehicle Code § 22651.5(b); Vehicle Code § 22851.3(b); Vehicle Code § 22854.5).

Approved storage forms shall be promptly placed into the auto-file so that they are immediately available for release or review should inquiries be made.

Within 48 hours, excluding weekends and holidays, of the storage of any such vehicle it shall be the responsibility of the Records Bureau to determine the names and addresses of any individuals having an interest in the vehicle through DMV or CLETS computers. Notice shall be sent to all such individuals by first-class mail (Vehicle Code § 22851.3(d); Vehicle Code § 22852(a); Vehicle Code § 14602.6(a)(2)). The notice shall include the following (Vehicle Code § 22852(b)):

- (a) The name, address, and telephone number of this Department.
- (b) The location of the place of storage and description of the vehicle, which shall include, if available, the name or make, the manufacturer, the license plate number, and the mileage.
- (c) The authority and purpose for the removal of the vehicle.
- (d) A statement that, in order to receive their post-storage hearing, the owners, or their agents, shall request the hearing in person, writing, or by telephone within 10 days of the date appearing on the notice.

502.3 TOWING SERVICES

The City of Hayward Police Department periodically selects a list of firms to act as the official tow service and awards a contract to those firms. Those firms will be used in the following situations:

- (a) When it is necessary to safeguard a vehicle due to the inability of the owner or operator to take the required action.
- (b) When a vehicle is being held as evidence in connection with an investigation.
- (c) When it is otherwise necessary to store a motor vehicle. This would include situations involving the recovery of stolen or abandoned vehicles, and the removal from the streets of vehicles obstructing traffic in violation of state or local regulations.

502.4 VEHICLE INVENTORY

All property in a stored or impounded vehicle shall be inventoried and listed on the vehicle storage form. This includes the trunk and any compartments or containers, even if closed and/or locked. Members conducting inventory searches should be as thorough and accurate as practical in preparing an itemized inventory. These inventory procedures are for the purpose of protecting an owner's property while in police custody, to provide for the safety of officers, and to protect the Department against fraudulent claims of lost, stolen, or damaged property.

502.5 SECURITY OF VEHICLES AND PROPERTY

Unless it would cause an unreasonable delay in the completion of a vehicle impound/storage or create an issue of officer safety, officers should make reasonable accommodations to permit a driver/owner to retrieve small items of value or personal need (e.g., cash, jewelry, cell phone, prescriptions) that are not considered evidence or contraband.

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft, or damage, personnel conducting the search shall take such steps as are reasonably necessary to secure and/or preserve the vehicle or property from such hazards.

502.6 RELEASE OF VEHICLE

The [Department/Office] will maintain a listed, 24-hour telephone number to provide information regarding impoundment of vehicles and the right of the registered owner to request a storage hearing. Releases for towed vehicles will be made available during regular, non-emergency business hours (Vehicle Code § 14602.6).

- (a) Vehicles removed pursuant to Vehicle Code § 22850 shall be released after proof of current registration is provided by the owner or the person in control of the vehicle and after all applicable fees are paid (Vehicle Code § 22850.3; Vehicle Code § 22850.5).
- (b) Vehicles removed that require payment of parking fines or proof of valid driver's license shall only be released upon presentation of proof of compliance, proof of payment, completion of affidavit, and payment of applicable fees related to the removal (Vehicle Code § 22651 et seq., Vehicle Code § 22652 et seq., Vehicle Code § 22850.3; Vehicle Code § 22850.5).
- (c) A vehicle removed pursuant to Vehicle Code § 14602.6(a) shall be released to the registered owner or his/her agent with proof of current registration, proof of a valid driver's license, and applicable fees paid prior to the end of the 30-day impoundment period under any of the following circumstances:
 1. The vehicle was stolen.
 2. If the driver reinstates his/her driver's license or acquires a license and provides proof of proper insurance.
 3. Any other circumstance as set forth in Vehicle Code § 14602.6.
 4. When there is no remaining community caretaking need to continue impound of the vehicle or the continued impound would not otherwise comply with the Fourth Amendment.

Hayward Police Department

Hayward PD Policy Manual

Vehicle Towing and Release

- (d) An autonomous vehicle removed under authority of Vehicle Code § 22651(o)(1)(D) shall be released to the registered owner or person in control of the autonomous vehicle if the requirements of Vehicle Code § 22651(o)(3)(B) are met.

Personnel whose duties include releasing towed vehicles should consult the Vehicle Code under which the vehicle was towed or impounded for any specific requirements prior to release.

Employees who suspect that a vehicle was impounded in error should promptly advise a supervisor. Supervisors should approve, when appropriate, the release of the vehicle without requiring the registered owner or his/her agent to request a hearing, as described in the Vehicle Impound Hearings Policy.

502.7 TOWING FROM PUBLIC AND PRIVATE PROPERTY

Removal and towing of vehicles from public and private property shall follow all California Vehicle Code requirements. Questions regarding the legality of towing a vehicle should be directed to a Traffic Bureau member or a sworn supervisor.

Vehicle Impound Hearings

503.1 PURPOSE AND SCOPE

This policy establishes a procedure for the requirement to provide vehicle storage or impound hearings pursuant to Vehicle Code § 22852.

503.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 61.4.3

503.2 STORED OR IMPOUND HEARING

When a vehicle is stored or impounded by any member of the Hayward Police Department, a hearing will be conducted upon the request of the registered or legal owner of the vehicle or his/her agent (Vehicle Code § 22650(a); Vehicle Code § 22852(a)).

The hearing shall be conducted within 48 hours of the request, excluding weekends and holidays. The hearing officer must be a person other than the person who directed the storage or impound of the vehicle (Vehicle Code § 22852(c)).

503.2.1 HEARING PROCEDURES

The vehicle storage hearing is an informal process to evaluate the validity of an order to store or impound a vehicle. The employee who caused the storage or removal of the vehicle does not need to be present for this hearing.

All requests for a hearing on a stored or impounded vehicle shall be submitted in person, in writing or by telephone within 10 days of the date appearing on the notice (Vehicle Code § 22852(b)). The Traffic Sergeant will generally serve as the hearing officer. The person requesting the hearing may record the hearing at his/her own expense.

The failure of either the registered or legal owner or interested person or his/her agent to request a hearing in a timely manner or to attend a scheduled hearing shall be considered a waiver of and satisfaction of the post-storage hearing requirement (Vehicle Code § 22851.3(e)(2); Vehicle Code § 22852(d)).

Any relevant evidence may be submitted and reviewed by the hearing officer to determine if reasonable grounds have been established for the storage or impound of the vehicle. The initial burden of proof established by a preponderance of the evidence that the storage/impound was based on probable cause rests with the Department.

After consideration of all information, the hearing officer shall determine the validity of the storage or impound of the vehicle in question and then render a decision.

(a) If a decision is made that reasonable grounds for storage or impound have been established, the hearing officer shall advise the inquiring party of the decision and that the inquiring party may pursue further civil remedies if desired. If mitigating circumstances are found to be relevant, the

Hayward Police Department

Hayward PD Policy Manual

Vehicle Impound Hearings

hearing officer shall make reasonable adjustments to the impound period, storage or assessment of fees as warranted.

(b) If a decision is made that reasonable grounds for storage or impound have not been established or sufficient mitigating circumstances exist, the vehicle in storage shall be released immediately. Towing and storage fees will be paid at the Department's expense (Vehicle Code § 22852(e)).

(c) If a decision is made that reasonable grounds for storage have not been established or sufficient mitigating circumstances exist, and the vehicle has been released with fees having been paid, the receipt for such fees will be forwarded with a letter to the appropriate Division Commander. The hearing officer will recommend to the appropriate Division Commander that the fees paid by the registered or legal owner of the vehicle in question or their agent be reimbursed by the Department.

Driving Under the Influence Enforcement Programs

504.1 PURPOSE AND SCOPE

Due to the major impact on society of driving under the influence of drugs or alcohol, the Hayward Police Department will participate and promote programs to combat drivers under the influence and make efforts to effectively deploy officers to combat this problem.

504.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 61.1.10, 61.1.11

504.2 DUI ENFORCEMENT GENERAL

Patrol and traffic officers should always be vigilant to locate and arrest drivers who are intoxicated. Watch Commanders and patrol supervisors should ensure that DUI enforcement is held in high priority in their operations.

The Traffic Supervisor is responsible to ensure efforts are made to field the appropriate resource during times of increased DUI occurrence (certain holidays), and in areas where analysis has shown a significant number of violations or DUI related collisions have occurred.

504.3 STATE AND REGIONAL DUI EFFORTS

Hayward Police Department will, when possible, participate in state and regional efforts to combat DUI including:

- California Office of Traffic Safety Grant Programs, i.e.: OTS DUI Mini-Grant administered by Berkeley Traffic Safety Center
- County wide Grant Programs, i.e.: Avoid the 21
- Ad hoc interagency efforts

The Traffic Bureau Supervisor is responsible for coordinating these efforts.

504.4 DUI PROCEDURES

The legal authority for arrest and to enforce DUI laws is contained in the California Vehicle Code , Division 11, Chapter 12, Articles 1 and 2 and specified other sections. Officers are responsible to be familiar with and follow the DUI laws as contained in the California Vehicle Code and the guidelines in the Impaired Driving and Evidence Collection policy.

Enacted: July 8, 2009

Revised: May 23, 2016

Impaired Driving and Evidence Collection

505.1 PURPOSE AND SCOPE

This policy provides guidance to those department members who play a role in the detection and investigation of driving under the influence (DUI).

505.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 61.1.11, 61.2.2, 71.5.1

505.2 POLICY

The Hayward Police Department is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of California's impaired driving laws.

505.3 INVESTIGATIONS

Officers should not enforce DUI laws to the exclusion of their other duties unless specifically assigned to DUI enforcement. All officers are expected to enforce these laws with due diligence.

505.4 FIELD TESTS

The Traffic Sergeant should identify the primary field sobriety tests (FSTs) and any approved alternate tests for officers to use when investigating violations of DUI laws.

505.5 CHEMICAL TESTS

A person is deemed to have consented to a chemical test or tests under any of the following (Vehicle Code § 23612):

- (a) The person is arrested for driving a vehicle while under the influence, pursuant to Vehicle Code § 23152.
- (b) The person is under 21 years of age and is arrested by an officer having reasonable cause to believe that the person's blood alcohol content is 0.05 or more (Vehicle Code § 23140).
- (c) The person is under 21 years of age and detained by an officer having reasonable cause to believe that the person was driving a vehicle while having a blood alcohol content of 0.01 or more (Vehicle Code § 23136).
- (d) The person was operating a vehicle while under the influence and proximately caused bodily injury to another person (Vehicle Code § 23153).
- (e) The person is dead, unconscious or otherwise in a condition that renders him/her incapable of refusal (Vehicle Code § 23612(a)(5)).

505.5.1 CHOICE OF TESTS

A person arrested for DUI has the choice of whether the test is of his/her blood or breath, and the officer shall advise the person that he/she has that choice. If the person arrested either is

Impaired Driving and Evidence Collection

incapable, or states that he/she is incapable, of completing the chosen test, the person shall submit to the remaining test.

If the person chooses to submit to a breath test and there is reasonable cause to believe that the person is under the influence of a drug or the combined influence of alcohol and any drug, the officer may also request that the person submit to a blood test. If the person is incapable of completing a blood test, the person shall submit to and complete a urine test (Vehicle Code § 23612(a)(2)(C)).

505.5.2 BREATH TEST

The Traffic Bureau Supervisor should ensure that all devices used for the collection and analysis of breath samples are properly serviced and tested and that a record of such service and testing is properly maintained.

Officers obtaining a breath sample should monitor the device for any sign of malfunction. Any anomalies or equipment failures should be noted in the appropriate report and promptly reported to the Traffic Bureau Supervisor.

When the arrested person chooses a breath test, the handling officer shall advise the person that the breath-testing equipment does not retain a sample, and the person may, if desired, provide a blood or urine specimen, which will be retained to facilitate subsequent verification testing (Vehicle Code § 23614).

The officer should also require the person to submit to a blood test if the officer has a clear indication that a blood test will reveal evidence of any drug or the combined influence of an alcoholic beverage and any drug. Evidence of the officer's belief shall be included in the officer's report (Vehicle Code § 23612(a)(2)(C)).

505.5.3 BLOOD TEST

Only persons authorized by law to withdraw blood shall collect blood samples (Vehicle Code § 23158). The withdrawal of the blood sample should be witnessed by the assigned officer. No officer, even if properly certified, should conduct the blood withdrawal.

Officers should inform an arrestee that if he/she chooses to provide a blood sample, a separate sample can be drawn for alternate testing. Unless medical personnel object, two samples should be drawn and retained as evidence, so long as only one puncture is required.

If an arrestee cannot submit to a blood test because he/she is a hemophiliac or is using an anticoagulant, he/she shall not be required to take a blood test. Such inability to take a blood test should not be treated as a refusal. However, the person may be required to complete another available and viable test.

505.5.4 URINE TEST

If a urine test will be performed, the person should be promptly transported to the appropriate testing site. The officer shall follow any directions accompanying the urine evidence collection kit.

Impaired Driving and Evidence Collection

Urine samples shall be collected and witnessed by an officer or jail staff of the same sex as the person giving the sample. The person tested should be allowed sufficient privacy to maintain his/her dignity, to the extent possible, while still ensuring the accuracy of the specimen (Vehicle Code § 23158(i)).

The collection kit shall be marked with the person's name, offense, Hayward Police Department case number and the name of the witnessing officer. The collection kit should be refrigerated pending transportation for testing.

505.6 REFUSALS

When a person refuses to provide a viable chemical sample, officers should:

- (a) Advise the person of the requirement to provide a sample (Vehicle Code § 23612).
- (b) Audio-record the admonishment and the response if practicable.
- (c) Document the refusal in the appropriate report.

Upon refusal to submit to a chemical test as required by law, officers shall personally serve the notice of order of suspension upon the person and take possession of any state-issued license to operate a motor vehicle that is held by that person (Vehicle Code § 23612(e); Vehicle Code § 23612(f)).

505.6.1 BLOOD SAMPLE WITHOUT CONSENT

A blood sample may be obtained from a person who refuses a chemical test when any of the following conditions exist:

- (a) A search warrant has been obtained (Penal Code § 1524); or
- (b) The officer can articulate that exigent circumstances exist. Exigency does not exist solely because of the short time period associated with the natural dissipation of alcohol in the person's blood stream. Exigency can be established by the existence of special facts such as a lengthy delay in obtaining a blood sample due to an accident investigation or medical treatment of the person.

505.6.2 FORCED BLOOD SAMPLE

If a person indicates by word or action that he/she will physically resist a blood draw, the officer should request a supervisor to respond.

The responding supervisor should:

- (a) Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.
- (b) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes a viable form of testing in a timely manner.
- (c) Advise the person of his/her duty to provide a sample (even if this advisement was previously done by another officer) and attempt to persuade the person to submit to

Hayward Police Department

Hayward PD Policy Manual

Impaired Driving and Evidence Collection

such a sample without physical resistance. This dialogue should be recorded on audio and/or video if practicable.

- (d) Ensure that the withdrawal is taken in a medically approved manner.
- (e) Ensure the forced withdrawal is recorded on audio and/or video when practicable.
- (f) Monitor and ensure that the type and level of force applied is reasonable under the circumstances:
 - 1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.
 - 2. In misdemeanor cases, if the suspect becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.
 - 3. In felony cases, force which reasonably appears necessary to overcome the resistance to the blood being withdrawn may be permitted.
- (g) Ensure the use of force and methods used to accomplish the blood sample draw are documented in the related report.

If a supervisor is unavailable, officers are expected to use sound judgment and perform as a responding supervisor, as set forth above.

505.7 ARREST AND INVESTIGATION

505.7.1 WARRANTLESS ARREST

In addition to the arrest authority granted to officers pursuant to Penal Code § 836, an officer may make a warrantless arrest of a person that the officer has reasonable cause to believe has been driving under the influence of an alcoholic beverage or any drug, or under the combined influence of the same when (Vehicle Code § 40300.5):

- (a) The person is involved in a traffic accident.
- (b) The person is observed in or about a vehicle that is obstructing the roadway.
- (c) The person will not be apprehended unless immediately arrested.
- (d) The person may cause injury to him/herself or damage property unless immediately arrested.
- (e) The person may destroy or conceal evidence of a crime unless immediately arrested.

505.7.2 STATUTORY WARNING

An officer requesting that a person submit to chemical testing shall provide the person with the mandatory warning pursuant to Vehicle Code § 23612(a)(1)(D) and Vehicle Code § 23612(a)(4).

505.7.3 PRELIMINARY ALCOHOL SCREENING

Officers may use a preliminary alcohol screening (PAS) test to assist in establishing reasonable cause to believe a person is DUI. The officer shall advise the person that the PAS test is being

Hayward Police Department

Hayward PD Policy Manual

Impaired Driving and Evidence Collection

requested to assist in determining whether the person is under the influence of alcohol or drugs, or a combination of the two. Unless the person is under the age of 21, he/she shall be advised that the PAS test is voluntary. The officer shall also advise the person that submitting to a PAS test does not satisfy his/her obligation to submit to a chemical test as otherwise required by law (Vehicle Code § 23612). Refer to the Preliminary Alcohol Screening Device Guidelines procedure for additional information.

505.7.4 PRELIMINARY ALCOHOL SCREENING FOR MINORS

If an officer lawfully detains a person under 21 years of age who is driving a motor vehicle and the officer has reasonable cause to believe that the person has a blood alcohol content of 0.01 or more, the officer shall request that the person take a PAS test to determine the presence of alcohol in the person, if a PAS test device is immediately available. If a PAS test device is not immediately available, the officer may request the person to submit to chemical testing of his/her blood, breath or urine, conducted pursuant to Vehicle Code § 23612 (Vehicle Code § 13388).

If the person refuses to take or fails to complete the PAS test or other chemical test, or if the result of either test reveals a blood alcohol content of 0.01 or more, the officer shall proceed to serve the person with a notice of order of suspension pursuant to this policy (Vehicle Code § 13388).

505.7.5 OFFICER RESPONSIBILITIES

The officer serving the arrested person with a notice of an order of suspension shall immediately (Vehicle Code § 23612):

- (a) Forward a copy of the completed notice of suspension or revocation form and any confiscated driver's license to the Department of Motor Vehicles (DMV).
- (b) Forward a sworn report to DMV that contains the required information in Vehicle Code § 13380.
- (c) Forward the results to the appropriate forensic laboratory if the person submitted to a blood or urine test.

505.8 RECORDS BUREAU RESPONSIBILITIES

The Records Bureau Administrator will ensure that all case-related records are transmitted according to current records procedures and as required by the prosecuting attorney's office.

505.9 ADMINISTRATIVE HEARINGS

The Traffic Bureau Supervisor will ensure that all appropriate reports and documents related to administrative license suspensions are reviewed and forwarded to DMV.

Any officers who receive notice of required attendance to an administrative license suspension hearing should promptly notify the prosecuting attorney.

Officers called to testify at an administrative hearing should document the hearing date and DMV file number in a supplemental report. Specific details of the hearing generally should not be

Hayward Police Department

Hayward PD Policy Manual

Impaired Driving and Evidence Collection

included in the report unless errors, additional evidence or witnesses are identified. The Records Bureau should forward this to the prosecuting attorney as part of the case file.

505.10 TRAINING

The Personnel and Training Administrator should ensure that officers participating in the enforcement of DUI laws receive regular training. Training should include, at minimum, current laws on impaired driving, investigative techniques and rules of evidence pertaining to DUI investigations. The Personnel and Training Administrator should confer with the prosecuting attorney's office and update training topics as needed.

Only the court has the authority to dismiss a citation that has been issued (Vehicle Code § 40500(d)). All requests from citizens to dismiss a citation shall be referred to the Traffic Bureau Sergeant. Upon a review of the circumstances involving the issuance of the traffic citation, the Traffic Bureau Sergeant may request the Patrol Division Commander to recommend dismissal of the traffic citation. All recipients of traffic citations whose request for the dismissal of a traffic citation has been denied shall be referred to the appropriate court.

506.4 VOIDING TRAFFIC CITATIONS

Disabled Vehicles

507.1 PURPOSE AND SCOPE

Vehicle Code § 20018 provides that all law enforcement agencies having responsibility for traffic enforcement may develop and adopt a written policy to provide assistance to motorists in disabled vehicles within their primary jurisdiction.

507.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 61.4.1

507.2 OFFICER RESPONSIBILITY

When an on-duty officer observes a disabled vehicle on the roadway, the officer should make a reasonable effort to provide assistance. If that officer is assigned to a call of higher priority, the dispatcher should be advised of the location of the disabled vehicle and the need for assistance. The dispatcher should then assign another available officer to respond for assistance as soon as practical.

507.2.1 ASSISTANCE TO OTHER HIGHWAY USERS

General assistance to motorists that do not have a disabled vehicle is encouraged, as time and resources allow, if requested. These services might include providing directions or other related information.

507.3 EXTENT OF ASSISTANCE

In most cases, a disabled motorist will require assistance. After arrangements for assistance are made, continued involvement by department personnel will be contingent on the time of day, the location, the availability of departmental resources, and the vulnerability of the disabled motorist.

507.3.1 MECHANICAL REPAIRS

Department personnel shall not make mechanical repairs to a disabled vehicle. The use of push bumpers to relocate vehicles to a position of safety is not considered a mechanical repair.

507.3.2 ROADSIDE OR TOW SERVICES

Most motorists with a disabled vehicle require roadside assistance. Department personnel should assist in making contact and summoning a tow company if necessary. The motorist should be asked if he or she has a preference of a specific tow company. Department Personnel should request the specific tow company be summoned by the Dispatch Center, or if no preference is expressed, Dispatch shall contact the next rotational tow company available.

507.3.3 EMERGENCY SITUATIONS

In emergency situations, officers should use discretion in determining the appropriate action to assist a motorist. Care should be given to provide any possible assistance while evaluating the danger to officers, victims and other motorists. Any time a motorist is caught in a hazardous situation, officers should, if possible, direct or transport them to the nearest safe position. Officers

Hayward Police Department

Hayward PD Policy Manual

Disabled Vehicles

should provide emergency first aid when needed and/or arrange for emergency medical or fire response when appropriate.

507.3.4 RELOCATION OF DISABLED VEHICLES

The relocation of disabled vehicles by members of this department by pushing or pulling a vehicle should only occur when the conditions reasonably indicate that immediate movement is necessary to reduce a hazard presented by the disabled vehicle.

507.3.5 RELOCATION OF DISABLED MOTORIST

The relocation of a disabled motorist should only occur with the person's consent and should be suggested when conditions reasonably indicate that immediate movement is necessary to mitigate a potential hazard. The department member may stay with the disabled motorist or transport him/her to a safe area to await pickup.

507.4 PUBLIC ACCESS TO THIS POLICY

This written policy is available upon request.

Police Traffic Escorts

508.1 PURPOSE AND SCOPE

This policy outlines the responsibilities for providing escort service for emergency vehicles and civilian vehicles in medical emergencies or planned motorcades.

508.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 61.3.3

508.2 ESCORTS GENERALLY

Police Escorts in general are highly discouraged. It is the policy of this agency not to routinely provide escorts for funerals or other processions.

508.2.1 AUTHORITY AND PROCEDURE

The Special Operations Division Commander or his designee may authorize a scheduled escort in cases of dignitary security, funeral procession of a public official or dignitary, highway construction, unusual cargo, or as directed by the Chief of Police. A Patrol Watch Commander or supervisor may authorize an emergency escort in life threatening situations.

Parking Violations and 72-Hour Violations

509.1 PURPOSE AND SCOPE

This policy provides procedures for the marking, recording, and storage of vehicles parked in violation of the Hayward City Ordinance regulating 72-hour parking violations and abandoned vehicles under the authority of Vehicle Code § 22669.

509.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 61.1.13, 61.4.3

509.1.2 PARKING ENFORCEMENT

Patrol personnel, including Community Service Officers, are authorized and responsible for enforcing parking laws under state and local law. Parking violations are to be issued on City of Hayward Parking Citations, which include the violators copy and a pre-addressed response envelope. Parking violations, once issued, shall be turned in at the conclusion of each work day.

When responding to complaints of parking violations and it is determined that signage or other markings are damaged, missing or otherwise inadequate to legally determine a violation, it is the responsibility of that employee to not issue a citation and to notify the Traffic Bureau for further review and follow-up as needed.

509.2 MARKING VEHICLES

Vehicles suspected of being in violation of the City of Hayward 72-Hour Parking Ordinance shall be marked and noted on the associated Computer Aided Dispatch (CAD) incident. No case number is required at this time.

A visible chalk mark should be placed on the left rear tire tread at the fender level unless missing tires or other vehicle conditions prevent marking. The vehicle should also be marked with a Hayward Police Department vehicle warning notice placed on either the front windshield or the driver's door window. This notice shall state the date/time of the vehicle's marking and the date the vehicle is subject to being towed. Any deviation in standard markings shall be noted on the associated Computer Aided Dispatch (CAD) incident.

The intent of this ordinance is to place vehicles into regular use within 72 hours of the notice. Pushing, moving the vehicle a short distance, removing of the notice and/or attempting to remove any tire markings are not considered an attempt to comply with the law and may result in the vehicle being towed without further notice. Employees towing vehicles under these circumstances shall have clear and articulately facts supporting a decision to tow. Absent required evidence, the vehicle shall be marked again for the 72-hour parking violation and the associated CAD incident updated with this information.

Hayward Police Department

Hayward PD Policy Manual

Parking Violations and 72-Hour Violations

Parking citations for the 72-hour parking ordinance shall not be issued when the vehicle is stored for the 72-hour parking violation.

509.2.1 MARKED VEHICLE RESPONSIBILITY

The Traffic Bureau Supervisor shall be responsible for monitoring the follow-up of all 72-Hour Parking Ordinance CAD Incidents. Community Policing CSO's shall be responsible for the follow up investigation of all 72-Hour parking violation/storages relating to each 72-Hour Parking Ordinance CAD Incident.

509.2.2 VEHICLE STORAGE

Any vehicle in violation shall be stored by the authorized towing service and a vehicle storage report shall be completed by the officer authorizing the storage of the vehicle.

The storage report form shall be submitted to the Records Bureau following the storage of the vehicle. It shall be the responsibility of Dispatch to immediately notify the Stolen Vehicle System (SVS) of the Department of Justice in Sacramento (Vehicle Code § 22851.3(b)). Notification may also be made to the National Law Enforcement Telecommunications System (NLETS)(Vehicle Code § 22854.5).

Within 48 hours of the storage of any such vehicle, excluding weekends and holidays, it shall be the responsibility of the Records Bureau to determine the names and addresses of any individuals having an interest in the vehicle through DMV or CLETS computers. Notice to all such individuals shall be sent first-class or certified mail pursuant to Vehicle Code § 22851.3(d).

Chapter 6 - Investigation Operations

Investigation and Prosecution

600.1 PURPOSE AND SCOPE

The purpose of this policy is to set guidelines and requirements pertaining to the handling and disposition of criminal investigations.

600.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 42.2.2

600.2 FOLLOW-UP INVESTIGATION PROCEDURES

Follow-up investigation procedures are developed and are maintained in the Hayward Police Department Report Writing Manual. Department members conducting follow-up investigations will follow the established procedures as appropriate.

After a preliminary investigation has been completed and a Patrol sergeant has determined that a follow-up investigation by a Criminal Investigations Bureau investigator is prudent, the case should be forwarded to a Criminal Investigations Bureau Sergeant for review. Once assigned, the investigator is accountable for conducting a thorough and timely follow-up investigation, possibly including:

- (a) Reviewing and analyzing all preliminary reports prepared by patrol officers, Departmental records, and laboratory results of any physical evidence collected related to the case under investigation
- (b) Conducting additional interviews and interrogations of suspects, victims and witnesses when necessary.
- (c) Contacting the officers who were at the scene who prepared the preliminary report to obtain further information or receive his/her ideas about the offense.
- (d) Planning, organizing, conducting searches, and collecting evidence.
- (e) Ensuring the correct identification of the suspect and making an arrest. Identification of a suspect may occur through photo or stand-up lineups, testimony of witnesses and from physical evidence that identifies a particular suspect.
- (f) Conducting research into the suspect's involvement in past offenses, through arrest records and criminal history checks.
- (g) Checking the suspect's criminal history for the possibility of additional charges.
- (h) Preparing the case for court.
- (i) Advising the victim(s) or witness(s) of the arrest or submission of the case to the District Attorney.

600.3 INITIAL INVESTIGATION

600.3.1 OFFICER RESPONSIBILITIES

An officer responsible for an initial investigation shall complete no less than the following:

Hayward Police Department

Hayward PD Policy Manual

Investigation and Prosecution

- (a) Make a preliminary determination of whether a crime has been committed by completing, at a minimum:
 - 1. An initial statement from any witnesses or complainants.
 - 2. A cursory examination for evidence.
- (b) If information indicates a crime has occurred, the officer shall:
 - 1. Preserve the scene and any evidence as required to complete the initial and follow-up investigation.
 - 2. Determine if additional investigative resources (e.g., investigators or scene processing) are necessary and request assistance as required.
 - 3. If assistance is warranted, or if the incident is not routine, notify a supervisor or the Watch Commander.
 - 4. Make reasonable attempts to locate, identify and interview all available victims, complainants, witnesses and suspects unless otherwise directed by a supervisor or member of the Investigations Division.
 - 5. Collect any evidence.
 - 6. Take any appropriate law enforcement action.
 - 7. Complete and submit the appropriate reports and documentation.
- (c) If the preliminary determination is that no crime occurred, determine what other action may be necessary, what other resources may be available, and advise the informant or complainant of this information.

600.3.2 PROFESSIONAL MEMBER RESPONSIBILITIES

A professional staff member assigned to any preliminary investigation is responsible for all investigative steps, except making any attempt to locate, contact or interview a suspect face-to-face or take any enforcement action. Should an initial investigation indicate that those steps are required, the assistance of an officer shall be requested.

600.4 CUSTODIAL INTERROGATION REQUIREMENTS

Suspects who are in custody and subjected to an interrogation shall be given the *Miranda* warning, unless an exception applies. Interview or interrogation of a juvenile shall be in accordance with the Temporary Custody of Juveniles Policy.

600.4.1 AUDIO/VIDEO RECORDINGS

Any custodial interrogation of an individual who is suspected of having committed any violent felony offense should be recorded (audio or video with audio as available) in its entirety. Regardless of where the interrogation occurs, every reasonable effort should be made to secure functional recording equipment to accomplish such recordings.

Consideration should also be given to recording a custodial interrogation, or any investigative interview, for any other offense when it is reasonable to believe it would be appropriate and beneficial to the investigation and is otherwise allowed by law.

Hayward Police Department

Hayward PD Policy Manual

Investigation and Prosecution

No recording of a custodial interrogation should be destroyed or altered without written authorization from the prosecuting attorney and the Criminal Investigations Bureau supervisor, or per departmental purging procedures once the case is adjudicated or beyond the statute of limitations. Copies of recorded interrogations or interviews may be made in the same or a different format as the original recording, provided the copies are true, accurate and complete and are made only for authorized and legitimate law enforcement purposes.

Recordings should not take the place of a thorough report and investigative interviews.

600.4.2 MANDATORY RECORDING OF ADULTS

Any custodial interrogation of an adult who is suspected of having committed any murder shall be recorded in its entirety. The recording should be video with audio if reasonably feasible (Penal Code § 859.5).

This recording is not mandatory when (Penal Code § 859.5):

- (a) Recording is not feasible because of exigent circumstances that are later documented in a report.
- (b) The suspect refuses to have the interrogation recorded, including a refusal any time during the interrogation, and the refusal is documented in a report. If feasible, the refusal shall be electronically recorded.
- (c) The custodial interrogation occurred in another state by law enforcement officers of that state, unless the interrogation was conducted with the intent to avoid the requirements of Penal Code § 859.5.
- (d) The interrogation occurs when no member conducting the interrogation has a reason to believe that the individual may have committed murder. Continued custodial interrogation concerning that offense shall be electronically recorded if the interrogating member develops a reason to believe the individual committed murder.
- (e) The interrogation would disclose the identity of a confidential informant or would jeopardize the safety of an officer, the individual being interrogated or another individual. Such circumstances shall be documented in a report.
- (f) A recording device fails despite reasonable maintenance and the timely repair or replacement is not feasible.
- (g) The questions are part of a routine processing or booking, and are not an interrogation.
- (h) The suspect is in custody for murder and the interrogation is unrelated to a murder. However, if any information concerning a murder is mentioned during the interrogation, the remainder of the interrogation shall be recorded.

The [Department/Office] shall maintain an original or an exact copy of the recording until a conviction relating to the interrogation is final and all appeals are exhausted or prosecution is barred by law (Penal Code § 859.5).

Hayward Police Department

Hayward PD Policy Manual

Investigation and Prosecution

600.5 DISCONTINUATION OF INVESTIGATIONS

The investigation of a criminal case or efforts to seek prosecution should only be discontinued if one of the following applies:

- (a) All reasonable investigative efforts have been exhausted, no reasonable belief that the person who committed the crime can be identified, and the incident has been documented appropriately.
- (b) The perpetrator of a misdemeanor has been identified and a warning is the most appropriate disposition.
 - 1. In these cases, the investigator shall document that the person was warned and why prosecution was not sought.
 - 2. Warnings shall not be given for felony offenses or other offenses identified in this policy or by law that require an arrest or submission of a case to a prosecutor.
- (c) The case has been submitted to the appropriate prosecutor but no charges have been filed. Further investigation is not reasonable nor has the prosecutor requested further investigation.
- (d) The case has been submitted to the appropriate prosecutor, charges have been filed, and further investigation is not reasonable, warranted, or requested, and there is no need to take the suspect into custody.
- (e) Suspects have been arrested, there are no other suspects, and further investigation is either not warranted, or requested.
- (f) Investigation has proven that a crime was not committed (see the Sexual Assault Investigations Policy for special considerations in these cases).

The Domestic Violence, Child Abuse Sexual Assault Investigations, and Senior and Disability Victimization policies may also require an arrest or submittal of a case to a prosecutor.

Criminal Investigation Administration

601.1 PURPOSE AND SCOPE

The purpose of this section is to create a framework for efficient and effective criminal investigations. Criminal investigations can be performed by both uniformed officers; inspectors or detectives specialized in investigations.

601.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 42.1.1, 42.1.2, 42.1.3, 42.1.4, 42.2.9, 82.3.5

601.2 24-HOUR CRIMINAL INVESTIGATION

The Criminal Investigations Bureau produces an on-call schedule for the purpose of having assigned investigators available at times other than normal business hours. The on-call schedule will be made available to the Communications Center, Watch Commanders, patrol supervisors and administrative staff. The Criminal Investigations Bureau Sergeant is responsible for notifying the Watch Commander of any changes to the rosters or to change the roster itself. The on duty Watch Commander will determine need before calling the on-call Sergeant. In determining when to call out Investigative personnel, the Watch Commander and on-call Sergeant should consider the seriousness of the offense, complexity of the case or crime scene, staleness of the crime, available staffing and their expertise. The on-duty Watch Commander has final authority as to whether or not Investigators are called out.

The on-call Criminal Investigations Bureau Sergeant will immediately notify the two Investigators designated as on-call, as well as the Criminal Investigations Bureau Lieutenant.

601.2.1 RESPONSIBILITY AT CRIME SCENES

When an Investigator is summoned to a crime scene, the Investigator will confer with the patrol officer and/or Sergeant in charge. The Investigator will assume responsibility as the case officer and have the authority to control the crime scene, direct the investigation and direct those police resources at the scene. Criminal Investigations Bureau and Patrol Bureau personnel shall endeavor to cooperate to the utmost level, having the solution of the crime and public safety foremost in mind.

601.2.2 INVESTIGATORS ATTENDANCE AT PATROL LINE-UPS

The Criminal Investigations Bureau Lieutenant shall assure that investigations personnel periodically attend patrol briefings to share information and the status of cases.

601.3 CASE SCREENING AND INVESTIGATION

Case screening focuses the available work force on the investigation of crimes that have the best chances for a successful conclusion. The Criminal Investigations Bureau Sergeants screen new cases to decide the course of the investigation, basing his/her decisions on:

- (a) The seriousness of the incident.

Criminal Investigation Administration

- (b) The solvability factors that are present, including:
1. Suspect Leads
 2. Witnesses
 3. Identifiable Suspect Vehicles
 4. Distinctive Methods of Operation
 5. Available Physical Evidence and/or Lack of Traceable Property
- (c) The Investigative Workload.

Cases should be assigned to available investigators with the special skills, knowledge, or abilities necessary to complete the investigation. The Criminal Investigations Bureau Supervisor is responsible for recording and monitoring cases assigned to investigators.

601.3.1 SUSPENDING CASES

The suspension of case investigations that are not major cases, e.g., property crimes not involving a criminal ring, may occur with corroboration between the investigator and the Criminal Investigations Bureau Sergeant. The suspension of major cases may occur only after review by and the approval of the Criminal Investigations Bureau Sergeant or Lieutenant. Cases may be suspended for reasons that include the following:

- Lack of Workable Leads
- Lack of Corroborative Witnesses
- Lack of Victim Cooperation
- Unavailability of Investigative Resources

601.3.2 COLD CASES

A cold case is one that usually possesses the following criteria:

- At least a year old
- Original investigative leads have been exhausted
- Cannot be addressed by the original detective because of workload, time constraints or lack of viable leads at the time of original assignment

When staffing allows, Criminal Investigations Bureau personnel should review unsolved homicides, rapes and/or other serious crimes every other year for possible cold case efforts. A preliminary review of cold cases should be based upon the following:

- The probability of the case having a potential of solvability through the use of markedly evolved DNA (deoxyribonucleic acid) forensics
- The probability of the case having a potential of solvability through the use of investigative interviews and the development of informants

Hayward Police Department

Hayward PD Policy Manual

Criminal Investigation Administration

A review of all applicable reports including, but not limited to:

- Original, supplemental and/or investigative reports
- Autopsy protocol
- Coroner investigator reports
- Laboratory requests and reports

A review of evidence to determine availability, condition and usability, as well as any evidence that may potentially contain DNA material of evidentiary value.

