****IT IS THE SOLE RESPONSIBILITY OF THE PROPOSING FIRM TO ENSURE THAT PROPOSALS ARE RECEIVED PRIOR TO THE CLOSING DATE AND TIME AS LATE BIDS WILL NOT BE ACCEPTED.**

Background

1. About the City of Hayward

With a population currently estimated at 158,937, Hayward is the third largest city in Alameda County. The city area includes sixty-one square miles lying between the eastern shore of the San Francisco Bay and the southern Oakland-Berkeley Hills.

The mayor is directly elected to a four-year term of office and serves as a voting member and the presiding officer of the City Council. The City Council includes six other members, each of whom is elected at-large to overlapping four-year terms. The Mayor and City Council serve as the legislative and policy-making body of the City government and appoint a City Manager, a City Clerk, and a City Attorney. The City Manager is the City's chief executive officer and appoints all other City staff. The City Manager is responsible for the daily administration of the city government and provides overall direction to all City departments.

Hayward provides a full range of services to its residents including law enforcement; fire prevention and protection; paramedic services; housing and economic development; land use development services and regulations; community planning; libraries; street construction and maintenance; landscape maintenance services; transportation planning; and contracted curbside recycling and refuse collection. In addition, the City operates and maintains facilities for water distribution, storm water, and sanitary sewer collection and disposal. The City also operates a general aviation airport, downtown parking facilities, a main and branch library, and a civic center. Park and recreation services are provided through partnership with the regional Hayward Area Recreational District (HARD), headquartered in the City. Grounds and areas fully maintained by the City include City hall and Main Library grounds, Downtown on B Street, South Mission Blvd. Greenway, Medians on Jackson, Foothill, Mission, Harder, Tennyson, Industrial Pkwy, Hesperian, A Street, D Street, Winton, Orchard Roundabout.

Project Overview

NOTE: ONE TIME HEAVY CLEANUP NEEDED AS FOLLOWS FOR EACH FIRE STATION # 1,2,4,5,9 TO GET UNDER CONTROL FOR MAINTENANCE

One Time Cleanup please quote separately

1 - BACK OF BUILDING PARKING AREA BEFORE CST GATE RIGHT SIDE AROUND AND BEHIND SHRUBS AS WELL AS BEHIND GARBAGE BIN INCL

2 – HEAVY TRIMMING OF OVERGROWN SHRUBS / BIRCH TREE AND REMOVAL OF DEAD ONE IN FRONT OF STATION WITH TRIMMING OF LARGE AND LONG IVY FENCE IN BACK OF STATION

4 – HEAVY TRIMMING OF SHRUBS IN PLANTER STRIP IN FRONT AND SIDE OF STATION ON LOYOLA AND PANAMA AS WELL AS IN FRONT OF STATION BY BUILDING AND SIDE BY FENCE

5 – FRONT OF BUILDING BY FLAG POLES WITH TRIMMING OF VERY LARGE SHRUB TO RIGHT SIDE OF DRIVEWAY ON HAYWARD BLVD

9 – SEVERE AND HEAVY OVERGROWN IVY / SHRUBS WEEDS / TREE SUCKER GROWTH AND GARBAGE ALL AROUND PROPERTY

--	--	--

2. Proposed Scope of Services

The following is a list of services to be provided by the contractor:

The Contractor shall be responsible for complete maintenance of the irrigation system, including piping, wiring, irrigation heads, automatic valves, automatic controllers, batteries and other irrigation improvements. All irrigation parts and materials which are damaged or broken by the Contractor's negligence or misuse shall be repaired or replaced by the Contractor at their own expense.

The Contractor as part of the maintenance shall inspect the irrigation system weekly. It is the Contractor's responsibility to ensure that the system is operating correctly and that there is adequate coverage. The Contractor is expected to thoroughly inspect and operate all components of the system at least once weekly and make **minor** repairs as needed. At the Manager's discretion, the Contractor may be required to provide 24-hour advance notice of scheduled irrigation maintenance.

Minor Repairs: Repair and maintain the irrigation system from lateral tees or elbow to sprinkler heads or emitters to include Replacement of damaged or malfunctioning heads, broken risers, damaged drip tubing or emitters, or other related parts of the irrigation system above the connection to the lateral line. It is the contractor's responsibility to identify the cause of the damage.

Major repairs: Major repairs to the irrigation system such as main line repairs, valves, pumps, electrical troubleshooting, and repair, etc. Will be considered extra work provided with advanced approval of the landscape manager or designee on a time and material basis as at the rate specified by the contractor in the RFQ bid sheet. There shall be no major irrigation repair undertaken until a quote has been provided and approval has been issued by landscape manager or designee. Report all major repair and irrigation issues immediately to landscape manager or designee and quote for repairs.

All irrigation heads shall be kept cleaned and adjusted to maximize coverage and minimize overspray onto the roadway. Adjustments shall include raising or lowering spray heads to avoid obstructions to the flow of water, repositioning drip emitters, adjusting flow of valves and heads, etc.