Investigative actions:

- Investigators will arrange to send appropriate evidence for laboratory search, evaluation and comparison as necessary
- Investigators will conduct search of the current locations, criminal activity and availability of involved parties and/or potential suspects
- Informal interviews will be conducted with previous case investigators as needed
- Investigators will document actions through adding notations to current case files and/or investigative reports

601.4 CASE STATUS CONTROL SYSTEM

Upon screening a potential case, the Criminal Investigations Bureau Sergeant will decide which investigator will be assigned the case and enter or update the case information in the automated case management system. Minimally, the case management information should include:

- The Investigator's Name
- The Date Assigned
- The Case Number
- The Crime Offense
- Other Pertinent Information

601.4.1 ADMINISTRATIVE DESIGNATORS

All crimes investigated by the Hayward Police Department shall have administrative clearance designations that meet the guidelines of the California Department of Justice. Authors of criminal investigation reports shall use the most appropriate designation as to the explanation of clearance.

The clearance designations are:

- Cleared, Adult Arrest
- Cleared, Adult Exceptional
- Cleared Report
- Cleared, D.A. Review

Criminal Investigation Administration

- Cleared, Issued In Error
- Cleared, Juvenile Arrest
- Cleared, Juvenile Exceptional
- Cleared, Non-Criminal
- Cleared, Referred to Other Jurisdiction
- Cleared, Unfounded
- Open, Pending Further Investigation
- Suspended, Pending Further Leads/Information
- Unsubstantiated
- Unfounded

601.4.2 INVESTIGATIONS CASE FILES

When a case is assigned to an Investigator, a temporary case file may be created and stored within the Criminal Investigations Bureau. This file should only contain copies of the original case as all original case files are maintained within the Records Bureau. Upon completion of the case or upon update of original record, the Investigator shall assure that all relevant and/or discoverable information is transferred from the investigations case file to permanent record and/or the Property/Evidence Unit.

When the Investigator assigned to a case no longer needs the case file and all pertinent information has been transferred to the permanent record, case notes and work product material may be purged and shredded.

601.4.3 REPORT ACCESSABILITY

The Records Management System (RMS) allows Department-wide viewing of most case files. Personnel assigned to the Criminal Investigations Bureau (CIB) have immediate access to RMS via their desktop or laptop computers 24-hours a day. However, with the approval of a supervisor, general access to the report may be restricted, as in Juvenile reports. Restricted access may limit the number of personnel who can view the report, prohibit changes or modifications, or ban users from printing or forwarding sensitive or classified reports.

601.5 PRELIMINARY AND FOLLOW UP INVESTIGATIONS

Patrol officers are the first responders and responsible for the preliminary investigation of crimes. Patrol officers may conduct the follow-up investigation, if practicable, for cases they are assigned. Patrol officers responding to serious felonies should ask their supervisor if it is appropriate to request an Investigator be called out. If a patrol officer is unable to complete follow-up on a routine case, that case should be forwarded to the Criminal Investigations Bureau.

Hayward Police Department

Hayward PD Policy Manual

Criminal Investigation Administration

The Criminal Investigations Bureau conducts the follow-up investigation on serious and complex cases or those where follow-up by patrol is not practicable. Investigators generally will be requested to handle cases involving the following:

- Felony Child Abuse
- Sexual Assaults
- Suspicious Deaths
- Homicides

Sexual Assault Investigations

602.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the investigation of sexual assaults. These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims.

Mandatory notifications requirements are addressed in the Child Abuse and Senior and Disability Victimization policies.

602.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 55.1.3, 55.2.1, 55.2.3

602.1.2 DEFINITIONS

Definitions related to this policy include:

Sexual assault - Any crime or attempted crime of a sexual nature, to include but not limited to offenses defined in Penal Code § 243.4, Penal Code § 261 et seq., and Penal Code § 285 et seq.

Sexual Assault Response Team (SART) - A multidisciplinary team generally comprised of advocates; law enforcement officers; forensic medical examiners, including sexual assault forensic examiners (SAFEs) or sexual assault nurse examiners (SANEs) if possible; forensic laboratory personnel; and prosecutors. The team is designed to coordinate a broad response to sexual assault victims.

602.2 POLICY

It is the policy of the Hayward Police Department that its members, when responding to reports of sexual assaults, will strive to minimize the trauma experienced by the victims, and will aggressively investigate sexual assaults, pursue expeditious apprehension and conviction of perpetrators, and protect the safety of the victims and the community.

602.3 QUALIFIED INVESTIGATORS

Qualified investigators should be available for assignment of sexual assault investigations. These investigators should:

- (a) Have specialized training in, and be familiar with, interview techniques and considerations that are specific to sexual assault investigations.
- (b) Conduct follow-up interviews and investigation.
- (c) Present appropriate cases of alleged sexual assault to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and medical personnel as needed.
- (e) Provide referrals to therapy services, victim advocates and support for the victim.
- (f) Participate in or coordinate with SART.

Sexual Assault Investigations

602.4 INVESTIGATION AND REPORTING

In all reported or suspected cases of sexual assault, a report should be written and follow-up assigned, as appropriate.

602.5 VICTIM INTERVIEWS

The primary considerations in sexual assault investigations, which begin with the initial call to the Communications Center, should be the health and safety of the victim, the preservation of evidence, and preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect.

Whenever possible, a member of SART should be included in the initial victim interviews. An in-depth follow-up interview should not be conducted until after the medical and forensic examinations are completed and the personal needs of the victim have been met (e.g., change of clothes, bathing). The follow-up interview may be delayed to the following day based upon the circumstances. Whenever practicable, the follow-up interview should be conducted by a qualified investigator.

No opinion of whether the case is unfounded shall be included in the report.

Victims shall not be asked or required to take a polygraph examination (34 USC § 10451; Penal Code § 637.4).

Victims should be apprised of applicable victim's rights provisions, as outlined in the Victim and Witness Assistance Policy.

602.5.1 VICTIM RIGHTS

Whenever there is an alleged sexual assault, the assigned officer shall accomplish the following:

- (a) Advise the victim in writing of the right to have a victim advocate and a support person of the victim's choosing present at any interview or contact by law enforcement, any other rights of a sexual assault victim pursuant to Penal Code § 680.2, and the right to have a person of the same or opposite gender present in the room during any interview with a law enforcement official unless no such person is reasonably available (Penal Code § 679.04).
- (b) If the victim is transported to a hospital for any medical evidentiary or physical examination, the officer shall immediately cause the local rape victim counseling center to be notified (Penal Code § 264.2).
 1. The officer shall not discourage a victim from receiving a medical evidentiary or physical examination (Penal Code § 679.04).
 2. A support person may be excluded from the examination by the officer or the medical provider if his/her presence would be detrimental to the purpose of the examination (Penal Code § 264.2).

602.5.2 VICTIM CONFIDENTIALITY

Officers investigating or receiving a report of an alleged sex offense shall inform the victim, or the victim's parent or guardian if the victim is a minor, that his/her name will become a matter of public

Hayward Police Department

Hayward PD Policy Manual

Sexual Assault Investigations

record unless the victim requests that his/her name not be made public. The reporting officer shall document in his/her report that the victim was properly informed and shall include any related response made by the victim, or if a minor, any response made by the victim's parent or guardian (Penal Code § 293).

Except as authorized by law, members of this [department/office] shall not publicly disclose the name of any victim of a sex crime who has exercised his/her right to confidentiality (Penal Code § 293).

602.6 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE

Whenever possible, a SART member should be involved in the collection of forensic evidence from the victim.

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected regardless of how much time has elapsed since the reported assault.

If a drug-facilitated sexual assault is suspected, urine and blood samples should be collected from the victim as soon as practicable.

Subject to requirements set forth in this policy, biological evidence from all sexual assault cases, including cases where the suspect is known by the victim, should be submitted for testing.

Victims who choose not to assist with an investigation, do not desire that the matter be investigated, or wish to remain anonymous may still consent to the collection of evidence under their control. In these circumstances, the evidence should be collected and stored appropriately.

602.6.1 COLLECTION AND TESTING REQUIREMENTS

Members investigating a sexual assault offense should take every reasonable step to ensure that DNA testing of such evidence is performed in a timely manner and within the time periods prescribed by Penal Code § 803(g). SAFE kits should be submitted to the crime lab within 20 days after being booked into evidence (Penal Code § 680).

In order to maximize the effectiveness of such testing and identify the perpetrator of any sexual assault, the assigned officer shall ensure that an information profile for the SAFE kit evidence has been created in the California Department of Justice (DOJ) SAFE-T database within 120 days of collection and should further ensure that the results of any such test have been timely entered into and checked against both the DOJ Cal-DNA database and the Combined DNA Index System (CODIS) (Penal Code § 680.3).

If the assigned officer determines that a SAFE kit submitted to a private laboratory for analysis has not been tested within 120 days after submission, the officer shall update the SAFE-T database to reflect the reason for the delay in testing. The assigned officer shall continue to update the status every 120 days thereafter until the evidence has been analyzed or the statute of limitations has run (Penal Code § 680.3).

If, for any reason, DNA evidence in a sexual assault case in which the identity of the perpetrator is in issue and is not going to be analyzed within 18 months of the crime, the assigned officer

Hayward Police Department

Hayward PD Policy Manual

Sexual Assault Investigations

shall notify the victim of such fact in writing no less than 60 days prior to the expiration of the 18-month period (Penal Code § 680).

Additional guidance regarding evidence retention and destruction is found in the Property and Evidence Policy.

602.6.2 DNA TEST RESULTS

A SART member should be consulted regarding the best way to deliver biological testing results to a victim so as to minimize victim trauma, especially in cases where there has been a significant delay in getting biological testing results (e.g., delays in testing the evidence or delayed DNA databank hits). Members should make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as provided in the Victim and Witness Assistance Policy.

- (a) Upon receipt of a written request from a sexual assault victim or the victim's authorized designee, members investigating sexual assault cases shall inform the victim of the status of the DNA testing of any evidence from the victim's case (Penal Code § 680).
 - 1. Although such information may be communicated orally, the assigned officer should thereafter follow-up with and retain a copy of confirmation by either written or electronic mail.
 - 2. Absent a written request, no member of this [department/office] is required to, but may, communicate with the victim or the victim's authorized designee regarding the status of any DNA testing.
- (b) Subject to the commitment of sufficient resources to respond to requests for information, sexual assault victims shall further have the following rights (Penal Code § 680):
 - 1. To be informed if a DNA profile of the assailant was obtained from the testing of the SAFE kit or other crime scene evidence from their case.
 - 2. To be informed if there is a match between the DNA profile of the assailant developed from the evidence and a DNA profile contained in the DOJ Convicted Offender DNA Database, providing that disclosure would not impede or compromise an ongoing investigation.
 - 3. To be informed if the DNA profile of the assailant developed from the evidence has been entered into the DOJ Databank of case evidence.
- (c) Provided that the sexual assault victim or the victim's authorized designee has kept the assigned officer informed with regard to current address, telephone number, and email address (if available), any victim or the victim's authorized designee shall, upon request, be advised of any known significant changes regarding the victim's case (Penal Code § 680).
 - 1. Although such information may be communicated orally, the assigned officer should thereafter follow-up with and retain a copy of confirmation by either written or electronic mail.

Sexual Assault Investigations

2. No officer shall be required or expected to release any information which might impede or compromise any ongoing investigation.

602.6.3 DESTRUCTION OF EVIDENCE

Any destruction of evidence related to a sexual assault shall occur only after victim notification is made as required pursuant to Penal Code § 680 and only in compliance with the Property and Evidence Policy.

602.6.4 STANDARDIZED SEXUAL ASSAULT FORENSIC MEDICAL EVIDENCE KIT

The Property and Evidence Bureau supervisor should make California standardized sexual assault forensic medical evidence (SAFE) kits available to members who may investigate sexual assault cases. Members investigating a sexual assault should use these SAFE kits when appropriate and follow related usage guidelines issued by the California Clinical Forensic Medical Training Center (Penal Code § 13823.14).

602.7 DISPOSITION OF CASES

If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Criminal Investigations Bureau supervisor.

Classification of a sexual assault case as unfounded requires the Criminal Investigations Bureau supervisor to determine that the facts have significant irregularities with reported information and that the incident could not have happened as it was reported. When a victim has recanted his/her original statement, there must be corroborating evidence that the allegations were false or baseless (i.e., no crime occurred) before the case should be determined as unfounded.

602.8 CASE REVIEW

The Criminal Investigations Bureau supervisor should ensure case dispositions are reviewed on a periodic basis, at least annually, using an identified group that is independent of the investigation process. The reviews should include an analysis of:

- Case dispositions.
- Decisions to collect biological evidence.
- Submissions of biological evidence for lab testing.

The SART and/or victim advocates should be considered for involvement in this audit. Summary reports on these reviews should be forwarded through the chain of command to the Chief of Police.

602.9 RELEASING INFORMATION TO THE PUBLIC

In cases where the perpetrator is not known to the victim, and especially if there are multiple crimes where more than one appear to be related, consideration should be given to releasing information to the public whenever there is a reasonable likelihood that doing so may result in developing helpful investigative leads. The Criminal Investigations Bureau supervisor should weigh the risk

Hayward Police Department

Hayward PD Policy Manual

Sexual Assault Investigations

of alerting the suspect to the investigation with the need to protect the victim and the public, and to prevent more crimes.

602.10 TRAINING

Subject to available resources, periodic training should be provided to:

- (a) Members who are first responders. Training should include:
 - 1. Initial response to sexual assaults.
 - 2. Legal issues.
 - 3. Victim advocacy.
 - 4. Victim's response to trauma.
 - 5. Proper use and handling of the California standardized SAFE kit (Penal Code § 13823.14).
- (b) Qualified investigators, who should receive advanced training on additional topics. Advanced training should include:
 - 1. Interviewing sexual assault victims.
 - 2. SART.
 - 3. Medical and legal aspects of sexual assault investigations.
 - 4. Serial crimes investigations.
 - 5. Use of community and other federal and state investigative resources, such as the Violent Criminal Apprehension Program (ViCAP).
 - 6. Techniques for communicating with victims to minimize trauma.

Vice, Drugs and Organized Crime

603.1 PURPOSE AND SCOPE

The investigation of vice, drug and organized crime activities can involve large expenditures of time, money and effort. This policy will help to evaluate the accuracy and credibility of initial information and determine the scope and relative importance of the problem.

603.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 43.1.1, 43.1.2, 43.1.3, 43.1.4, 43.1.5

603.2 COMPLAINT HANDLING

When alleged vice, drug, or organized crime activity information is received, it shall be documented, indicating the source, the activity, pertinent dates and times, the name or employee number of the person receiving the information, and any other pertinent information. Documentation may be by official police report, memorandum, or CAD incident printout.

Reports regarding vice, drug or organized crime shall be routed to the Criminal Investigation Bureau Lieutenant. The case may be assigned to a detective for possible follow-up or routed to the appropriate jurisdiction. If the case or information is routed to another agency or jurisdiction, such routing shall be documented in the report or incident. The Criminal Investigation Bureau Lieutenant shall notify the Chief of Police, via chain of command, of any high profile vice, drug or organized crime arrests or cases.

603.3 RECORD KEEPING

The Criminal Investigation Bureau Lieutenant shall maintain the security levels on electronic case files of a sensitive nature. Access shall be restricted to a "need to know" basis. Cases of a sensitive nature are not to be printed in hard file until it is determined the case is closed and placing the information in the records system would not jeopardize the case, witnesses or investigators.

603.4 CONFIDENTIAL FUNDS

The Investigation Division Commander is responsible for maintaining a Special Investigation Fund, for its disbursement, and for the accounting of each expenditure. This cash fund is maintained to pay for specialized investigative expenses incurred in active organized crime, drug and vice investigations.

603.5 SURVEILLANCE/UNDERCOVER EQUIPMENT

The Criminal Investigation Bureau Lieutenant or designee shall have the responsibility for the Department owned surveillance and undercover equipment. Such equipment may include night vision devices, binoculars, cameras, cellular and audiovisual equipment, and unmarked vehicles. The equipment should be stored in a locked room or cabinet as appropriate. Any Department member with an official need to use the surveillance equipment may contact the Criminal Investigation Bureau Lieutenant and request its use.

Vice, Drugs and Organized Crime

The Criminal Investigation Bureau Lieutenant shall maintain an equipment checkout system that at all time accounts for the Departmental surveillance and undercover equipment. Any sworn Department member requesting usage of equipment shall sign for it upon receipt, note purpose of request and return it promptly when the purpose is complete. Upon return the receiving investigator shall sign the equipment back in, and note if there were any problems with its usage.

603.6 CONDUCTING/PARTICIPATING IN SURVEILLANCE

When any surveillance, undercover or decoy operation or raid is planned, the Department member in charge of the operation shall prepare an operations plan in accordance with existing procedures prior to engaging in the operation. The Department member in charge of the operation shall ensure that personnel engaged in the operation are appropriately briefed on the plan. Department members shall not participate in surveillance, undercover activities or decoy operations with outside agencies that do not generally meet the requirements of this section.

603.6.1 OPERATIONAL PLANS

A written plan will be submitted and approved prior to the implementation of any planned extensive and/or sensitive decoy, undercover, or surveillance operation. This plan will address the needs of each specific situation and will include a minimum of the following, when applicable to the mission:

- An analysis of the particular crime, victim and suspects
- A determination of the legal ramifications of the operation
- A familiarization of the involved officers with the objective and details of the operation and the geographic area of the operation
- Pre-determined operational procedures for observation, arrests, surveillance, and high-risk entries
- Provisions for providing officers with expense funds
- Established means of routine and emergency communication
- Selection of all necessary equipment and vehicles
- Provisions for providing relief, backup security, and perimeter protection personnel for officers
- Procedures for supplying officers with false identity, disguises, and necessary credentials
- The maintenance of overall confidentiality and cover
- The designation of a single person as supervisor and coordinator
- The provision of close supervision of the operation
- Plans for making contact with suspects
- Provisions covering the search and seizure of evidence and/or contraband

This policy describes the authority and procedure for the seizure, forfeiture and liquidation of property associated with designated offenses.

604.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 84.1.8

604.1.2 DEFINITIONS

Definitions related to this policy include:

Fiscal agent - The person designated by the Chief of Police to be responsible for securing and maintaining seized assets and distributing any proceeds realized from any forfeiture proceedings. This includes any time the Hayward Police Department seizes property for forfeiture or when the Hayward Police Department is acting as the fiscal agent pursuant to a multi-agency agreement.

Forfeiture - The process by which legal ownership of an asset is transferred to a government or other authority.

Forfeiture reviewer - The [department/office] member assigned by the Chief of Police who is responsible for reviewing all forfeiture cases and for acting as the liaison between the [Department/Office] and the assigned attorney.

Property subject to forfeiture - The following may be subject to forfeiture:

- (a) Property related to a narcotics offense, which includes (Health and Safety Code § 11470; Health and Safety Code § 11470.1):
 1. Property (not including real property or vehicles) used, or intended for use, as a container for controlled substances, materials to manufacture controlled substances, etc.
 2. Interest in a vehicle (car, boat, airplane, other vehicle) used to facilitate the manufacture, possession for sale or sale of specified quantities of controlled substances.
 3. Money, negotiable instruments, securities or other things of value furnished or intended to be furnished by any person in exchange for a controlled substance, proceeds traceable to an exchange, etc.
 4. Real property when the owner is convicted of violating Health and Safety Code § 11366, Health and Safety Code § 11366.5 or Health and Safety Code § 11366.6 (drug houses) when the property was not used as a family residence or for other lawful purposes, or property owned by two or more persons, one of whom had no knowledge of its unlawful use.

Hayward Police Department

Hayward PD Policy Manual

Asset Forfeiture

5. The expenses of seizing, eradicating, destroying or taking remedial action with respect to any controlled substance or its precursors upon conviction for the unlawful manufacture or cultivation of any controlled substance or its precursors.
- (b) Property related to criminal profiteering (may include gang crimes), to include (Penal Code § 186.2; Penal Code § 186.3):
1. Any property interest, whether tangible or intangible, acquired through a pattern of criminal profiteering activity.
 2. All proceeds acquired through a pattern of criminal profiteering activity, including all things of value that may have been received in exchange for the proceeds immediately derived from the pattern of criminal profiteering activity.

Seizure - The act of law enforcement officials taking property, cash or assets that have been used in connection with or acquired by specified illegal activities.

604.2 POLICY

The Hayward Police Department recognizes that appropriately applied forfeiture laws are helpful to enforce the law, deter crime and reduce the economic incentive of crime. However, the potential for revenue should never compromise the effective investigation of criminal offenses, officer safety or any person's due process rights.

It is the policy of the Hayward Police Department that all members, including those assigned to internal or external law enforcement task force operations, shall comply with all state and federal laws pertaining to forfeiture.

604.3 ASSET SEIZURE

Property may be seized for forfeiture as provided in this policy.

604.3.1 PROPERTY SUBJECT TO SEIZURE

The following may be seized upon review and approval of a supervisor and in coordination with the forfeiture reviewer:

- (a) Property subject to forfeiture authorized for seizure under the authority of a search warrant or court order.
- (b) Property subject to forfeiture not authorized for seizure under the authority of a search warrant or court order when any of the following apply (Health and Safety Code § 11471; Health and Safety Code § 11488):
 1. The property subject to forfeiture is legally seized incident to an arrest.
 2. There is probable cause to believe that the property was used or is intended to be used in a violation of the Uniform Controlled Substances Act and the seizing officer can articulate a nexus between the property and the controlled substance offense that would lead to the item being property subject for forfeiture.

Hayward Police Department

Hayward PD Policy Manual

Asset Forfeiture

Officers aware of assets that may be forfeitable as a result of criminal profiteering or human trafficking should consider contacting the district attorney regarding a court order to protect the assets (Penal Code § 186.6; Penal Code § 236.6).

Whenever practicable, a search warrant or court order for seizure prior to making a seizure is the preferred method.

A large amount of money standing alone is insufficient to establish the probable cause required to make a seizure.

604.3.2 PROPERTY NOT SUBJECT TO SEIZURE

The following property should not be seized for forfeiture:

- (a) Cash and property that does not meet the forfeiture counsel's current minimum forfeiture thresholds should not be seized.
- (b) Real property is not subject to seizure, absent exigent circumstances, without a court order (Health and Safety Code § 11471).
- (c) A vehicle which may be lawfully driven on the highway if there is a community property interest in the vehicle by a person other than the suspect and the vehicle is the sole vehicle available to the suspect's immediate family (Health and Safety Code § 11470).
- (d) Vehicles, boats or airplanes owned by an "innocent owner," such as a common carrier with no knowledge of the suspected offense (Health and Safety Code § 11490).
- (e) Any property when the associated activity involves the possession of marijuana or related paraphernalia that is permissible under the Control, Regulate and Tax Adult Use of Marijuana Act (Health and Safety Code § 11362.1).

604.4 PROCESSING SEIZED PROPERTY FOR FORFEITURE PROCEEDINGS

When property or cash subject to this policy is seized, the officer making the seizure should ensure compliance with the following:

- (a) Complete applicable seizure forms and present the appropriate copy to the person from whom the property is seized. If cash or property is seized from more than one person, a separate copy must be provided to each person, specifying the items seized. When property is seized and no one claims an interest in the property, the officer must leave the copy in the place where the property was found, if it is reasonable to do so.
- (b) Complete and submit a report and original seizure forms within 24 hours of the seizure, if practicable.

Informants and Sources of Information

agency is also required. Additionally, if the defendant informant is represented by counsel, the permission of their counsel may be required.

The District Attorney's designee may set terms, conditions, and/or restrictions for use of the defendant informant as he/she feels necessary and members of the Department shall abide by all such terms, conditions, and/or restrictions in using the defendant informant. The District Attorney's designee may require that a written agreement be executed by all interested parties relative to the performance requirements of the defendant informant in securing any agree upon case consideration.

A debriefing report shall be prepared by the managing employee and approved by their immediate supervisor, outlining the contacts, restrictions, and permissions required by this section. The debriefing report and any supporting documents shall be forwarded to the Criminal Investigation Bureau Manager for final approval and inclusion in the informant's file.

Informants with an Uncharged Criminal Case Initiated by this Department :

Members of the Department may use a defendant informant with an uncharged criminal case, originated by this Department, subject to the following:

- (a) The defendant informant was not arrested for a crime involving a sexual offense, a violent offense, a weapons offense, or any offense where the nature of the offense would tend to reflect negatively on the credibility of the informant or reduce the potential for the informant to provide reliable information, except that in extraordinary circumstances the Chief of Police may authorize the use of such a defendant informant when, in his/her opinion, the information provided will be of greater benefit to the safety of the community than the prosecution of the defendant.
- (b) A debriefing report shall be prepared by the managing employee and approved by their immediate supervisor, outlining the nature of the offense(s) and any evidence obtained in support of the criminal charge(s). The debriefing report shall include the nature of the information the informant is able to provide to the Department and the terms and conditions of the informant's assistance in order for the informant to receive actual consideration or dismissal of the criminal case and the date by which the agreed upon assistance shall be completed. The debriefing report and any supporting documents shall be forwarded to the Criminal Investigation Bureau Manager for final approval and inclusion in the informant's file.
- (c) The appropriate incident report will be completed detailing the criminal case against the defendant informant and any evidence will be placed into the property section under the issued report number. The original incident report shall be held in abeyance, for a period not to exceed 30-days, by the managing employee's supervisor. A cover sheet accounting for the report number will be forwarded to the records section indicating that the original report is maintained in the appropriate unit.

Hayward Police Department

Hayward PD Policy Manual

Informants and Sources of Information

- (d) If the defendant informant has not provided the agreed upon assistance within the 30-days allowed, the supervisor shall approve the incident report and ensure that it is forwarded to the District Attorney for charging consideration.

- (b) The managing employee will author an operation plan for the controlled buy and have the plan approved by their supervisor.
- (c) If special service/undercover funds are to be used in obtaining the drugs or other contraband, the exact amount of money required shall be obtained from the fund and each bill shall be pre-recorded (photocopied).
- (d) The managing employee and at least one other member of the Department shall meet with the informant and search the informant to ensure that the informant possesses no drug or other contraband and that the informant possesses no money. If the informant will be operating a motor vehicle during the controlled-buy operation, the Department employees will additionally search the vehicle to ensure that the vehicle contains no drugs, no other contraband, and no money.
- (e) The managing employee shall tell the informant that no money is to be given to the suspect in advance of receiving the contraband, unless such a "fronting" of the funds was approved in the operation plan.

If drugs were obtained they shall be subjected to a presumptive field screening test to confirm the drugs are a controlled substance, weighed, and placed into evidence.

605.10 INFORMANT PAYMENT PROCEDURES

The potential payment of large sums of money to any informant must be done in a manner respecting public opinion and scrutiny. Additionally, to maintain a good accounting of such funds requires a strict procedure for disbursements.

605.10.1 PAYMENT PROCEDURE

The amount of funds to be paid to any informant will be evaluated against the following criteria:

- The extent of the informant's personal involvement in the case
- The quality of the violator arrested
- The amount of assets seized
- The quantity of the drugs seized
- The informant's previous criminal activity
- The level of risk taken by the informant

The Criminal Investigation Bureau Manager will discuss the above factors with the appropriate Division Commander and arrive at a recommended level of payment that will be subject to the approval of the Chief of Police. The amount of payment for drug cases will be based on a percentage of the current market price for the drugs or other contraband being sought, not to exceed 15 percent.

605.10.2 PAYMENT PROCESS

Payments to informants for information provided to the Department and/or reimbursement of expenses shall be made only with monies provided by the Department, another governmental

agency, or from reward funds established and administered by authorized organizations. No member of this Department shall make any payment and/or reimbursement to an informant with personal funds or money obtained from any other source.

All payments will be approved by the Criminal Investigation Bureau Manager. An officer and a supervisor shall witness the payment, and the receipt shall be signed by the informant. Each informant receiving a cash payment shall be informed of his or her responsibility to report the cash payment to the Internal Revenue Service and Franchise Tax Board as income.

If funds distributed exceed \$600 in any reporting year, the informant should be provided IRS Form 1099 (26 CFR § 1.6041-10). If such documentation or reporting may reveal the identity of the confidential informant and by doing so jeopardize any investigation, the safety of peace officers or the safety of the confidential informant (26 CFR § 1.6041-3), then IRS Form 1099 should not be issued.

In such cases, the informant shall be provided a letter identifying the amount he/she must report on a tax return as "other income" and shall be required to provide a signed acknowledgement of receipt of the letter. The completed acknowledgement form and a copy of the letter shall be retained in the informant's file.

 - (c) To enable the Department to cooperate with and participate in local, state and national intelligence initiatives which benefit the residents of the City of Hayward.

607.3 DEFINITIONS

Activity Which Endangers the Public: means any activity which is carried out on a scale which or in a manner which (or both) endangers the participants, any person observing or present during the activity or public or private property.

Criminal Activity: means any activity which violates federal statutes, state statutes, local ordinances or codes and is made a criminal act by such statutes, ordinances or codes.

Criminal Associate: means any person(s) who is reasonably suspected of knowingly supporting, assisting or facilitating criminal activity by a person(s), group, association or organization in any manner.

Criminal Intelligence File: means a file relating to a specific person, group, association or organization which contains criminal intelligence information that demonstrates a criminal predicate exists as to the person, group, association or organization. In this context "person" may include persons known to exist whose identities have not yet been ascertained.

Criminal Intelligence Information: means legally gathered factual data which has been analyzed to determine that it is relevant to the identification of or the criminal activity engaged in by person(s), groups, associations or organizations.

Criminal Intelligence System or Intelligence System: means the arrangements, equipment, facilities and procedures used for the gathering, analyzing, receipt, storage, access and dissemination of criminal intelligence information, criminal intelligence files, developmental information and developmental files, and the inter-jurisdictional pooling of the information contained in the individual agency files.

Criminal Predicate: means criminal intelligence information which supports the finding that there is reasonable suspicion to believe that a person(s), group, association or organization is engaged in definable criminal activity. This term is the standard by which the determination as to whether information may be used to create an intelligence file is made.

Developmental Information: means information about activity which endangers the public that is gathered for a legitimate law enforcement purpose.

Developmental (Temporary) File: means a file which contains developmental information on person(s), groups, associations or organizations which information is held and analyzed for a discrete period of time to determine whether a criminal predicate exists. Such files may also be known as "tips and leads", "working files" or "temporary files".

Hayward PD Policy Manual

Criminal Intelligence Collection and Maintenance

Legitimate Law Enforcement Purpose: means information about activity which endangers the public and is gathered by law enforcement to determine whether a criminal predicate exists which would support the creation of an intelligence file.

Need to Know: means a state of facts that supports the legitimacy of access to specific intelligence by a person with a right to know. The need to know must be pertinent to and necessary to the performance of a specific law enforcement activity.

Reasonable Suspicion: means the state of known information which establishes sufficient facts to give a trained law enforcement officer, criminal investigator or employee a basis to believe that a person(s), group, association or organization is engaged in definable criminal activity or enterprise.

Right to Know: means having the legal status that allows the party to have access to criminal intelligence information. 28 CFR § 28.20(e) imposes the qualification that the right to know must be in "the performance of a law enforcement activity." Such status may be based on status as a law enforcement officer, investigator or employee or may be based on a court order, statute or a binding judicial decision if there is a need to know.

607.4 COMMAND AND CONTROL

- (a) The Chief of Police of the City of Hayward or the Criminal Investigation Bureau Lieutenant shall be responsible for supervising the intelligence system and ensuring that these policies and procedures are enforced.
- (b) The Chief of Police shall meet with the Criminal Investigation Bureau Lieutenant at least once a month or whenever the circumstances require. The purpose of this meeting shall be to inform the Chief of Police of the activities of the Intelligence Bureau and obtain guidance on issues that require executive level guidance.
- (c) The Criminal Investigation Bureau Lieutenant shall have overall responsibility for all aspects of the intelligence system, including the training of Departmental personnel and auditing of the system. This person shall also be responsible for reviewing files to determine whether they have source and content validity as well as determining whether the files are current. The training of Department personnel will be accomplished on an individual or group basis depending upon the needs of the Department and will cover this entire policy.

607.5 DEVELOPMENTAL (TEMPORARY) FILES

- (a) Developmental files may be created and used for the sole purpose of gathering information to determine whether there is reasonable suspicion that person(s), groups, associations or organizations as to whom or which the information is gathered are engaged in definable criminal activity which would permit the creation of an intelligence file. An individual, organization, business or group may be given "temporary" status in the following cases:

Hayward Police Department

Hayward PD Policy Manual

Criminal Intelligence Collection and Maintenance

1. Subject or entity is unidentifiable " The subject or entity, although suspected of being engaged in criminal activities, has no known physical descriptors, identification numbers, or distinguishing characteristics available.
2. Involvement is questionable " Involvement in criminal activities by a subject or entity is suspected which has either:
 - (a) Possible criminal associations " Individual, organization, business, or group not currently reported to be criminally active but associates with a known criminal who is reasonably suspected of being involved in illegal activities.
 - (b) History of criminal conduct " Individual, organization, business, or group not currently reported to be criminally active but has a history of criminal conduct; and the circumstances currently being reported (i.e., new position or ownership of a business) indicate they may have, again, become criminally active.
 - (c) Reliability and/or validity unknown " The reliability of the information sources and/or the validity of the information cannot be determined at the time of receipt; however, the information appears to be significant and merits temporary storage while verification attempts are made.
 - (d) Developmental (Temporary) files shall be "actively" worked in an effort to determine whether it should be added to the intelligence files or be destroyed. Failure to actively work and document the files progress will be grounds for the file in question to be destroyed.
- (b) Developmental files shall be permitted for legitimate law enforcement purposes only and shall be maintained for a period of time not to exceed one (1) year.
- (c) Developmental files shall not include information regarding political, religious, sexual information or social views, associations or activities unless such views, associations or activities are directly related to the activity which is believed to be criminal and which is the basis for creating the developmental file.
- (d) Information placed in developmental files shall be information collected using only legal methods. Any information offered from any source which is known to have been or learned to have been unlawfully obtained shall be rejected or purged.
- (e) In no case shall Criminal Offender Record Information (CORI) or Department of Motor Vehicle (DMV) data be incorporated into the intelligence file (Title 11 CFR Section § 703). The CORI/DMV files shall be kept at a separate location from the intelligence file system.

Hayward Police Department

Hayward PD Policy Manual

Criminal Intelligence Collection and Maintenance

- (f) Developmental files shall be maintained in the same secure location as intelligence files, but shall not be commingled with intelligence files. Developmental files shall be subject to the same command and control requirements as intelligence files.
- (g) Developmental files shall be assigned a discrete identifying number.
- (h) The developmental file contents shall be governed by the same content evaluation rules as apply to intelligence files.

607.5.1 DISSEMINATION /ACCESS RULES FOR DEVELOPMENTAL FILES

- (a) These files shall be accessed only on a need to know/ right to know basis.
- (b) The Criminal Investigation Bureau Lieutenant shall determine who shall have access to these files.
- (c) If access is granted by use of an intranet or internet connection with the authorized recipient that access shall be read only and no printing shall be permitted.
- (d) If access is not remote it shall be granted in the secure area only and the file shall not be permitted to be removed from the secure area.
- (e) Any printing or copying of developmental files or any portion of developmental files shall occur only if the Criminal Investigation Bureau Lieutenant approves. Both the request to print or copy and the approval shall be documented. The requesting party shall not be permitted to print or copy unless that party has demonstrated to the Hayward that that party has written policies and procedures in place which are at least as stringent as these policies and procedures. The requesting party shall agree in writing that it will not disseminate the developmental information received to a third party without notification to and consent from the Hayward.
- (f) When a file is printed or copied the recipient party shall be given the discrete number assigned to that file.
- (g) In all cases when there is an imminent threat of harm to persons or property, information in these files which might assist in preventing such harm shall be disseminated to persons, agencies or other entities, public or private who may be in such imminent danger or in a position to assist in preventing such harm.

607.5.2 PURGING OF DEVELOPMENTAL FILES RULES

- (a) Developmental files shall be retained for no more than one year. If at the end of this period no criminal predicate has been established, or if the file contains inaccurate information, the file and all its contents shall be destroyed. Because of the requirements of Government Code Section § 26202 documents such as developmental files cannot be actually destroyed until two years after their creation. Therefore, a developmental file which does not become an intelligence file shall, at the end of the one year period:

Hayward Police Department

Hayward PD Policy Manual

Criminal Intelligence Collection and Maintenance

1. Be removed from the developmental file system;
 2. Be sealed;
 3. Be signed by the person sealing the file; and
 4. Be stored in a secure location until actual destruction. In such situations, the discrete file number shall be retained and the file shall be identified by that number only. The developmental file system shall carry the notation that the file, identified by the discrete number, has been removed from the system and sealed. When the actual destruction occurs, the notation shall be changed to reflect the destruction of the file.
- (b) Any and all persons/agencies other than Hayward personnel who were given access to a developmental file shall be notified that no criminal predicate was established and that the file has been destroyed. Copies of these notices shall be maintained by the Hayward. These notices shall use the discrete number rather than the name of any person(s), group, association or organization.
- (c) Any persons/agencies given permission to print or copy all or any portion of the developmental file shall be notified as required by item 2 above and shall also be asked to provide written (paper or electronic) verification that the information has been purged from their system. Copies of that verification shall be maintained by the Criminal Investigation Bureau.
- (d) In all cases the documents attesting to the destruction of developmental files shall use the discrete number assigned to the file instead of any identifier which could be traced to any person(s), group, association or organization.

607.6 CRIMINAL INTELLIGENCE FILES

- (a) Criminal intelligence files shall be created and maintained as to persons, groups, associations and/or organizations only when there is reasonable suspicion that the subject(s) is/are engaged in definable criminal activity. A criminal intelligence file is only useful if its information is reliable, accurate and current. The two critical components of information to determine these values are:
1. The reliability of the source.
 2. The validity of the content.
- (b) Criminal intelligence files shall be maintained for a time period not to exceed five years unless:
1. Before the five year period has elapsed it is discovered that the information upon which the determination that reasonable suspicion existed was inaccurate or illegally obtained. In such situations the information which was inaccurate or illegally obtained shall be purged from the file and the file shall be reevaluated to

- determine whether the remaining information supports a finding of reasonable suspicion; if it does the edited file shall be retained, if it does not the entire file shall be destroyed.
2. Before the five year period has elapsed additional information that supports the initial reasonable suspicion determination or demonstrates an additional criminal predicate exists comes to the attention of the intelligence unit. In such cases, a new five year retention period shall start from the date of discovery of the additional information.
 3. An intelligence file may be maintained for an indefinite period of time so long as there is information that demonstrates the continued validity of the criminal predicate or another criminal predicate within the last five years.
- (c) Excluded Material: Only lawfully collected information, based on a reasonable suspicion of criminal activity, should be stored in criminal intelligence files. Information that shall be specifically excluded from criminal intelligence files includes:
1. Information on an individual or group merely on the basis that such individual or group supports unpopular causes.
 2. Information on an individual or group merely on the basis of race, gender, age, sexual preference or ethnic background.
 3. Information on an individual or group merely on the basis of religious or political affiliations or beliefs.
 4. Information on an individual or group merely on the basis of personal habits and/or predilections that do not violate any criminal laws or threaten the safety of others.
 5. Information on an individual or group merely on the basis of involvement in expressive activity that takes the form of non-violent civil disobedience that amounts, at most, to a misdemeanor offense.
 6. In no case shall Criminal Offender Record Information (CORI) or Department of Motor Vehicle (DMV) data be incorporated into the intelligence file (Title 11 CFR § 703). The CORI/DMV file shall be kept at a separate location from the intelligence file system.
- (d) Information contained in intelligence files shall be collected only using legal means. Any information offered from any source which is known to have been or is learned to have been illegally obtained shall be rejected or purged from the intelligence file(s).
- (e) Intelligence files shall be maintained in a secure location which cannot be accessed by the public or agency personnel not assigned to the intelligence unit without the permission of the Criminal Investigation Bureau Lieutenant. Developmental files shall be maintained in the same secure location but separate from the intelligence files.

Hayward Police Department

Hayward PD Policy Manual

Criminal Intelligence Collection and Maintenance

1. The secure area shall be physically separate from other areas.
 2. All files shall be maintained under lock and key or, if electronic, password protected. File access shall be limited to personnel assigned to the Intelligence Bureau unless another law enforcement officer or law enforcement agency employee has been granted access pursuant to another provision of these policies.
 3. A log of persons requesting intelligence information from the Intelligence Bureau, after stating their lawful purpose, shall be maintained on a daily basis and shall be available for audit.
 4. Each file maintained by the Intelligence Bureau, either developmental file or intelligence file, shall have an access log attached to it. This log, whether in paper or electronic form, shall show who has accessed the file, the date of the access and the purpose for the access. These access rules and log requirements shall apply to persons assigned to the Intelligence Bureau as well as all other persons. This file log shall be maintained on a daily basis and shall be available for audit.
- (f) Each intelligence file shall be assigned a discrete number.
- (g) File contents rules:
1. Each file shall contain copies of the source documents which were the basis for the finding that reasonable suspicion (or a legitimate law enforcement purpose) existed.
 2. When additional information is added to the file copies of source documents shall also be added.
 3. Information placed in the file shall be labeled for source reliability and content validity prior to its submission for entry into the file. The Intelligence Bureau manager or his/her designee will be responsible for approving all information contained in the file. Certain combinations of information standing alone will not support a finding of reasonable suspicion. (Examples would be an unreliable source which has provided information the content validity of which could not be judged or was doubtful). If reasonable suspicion has already been established from appropriate sources, then addition of information from an unknown source that cannot be judged as to content validity might be appropriate. It is difficult to justify adding information from an unreliable source that has doubtful or cannot be judged content validity to an existing file regardless whether reasonable suspicion has already been established.
- (a) Source reliability is based on the accuracy and consistency of the information provided by a given source. The categories of source reliability are:

Hayward Police Department

Hayward PD Policy Manual

Criminal Intelligence Collection and Maintenance

1. Reliable: The reliability of the source is unquestioned or has been tested in the past.
 2. Usually reliable: The source of information can usually be relied upon. The majority of the information provided in the past has proved to be reliable.
 3. Unreliable: The reliability of the source has been sporadic in the past.
 4. Unknown: The reliability of the source cannot be judged; either experience or investigation has not yet determined authenticity or trustworthiness.
- (b) Content validity is an assessment of the truthfulness of the information provided by the source. The categories of content validity are:
1. Confirmed: The information has been corroborated by an investigation or another reliable, independent source.
 2. Probable: The information is consistent with past accounts or other information.
 3. Doubtful: The information is inconsistent with past accounts or other information.
 4. Cannot be Judged: The information cannot be judged as to its truthfulness because of lack of time to investigate it or its lack of relation to or corroboration by any other information.
- (c) Re-evaluation of criminal intelligence should be an ongoing process and each file shall be continually re-evaluated by the assigned investigator. This process will re-evaluate and cull the information that has no potential to become intelligence matter from the rest of the information. The process will be dynamic and unique to each "batch" of information.
4. Each file shall contain the name of the person(s) who analyzed the information and a statement of the reasons on which that person(s) based his /her finding of reasonable suspicion (such reasons may include conclusions based on training or experience so long as the specific relevance of that training or experience is articulated).
 5. Each file should describe the definable criminal activity of which the file subject is reasonably suspected (or articulate the public safety concern that underlies the legitimate law enforcement purpose). Examples would include the following:
 - (a) Narcotics Trafficking.
 - (b) Unlawful Gambling.

 - (j) Threats to Public Officials or Private Persons.
 - (k) Gang Activity.

 - (m) Corruption of Public Officials.
6. Source documents should identify the agency, officer, and other identifiers such as case number, arrest number, etc.
7. If open source documents were employed as part of the process of determining whether reasonable suspicion exists, copies of such documents and information that permits verification of the existence of the open source should be in the file.
8. The file should contain all available identifying information which pertains to the file subject. A non-exhaustive list would include:
- (a) The full name of the person, group, association or organization.
 - (b) Any aliases.
 - (c) Any nicknames or "monikers."
 - (d) Date of birth or historical information.
 - (e) Place of birth.

- (l) Evaluations of violence potential or other officer/ citizen safety information.
 - (m) Any other information helpful to identifying or locating the file subject. [In this connection so called "non-criminal identifying information" which relates to anyone who is not a known criminal associate should not be discoverable or searchable except as a "locator file" or "drop down" file under the name of the file subject.
 - (n) In no case shall files be categorized, sorted or otherwise quantified by ethnicity or gender; these factors shall only appear as factors relating to the identifying characteristics of a person. If a group, organization or association has made gender or ethnicity a determining factor in the membership or association then that characteristic of the group, organization or association may be noted in the files pertaining to that group, organization or association.
 - (o) In no case shall Criminal Offender Record Information (CORI) data be incorporated into the intelligence file (Title 11 CFR Section § 703). The CORI file shall be kept at a separate location from the intelligence file system.
9. All source information in the file should identify the date of submission of the information, the submitting agency and the submitting officer or employee. If the information came from a source other than law enforcement the same information should be entered except that proper considerations should be given to protect the identity of confidential informants and citizen informants.
10. Intelligence files should contain "feedback" information that allows evaluation whether the accessed/disseminated intelligence was useful or not useful, accurate or inaccurate.
- (h) Intelligence file information may be made available to law enforcement officers or law enforcement agency employees who have both the "right to know" and "the need to know". The access/dissemination rules shall be the same for intelligence files as those set forth for developmental files and shall comply with the log maintenance provisions of this part.

607.7 INFORMATION CLASSIFICATION

Criminal Intelligence files should be classified to indicate the degree to which it is restricted in order to protect sources, open investigations, and to ensure the individuals rights to privacy.

- (a) **Top Secret or Secret:** Highest level of security. Access limited to only those who possess the applicable federally granted Top Secret or Secret level clearance. Currently the positions who possess this clearance are the Investigation Division

Information, including, but not limited to, active police investigations, informant identification information, corruption, and those reports which require strict dissemination and release criteria.
- (c) **Confidential:** Medium level of security. Access limited to Terrorism Liaison Detective / Intelligence personnel only.
- (d) **Restricted:** Lowest level of security. Access limited to law enforcement personnel only. Information obtained through intelligence channels that is not classified as sensitive and is for law enforcement use only. Restricted information may include previously classified sensitive information for which the need for a high level of security no longer exists.

 - 1. Information to which, in its original form, the general public has or had direct access (i.e., birth and death certificates).

 - 3. Other open-source material (i.e., internet information).

607.8 DISSEMINATION /ACCESS RULES FOR CRIMINAL INTELLIGENCE FILES

- (a) These files shall be accessed only on a need to know/ right to know basis in the performance of a law enforcement activity.
- (b) The person directly in charge of the Intelligence Bureau and/or his/her designee shall determine who shall have access to these files.
- (c) If access is granted by use of an intranet or internet connection with the authorized recipient, one of the following levels of security will be applied:
 - 1. **Free Access:** Other parties may enter information to existing files without authorization. Other parties may not remove or alter existing information.
 - 2. **Read-Only Access:** Other parties may see all or part of the existing information but may not enter information.
 - 3. **"Pointer" Access:** Other parties may enter identifiers. If the result is a match to information in the file, they do not see the information, but instead are "pointed" to a contact.

- (d) If intranet or internet access is not remote it shall be granted in the secure area only and the file shall not be permitted to be removed from the secure area.
- (e) Any printing or copying of criminal intelligence files or any portion of criminal intelligence files shall occur only if the person in charge of the Intelligence Bureau or his/her designee approves. Both the request to print or copy and the approval shall be documented. The requesting party shall not be permitted to print or copy unless that party has demonstrated to the Hayward Police Department that that party has written policies and procedures in place which are at least as stringent as these policies and procedures. The requesting party shall agree in writing that it will not disseminate the criminal intelligence information received to a third party without notification to and consent from the Hayward Police Department.

- (g) In all cases when there is an imminent threat of harm to persons or property and information in these files which might assist in preventing such harm shall be disseminated to persons, agencies or other entities, public or private who may be in such imminent danger or in a position to assist in preventing such harm.

607.9 PURGING OF CRIMINAL INTELLIGENCE FILES RULES

Intelligence files shall be purged from the system using the rules for purge applicable to developmental files (refer to this policy) at that point in time when they are no longer current, accurate or otherwise reliable or when five years have expired without any additional information which could support the conclusion that the subject of the file is still engaged in definable criminal activity having been added to the file.

607.10 PROCEDURE AND PROCESS REQUIREMENTS

- (a) Every twelve months the Hayward Police Department developmental and intelligence files shall be audited for compliance with these policies and procedures.
- (b) Specific attention shall be paid to:
 - 1. Whether all source documents are in the file.
 - 2. Source information has been evaluated for source and content validity.
 - 3. Whether a purge date has been established which is current and accurate.
 - 4. Whether procedures and processes contained within this policy are in need of updating.
- (c) This audit shall be conducted by the manager in charge of the Intelligence Bureau and shall be certified by him/her as a complete and accurate audit or, if the file size is too great to be completely audited, a complete audit of a representative sample of at

Hayward Police Department

Hayward PD Policy Manual

least twenty (20) percent of the file shall be audited each year. When a percentage of the file only is audited a record of the control numbers of that percentage of the files shall be kept and the group of files shall not be audited again until the entire system has been audited.

- (d) This audit result shall be reported to the Chief of Police.
- (e) If any files are found to be out of compliance with the requirements of these policies, those files shall be withdrawn from the system of which they are part, brought into compliance and re-evaluated to determine whether they may still be maintained as part of the files system.

607.11 SPECIALIZED EQUIPMENT

The Department will make available specialized equipment to support the intelligence-gathering function. Such equipment may include night vision devices, binoculars, cameras, cellular and audiovisual equipment, and unmarked vehicles. The Criminal Investigation Bureau Lieutenant will be responsible for controlling surveillance and undercover equipment owned or used by the Department.

607.12 REVISIONS

Enacted: February 18, 2009

Revised: July 5, 2009

Revised: April 9, 2013

Revised: May 23, 2016

THIS EYEWITNESS IDENTIFICATION POLICY IS NOT IN EFFECT UNTIL FURTHER NOTICE. IT HAS BEEN REPLACED BY DEPARTMENTAL DIRECTIVE DELIVERED VIA EMAIL ON 04/08/2020.

608.1 PURPOSE AND SCOPE

This policy sets forth guidelines to be used when members of this [department/office] employ eyewitness identification techniques (Penal Code § 859.7).

608.1.1 ACCREDITATION

This section pertains to the following CALEA Standards: 42.2.11, 42.2.12

608.1.2 DEFINITIONS

Definitions related to the policy include:

Eyewitness Identification Process - Any field identification, live lineup or photographic identification.

Field Identification or Show-Up - A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

Live Lineup - A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

Photographic Lineup - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

Double Blind Sequential Line-Up (DBSL)- A method intended to enhance the reliability of identification by eliminating unintentional investigator behavior and encouraging relative judgment. "Double blind" lineups are lineups conducted by officers who do not know which of the participants is the suspect. A "sequential" lineup is one in which the participants are presented to the witness one at a time. Specifically, the suspect or a "filler" steps out onto the stage and exits before the next participant steps out. In a sequential photo lineup, a single photo is shown to the witness and is removed before the next photo is shown.

608.2 POLICY

This Department will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

Hayward Police Department

Hayward PD Policy Manual

THIS EYEWITNESS IDENTIFICATION POLICY IS NOT IN EFFECT UNTIL FURTHER NOTICE. IT HAS BEEN REPLACED BY DEPARTMENTAL DIRECTIVE DELIVERED VIA EMAIL ON 04/08/2020.

608.3 INTERPRETIVE SERVICES

Officers should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating officer should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

608.4 EYEWITNESS IDENTIFICATION FORM

The Criminal Investigation Bureau supervisor shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications.

The process and any related forms or reports should provide:

- (a) The date, time and location of the eyewitness identification procedure.
- (b) The name and identifying information of the witness.
- (c) The name of the person administering the identification procedure.
- (d) If applicable, the names of all of the individuals present during the identification procedure.
- (e) An admonishment that the suspect's photograph may or may not be among those presented and that the witness is not obligated to make an identification.
- (f) An admonishment to the witness that the investigation will continue regardless of whether an identification is made by the witness.
- (g) A signature line where the witness acknowledges that he/she understands the identification procedures and instructions.

The process and related forms should be reviewed at least annually and modified when necessary.

608.5 EYEWITNESS IDENTIFICATION

Members are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case.

Members should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified or failed to identify the individual as the suspect.

Hayward Police Department

Hayward PD Policy Manual

THIS EYEWITNESS IDENTIFICATION POLICY IS NOT IN EFFECT UNTIL FURTHER NOTICE. IT HAS BEEN REPLACED BY DEPARTMENTAL DIRECTIVE DELIVERED VIA EMAIL ON 04/08/2020.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

Whenever feasible, the eyewitness identification procedure should be audio and video recorded and the recording should be retained according to current evidence procedures (Penal Code § 859.7).

608.5.1 PHOTOGRAPHIC LINEUP AND LIVE LINEUP CONSIDERATIONS

The following considerations shall be followed:

- (a) When practicable, the employee presenting the lineup to a witness should not be directly involved in the investigation of the case or know which photograph or person is the suspect. However, the composer of the lineup can be directly involved in the case.
- (b) The employee who presents the lineup shall be equipped with a properly working audio or video recorder. Lineups shall be video or audio recorded.
- (c) Prior to the presentation, each witness shall be admonished that he/she is not required to make an identification of any person shown during an eyewitness identification process. The eyewitness identification form shall be completed at this time.
- (d) Other persons or photos ("fillers") used in any lineup should bear similar characteristics to the suspect to avoid causing him/her to unreasonably stand out. In cases involving multiple suspects, a separate lineup shall be conducted for each suspect. The suspects shall be placed in a different order within each lineup.
- (e) The employee presenting the lineup to a witness shall do so sequentially and not simultaneously (i.e., show the witness one person at a time). The witness must view all persons in the lineup. Witnesses may not compare photographs.
- (f) If a witness asks to see a particular photograph again, advise the witness that you must conduct the fully sequential line-up in order again. Then, proceed with conducting the sequential line-up in the same order.
- (g) In cases with multiple witnesses, the order of the suspect photo and fillers shall be shuffled between each presentation before being presenting to each witness.
- (h) If the witness identifies the suspect before the sequential line-up has been fully conducted, proceed with the lineup in sequential order.
- (i) A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating officer should contact the appropriate prosecuting attorney before proceeding.

Hayward Police Department

Hayward PD Policy Manual

THIS EYEWITNESS IDENTIFICATION POLICY IS NOT IN EFFECT UNTIL FURTHER NOTICE. IT HAS BEEN REPLACED BY DEPARTMENTAL DIRECTIVE DELIVERED VIA EMAIL ON 04/08/2020.

608.5.2 FIELD IDENTIFICATION CONSIDERATIONS

Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identifications. A field elimination or show-up identification should not be used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the officer should observe the following guidelines:

- (a) Obtain a complete description of the suspect from the witness.
- (b) Assess whether a witness should be included in a field identification process by considering:
 - 1. The length of time the witness observed the suspect.
 - 2. The distance between the witness and the suspect.
 - 3. Whether the witness could view the suspect's face.
 - 4. The quality of the lighting when the suspect was observed by the witness.
 - 5. Whether there were distracting noises or activity during the observation.
 - 6. Any other circumstances affecting the witness's opportunity to observe the suspect.
 - 7. The length of time that has elapsed since the witness observed the suspect.
- (c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.
- (d) When feasible, officers should bring the witness to the location of the suspect, rather than bring the suspect to the witness.
- (e) A person should not be shown to the same witness more than once.
- (f) In cases involving multiple suspects, witnesses should only be permitted to view the suspects one at a time.
- (g) A person in a field identification should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.

608.6 DOCUMENTATION

Prior to the eyewitness process, the officer shall ensure that the eyewitness identification form is complete.

A thorough description of the eyewitness process and the results of any eyewitness identification should be documented in the case report. Witness comments of how certain he/she is of the identification or non-identification should be quoted in the report.

Hayward Police Department

Hayward PD Policy Manual

THIS EYEWITNESS IDENTIFICATION POLICY IS NOT IN EFFECT UNTIL FURTHER NOTICE. IT HAS BEEN REPLACED BY DEPARTMENTAL DIRECTIVE DELIVERED VIA EMAIL ON 04/08/2020.

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.

608.6.1 DOCUMENTATION RELATED TO RECORDINGS

The handling member shall document the reason that a video recording or any other recording of an identification was not obtained (Penal Code § 859.7).

608.6.2 DOCUMENTATION RELATED TO BLIND ADMINISTRATION

Brady Material Disclosure

609.1 PURPOSE AND SCOPE

This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called "Brady Information") to a prosecuting attorney.

609.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards:

609.1.2 DEFINITIONS

Definitions related to this policy include:

Brady Information - Information known or possessed by the Hayward Police Department that is both favorable and material to the current prosecution or defense of a criminal defendant.

609.2 POLICY

The Hayward Police Department will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the Hayward Police Department will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Department will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

609.3 DISCLOSURE OF INVESTIGATIVE INFORMATION

Officers must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If an officer learns of potentially incriminating or exculpatory information any time after submission of a case, the officer or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor's office.

If information is believed to be privileged or confidential (e.g., confidential informant or protected personnel files), the officer should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If an officer is unsure whether evidence or facts are material, the officer should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should address the issue with an appropriate prosecutor.

Hayward Police Department

Hayward PD Policy Manual

Brady Material Disclosure

609.4 DISCLOSURE OF PERSONNEL INFORMATION

Whenever it is determined that Brady information is located in the personnel file of a member of this Department who is a material witness in a criminal case, the following procedure shall apply:

- (a) In the event that a Pitchess motion has not already been filed by the criminal defendant or other party pursuant to Evidence Code § 1043, the prosecuting attorney shall be notified of the potential presence of Brady information in the officer's personnel file.
- (b) The prosecuting attorney should then be requested to file a Pitchess motion in order to initiate an in camera review by the court.
- (c) Any member who is the subject of such a motion shall be notified in writing that a motion has been filed.
- (d) The Custodian of Records shall accompany all relevant files during any in camera inspection and address any issues or questions raised by the court in determining whether any information contained in the files is both material and favorable to the criminal defendant.
- (e) If the court determines that there is relevant Brady information contained in the files, only that information ordered released will be copied and released to the parties filing the motion.
 1. Prior to the release of any information pursuant to this process, the Custodian of Records should request a protective order from the court limiting the use of such information to the involved case and requiring the return of all copies upon completion of the case.

609.5 INVESTIGATING BRADY ISSUES

If the Department receives information from any source that a member may have issues of credibility, dishonesty or has been engaged in an act of moral turpitude or criminal conduct, the information shall be immediately forwarded to the Internal Affairs Lieutenant and investigated and processed in accordance with the Personnel Complaints Policy.

609.6 TRAINING

Department members should receive periodic training on the requirements of this policy.

Personal Communication Devices

701.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of City owned and issued mobile telephones and those personally owned and used during work hours. The Hayward Police Department is committed to being fiscally responsible for costs associated with telephones and telephone service plans for those phones that it owns and maintains.

This policy generically refers to all such devices as Personal Communication Devices (PCD) but is intended to include all mobile telephones, personal digital assistants (PDA) and similar wireless two-way communications and/or portable Internet access devices. PCD use includes, but is not limited to, placing and receiving calls, text messaging, blogging and microblogging, e-mailing, using video or camera features, playing games and accessing sites or services on the Internet.

701.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 17.5.1, 17.5.2, 17.5.3, 41.3.4

701.2 POLICY STATEMENT

The Hayward Police Department expects and/or allows employees to utilize Department-issued and personally owned mobile telephones in the workplace, subject to certain limitations.

City-owned mobile telephone and communications equipment is for official business only. Limited personal use within the following two categories is permissible:

- Use in the interest of the City: Examples include alerting household members of unexpected schedule changes; managing child care; contacting medical staff; contacting businesses or agencies that are only available during normal work hours; and managing emergency repairs to vehicles or residences.
- Other: Personal needs arising during duty hours when the use does not incur additional charges to the City.

Acceptable personal use of City mobile telephones must be of brief duration, address needs that cannot reasonably be handled during non-duty hours, and shall not adversely affect work performance.

Personally-owned mobile telephone and communications equipment can also be used during work hours but are subject to the following exclusions:

- Use in the interest of the City: Costs associated with the use of personally-owned mobile telephone and communications equipment will not be borne by the Department or the City of Hayward.
- Other: Personal needs arising during duty hours when the use does not interfere with identified work tasks or product.

Hayward Police Department

Hayward PD Policy Manual

Personal Communication Devices

701.3 DEPARTMENT MOBILE TELEPHONE EQUIPMENT

Appropriate mobile equipment and services will be provided to Department employees based on their job assignment as determined necessary by the Chief of Police. Issuance of equipment will be handled by the designated Departmental Mobile Phone Manager.

- Employees issued a mobile telephone will sign an Equipment Issue Record which will include an acknowledgement of the provisions of this policy, and will be filed in their training record.
- Any employee issued a mobile telephone will carry it at all times while on duty and for the duration of any on-call assignment.

In lieu of carrying a City issued mobile telephone, employees in these selected positions may opt to carry their personal phone. This option requires the employee to make their personal telephone number available and, in most cases, connect their phone to the City's corporate email server. There is no City reimbursement for selecting this option.

701.4 REQUIREMENTS FOR HANDS FREE USE OF A MOBILE TELEPHONE WHILE DRIVING

Whether an employee uses a city-owned mobile telephone or his/her personally-owned mobile telephone while driving, the use of a hands-free Bluetooth device shall be required. Employees shall comply with all rules of the road as outlined in the California Vehicle Code (CVC). Costs associated with the purchase and use of a hands-free Bluetooth device will not be borne by the Department or the City of Hayward.

701.5 PRIVACY RIGHTS, AUDITS AND OVERSIGHT FOR MOBILE TELEPHONE EQUIPMENT

All documentation resulting from the use of a City owned telephone is a public record.

Employees shall have no expectation of privacy with regard to any communication made with or stored in or through mobile telephones issued by the Department and shall have no expectation of privacy in their location should the device be equipped with location detection capabilities. The use of any Department provided or funded mobile telephone, computer, Internet service, telephone service or other wireless service while on-duty is without any expectation of privacy that the employee might otherwise have in any communication, including the content of any such communication. Communications or data reception on personal, password-protected, web-based e-mail accounts and any other services are subject to monitoring if Department equipment is used.

Individual phone use will be reviewed on a regular and as-needed basis by the Chief of Police or his/her designee. When phone use exceeds expectations in a given period, the employee may be asked to review and identify their phone activity.

Inappropriate use of City telephones may result in disciplinary action up to and including employment termination.

Hayward Police Department

Hayward PD Policy Manual

Personal Communication Devices

Any mobile telephone use, either on or off-duty in any manner reasonably related to the business of the Department, will be subject to monitoring and inspection.

The inappropriate use of a mobile telephone while on-duty may impair officer safety. Additionally, employees are advised and cautioned that the use of a personally owned mobile telephone either on-duty or after duty hours for business-related purposes may subject the employee and the employee's mobile telephone records to civil or criminal discovery or disclosure under applicable public records laws.

Employees who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory personnel.

701.6 USE OF PERSONAL COMMUNICATION DEVICES

The following protocols shall apply to all PCDs that are carried while on-duty or used to conduct department business:

- (a) A PCD shall not be carried in a manner that allows it to be visible while in uniform, unless it is in an approved carrier.
- (b) All PCDs in the workplace shall be set to silent or vibrate mode.
- (c) A PCD may not be used to conduct personal business while on-duty, except for brief personal communications (e.g., informing family of extended hours). Employees shall endeavor to limit their use of PCDs to authorized break times, unless an emergency exists.
- (d) Employees may use a PCD to communicate with other personnel in situations where the use of the radio is either impracticable or not feasible. PCDs should not be used as a substitute for, as a way to avoid or in lieu of regular radio communications.
- (e) Officers are prohibited from taking pictures, video or making audio recordings or making copies of any such picture or recording media unless it is directly related to official department business. Disclosure of any such information to any third party through any means, without the express authorization of the Chief of Police or the authorized designee, may result in discipline.
- (f) Employees will not access social networking sites for any purpose that is not official department business.
- (g) Using PCDs to harass, threaten, coerce or otherwise engage in inappropriate conduct with any third party is prohibited. Any employee having knowledge of such conduct shall promptly notify a supervisor.

701.7 SUPERVISORY RESPONSIBILITIES

Supervisors should ensure that members under their command are provided appropriate training on the use of PCDs consistent with this policy. Supervisors should monitor, to the extent practicable, PCD use in the workplace and take prompt corrective action if an employee is

Hayward Police Department

Hayward PD Policy Manual

Personal Communication Devices

observed or reported to be improperly using a PCD. An investigation into improper conduct should be promptly initiated when circumstances warrant.

If, when carrying out any provision of this policy, the need to contact an employee who is off-duty arises, supervisors should consider delaying the contact, if practicable, until the employee is on-duty, as such contact may be compensable.

701.8 USE WHILE DRIVING

The use of a PCD while driving can adversely affect safety, cause unnecessary distractions and present a negative image to the public. Officers operating emergency vehicles should restrict the use of these devices to matters of an urgent nature and should, where practicable, stop the vehicle at an appropriate location to use the PCD.

Except in an emergency, non-sworn members who are operating department vehicles shall not use a PCD while driving unless the device is specifically designed and configured to allow hands-free use (Vehicle Code § 23123; Vehicle Code § 23123.5). Hands-free use should be restricted to business-related calls or calls of an urgent nature.

701.9 OFFICIAL USE

Employees are reminded that PCDs are not secure devices and conversations may be intercepted or overheard. Caution should be exercised while utilizing PCDs to ensure that sensitive information is not inadvertently transmitted. As soon as reasonably possible, employees shall conduct sensitive or private communications on a land-based or other department communications network.

The following situations are examples of when the use of a PCD may be appropriate:

- (a) Barricaded suspects
- (b) Hostage situations
- (c) Mobile Command Post
- (d) Catastrophic disasters, such as plane crashes, earthquakes, floods, etc.
- (e) Major political or community events
- (f) Investigative stakeouts
- (g) Emergency contact with an allied agency or allied agency field unit
- (h) When immediate communication is needed and the use of the radio is not available or appropriate and other means are not readily available

703.5 KEYS AND SECURITY

The lab forms will be transported with the property to the examining laboratory. Upon delivering the item involved, the officer will record the delivery time on both copies, and indicate the locker in which the item was placed or the employee to whom it was delivered. The original copy of the lab form will remain with the evidence and the copy will be returned to the Records Bureau for filing with the case.

The release authorization shall be signed by the authorizing supervisor or detective and must conform to the items listed on the property form or must specify the specific item(s) to be released. Release of all property shall be documented on the property form.

With the exception of firearms and other property specifically regulated by statute, found property and property held for safekeeping shall be held for a minimum of 90 days. During such period, property personnel shall attempt to contact the rightful owner by telephone and/or mail when sufficient identifying information is available. Property not held for any other purpose and not claimed within 90 days after notification (or receipt, if notification is not feasible) may be auctioned to the highest bidder at a properly published public auction. If such property is not sold at auction or otherwise lawfully claimed, it may thereafter be destroyed (Civil Code § 2080.6). The [Department/Office] is not required to retain any firearm, magazine, or ammunition longer than 180 days after notice has been provided to the owner that such items are available for return. At the expiration of such period, the firearm, magazine, or ammunition may be processed for disposal in accordance with applicable law (Penal Code § 33875).

802.6.6 DISPUTED CLAIMS TO PROPERTY

Such property shall not be released until one party has obtained a valid court order or other undisputed right to the involved property.

All parties should be advised that their claims are civil and in extreme situations, legal counsel for the [Department/Office] may wish to file an interpleader to resolve the disputed claim (Code of Civil Procedure § 386(b)).

To establish guidelines and procedures to determine when the Online Reporting and Telephone Reporting System will be utilized. It shall be the policy of the Hayward Police Department to provide Online and Phone Reporting Services to the Community.

804.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 82.2.5

804.2 E-REPORTS

The Hayward Police Department will respond to all in-progress incidents and all crimes with evidence or information, which may lead to the identity and/or apprehension of a suspect. Officers will also respond to incidents which have just occurred and there is a reasonable likelihood the suspect may still be in the area. The following crimes and reports may be referred to the On-line Reporting System:

- (a) Any theft report where the loss is under \$10,000.00 and there is no identifying suspect information, which can lead to an arrest. This does not include thefts of firearms or materials threatening to public safety, such as explosives or highly toxic substances. These incidents shall have an officer respond to investigate.
- (b) Auto burglaries lacking suspect information that can lead to an arrest. If there is surveillance video of the auto burglary, an officer shall respond to investigate.
- (c) Garage burglaries with no forced entry or identifying suspect information.
- (d) Attempted auto thefts with no identifying suspect information.
- (e) Vandalisms with no identifying suspect information. If a vandalism occurs that is determined to be a Hate Crime, an officer shall be dispatched to the scene to conduct an investigation.

- (g) Lost property reports. Even if the victim cannot determine if the property was lost or stolen, the report can be taken on-line, as long as there is no suspect information.
- (h) Non injury hit and run accidents lacking identifying suspect information.

804.2.1 NON-REFERRALS

Under the following circumstances officers should not refer a citizen to the On-line Reporting System:

- (a) If an officer is flagged down by a citizen to file a report which could be taken on-line, the officer shall take the report and not refer the citizen to the On-line System. If an officer is called away to a higher priority call, the officer can advise the citizen to call the dispatch center, who in turn can refer them to the On-line reporting process.

Hayward Police Department

Hayward PD Policy Manual

E-Reports (On-Line) and Phone Reports

- (b) If an officer is flagged down for a report, which meets the On-line criteria, the officer cannot go on-line themselves to utilize the On-line Report System to document the report. Officers shall use our report writing process to document police reports.
- (c) Any investigation involving serialized property where the numbers are provided by the victim will not be taken on-line. For the purpose of this directive, credit cards and miscellaneous identification, such as medical cards, driver's licenses or social security cards will not be considered serialized property.
- (d) Missing person reports shall never be taken on-line.

804.2.2 COMMUNICATIONS CENTER RESPONSIBILITIES

When a dispatcher receives a call from a citizen wishing to report an incident, the dispatcher will determine if the call falls within the scope of an on-line report. If so, the communications operator shall:

- (a) Ask the citizen if they have access to the Internet.
- (b) Inform the caller their report can be taken on-line, which will allow them access to file the report immediately, as well as obtain a copy of their report for free.
- (c) Direct the caller to the Hayward Police Department's website address, so they can file the report on-line. Advise them that once they gain access to our website, they will be guided through the on-line report writing process.

If the dispatcher determines the report is not suitable for on-line reporting based on the listed criteria, they will prioritize the call and either have an officer respond, assign it to the Telephone Reporting Unit or send it to the Desk Officer to take the report. If a citizen demands to file a report with an officer, or if they call back and state they are having difficulty filing the report on-line, the incident will be transferred to the Telephone Reporting Unit to take the report.

804.2.3 REPORT REVIEW AND APPROVAL

The Hayward Police Department's Field Training Officers will be responsible for reviewing the reports submitted on-line. It will be their responsibility to check the website daily and pull up all reports submitted to the system. Training will be given to all Field Training Officers on the review and approval process.

- (a) If an On-line report has been misclassified, such as an auto burglary being reported as a theft, then the Field Training Officer can reclassify the report according to the elements outlined in the report.
- (b) Reviewing officers should refrain from making grammatical corrections to the On-line reports.
- (c) An On-line report can be rejected by the reviewing officer. If the report is rejected, the reason for the rejection shall be noted in an appropriate and professional manner in the rejection box on the form. The report will then be sent back to the citizen via e-mail.

Hayward Police Department

Hayward PD Policy Manual

E-Reports (On-Line) and Phone Reports

- (d) If appropriate, the reviewing officer can request a patrol response when they believe the circumstances of the On-line report warrant further investigation. If this occurs, the reviewing officer shall reject the report and return it to the citizen. The officer will document in the rejection box that the report has been rejected and that an officer will be contacting them to take the report in person. The reviewing officer will ensure that a CAD entry is made for a police response.

The E-Report On-line Report System shall be managed by a designated Watch Commander and supervised by all Patrol Sergeants.

804.4 TELEPHONE REPORTING UNIT (TRU)

- (d) **ANNOYING PHONE CALLS / GARBAGE DUMPS / DISTURBANCES-** TRU personnel may take these complaints when face-to-face contact with the suspect is not necessary or possible. - (e) **TRAFFIC COLLISIONS** - TRU may take non-injury accident reports and Hit-and-Run reports where no suspect information is known. If TRU personnel are not available to respond a patrol officer should be dispatched.

Restoration of Firearm Serial Numbers

805.1 PURPOSE AND SCOPE

The primary purpose for restoring firearm serial numbers is to determine the prior owners or origin of the item from which the number has been recovered. Thus, property can be returned to rightful owners or investigations can be initiated to curb illegal trade of contraband firearms. The purpose of this plan is to develop standards, methodologies, and safety protocols for the recovery of obliterated serial numbers from firearms and other objects using procedures that are accepted as industry standards in the forensic community. All personnel who are involved in the restoration of serial numbers will observe the following guidelines. This policy complies with Penal Code § 11108.9.

805.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards:

805.2 PROCEDURE

Any firearm coming into the possession of the Hayward Police Department as evidence, found property, etc., where the serial numbers have been removed or obliterated will be processed in the following manner:

805.2.1 PRELIMINARY FIREARM EXAMINATION

- (a) Always keep the muzzle pointed in a safe direction. Be sure the firearm is in an unloaded condition. This includes removal of the ammunition source (e.g., the detachable magazine, contents of the tubular magazine) as well as the chamber contents.
- (b) If the firearm is corroded shut or in a condition that would preclude inspection of the chamber contents, treat the firearm as if it is loaded. Make immediate arrangements for a firearms examiner or other qualified examiner to render the firearm safe.
- (c) Accurately record/document the condition of the gun when received. Note the positions of the various components such as the safeties, cylinder, magazine, slide, hammer, etc. Accurately record/document cylinder chamber and magazine contents. Package the ammunition separately.
- (d) If the firearm is to be processed for fingerprints or trace evidence, process before the serial number restoration is attempted. First record/document important aspects such as halos on the revolver cylinder face or other relevant evidence that might be obscured by the fingerprinting chemicals.

805.2.2 PROPERTY BOOKING PROCEDURE

Any employee taking possession of a firearm with removed/obliterated serial numbers shall book the firearm into evidence following standard procedures. The employee booking the firearm shall indicate on the property form that serial numbers have been removed or obliterated.

Hayward PD Policy Manual

Restoration of Firearm Serial Numbers

805.2.3 OFFICER RESPONSIBILITY

Property/Evidence personnel receiving a firearm when the serial numbers have been removed or obliterated shall arrange for the firearm to be transported to the crime lab for restoration and maintain the chain of evidence.

805.2.4 DOCUMENTATION

Case reports are prepared in order to document the chain of custody and the initial examination and handling of evidence from the time it is received and/or collected until it is released.

This report must include a record of the manner in which and/or from whom the firearm was received. This may appear on the crime lab request form or property form depending on the type of evidence.

805.2.5 FIREARM TRACE

After the serial number has been restored (or partially restored) by the criminalistics laboratory, the Property Unit Manager will assure that a Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) NTC Obliterated Serial Number Trace Request Form (ATC 3312.1-OBL) is forwarded to the National Tracing Center in Falling Waters, West Virginia or enter the data into the ATF eTrace system.

805.3 BULLET AND CASING IDENTIFICATION

Exemplar bullets and cartridge cases from the firearm, depending upon acceptance criteria and protocol, may be submitted to the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) National Integrated Ballistic Information Network (NIBIN) which uses the Integrated Ballistic Identification System (IBIS) technology to search the national database and compare with ballistic evidence recovered from other crime scenes.

806.2 PUBLIC REQUESTS FOR RECORDS

The California Public Records Act (Government Code § 6250, et seq.) provides that records created by a public agency shall be subject to inspection and release pursuant to request, except pursuant to exemptions set forth in the Act or otherwise established by statute. Public requests for records of this Department shall be processed as follows:

806.3 CUSTODIAN OF RECORDS RESPONSIBILITIES

The Chief of Police shall designate a Custodian of Records. The responsibilities of the Custodian of Records include but are not limited to:

- (j) Ensuring that a list and description, when applicable, of enterprise systems (as defined by Government Code § 6270.5) is publicly available upon request and posted in a prominent location on the [Department/Office]'s website.

806.3.1 JUVENILE RECORDS

For guidelines on collecting, disseminating and retaining juvenile records, members should reference the Juvenile Records Processing procedure.

806.4 PROCESSING REQUESTS FOR PUBLIC RECORDS

Any [department/office] member who receives a request for any record shall route the request to the Custodian of Records or the authorized designee.

806.4.1 REQUESTS FOR RECORDS

Any member of the public, including the media and elected officials, may access unrestricted records of this [department/office], during regular business hours by submitting a written and signed request that reasonably describes each record sought and paying any associated fees (Government Code § 6253).