Contractor shall complete and send quarterly maintenance report attachment B to Jason.livermore@hayward-ca.gov and MSDLandscape@hayward-ca.gov

* Please note that specified areas include sleep grade, various terrain and will require handwork.

City of hayward Landscape Division is issuing RFQ for Hayward Fire Department. Hayward Fire Department Will Issue, fund, and coordinate maintenance after results of bid are sent. Vendors point of contact for payment and maintenance questions will be Jason.livermore@hayward-ca.gov

3. Desired Qualifications

Proposal Format

To ensure the fair and accurate consideration of all submissions, proposals must contain the following information.

1. Cover Letter

The cover letter should be on company letterhead and include the following:

- i. Company name, address, phone and fax numbers.
- ii. Designation of primary contact within the company who is authorized to answer questions regarding the assigned work, including their name, contact phone number and e-mail.
- iii. Signature of an officer of the prime contractor. In case of joint venture or other joint-prime relationship, an officer of each venture partner shall sign.

2. Contact & Customer Service

Please describe all support services available from your company/business, specifically addressing the following issues:

- i. Normal hours of availability
- ii. Quality assurance program(s)
- iii. Guaranteed response time
- iv. Other support services

3. Reference and Experience

A list of three (3) references of current or past contracts for which the Contractor has performed or is performing work of similar type, scope, and complexity within the past five years. This list shall include the names, addresses, email addresses, and phone numbers of the contracting party as well as a description of services performed and the dollar amount of the contract. Upon further consideration of the Proposal, the City may request additional vendors.

4. Capacity to Perform the Work

Describe other major work commitments and/or capacity to perform the requested services. Projects completed within the past three years, particularly in Alameda, Contra Costa, Santa Clara or San Mateo Counties, are of particular interest.

5. Project Scope & Approach

Provide a detailed plan for providing the services as described in Exhibit A.

6. Prices

Prices for provision of services that are "all-inclusive" of all costs, including but not limited to supervision, equipment, overhead-profit and all required insurances as specified in this document.

7. Insurance

The proposal will include confirmation that the consultant has insurance for Commercial General Liability, Automobile Liability, Workers' Compensation and Employer's Liability, and Professional Liability, and provide the policy limits where applicable. Selected vendor will be required to sign a Professional Services Agreement.

8. Current City Business License

The contractor selected for this project shall obtain or provide proof of having a valid City of Hayward business license.

9. Required Forms

Attach the following required forms:

- i. Cover Letter
- ii. Proposal
- iii. Contactor Agreement
 - 1) Exhibit A. Scope of Work
 - 2) Exhibit B. Insurance
 - 3) Exhibit C. Certifications

Selection Process and Criteria

The City of Hayward will not award a contract based solely on price. The award will be in the best interest of the City and will be to a firm or firms whose overall proposal is rated as being in the City's best interest.

Factors to be considered in the selection process include:

1. Quality & thoroughness of the proposal;
2. Experience and past performance in completing projects of a similar type, size and complexity;
3. A reasonable timeline based on general conditions and project objectives;
4. Demonstrated capacity to deliver high-quality work within a preset timeline and budget;
5. The quality of example materials and any presentation requested by involved city officials;
6. Cost & budget proposal;
7. References; and
8. Any other considerations deemed pertinent by the City.

1. Selection Process

A review committee will evaluate all responses to the RFQ that meet the submittal requirements and deadline. Submittals that do not meet the requirement or deadline will not be considered. The review committee will rank the proposals and then may arrange for on-site interviews with staff if necessary.

The City reserves the right to request additional information or materials from bidding parties if necessary to determine the winning proposal.

Likewise, the City reserves the right to accept or reject any or all proposals, or to alter the selection process in any way, to postpone the selection process for its own convenience at any time, and to waive any informality in the proposals. The City of Hayward retains the right at its sole discretion to select a contractor.

All proposals submitted in response to this RFQ become the property of the City and public records and, as such, may be subject to public review.

The City reserves the right to cancel or revise any section of this RFQ prior to the date proposals are due including, but not limited to: selection procedures, submittal date, and submittal requirements. If the City cancels or revises the RFQ, all interested firms will be notified. The City also reserves the right to extend the date by which proposals are due.

NOTE: The City will not pay costs incurred by the proposer during this process. All costs shall be borne by the proposer.

2. Discretion and Liability Waiver

The City reserves the right to exercise discretion and apply its judgment with respect to any qualifications submitted.

The City reserves the right to reject any or all submittals, either in part or in their entirety, or to request and obtain, from one or more of the businesses submitting, supplementary information as may be necessary for City staff to analyze the qualifications pursuant to the contractor/consultant selection criteria contained herein.

The City may require contractors/consultants to participate in additional rounds of discussions, negotiations, or more refined submittals before the ultimate selection of a contractor/consultant is made. These rounds could encompass revisions of the submittal criteria in response to the nature and scope of the initial qualifications.