The processing of requests for any record is subject to the following (Government Code § 6253):

- (a) The [Department/Office] is not required to create records that do not exist.
- (b) Victims of an incident or their authorized representative shall not be required to show proof of legal presence in the United States to obtain [department/office] records or information. If identification is required, a current driver's license or identification card issued by any state in the United States, a current passport issued by the United States or a foreign government with which the United States has a diplomatic relationship or current Matricula Consular card is acceptable (Government Code § 6254.30).
- (c) Either the requested record or the reason for non-disclosure will be provided promptly, but no later than 10 days from the date of request, unless unusual circumstances preclude doing so. If more time is needed, an extension of up to 14 additional days may be authorized by the Custodian of Records or the authorized designee. If an extension is authorized, the [Department/Office] shall provide the requester written notice that includes the reason for the extension and the anticipated date of the response.
 - 1. When the request does not reasonably describe the records sought, the Custodian of Records shall assist the requester in making the request focused and effective in a way to identify the records or information that would be responsive to the request including providing assistance for overcoming any practical basis for denying access to the records or information. The Custodian of Records shall also assist in describing the information technology and physical location in which the record exists (Government Code § 6253.1).
 - 2. If the record requested is available on the [department/office] website, the requester may be directed to the location on the website where the record is

posted. If the requester is unable to access or reproduce the record, a copy of the record shall be promptly provided.

- (d) Upon request, a record shall be provided in an electronic format utilized by the [Department/Office]. Records shall not be provided only in electronic format unless specifically requested (Government Code § 6253.9).
- (e) When a record contains material with release restrictions and material that is not subject to release restrictions, the restricted material shall be redacted and the unrestricted material released.
 - 1. A copy of the redacted release should be maintained in the case file for proof of what was actually released and as a place to document the reasons for the redactions. If the record is audio or video, a copy of the redacted audio/video release should be maintained in the [department/office]-approved media storage system and a notation should be made in the case file to document the release and the reasons for the redacted portions.
- (f) If a record request is denied in whole or part, the requester shall be provided a written response that includes the statutory exemption for withholding the record or facts that the public interest served by nondisclosure outweighs the interest served by disclosure (Government Code § 6255). The written response shall also include the names, titles or positions of each person responsible for the denial.

806.5 RELEASE RESTRICTIONS

Examples of release restrictions include:

- (a) Personal identifying information, including an individual's photograph; Social Security and driver identification numbers; name, address, and telephone number; and medical or disability information that is contained in any driver license record, motor vehicle record, or any [department/office] record including traffic collision reports, are restricted except as authorized by the [Department/Office], and only when such use or disclosure is permitted or required by law to carry out a legitimate law enforcement purpose (18 USC § 2721; 18 USC § 2722).

Federal officials may be required to obtain a court order to obtain certain juvenile information (Welfare and Institutions Code § 827.9; Welfare and Institutions Code § 827.95; Welfare and Institutions Code § 831).

806.6 SUBPOENAS AND DISCOVERY REQUESTS

Any member who receives a subpoena duces tecum or discovery request for records should promptly contact a supervisor and the Custodian of Records for review and processing. While a subpoena duces tecum may ultimately be subject to compliance, it is not an order from the court that will automatically require the release of the requested information.

Generally, discovery requests and subpoenas from criminal defendants and their authorized representatives (including attorneys) should be referred to the District Attorney, City Attorney or the courts.

All questions regarding compliance with any subpoena duces tecum or discovery request should be promptly referred to legal counsel for the Department so that a timely response can be prepared.

806.7 RELEASED RECORDS TO BE MARKED

Each page of any written record released pursuant to this policy should be stamped in a colored ink or otherwise marked to indicate the [department/office] name and to whom the record was released.

Each audio/video recording released should include the [department/office] name and to whom the record was released.

806.8 INTERNAL DISTRIBUTION OF REPORTS AND RECORDS

The Hayward Police Department currently employs two methods of internal routing of reports and records. An automated process utilizing the Record Management System and inter-departmental email allows for the selection of individual distribution point notifications to identified employees or work groups.

Secondly, a manual process utilizing a routing sheet that accompanies each report allows for Records Bureau personnel to be notified of necessary additional routing of the report to identified employees or work groups. The routing sheet also allows for supervisory approval of the report and selection of additional routing, as necessary. This routing sheet is maintained in the electronic case file, with notations of the internal routing being made.

806.9 SEALED RECORD ORDERS

Sealed record orders received by the [Department/Office] shall be reviewed for appropriate action by the Custodian of Records. The Custodian of Records shall seal such records as ordered by the court. Records may include but are not limited to a record of arrest, investigation, detention, or conviction. Once the record is sealed, members shall respond to any inquiry as though the record did not exist (Penal Code § 851.8; Welfare and Institutions Code § 781).

When an arrest record is sealed pursuant to Penal Code § 851.87, Penal Code § 851.90, Penal Code § 851.91, Penal Code § 1000.4, or Penal Code § 1001.9, the Records Administrator shall ensure that the required notations on local summary criminal history information and police investigative reports are made. Sealed records may be disclosed or used as authorized by Penal Code § 851.92.

806.9.1 SEALED JUVENILE ARREST RECORDS

Upon receiving notice from a probation department to seal juvenile arrest records pursuant to Welfare and Institutions Code § 786.5, the Records Administrator should ensure that the records are sealed within 60 days of that notice and that the probation department is notified once the records have been sealed (Welfare and Institutions Code § 786.5).

806.10 SECURITY BREACHES

The Records Administrator shall ensure notice is given anytime there is a reasonable belief an unauthorized person has acquired either unencrypted personal identifying information or encrypted personal information along with the encryption key or security credential stored in any [Department/Office] information system (Civil Code § 1798.29).

Notice shall be given as soon as reasonably practicable to all individuals whose information may have been acquired. The notification may be delayed if the [Department/Office] determines that notification will impede a criminal investigation or any measures necessary to determine the scope of the breach and restore the reasonable integrity of the data system.

For the purposes of this requirement, personal identifying information includes an individual's first name or first initial and last name in combination with any one or more of the following:

answer, as applicable, or to take other appropriate steps to protect the online account with the Department in addition to any other online accounts for which the person uses the same username or email address and password or security question and answer.

2. When the breach involves an email address that was furnished by the Hayward Police Department, notification of the breach should not be sent to that email address but should instead be made by another appropriate medium as prescribed by Civil Code § 1798.29.

806.10.2 MANNER OF NOTICE

- (a) Notice may be provided by one of the following methods (Civil Code § 1798.29):

 - (a) Email notice when the Department has an email address for the subject person.
 - (b) Conspicuous posting of the notice on the department's webpage for a minimum of 30 days.
 4. Notification to major statewide media and the California Information Security Office within the California Department of Technology.
- (b) If a single breach requires the Department to notify more than 500 California residents, the Department shall electronically submit a sample copy of the notification, excluding any personally identifiable information, to the Attorney General.

806.11 RELEASE OF AUDIO OR VIDEO RECORDINGS RELATED TO CRITICAL INCIDENTS

Video and audio recordings related to critical incidents shall be released upon a proper public record request and subject to delayed release, redaction, and other release restrictions as provided by law (Government Code § 6254(f)(4)).

For purposes of this section, a video or audio recording relates to a critical incident if it depicts an incident involving the discharge of a firearm at a person by an officer, or depicts an incident in which the use of force by an officer against a person resulted in death or in great bodily injury (as defined by Penal Code § 243(f)(4)) (Government Code § 6254(f)(4)).

The Custodian of Records should work as appropriate with the Chief of Police or the Internal Affairs Unit supervisor in determining what recordings may qualify for disclosure when a request for a recording is received and if the requested recording is subject to delay from disclosure, redaction, or other release restrictions.

Hayward Police Department

Hayward PD Policy Manual

Records Maintenance and Release

806.11.1 DELAY OF RELEASE

Disclosure of critical incident recordings during active criminal or administrative investigations may be delayed as follows if disclosure would substantially interfere with the investigation, such as by endangering the safety of a witness or a confidential source:

- (a) Disclosure may be delayed up to 45 days from the date the [Department/Office] knew or reasonably should have known about the incident.
- (b) Delay of disclosure may continue after the initial 45 days and up to one year if the [Department/Office] demonstrates that disclosure would substantially interfere with the investigation.
- (c) Any delay of disclosure longer than one year must be supported by clear and convincing evidence that disclosure would substantially interfere with the investigation (Government Code § 6254(f)(4)).

806.11.2 NOTICE OF DELAY OF RELEASE

When there is justification to delay disclosure of a recording, the Custodian of Records shall provide written notice to the requester as follows (Government Code § 6254(f)(4)):

- (a) During the initial 45 days, the Custodian of Records shall provide the requester with written notice of the specific basis for the determination that disclosure would substantially interfere with the investigation. The notice shall also include the estimated date for the disclosure.
- (b) When delay is continued after the initial 45 days, the Custodian of Records shall promptly provide the requester with written notice of the specific basis for the determination that the interest in preventing interference with an active investigation outweighs the public interest in the disclosure, and the estimated date for the disclosure. The Custodian of Records should work with the Chief of Police in reassessing the decision to continue withholding a recording and notify the requester every 30 days.

Recordings withheld shall be disclosed promptly when the specific basis for withholding the recording is resolved.

806.11.3 REDACTION

If the Custodian of Records, in consultation with the Chief of Police or authorized designee, determines that specific portions of the recording may violate the reasonable expectation of privacy of a person depicted in the recording, the [Department/Office] should use redaction technology to redact portions of recordings made available for release. The redaction should not interfere with the viewer's ability to fully, completely, and accurately comprehend the events captured in the recording, and the recording should not otherwise be edited or altered (Government Code § 6254(f)(4)).

If any portions of a recording are withheld to protect the reasonable expectation of privacy of a person depicted in the recording, the Custodian of Records shall provide in writing to the requester the specific basis for the expectation of privacy and the public interest served (Government Code § 6254(f)(4)).

Hayward Police Department

Hayward PD Policy Manual

Records Maintenance and Release

806.11.4 RECORDINGS WITHHELD FROM PUBLIC DISCLOSURE

If the reasonable expectation of privacy of a person depicted in the recording cannot adequately be protected through redaction, and that interest outweighs the public interest in disclosure, the [Department/Office] may withhold the recording from the public, except that the recording, either redacted or unredacted, shall be disclosed promptly, upon request, to any of the following (Government Code § 6254(f)(4)):

- (a) The person in the recording whose privacy is to be protected, or his/her authorized representative.
- (b) If the person is a minor, the parent or legal guardian of the person whose privacy is to be protected.
- (c) If the person whose privacy is to be protected is deceased, an heir, beneficiary, designated immediate family member, or authorized legal representative of the deceased person whose privacy is to be protected.

If the [Department/Office] determines that this disclosure would substantially interfere with an active criminal or administrative investigation, the Custodian of Records shall provide the requester with written notice of the specific basis for the determination and the estimated date of disclosure (Government Code § 6254(f)(4)).

The [Department/Office] may continue to delay release of the recording from the public for 45 days with extensions as provided in this policy (Government Code § 6254(f)(4)(A)).

This includes all information contained in federal, state or local law enforcement databases that is not accessible to the public.

807.1.2 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 82.1.1, 82.1.2, 82.1.7

807.2 POLICY

This policy is established pursuant to the mandate of the Regulations Regarding Security of Criminal Offender Record Information in California, Title 11, California Administrative Code. Other authority includes Penal Code § 11105, which delineates who has access to Criminal Offender Record Information (CORI), and Penal Code § 11140 through 11144, which establishes penalties for the improper use of rap sheets.

807.3 RESPONSIBILITIES

Authorized Recipient - Any person or agency authorized by court order, statute or case law to receive CORI.

Right to Know - Persons or agencies authorized by court order, statute or decisional case law to receive the information.

Need to Know - A necessity exists to obtain CORI in order to execute official responsibilities.

807.4 ACCESS TO PROTECTED INFORMATION

Protected information shall not be accessed in violation of any law, order, regulation, user agreement, Hayward Police Department policy or training. Only those members who have completed applicable training and met any applicable requirements, such as a background check,

Hayward Police Department

Hayward PD Policy Manual

Protected Information

may access protected information, and only when the member has a legitimate work-related reason for such access.

Unauthorized access, including access for other than a legitimate work-related purpose, is prohibited and may subject a member to administrative action pursuant to the Personnel Complaints Policy and/or criminal prosecution.

It is a misdemeanor to furnish, buy, receive or possess Department of Justice criminal history information without authorization by law (Penal Code § 11143).

CORI shall not generally be transmitted by radio, cellular phone, or through computer terminals to field personnel or vehicles except in cases where circumstances reasonably indicate that the immediate safety of the officer or the public are at significant risk. Examples of situations where the transmission of summary criminal history information would be justified include a hostage situation or an armed suspect however a routine investigation or traffic enforcement stop would not be sufficient justification.

Nothing in this procedure is intended to prohibit broadcasting warrant information concerning wanted persons.

807.5 RELEASE OR DISSEMINATION OF PROTECTED INFORMATION

Protected information may be released only to authorized recipients who have both a right to know and a need to know.

Hayward Police Department

Hayward PD Policy Manual

Protected Information

A member who is asked to release protected information that should not be released should refer the requesting person to a supervisor or to the Records Administrator for information regarding a formal request.

Unless otherwise ordered or when an investigation would be jeopardized, protected information maintained by the [Department/Office] may generally be shared with authorized persons from other law enforcement agencies who are assisting in the investigation or conducting a related investigation. Any such information should be released through the Records Bureau to ensure proper documentation of the release (see the Records Maintenance and Release Policy).

807.5.1 REVIEW OF CRIMINAL OFFENDER RECORD

Individuals requesting to review their own California criminal history information shall be referred to the Department of Justice (Penal Code § 11121).

Individuals shall be allowed to review their arrest or conviction record on file with the Department after complying with all legal requirements regarding authority and procedures in Penal Code § 11120 through Penal Code § 11127 (Penal Code § 13321).

807.5.2 TRANSMISSION GUIDELINES

Protected information, such as restricted Criminal Justice Information (CJI), which includes Criminal History Record Information (CHRI), should not be transmitted via unencrypted radio. When circumstances reasonably indicate that the immediate safety of officers, other [department/office] members, or the public is at risk, only summary information may be transmitted.

In cases where the transmission of protected information, such as Personally Identifiable Information, is necessary to accomplish a legitimate law enforcement purpose, and utilization of an encrypted radio channel is infeasible, a MDC or [department/office]-issued cellular telephone should be utilized when practicable. If neither are available, unencrypted radio transmissions shall be subject to the following:

- Elements of protected information should be broken up into multiple transmissions, to minimally separate an individual's combined last name and any identifying number associated with the individual, from either first name or first initial.
- Additional information regarding the individual, including date of birth, home address, or physical descriptors, should be relayed in separate transmissions.

Nothing in this policy is intended to prohibit broadcasting warrant information.

807.6 SECURITY OF PROTECTED INFORMATION

The Chief of Police will select a member of the Department to oversee the security of protected information.

The responsibilities of this position include, but are not limited to:

- (a) Developing and maintaining security practices, procedures and training.

- (c) Establishing procedures to provide for the preparation, prevention, detection, analysis and containment of security incidents including computer attacks.
- (d) Tracking, documenting and reporting all breach of security incidents to the Chief of Police and appropriate authorities.

807.6.1 MEMBER RESPONSIBILITIES

Members accessing or receiving protected information shall ensure the information is not accessed or received by persons who are not authorized to access or receive it. This includes leaving protected information, such as documents or computer databases, accessible to others when it is reasonably foreseeable that unauthorized access may occur (e.g., on an unattended table or desk; in or on an unattended vehicle; in an unlocked desk drawer or file cabinet; on an unattended computer terminal).

807.7 TRAINING

All members authorized to access or release protected information shall complete a training program that complies with any protected information system requirements and identifies authorized access and use of protected information, as well as its proper handling and dissemination.

807.7.1 COMPUTER TERMINAL SECURITY

Computer terminal equipment capable of providing access to automated criminal offender record information is located in the Records Bureau, the Communications Center, Jail, Police Officer Report Writing Room, and in the Criminal Investigations Bureau to preclude access by unauthorized persons.

No employee shall be authorized to operate computer terminal equipment with access to CORI until the operator has completed the appropriate training and obtains permission by a supervisor.

807.7.2 DESTRUCTION OF CORI

When any document providing CORI has served the purpose for which it was obtained, it shall be destroyed by shredding.

Each employee shall be responsible for destroying the CORI documents they receive when they are no longer needed.

807.7.3 CUSTODIAN OF CRIMINAL RECORDS

The Records Bureau Administrator, unless otherwise directed by the Support Services Manager, shall be the Department's official Custodian of Criminal Records. The Custodian of Criminal Records shall be responsible for the security, storage, dissemination and destruction of criminal records, and will serve as a primary contact for the California Department of Justice for any related issues. The Support Services Manager may appoint other Department employees to the role

of Custodian of Criminal Records, who will share the same responsibilities regarding criminal records.

The Support Services Manager will ensure that he/she makes the appropriate applications and notifications to the California Department of Justice regarding the Department's Custodian of Criminal Record appointments, per the requirements of Penal Code § 11102.2.

This subsection is not intended to interfere with any other employee acting as a custodian of records for other statutory purposes but is narrowly tailored to address issues of criminal history records.

807.8 TRAINING PROGRAM

All personnel authorized to process or release CORI shall be required to complete a training program prescribed by the agency Terminal Coordinator. The Personnel & Training Bureau shall coordinate the course to provide training in the proper use, control, and dissemination of CORI.

807.9 PENALTIES FOR MISUSE OF RECORDS

Penal Code § 11140 and 11144 make it a misdemeanor to furnish, buy, receive, or possess Department of Justice rap sheets without authorization by a court, statute, or case law.

Title 11, California Administrative Code § 702 provides that authorized persons or agencies violating the Regulations Regarding the Security of Criminal Offender Record Information in California may lose direct access to CORI maintained by the California Department of Justice.

Divulging the content of any criminal record to anyone other than authorized personnel is a violation of the Standards of Conduct Policy.

Employees who obtain, or attempt to obtain, information from the Department files other than that to which they are entitled in accordance with their official duties is a violation of the Standards of Conduct Policy.

Computers and Digital Evidence

808.1 PURPOSE AND SCOPE

This policy establishes procedures for the seizure and storage of computers, personal communications devices (PCDs) digital cameras, digital recorders and other electronic devices that are capable of storing digital information; and for the preservation and storage of digital evidence. All evidence seized and/or processed pursuant to this policy shall be done so in compliance with clearly established Fourth Amendment and search and seizure provisions.

808.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 83.2.1, 83.2.5

808.2 SEIZING COMPUTERS AND RELATED EVIDENCE

Computer equipment requires specialized training and handling to preserve its value as evidence. Officers should be aware of the potential to destroy information through careless or improper handling, and utilize the most knowledgeable available resources. When seizing a computer and accessories the following steps should be taken:

- (a) Photograph each item, front and back, specifically including cable connections to other items. Look for a phone line or cable to a modem for Internet access.
- (b) Do not overlook the possibility of the presence of physical evidence on and around the hardware relevant to the particular investigation such as fingerprints, biological or trace evidence, and/or documents.
- (c) If the computer is off, do not turn it on.
- (d) If the computer is on, do not shut it down normally and do not click on anything or examine any files.
 1. Photograph the screen, if possible, and note any programs or windows that appear to be open and running.
 2. Disconnect the power cable from the back of the computer box or if a portable notebook style, disconnect any power cable from the case and remove the battery).
- (e) Label each item with case number, evidence sheet number, and item number.
- (f) Handle and transport the computer and storage media (e.g., tape, discs, memory cards, flash memory and external drives) with care so that potential evidence is not lost.
- (g) Lodge all computer items in secured Property/Evidence lockers. Do not store computers where normal room temperature and humidity is not maintained.
- (h) At minimum, officers should document the following in related reports:

Hayward Police Department

Hayward PD Policy Manual

Computers and Digital Evidence

1. Where the computer was located and whether or not it was in operation.
 2. Who was using it at the time.
 3. Who claimed ownership.
 4. If it can be determined, how it was being used.
- (i) In most cases when a computer is involved in criminal acts and is in the possession of the suspect, the computer itself and all storage devices (hard drives, tape drives, and disk drives) should be seized along with all media. Accessories (printers, monitors, mouse, scanner, keyboard, cables, software and manuals) should not be seized unless as a precursor to forfeiture.

808.2.1 BUSINESS OR NETWORKED COMPUTERS

If the computer belongs to a business or is part of a network, it may not be feasible to seize the entire computer. Cases involving networks require specialized handling. Officers should contact a certified forensic computer examiner for instructions or a response to the scene. It may be possible to perform an on-site inspection, or to image the hard drive only of the involved computer. This should only be done by someone specifically trained in processing computers for evidence.

808.2.2 FORENSIC EXAMINATION OF COMPUTERS

If an examination of the contents of the computer's hard drive, or floppy disks, compact discs, or any other storage media is required, forward the following items to a computer forensic examiner:

- (a) Copy of report(s) involving the computer, including the Evidence/Property sheet.
- (b) Copy of a consent to search form signed by the computer owner or the person in possession of the computer, or a copy of a search warrant authorizing the search of the computer hard drive for evidence relating to investigation.
- (c) A listing of the items to search for (e.g., photographs, financial records, e-mail, documents).
- (d) An exact duplicate of the hard drive or disk will be made using a forensic computer and a forensic software program by someone trained in the examination of computer storage devices for evidence.

808.3 SEIZING DIGITAL STORAGE MEDIA

Digital storage media including hard drives, floppy discs, CD's, DVD's, tapes, memory cards, or flash memory devices should be seized and stored in a manner that will protect them from damage.

- (a) If the media has a write-protection tab or switch, it should be activated.
- (b) Do not review, access or open digital files prior to submission. If the information is needed for and immediate investigation request, the Property/Evidence Unit is to copy the contents to an appropriate form of storage media.

Computers and Digital Evidence

- (c) Many kinds of storage media can be erased or damaged by magnetic fields. Keep all media away from magnetic devices, electric motors, radio transmitters or other sources of magnetic fields.
- (d) Do not leave storage media where they would be subject to excessive heat such as in a parked vehicle on a hot day.
- (e) Use plastic cases designed to protect the media, or other protective packaging, to prevent damage.

808.4 SEIZING PERSONAL COMMUNICATION DEVICES

Personal communication devices (PCD's) such as cell phones, PDA's or other hand-held devices connected to any communication network must be handled with care to preserve evidence that may be on the device including messages, stored data and/or images.

- (a) Officers should not attempt to access, review or search the contents of such devices prior to examination by a forensic expert. Unsent messages can be lost, data can be inadvertently deleted and incoming messages can override stored messages.
- (b) Do not turn the device on or off. The device should be placed in a solid metal container such as a paint can or in a faraday bag, to prevent the device from sending or receiving information from its host network.
- (c) When seizing the devices, also seize the charging units and keep them plugged in to the chargers until they can be examined. If the batteries go dead all the data may be lost.

808.5 DIGITAL EVIDENCE RECORDED BY OFFICERS

Officers handling and submitting recorded and digitally stored evidence from digital cameras and audio or video recorders will comply with these procedures to ensure the integrity and admissibility of such evidence.

808.5.1 COLLECTION OF DIGITAL EVIDENCE

Once evidence is recorded it shall not be erased, deleted or altered in any way prior to submission. All photographs taken will be preserved regardless of quality, composition or relevance. Digital, video and audio files shall not be altered in any way.

808.5.2 SUBMISSION OF DIGITAL MEDIA

The following are required procedures for the submission of digital media used by cameras or other recorders:

- (a) The recording media (smart card, compact flash card or any other media) shall be brought to the Property/Evidence Unit and/or Police Officer Report Writing Room as soon as possible for submission into evidence.

Hayward Police Department

Hayward PD Policy Manual

Computers and Digital Evidence

- (b) Sworn Officers and Crime Scene Technicians are the only employees authorized to download digital media made from the memory cards to compact disks (CD's).
- (c) As soon as possible following the collection of evidence, the camera operator is to remove the memory card from their digital camera and download the images to an evidence CD, which is made available by the Department. Once the camera operator has verified that the images properly transferred to the CD, that CD will then be placed into an evidence envelope and sealed. The camera operator shall write their name and the related case number on the outside of the envelope along with all other required information before placing it in a secured Property/Evidence locker.
- (d) Again, once the camera operator has verified that the images properly transferred to the evidence CD, they will erase the memory card for re-use. The CD will be marked as the original.
- (e) Officers requiring a copy of the digital files must request a copy on the evidence form when submitted into Property/Evidence.

808.5.3 DOWNLOADING OF DIGITAL FILES

Digital information such as video or audio files recorded on devices using internal memory must be downloaded to storage media. The following procedures are to be followed:

- (a) Files should not be opened or reviewed prior to downloading and storage.
- (b) Where possible, the device should be connected to a computer and the files accessed directly from the computer directory or downloaded to a folder on the host computer for copying to the storage media.

808.5.4 PRESERVATION OF DIGITAL EVIDENCE

- (a) Only Property/Evidence personnel are authorized to copy original digital media that is held as evidence. The original digital media shall remain in evidence and shall remain unaltered.
- (b) Digital images that are enhanced to provide a better quality photograph for identification and investigative purposes must only be made from a copy of the original media.
- (c) If any enhancement is done to the copy of the original, it shall be noted in the corresponding incident report.

Animal Control

810.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for Animal Control Officers (ACO's) and Hayward Police Department personnel in dealing with animal control related calls for service and to set forth procedures regarding animal control services, the handling of injured animals, and the abatement of animal nuisances.

810.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards:

810.2 ANIMAL CONTROL OFFICER RESPONSIBILITY

The Animal Control Officer (ACO) shall be responsible for enforcing local, state and federal laws relating to animals, and for appropriately resolving or referring animal problems as outlined in this policy. The ACO shall be under the operational control of the Support Services Division. The Animal Control Officer's assigned working hours will be scheduled by the Support Services Manager.

During hours when the ACO is on duty, requests for animal control services shall be assigned by the Communications Center or the Watch Commander.

Requests for assistance by the ACO shall be acknowledged and responded to promptly.

810.3 OFFICER RESPONSIBILITY

Police Officers may be dispatched to animal related calls to assist an ACO and should take appropriate actions to control the situation until the arrival of an ACO. Due to the hazards of handling animals without proper equipment, responding officers generally should not attempt to capture and pick up any animal, but should keep the animal under observation until the arrival of the ACO.

During hours when the Animal Control Officer is off duty, or if the ACO is otherwise unavailable, the following animal related calls for service will be handled by an on-duty police officer with the approval of the Other:

- (a) When there is a threat to the public safety.
- (b) When animal has bitten someone, officers should take reasonable measures to confine the animal and prevent further injury if able to safely do so. If the owner is known, it is preferable to require the owner to confine the animal until contacted by Animal Control.
- (c) When an animal is creating a traffic hazard on a major thoroughfare.
- (d) When the owner/handler has been arrested and there is no other alternative placement for the animal.
- (e) When the animal is gravely injured.

Hayward Police Department

Hayward PD Policy Manual

Animal Control

810.3.1 ANIMAL CRUELTY COMPLAINTS

In the absence of an on duty Animal Control Officer, Police Officers shall conduct a preliminary investigation on all reports of animal cruelty and forward the information, in the form of a report to the ACO for follow-up. Officers shall not hesitate to take any immediate actions deemed necessary. The assistance of an animal service officer may be requested to assist with the investigation when appropriate for the purpose of handling the disposition of any animal(s) associated with the case.

810.3.2 STRAY DOGS

ACOs and Police Officers shall not respond to stray dog calls absent an immediate threat to public safety such as: demonstrated vicious behavior, creating a traffic hazard on a major thoroughfare, or serious public safety consideration.

If the dog has a license or can otherwise be identified, the owner should be contacted, if possible. If the owner is contacted, the dog should be released to the owner and a citation may be issued if appropriate. If a dog is taken into custody, it shall be transported to the Animal Services Shelter or to the night depository box at the shelter if the facility is closed.

The animal pick-up form must be completely filled out and placed in the deposit box. Release of impounded dogs requires a fee be paid. Releases will be handled by the ACO or, in his/her absence, the Animal Services Records staff will accept fees and issue receipts.

The Animal Care Attendant will remove any animals from the night depository boxes as soon as he/she comes on duty. Once a dog has been taken into custody, all releases should be handled by the Animal Services Shelter.

810.3.3 ANIMAL BITE REPORTS

Officers shall obtain as much information as possible in the form of a report that shall be forwarded to the ACO for follow-up. Food & Agriculture Code Section § 31625 requires any law enforcement or animal control officer to impound potentially dangerous animals.

Officers shall instruct the owner of a biting animal, if contacted, to keep the animal confined on the property until contacted by the ACO. If the animal is a stray, then every effort shall be made to capture and impound the animal immediately.

810.3.4 PUBLIC NUISANCE CALLS RELATING TO ANIMALS

Police Officers will only respond to public nuisance calls relating to animals that pose an immediate threat to public safety as outlined above. All other calls may be referred to Animal Services during normal business hours.

In the event responding officers cannot fulfill urgent requests for service because the animal is difficult or dangerous to handle, the ACO may be called to duty to handle. If the ACO is unavailable, the patrol supervisor may request the assistance of an animal control officer from an allied agency.

All requests to call in the ACO must be approved by a field supervisor or the Watch Commander.

Hayward Police Department

Hayward PD Policy Manual

Animal Control

810.4 DECEASED ANIMALS

Deceased animals on public property will be removed and properly disposed of by the ACO when on duty an available from priority calls. Police Officers will not be dispatched for the removal of dead animals when there is no ACO on duty. No ACO, police officer, or any other Department employee will be required to remove a deceased animal from private property.

810.5 INJURED ANIMALS

When any injured domesticated animal is brought to the attention of a member of this agency, all reasonable attempts shall be made to contact the owner or responsible handler. When the owner or responsible handler cannot be located and the animal is not an immediate danger to the community, it shall be taken to a doctor of veterinary medicine as described below (Penal Code § 597.1 (b)).

- (a) When handling dead or injured animals department employees shall attempt to identify and notify the owner of the final disposition of the animal.
- (b) During normal business hours, the animal should be taken to an authorized veterinary care clinic.
- (c) If after normal business hours, the animal should be taken to the authorized Veterinary Emergency & Critical Care Services Clinic.
- (d) The only exception to the above is when the animal is an immediate danger to the community or the owner of the animal is identified and takes responsibility for the injured animal.
 1. When the need to kill a seriously injured or dangerous animal is necessary, the Department Use of Force Policy shall be followed. The decision to dispose of a seriously injured animal will rest with the on-duty Watch Commander.
- (e) Injured wildlife should be referred to the SPCA, Marine Mammal Center or Department of Fish and Wildlife as applicable. The SPCA will not pick up common pigeons (red legs), starlings, bats or skunks.
- (f) In all cases the incident shall be documented, and if handled by any member of the Department other than the on-duty ACO, the ACO will be advised of the disposition of the animal and the associated reporting party information.

810.6 POST-ARREST PROCEDURES

The arresting officer should make a reasonable effort to ensure that animals or pets under a person's care will be provided with adequate care when that person is arrested.

810.7 NIGHT DEPOSITORY BOXES

Holding cages, known as the night depository boxes, are located at Animal Services on the front of the building near the large rollup door. Night depository boxes are not left open to the public.

- (a) The Jail CSO will obtain the receipt of a certified copy of the "Certificate of Deposit of Bail" and will attach it to the booking packet.

Once the defendant is admitted to the Jail, he/she will be processed and booked in accordance with existing CORPUS procedures governing bond surrenders. Normally, the CEN number is reactivated with ABSUR@ in the "Held" field.

900.13 PRISONER PROPERTY

The Hayward Police Department complies with mandates from the Corrections Standard Authority and has established the following criteria for handling prisoner property:

If the arrestee is too violent, uncooperative or incapacitated, all property removed from him/her shall be placed in a sealed plastic bag, placed in a property box and locked in a locker until it can be inventoried. In these cases, two Community Service Officers or Police Officers are to be present when it is later removed from the locker and inventoried.

The prisoner will not receive his copy of the property receipt until the listing is complete and signed by the prisoner. If the prisoner refuses to sign, the Jail CSO shall note on the space provided "REFUSED".

900.13.2 WITHDRAWAL/ADDING OF PROPERTY

Money will not be accepted for inclusion in any prisoner's property other than funds in possession at the time of initial booking at HPD jail. The Hayward Police Department does not maintain prisoner fund accounts.

At the prisoner's request, an even exchange of clothing will be accepted. No accessories will be allowed. Any clothing accepted will first be searched for contraband before being given to a prisoner. The prisoner will at that time change into these clothes and the soiled clothing will be given to friends/relatives who brought the exchange clothing to the Police Department.

Items of evidence that are taken from the prisoner will be listed on the property receipt with the notation that they were retained for evidence. A copy of the Hayward Police Department Property/Evidence Form shall be placed in the prisoner's personal property locker, indicating items that have been seized.

900.13.3 MISCELLANEOUS ISSUES

Perishable foods in either opened or sealed packages create serious concerns of potential infestations of insects and/or rodents in the institutional setting. To avoid contributing to the development and spread of such infestations, Jail Community Service Officers will not accept such property in the jail facility as part of the prisoner's property.

Community Service Officers will dispose of all perishable food items which are part of a prisoner's personal property, unless the person is eligible for early release upon a Written Promise to Appear, i.e. the arrestee will not be held in this or any other institution pending arraignment, trial or transfer. Arresting/Transporting Officers shall not place any of the below listed items in the jail even though the items were in possession of the arrested person. These items are prohibited and considered contraband. The items may be secured by placement in the Property Unit as safekeeping in accordance with established protocols.

Hayward Police Department

Detention Facility

The prisoner will be given a copy of the Hayward Police Department Property/Evidence Form and advised that he/she must claim the property as soon as possible, however, in no event, later than 60 days. After that time the property will be disposed of in accordance with the law:

900.13.4 PRISONER MAIL PROCEDURES

The purpose of this section is to comply with requirements outlined in 15 CCR § 1063, which requires that the facility manager outline procedures for the handling of prisoner mail. In a Type I facility such as the Hayward City Jail, these procedures are intended to apply in the event an prisoner receives mail. For clarification, as a matter of policy the Hayward City Jail does not house sentenced prisoners of any type. The following regulations shall be adhered to regarding prisoner mail:

- (a) There is no limitation on the volume of mail that an prisoner may send or receive.
- (b) Prisoner mail may be read when there is a valid security reason and the Jail Administrator has given approval.
- (c) Prisoners may correspond, confidentially, with state and federal courts, any members of the State Bar or holder of public office, and the Corrections Standards Authority; however, jail authorities may open and inspect such mail only to search for contraband, cash, checks, or money orders and in the presence of the prisoner.
- (d) Prisoners may correspond, confidentially, with the facility manager or the facility administrator.
- (e) Those prisoners who are without funds shall be permitted at least two postage paid letters each week to permit correspondence with family members and friends but

without limitation on the number of postage paid letters to his or her attorney and to the courts.

In order to maintain compliance with the law regarding confidentiality and handling of legal mail, all prisoner mail shall be routed through the Jail Administrator for handling and disposition. This routing shall occur without unnecessary delay, and the Jail Supervisor shall make notation in the jail log as to the disposition of prisoner mail.

900.14 DETENTION FACILITY - PRISONER SEARCHES

The Community Service Officers (CSO) assigned to the Jail shall conduct both a physical search, as well as a metal detector search upon the arrestee's entry into the jail. These searches shall take place within view of the closed circuit camera system and in the presence of at least one other CSO or Police Officer.

If contraband is found it will be placed in a plastic bag and marked with the date, time and signature of the Jail CSO who found the evidence. The arrestee's name and PFN shall also be placed on the outside of the bag.

A standard search includes the removal of outer garments such as overcoats, jackets, sweaters, vests, hats, wigs, ties, belts, shoes, socks, handbags and wallets. All pockets shall be emptied, hair examined, and all clothing not removed will be examined by sliding the hands across the body to detect articles that may be secreted underneath or sewn into the clothing.

If possible, searches of arrestees should be conducted by a person of the same sex. Upon approval of a Supervisor, searches may be conducted on persons of the opposite sex. The Supervisor will ensure that an employee of the same sex is present during the search.

Briefcases, backpacks, bundles, suitcases, and other large containers shall not be accepted as a component of prisoner property. Such items are the responsibility of the transporting officer and shall be processed for safekeeping following established protocols and a receipt of the property shall be given to the prisoner. As a guideline, any property requiring storage exceeding an amount equal to one standard size grocery bag cannot be accepted as prisoner property and subsequently stored for safekeeping.

The Jail CSO shall conduct a standard search each time the arrestee is returned from a visit outside the jail.

900.14.1 STRIP SEARCHES

- (a) No person arrested and held in custody on a misdemeanor or infraction offense, except those involving weapons, possession of controlled substances or violence, shall be subjected to a strip search or visual body cavity search prior to placement in the general jail population unless an officer has determined that there is reasonable suspicion based upon specific and articulable facts to believe such person is concealing a weapon or contraband which would be discovered by such a search (Penal Code § 4030(f)).

Hayward Police Department

Hayward PD Policy Manual

Detention Facility

- (b) No strip search or visual body cavity search shall be conducted without prior written authorization from a supervisor. The time, date, and place of the search, the name and sex of the person conducting the search and a statement of the results of the search shall be recorded in the arrest record. A copy of the written authorization and recorded information shall be retained and made available to the arrestee or other authorized representative upon request.
- (c) All strip and visual body cavity searches shall be conducted under sanitary conditions and in an area of privacy so that the search cannot be observed by persons not participating in the search (Penal Code § 4030(m)).
- (d) Unless conducted by a physician or other licensed medical personnel, the officer(s) conducting the strip search or visual body cavity search shall be of the same sex as the person being searched (Penal Code § 4030(l)).
- (e) Whenever possible, a second officer of the same sex should also be present during the search, for security and as a witness to the finding of evidence. In the event a same sex officer is not available, a second officer must stand by in close proximity in case of an emergency.
- (f) The officer conducting a strip search or visual body cavity search shall not touch the breasts, buttocks or genitalia of the person being searched (Penal Code § 4030(j)).
- (g) Strip searches shall be noted in the Jail Log, to include the name of the arrestee and the names of the CSO or Officers conducting the search.
- (h) No employee should view an arrestee's private underclothing, buttocks, genitalia or female breasts while that person is showering or changing clothes unless the arrestee otherwise qualifies for a strip search. However, if serious hygiene or health issues make it reasonably necessary to assist the arrestee with a shower or a change of clothes, a supervisor should be contacted to ensure reasonable steps are taken to obtain the arrestee's consent and/or otherwise protect the arrestee's privacy and dignity.
- (i) Nothing in this policy section shall prohibit the otherwise lawful collection of trace evidence from an arrestee in accordance with the provisions of (d) through (f) above and based on a valid exigency, consent or a search warrant.
- (j) All strip searches shall be thoroughly documented in the corresponding police report.

900.14.2 PHYSICAL BODY CAVITY SEARCH

- (a) No person arrested on a misdemeanor or infraction shall be subjected to a body cavity search without a search warrant (Penal Code § 4030(h)).
- (b) Only a physician, nurse practitioner, registered nurse, licensed vocational nurse, or Level II Emergency Medical Technician (EMT) may conduct a physical body cavity search (Penal Code § 4030(k)).

Detention Facility

- (c) Except for the above mentioned licensed medical personnel, persons present must be of the same sex as the person being searched. Privacy requirements, including restricted touching of body parts, are the same as the strip search standard.
- (d) All physical body cavity searches shall be thoroughly documented in the corresponding police report. A copy of the search warrant and the results of any body cavity search shall be included with the related reports and made available, upon request, to the arrestee or authorized representative (Penal Code § 4030(i)).

900.14.3 SEARCHING OF CELLS

A search will be conducted of the cell areas and those arrestees housed within, when there is reasonable belief that one of the inhabitants of the cell has acquired a weapon or contraband.

A complete cell search of each cell within the Jail Facility shall be conducted at any time that it is deemed necessary. To assist in viewing difficult to visualize areas, a hand held mirror (attached to an extended handle) shall be used. This device is located in the jail office and its use shall be noted on the jail facility log.

900.15 CLASSIFICATION AND SEGREGATION PROCEDURES

Classification in a detention facility essentially takes two forms; those separations which are required by law; and those which are implemented for managerial purposes. The Hayward's classification system has been tailored to meet the distinct needs of our facility. The purpose of a detention facility is to maintain order, to ensure the safety of prisoners and staff, and to provide adequate security. Relying solely on the legally mandated separations is insufficient and can lead to violence and a reduced level of safety in the Jail. Classification must go beyond the legal mandates to meet specific facility capabilities and needs. When a classification system exceeds the minimum set by law violence, staff/prisoner confrontations, and subsequent lawsuits are reduced and there is a concurrent increase in security.

The Haywards classification system separates the sophisticated from the uninitiated, the violent from the nonviolent, the passive from the aggressive. This system assists in identifying security risks, the physically and mentally ill, those requiring protective custody, those who may become potential victims to assertive and assaultive prisoners.

Male and Female prisoners must be separated from each other except when they are participating in certain programs and activities. Pursuant to Penal Code § 4002, they must not sleep, dress, undress, bathe, or perform eliminatory functions in the same room with each other. Essentially the law requires separation except during periods of recreation, education, work assignments, arts and crafts, library time or similar activities.

Sentenced prisoners are to be separated from Unsentenced, and Civil Commitments must be separated from Criminal Commitments. Penal Code § 4001 is quite specific that these groups are not to mingle or be housed in the same rooms with each other. There is no requirement that one group; i.e., Civil Commitments, be granted more privileges than any other group.

Hayward Police Department

Detention Facility

Juveniles must be separated from adults by sight and sound. Juveniles must not be able to see, speak or otherwise be in contact with adult prisoners. (Welfare and Institution Code § 208, CCR § 4501 and CCR § 4516).

900.15.1 CLASSIFICATION PROCEDURES

To aid in the determination of proper housing for an arrestee, the Community Service Officer will complete the Prisoner Classification Section of the Medical Screening Form for each arrestee who is to be housed in the Hayward City Jail.

Officers booking prisoners into the Jail shall initially advise the Jail CSO of the criminal charges using the complete PC and VC sections, including all subsections against the prisoner. The Officer shall provide the Jail CSO with any specific information as to the prisoners suspected gang/group affiliation, sexual orientation, flight risk, or known medical problems. Officers are responsible for providing the Jail CSO with any and all information that will benefit the health, welfare, and security of the prisoners, the employees and the facility.

Prisoners who are high risk, indicate alternative lifestyle preferences, are suicidal, or prisoners who are suspected or known to have gang/group affiliations and those who present an escape risk shall be, if available, housed separately. Because of the limited housing units within the Jail, the Jail CSO may place same sex prisoners in the same housing unit classification criterion. Absent appropriate housing, the prisoner shall be transported to Santa Rita jail for direct booking. The Jail Supervisor, during each shift, shall inspect the booking packets, including the medical screening/classification form to ensure that prisoners are properly housed in accordance with the classification plan.

The Jail CSO shall consult with the Jail Supervisor to determine housing unit assignments after completing the ACCAR, inventory of the prisoners' property and medical screening/classification form. Considerations shall be made to house felony prisoners, misdemeanor prisoners and traffic offenders separately whenever possible.

Females are to be housed separately from males at all times.

When the prisoner appears to be a danger to himself/herself and/or others, or is gravely disabled due to illness, intoxication or mental disorder, the Other shall be notified and the Jail Supervisor will arrange transport for evaluation by mental health professionals, pursuant to Welfare and Institution Code § 5150.

900.15.2 ADMINISTRATIVE SEGREGATION

The Hayward City Jail shall provide for the administrative segregation of prisoners who demonstrate that they may attempt to escape, assault other prisoners, or demonstrate a propensity towards violence. An appropriate cell shall be used for this type of segregation (single cell or holding cell). Any administrative segregation of a prisoner must be entered on the Jail log and the Watch Commander shall be advised as soon as possible.

Segregated prisoners will be allowed the same rights as others. They will not be denied meals, bedding, or sanitation facilities while in segregation. If a prisoner is placed in a holding cell, he/she

Hayward Police Department

Hayward PD Policy Manual

Detention Facility

will be asked every half hour during the Jail check if he/she desires to use the bathroom facilities or needs access to the telephone or drinking water. A Prisoner Safety Check Log shall be taped to the door of the holding cell where a prisoner is being housed to record each time a cell check is done, when the prisoner uses the bathroom facilities, is given water, or uses the telephone. As soon as possible, the prisoner will be moved from the holding cell to one of the single cell housing units.

When reasons for administrative segregation cease to exist, the prisoner may be returned to the general population with the approval of the Jail Supervisor (most senior CSO when a Jail Supervisor is not on duty) and/or Watch Commander.

900.15.3 SOBERING CELL

The sobering cell shall be used for the housing of prisoners who present a threat to their own safety or the safety of others due to their state of intoxication. Such persons shall be removed from the sobering cell as soon as their condition allows for continued processing.

The following guidelines apply when placing any inmate in a sobering cell (15 CCR § 1056):

- (a) Placement of a prisoner into the cell requires approval of the Jail Supervisor or most senior CSO.
- (b) Notations in the Jail Log will be made every time a prisoner is placed in the cell. The Jail Log will also document when the prisoner is moved out of the cell.
- (c) Under no circumstances shall an inmate be held in a sobering cell for more than six hours without being evaluated by qualified medical personnel to ensure that the inmate does not have an urgent medical issue (15 CCR § 1056).
- (d) Inmates will be removed from the cell when they no longer pose a threat to their own safety and the safety of others and are able to continue processing.

Unless otherwise indicated, a safety check consisting of direct visual observation sufficient to assess the inmate's well-being and behavior shall occur at least once every 30 minutes. Each safety check shall be documented in the Jail Log. The Jail Supervisor shall check the Log for completeness every two hours and document this action on the Jail Log. The safety check shall include the following:

- (a) Observation of breathing and determination that the breathing is regular and not erratic or difficult.
- (b) Attempt to gain a response from the prisoner to verbal or other stimulus (shake and wake).

Increasing difficulty to arouse, an inability to arouse with irregular breathing or convulsions, shall be considered an emergency. In such an event, the paramedics will be called and the prisoner shall be transferred to the closest emergency hospital as soon as possible.

Hayward Police Department

Hayward PD Policy Manual

Detention Facility

No person shall be released from custody until his/her sobriety is determined by an Officer or the Jail Supervisor and the person can reasonably care for himself/herself. There are no prescribed time limits during which a person will reach a state of sobriety, and the time required will vary with each person depending on a number of factors. If there is any question as to whether or not a person should be released, a Supervisor should be requested to make the decision. In all cases, intoxicants shall minimally be held until sober unless they show signs of withdrawal or other medical need, which shall be cause to seek immediate medical attention.

Once every half hour the monitoring of the prisoners in the jail will be recorded in the jail log and will include the names of those persons held for intoxication.

Prisoners who are suffering from physical handicaps, (i.e., broken limbs, paralysis, wheelchair, etc.), shall not be placed in a regular housing unit. They shall be housed in a single cell and if their safety and the safety of the Jail staff is not jeopardized, they may keep their crutches, canes, wheelchair, etc. It shall be the Jail Supervisor's discretion to transfer these prisoners to the County Jail facility if they cannot be housed properly at the Hayward City Jail.

- Charges

The prisoner shall be booked under Penal Code § 1551.1 and held under the no bail clause (*even if the telecommunications message from the other state indicates a bail amount, the prisoner is held under Penal Code § 1551.1 and NO BAIL is listed under the bail amount).

It will be responsibility of the Jail CSO to inform the prisoner of his/her responsibility as it relates to conduct while in custody. Each prisoner will be made aware of the prohibited conduct and associated penalties both orally and by posting a copy of rules in each housing cell.

This facility maintains a “zero tolerance” policy toward sexual abuse and sexual harassment. All assigned personal receive regular state mandated harassment training at least every two years as required by law. This department maintains a “zero tolerance” policy to detect, prevent and respond to retaliation against any staff member or inmate after reporting abuse.

They are not to use indecent language or make excessive noise. Smoking is not allowed.

Prisoners shall be supervised at all times by a Jail CSO or a Police Officer. In no event shall any supervision be delegated to any other prisoner.

900.16.4 RESTRAINTS FOR PRISONERS

Any use of restraining devices on a prisoner who has been placed alone in a housing unit, shall be done with the approval of the Jail Supervisor and/or Jail Administrator. Hayward Police Department

Hayward PD Policy Manual

If the use of restraints is still required after a two hour period, the Jail Supervisor and/or Jail Administrator shall make a determination whether the need for restraint still exists. If the restraints are still required, then the prisoner shall be transferred to the Alameda County Jail.

The only authorized restraining devices allowed within the jail facility are; waist chains, handcuffs, leg restraints, or any combination therein as approved by the Jail Supervisor, Jail Administrator or Watch Commander. The "WRAP" is not an approved restraint device for use in the Jail. Prisoners transported to the Jail in the "WRAP" shall have the restraint device removed upon entry to the Jail. If the demeanor of the prisoner dictates that it would be unsafe to remove him/her from the device, the Jail Supervisor or Watch Commander shall be notified immediately, and arrangements shall be made for immediate transport to the Alameda County Jail.

At intake and prior to housing, and as a matter of health and comfort, prisoners may be issued a disposable suit to replace missing items of clothing (e.g., shirt, pants, or to replace extremely soiled clothing or items of clothing that may be contaminated or considered a bio-hazard). Additionally, disposable slippers should be offered during the personal property inventory. Since clothing and undergarments are not issued for wear while housed in our facility, it is appropriate for a clothing exchange to take place, in accordance with current protocol. Prisoners who wear eye glasses may have them. Prisoners in an intoxicated condition shall not be permitted to wear or have eye glasses in their possession.

Should an emergency occur requiring the plan to be activated, the Jail Administrator or his/her designee will supervise this process. The water is maintained in the confines of the Department adjacent to the emergency generator. The food is maintained on the third floor storage area and readily assessable when needed. The existing stock is rotated pursuant to expiration dates noted on the individual packaging.

Hayward Police Department

Hayward PD Policy Manual

Pursuant to the Health and Safety Code § 11222, it is the duty of the Jail Supervisor to provide the person so confined with medical aid as necessary to ease any symptoms of withdrawal from the use of controlled substance. The Jail Supervisor shall make arrangements to have the prisoner examined at the appropriate Alameda County Medical Facility prior to determining the appropriate disposition of the prisoner.

Persons participating in any methadone maintenance program shall be allowed to continue in the program at the discretion of the Program Director. The Jail Supervisor has the responsibility for determining that an individual is on an authorized methadone program and that the individual is entitled to remain in the program. Jail staff must verify that the prisoner has a valid methadone program identification card.

900.17.7 HOSPITALIZATION

When a person in custody requires hospitalization in a secure medical facility, Highland Hospital will be utilized whenever possible. The on-duty Watch Commander will coordinate this transfer with the Alameda County Sheriff's Department provided the prisoner has been arraigned.

Prior to arraignment, if the person in custody requires housing at another location other than an approved detention facility, the Watch Commander will be notified and he/she will make the determination of whether a guard is required. The officer in charge of any case where it is necessary to guard a prisoner at a hospital or other location shall provide to the Watch Commander the name of the prisoner, the charge under which held, the hospital and room number, the attending physician, and the physical condition of the prisoner so far as it is known. The Watch Commander shall make ongoing determinations regarding the requirements for continued prisoner guard until the prisoner is cleared for incarceration or transferred to the custody of the Alameda County Sheriff after arraignment.

900.17.8 COMMUNICABLE DISEASES

Persons suspected of having an infectious disease shall not be accepted into the Hayward Jail. The Jail CSO is responsible for inquiring at the time of booking as to the existence of any communicable disease (Refer to Executive Order 13295 signed by President Bush on April 4, 2003 and Section § 361(b) of the Public Health Service Act (Section § 42 USC 264(b))).

Hayward Police Department

Detention Facility

If it is determined that the person has a communicable disease, the arrestee will be segregated from all other prisoners pending transportation to an appropriate custody facility and after notification of the Jail Supervisor, Watch Commander and Jail Administrator. Special precautions will be taken to ensure the protection of employees and other prisoners at all times. Steps will be taken to see that the cell, bedding etc., are properly disinfected prior to the use by anyone else after the prisoner has been transferred.

It shall be the responsibility of the Jail Supervisor to ensure that all instances of reportable communicable disease exposure are promptly reported to the Watch Commander and Jail Administrator. The Alameda County Health Department shall be immediately notified in all cases of a mandated reportable communicable disease.

900.17.9 MEDICATION

Some non-prescription (over the counter) medication can be furnished to prisoners upon request. The Hayward Jail supplies aspirin or acetaminophen for pain or discomfort at the request of the prisoner. If a prisoner requests medication for discomfort, the Jail CSO may advise what is available and allow the prisoner to make their own selection. The Jail staff shall not make suggestions as to which selection is appropriate for the nature of discomfort and at no time shall a prisoner be provided a dosage in excess of the manufacturers recommendation.

Prisoners requiring medications by injection shall not be housed at the Hayward Jail. Prisoners requiring frequent doses of prescribed medication(s) shall not be housed at the Hayward Jail except in cases of short term custody where the general time span is four hours or less.

Drugs that should never be delivered at the Hayward Jail include cardiac medications, all narcotics, sedatives and tranquilizers, anti-psychotic drugs, any drug that is to be injected and any research or experimental drugs.

Under special circumstances, the Jail Supervisor and/or Other shall make the decision to keep a prisoner who needs certain medication delivered in our custody. These instances shall be documented in the jail log and medications may be delivered under the following conditions:

- (a) Delivery of approved medications in a prisoner's possession at the time of booking may be completed as directed on the label as soon as it has been identified as corresponding with the prescription label. Identification can be made by accurately identifying the medication through contact with a physician or by calling the on-duty nurse at an Alameda County Medical Facility. If there is a question regarding the identification of the medication through the use of the above means, the medication can be transported to an Alameda County Medical Facility for identification.
- (b) When there is a properly labeled prescription container (i.e., container includes the name of the individual for which the drug is prescribed, the name, dose and instructions for taking the medication, the name of the prescribing physician, and the expiration date), then a single dose may be delivered by Jail staff. Delivery will be accomplished by showing the prescription container to the inmate, verifying that the medication

belongs to them, removing one dose of the medication from the container, handing the dose to the inmate and allowing the inmate to ingest it. Upon completion of this process, verification of ingestion shall be completed by having the inmate open the mouth and visually inspecting all areas including under the tongue. Notation shall be made of this process in the Master Jail Log. Dispensing must be done by a licensed physician or pharmacist.

- (c) Health and Safety Code § 11222 states, "In any case in which a person is taken into custody by arrest or other process of law, and is lodged in a Jail or other place of confinement and there is reasonable cause to believe that such person is addicted to a controlled substance, it is the duty of the person in charge of the place of confinement to provide the person so confined with medical aid, as necessary, to ease symptoms of withdrawal from the use of controlled substances." In compliance with this requirement, persons who are participating in a methadone maintenance program may be provided their daily dosing by their specifically approved program while in custody.
- (d) The Jail CSO will, at the time of booking, inquire of all female prisoners whether or not they require medication or other special requirements for birth control purposes. The Jail Administrator or Jail Supervisor on duty shall determine that such birth control measures are duly prescribed by a physician, shall make arrangements for use of all necessary birth control medication and shall confirm the fact that such medication is taken. A request for the continuance of birth control measures, confirmation with the prisoner's physician and confirmation of the use of such measures, shall in all cases be noted on the individual's booking papers, medical inventory form, and Jail facility log. If a female prisoner has birth control medication in her property at the time of booking and desires to continue its use while in custody, the medication will be verified by the Jail Supervisor or medical authority prior to ingestion by the prisoner. If a female prisoner states that she takes birth control medication and a friend or relative brings it to the Jail for her, the medication will be verified by the Jail Supervisor and/or medical authority prior to ingestion by the prisoner. If a female prisoner states that she takes birth control medication and desires to continue but does not have any in her property and has no one that can bring it to the Jail facility, the prisoner will be transported to the Alameda County Jail, where such medication will be provided under medical supervision. Any medication of this type delivered to the prisoner must also comply with the packaging and labeling requirements outlined above.

900.17.10 DELOUSING / PEST CONTROL

Persons suspected of lice/scabies infestation shall not be accepted into the Hayward Jail. The Jail CSO is responsible for inquiring at the time of booking as to the existence of any lice/scabies infestation.

If it is determined that the person has a lice/scabies infestation, the arrestee will be segregated from all other prisoners pending transportation to an appropriate custody facility and after

notification of the Jail Supervisor, Other and Jail Administrator. Special precautions will be taken to ensure the protection of employees and other prisoners at all times. Steps will be taken to see that the cell, bedding etc., are properly disinfected prior to the use by anyone else after the prisoner has been transferred.

The Hayward Jail will be inspected and treated as appropriate by a licensed exterminator at least annually in addition to mitigation of specific incidents. The Jail CSO's shall make entry into the jail log and notification to the Jail Supervisor of the observations of any pests or insects or complaint of insect bites to either the prisoners or staff.

900.17.11 ORTHOPEDIC / PROSTHETIC DEVICES

Pursuant to Penal Code § 2656, a person sentenced to incarceration or who is being held pursuant to a pending criminal matter in a county or city Jail or other county or city custodial correction facility shall not be deprived of the possession or use of any orthopedic or prosthetic appliance, if such appliance has been prescribed or recommended and fitted by a physician. If, however, the person in charge of the county or city custodial or correctional facility has probable cause to believe possession of such orthopedic or prosthetic appliances constitutes an immediate risk of bodily harm to any person in the facility or threatens the security of the facility, such appliance may be removed.

If such appliance is removed the prisoner shall be deprived of such appliance only during such time as the facts which constitute probable cause for its removal continue to exist; if such facts cease to exist, then the Jail Supervisor shall return such appliance to the prisoner. If the appliance cannot be returned to the prisoner due to security reasons, then the prisoner shall be examined by a physician as soon as practicable but no longer than 24 hours from removal to determine if the removal will be injurious to the health and safety of the prisoner. If the removal is determined to be detrimental to the health and safety of the prisoner, then the prisoner shall be transported to an appropriate facility for incarceration. This shall also be documented in the Jail log.

900.17.12 SUICIDE PREVENTION

The responsibility of all Jail staff in suicide prevention is that of an observer. Awareness of suicide potential in a prisoner is essential to proper crisis intervention by mental health professionals. Belief that a prisoner is in imminent danger of committing/ attempting suicide shall require immediate notification to a Jail Supervisor and/or Other requesting a Welfare and Institutions Code § 5150 evaluation of the prisoner, while maintaining him/her under close observation (preferably in the small cage in the processing area).

It is important to be aware that not all suicidal persons will display signs of depression, although it is still usually the best single indication of potential suicide. During a suicidal crisis most persons will display either some or all of the following symptoms which we will categorize as observable physical signs of depression. Their symptoms include:

- Sadness and Crying
- Withdrawal/Silence

Detention Facility

- Loss of Appetite
- Insomnia
- Mood Swings
- Lethargy

Alcohol and/or drug abuse are often common denominators amongst potential suicide victims in the jail setting. These factors often distort an individual's perception of reality and may lead to the formation of suicidal thoughts. Observation and effective verbal interaction are the best methods of potential suicidal detection. Suicide prisoners shall be checked every (15) minutes throughout the duration of incarceration at the Hayward Police Jail.

900.17.13 INCIDENTS OF DEATH IN THE JAIL

In the event that a Jail CSO discovers that a prisoner may have died while in custody, he/she must immediately begin life saving measures in accordance with appropriate CPR/First Aid procedures. Other jail staff shall summon medical assistance. Notification shall be made to the Jail Supervisor, Jail Manager, and the Watch Commander, who shall be responsible for notifying the Chief of Police, Division Commanders, Criminal Investigative Bureau, and the Alameda County Coroner's Office.

The Jail Administrator shall ensure notification of and investigative cooperation with other responsible agencies including, but not limited to, the Alameda County District Attorney, Alameda County Health Department, California Department of Justice, California Attorney General, and the Corrections Standards Authority.

In all in-custody death cases, the Jail Supervisor on duty at the time of the incident shall document the incident and all subsequent actions taken in the jail log. An administrative memorandum containing this information shall be directed to the Chief of Police. The Jail Administrator shall be responsible for contacting the Alameda County Consolidated Criminal Records Division to update the deceased prisoners' status in CORPUS from "Held" to "Died."

California Government Code § 12525 requires that in any case in which a person dies while in the custody of a law enforcement agency, or a local or state correctional facility, the agency shall report in writing to the California Attorney General within (10) days after the death, all facts in their possession concerning the death. The assigned investigator shall ensure all written reports consisting of incident reports, coroner's reports, death certificates and other reports containing information relating to the death are forwarded in compliance with current state mandates. The Bureau of Criminal Statistics (BCS) is responsible for maintaining the Death in Custody reports submitted to the Attorney General. In addition, copies of all reports shall be forwarded to the Corrections Standards Authority.

A review team comprised of the Chief of Police and/or his/her designee, the health administrator, the responsible physician, and other health care and supervision staffs who were relevant to the incident shall conduct a review of the incident.

Hayward Police Department

Detention Facility

In addition to the procedures outlined above, in the case of a juvenile involved in a serious illness or death in custody, it shall be the responsibility of the facility manager or his/her designee to ensure that the juvenile court and the parent, guardian or person caring for the juvenile in lieu of the parents are also notified. Additional information may be found in the Drug Endangered Children Policy.

900.17.14 SPECIAL MEDICAL CONSIDERATIONS

Any prisoner entering the Hayward Jail who was restrained by use of the carotid control and/or Electronic Control Device (ECD) shall have a medical clearance. These prisoners shall be checked by the jail staff at least once every (15) minutes and their status shall be documented in the Jail Log. The duration of the (15) minute checks shall be (4) hours. A copy of the ACCAR and Jail Log showing the documentation of the prisoner check shall be given to the Jail Administrator. Any prisoner who is restrained by the use of the carotid control and/or Electronic Control Device (ECD) while incarcerated at the Hayward Police Jail shall be transported to the hospital for medical clearance before incarceration may resume.

This information shall be forwarded to the Jail Administrator.

900.18 FINGERPRINTING AND MUG SHOT PROCEDURES

Prisoners shall be booked and fingerprinted according to the current requirements outlined by the Alameda County Central Identification Bureau (CIB), Department of Justice (DOJ), and the Correction Standards Authority. MUG photographs are now taken by the digital camera system attached to the Alameda County Automated Booking System MUGS. Photographs are to be taken of all arrestees as part of the completed MUGS booking, and forwarded to CIB. The procedures for fingerprinting prisoners are as follows:

- (a) Jail staff will take a prisoner's fingerprints and palm prints utilizing the Alameda County approved electronic digital fingerprinting system. All fingers on each hand will be rolled individually at a determined sequence in the fingerprint collection process, with full flat impressions of the fingers and palm prints of both hands taken to finish off the process.

900.19 TELEPHONE CALLS

Penal Code § 851.5, states that a person arrested has the right to make three completed telephone calls immediately upon being booked or no longer than three hours after the arrest. These calls are to be at no expense if completed to a local dialing area and at the arrested person's expense if outside the local dialing area. Penal Code § 851.1 establishes the minimum number of calls allowed. Additional calls may be allowed if the requests are reasonable and can be accommodated. These calls are to be completed to any of the following:

- (a) An attorney of the arrestee's choice or, if they have no funds, the Public Defender or other assigned by the court to assist indigents. This telephone number shall be posted within the Jail facility and under no circumstances will the call be monitored, eavesdropped upon, or recorded.

After the prisoner is released or transferred to the County Jail, the original phone log shall be forwarded to the Jail Administrator and a copy provided to the requesting officer.

Prisoners who are unable to complete a phone call due to their intoxication or hostility, shall be given the opportunity to place a call once it is determined that they are no longer a threat to the safety of the Jail staff or themselves and/or their state of intoxication has diminished to the point that they can successfully complete the call. Should the phone calls be delayed for the above reasons, the Jail CSO shall indicate the reason and the time/date on the Jail log. Prisoners' who are unable to complete phone calls using the telephones in the Jail due to a disability and/or hearing impairment, shall be allowed access to the TDD machine. The Jail CSO shall inform the prisoner of the availability of the TDD phone at the time of booking and ask the prisoner (in writing if the prisoner is deaf) if they wish to use the TDD machine. The TDD machine shall be made available to the prisoner who is not hearing impaired if they request the use of this machine. A prisoner might need to make contact with a parent, friend or other relative who is hearing impaired, and the Jail staff shall make arrangements for any prisoner that requests the use of this machine. This information shall be entered in the Jail log. All written communications between the Jail staff and the hearing impaired prisoner shall be kept and forwarded to the Jail Supervisor.

A Jail Supervisor, Jail Administrator or Other may approve suspension of the telephone call requirement of Penal Code § 851.5. An Officer may request suspension of the telephone requirement if providing the prisoner access to a telephone may endanger the safety of others or evidence may be destroyed or accomplices of the crime may be alerted. The Officer shall notify the Jail at the time of the booking of any restrictions to telephone access and shall be responsible to immediately contact the Jail staff when these restrictions may be lifted. Documentation of the restrictions and date/time will be logged in the Jail log.

900.20 LOGGING AND TRACKING PRISONERS

There shall be a Jail Log kept in the booking area at all times. The log shall be maintained in a 24-hour format commencing at 0600 hours each day. The on duty Jail Supervisor is responsible for certifying the accuracy of each page of the log by signing and dating each page. At the completion of each shift, the on-coming and out-going Jail Supervisors shall log the shift change and the prisoner population count along with any unusual circumstances in the Jail. The population count

Intoxicants shall be checked by Jail staff at least once every half hour and their status shall be documented in the Jail log. For each intoxicant housed in the sobering cell, mandatory consideration for movement to regular housing and medical evaluation shall be conducted as mandated and so noted in the Jail log.

The Jail log shall contain the name of those prisoners that have been transported to the hospital and the reason; as well as, the prisoners that have been temporarily removed from the Jail by an officer and those that have been removed from the facility for visitations.

It shall be noted in the Jail log when a prisoner enters the Jail with any medical problems and/or medication needs. Any medicine delivered by the Jail staff shall be documented in the Jail log.

It shall be the responsibility of the Jail Supervisor to ensure all pertinent information and events that occur in the Jail are entered on the Jail log.

Exceptions to the regular visiting hours and time limits will be made for attorneys, clergymen and persons who can assist in the administration of justice. All other special consideration for visitation shall be at the discretion of the Jail Administrator, Jail Supervisor or Other.

 9. A list of the items, if any, that were recovered.
 10. The facts upon which the member based his/her belief that the individual was concealing a weapon or contraband.
- (g) No member should view an individual's private underclothing, buttocks, genitalia or female breasts while that individual is showering, performing bodily functions or changing clothes, unless he/she otherwise qualifies for a strip search. However, if serious hygiene or health issues make it reasonably necessary to assist the individual with a shower or a change of clothes, a supervisor should be contacted to ensure reasonable steps are taken to obtain the individual's consent and/or otherwise protect his/her privacy and dignity.
- (h) If the individual has been arrested for a misdemeanor or infraction offense, the written authorization from the Watch Commander shall include specific and articulable facts and circumstances upon which the reasonable suspicion determination for the search was made.
- (i) A copy of the written authorization shall be retained and made available upon request to the individual or the individual's authorized representative. A record of the time, date, place of the search, the name and sex of the person conducting the search, and a statement of the results of the search shall also be retained and made available upon request to the individual or the individual's authorized representative.

901.5.2 SPECIAL CIRCUMSTANCE FIELD STRIP SEARCHES

A strip search may be conducted in the field only with Watch Commander authorization and only in exceptional circumstances, such as when:

- (a) There is probable cause to believe that the individual is concealing a weapon or other dangerous item that cannot be recovered by a more limited search.
- (b) There is probable cause to believe that the individual is concealing controlled substances or evidence that cannot be recovered by a more limited search, and there is no reasonable alternative to ensure the individual cannot destroy or ingest the substance during transportation.

These special-circumstance field strip searches shall only be authorized and conducted under the same restrictions as the strip search procedures in this policy, except that the Watch Commander authorization does not need to be in writing.

901.6 PHYSICAL BODY CAVITY SEARCH

Physical body cavity searches shall be subject to the following (Penal Code § 4030):

- (a) No individual shall be subjected to a physical body cavity search without written approval of the Watch Commander and only upon a search warrant. A copy of any

- (b) Only a physician, nurse practitioner, registered nurse, licensed vocational nurse or Emergency Medical Technician Level II licensed to practice in California may conduct a physical body cavity search.
- (c) Except for the physician or licensed medical personnel conducting the search, persons present must be of the same sex as the individual being searched. Only the necessary [department/office] members needed to maintain the safety and security of the medical personnel shall be present.
- (d) Privacy requirements, including restricted touching of body parts and sanitary condition requirements, are the same as required for a strip search.
- (e) All such searches shall be documented, including:
 - 1. The facts that led to the decision to perform a physical body cavity search of the individual.
 - 2. The reasons less intrusive methods of searching were not used or were insufficient.
 - 3. The Watch Commander's approval.
 - 4. A copy of the search warrant.
 - 5. The time, date and location of the search.
 - 6. The medical personnel present.
 - 7. The names, sex and roles of any [department/office] members present.
 - 8. Any contraband or weapons discovered by the search.
- (f) Copies of the written authorization and search warrant shall be retained and shall be provided to the individual who was searched or other authorized representative upon request. A record of the time, date, place of the search, the name and sex of the person conducting the search and a statement of the results of the search shall also be retained and made available upon request to the individual or the individual's authorized representative.

901.7 TRAINING

The Personnel and Training Administrator shall ensure members have training that includes (28 CFR 115.115):

- (a) Conducting searches of cross-gender individuals.
- (b) Conducting searches of transgender and intersex individuals.

Hayward Police Department

Custodial Searches

- (c) Conducting searches in a professional and respectful manner, and in the least intrusive manner possible, consistent with security needs.

901.8 BODY SCANNER SEARCH

If a body scanner is available, a body scan search should be performed on all inmates/arrestees upon entering the secure booking area of the facility. Members (Penal Code § 4030):

- (a) Within sight of the visual display of a body scanner that is depicting the body during a scan shall be of the same sex as the person being scanned, except for physicians or licensed medical personnel.
- (b) Should ask female inmates if they are pregnant prior to a body scan and should not knowingly use a body scanner on a woman who is pregnant.

Prisoner Transportation

902.1 PURPOSE AND SCOPE

The purpose of this policy is to establish standards and procedure for the transportation of prisoners. Portions of this topic may be contained in other sections of this Manual.

902.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 70.1.1, 70.1.2, 70.1.3, 70.1.4, 70.1.5, 70.1.6, 70.1.7, 70.1.8, 70.2.1, 70.3.1, 70.3.2, 70.3.3, 70.4.1, 70.5.1

902.2 SEARCHING PRISONERS / DETAINEES

Officers who arrest or detain individuals must control the situation with the tools provided within the law. Officers must stay well versed on the current status of the search of persons and act within the law.

- (a) Prior to detaining or transporting any individual in a police vehicle, officers shall conduct an appropriate search of that individual for contraband or weapons.
- (b) Each time a prisoner comes into the transporting officer's custody, including transfers from one patrol unit to another, the receiving transport officer must search the prisoner.

902.2.1 SEARCH OF TRANSPORT VEHICLE

Officers involved in prisoner transportation must develop a routine of searching the patrol or transport vehicle to assure that prisoners do not have access to weapons or contraband. In addition, a strict routine creates the ability of an officer to associate a found item of contraband or weapon to a specific prisoner.

- (a) A patrol officer shall search the prisoner area of his or her vehicle at the beginning of each shift and following the transportation of a prisoner.
- (b) Officers engaged in prisoner transportation shall search the transport vehicle prior to loading any prisoner and search again following the removal of prisoners. Officers shall document this procedure in their associated police report memorializing the transport.

Weapons, contraband or personal property found in the prisoner compartment of a vehicle shall be booked into evidence and the appropriate report completed.

Officers involved in special or long distance prisoner transportation should inspect the vehicle before use to assure it is safe and appropriately equipped for the mission.

902.3 PROCEDURES - TRANSPORTING BY VEHICLE

Officers should ensure the prisoner is as comfortable as practicable, given the length of the trip being made, and yet secure the prisoner to the maximum degree, under the circumstances. Officers shall handcuff and secure in the rear passenger compartment all prisoners whom they transport in a van/bus or patrol vehicle that has a security screen, unless circumstances are such that handcuffing is clearly not practicable. When an officer transports a prisoner in a vehicle without

Hayward Police Department

Hayward PD Policy Manual

Prisoner Transportation

a security screen, the prisoner should be seated in the rear seat and strapped in with a seat belt. The assisting officer shall sit adjacent to the prisoner in the rear seat. Physically resistive or multiple prisoners should only be transported in vehicles equipped with a security screen.

No female arrestee who is in labor shall be handcuffed or restrained by the wrists, ankles or both unless it is reasonably necessary for the safety of the arrestee, officers or others (Penal Code § 6030).

Officers shall seatbelt prisoners, unless circumstances are such that seat belting is clearly not practicable.

902.3.1 CONTROL OF PRISONERS DURING TRANSPORT

When transporting a prisoner(s), officers shall have visual contact with them. Transporting officers shall not deviate from their route during the transportation of a prisoner, unless an emergency arises. If an emergency does arise, the prisoner may be allowed to exit the vehicle only in extreme situations and then only under close supervision and security. The transporting officer must use only facilities that he/she feels are safe, secure, and under constant visual observation.

Officers must take care to allow the prisoners reasonable opportunities to use toilet facilities prior to transport. Normally, the need for toilet facilities is not necessary during transport from the point of arrest to the booking point. The need for toilet facilities shall not constitute an emergency as described in this section. However, an urgent situation arising during a prisoner transport shall be assessed by the transporting officer, who, depending upon the circumstances and length of the transport, may elect to deviate or stop for toilet facilities.

During long distance prisoner transportation, if a meal is necessary, the dining location is to be chosen randomly. Under normal circumstances, officers should not take prisoners into public restaurants. When practical, officers should take the prisoner to another detention center to obtain a meal.

When the use of a public restaurant is absolutely necessary, the transporting officer must never tell the location to anyone other than those having direct involvement with the prisoner transfer. Officers should use drive-through restaurants whenever possible.

The primary duty of the transporting officer is the safe delivery of the prisoner in his/her care, and to protect the prisoner from injury and escape opportunities. Only where the risk to a third party is clear and grave, and there is no risk to the prisoner, may the officer stop to render emergency assistance or engage in any law enforcement activity.

Officers transporting prisoners should never participate in a pursuit, roadblock, or other situation that might create a risk of harm to his/her prisoner.

902.3.2 PRISONER COMMUNICATION DURING TRANSPORT

Security of the transportation function requires that a prisoner not exercise the right to communicate with his/her attorney, clergy, family, and/or others during transportation. Except as

Hayward Police Department

Hayward PD Policy Manual

Prisoner Transportation

provided by law, a prisoner shall not be allowed to make any phone calls or communicate with the outside while awaiting transport.

In special circumstances, the on-duty Watch Commander can approve an exception to this policy. If an exception is made, the transporting officer is responsible for monitoring the communication.

902.3.3 TRANSPORTATION OF PRISONERS

Generally and when circumstances permit, prisoners of the opposite sex, or adult and juvenile prisoners, should not be transported in the same vehicle unless they are physically separated by a solid barrier. If segregating prisoners is not practicable, officers should be alert to inappropriate physical or verbal contact between them and take appropriate action as necessary.

Whenever a prisoner is to be transported from the field or from one facility to another facility by a member of this Department, the transporting officer shall be responsible for the following:

- (a) Verify that the identity of each prisoner to be transported matches the corresponding booking paperwork.
- (b) Ensure that all pertinent documentation accompanies the prisoner, such as copies of booking forms, medical records when appropriate, an itemized list of the prisoner's property, warrant copies, etc. This documentation shall be delivered to the receiving custody personnel.
- (c) Ensure that any known threat or danger the prisoner may pose, such as escape risk, suicide potential, or medical condition, is recorded on the prisoner's booking documentation and is transported with the prisoner to the next facility. The transporting officer shall ensure such threat or danger is communicated to intake personnel at the facility.
- (d) Ensure all prisoners delivered to the facility are appropriately restrained until otherwise instructed by the receiving custody official.
- (e) Ensure all firearms and other weapons not allowed within the custody facility are appropriately secured before the prisoner is removed from the vehicle.
- (f) Obtain documentation confirming the transfer of custody, including the name of the receiving custody official. (Booking Sheet)

902.3.4 ESCAPE OF PRISONER DURING TRANSPORT

If an escape occurs, the transporting officer must immediately advise the Communications Center dispatcher (if within radio transmission coverage) or the nearest local authority of the following:

- (a) Officer's Call Sign
- (b) The Location of Escape
- (c) The Escapee's Description
- (d) The Charge The Escapee Was In Custody On

Hayward Police Department

Hayward PD Policy Manual

Prisoner Transportation

- (e) Any Known Accomplice
- (f) Whether The Escapee and/or Accomplices Are Armed
- (g) Method Of Flight Including Vehicle Description
- (h) Direction Of Flight

If the escape occurs within radio range of the Department's Communications Center, the officer must request assistance from on duty patrol units and/or local law enforcement agencies. If the escape occurs beyond radio range of the Department's communication system, the officer must, as soon as practicable, request that the responding agency notify the Hayward Communications Center. The Hayward Communications Center must then notify the Watch Commander. The initial law enforcement response to assist and search for an escaped prisoner should be coordinated by the supervising officer of the agency having jurisdiction over the location where the escape occurred, or is believed to have occurred. The transporting officer is responsible for any additional prisoners he/she is transporting. Therefore, in the event of an escape during transport, he/she should remain with the transport vehicle and any remaining prisoners. Extenuating circumstances may dictate a different course of action.

Upon making the above notifications, and as soon as practicable, the officer should transport the remaining prisoners to their destination, or the nearest detention facility, as circumstances dictate.

Officers must complete all necessary reports and procedures before reporting off duty. If the escape occurs during transport to County Jail on a fresh charge, the officer may include the escape charges and information in the original crime report. If the prisoner is being transported pursuant to a warrant and an escape occurs, a new crime report will be necessary.

Officers must follow all Department policies and procedures applicable to the Use of Force regarding any attempt to prevent an escape or to recapture an escapee and the reporting of such an event. When the escape occurs in another area of jurisdiction, the authority of the transporting officer to take action in recovering the prisoner is dependent upon the powers officers have in that jurisdiction. Depending upon the State, these will include peace officer powers in the State, within a mutual aid area, or only within the specific jurisdiction from which the officer comes.

902.3.5 USE OF RESTRAINTS

Generally, any prisoner should be appropriately restrained to lessen the chance of escape or assault on others. When transporting prisoners for an extended distance or period of time, the officer should consider leg restraints and belly chains as a form of restraint.

902.4 SPECIAL TRANSPORT SITUATIONS

902.4.1 TRANSPORT OF PRISONERS WITH ILLNESS OR INJURY

Officers must take any prisoner who receives an injury during an arrest situation or while in custody, to a local hospital for treatment and obtain a medical release prior to transporting the prisoner to a detention facility.

Hayward Police Department

Hayward PD Policy Manual

Prisoner Transportation

In the event a prisoner requires emergency medical assistance during transportation, the transporting officer shall take appropriate actions to provide medical assistance as necessary and practicable. This may include emergency medical assistance being summoned to the prisoner's location, or deviation to an emergency medical facility. This may also require the prisoner to be transported to the medical facility via ambulance. When practicable, officers should make every effort to ensure medical aid is rendered inside a secured custody facility or area.

Prior to transporting, officers shall take into consideration a prisoner's mental or medical condition and physical disabilities when selecting a transport vehicle or ambulance, restraint devices and seating position. Non-ambulatory prisoners or those requiring wheelchairs, crutches, or prosthetic appliances may not require the use of restraining devices in all instances. However, personnel must take every precaution to ensure the safety of employees and the prisoner.

During transportation, a sick or injured prisoner should wear handcuffs or other appropriate restraints as practicable, unless the handcuffs or other restraint could further compound the injuries. When this is the case, the officer shall notify an on duty supervisor who may assign an additional officer to assist with the transportation, or take other/additional security precautions.

In the event a prisoner requires emergency medical assistance while in the Hayward Police Department jail, jail staff shall take appropriate actions to provide medical assistance until emergency medical workers arrive. This may also require the prisoner to be transported to the medical facility via ambulance or police vehicle based on the circumstances.

When returning a prisoner back to the jail, the transporting officer must return copies of all hospital paperwork, with attending physicians'/nurse's signatures, to the jail staff. Officers will also attach a copy of the medical release form to their report.

902.4.2 SECURITY OF PRISONERS AT MEDICAL CARE FACILITIES

When taking a prisoner to a medical care facility or local hospital for any reason including treatment, examination or admission, officers must ensure that the prisoner does not have access to other patients and that he/she is always under the control of the transporting officer. Only under unusual circumstances should the prisoner be allowed out of the transporting officer's sight. If the prisoner requires admission to the hospital, the transporting employee must notify the on duty supervisor of the circumstances. Officers assigned to guard the prisoner shall not become lax and refrain from fraternizing with him/her at any time. Any unusual occurrence should be audio recorded.

The transporting officer must not leave the medical facility or hospital until he/she receives relief from another officer, or if a supervisor orders otherwise. Should the prisoner be required to remain in a hospital or medical facility as an admitted patient, the supervisor will notify the Watch Commander and facilitate staffing rotation so that the security of the prisoner is maintained during the entire length of stay.

Hayward Police Department

Hayward PD Policy Manual

Prisoner Transportation

The transporting officer should remove the prisoner's restraints only when it is absolutely necessary, when a cover officer is present, and only when medical staff requests it in furtherance of life-saving measures.

Officers must not allow visitors, including telephone contacts to or by the prisoner. Officers must attach a copy of the medical release form (signed by the attending physician) to the arrest report. Prior to reinitiating transportation, officers shall search the prisoner, police vehicle, and, if necessary, reapply restraints.

902.4.3 SPECIAL TRANSPORT SITUATIONS

The unusual circumstances surrounding situations such as funerals and visits to hospitals provide extraordinary opportunities to a prisoner for personal contact, escape, or infliction of injury on his/herself or others. Normally these special transport details are when a medical emergency demands the immediate care of the prisoner.

Special precautions and security measures should be stipulated and employed. To accommodate this, the prisoner must always wear handcuffs. Leg restraints should also be used as appropriate. If the transporting officer must remove the handcuffs, he/she must do so with all necessary precautions. In most cases, supervisors should assign at least two officers to these details. Officers must not allow prisoners to have unsupervised contact with anyone during these situations.

In addition, the City will pay for any fitness for duty examinations required for continued employment or as required by law.

1000.3.1 DECEPTION DETECTION

For a position in which a deception detection device is used, information gained from such device should not be used as the single determination for selection criteria, but should be used to weigh against other information or warrant further investigation.

The veteran's preference shall also apply to a widow or widower of a veteran or a spouse of a 100 percent disabled veteran (Government Code § 18973.1).

1000.7 BACKGROUND INVESTIGATION

Every candidate shall undergo a thorough background investigation to verify his/her personal integrity and high ethical standards, and to identify any past behavior that may be indicative of the candidate's unsuitability to perform duties relevant to the operation of the Hayward Police Department (11 CCR 1953).

The narrative report and any other relevant background information shall be shared with the psychological evaluator. Information shall also be shared with others involved in the hiring process if it is relevant to their respective evaluations (11 CCR 1953).

- (a) The legal rights of candidates are protected.
- (b) Material and information to be considered are verified, accurate and validated.

Regardless of whether a third party is used, the Personnel and Training division should ensure that potentially impermissible information is not available to any person involved in the candidate selection process.

1000.7.4 DOCUMENTING AND REPORTING

The background investigator shall summarize the results of the background investigation in a narrative report that includes sufficient information to allow the reviewing authority to decide whether to extend a conditional offer of employment. The report shall not include any information that is prohibited from use, including that from social media sites, in making employment decisions. The report and all supporting documentation shall be included in the candidate's background investigation file (11 CCR 1953).

1000.7.5 RECORDS RETENTION

The background report and all supporting documentation shall be maintained in accordance with the established records retention schedule.

Candidates will be evaluated based on merit, ability, competence and experience, in accordance with the high standards of integrity and ethics valued by the Department and the community. The California Commission on Peace Officer Standards and Training (POST) developed a Job Dimensions list, which is used as a professional standard in background investigations.

Validated, job-related and nondiscriminatory employment standards shall be established for each job classification and shall minimally identify the training, abilities, knowledge and skills required to perform the position's essential duties in a satisfactory manner. Each standard should include performance indicators for candidate evaluation. The Department of Human Resources should maintain validated standards for all positions.

Evaluation of Employees

1001.1 PURPOSE AND SCOPE

The Department's employee performance evaluation system is designed to record work performance for both the Department and the employee, providing recognition for good work and developing a guide for improvement.

1001.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 32.2.10, 33.8.3, 35.1.1, 35.1.2, 35.1.3, 35.1.4, 35.1.5, 35.1.6, 35.1.7, 35.1.8, 35.1.9

1001.2 POLICY

The Hayward utilizes a performance evaluation report to measure performance and to use as a factor in making personnel decisions that relate to merit increases, promotion, reassignment, discipline, demotion and termination. The evaluation report is intended to serve as a guide for work planning and review by the supervisor and employee. It gives supervisors a way to create an objective history of work performance based on job standards.

The Department evaluates employees in a non-discriminatory manner based upon job-related factors specific to the employee's position, without regard to sex, race, color, national origin, religion, age, disability or other protected classes. Each evaluation will cover a specific period and should be based on performance during that period. The employee's immediate supervisor will complete each evaluation. Other supervisors directly familiar with the employee's performance during the rating period should be consulted by the immediate supervisor for their input. Failure to meet established performance standards is justification for an unsatisfactory rating.

All sworn and professional staff supervisory personnel shall be sent to a POST approved supervisory course that includes training on the completion of performance evaluations within one year of the supervisory appointment.

1001.3 EVALUATION FREQUENCY AND EVALUATION PLANS

Non-probationary sworn and professional staff assigned to patrol, jail, and communications shall be evaluated at the conclusion of each shift cycle. Performance Improvement Plans

1003.1 PURPOSE AND SCOPE

The Performance Improvement Plan (PIP) is intended to be a positive approach designed to assist employees who have demonstrated substandard performance or behavior and who may benefit from intervention before it results in discipline or other negative consequences. The PIP is not intended as discipline. Rather, it is intended to aid employees by implementing a structured, written intervention plan focused on achieving desirable performance or behavior outcomes. In addition, the PIP serves as an integral tool of the performance appraisal process in that it provides for timely, constructive feedback while creating opportunities for an employee(s) to receive supervisory guidance and assistance to correct deficient work. This proactive strategy reflects the Hayward Police Department's commitment to maintaining employee performance and behavior to the standards reflected in the Department's performance evaluation dimensions and policies.

1003.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards:

1003.1.2 DEFINITION

The Performance Improvement Plan (PIP) is a written and structured intervention plan designed to assist employees to achieve acceptable performance/behavior outcomes when they have demonstrated a pattern of substandard performance or behavior.

1003.2 PROCEDURE

The components of the Performance Improvement Plan include Identification and Selection, Plan Development, and Plan Administration.

1003.2.1 IDENTIFICATION AND SELECTION

The purpose of identification and selection is to first recognize a pattern of performance and/or behavior which fails to meet published performance expectations or policy standards. Supervisors and managers are charged with continuously evaluating subordinate work and to identify those employees who may benefit from a performance or behavior intervention. Furthermore, supervisors and managers are expected to analyze the substance of substandard performance and/or behavior to determine the most appropriate course of corrective action. The PIP is not intended to replace disciplinary intervention when supervisors and managers determine discipline to be the most appropriate course of action.

In most cases when there is a minor policy violation or performance deficiency supervisors and managers may institute progressive intervention. Progressive intervention may include, but is not limited to verbal counseling, training, monitoring or other strategies. Intervention efforts should be documented on a memorandum. The supervisor(s) and manager of the affected employee may consider selection for a Performance Improvement Plan once progressive intervention efforts fail to produce desired results. Should the manager choose to select an employee to participate in

Hayward Police Department

Hayward PD Policy Manual

Performance Improvement Plans

a PIP, s/he shall first seek the approval of the affected employee's Division Commander. Upon approval of the Division Commander, the manager and/or supervisor(s) shall notify the affected employee of their intention to implement a PIP as soon as practical.

1003.2.2 PLAN DEVELOPMENT

The affected employee's supervisor(s) and manager will be responsible to author the content of the PIP unless otherwise directed by the responsible Division Commander. The PIP document will consist of six distinct categories in memorandum format as follows:

- (a) **Summary:** Provide a brief description of the pattern of performance or behavior demonstrated by the affected employee and how it fails to meet published performance expectations or policy standards.
- (b) **Specific Circumstances:** This section of the PIP should detail the circumstances and specific examples of the affected employee's performance or behavior that established a pattern of concern warranting supervisory intervention. Additionally, previous intervention efforts should be referenced in support of cause to select the affected employee for PIP participation.
- (c) **Substandard Performance and/or Policy Violations:** This section of the PIP should identify the specific performance dimension(s) or policy standards and how the affected employee failed to meet them.
- (d) **Impact of Employee's Performance and/or Behavior:** This section of the PIP should help the affected employee understand the impact and associated consequences of their substandard performance or behavior.
- (e) **Strategies to Achieve Desirable Performance and/or Behavior Outcomes:** This section of the PIP is intended for the author(s) and the affected employee to work together in crafting objectives intended to map a successful outcome. Objectives should be SMART:
 1. Specific: Write expectations that are clear and concise to help ensure the employee grasps an understanding of them.
 2. Measurable: Install benchmarks so that progress or lack thereof is readily discernible.
 3. Attainable: Make reasonable efforts to ensure the employee has ample opportunity and resources to meet the expectations of the objective.
 4. Relevant: Draw a clear nexus between the expectation and named performance dimension(s) or policy standard(s).
 5. Time Based: Develop a reasonable time-line to help define expectations and motivate positive progress.

Hayward Police Department

Hayward PD Policy Manual

Performance Improvement Plans

- (f) **Performance Improvement Plan Terms:** This section of the PIP defines the duration of the plan, identifies the PIP administrator(s), prescribes supervisor feedback intervals, and other necessary terms. The following guidelines should apply to the PIP terms:
1. **Duration:** The duration of a PIP should be no longer than three months unless the affected employee's Division Commander determines an extension, not to exceed an additional three months, is likely to benefit both the affected employee and the Department. The PIP may be tolled to compensate for employee leave of absence and resume upon their return to full duty.
 2. **Feedback Intervals:** The PIP administrator is expected to provide timely feedback and on-going guidance to the affected employee. The administrator should make reasonable efforts to meet with the employee no less than bi-weekly unless circumstances require a change of administrator or other unanticipated need(s).
 3. **Other Necessary Terms:** Other necessary terms may include, but are not limited to the following:
 - The employee may be required to attend training prescribed by the PIP administrator.
 - The employee may submit to a voluntary assignment transfer.
 - The PIP administrator may limit or restrict the affected employee from participating in work activities outside the scope of their primary assignment including, but not limited to ancillary responsibilities, voluntary overtime assignments, or other work that the PIP administrator reasonably believes may impede the employee's progress or success.
 - Employees who are participating in a PIP will not be placed into a special assignment.

1003.2.3 PLAN ADMINISTRATION

The Performance Improvement Plan will be administered in the following manner:

- (a) **Supervisor Responsibilities:**
1. Once an employee is selected for a PIP intervention, his/her supervisor and/or manager should meet with the affected employee to receive input on the content of the PIP.
 2. The supervisor/manager should prepare a draft PIP and forward it through the chain of command to the affected employee's Division Commander for approval.

Grievance Procedure

1004.1 PURPOSE AND SCOPE

It is the policy of this department that all grievances be handled quickly and fairly without discrimination against employees who file a grievance whether or not there is a basis for the grievance. Our Department's philosophy is to promote a free verbal communication between employees and supervisors.

1004.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 25.1.1, 25.1.2, 25.1.3

1004.1.2 GRIEVANCE DEFINED

A grievance is any difference of opinion concerning terms or conditions of employment or the dispute involving the interpretation or application of any of the following documents by the person(s) affected:

- The employee bargaining agreement (Memorandum of Understanding)
- This Policy Manual
- City Rules & Regulations covering personnel practices or working conditions

Grievances may be brought by an individual affected employee or by a group representative.

Specifically outside the category of grievance are complaints related to alleged acts of sexual, racial, ethnic or other forms of unlawful harassment, as well as complaints related to allegations of discrimination on the basis of sex, race, religion, ethnic background and other lawfully protected status or activity. These are subject to the complaint options set forth in the Discriminatory Harassment Policy. Personnel complaints consisting of any allegation of misconduct or improper job performance against any Department employee that, if true, would constitute a violation of Department policy, federal, state or local law are set forth in the Personnel Complaint Policy.

1004.2 PROCEDURE

Except as otherwise required under a collective bargaining agreement, if an employee believes that he or she has a grievance as defined above, then that employee shall observe the following procedure:

- (a) Attempt to resolve the issue through informal discussion with immediate supervisor.
- (b) If after a reasonable amount of time, generally seven days, the grievance cannot be settled by the immediate supervisor, the employee may request an interview with the Division Commander of the affected division or bureau.
- (c) If a successful resolution is not found with the Division Commander, the employee may request a meeting with the Chief of Police.

Hayward Police Department

Hayward PD Policy Manual

Grievance Procedure

 - (b) Allegation of the specific wrongful act and the harm done.
 - (c) The specific policies, rules or regulations that were violated.
 - (d) What remedy or goal is being sought by this grievance.
- (e) The employee shall receive a copy of the acknowledgment signed by the supervisor including the date and time of receipt.

The decision of the City Manager is considered final.

1004.3 EMPLOYEE REPRESENTATION

Employees are entitled to have representation during the grievance process. The representative may be selected by the employee from the appropriate employee bargaining group.

1004.4 GRIEVANCE RECORDS

The Internal Affairs Unit (IA) shall maintain a file of all written grievances received. At least annually, the IA Commander shall verify that he/she has copies or thorough summaries of all employee grievances filed directly with the Department of Human Resources. This verification shall be through the Chief of Police and enables the IA Commander to draft the Annual Review of Grievances. See below.

1004.5 ANNUAL REVIEW OF GRIEVANCES

The Internal Affairs Unit shall perform an annual analysis of all written grievances filed during the previous calendar year to evaluate whether or not any policy/procedure changes or training may be appropriate to avoid future filings or grievances. The Internal Affairs Unit shall record these findings in a confidential and generic memorandum to the Chief of Police without including any identifying information from any individual grievance. If the audit identifies any recommended changes or content that may warrant a critical revision to this policy manual, the Internal Affairs Unit should promptly notify the Chief of Police.

Anti-Retaliation

1005.1 PURPOSE AND SCOPE

This policy prohibits retaliation against members who identify workplace issues, such as fraud, waste, abuse of authority, gross mismanagement or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety or well-being of members.

This policy does not prohibit actions taken for nondiscriminatory or non-retaliatory reasons, such as discipline for cause.

These guidelines are intended to supplement and not limit members' access to other applicable remedies. Nothing in this policy shall diminish the rights or remedies of a member pursuant to any applicable federal law, provision of the U.S. Constitution, law, ordinance or memorandum of understanding.

1005.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 26.1.1, 26.1.3, 26.1.5

1005.2 POLICY

The Hayward Police Department has a zero tolerance for retaliation and is committed to taking reasonable steps to protect from retaliation members who, in good faith, engage in permitted behavior or who report or participate in the reporting or investigation of workplace issues. All complaints of retaliation will be taken seriously and will be promptly and appropriately investigated.

1005.3 RETALIATION PROHIBITED

No member may retaliate against any person for engaging in lawful or otherwise permitted behavior; for opposing a practice believed to be unlawful, unethical, discriminatory or retaliatory; for reporting or making a complaint under this policy; or for participating in any investigation related to a complaint under this or any other policy.

Retaliation includes any adverse action or conduct, including but not limited to:

- Refusing to hire or denying a promotion.
- Extending the probationary period.
- Unjustified reassignment of duties or change of work schedule.
- Real or implied threats or other forms of intimidation to dissuade the reporting of wrongdoing or filing of a complaint, or as a consequence of having reported or participated in protected activity.
- Taking unwarranted disciplinary action.
- Spreading rumors about the person filing the complaint or about the alleged wrongdoing.

Anti-Retaliation

- Shunning or unreasonably avoiding a person because he/she has engaged in protected activity.

1005.4 COMPLAINTS OF RETALIATION

Any member who feels he/she has been retaliated against in violation of this policy should promptly report the matter to any supervisor, command staff member, Chief of Police or the City Personnel and Training Administrator.

Members shall act in good faith, not engage in unwarranted reporting of trivial or minor deviations or transgressions, and make reasonable efforts to verify facts before making any complaint in order to avoid baseless allegations. Members shall not report or state an intention to report information or an allegation knowing it to be false, with willful or reckless disregard for the truth or falsity of the information or otherwise act in bad faith.

Investigations are generally more effective when the identity of the reporting member is known, thereby allowing investigators to obtain additional information from the reporting member. However, complaints may be made anonymously. All reasonable efforts shall be made to protect the reporting member's identity. However, confidential information may be disclosed to the extent required by law or to the degree necessary to conduct an adequate investigation and make a determination regarding a complaint. In some situations, the investigative process may not be complete unless the source of the information and a statement by the member is part of the investigative process.

1005.5 SUPERVISOR RESPONSIBILITIES

Supervisors are expected to remain familiar with this policy and ensure that members under their command are aware of its provisions.

The responsibilities of supervisors include, but are not limited to:

- (a) Ensuring complaints of retaliation are investigated as provided in the Personnel Complaints Policy.
- (b) Receiving all complaints in a fair and impartial manner.
- (c) Documenting the complaint and any steps taken to resolve the problem.
- (d) Acknowledging receipt of the complaint, notifying the Chief of Police via the chain of command and explaining to the member how the complaint will be handled.
- (e) Taking appropriate and reasonable steps to mitigate any further violations of this policy.
- (f) Monitoring the work environment to ensure that any member making a complaint is not subjected to further retaliation.
- (g) Periodic follow-up with the complainant to ensure that retaliation is not continuing.
- (h) Not interfering with or denying the right of a member to make any complaint.

Hayward Police Department

Hayward PD Policy Manual

Anti-Retaliation

- (i) Taking reasonable steps to accommodate requests for assignment or schedule changes made by a member who may be the target of retaliation if it would likely mitigate the potential for further violations of this policy.

1005.6 COMMAND STAFF RESPONSIBILITIES

The Chief of Police should communicate to all supervisors the prohibition against retaliation.

Command staff shall treat all complaints as serious matters and shall ensure that prompt actions take place, including but not limited to:

- (a) Communicating to all members the prohibition against retaliation.
- (b) The timely review of complaint investigations.
- (c) Remediation of any inappropriate conduct or condition and instituting measures to eliminate or minimize the likelihood of recurrence.
- (d) The timely communication of the outcome to the complainant.

1005.7 WHISTLE-BLOWING

California law protects members who (Labor Code § 1102.5; Government Code § 53296 et seq.):

- (a) Report a violation of a state or federal statute or regulation to a government or law enforcement agency, including the member's supervisor or any other member with the authority to investigate the reported violation.
- (b) Provide information or testify before a public body if the member has reasonable cause to believe a violation of law occurred.
- (c) Refuse to participate in an activity that would result in a violation of a state or federal statute or regulation.
- (d) File a complaint with a local agency about gross mismanagement or a significant waste of funds, abuse of authority, or a substantial and specific danger to public health or safety. Members shall exhaust all available administrative remedies prior to filing a formal complaint.
- (e) Are family members of a person who has engaged in any protected acts described above.

Members are encouraged to report any legal violations through the chain of command (Labor Code § 1102.5).

Members who believe they have been the subject of retaliation for engaging in such protected behaviors should promptly report it to a supervisor. Supervisors should refer the complaint to the Internal Affairs Unit for investigation pursuant to the Personnel Complaints Policy.

1005.7.1 DISPLAY OF WHISTLE-BLOWER LAWS

The Department shall display a notice to members regarding their rights and responsibilities under the whistle-blower laws, including the whistle-blower hotline maintained by the Office of the Attorney General (Labor Code § 1102.8).

1005.8 RECORDS RETENTION AND RELEASE

The Internal Affairs Manager shall ensure that documentation of investigations is maintained in accordance with the established records retention schedules.

1005.9 TRAINING

The policy should be reviewed with each new member. All members should receive periodic refresher training on the requirements of this policy.

Reporting of Employee Convictions

1006.1 PURPOSE AND SCOPE

Convictions of certain offenses may restrict or prohibit an employee's ability to properly perform official duties. Therefore, all employees shall be required to promptly notify the Department of any past and current criminal convictions.

The Support Services Supervisor shall submit in a timely manner a notice to the Commission on Peace Officer Standards and Training (POST) of any appointment, termination, reinstatement, name change or status change regarding any peace officer, reserve peace officer, public safety dispatcher and records supervisor employed by this department (11 CCR § 1003).

The Support Services Supervisor shall submit in a timely manner a notice to POST of a felony conviction or Government Code § 1029 reason that disqualifies any current peace officer employed by this department or any former peace officer if this department was responsible for the investigation (11 CCR § 1003).

1006.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 22.2.1

1006.2 DOMESTIC VIOLENCE CONVICTIONS AND RESTRAINING ORDERS

California and federal law prohibit individuals convicted of certain offenses and individuals subject to certain court orders from lawfully possessing a firearm. Such convictions and court orders often involve allegations of the use or attempted use of force or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922; Penal Code § 29805).

All members are responsible for ensuring that they have not been disqualified from possessing a firearm by any such conviction or court order and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

1006.3 OTHER CRIMINAL CONVICTIONS AND COURT ORDERS

Government Code § 1029 prohibits any person convicted of a felony from being a peace officer in the State of California. This prohibition applies regardless of whether the guilt was established by way of a verdict, guilty or nolo contendere plea.

Convictions of certain violations of the Vehicle Code and other provisions of law may also place restrictions on an employee's ability to fully perform the duties of the job.

Outstanding warrants as provided in Penal Code § 29805 also place restrictions on a member's ability to possess a firearm.

Moreover, while legal restrictions may or may not be imposed by statute or by the courts upon conviction of any criminal offense, criminal conduct by members of this [department/office] may be inherently in conflict with law enforcement duties and the public trust.

Hayward Police Department

Hayward PD Policy Manual

Reporting of Employee Convictions

1006.4 REPORTING PROCEDURE

All members of this Department and all retired officers with an identification card issued by the Department shall promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers) in writing of any past or current criminal arrest or conviction regardless of whether or not the matter is currently on appeal and regardless of the penalty or sentence, if any.

All members and all retired officers with an identification card issued by the Department shall further promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers) in writing if the member or retiree becomes the subject of a domestic violence restraining order or similar court order.

Any member whose criminal conviction unduly restricts or prohibits that member from fully and properly performing his/her duties may be disciplined including, but not limited to, being placed on administrative leave, reassignment and/or termination. Any effort to remove such disqualification or restriction shall remain entirely the responsibility of the member on his/her own time and expense.

Any member failing to provide prompt written notice pursuant to this policy shall be subject to discipline.

1006.5 PROCEDURE FOR RELIEF

Pursuant to Penal Code § 29855, a peace officer may petition the court for permission to carry a firearm following a conviction under state law. Federal law, however, does not provide for any such similar judicial relief and the granting of a state court petition under Penal Code § 29855 will not relieve one of the restrictions imposed by federal law. Therefore, relief for any employee falling under the restrictions imposed by federal law may only be obtained by expungement of the conviction. Each employee shall seek relief from firearm restrictions on their own time and through their own resources.

Pursuant to Family Code § 6389(h), an individual may petition the court for an exemption to any restraining order, which would thereafter permit the individual to carry a firearm as a part of their employment. Relief from any domestic violence or other restriction shall also be pursued through the employee's own resources and on the employee's own time.

Pending satisfactory proof of relief from any legal restriction imposed on an employee's duties, the employee may be placed on administrative leave, reassigned or disciplined. The Department may, but is not required to return an employee to any assignment, reinstate any employee or reverse any pending or imposed discipline upon presentation of satisfactory proof of relief from any legal restriction set forth in this policy.

The purpose of this policy is to establish clear and uniform guidelines regarding drugs and alcohol in the workplace.

1007.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 26.1.1, 52.2.6

1007.2 POLICY

It is the policy of this department to provide a drug and alcohol-free workplace for all members.

1007.3 GENERAL GUIDELINES

Alcohol and drug use in the workplace or on department time can endanger the health and safety of department members and the public. Such use shall not be tolerated (41 USC § 8103).

Members who have consumed an amount of an alcoholic beverage or taken any medication, or combination thereof, that would tend to adversely affect their mental or physical abilities shall not report for duty. Affected members shall notify the Watch Commander or appropriate supervisor as soon as the member is aware that he/she will not be able to report to work. If the member is unable to make the notification, every effort should be made to have a representative contact the supervisor in a timely manner. If the member is adversely affected while on-duty, he/she shall be immediately removed and released from work (see Work Restrictions in this policy).

1007.3.1 USE OF MEDICATIONS

Members should avoid taking any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to his/her immediate supervisor prior to commencing any on-duty status.

No member shall be permitted to work or drive a vehicle owned or leased by the Department while taking any medication that has the potential to impair his/her abilities, without a written release from his/her physician.

Possession of medical marijuana or being under the influence of marijuana on or off-duty is prohibited and may lead to disciplinary action.

1007.4 MEMBER RESPONSIBILITIES

Members shall report for work in an appropriate mental and physical condition. Members are prohibited from purchasing, manufacturing, distributing, dispensing, possessing or using controlled substances or alcohol on department premises or on department time (41 USC § 8103). The lawful possession or use of prescribed medications or over-the-counter remedies is excluded from this prohibition.

Hayward Police Department

Hayward PD Policy Manual

Drug- and Alcohol-Free Workplace

Members who are authorized to consume alcohol as part of a special assignment shall not do so to the extent of impairing on-duty performance.

Members shall notify a supervisor immediately if they observe behavior or other evidence that they believe demonstrates that a fellow member poses a risk to the health and safety of the member or others due to drug or alcohol use.

Members are required to notify their immediate supervisors of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction (41 USC § 8103).

1007.5 EMPLOYEE ASSISTANCE PROGRAM

There may be available a voluntary employee assistance program to assist those who wish to seek help for alcohol and drug problems (41 USC § 8103). Insurance coverage that provides treatment for drug and alcohol abuse also may be available. Employees should contact the Department of Human Resources, their insurance providers or the employee assistance program for additional information. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

1007.6 WORK RESTRICTIONS

If a member informs a supervisor that he/she has consumed any alcohol, drug or medication that could interfere with a safe and efficient job performance, the member may be required to obtain clearance from his/her physician before continuing to work.

If the supervisor reasonably believes, based on objective facts, that a member is impaired by the consumption of alcohol or other drugs, the supervisor shall prevent the member from continuing work and shall ensure that he/she is safely transported away from the Department.

1007.7 REQUESTING SCREENING TESTS

The supervisor may request an employee to submit to a screening test under the following circumstances:

- (a) The supervisor reasonably believes, based upon objective facts, that the employee is under the influence of alcohol or drugs that are impairing his/her ability to perform duties safely and efficiently.
- (b) The employee discharges a firearm, other than by accident, in the performance of his/her duties.
- (c) During the performance of his/her duties, the employee drives a motor vehicle and becomes involved in an incident that results in bodily injury to him/herself or another person, or substantial damage to property.

Hayward Police Department

Hayward PD Policy Manual

Drug- and Alcohol-Free Workplace

1007.7.1 SUPERVISOR RESPONSIBILITY

The supervisor shall prepare a written record documenting the specific facts that led to the decision to request the test, and shall inform the employee in writing of the following:

- (a) The test will be given to detect either alcohol or drugs, or both.
- (b) The result of the test is not admissible in any criminal proceeding against the employee.
- (c) The employee may refuse the test, but refusal may result in dismissal or other disciplinary action.

1007.7.2 SCREENING TEST REFUSAL

An employee may be subject to disciplinary action if he/she:

- (a) Fails or refuses to submit to a screening test as requested.
- (b) After taking a screening test that indicates the presence of a controlled substance, fails to provide proof, within 72 hours after being requested, that he/she took the controlled substance as directed, pursuant to a current and lawful prescription issued in his/her name.
- (c) Violates in provisions of this policy.

1007.8 COMPLIANCE WITH THE DRUG-FREE WORKPLACE ACT

No later than 30 days following notice of any drug statute conviction for a violation occurring in the workplace involving a member, the Department will take appropriate disciplinary action, up to and including dismissal, and/or requiring the member to satisfactorily participate in a drug abuse assistance or rehabilitation program (41 USC § 8104).

1007.9 CONFIDENTIALITY

The Department recognizes the confidentiality and privacy due to its members. Disclosure of any information relating to substance abuse treatment, except on a need-to-know basis, shall only be with the express written consent of the member involved or pursuant to lawful process.

Sick Leave

1008.1 PURPOSE AND SCOPE

This policy provides general guidance regarding the use and processing of sick leave. The accrual and terms of use of sick leave for eligible employees are detailed in the City personnel manual or applicable collective bargaining agreement.

This policy is not intended to cover all types of sick or other leaves. For example, employees may be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (FMLA) (29 USC § 2601 et seq.) and the California Family Rights Act, and leave related to domestic violence, sexual assault, stalking or for organ or bone marrow donor procedures (29 CFR 825; Government Code § 12945.2; Labor Code § 230.1; Labor Code § 1510).

1008.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 22.2.1

1008.2 EMPLOYEE RESPONSIBILITIES

Sick leave may be used for absences caused by illness, injury, temporary disability (including pregnancy/maternity), or for medical, dental or vision exams or medical treatment of the employee or the employee's immediate family when it is not possible to schedule such appointments during non-working hours.

Sick leave is not considered vacation, and abuse of sick leave may result in discipline and/or denial of sick-leave benefits. Employees on sick leave shall not engage in other employment or self-employment, or participate in any sport, hobby, recreational or other activity which may impede recovery from the injury or illness.

1008.2.1 NOTIFICATION

Employees shall notify the on-duty Watch Commander or on-duty supervisor(s) via phone or personal contact as soon as they are aware they will not be able to report to work. Notification of their pending absence via email to the on-duty Watch Commander or on-duty supervisor(s) is not permitted. At a minimum, employees shall make such notification no less than one hour before the start of their scheduled shift.

In the case of an emergency, every effort should be made by employees to have a representative contact the on-duty Watch Commander or on-duty supervisor(s).

As a courtesy, employees are encouraged to notify their immediate supervisor(s) of their pending absence after making phone or personal contact with the on-duty Watch Commander or on-duty supervisor(s).

Upon notification of an employee's pending absence due to personal or family illness, the on-duty Watch Commander or on-duty supervisor(s) will arrange for a replacement, as appropriate.

Hayward Police Department

Hayward PD Policy Manual

Sick Leave

When the necessity for leave is foreseeable, such as an expected birth or planned medical treatment, employees shall, whenever possible, provide the Department with no less than 30 days notice of the intent to take leave.

1008.3 EXTENDED ILLNESS

Employees on extended absences shall, if possible, contact their unit supervisor at three-day intervals to provide an update on their absence and expected date of return. Employees absent from duty due to personal illness in excess of three consecutive days may be required to furnish a statement from their health care provider supporting the use of sick leave and/or the ability to return to work.

Nothing in this section precludes a supervisor, with cause, from requiring a physician's statement if three or fewer sick days are taken.

1008.3.1 NOTIFICATION

All members should notify the Watch Commander or appropriate supervisor as soon as they are aware that they will not be able to report to work and no less than one hour before the start of their scheduled shifts. If, due to an emergency, a member is unable to contact the supervisor, every effort should be made to have a representative for the member contact the supervisor (Labor Code § 246).

When the necessity to be absent from work is foreseeable, such as planned medical appointments or treatments, the member shall, whenever possible and practicable, provide the [Department/ Office] with no less than 30 days' notice of the impending absence (Labor Code § 246).

Upon return to work, members are responsible for ensuring their time off was appropriately accounted for, and for completing and submitting the required documentation describing the type of time off used and the specific amount of time taken.

1008.4 SUPERVISOR RESPONSIBILITY

Supervisors should monitor sick leave usage and regularly review the attendance of employees under their command to ensure that the use of sick leave is consistent with this policy. Supervisors should address sick-leave use in the employee's performance evaluation when it has negatively affected the employee's performance or ability to complete assigned duties, and when unusual amounts of sick leave by the employee has had a negative impact on department operations. When appropriate, supervisors should counsel employees regarding the excessive use of sick leave and should consider referring the employee to the Employee Assistance Program.

1008.5 FAMILY LEAVE ACT (FMLA)

Employees planning family leave for absences authorized under this act shall state their request through the Human Resources Department after reporting this information to their immediate supervisor. If the need for FMLA is foreseeable (e.g., nonemergency medical procedure or bonding leave), the request must be submitted at least 30 days before the leave is to begin.

- (f) Using a face mask or shield if it is reasonable to anticipate an exposure to an airborne transmissible disease.
- (g) Decontaminating non-disposable equipment (e.g., flashlight, control devices, clothing and portable radio) as soon as possible if the equipment is a potential source of exposure.
 - 1. Clothing that has been contaminated by blood or other potentially infectious materials shall be removed immediately or as soon as feasible and stored/decontaminated appropriately.
- (h) Handling all sharps and items that cut or puncture (e.g., needles, broken glass, razors, knives) cautiously and using puncture-resistant containers for their storage and/or transportation.
- (i) Avoiding eating, drinking, smoking, applying cosmetics or lip balm, or handling contact lenses where there is a reasonable likelihood of exposure.
- (j) Disposing of biohazardous waste appropriately or labeling biohazardous material properly when it is stored.

1009.3.2 IMMUNIZATIONS

Members who could be exposed to HBV due to their positions may receive the HBV vaccine and any routine booster at no cost (8 CCR 5193).

1009.4 POST EXPOSURE

1009.4.1 INITIAL POST-EXPOSURE STEPS

Members who experience an exposure or suspected exposure shall:

- (a) Begin decontamination procedures immediately (e.g., wash hands and any other skin with soap and water, flush mucous membranes with water).
- (b) Obtain medical attention as appropriate.
- (c) Notify a supervisor as soon as practicable.

1009.4.2 REPORTING REQUIREMENTS

The supervisor on-duty shall investigate every exposure or suspected exposure that occurs as soon as possible following the incident. The supervisor shall ensure the following information is documented (8 CCR 5193):

- (a) Name and Social Security number of the member exposed
- (b) Date and time of the incident
- (c) Location of the incident

Hayward Police Department

Hayward PD Policy Manual

Communicable Diseases

- (d) Potentially infectious materials involved and the source of exposure (e.g., identification of the person who may have been the source)
- (e) Work being done during exposure
- (f) How the incident occurred or was caused
- (g) PPE in use at the time of the incident
- (h) Actions taken post-event (e.g., clean-up, notifications)

The supervisor shall advise the member that disclosing the identity and/or infectious status of a source to the public or to anyone who is not involved in the follow-up process is prohibited. The supervisor should complete the incident documentation in conjunction with other reporting requirements that may apply (see the Occupational Disease and Work-Related Injury Reporting Policy).

1009.4.3 MEDICAL CONSULTATION, EVALUATION AND TREATMENT

Department members shall have the opportunity to have a confidential medical evaluation immediately after an exposure and follow-up evaluations as necessary (8 CCR 5193).

The ECO should request a written opinion/evaluation from the treating medical professional that contains only the following information:

- (a) Whether the member has been informed of the results of the evaluation.
- (b) Whether the member has been notified of any medical conditions resulting from exposure to blood or other potentially infectious materials which require further evaluation or treatment.

No other information should be requested or accepted by the ECO.

1009.4.4 COUNSELING

The Department shall provide the member, and his/her family if necessary, the opportunity for counseling and consultation regarding the exposure (8 CCR 5193).

1009.4.5 SOURCE TESTING

Testing a person for communicable diseases when that person was the source of an exposure should be done when it is desired by the exposed member or when it is otherwise appropriate (8 CCR 5193). Source testing is the responsibility of the ECO. If the ECO is unavailable to seek timely testing of the source, it is the responsibility of the exposed member's supervisor to ensure testing is sought.

Source testing may be achieved by:

- (a) Obtaining consent from the individual.
- (b) Complying with the statutory scheme of Health and Safety Code § 121060. This includes seeking consent from the person who was the source of the exposure and seeking a court order if consent is not given.

Hayward Police Department

Hayward PD Policy Manual

Communicable Diseases

- (c) Testing the exposed member for evidence of a communicable disease and seeking consent from the source individual to either access existing blood samples for testing or for the source to submit to testing (Health and Safety Code § 120262).
- (d) Taking reasonable steps to immediately contact the County Health Officer and provide preliminary information regarding the circumstances of the exposure and the status of the involved individuals to determine whether the County Health Officer will order testing (Penal Code § 7510).
- (e) Under certain circumstances, a court may issue a search warrant for the purpose of HIV testing a person when the exposed member qualifies as a crime victim (Penal Code § 1524.1).

Since there is the potential for overlap between the different manners in which source testing may occur, the ECO is responsible for coordinating the testing to prevent unnecessary or duplicate testing.

The ECO should seek the consent of the individual for testing and consult the City Attorney to discuss other options when no statute exists for compelling the source of an exposure to undergo testing if he/she refuses.

1009.5 CONFIDENTIALITY OF REPORTS

Medical information shall remain in confidential files and shall not be disclosed to anyone without the member's written consent (except as required by law). Test results from persons who may have been the source of an exposure are to be kept confidential as well.

1009.6 TRAINING

All members shall participate in training regarding communicable diseases commensurate with the requirements of their position. The training (8 CCR 5193):

- (a) Shall be provided at the time of initial assignment to tasks where an occupational exposure may take place and at least annually after the initial training.
- (b) Shall be provided whenever the member is assigned new tasks or procedures affecting his/her potential exposure to communicable disease.
- (c) Should provide guidance on what constitutes an exposure, what steps can be taken to avoid an exposure and what steps should be taken if a suspected exposure occurs.

1009.7 EXPOSURE CONTROL OFFICER

The Chief of Police will assign a person as the Exposure Control Officer (ECO). The ECO shall develop an exposure control plan that includes:

- (a) Exposure-prevention and decontamination procedures.
- (b) Procedures for when and how to obtain medical attention in the event of an exposure or suspected exposure.

 - 2. Bloodborne pathogen mandates including (8 CCR 5193):
 - (a) Sharps injury log.
 - (b) Needleless systems and sharps injury protection.
 - 3. Airborne transmissible disease mandates including (8 CCR 5199):
 - (a) Engineering and work practice controls related to airborne transmissible diseases.
 - (b) Distribution of appropriate personal protective equipment to minimize exposure to airborne disease.
 - 4. Promptly notifying the county health officer regarding member exposures (Penal Code § 7510).
 - 5. Establishing procedures to ensure that members request exposure notification from health facilities when transporting a person that may have a communicable disease (Health and Safety Code § 1797.188).

The ECO should also act as the liaison with the Division of Occupational Safety and Health (Cal/OSHA) and may request voluntary compliance inspections. The ECO shall annually review and update the exposure control plan and review implementation of the plan (8 CCR 5193).

Smoking and Tobacco Use

1010.1 PURPOSE AND SCOPE

This policy establishes limitations on smoking and the use of tobacco products by members and others while on-duty or while in Hayward Police Department facilities or vehicles.

For the purposes of this policy, smoking and tobacco use includes, but is not limited to, any tobacco product, such as cigarettes, cigars, pipe tobacco, snuff, tobacco pouches and chewing tobacco, as well as any device intended to simulate smoking, such as an electronic cigarette or personal vaporizer.

1010.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards:

1010.2 POLICY

The Hayward Police Department recognizes that tobacco use is a health risk and can be offensive to others.

Smoking and tobacco use also presents an unprofessional image for the Department and its members. Therefore smoking and tobacco use is prohibited by members and visitors in all department facilities, buildings and vehicles, and as is further outlined in this policy (Government Code § 7597; Labor Code § 6404.5).

1010.3 SMOKING AND TOBACCO USE

Personnel Complaints

1011.1 PURPOSE AND SCOPE

The purpose of this procedure is to provide guidelines for the reporting, investigation and disposition of complaints regarding the conduct of members and employees of this Department.

1011.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 22.2.1, 52.1.1, 52.1.2, 52.2.1, 52.2.2, 52.2.3, 52.2.4, 52.2.5, 52.2.7, 52.2.8

1011.1.2 PERSONNEL COMPLAINTS DEFINED

A personnel complaint is any allegation of misconduct or improper job performance against any Department employee that, if true, would constitute a violation of Department policy, federal, state or local law.

Questions about employee conduct which, even if true, would not qualify as a personnel complaint may be handled informally by a department supervisor and shall not be considered complaints.

This policy shall not apply to any interrogation, counseling, instruction, informal verbal admonishment or other routine or unplanned contact of an employee in the normal course of duty, by a supervisor or any other employee, nor shall this policy apply to an investigation concerned solely and directly with alleged criminal activities (Cal. Government Code § 3303 (i)).

Inquiries are complaints and/or questions about policies or procedures of the Department or law. Inquiries shall be documented by supervisors and/or managers in Blue Team as an inquiry.

Personnel Complaints shall be classified in one of the following categories:

Formal Complaint - A matter in which a formal administrative investigation is conducted, reviewed, and assigned a disposition consistent with Department policy.

All allegations of excessive force, dishonesty (falsification of reports, theft, etc.), bias or discrimination, Civil Rights violations (false arrest, search and seizure, etc.), or other allegations of serious misconduct shall be documented and handled as formal complaints.

Additionally, a matter shall be documented and handled as a formal complaint if a supervisor or manager determines that investigation beyond the informal level is warranted or when the complaining party requests further investigation.

Informal Complaint - A matter that does not meet the thresholds of a formal complaint may be handled as an informal complaint if the complainant is satisfied that appropriate action has been taken by a department supervisor or manager of greater rank than the involved employee(s) and the complained about behavior or job performance would not normally result in the imposition of discipline.

Informal complaints shall be documented in Blue Team as an Informal Citizen Complaint.

1011.2 AVAILABILITY AND ACCEPTANCE OF COMPLAINTS

Hayward Police Department

Hayward PD Policy Manual

Personnel Complaints

1011.2.1 AVAILABILITY OF COMPLAINT FORMS

A brochure containing a description of the Department's procedure for filing complaints by members of the public will be maintained in a clearly visible location in the public lobby and may also be available at other government facilities.

1011.2.2 SOURCE OF COMPLAINTS

Forms for filing complaints against the Department or its employees shall be available at the lobby front counter, however the use of a Department form is not a requirement for filing a complaint.

A blank complaint form shall be provided immediately to any person requesting one from any Department employee at the lobby front counter. The person requesting the complaint form shall not be required to provide personal identification or to specify the nature of their complaint in order to receive a blank complaint form.

1011.2.3 ACCEPTANCE OF COMPLAINTS

All complaints against the agency or its employees involving misconduct or improper job performance shall be investigated.

A Department employee becoming aware of alleged misconduct shall immediately notify a supervisor.

1011.2.4 COMPLAINT DOCUMENTATION

A personnel complaint may be filed in person, in writing, or by telephoning the Department. Although not required, every effort should be made to have the complainant appear in person. If possible, a supervisor or manager should be the person who initially accepts a personnel complaint, however no member of the public will be required to wait an extended period of time for the arrival of a supervisor or manager for this purpose. In those instances where a supervisor or manager is not available, any employee shall accept the complaint form and give it to the on-duty Watch Commander as soon as possible.

- (a) When an uninvolved supervisor or the Watch Commander determines that the reporting person is satisfied that their complaint required nothing more than an explanation regarding the proper/improper implementation of Department policy or procedure, a personnel complaint shall not be taken and the complaint shall be documented as an inquiry in Blue Team.
- (b) When the complainant is intoxicated to the point where his/her credibility appears to be unreliable, identifying information should be obtained and the person should be provided with a personnel complaint form.
- (c) Depending on the urgency and seriousness of the allegations involved, complaints from juveniles should generally be taken only with their parents or guardians present and after the parents or guardians have been informed of the circumstances prompting the complaint.

Hayward Police Department

Hayward PD Policy Manual

Personnel Complaints

The Chief of Police shall be informed of all complaints made against the Department or its employees. The notification may be made verbally or in writing. The responsibility of the notification shall be made by the assigned staff of the Internal Affairs Unit, who have the authority to report directly to the Chief of Police. The Internal Affairs Unit shall immediately notify the Chief of Police at any time where a complaint was received that involves allegations of a serious nature.

1011.2.5 COMPLAINT DOCUMENTATION

Formal complaints of alleged misconduct shall be documented by a supervisor on a personnel complaint form. The supervisor shall ensure that the nature of the complaint is defined as clearly as possible.

A supervisor shall document informal complaints in a Blue Team entry.

When a personnel complaint form is completed in person, the complainant should legibly write a detailed narrative of his/her complaint. If circumstances indicate that this is not feasible, the complaint may be dictated to the receiving supervisor. In an effort to ensure accuracy in any complaint, it is recommended that a recorded statement be obtained from the reporting party. A refusal by a party to be recorded shall not alone be grounds to refuse to accept a complaint. Whether handwritten or dictated, the complainant's signature should be obtained at the conclusion of the statement. The complainant should be provided with a copy of his/her own original complaint per Penal Code § 832.7.

1011.3 SUPERVISOR RESPONSIBILITY

A supervisor who becomes aware of alleged misconduct shall take reasonable steps to prevent aggravation of the situation. Moreover, supervisors shall also maintain the ability to engage in the interrogation of an employee in the normal course of duty, counseling, instruction, or informal verbal admonishment, or other routine or unplanned contact (Cal. Government Code § 3303(i)).

In general, the primary responsibility for the investigation of informal complaints shall rest with the employee's immediate supervisor. All other complaints shall be investigated by the Internal Affairs Unit. The Chief of Police or authorized designee may, however, direct that another line supervisor investigate it. The line supervisor shall be responsible for the following:

- (a) A supervisor receiving a formal complaint involving allegations of a potentially serious nature shall ensure that the Watch Commander, Commanding Officer and Chief of Police are notified as soon as practicable.
- (b) A supervisor receiving or initiating any formal complaint shall ensure that a Personnel Complaint form has been completed as fully as possible. The original complaint form will then be directed to the Commanding Officer of the accused employee, via the chain of command, who will take appropriate action or forward the complaint to the Internal Affairs Unit for further action.

Hayward Police Department

Hayward PD Policy Manual

Personnel Complaints

1. During the preliminary investigation of any complaint, the supervisor should make every reasonable effort to obtain names, addresses and telephone numbers of additional witnesses.
 2. Photographs of alleged injuries shall be taken after medical attention has been provided. Additional photographs shall be taken showing the absence of injuries.
 3. In circumstances where the integrity of the investigation could be jeopardized by reducing the complaint to writing or where the confidentiality of a complainant is at issue, a supervisor shall orally report the matter to the employee's Division Commander or the Chief of Police who will initiate appropriate action.
- (c) A supervisor dealing with an accused employee shall ensure that the procedural rights of the employee are followed pursuant to Government Code § 3303, et seq.
- (d) When the nature of a personnel complaint relates to sexual, racial, ethnic, or other forms of prohibited harassment or discrimination, the supervisor receiving the complaint shall promptly contact the Human Resources Department and the Chief of Police for direction regarding their role in investigation and/or addressing the complaint.

1011.3.1 COMPLAINT CLASSIFICATIONS

Personnel complaints shall be classified in one of the following categories:

Informal - A matter in which the Watch Commander is satisfied that appropriate action has been taken by a supervisor of rank greater than the accused member.

Formal - A matter in which a supervisor determines that further action is warranted. Such complaints may be investigated by a supervisor of rank greater than the accused member or referred to the Internal Affairs Unit, depending on the seriousness and complexity of the investigation.

Incomplete - A matter in which the complaining party either refuses to cooperate or becomes unavailable after diligent follow-up investigation. At the discretion of the assigned supervisor or the Internal Affairs Unit, such matters may be further investigated depending on the seriousness of the complaint and the availability of sufficient information.

1011.3.2 SOURCES OF COMPLAINTS

The following applies to the source of complaints:

- (a) Individuals from the public may make complaints in any form, including in writing, by email, in person or by telephone.
- (b) Any department member becoming aware of alleged misconduct shall immediately notify a supervisor.
- (c) Supervisors shall initiate a complaint based upon observed misconduct or receipt from any source alleging misconduct that, if true, could result in disciplinary action.

Hayward Police Department

Hayward PD Policy Manual

Personnel Complaints

- (d) Anonymous and third-party complaints should be accepted and investigated to the extent that sufficient information is provided.
- (e) Tort claims and lawsuits may generate a personnel complaint.

1011.4 ASSIGNMENT TO ADMINISTRATIVE LEAVE

When a complaint of misconduct is of a serious nature or when circumstances practically dictate that it would impose an unreasonable risk to the Department, the employee, other employees or the public, a supervisor may, with the approval of the Division Commander, assign the accused employee to inactive duty pending completion of the investigation or the filing of administrative charges.

1011.4.1 ADMINISTRATIVE LEAVE

An employee placed on administrative leave may be subject to the following guidelines:

- (a) Under such circumstances, an employee placed on administrative leave shall continue to receive regular pay and benefits pending the imposition of any discipline.
- (b) An employee placed on administrative leave may be required by a supervisor to relinquish any badge, departmental identification, assigned weapon(s) and any other departmental equipment.
- (c) An employee placed on administrative leave may be ordered to refrain from taking any action as a departmental employee or in an official capacity. The employee shall be required to continue to comply with all policies and lawful orders of a supervisor.
- (d) An employee placed on administrative leave may be temporarily reassigned to a different shift (generally normal business hours) during the pendency of the investigation and the employee may be required to remain available for contact at all times during such shift and report as ordered.
- (e) It shall be the responsibility of the assigning supervisor to promptly notify the employee's Division Commander and the Chief of Police.
- (f) At such time as any employee placed on administrative leave is returned to full and regular duty, the employee shall be returned to their regularly assigned shift with all badges, identification card and other equipment returned.

1011.4.2 ACCEPTANCE

All complaints will be courteously accepted by any [department/office] member and promptly given to the appropriate supervisor. Although written complaints are preferred, a complaint may also be filed orally, either in person or by telephone. Such complaints will be directed to a supervisor. If a supervisor is not immediately available to take an oral complaint, the receiving member shall obtain contact information sufficient for the supervisor to contact the complainant. The supervisor, upon contact with the complainant, shall complete and submit a complaint form as appropriate.

Although not required, complainants should be encouraged to file complaints in person so that proper identification, signatures, photographs or physical evidence may be obtained as necessary.

Hayward Police Department

Hayward PD Policy Manual

Personnel Complaints

A complainant shall be provided with a copy of his/her statement at the time it is filed with the [Department/Office] (Penal Code § 832.7).

1011.4.3 AVAILABILITY OF WRITTEN PROCEDURES

The Department shall make available to the public a written description of the investigation procedures for complaints (Penal Code § 832.5).

1011.5 ALLEGATIONS OF CRIMINAL CONDUCT

Where an employee of this Department is accused of potential criminal conduct, a separate supervisor or other investigator shall be assigned to investigate the criminal allegations apart from any administrative investigation. Any separate administrative investigation may parallel a criminal investigation.

The Chief of Police shall be notified as soon as practical when an employee is formally accused of criminal conduct. In the event of serious criminal allegations, the Chief of Police may request a criminal investigation by an outside law enforcement agency.

An employee accused of criminal conduct shall be provided with all rights and privileges afforded to a civilian and the employee may not be administratively ordered to provide any information to a criminal investigator.

No information or evidence administratively coerced from an employee may be provided to a criminal investigator.

Any law enforcement agency is authorized to release information concerning the arrest or detention of a peace officer, which has not led to a conviction, however, no disciplinary action, other than paid administrative leave shall be taken against the accused employee based solely on an arrest or crime report (Labor Code § 432.7(b)). An independent administrative investigation shall be conducted based upon the allegations in the report in accordance with Department policy.

1011.6 ADMINISTRATIVE INVESTIGATIONS

Allegations of misconduct will be administratively investigated as follows.

1011.6.1 ADMINISTRATIVE SEARCHES

Employees shall have no expectation of privacy when using telephones, computers, radios or other communications provided by the Department.

Assigned lockers and storage spaces may only be administratively searched in the employee's presence, with the employee's consent, with a valid search warrant or where the employee has been given reasonable notice that the search will take place (Government Code § 3309)

All other Departmentally assigned areas (e.g., desks, office space, assigned vehicles) may be administratively searched by a supervisor, in the presence of an uninvolved witness, for non-investigative purposes. (e.g., obtaining a needed report or radio). An investigative search of such areas shall only be conducted upon a reasonable suspicion that official misconduct is involved.

Maryland (Government Code § 3305.5).

Personnel Complaints

A member accused of criminal conduct shall be advised of his/her constitutional rights (Government Code § 3303(h)). The member should not be administratively ordered to provide any information in the criminal investigation.

The Hayward Police Department may release information concerning the arrest or detention of any member, including an officer, that has not led to a conviction. No disciplinary action should be taken until an independent administrative investigation is conducted.

1011.9 POST-ADMINISTRATIVE INVESTIGATION PROCEDURES

Upon completion of a formal investigation, an investigation report should be forwarded to the Chief of Police through the chain of command. Each level of command should review and include their comments in writing before forwarding the report. The Chief of Police may accept or modify any classification or recommendation for disciplinary action.

1011.9.1 DIVISION COMMANDER RESPONSIBILITIES

Upon receipt of any completed personnel investigation, the Division Commander of the involved member shall review the entire investigative file, the member's personnel file and any other relevant materials.

The Division Commander may make recommendations regarding the disposition of any allegations and the amount of discipline, if any, to be imposed.

Prior to forwarding recommendations to the Chief of Police, the Division Commander may return the entire investigation to the assigned investigator or supervisor for further investigation or action.

When forwarding any written recommendation to the Chief of Police, the Division Commander shall include all relevant materials supporting the recommendation. Actual copies of a member's existing personnel file need not be provided and may be incorporated by reference.

1011.9.2 CHIEF OF POLICE RESPONSIBILITIES

Upon receipt of any written recommendation for disciplinary action, the Chief of Police shall review the recommendation and all accompanying materials. The Chief of Police may modify any recommendation and/or may return the file to the Division Commander for further investigation or action.

Once the Chief of Police is satisfied that no further investigation or action is required by staff, the Chief of Police shall determine the amount of discipline, if any, that should be imposed. In the event disciplinary action is proposed, the Chief of Police shall provide the member with a pre-disciplinary procedural due process hearing (Skelly) by providing written notice of the charges, proposed action and reasons for the proposed action. Written notice shall be provided within one year from the date of discovery of the misconduct (Government Code § 3304(d)). The Chief of Police shall also provide the member with:

- (a) Access to all of the materials considered by the Chief of Police in recommending the proposed discipline.

Personnel Complaints

- (b) An opportunity to respond orally or in writing to the Chief of Police within five days of receiving the notice.
 - 1. Upon a showing of good cause by the member, the Chief of Police may grant a reasonable extension of time for the member to respond.
 - 2. If the member elects to respond orally, the presentation may be recorded by the Department. Upon request, the member shall be provided with a copy of the recording.

Once the member has completed his/her response or if the member has elected to waive any such response, the Chief of Police shall consider all information received in regard to the recommended discipline. The Chief of Police shall render a timely written decision to the member and specify the grounds and reasons for discipline and the effective date of the discipline. Once the Chief of Police has issued a written decision, the discipline shall become effective.

1011.9.3 NOTICE OF FINAL DISPOSITION TO THE COMPLAINANT

The Chief of Police or the authorized designee shall ensure that the complainant is notified of the disposition (i.e., sustained, not sustained, exonerated, unfounded) of the complaint (Penal Code § 832.7(f)).

1011.9.4 NOTICE REQUIREMENTS

The disposition of any civilian's complaint shall be released to the complaining party within 30 days of the final disposition. This release shall not include what discipline, if any, was imposed (Penal Code § 832.7(f)).

1011.10 PRE-DISCIPLINE EMPLOYEE RESPONSE

The pre-discipline process is intended to provide the accused employee with an opportunity to present a written or oral response to the Chief of Police after having had an opportunity to review the supporting materials and prior to imposition of any recommended discipline. The employee shall consider the following:

- (a) The response is not intended to be an adversarial or formal hearing.
- (b) Although the employee may be represented by an uninvolved representative or legal counsel, the response is not designed to accommodate the presentation of testimony or witnesses.
- (c) The employee may suggest that further investigation could be conducted or the employee may offer any additional information or mitigating factors for the Chief of Police to consider.
- (d) In the event that the Chief of Police elects to cause further investigation to be conducted, the employee shall be provided with the results prior to the imposition of any discipline.
- (e) The employee may thereafter have the opportunity to further respond orally or in writing to the Chief of Police on the limited issues of information raised in any subsequent materials.

1011.11 RESIGNATIONS/RETIREMENTS PRIOR TO DISCIPLINE

In the event that a member tenders a written resignation or notice of retirement prior to the imposition of discipline, it shall be noted in the file. The tender of a resignation or retirement by itself shall not serve as grounds for the termination of any pending investigation or discipline.

1011.12 POST-DISCIPLINE APPEAL RIGHTS

Non-probationary employees have the right to appeal a suspension without pay, punitive transfer, demotion, reduction in pay or step, or termination from employment. The employee has the right to appeal using the procedures established by any collective bargaining agreement, Memorandum of Understanding and/or personnel rules.

In the event of punitive action against an employee covered by the POBR, the appeal process shall be in compliance with Government Code § 3304 and Government Code § 3304.5.

During any administrative appeal, evidence that an officer has been placed on a *Brady* list or is otherwise subject to *Brady* restrictions may not be introduced unless the underlying allegations of misconduct have been independently established. Thereafter, such *Brady* evidence shall be limited to determining the appropriateness of the penalty (Government Code § 3305.5).

1011.13 PROBATIONARY EMPLOYEES AND OTHER MEMBERS

At-will and probationary employees and those members other than non-probationary employees may be released from employment for non-disciplinary reasons (e.g., failure to meet standards) without adherence to the procedures set forth in this policy or any right to appeal. However, any probationary officer subjected to an investigation into allegations of misconduct shall be entitled to those procedural rights, as applicable, set forth in the POBR (Government Code § 3303; Government Code § 3304).

At-will, probationary employees and those other than non-probationary employees subjected to discipline or termination as a result of allegations of misconduct shall not be deemed to have acquired a property interest in their position, but shall be given the opportunity to appear before the Chief of Police or authorized designee for a non-evidentiary hearing for the sole purpose of attempting to clear their name or liberty interest. There shall be no further opportunity for appeal beyond the liberty interest hearing and the decision of the Chief of Police shall be final.

1011.14 RETENTION OF PERSONNEL INVESTIGATION FILES

All personnel complaints shall be maintained in accordance with the established records retention schedule and as described in the Personnel Records Policy.

Seat Belts

1012.1 PURPOSE AND SCOPE

The use of seat belts and other safety restraints significantly reduces the chance of death or injury in case of a traffic collision. This policy establishes guidelines for seat belt and child safety seat use to promote maximum operator and passenger safety, thus reducing the possibility of death or injury as the result of a motor vehicle crash. This policy will apply to all employees operating or riding in Department vehicles (Vehicle Code § 27315.5).

1012.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 41.3.3

1012.1.2 DEFINITIONS

Definitions related to this policy include:

Child restraint system - An infant or child passenger restraint system that meets Federal Motor Vehicle Safety Standards (FMVSS) and Regulations set forth in 49 CFR 571.213.

1012.2 POLICY

It is the policy of the Hayward Police Department that members use safety and child restraint systems to reduce the possibility of death or injury in a motor vehicle collision.

1012.3 WEARING OF SAFETY RESTRAINTS

All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this department while on- or off-duty, or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including non-members, are also properly restrained.

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a seat belt would endanger the member or the public. Members must be prepared to justify any deviation from this requirement.

1012.4 TRANSPORTING SUSPECTS, PRISONERS OR ARRESTEES

Suspects, prisoners and arrestees should be in a seated position and secured in the rear seat of any [department/office] vehicle with a prisoner restraint system or, when a prisoner restraint system is not available, by seat belts provided by the vehicle manufacturer. The prisoner restraint system is not intended to be a substitute for handcuffs or other appendage restraints.

Prisoners in leg restraints shall be transported in accordance with the Handcuffing and Restraints Policy.

1012.5 INOPERABLE SEAT BELTS

No person shall operate a Department vehicle in which the seat belt in the driver's position is inoperable. No person shall be transported in a seating position in which the seat belt is inoperable.

Hayward Police Department

Hayward PD Policy Manual

Seat Belts

No person shall modify, remove, deactivate or otherwise tamper with the vehicle safety belts, except for vehicle maintenance and repair staff who shall do so only with the express authorization of the Chief of Police.

Employees who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

1012.6 TRANSPORTING CHILDREN

Children under the age of 8 shall be transported in compliance with California's child restraint system requirements (Vehicle Code § 27360; Vehicle Code § 27363).

Rear seat passengers in a cage-equipped vehicle may have reduced clearance, which requires careful seating and positioning of seat belts. Due to this reduced clearance, and if permitted by law, children and any child restraint system may be secured in the front seat of such vehicles provided this positioning meets federal safety standards and the vehicle and child restraint system manufacturer's design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the seat should be pushed back as far as possible and the passenger-side airbag should be deactivated. If this is not possible, members should arrange alternate transportation when feasible. A child shall not be transported in a rear-facing child restraint system in the front seat in a vehicle that is equipped with an active frontal passenger airbag (Vehicle Code § 27363).

The Hayward Policed Department maintains child-restraint systems in the Youth and Family Services Bureau.

1012.7 VEHICLES MANUFACTURED WITHOUT SEAT BELTS

Vehicles manufactured and certified for use without seat belts or other restraint systems are subject to the manufacturer's operator requirements for safe use.

1012.8 VEHICLE AIRBAGS

In all vehicles equipped with airbag restraint systems, the system will not be tampered with or deactivated, except when transporting children as written elsewhere in this policy. All equipment installed in vehicles equipped with airbags will be installed as per the vehicle manufacturer specifications to avoid the danger of interfering with the effective deployment of the airbag device.

Body Armor

1013.1 PURPOSE AND SCOPE

The purpose of this policy is to provide law enforcement officers with guidelines for the proper use of body armor.

1013.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA standards: 41.3.5, 41.3.6

1013.2 POLICY

It is the policy of the Hayward Police Department to maximize officer safety through the use of body armor in combination with prescribed safety procedures. While body armor provides a significant level of protection, it is not a substitute for the observance of officer safety procedures.

1013.3 ISSUANCE OF BODY ARMOR

The Personnel and Training Manager shall ensure that body armor is issued to all officers when the officer begins service at the Hayward Police Department and that, when issued, the body armor meets or exceeds the standards of the National Institute of Justice.

The Personnel and Training Manager shall establish a body armor replacement schedule and ensure that replacement body armor is issued pursuant to the schedule or whenever the body armor becomes worn or damaged to the point that its effectiveness or functionality has been compromised.

1013.3.1 USE OF SOFT BODY ARMOR

Generally, the use of body armor is required subject to the following:

- (a) Officers shall only wear agency-approved body armor.
- (b) Officers shall wear body armor anytime they are in a situation where they could reasonably be expected to take enforcement action.
- (c) Officers may be excused from wearing body armor when they are functioning primarily in an administrative or support capacity and could not reasonably be expected to take enforcement action.
- (d) Body armor shall be worn when an officer is working in uniform or taking part in Department range training.
- (e) An officer may be excused from wearing body armor when he/she is involved in undercover or plainclothes work that his/her supervisor determines could be compromised by wearing body armor, or when a supervisor determines that other circumstances make it inappropriate to mandate wearing body armor.

Hayward Police Department

Hayward PD Policy Manual

Body Armor

1013.3.2 INSPECTIONS OF BODY ARMOR

Supervisors should ensure that body armor is worn and maintained in accordance with this policy through routine observation and periodic documented inspections. Annual inspections of body armor should be conducted by a Range Master for fit, cleanliness, and signs of damage, abuse and wear.

1013.3.3 CARE AND MAINTENANCE OF SOFT BODY ARMOR

Soft body armor should never be stored for any period of time in an area where environmental conditions (e.g., temperature, light, humidity) are not reasonably controlled (e.g., normal ambient room temperature/humidity conditions), such as in automobiles or automobile trunks.

Soft body armor should be cared for and cleaned pursuant to the manufacturer's care instructions provided with the soft body armor. The instructions can be found on labels located on the external surface of each ballistic panel. The carrier should also have a label that contains care instructions. Failure to follow these instructions may damage the ballistic performance capabilities of the armor. If care instructions for the soft body armor cannot be located, contact the manufacturer to request care instructions.

Soft body armor should not be exposed to any cleaning agents or methods not specifically recommended by the manufacturer, as noted on the armor panel label.

Soft body armor should be replaced in accordance with the manufacturer's recommended replacement schedule.

1013.4 RANGEMASTER RESPONSIBILITIES

The Rangemaster should:

- (a) Monitor technological advances in the body armor industry for any appropriate changes to Department approved body armor.
- (b) Assess weapons and ammunition currently in use and the suitability of approved body armor to protect against those threats.
- (c) Provide training that educates officers about the safety benefits of wearing body armor.

Critical Incident Stress Management Program

1014.1 PURPOSE AND SCOPE

It is the policy of the Hayward Police Department to assist and support employees who have been involved in a critical incident, or are experiencing acute or chronic stress. This support may include, but is not limited to: pre-incident education, use of Peer Support Team or individual Peer Support Team members, defusing and/or debriefing activities, support of family members, and referral to appropriate professional resources.

The purpose of the Critical Incident Stress Management Program and Peer Support Team is to minimize the physical, emotional, and psychological reactions to stress, and to provide necessary and appropriate resources, information on employee benefits and help and guidance for employees and their families who have been involved in a critical incident, injury or death or are experiencing acute or chronic stress.

1014.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 22.2.3, 22.2.4, 22.2.6

1014.2 DEFINITIONS

Traumatic Event/Critical Incident: Directly experiencing or witnessing actual or threatened death or serious injury or experiencing a threat to one's own physical integrity or the physical integrity of someone else (DSM-IV APA, 1994). Any event that may temporarily overwhelm an individual's usual methods of coping or produce unusually strong reactions. Examples include, but are not limited to:

- (a)
 1. Officer Involved Shootings.
 2. Officer death.
 3. Serious injury to employee(s).
 4. Employee suicide.
 5. Traumatic death or serious injury to a child.
 6. Victim personally known to employee.
 7. Mass homicides.
 8. Death of person in police custody.
 9. Injury or death of a civilian as a result of operational procedures.

Individual Reactions to a Traumatic Event: It is important to note an individual's reaction to a traumatic event is individual-specific based on the totality of circumstances in that individual's life (e.g. the degree of involvement, cumulative events, personal similarities with event, children, etc.).

Hayward Police Department

Hayward PD Policy Manual

Critical Incident Stress Management Program

International Critical Incident Stress Foundation (ICISF): ICISF is a worldwide organization dedicated to the prevention and mitigation of disabling stress through education, training and support services for all emergency services professions.

Peer Support Team: A team comprised of Hayward Police Department employees who will provide support and referral to employees to prevent and mitigate the negative impact of stress.

Peer Support Team Member: An employee trained to provide psychological first aid, support and referrals for employees of the Hayward Police Department.

Peer Support Team Coordinators: A supervisor will be appointed by the Personnel & Training Administrator, and/or Chief of Police, who will coordinate team training, communicate with the team's designated Mental Health Professional, ensure appropriate team deployment, track follow-up services, and perform other administrative duties related to the Peer Support Team.

Team Manager: The Personnel & Training Administrator will serve as Team Manager and will be responsible for the team budget, authorizing overtime when necessary and obtaining approval for team deployment from a Division Commander, if such deployment will involve significant overtime and/or a critical incident stress debriefing.

Mental Health Professional: A licensed mental health professional who has specific expertise, experience, education and training in the field of critical incident stress management with special emphasis on police personnel, who is a designated consultant retained by the Hayward Police Department for the Critical Incident Stress Management Program.

CISD: Critical Incident Stress Debriefings, Defusing's and/or Demobilizations: Different types of meetings designed to mitigate the psychological impact of a traumatic event, prevent the subsequent development of post-traumatic stress disorder, and serve as an early identification mechanism for individuals who may require professional mental health follow-up. Debriefings, Defusing's and Demobilizations are structured group meetings or discussions during which personnel are given an opportunity to discuss their thoughts and reactions concerning a traumatic event in a controlled environment under the direction of a mental health professional and/or peer support personnel.

Debriefing: The debriefing is a seven-phase process that should be conducted within 72-hours of the traumatic event. The debriefing usually lasts 2-3 hours depending on the number of participants. It is led by a qualified mental health professional assisted by Peer Support Team members.

Defusing: A shortened version of the debriefing, generally lasting less than one hour. A defusing is a three-phase process that should take place as soon as possible after the traumatic event (usually within 3-8 hours, and ideally before the end of shift). The defusing may be used to determine the need for debriefing and/or other services, and are typically conducted by a Peer Support Team member.

Demobilization: A brief informational session applied when operational units have been released from service at a major incident/disaster that requires unusually large numbers of personnel or

Critical Incident Stress Management Program

lengthy periods of deployment. It serves a secondary function as a screening opportunity to assure that individuals who may need assistance are identified early after a traumatic event.

Peer Assistance: A process by which trained personnel provide emotional support and referrals for a colleague during a crisis or when they are under stress. Generally, peer assistance is sought by the employee in need, or suggested by the employee's peer(s) or supervisor(s). Peer assistance does not replace the need for structured group intervention following trauma. Peer assistance or support is a necessary adjunct to professional mental health services. Peer assistance is not a replacement for the Department's contracted Employee Assistance Program (EAP).

Employee Assistance Program (EAP): The Hayward Police Department's employee assistance program is a consulting/counseling service for a variety of personal issues, separate from traumatic events experienced in the line of duty.

1014.3 INITIATION OF GROUP PEER SUPPORT TEAM INTERVENTION

- (a) Trauma takes a variety of forms and cannot be accurately or exhaustively quantified by description. However, certain events are of such magnitude that they impact nearly everyone involved. For purposes of Hayward response criteria, these incidents are defined as follows:
 - 1. Line of duty death.
 - 2. Serious line of duty injury.
 - 3. Suicide of an HPD employee.
 - 4. Off-duty employee death.
 - 5. Disaster.
 - 6. Multi-casualty incident.
 - 7. Officer-involved shooting.
- (b) When such incidents occur an automatic Peer Support Team response will be initiated. The Other and/or Incident Commander shall see that the Peer Support Team Manager is notified. The Peer Support Team Manager will then notify the team's contracted Mental Health Professional for consultation, and the Peer Support Team Coordinator. The type of intervention and response will be assessed and initiated.
- (c) Additional incidents that may warrant group trauma intervention and Peer Support Team call-out include, but are not limited to:
 - 1. Death of a person in police custody.
 - 2. Serious injury or death of a civilian as a result of operational procedures.
 - 3. Significant events involving children.

Critical Incident Stress Management Program

4. Victim of serious crime or accident known to employee(s).
 5. Excessive media interest portraying employee(s) in a negative manner.
- (d) The Peer Support Team Manager will discuss the possibility of a group trauma intervention (CISD) with the appropriate Division Commander, who will make the final determination.
 - (e) The CAD command of "Info Peer Support" will list the notification protocol and Peer Support Team members available for call-out.
 - (f) The effectiveness of this program is dependent upon a consistent, Departmental response to traumatic events, to reduce the physical, psychological and emotional impact of such events upon our employees, and to avoid the effects of post-traumatic stress.
 - (g) The critical incident stress debriefing or defusing (CISD) should include any sworn or professional staff police personnel directly involved in the incident. If the CISD is for an incident described above, attendance is mandatory for those directly involved. If the CISD is for an incident described above, attendance is voluntary.
 - (h) While a non-affected employee may be required to attend a mandatory CISD, active participation is not mandatory. However, employees are reminded that non-affected or moderately-affected employees may have vital information/perspective that could help a fellow employee better understand an incident.

1014.4 INITIATION OF INDIVIDUAL PEER SUPPORT INTERVENTION

- (a) One-on-one peer support is the crux of this program, with group intervention being used only for the most traumatic events. Any employee in need of peer support assistance may contact a Peer Support Team member of their choosing for such support. Peer Support Team members' contact information shall be available via CAD by entering "Info Peer Support."
- (b) Members of the Peer Support Team shall not engage in psychological or personal counseling as defined in Business & Professions Code Section § 2903, and shall refer employees to professional assistance when appropriate. Examples of situations requiring professional referral include, but are not limited to:
 1. Alcohol and/or substance abuse issues.
 2. Depression and/or suicidality.
 3. Relationship issues.
- (c) Members of the Peer Support Team should contact the Peer Support Team Manager for law enforcement-related issues that require professional referral to the Mental Health Professional outside of EAP.

Hayward Police Department

Hayward PD Policy Manual

Critical Incident Stress Management Program

1014.5 TEAM COMPOSITION

- (a) The Hayward Police Department Peer Support Team is comprised of personnel who have specialized training in assisting peers and their families with the immediate adverse effects of a traumatic event.
- (b) The Peer Support Team will be divided into two groups, which will be available on alternating months. Peer Support Team members should be available on a 24-hour basis.
- (c) Being a member of the Peer Support Team is voluntary. In most cases, peer assistance should take the form of an on-duty meeting of a relatively short duration. Prolonged peer assistance, such as debriefings or defusing's, should be scheduled on-duty when possible.
- (d) Peer Support Team members shall be compensated only under the following circumstances, and only with the prior approval of the Peer Support Team Manager, Watch Commander, or Division Commander:
 - 1. Scheduled team training.
 - 2. Mandatory meetings.
 - 3. CISD's.

1014.6 TEAM SELECTION AND REQUIRED TRAINING

- (a) Peer Support Team members will be chosen based on the following criteria:
 - 1. Expressed desire to be a member of the Peer Support Team.
 - 2. Minimum commitment of three (3) years.
 - 3. No work restrictions involving psychological stress.
 - 4. Must be a member of the Hayward Police Department who has successfully completed probation.
 - 5. Must consistently display solid judgment and discretion in sensitive matters.
 - 6. Must display empathy and have strong interpersonal communication skills.
 - 7. Initial team selection will be a process of peer nominations. All nominated employees will be reviewed by the Peer Support Coordinator and Manager for recommended selection. Final approval will be made by the Chief of Police.
 - 8. Due to the "dual relationship" conflict of interest, Youth & Family Services Bureau counselors may not be members of the Peer Support Team. Counselors will be encouraged to attend ICISF certification training with the team, so that they may provide CISD services to the community.

Hayward Police Department

Hayward PD Policy Manual

Critical Incident Stress Management Program

- (b) The Personnel & Training Manager will be the only manager of the Hayward Police Department Peer Support Team. He or she will serve as team administrator and be available to provide CISM services for other Department managers. They will not participate in CISM services for non-management employees, unless specifically approached by an employee seeking one-on-one peer support.
- (c) Peer Support Team members should receive the following training within the first 12-months of appointment:
 - 1. ICISF Basic Critical Incident Stress Management course.
 - 2. ICISF Intermediate Critical Incident Stress Management course.
- (d) Peer Support Team members should receive the following training within the first 24-months of appointment:
 - 1. ICISF Advanced Critical Incident Stress Management course.
 - 2. COPS Traumas of Law Enforcement course.
- (e) Peer Support Team members should also attend quarterly in-house team training with the teams' Mental Health Professional(s) (minimum of 4-hours).
- (f) The Peer Support Team Manager and Coordinator shall be responsible for applying for Hayward Police Department Team Certification through ICISF once the members have attained the required level of training.

1014.7 CONFIDENTIALITY

- (a) A critical responsibility of Peer Support Team members is the promotion of trust, anonymity and confidentiality. Therefore, communications between a Peer Support Team member and an employee being assisted are considered privileged and confidential by the Department except under the following circumstances:
 - 1. Criminal Acts are involved, or
 - 2. The employee, through words or actions, indicates that there is a clear and present danger to himself/herself, citizen(s), or fellow employees, or
 - 3. Any circumstances in which mandated reporting laws take precedence.
- (b) Peer Support Team members have no legally protected privilege of patient confidentiality in regards to court testimony. Team members shall not make or maintain any notes of their communications. Statistics will be maintained on Peer Support Team responses, but content and nature of conversation(s) will be specifically excluded.
- (c) A violation of confidentiality, except as mandated by law, is grounds for immediate removal from the Peer Support Team. The Peer Support Team Coordinator, Peer Support Team Manager, or the Peer Support Team Mental Health Professional may

recommend removal of any Peer Support Team member to the Chief of Police whose decision shall be final.

Early Identification and Intervention System

1016.1 PURPOSE AND SCOPE

The Hayward Police Department established an Early Identification and Intervention System (EIIS) in order to mitigate risk posed to the Police Department, its employees, and the community. EIIS is intended to be a positive program designed to aid supervisors and managers with identifying employee or organizational behavior and/or performance that may benefit from intervention before it results in injuries, lawsuits, discipline, or other negative consequences. EIIS is not a disciplinary tool; rather, it is intended to assist employees by offering counseling, training, monitoring, and/or other resources to achieve desirable outcomes beneficial to the organization and the community.

1016.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 35.1.9

1016.1.2 DEFINITIONS

The Early Intervention and Identification System (EIIS) is designed to alert supervisors and managers to potential risk incurred by an employee or group of employees that may require review. In addition, EIIS may identify patterns of concern that may require policy and/or training review. Supervisors and managers are charged with analyzing the data provided in the EIIS model and recommending those employees whose behavior and/or performance may benefit from selection for intervention.

The Hayward Police Department has purchased and installed risk management software that is designed to be highly secure at both the database level and the application level. Additionally, the software is designed to report, store, and track employee and organizational statistical information deemed appropriate by the Chief of Police. The risk management software and its associated components are managed and administered by the Hayward Police Department Internal Affairs Unit. The Early Intervention (EI) module contained within the risk management software has alert thresholds established by the Department in order to aid in the identification of employees who may benefit from intervention. An alert generated by the EI module will trigger a review of the affected employee's behavior and/or performance in accordance with the EIIS model described below.

1016.1.3 RECORD CONFIDENTIALITY & RETENTION

Information contained in the risk management software is confidential as part of the employee's personnel file and will not be subject to discovery except as provided by law. Supervisors and managers may have limited access to information contained in the risk management software as determined by the Chief of Police or his/her designee. In addition, supervisors and managers may contact the Internal Affairs Unit manager to review subordinate records except as prohibited by law or policy. Employees may review their own personal data by contacting the Internal Affairs Unit manager to set up an appointment. Information contained in the risk management software and its components will be purged as determined by the Chief of Police and in accordance with current law and the Personnel Files Policy.

Early Identification and Intervention System

1016.2 EARLY IDENTIFICATION AND INTERVENTION PROCEDURE

The components of EIIS include Performance Indicators; Identification and Selection; and Intervention. Refer to the EIIIS flow chart for guidance.

1016.2.1 PERFORMANCE INDICATORS

Performance Indicators represent the category of employee performance activity that the Hayward Police Department has selected to monitor. Alert thresholds are set in the EI module based on the category of incident, employee assignment, and other factors the Hayward Police Department has determined relevant in identifying potential risk. Incidents used as indicators in the EI module may include, but are not limited to:

- Citizen Complaints
- Citizen Inquiries
- Claims, Lawsuits, or other Civil Actions
- Firearms Discharges
- Internal Investigations
- Pitchess Motions
- Use of Force
- Vehicle Pursuits and Collisions
- Combinations thereof

There are other Performance Indicators not maintained in the EI module that may be considered and may include, but are not limited to:

- Attendance
- Commendations
- Performance Evaluation Expectations and Dimensions
- Policy Compliance
- Supervisor Notes and Observations
- Training and Experience
- Worker's Compensation Claims
- Work Production and Quality
- Combinations thereof

1016.2.2 IDENTIFICATION AND SELECTION

The EIIIS model may present alerts contained in the EI module or other performance indicators outside the EI module that may warrant supervisory review. The EI module will detect performance activity based on the numerical thresholds assigned to specific incidents detailed in the software

Early Identification and Intervention System

and electronically alert the Internal Affairs Unit manager. The Internal Affairs Unit manager will advise the affected employee's supervisor, manager, and Division Commander of the alert. Alternately, other performance indicators outside the EI module may be detected by the affected employee's supervisor(s) and/or manager(s).

In either case, the affected employee's supervisor and manager will review and analyze the substance of the alert(s), indicator(s), and associated documentation to determine if the affected employee may benefit from intervention. A non-disciplinary interview may be conducted with the employee to aid the supervisor and manager in determining if an intervention is appropriate.

The affected employee's manager will make a recommendation to his/her Division Commander who is charged with making the final determination as to whether an intervention is warranted. If an intervention is not warranted, the Division Commander or his/her designee shall notify the Internal Affairs Unit manager to document such in the EI module if applicable. If the Division Commander selects the affected employee for intervention the employee shall be notified as soon as practical. Factors considered for selection may include, but are not limited to evaluation of the Performance Indicators listed above.

1016.2.3 INTERVENTION

If an employee is selected for intervention, the employee's supervisor and manager will be responsible for developing and implementing a plan with the approval of the Division Commander. The plan may consist of one or more of the following three strategies that may include, but are not limited to counseling, training, and/or monitoring. Interventions shall be documented on a memorandum. If the selected intervention is a Performance Improvement Plan, it will be designed and administered in accordance with the Performance Improvement Plans policy. The documentation shall be forwarded to the Internal Affairs Unit manager for entry into the EI module and/or the affected employee's personnel file.

Counseling may include, but is not limited to the following:

- EAP Referral
- Fitness for Duty Evaluation
- Other Health Services Referral
- Peer Support Team
- Supervisor Counseling

Training may include, but is not limited to the following:

- Anger Management
- Arrest and Control
- Diversity
- Driver / Pursuit

Early Identification and Intervention System

- Firearms
- Legal Update
- Less than Lethal
- Other Training
- Physical Fitness
- Scenario
- Sexual Harassment
- Soft Skills / Tactical Communication
- Voluntary Reassignment

Monitoring may include, but is not limited to the following:

- Supervisor random or scheduled audits of employee behavior and/or performance
- Written Performance Improvement Plan (PIP) in accordance with current policy

1016.2.4 POST INTERVENTION MONITORING

Once the intervention plan has been completed, the supervisor, manager and Division Commander will review the employee's performance on a quarterly basis to ensure that the plan has been successful. As a guide, this quarterly review should last for a twelve month period, but may be more or less depending upon the circumstances.

1016.3 ORGANIZATIONAL INTERVENTION

EIIS may reveal an organizational need to review and modify training, policies, procedures, monitoring and/or equipment that affect the risk exposure of the Department, its employees, and/or the community. Any employee that identifies such a need may bring it to the attention of the Hayward Police Department Command Staff via their chain of command for review and action.

1016.4 EIIS AUDITS

At least once annually, the Internal Affairs Unit will conduct an audit of the Early Identification and Intervention System.

Request for Change of Assignment

1017.1 PURPOSE AND SCOPE

The purpose of this procedure is to establish a consistent and fair process for the selection of personnel to fill special assignment positions. It also establishes minimum qualifications, length of assignment, process for selection, and the manner in which exceptions to this policy will be administered. This order applies to all special assignments for employees through the rank of Officer. The process for selection of special assignments for the rank of Sergeant and Lieutenant are described in the Procedure section below.

1017.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 16.2.3, 41.1.1

1017.2 PROCEDURE

Each Division will establish an annual eligibility list for special assignments anticipated to become available during the course of the upcoming year. The process for establishing annual eligibility lists shall coordinate with annual shift bid processes for the Patrol Division so as to minimize disruption for employees vying to transfer to or from special assignments and patrol shifts. Annual eligibility lists help facilitate prompt filling of anticipated and unanticipated special assignment vacancies. Circumstances may occasionally occur when an unanticipated opening occurs for a special assignment, and there is no active or viable eligibility list in place. In such cases, isolated or mid-cycle processes to fill unanticipated vacancies may occur at the direction of the affected Division Commander according to applicable policies and procedures herein.

1017.2.1 SERGEANTS, LIEUTENANTS AND OFFICE OF INTERNAL AFFAIRS

Special assignments for the rank of Sergeant and Lieutenant may be made any time at the discretion of the Chief of Police, according to the operational needs of the Department. Sergeants and Lieutenants shall submit a Request for Transfer pursuant to the Process section of this policy.

Staff appointments to assignments in the Office of the Chief of Police (i.e. assignments in the Personnel and Training or Internal Affairs Units) shall be made directly by the Chief of Police.

1017.3 ELIGIBILITY

Any employee, except when otherwise outlined herein, may apply and participate in a special assignment selection process for a position within their rank or job classification. Successful applicants will be placed on an eligibility list, from which selections may be made to fill vacancies until the next annual process establishes a new eligibility list. Employees who do not meet eligibility requirements may elect to participate in the testing process for experience and development, or in anticipation of future eligibility, except employees actively under disciplinary action or review. Only the employees who meet all applicable requirements for the assignment will be eligible for actual selection at the time selections are made. To qualify for selection to a special assignment position, an employee must:

- (a) Be off probation;

Hayward Police Department

Request for Change of Assignment

- (b) Have fulfilled the minimum commitments of their current duty assignments unless otherwise waived by the Chief of Police;

1017.3.1 ELIGIBILITY REQUIREMENT EXCEPTIONS

- (b) Employees who are physically unable to perform the special assignment duties at the time of the vacancy for reasons such as pregnancy, military leave, illness, injury, or on restricted duty may be passed over due to the operational needs of the organization.
- (c) Employees currently or recently serving in a special assignment are eligible to be selected for a tandem special assignment without being subject to the one-year rotation. The tandem assignment must be closely related. The one-year rotation requirement may be waived for a current or recent tandem assignment as follows:
 - 1. From an internal Narcotics Detective assignment to an assignment on the Alameda County Narcotics Task Force.
 - 2. From a generalist Detective assignment in the Criminal Investigations Bureau to an assignment to the Robbery-Homicide Unit.
 - (a) Selection of Detectives to the Robbery-Homicide unit shall be handled separately from the process for selecting other investigative assignments in the Criminal Investigations Bureau. This investigative discipline requires the highest level of training and expertise; selection criteria shall include the candidate's demonstrated investigative acumen, mastery of legal and investigative procedure in other areas, and ability to handle complex situations.
 - 3. From a Special Duty Unit enforcement officer to the Vice-Intelligence or Narcotics Unit.
 - 4. From a School Resource Officer assignment to selection to the Criminal Investigations Bureau - Special Victim's Unit.
- (d) The Police Chief may waive the one-year rotation requirement for any employee whose previous service in a special assignment was not completed due to unforeseen circumstances such as funding cuts or non-disciplinary transfers.
- (e) The one-year rotation back to primary assignment does not apply to sworn or civilian supervisors or administrators, given the constant organizational need to broaden and diversify leadership ranks and positions.
- (f) Probationary employees may be selected to fill the auxiliary special assignment of Explorer Advisor.

Hayward Police Department

- (g) The one-year rotation to primary assignment does not apply to "ancillary" special assignments as described in this policy.

- (i) Canine handlers are prohibited from selection to Field Training Officer assignments.

1017.4.1 ROUTING PROCEDURE

- (a) Applicants will submit the original Request for Transfer (RTF) through the chain of command to their current Division Commander.
- (b) The employee's immediate supervisor shall review the RTF to ensure the employee meets the minimum requirements for participating in the testing process for the assignment. The supervisor shall provide their endorsement, or make a recommendation to disqualify the employee. The reason for a disqualifying recommendation will be clearly articulated in the comments section of the application. The supervisor shall forward the original application to the employee's administrator or manager. Supervisors may endorse the application of employees who are not yet eligible for selection to the assignment, but who may benefit the experience of the testing process.
- (c) The applicant's administrator or manager shall either endorse or make a disqualifying recommendation and then forward the original to the employee's Division Commander.
- (d) If the applicant's Division Commander is different than the commander of the division where the special assignment opening exists, the applicant's Division Commander shall endorse or recommend disqualification, and then forward the application to the appropriate Division Commander.

If more than one person participated in the meritorious act, all names are included in the single memorandum form along with the circumstances of the event in chronological sequence: charts, diagrams or photographs, if warranted, due to unusual circumstances.

If the nomination comes from an outside source, it should have sufficient information to satisfy the requirements set forth within this policy.

A health screening or physical examination should only be conducted to confirm the employee's continued fitness to perform the tasks of their assignment and to inform them of their general physical condition.

Meal Periods and Breaks

1020.1 PURPOSE AND SCOPE

This policy regarding meals and breaks, insofar as possible shall conform to the policy governing all city employees that has been established by the City Manager and in accordance with the employee's MOU.

1020.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards:

1020.1.2 15 MINUTE BREAKS

Each employee is entitled to a 15-minute break, near the midpoint, for each four-hour work period. Only one 15-minute break shall be taken during each four hours of duty. No breaks shall be taken during the first or last hour of an employee's shift unless approved by a supervisor. Field officers will take their breaks in their assigned areas, subject to call and shall monitor their radios. 1020.1.3 MEAL PERIODS

Sworn employees, Communications Operators, District Command CSO's, Traffic Bureau CSO's, Animal Control Officers and Crime Scene Technicians shall remain on duty subject to call during meal breaks. All other employees are not on call during meal breaks unless directed otherwise by a supervisor.

Communications Operators are required to remain on-site during their meal break and are subject to being called back into the Communications Center in periods of excessive work volume. Communications Operators cannot leave the building without supervisor approval.

Lactation Break Policy

1021.1 PURPOSE AND SCOPE

The purpose of this policy is to provide reasonable accommodations to employees desiring to express breast milk for the employee's infant child (Labor Code § 1034).

1021.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards:

1021.2 POLICY

It is the policy of this [department/office] to provide, in compliance with the Fair Labor Standards Act, reasonable break time and appropriate facilities to accommodate any employee desiring to express breast milk for her nursing infant child (29 USC § 207; Labor Code § 1030).

1021.3 LACTATION BREAK TIME

A rest period should be permitted each time the employee has the need to express breast milk (29 USC § 207; Labor Code § 1030). In general, lactation breaks that cumulatively total 30 minutes or less during any four-hour work period or major portion of a four-hour work period would be considered reasonable. However, individual circumstances may require more or less time. Such breaks, if feasible, should be taken at the same time as the employee's regularly scheduled rest or meal periods.

While a reasonable effort will be made to provide additional time beyond authorized breaks, any such time exceeding regularly scheduled and paid break time will be unpaid (Labor Code § 1030).

Employees desiring to take a lactation break shall notify the Communications Center or a supervisor prior to taking such a break. Such breaks may be reasonably delayed if they would seriously disrupt [department/office] operations (Labor Code § 1032).

Once a lactation break has been approved, the break should not be interrupted except for emergency or exigent circumstances.

1021.4 PRIVATE LOCATION

The [Department/Office] will make reasonable efforts to accommodate employees with the use of an appropriate room or other location to express milk in private. Such room or place should be in close proximity to the employee's work area and shall be other than a bathroom or toilet stall. The location must be shielded from view and free from intrusion from co-workers and the public (29 USC § 207; Labor Code § 1031).

Employees occupying such private areas shall either secure the door or otherwise make it clear to others that the area is occupied with a need for privacy. All other employees should avoid interrupting an employee during an authorized break, except to announce an emergency or other urgent circumstance.

Hayward Police Department

Hayward PD Policy Manual

Lactation Break Policy

Authorized lactation breaks for employees assigned to the field may be taken at the nearest appropriate private area.

1021.5 STORAGE OF EXPRESSED MILK

Any employee storing expressed milk in any authorized refrigerated area within the Department shall clearly label it as such and shall remove it when the employee ends her shift.

1021.5.1 STATE REQUIREMENTS

Employees have the right to request lactation accommodations. If a break time or location accommodation cannot be provided, the supervisor shall provide the member with a written response regarding the reasons for the determination (Labor Code § 1034).

Lactation rooms or other locations should comply with the prescribed feature and access requirements of Labor Code § 1031.

Employees who believe that their rights have been violated under this policy or have been the subject of discrimination or retaliation for exercising or attempting to exercise their rights under this policy, are encouraged to follow the chain of command in reporting a violation, but may also file a complaint directly with the Labor Commissioner (Labor Code § 1033).

This section pertains to the following CALEA Standards:

1022.1.2 TIME REQUIREMENTS

All employees are paid on a bi-weekly basis usually on Friday with certain exceptions such as holidays. Payroll records shall be completed and submitted to the City Finance Department no later than 8:00 a.m. on the Monday morning before a pay day Friday, unless specified otherwise.

Overtime Compensation Requests

1023.1 PURPOSE AND SCOPE

It is the policy of the Department to compensate non-exempt salaried employees who work authorized overtime either by payment of wages as agreed and in effect through the Memorandum of Understanding (MOU), or by the allowance of accrual of compensatory time off. In order to qualify for either, the employee must complete and submit the overtime form as soon as practical after overtime is worked.

1023.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards:

1023.1.2 DEPARTMENT POLICY

Because of the nature of police work, and the specific needs of the Department, a degree of flexibility concerning overtime policies must be maintained.

Non-exempt employees are not authorized to volunteer work time to the Department. All requests to work overtime shall be approved in advance by a supervisor. If circumstances do not permit prior approval, then approval shall be sought as soon as practical during the overtime shift and in no case later than the end of shift in which the overtime is worked.

Short periods of work at the end of the normal duty day (e.g., less than one hour in duration) may be handled unofficially between the supervisor and the employee by flexing a subsequent shift schedule to compensate for the time worked rather than by submitting requests for overtime payments. If the supervisor authorizes or directs the employee to complete a form for such a period, the employee shall comply.

The individual employee may request compensatory time in lieu of receiving overtime payment, however, the employee may not exceed 480 hours of compensatory time.

1023.2 REQUEST FOR OVERTIME COMPENSATION

Employees shall submit all overtime compensation requests to their immediate supervisors as soon as practicable for verification and forwarding to the Support Services Division.

Failure to submit a request for overtime compensation in a timely manner may result in discipline.

1023.2.1 EMPLOYEES RESPONSIBILITY

Employees shall complete the requests immediately after working the overtime and turn them in to their immediate supervisor or the on-duty Watch Commander. Employees submitting overtime cards for on-call pay when off duty shall submit cards to the Watch Commander the first day after returning for work.

1023.2.2 SUPERVISORS RESPONSIBILITY

The supervisor who verifies the overtime earned shall verify that the overtime was worked before approving the request.

Hayward Police Department

Hayward PD Policy Manual

Overtime Compensation Requests

1023.3 ACCOUNTING FOR OVERTIME WORKED

Employees are to record the actual time worked in an overtime status. In some cases, the Memorandum of Understanding provides that a minimum number of hours will be paid, (e.g., four (4) hours for Court, four (4) hours for outside overtime). The supervisor will enter the actual time worked.

1023.3.1 ACCOUNTING FOR PORTIONS OF AN HOUR

When accounting for less than a full hour, time worked shall be rounded up to the nearest quarter of an hour as indicated by the following chart:

<u>TIME WORKED</u>	<u>INDICATE ON CARD</u>
1 to 15 minutes	.25 hour
16 to 30 minutes	.50 hour
31 to 45 minutes	.75 hour
46 to 60 minutes	1 hour

1023.3.2 VARIATION IN TIME REPORTED

Where two or more employees are assigned to the same activity, case, or court trial and the amount of time for which payment is requested varies from that reported by the other officer, the Watch Commander or other approving supervisor may require each employee to include the reason for the variation on the back of the overtime payment request.

Outside Employment

1024.1 PURPOSE AND SCOPE

In order to avoid actual or perceived conflicts of interest for department employees engaging in outside employment, all employees shall obtain written approval from the Chief of Police prior to engaging in any outside employment. Approval of outside employment shall be at the discretion of the Chief of Police in accordance with the provisions of this policy.

1024.1.1 DEFINITIONS

Outside Employment - Any member of this [department/office] who receives wages, compensation or other consideration of value from another employer, organization or individual not affiliated directly with this [department/office] for services, product(s) or benefits rendered. For purposes of this section, the definition of outside employment includes those employees who are self-employed and not affiliated directly with this [department/office] for services, product(s) or benefits rendered.

Outside Overtime - Any member of this [department/office] who performs duties or services on behalf of an outside organization, company, or individual within this jurisdiction. Such outside overtime shall be requested and scheduled directly through this [department/office] so that the [Department/Office] may be reimbursed for the cost of wages and benefits.

1024.1.2 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 22.3.3, 22.3.4

1024.2 OBTAINING APPROVAL

No member of this department may engage in any outside employment without first obtaining prior written approval of the Chief of Police. Failure to obtain prior written approval for outside employment or engaging in outside employment prohibited by this policy may lead to disciplinary action.

In order to obtain approval for outside employment, the employee must complete an Outside Employment Application which shall be submitted to the employee's immediate supervisor. The application will then be forwarded through channels to the Chief of Police for consideration.

If approved, the employee will be provided with a copy of the approved permit. Unless otherwise indicated in writing on the approved permit, a permit will be valid through the end of the calendar year in which the permit is approved. Any employee seeking to renew a permit shall submit a new Outside Employment Application in a timely manner.

Any employee seeking approval of outside employment, whose request has been denied, shall be provided with a written reason for the denial of the application at the time of the denial (Penal Code § 70(e)(3)).

Hayward Police Department

Hayward PD Policy Manual

Outside Employment

1024.2.1 APPEAL OF DENIAL OF OUTSIDE EMPLOYMENT

If an employee's Outside Employment Application is denied or withdrawn by the [Department/ Office], the employee may file a written notice of appeal to the Chief of Police within ten days of the date of denial.

If the employee's appeal is denied, the employee may file a grievance pursuant to the procedure set forth in the current Memorandum of Understanding (MOU).

1024.2.2 REVOCATION/SUSPENSION OF OUTSIDE EMPLOYMENT PERMITS

Any outside employment permit may be revoked or suspended under the following circumstances:

- (a) Should an employee's performance at this department decline to a point where it is evaluated by a supervisor as needing improvement to reach an overall level of competency, the Chief of Police may, at his or her discretion, revoke any previously approved outside employment permit(s). That revocation will stand until the employee's performance has been reestablished at a satisfactory level and his/her supervisor recommends reinstatement of the outside employment permit.
- (b) Suspension or revocation of a previously approved outside employment permit may be included as a term or condition of sustained discipline.
- (c) If, at any time during the term of a valid outside employment permit, an employee's conduct or outside employment conflicts with the provisions of department policy, the permit may be suspended or revoked.
- (d) When an employee is unable to perform at a full duty capacity due to an injury or other condition, any previously approved outside employment permit may be subject to similar restrictions as those applicable to the employee's full time duties until the employee has returned to a full duty status.

1024.3 PROHIBITED OUTSIDE EMPLOYMENT

Consistent with the provisions of Government Code § 1126, the Department expressly reserves the right to deny any Outside Employment Application submitted by an employee seeking to engage in any activity which:

- (a) Involves the employee's use of departmental time, facilities, equipment or supplies, the use of the Department badge, uniform, prestige or influence for private gain or advantage.
- (b) Involves the employee's receipt or acceptance of any money or other consideration from anyone other than this department for the performance of an act which the employee, if not performing such act, would be required or expected to render in the regular course or hours of employment or as a part of the employee's duties as a member of this department.

Hayward Police Department

Hayward PD Policy Manual

Outside Employment

- (c) Involves the performance of an act in other than the employee's capacity as a member of this department that may later be subject directly or indirectly to the control, inspection, review, audit or enforcement of any other employee of this department.
- (d) Involves time demands that would render performance of the employee's duties for this department less efficient.

1024.3.1 OUTSIDE SECURITY EMPLOYMENT

Consistent with the provisions of Penal Code § 70, and because it would further create a potential conflict of interest, no member of this [department/office] may engage in any outside or secondary employment as a private security guard, private investigator or other similar private security position.

1024.3.2 OUTSIDE OVERTIME ARREST AND REPORTING PROCEDURE

Any employee making an arrest or taking other official police action while working in an approved outside overtime assignment shall be required to complete all related reports in a timely manner pursuant to [department/office] policy. Time spent on the completion of such reports shall be considered incidental to the outside overtime assignment.

1024.3.3 SPECIAL RESTRICTIONS

Except for emergency situations or with prior authorization from the Division Commander, undercover officers or officers assigned to covert operations shall not be eligible to work overtime or other assignments in a uniformed or other capacity which might reasonably disclose the officer's law enforcement status.

1024.4 DEPARTMENT RESOURCES

Employees are prohibited from using any department equipment or resources in the course of or for the benefit of any outside employment. This shall include the prohibition of access to official records or databases of this department or other agencies through the use of the employee's position with this department.

1024.4.1 REVIEW OF FINANCIAL RECORDS

Employees approved for outside employment expressly agree that their personal financial records may be requested and reviewed/audited for potential conflict of interest (Government Code § 3308; Government Code § 1126). Prior to providing written approval for an outside employment position, the Department may request that an employee provide his/her personal financial records for review/audit in order to determine whether a conflict of interest exists. Failure of the employee to provide the requested personal financial records could result in denial of the off-duty work permit. If, after approving a request for an outside employment position, the Department becomes concerned that a conflict of interest exists based on a financial reason, the Department may request that the employee provide his/her personal financial records for review/audit. If the

Hayward Police Department

Hayward PD Policy Manual

Outside Employment

employee elects not to provide the requested records, his/her off-duty work permit may be revoked pursuant to the Revocation/Suspension of Outside Employment Permits section of this policy.

1024.5 CHANGES IN OUTSIDE EMPLOYMENT STATUS

If an employee terminates his or her outside employment during the period of a valid permit, the employee shall promptly submit written notification of such termination to the Chief of Police through channels. Any subsequent request for renewal or continued outside employment must thereafter be processed and approved through normal procedures set forth in this policy.

Employees shall also promptly submit in writing to the Chief of Police any material changes in outside employment including any change in the number of hours, type of duties, or demands of any approved outside employment. Employees who are uncertain whether a change in outside employment is material are advised to report the change.

1024.6 OUTSIDE EMPLOYMENT WHILE ON DISABILITY

Department members engaged in outside employment who are placed on disability leave or modified/light-duty shall inform their immediate supervisor in writing within five days whether or not they intend to continue to engage in such outside employment while on such leave or light-duty status. The immediate supervisor shall review the duties of the outside employment along with any related doctor's orders, and make a recommendation to the Chief of Police whether such outside employment should continue.

In the event the Chief of Police determines that the outside employment should be discontinued or if the employee fails to promptly notify his/her supervisor of his/her intentions regarding their work permit, a notice of revocation of the member's permit will be forwarded to the involved employee, and a copy attached to the original work permit.

Criteria for revoking the outside employment permit include, but are not limited to, the following:

- (a) The outside employment is medically detrimental to the total recovery of the disabled member, as indicated by the City's professional medical advisors.
- (b) The outside employment performed requires the same or similar physical ability, as would be required of an on-duty member.
- (c) The employee's failure to make timely notice of their intentions to their supervisor.

When the disabled member returns to full duty with the Hayward Police Department, a request (in writing) may be made to the Chief of Police to restore the permit.

This policy establishes procedures for providing temporary modified-duty assignments. This policy is not intended to affect the rights or benefits of employees under federal or state law, City rules, and current memorandums of understanding or collective bargaining agreements. For example, nothing in this policy affects the obligation of the Department to engage in a good faith, interactive process to consider reasonable accommodations for any employee with a temporary or permanent disability that is protected under federal or state law.

1032.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 22.3.2

1032.2 POLICY

Subject to operational considerations, the Hayward Police Department may identify temporary modified-duty assignments for employees who have an injury or medical condition resulting in temporary work limitations or restrictions. A temporary assignment allows the employee to work, while providing the Department with a productive employee during the temporary period.

1032.3 GENERAL CONSIDERATIONS

Priority consideration for temporary modified-duty assignments will be given to employees with work-related injuries or illnesses that are temporary in nature. Employees having disabilities covered under the Americans with Disabilities Act (ADA) or the California Fair Employment and Housing Act (Government Code § 12940 et seq.) shall be treated equally, without regard to any preference for a work-related injury.

No position in the Hayward Police Department shall be created or maintained as a temporary modified-duty assignment.

Temporary modified-duty assignments are a management prerogative and not an employee right. The availability of temporary modified-duty assignments will be determined on a case-by-case basis, consistent with the operational needs of the Department. Temporary modified-duty assignments are subject to continuous reassessment, with consideration given to operational needs and the employee's ability to perform in a modified-duty assignment.

The Chief of Police or the authorized designee may restrict employees working in temporary modified-duty assignments from wearing a uniform, displaying a badge, carrying a firearm, operating an emergency vehicle, engaging in outside employment, or being otherwise limited in employing their peace officer powers.

1032.4 PROCEDURE

Employees may request a temporary modified-duty assignment for short-term injuries or illnesses. Employees seeking a temporary modified-duty assignment should provide a signed City Medical Referral Form (MRF) from their health care provider describing the following:

Hayward Police Department

The Personnel and Training Manager will make a recommendation through the chain of command to the Chief of Police regarding temporary modified-duty assignments that may be available based on the needs of the Department and the limitations of the employee. The Chief of Police or the authorized designee shall confer with the Human Resources Department or the City Attorney as appropriate.

Requests for a temporary modified-duty assignment of 20 hours or less per week may be approved and facilitated by the Personnel and Training Manager, with notice to the Chief of Police.

1032.5 ACCOUNTABILITY

Written notification of assignments, work schedules and any restrictions should be provided to employees assigned to temporary modified-duty assignments and their supervisors. Those assignments and schedules may be adjusted to accommodate Department operations and the employee's medical appointments, as mutually agreed upon with the Personnel and Training Manager. Modified-duty assignments are intended to provide an employee with the ability to continue working within the limits of his/her restrictions and limitations on a temporary basis while providing the Department with a productive employee during the interim period. Modified-duty assignments shall last no longer than 90 days and then be re-evaluated for the continuation of the modified-duty assignment. Modified duty assignments shall not exceed one year from the original date of the modified duty assignment. The Department will in good faith engage in an interactive process to consider reasonable accommodations for any employee with a temporary or permanent disability.

The Department may require a fitness-for-duty examination prior to returning an employee to full-duty status, in accordance with the Fitness for Duty Policy.

1032.7 PREGNANCY

If an employee is temporarily unable to perform regular duties due to a pregnancy, childbirth, or a related medical condition, the employee will be treated the same as any other temporarily disabled employee (42 USC § 2000e(k)). A pregnant employee shall not be involuntarily transferred to a temporary modified-duty assignment. Nothing in this policy limits a pregnant employee's right to a temporary modified-duty assignment if required under Government Code § 12945.

1032.7.1 NOTIFICATION

Pregnant employees should notify their immediate supervisors as soon as practicable and provide a statement from their medical providers identifying any pregnancy-related job restrictions or limitations. Employee Speech, Expression and Social Networking

1033.1 PURPOSE AND SCOPE

This policy is intended to address issues associated with employee use of social networking sites and to provide guidelines for the regulation and balancing of employee speech and expression with the needs of the Department.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech or expression that is protected or privileged under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit an employee from speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or officer associations, about matters of public concern, such as misconduct or corruption.

Employees are encouraged to consult with their supervisor regarding any questions arising from the application or potential application of this policy.

1033.1.1 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards:

1033.1.2 APPLICABILITY

This policy applies to all forms of communication including, but not limited to, film, video, print media, public or private speech, use of all Internet services, including the World Wide Web, e-mail, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, video and other file-sharing sites.

1033.2 POLICY

Public employees occupy a trusted position in the community, and thus, their statements have the potential to contravene the policies and performance of this Department. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that employees of this Department be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the Hayward Police Department will carefully balance the individual employee's rights against the Department's needs and interests when exercising a reasonable degree of regulation of its employees' speech and expression.

1033.3 SAFETY

Employees should consider carefully the implications of their speech or any other form of expression when using the Internet. Speech and expression that may negatively affect the safety of the Hayward Police Department employees, such as posting personal information in a public forum, can result in compromising an employee's home address or family ties. Employees should therefore not disseminate or post any information on any forum or medium that could reasonably

- (d) Speech or expression of any form that could reasonably be foreseen as having a negative impact on the safety of the employees of the Department. For example, a statement on a blog that provides specific details as to how and when prisoner transportations are made could reasonably be foreseen as potentially jeopardizing employees by informing criminals of details that could facilitate an escape or attempted escape.
- (e) Speech or expression that is contrary to the canons of the Law Enforcement Code of Ethics as adopted by the Hayward Police Department.

However, employees may not use their official authority or influence to interfere with or affect the result of an election or a nomination for office. Employees are also prohibited from directly or indirectly using their official authority to coerce, command or advise another employee to pay, lend or contribute anything of value to a party, committee, organization, agency or person for political purposes (5 USC § 1502).

1033.5 PRIVACY EXPECTATION

Employees forfeit any expectation of privacy with regard to e-mails, texts, or anything published or maintained through file-sharing software or any internet site (e.g., Facebook) that is accessed, transmitted, received, or reviewed on any [department/office] technology system (see the Information Technology Use Policy for additional guidance).

The [Department/Office] shall not require an employee to disclose a personal user name or password for accessing personal social media or to open a personal social website; however, the [Department/Office] may request access when it is reasonably believed to be relevant to the investigation of allegations of work-related misconduct (Labor Code § 980).

1033.6 CONSIDERATIONS

In determining whether to grant authorization of any speech or conduct that is prohibited under this policy, the factors that the Chief of Police or authorized designee should consider include:

1037.1 PURPOSE AND SCOPE

The Hiring Incentive Referral Program (“HIRP”) provides compensation to Hayward Police Department (HPD) employees who refer individuals to HPD for employment as police officers. The purpose of the HIRP is to support the department’s efforts to fill new and vacant full-time, permanent, budgeted positions, and to build organizational awareness of recruitment needs to meet staffing and service demands.

N/A

1037.3 HIRP OUTLINE AND ELIGIBILITY

The HIRP program provides a total of \$2,000 or forty hours of compensation time (“comp-time”) to current departmental employees who refer non-City employees to HPD for employment as a Police Officer. Referring employees may receive incentive awards in cash or as comp-time but may not receive a combination of both.

ELIGIBILITY GUIDELINES

2. The new employee must be hired into a vacant full-time, permanently budgeted Police Officer position.
3. The new employee must have no prior work history with the City of Hayward.
4. The referring employee obtains full compensation from the program after the new Police Officer passes probation.
5. Written notification of the referral must be provided to the Personnel and Training Unit from the referring employee prior to a formal offer of employment to the new employee.
6. Only one HIRP award can be granted per new employee referral.

INELIGIBILITY GUIDELINES

1. A referring employee cannot be an individual who is part of the applicant's hiring process.
2. Departmental employees whose regular duties include recruitment and hiring processes are not eligible for the program.
